You must not rely on any information or representations not contained in this prospectus as if we had authorized it. This prospectus does not offer to sell or solicit any offer to buy any securities other than the registered notes to which it relates, nor does it offer to buy any of these notes in any jurisdiction to any person to whom it is unlawful to make such offer or solicitation in such jurisdiction.

The information contained in this prospectus is current only as of the date on the cover page of this prospectus, and may change after that date. We do not imply that there has been no change in the information contained in this prospectus or in our affairs since that date by delivering this prospectus.

This prospectus incorporates important business and financial information about us that is not included in or delivered with this prospectus. This information is available without charge to you upon written or oral request. If you would like a copy of any of this information, please submit your request to HEALTHSOUTH Corporation, One HealthSouth Parkway, Birmingham, Alabama 35243, Attention: Legal Department, or call (205) 967-7116, and ask to speak to someone in our Legal Department. In addition, to obtain timely delivery of any information you request, you must submit your request no later than , 2002, which is five business days before the date the exchange offer expires.

WHERE YOU CAN FIND MORE INFORMATION

We are subject to the informational requirements of the Securities Exchange Act of 1934 (SEC File No. 1-10315), and file reports, proxy statements and other information with the SEC. These reports, proxy statements and other information may be inspected and copied at the Public Reference Room maintained by the SEC at Judiciary Plaza, 450 Fifth Street, N.W., Washington, D.C. 20549. Information regarding the operation of the Public Reference Room may be obtained by calling the SEC at 1-800-SEC-0330. The SEC also maintains a World Wide Web site that contains reports, proxy and information statements and other information regarding registrants (including us) that file electronically with the SEC (at <http://www.sec.gov>). Our common stock is listed on the New York Stock Exchange.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Reports, proxy statements and other information relating to us can be inspected at the offices of the New York Stock Exchange, 20 Broad Street, New York, New York 10005.

Some of the documents we have filed with the SEC have been incorporated in this prospectus by reference. See "Incorporation by Reference of Some of the Documents Filed by Us with the SEC". Statements contained herein concerning the provisions of any document do not purport to be complete and, in each instance, are qualified in all respects by reference to the copy of such document filed with the SEC. Each such statement is subject to and qualified in its entirety by such reference.

1

INCORPORATION BY REFERENCE OF SOME OF THE DOCUMENTS FILED BY US WITH THE SEC

There are hereby incorporated by reference in this prospectus the following documents previously filed or to be filed by us with the SEC pursuant to the Exchange Act (SEC File No. 1-10315):

1. Our Annual Report on Form 10-K for the fiscal year ended December 31, 2001.
2. Our Quarterly Reports on Form 10-Q for the periods ended March 31, 2002 and June 30, 2002.
3. Our Proxy Statement on Schedule 14A filed April 12, 2002, in connection with our 2002 Annual Meeting of Stockholders.
4. Our Current Report on Form 8-K filed May 28, 2002.

All documents we file pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act after the date of this prospectus and before the termination of the exchange offer, other than any portion of a Current Report on Form 8-K reporting information under Item 9 (and any related exhibits), shall be deemed to be incorporated by reference in this prospectus and to be made a part hereof from the date of the filing of such documents. Any statement contained herein or in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded for the purpose of this prospectus to the extent that a statement contained herein (with respect to a previously filed document) or in any other subsequently filed document which also is or is deemed to be incorporated by reference herein modifies or supersedes such statement. Any such statements so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this prospectus.

FORWARD-LOOKING INFORMATION

Some of the matters discussed in this prospectus or in the information incorporated by reference herein may constitute forward-looking statements. Some of these forward-looking statements can be identified by the use of forward-looking terminology such as "believes", "expects", "may", "will", "should", "seeks", "approximately", "intends", "plans", "estimates" or "anticipates" or the negative thereof or other comparable terminology, or by discussions of strategy, plans or intentions. Statements contained in this prospectus which are not historical facts are forward-looking statements. Without limiting the generality of the preceding statement, all statements in this prospectus concerning or relating to estimated and projected earnings, margins, costs, expenditures, cash flows, growth rates and financial results are

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

forward-looking statements. In addition, we, through our senior management, from time to time make forward-looking public statements concerning our expected future operations and performance and other developments. These forward-looking statements are necessarily estimates which we believe are reasonable based upon current information, involve a number of risks and uncertainties and are made pursuant to the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. There can be no assurance that our actual results will not differ materially from the results anticipated in such forward-looking statements. While it is impossible to identify all such factors, factors which could cause actual results to differ materially from those estimated by us include, but are not limited to, those factors identified under "Risk Factors" beginning on page 9 and other factors which may be identified from time to time in our SEC filings and other public announcements.

2

SUMMARY OF PROSPECTUS

This summary highlights information contained elsewhere in this prospectus. It is not complete and may not contain all the information that you should consider before tendering your Private Notes in the exchange offer. You should read the entire prospectus carefully, including the "Risk Factors" section beginning on page 9 and the documents incorporated by reference in this prospectus. As used in this prospectus: (1) the terms "HEALTHSOUTH", "Company", "we", "our" and "us" refer to HEALTHSOUTH Corporation and, in some cases, its subsidiaries; (2) the term "Private Notes" refers to our 7 5/8% senior notes due 2012 which were issued in a transaction exempt from registration under the Securities Act; (3) the term "Exchange Notes" refers to our 7 5/8% senior notes due 2012 which have been registered under the Securities Act pursuant to a registration statement of which this prospectus is a part; (4) the term "Notes" refers to the Private Notes and the Exchange Notes, collectively; and (5) the term "EBITDA" refers to income from continuing operations before depreciation and amortization, net interest expense, impairment of long-lived assets, minority interests in earnings of consolidated entities and income taxes and excludes unusual and nonrecurring expenses. EBITDA is commonly used as an analytical indicator within the healthcare industry, and also serves as a measure of leverage capacity and debt service ability. EBITDA should not be considered as a measure of financial performance under generally accepted accounting principles, and the items excluded from EBITDA are significant components in understanding and assessing financial performance. EBITDA should not be considered in isolation or as an alternative to net income, cash flows generated by operating, investing or financing activities or other financial statement data presented in our consolidated financial statements as an indicator of financial performance or liquidity. Because EBITDA is not a measurement determined in accordance with generally accepted accounting principles and is thus susceptible to varying calculations, EBITDA as presented may not be comparable to other similarly titled measures of other companies.

THE COMPANY

We are the largest provider of outpatient surgery, outpatient diagnostic and rehabilitative healthcare services in the United States, with a national network of approximately 1,900 locations in all 50 states, Puerto Rico, the United Kingdom, Canada and Australia. We believe that we provide patients, physicians and payors with high-quality healthcare services on a more cost-effective basis than traditional acute-care hospitals. We provide these services through our national network of modern, well-maintained healthcare facilities. We enjoy a relatively favorable payor mix compared to other publicly traded healthcare companies, in that most of our revenues (approximately 66.3% for the year ended December 31, 2001) are derived from non-governmental sources.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

For the year ended December 31, 2001, we had revenues of \$4,380,477,000 and EBITDA of \$1,218,905,000. For the six months ended June 30, 2002, we had revenues of \$2,293,458,000 and EBITDA of \$726,388,000.

We were incorporated under the laws of the State of Delaware in 1984. Our principal executive offices are located at One HealthSouth Parkway, Birmingham, Alabama 35243, and our telephone number is (205) 967-7116.

THE EXCHANGE OFFER

The Exchange Offer We are offering to exchange our Exchange Notes for outstanding Private Notes that are properly tendered and accepted. You may tender outstanding Private Notes in denominations of \$1,000 and multiples of \$1,000. We will issue the Exchange Notes on or promptly after the expiration date of the exchange offer. As of the date of this prospectus, \$998,000,000 aggregate principal amount of the Private Notes is outstanding.

Expiration Date The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2002, unless extended, in which case the expiration date will mean the latest date at which we extend the exchange offer.

Conditions to the Exchange Offer The exchange offer is not subject to conditions other than that:
o it shall not violate applicable law or any applicable interpretation of the staff of the SEC;
o no action or proceeding shall have been instituted or threatened in any court or by any governmental agency which might materially impair our ability to proceed with the exchange offer, and no material adverse development shall have occurred in any existing action or proceeding with respect to us; and
o all governmental approvals deemed necessary by us for the completion of the exchange offer shall have been obtained.

The exchange offer is not conditioned upon any minimum principal amount of Private Notes being tendered for exchange.

Procedures for Tendering Private Notes If you wish to tender your Private Notes for Exchange Notes pursuant to the exchange offer, you must transmit them to The Bank of Nova Scotia Trust Company of New York, as exchange agent, on or before the expiration date, either:

o a computer-generated message transmitted through The Depository Trust Company's Automated Tender Offer Program and received by the exchange agent and forming a part of a confirmation of book-entry transaction in which you acknowledge and agree to be bound by the terms of the exchange offer.

the terms of the letter of transmittal; or

- o a properly completed and duly executed letter of transmittal, which accompanies this prospectus, or a facsimile of the letter of transmittal, together with Private Notes and any other required documentation to the exchange agent at its address listed in this prospectus and on the front cover of the letter of transmittal.

4

If you cannot satisfy either of these procedures on a timely basis, then you should comply with the guaranteed delivery procedures described below. By executing the letter of transmittal, you will make the representations to us described under "The Exchange Offer-Procedures for Tendering".

Special Procedures for Beneficial Owners

If you are a beneficial owner whose Private Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your Private Notes in the exchange offer, you should contact the registered holder promptly and instruct the registered holder to tender on your behalf. If you wish to tender on your own behalf, before completing and executing the letter of transmittal and delivering your Private Notes, you must either:

- o make appropriate arrangements to register ownership of the Private Notes in your name; or
- o obtain a properly completed bond power from the registered holder.

Guaranteed Delivery Procedures

If you wish to tender your Private Notes and time will not permit the documents required by the letter of transmittal to reach the exchange agent before the expiration date, the procedure for book-entry transfer cannot be completed on a timely basis, you must tender your Private Notes according to the guaranteed delivery procedures described in this prospectus under "The Exchange Offer-Guaranteed Delivery Procedures".

Acceptance of Private Notes and Delivery of Exchange Notes

Subject to the satisfaction or waiver of the conditions of the exchange offer, we will accept for exchange any and all Private Notes which are validly tendered in the exchange offer and not withdrawn before 5:00 p.m., New York City time, on the expiration date.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Withdrawal Rights You may withdraw the tender of your Private Notes at any time before 5:00 p.m., New York City time, on the expiration date, by complying with the procedures for withdrawal described in this prospectus under "The Exchange Offer-Withdrawal of Tenders".

Material U.S. Federal Income Tax
Consequences The exchange of Private Notes for Exchange Notes will not be a taxable event for United States federal income tax purposes. For a discussion of the material federal income tax considerations generally applicable to the exchange offer that are relevant to holders of Private Notes, see "Material U.S. Federal Income Tax Consequences of the Exchange".

5

Exchange Agent The Bank of Nova Scotia Trust Company of New York, the trustee under the indenture governing the Private Notes and the Exchange Notes, is serving as the exchange agent.

Consequence of Failure to
Exchange Notes If you do not exchange your Private Notes for Exchange Notes, you will continue to be subject to the restriction on transfer provided for in the Private Notes and in the indenture governing the Private Notes. In general, the Private Notes may not be offered or sold, unless registered under the Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. We do not currently plan to register the Private Notes under the Securities Act.

Registration Rights Agreement The registration rights agreement by and among us and the initial purchasers of the Private Notes entitles you to exchange your Private Notes for Exchange Notes with substantially identical terms. The exchange offer satisfies this right. After the exchange offer is completed, you will no longer be entitled to any exchange or registration rights with respect to your Private Notes. However, under the circumstances described in the registration rights agreement, you may require us to file a shelf registration statement under the Securities Act.

We explain the exchange offer in greater detail beginning on page 13.

THE EXCHANGE NOTES

The form and terms of the Exchange Notes are the same in all material respects as the form and terms of the Private Notes, except that the Exchange Notes will have been registered under the Securities Act and, therefore, the Exchange Notes will not be subject to the transfer restrictions, registration rights or provisions providing for an increase in the interest rate applicable to the Private Notes. The Exchange Notes will evidence the same debt as the Private Notes, and both the Private Notes and the Exchange Notes are governed by the same indenture.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Securities Offered Up to \$998,000,000 aggregate principal amount of our 7 5/8% senior notes due 2012.

Issuer HEALTHSOUTH Corporation.

Maturity Date June 1, 2012.

Interest Interest on the Exchange Notes will accrue from May 22, 2002 at the per annum rate of 7 5/8%, payable semi-annually in arrears on June 1 and December 1 of each year, commencing December 1, 2002. The payment of interest on Exchange Notes will be in lieu of payment of any accrued but unpaid interest on Private Notes tendered for exchange.

6

Optional Redemption We may redeem the Exchange Notes, in whole or in part, at any time at a redemption price equal to the principal amount thereof plus a make-whole premium described in this prospectus and accrued interest.

For more details, see "Description of Exchange Notes-Optional Redemption of the Notes".

Ranking The Exchange Notes:

- o are part of our general unsecured obligations;
- o will rank equally in right of payment with all of our existing and future senior unsecured obligations;
- o will rank senior to all of our existing and future subordinated indebtedness; and
- o will be effectively subordinated to all existing and future liabilities of our subsidiaries.

Future Guaranties None of our subsidiaries are required to guarantee the Exchange Notes.

Change of Control If we go through a Change of Control at any time before the Exchange Notes receive an investment grade rating from both Standard & Poor's Ratings Service (at least BBB-) and Moody's Investors Service, Inc. (at least Baa3) and certain other conditions are satisfied (the "Fall-Away Event"), you as a holder of the Exchange Notes have the right to require that we purchase your Exchange Notes, in whole or in part, at a purchase price in

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

cash in an amount equal to 101% of their principal amount, plus accrued interest to the date of purchase.

For more details, see "Risk Factors-You Should Take Into Account Certain Considerations" and "Description of Exchange Notes-Change of Control".

The term "Change of Control" is defined on page 41.

Certain Covenants The indenture contains covenants that, before the occurrence of the Fall-Away Event, limit our ability and the ability of our subsidiaries to:

- o incur additional indebtedness and issue preferred stock;
- o make restricted payments, including dividends, other distributions and investments;
- o in the case of our subsidiaries, create or permit to exist dividend or payment restrictions with respect to us;

7

- o engage in transactions with our affiliates; and
- o sell assets and subsidiary stock.

After the occurrence of the Fall-Away Event, the above limitations will not apply to the Exchange Notes.

The Indenture also contains covenants that, among other things, limit, before and after the occurrence of the Fall-Away Event, our ability and the ability of our subsidiaries to:

- o incur or permit to exist certain liens;
- o enter into sale and leaseback transactions; and
- o sell all or substantially all of our assets or merge with or into other companies.

The Indenture also, among other things, requires us to provide reports to holders of the Exchange Notes.

For more details, see "Description of Exchange Notes".

Use of Proceeds We will not receive any cash proceeds from the exchange offer.

We explain the Exchange Notes in greater detail beginning on page 24.

RISK FACTORS

Our business, operations and financial condition are subject to various risks. Some of these risks are described below, and you should take these risks into account in evaluating us or any investment decision involving us or in deciding whether to tender your Private Notes in the exchange offer. This section does not describe all risks applicable to us, our industry or our business, and it is intended only as a summary of certain material factors. You should also consider information included elsewhere or incorporated by reference in this prospectus.

YOU MUST FOLLOW CERTAIN PROCEDURES TO TENDER YOUR PRIVATE NOTES

The Exchange Notes will be issued in exchange for Private Notes only after timely receipt by the exchange agent of the Private Notes, a properly completed and duly executed letter of transmittal and all other required documents. Therefore, if you desire to tender your Private Notes in exchange for Exchange Notes, you should allow sufficient time to ensure timely delivery. Your failure to follow these procedures may result in a delay in receiving Exchange Notes on a timely basis or in your loss of the right to receive Exchange Notes. Neither we nor the exchange agent is under any duty to give notification of defects or irregularities with respect to tenders of Private Notes for exchange. If you tender Private Notes in the exchange offer for the purpose of participating in a distribution of the Exchange Notes, you will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. Each broker-dealer that receives Exchange Notes for its own account in exchange for Private Notes, where the Private Notes were acquired by the broker-dealer as a result of market-making activities or any other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the Exchange Notes. See "The Exchange Offer-Procedures for Tendering" and "Plan of Distribution".

YOU WILL BE SUBJECT TO TRANSFER RESTRICTIONS IF YOU FAIL TO EXCHANGE YOUR PRIVATE NOTES

If you do not exchange your Private Notes for Exchange Notes pursuant to the exchange offer, you will continue to be subject to the restrictions on transfer of the Private Notes as set forth in the legend on the Private Notes and you will not be entitled to an increased interest rate on the Private Notes. In general, the Private Notes may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. We do not currently intend to register the Private Notes under the Securities Act. To the extent that Private Notes are tendered and accepted in the exchange offer, the trading market for untendered and tendered but unaccepted Private Notes could be adversely affected. In addition, if a large amount of Private Notes are not tendered or are tendered but not accepted, the limited amount of Exchange Notes that would be issued and outstanding after we consummate the exchange offer could lower the price of the Exchange Notes.

A PUBLIC MARKET FOR THE EXCHANGE NOTES MAY NOT DEVELOP

There can be no assurance that a public market for the Exchange Notes will develop or, if such a market develops, as to the liquidity of the market. If a market were to develop, the Exchange Notes could trade at prices that may be higher or lower than their principal amount. We do not intend to apply for listing of the Exchange Notes on any securities exchange or for quotation of the Exchange Notes on any automated quotation system. The initial purchasers of the

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Private Notes have previously made a market in the Private Notes, and we have been advised that the initial purchasers currently intend to make a market in the Exchange Notes, as permitted by applicable laws and regulations, after consummation of the exchange offer. The initial purchasers are not obligated, however, to make a market in the Private Notes or the Exchange Notes, and any market-making activity may be discontinued at any time without notice at the sole discretion of the initial purchasers. If an active public market does not develop or continue, the market price and liquidity of the Exchange Notes may be adversely affected.

WE DEPEND UPON REIMBURSEMENT BY THIRD-PARTY PAYORS

Substantially all of our revenues are derived from private and governmental third-party payors. In 2001, approximately 31.1% of our revenues were derived from Medicare, approximately 2.6% from Medicaid and approximately 66.3% from commercial insurers, managed care plans, workers'

9

compensation payors and other private pay revenue sources. There are increasing pressures from many payors to control healthcare costs and to reduce or limit increases in reimbursement rates for medical services. In the recent past, we have experienced a decrease in revenues primarily attributable to declines in government reimbursement as a result of the Balanced Budget Act of 1997. There can be no assurance that payments from government or private payors will remain at levels comparable to present levels. In attempts to limit federal spending, there have been, and we expect that there will continue to be, a number of proposals to limit Medicare reimbursement for various services. We cannot now predict whether any of these pending proposals will be adopted or what effect the adoption of such proposals would have on our business.

Further, Medicare reimbursement for inpatient rehabilitation services is changing from a cost-based reimbursement system to a prospective payment system ("PPS"), with the phase-in of the PPS having begun January 1, 2002. While we believe we are well-positioned and well-prepared for the transition, we cannot be certain what effect the implementation of inpatient rehabilitation PPS will have on us. In addition, future changes in PPS reimbursement rates or our failure to successfully execute our response to this change could have a material adverse effect on our financial condition or results of operations.

OUR OPERATIONS ARE SUBJECT TO EXTENSIVE REGULATION

Our operations are subject to various other types of regulation by federal and state governments, including licensure and certification laws, Certificate of Need laws and laws relating to financial relationships among providers of healthcare services, Medicare fraud and abuse and physician self-referral.

The operation of our facilities and the provision of healthcare services are subject to federal, state and local licensure and certification laws. These facilities and services are subject to periodic inspection by governmental and other authorities to ensure compliance with the various standards established for continued licensure under state law, certification under the Medicare and Medicaid programs and participation in other government programs. Additionally, in many states, Certificates of Need or other similar approvals are required for expansion of our operations. We could be adversely affected if we cannot obtain such approvals, by changes in the standards applicable to approvals and by possible delays and expenses associated with obtaining approvals. Our failure to obtain, retain or renew any required regulatory approvals, licenses or certificates could prevent us from being reimbursed for our services or from

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

offering some of our services, or could materially adversely affect our results of operations.

Our business is subject to extensive federal and state regulation with respect to financial relationships among healthcare providers, physician self-referral arrangements and other fraud and abuse issues. Penalties for violation of federal and state laws and regulations include exclusion from participation in the Medicare and Medicaid programs, asset forfeiture, civil penalties and criminal penalties, any of which could have a material adverse effect on our business, results of operations or financial condition. The Office of Inspector General of the Department of Health and Human Services, the Department of Justice and other federal agencies interpret healthcare fraud and abuse provisions liberally and enforce them aggressively. In 2001, we settled certain litigation involving alleged violations of Medicare regulations, and we remain subject to other such litigation. See "Business -- Regulation" and "Legal Proceedings" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2001, "Legal Proceedings" in our Quarterly Reports on Form 10-Q for the periods ended March 31, 2002 and June 30, 2002, and our Current Report on Form 8-K filed May 28, 2002.

HEALTHCARE REFORM LEGISLATION MAY AFFECT OUR BUSINESS

In recent years, many legislative proposals have been introduced or proposed in Congress and in some state legislatures that would effect major changes in the healthcare system, either nationally or at the state level. Among the proposals which are currently being, or which recently have been, considered are cost controls on hospitals, insurance market reforms to increase the availability of group health insurance to small businesses, requirements that all businesses offer health insurance coverage to their employees and the creation of a single government health insurance plan that would cover all citizens. The costs of certain proposals would be funded in significant part by reductions in payment by

10

governmental programs, including Medicare and Medicaid, to healthcare providers. There continue to be federal and state proposals that would, and actions that do, impose more limitations on government and private payments to healthcare providers such as us and proposals to increase copayments and deductibles from patients. At the federal level, Congress has continued to propose or consider healthcare budgets that substantially reduce payments under the Medicare and Medicaid programs. In addition, many states are considering the enactment of initiatives designed to reduce their Medicaid expenditures, to provide universal coverage or additional levels of care and/or to impose additional taxes on healthcare providers to help finance or expand the states' Medicaid systems. There can be no assurance as to the ultimate content, timing or effect of any healthcare reform legislation, nor is it possible at this time to estimate the impact of potential legislation on us. That impact may be material to our financial condition or our results of operations.

WE FACE NATIONAL, REGIONAL AND LOCAL COMPETITION

We operate in a highly competitive industry. Although we are the largest provider of outpatient surgery, outpatient diagnostic and rehabilitative healthcare services in the United States, in any particular market we may encounter competition from local or national entities with longer operating histories or other superior competitive advantages. There can be no assurance that this competition, or other competition which we may encounter in the future, will not adversely affect our business, financial condition or our results of operations.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

OUR RESULTS OF OPERATIONS MAY BE AFFECTED BY FUTURE INCREASES IN TECHNOLOGY, PERSONNEL AND OTHER COSTS

Changes in medical technology, the labor market for nurses and other clinical personnel and changes imposed by the requirements of payor contracts and government reimbursement programs may require significant investments in facilities, equipment, personnel and services. Although we believe that cash generated from operations, amounts available under our bank credit facilities and our ability to access capital markets will be sufficient to allow us to make such investments, we cannot assure you that we will be able to obtain the funds necessary to make such investments.

WE ARE SUBJECT TO MATERIAL LITIGATION

We are, and may in the future be, subject to litigation which, if determined adversely to us, could have a material adverse effect on our business, financial condition or results of operations. In addition, some of the companies and businesses we have acquired have been subject to similar litigation. There can be no assurance that pending or future litigation, whether or not described in this prospectus, will not have such a material adverse effect. See "Legal Proceedings" in each of our Annual Report on Form 10-K for the fiscal year ended December 31, 2001 and our Quarterly Reports on Form 10-Q for the periods ended March 31, 2002 and June 30, 2002, as well as our Current Report on Form 8-K filed May 28, 2002.

YOU SHOULD TAKE INTO ACCOUNT CERTAIN CONSIDERATIONS

Amount of Leverage; Structural Subordination

As of June 30, 2002, we had approximately \$3,479,525,000 of outstanding indebtedness (including the current portion of long-term debt and excluding obligations to trade creditors) and approximately \$3,933,206,000 of stockholders' equity. Outstanding indebtedness was approximately 46.9% of our total capitalization (including the current portion of long-term debt), which was approximately \$7,412,731,000 (including the current portion of long-term debt). Approximately \$2,475,000,000 of such total indebtedness (including the Exchange Notes) consisted of senior unsecured obligations ranking pari passu in right of payment. See "Capitalization". The Exchange Notes will be effectively subordinated to all existing and future liabilities of our subsidiaries. A substantial portion of our operations are conducted through these subsidiaries.

11

Restrictive Covenants

Our \$1,250,000,000 revolving credit facility with JPMorgan Chase Bank and other participating banks contains various covenants that limit our ability to engage in certain transactions. Those covenants, among other things:

- o limit our and our subsidiaries' ability to borrow and to place liens on our and their assets;
- o limit our and our subsidiaries' investments and the sale of all or substantially all of our and their assets;
- o limit our and our subsidiaries' ability to enter into consolidations or mergers or to acquire other entities; and

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

- o require us to comply with coverage ratio tests.

The indentures governing our debt securities, including the Exchange Notes at any time before the occurrence of the Fall-Away Event, include covenants of a similar nature. Our failure to comply with any of these covenants could result in an event of default under our indebtedness, including the Exchange Notes. That in turn could cause an event of default to occur under all or substantially all of our other then-outstanding indebtedness. See "Description of Exchange Notes -- Certain Covenants of the Company Before the Fall-Away Event".

Our Ability to Repurchase the Exchange Notes Upon a Change of Control May Be Limited

In the event of a Change of Control (as defined on page 41) at any time before the occurrence of the Fall-Away Event, you as a holder of Exchange Notes will have the right, at your option, to require us to repurchase all or a portion of the Exchange Notes you hold at a purchase price equal to 101% of the aggregate principal amount of your Exchange Notes plus accrued interest thereon to the repurchase date. See "Description of Exchange Notes -- Change of Control". Our ability to repurchase the Exchange Notes upon a Change of Control will be dependent on the availability of sufficient funds and our ability to comply with applicable securities laws. Accordingly, there can be no assurance that we will be in a position to repurchase the Exchange Notes upon a Change of Control. The term "Change of Control" is limited to certain specified transactions and may not include other events that might adversely affect our financial condition or result in a downgrade of the credit rating (if any) of the Exchange Notes, nor would the requirement that we offer to repurchase the Exchange Notes upon a Change of Control necessarily afford you as a holder of Exchange Notes protection in the event of a highly leveraged reorganization.

Holders of Our Debentures Have a Repurchase Right in Certain Circumstances In Which You as a Holder of Exchange Notes Do Not

In March 1998, we issued \$567,750,000 of 3.25% Convertible Subordinated Debentures due 2003 (the "Debentures"). In general, the Debentures are subordinated to the Exchange Notes. However, the holders of the Debentures have a right to require us to repurchase the Debentures at a price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, in the event that our common stock is neither listed for trading on a United States national securities exchange nor approved for trading on an established automated over-the-counter trading market in the United States. The Exchange Notes do not have similar repurchase rights. Therefore, in the event that our common stock were not listed for trading as described above, the holders of the Debentures might be able to exercise a right to require repurchase of the Debentures by us ahead of you as a holder of Exchange Notes, even though the Debentures are subordinate to the Exchange Notes. Our common stock has been listed for trading on the New York Stock Exchange since 1989, and we anticipate that this will continue to be the case.

12

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our consolidated ratio of earnings to fixed charges for the periods shown.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

	YEAR ENDED DECEMBER 31,			
	1997	1998	1999	2000
Ratio of earnings to fixed charges	4.7x	2.2x	1.9x	2.8x

The ratio of earnings to fixed charges was calculated by dividing (i) earnings before minority interests, income taxes, cumulative effect of accounting change and fixed charges by (ii) fixed charges, which consist of interest expense incurred, including amortization of debt expense and discount, and the portion of rental expense under operating leases estimated to be representative of the interest factor.

THE EXCHANGE OFFER

PURPOSE OF THE EXCHANGE OFFER

We issued the Private Notes in the original aggregate principal amount of \$1,000,000,000 on May 22, 2002, to UBS Warburg LLC, Deutsche Bank Securities Inc., Banc of America Securities LLC, Scotia Capital (USA) Inc., First Union Securities, Inc., J.P. Morgan Securities Inc., Fleet Securities, Inc., Salomon Smith Barney Inc., NatCity Investments, Inc. and Jefferies & Company, Inc., the initial purchasers, pursuant to a purchase agreement. The initial purchasers subsequently sold the Private Notes to persons whom they reasonably believed to be "qualified institutional buyers", as defined in Rule 144A under the Securities Act, in reliance on Rule 144A, and outside the United States to persons other than U.S. persons in transactions meeting the requirements of Regulation S under the Securities Act. As a condition to the sale of the Private Notes, we entered into a registration rights agreement with the initial purchasers on May 22, 2002. Pursuant to the registration rights agreement, we agreed that we would:

- (1) file a registration statement with the SEC with respect to the Exchange Notes within 60 days after the date of initial issuance of the Private Notes;
- (2) use our reasonable best efforts to cause the registration statement to be declared effective by the SEC on or prior to 150 days after the date of initial issuance of the Private Notes;
- (3) use our reasonable best efforts to consummate the exchange offer on or prior to 180 days after the date of initial issuance of the Private Notes; and
- (4) keep the exchange offer open for not less than 20 business days.

In July 2002, we repurchased and cancelled \$2,000,000 aggregate principal amount of the Private Notes. Upon the effectiveness of the registration statement, we will offer the Exchange Notes in exchange for the remaining Private Notes.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

RESALE OF THE EXCHANGE NOTES

Based upon an interpretation by the staff of the SEC contained in no-action letters issued to third parties, we believe that you may exchange Private Notes for Exchange Notes in the ordinary course of business. For further information on the SEC's position, see Exxon Capital Holdings Corporation, available May 13, 1988, Morgan Stanley & Co. Incorporated, available June 5, 1991 and Shearman & Sterling, available July 2, 1993, and other interpretive letters to similar effect. You will be allowed to resell Exchange Notes to the public without further registration under the Securities Act and without delivering to purchasers of the Exchange Notes a prospectus that satisfies the

13

requirements of Section 10 of the Securities Act so long as you do not participate, do not intend to participate, and have no arrangement with any person to participate, in a distribution of the Exchange Notes. However, the foregoing does not apply to you if you are:

- o a broker-dealer who purchases the Private Notes directly from us to resell pursuant to Rule 144A or any other available exemption under the Securities Act; or
- o an "affiliate" of ours within the meaning of Rule 405 under the Securities Act.

In addition, if:

- o you are a broker-dealer; or
- o you acquire Exchange Notes in the exchange offer for the purpose of distributing or participating in the distribution of the Exchange Notes,

you cannot rely on the position of the staff of the SEC contained in the no-action letters mentioned above and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction, unless an exemption from registration is otherwise available.

Each broker-dealer that receives Exchange Notes for its own account in exchange for Private Notes, which the broker-dealer acquired as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the Exchange Notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. A broker-dealer may use this prospectus, as it may be amended or supplemented from time to time, in connection with resales of Exchange Notes received in exchange for Private Notes which the broker-dealer acquired as a result of market-making or other trading activities.

TERMS OF THE EXCHANGE OFFER

Upon the terms and subject to the conditions described in this prospectus and in the letter of transmittal, we will accept any and all Private Notes validly tendered and not withdrawn before the expiration date. We will issue \$1,000 principal amount of Exchange Notes in exchange for each \$1,000 principal

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

amount of outstanding Private Notes surrendered pursuant to the exchange offer. You may tender Private Notes only in integral multiples of \$1,000.

The form and terms of the Exchange Notes are the same as the form and terms of the Private Notes except that:

- o we have registered the Exchange Notes under the Securities Act and, therefore, the Exchange Notes will not bear legends restricting their transfer; and
- o holders of the Exchange Notes will not be entitled to any of the rights of holders of Private Notes under the registration rights agreement, which rights will terminate upon the completion of the exchange offer.

The Exchange Notes will evidence the same debt as the Private Notes and will be issued under the same indenture, so the Exchange Notes and the Private Notes will be treated as a single class of debt securities under the indenture.

As of the date of this prospectus, \$998,000,000 aggregate principal amount of the Private Notes is outstanding and registered in the name of Cede & Co., as nominee for The Depository Trust Company. Only registered holders of the Private Notes, or their legal representative or attorney-in-fact, as reflected on the records of the trustee under the indenture, may participate in the exchange offer. We will not set a fixed record date for determining registered holders of the Private Notes entitled to participate in the exchange offer.

14

You do not have any appraisal or dissenters' rights under the indenture in connection with the exchange offer. We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement and the applicable requirements of the Securities Act, the Exchange Act and the rules and regulations of the SEC.

We will be deemed to have accepted validly tendered Private Notes when, as and if we have given oral or written notice of acceptance to the exchange agent. The exchange agent will act as your agent for the purposes of receiving the Exchange Notes from us.

If you tender Private Notes in the exchange offer, you will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of Private Notes pursuant to the exchange offer. We will pay all charges and expenses, other than the applicable taxes described below, in connection with the exchange offer.

EXPIRATION DATE; EXTENSIONS; AMENDMENTS

The term "expiration date" will mean 5:00 p.m., New York City time, on _____, 2002, unless we, in our sole discretion, extend the exchange offer, in which case the term "expiration date" will mean the latest date and time to which we extend the exchange offer.

To extend the exchange offer, we will:

- o notify the exchange agent of any extension orally or in writing; and
- o notify the registered holders of the Private Notes by means of a press

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

release or other public announcement,

each before 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right, in our reasonable discretion:

- o to delay accepting any Private Notes;
- o to extend the exchange offer; or
- o if any conditions listed below under "-Conditions" are not satisfied, to terminate the exchange offer by giving oral or written notice of the delay, extension or termination to the exchange agent.

We will follow any delay in acceptance, extension or termination as promptly as practicable by oral or written notice to the registered holders. If we amend the exchange offer in a manner we determine constitutes a material change, we will promptly disclose the amendment in a prospectus supplement that we will distribute to the registered holders.

INTEREST ON THE EXCHANGE NOTES

The Exchange Notes will accrue interest from May 22, 2002 at the per annum rate of 7 5/8%. Such interest will be payable semi-annually in arrears on each June 1 and December 1, commencing December 1, 2002. The payment of interest on Exchange Notes will be in lieu of payment of any accrued but unpaid interest on Private Notes tendered for exchange.

PROCEDURES FOR TENDERING

You may tender Private Notes in the exchange offer only if you are a registered holder of Private Notes. To tender in the exchange offer, you must:

- o complete, sign and date the letter of transmittal or a facsimile of the letter of transmittal;
- o have the signatures guaranteed if required by the letter of transmittal; and
- o mail or otherwise deliver the letter of transmittal or the facsimile of the letter of transmittal to the exchange agent at the address listed below under "-Exchange Agent" for receipt before the expiration date.

15

In addition, either:

- o the exchange agent must receive certificates for the Private Notes along with the letter of transmittal into its account at the depository pursuant to the procedure for book-entry transfer described below before the expiration date;
- o the exchange agent must receive a timely confirmation of a book-entry transfer of the Private Notes, if the procedure is available, into its account at the depository pursuant to the procedure for book-entry transfer described below before the expiration date; or
- o you must comply with the guaranteed delivery procedures described below.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Your tender, if not withdrawn before the expiration date, will constitute an agreement between you and us in accordance with the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

The method of delivery of Private Notes and the letter of transmittal and all other required documents to the exchange agent is at your election and risk. We recommend that instead of delivery by mail, you use an overnight or hand delivery service, properly insured. In all cases, you should allow sufficient time to assure delivery to the exchange agent before the expiration date. You should not send letters of transmittal or Private Notes to us. You may request your respective brokers, dealers, commercial banks, trust companies or nominees to effect the transactions described above for you.

If you are a beneficial owner of Private Notes whose Private Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your Private Notes, you should contact the registered holder promptly and instruct the registered holder to tender on your behalf. If you wish to tender on your own behalf, before completing and executing the letter of transmittal and delivering the Private Notes you must either:

- o make appropriate arrangements to register ownership of the Private Notes in your name; or
- o obtain a properly completed bond power from the registered holder.

The transfer of registered ownership may take considerable time. Unless the Private Notes are tendered:

(1) by a registered holder who has not completed the box entitled "Special Issuance Instructions" or the box entitled "Special Delivery Instructions" on the letter of transmittal; or

(2) for the account of:

- o a member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc.;
- o a commercial bank or trust company located or having an office or correspondent in the United States; or
- o an "eligible guarantor institution" within the meaning of Rule 17Ad-15 under the Exchange Act that is a member of one of the recognized signature guarantee programs identified in the letter of transmittal,

an eligible guarantor institution must guarantee the signatures on a letter of transmittal or a notice of withdrawal described below under "-Withdrawal of Tenders".

If the letter of transmittal is signed by a person other than the registered holder, the Private Notes must be endorsed or accompanied by a properly completed bond power, signed by the registered holder as the registered holder's name appears on the Private Notes.

If the letter of transmittal or any Private Notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, they should so indicate when signing, and unless waived by us, they must submit evidence satisfactory to us of their authority to so act with the letter of transmittal.

The exchange agent and the depository have confirmed that any financial institution that is a participant in the depository's system may utilize the depository's Automated Tender Offer Program to tender Private Notes.

We will determine in our sole discretion all questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of tendered Private Notes, which determination will be final and binding. We reserve the absolute right to reject any and all Private Notes not properly tendered or any Private Notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defects, irregularities or conditions of tender as to particular Private Notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, you must cure any defects or irregularities in connection with tenders of Private Notes within the time we determine. Although we intend to notify you of defects or irregularities with respect to tenders of Private Notes, neither we, the exchange agent nor any other person will incur any liability for failure to give you that notification. Unless waived, we will not deem tenders of Private Notes to have been made until you cure the defects or irregularities.

While we have no present plan to acquire any Private Notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any Private Notes that are not tendered in the exchange offer, we reserve the right in our sole discretion to purchase or make offers for any Private Notes that remain outstanding after the expiration date. We also reserve the right to terminate the exchange offer, as described below under "-Conditions", and, to the extent permitted by applicable law, purchase Private Notes in the open market, in privately negotiated transactions or otherwise. The terms of any of those purchases or offers could differ from the terms of the exchange offer.

If you wish to tender Private Notes in exchange for Exchange Notes in the exchange offer, we will require you to represent that:

- o you are not an affiliate of ours;
- o you will acquire any Exchange Notes in the ordinary course of your business; and
- o at the time of completion of the exchange offer, you have no arrangement with any person to participate in the distribution of the Exchange Notes.

In addition, in connection with the resale of Exchange Notes, any participating broker-dealer who acquired the Private Notes for its own account as a result of market-making or other trading activities must deliver a prospectus meeting the requirements of the Securities Act. The SEC has taken the position that participating broker-dealers may fulfill their prospectus delivery requirements with respect to the Exchange Notes, other than a resale of an unsold allotment from the original sale of the Private Notes, with the prospectus contained in the registration statement.

RETURN OF PRIVATE NOTES

If we do not accept any tendered Private Notes for any reason described in the terms and conditions of the exchange offer or if you withdraw any tendered Private Notes or submit Private Notes for a greater principal amount than you

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

desire to exchange, we will return the unaccepted, withdrawn or non-exchanged Private Notes without expense to you as promptly as practicable. In the case of Private Notes tendered by book-entry transfer into the exchange agent's account at the depositary pursuant to the book-entry transfer procedures described below, we will credit the Private Notes to an account maintained with the depositary as promptly as practicable.

BOOK-ENTRY TRANSFER

The exchange agent will make a request to establish an account with respect to the Private Notes at the depositary for purposes of the exchange offer within two business days after the date of this prospectus, and any financial institution that is a participant in the depositary's systems may make book-entry delivery of Private Notes by causing the depositary to transfer the Private Notes into the exchange agent's account at the depositary in accordance with the depositary's procedures for

17

transfer. However, although delivery of Private Notes may be effected through book-entry transfer at the depositary, you must transmit and the exchange agent must receive, the letter of transmittal or a facsimile of the letter of transmittal, with any required signature guarantees and any other required documents, at the address below under "-Exchange Agent" on or before the expiration date or pursuant to the guaranteed delivery procedures described below.

GUARANTEED DELIVERY PROCEDURES

If you wish to tender your Private Notes, but time will not permit a letter of transmittal, certificates representing the Private Notes to be tendered or other required documents to reach the exchange agent before the expiration date, you may effect a tender if:

- (a) the tender is made by or through an eligible guarantor institution;
- (b) before the expiration date, the exchange agent receives from the eligible guarantor institution a properly completed and duly executed notice of guaranteed delivery, substantially in the form provided by us, that:
 - o states the name and address of the holder of the Private Notes, the name(s) in which the Private Notes are registered and the principal amount of Private Notes tendered;
 - o states that the tender is being made by that notice of guaranteed delivery; and
 - o guarantees that, within three New York Stock Exchange trading days after the expiration date, the eligible guarantor institution will deposit with the exchange agent the letter of transmittal, together with the certificates representing the Private Notes in proper form for transfer or a confirmation of a book-entry transfer, as the case may be, and any other documents required by the letter of transmittal; and
- (c) within three New York Stock Exchange trading days after the expiration date, the exchange agent receives a properly executed letter of transmittal, as well as the certificates representing all tendered Private Notes in proper form for transfer and all other documents required by the letter of transmittal.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Upon request, the exchange agent will send to you a notice of guaranteed delivery if you wish to tender your Private Notes according to the guaranteed delivery procedures described above.

WITHDRAWAL OF TENDERS

Except as otherwise provided in this prospectus, you may withdraw tenders of Private Notes at any time before 5:00 p.m., New York City time, on the expiration date.

To withdraw a tender of Private Notes in the exchange offer, the exchange agent must receive a written or facsimile transmission notice of withdrawal at its address listed in this prospectus before the expiration date. Any notice of withdrawal must:

- o specify the name of the person who deposited the Private Notes to be withdrawn;
- o identify the Private Notes to be withdrawn, including the principal amount of the Private Notes; and
- o be signed in the same manner as the original signature on the letter of transmittal by which the Private Notes were tendered, including any required signature guarantees.

We will determine in our sole discretion all questions as to the validity, form and eligibility of the notices, and our determination will be final and binding on all parties. We will not deem any properly withdrawn Private Notes to have been validly tendered for purposes of the exchange offer, and we will not issue Exchange Notes with respect to those Private Notes, unless you validly re-tender the withdrawn Private Notes. You may re-tender properly withdrawn Private Notes by following one of the procedures described above under "-Procedures for Tendering" at any time before the expiration date.

18

CONDITIONS

Notwithstanding any other term of the exchange offer, we will not be required to accept for exchange, or exchange the Exchange Notes for, any Private Notes, and may terminate the exchange offer as provided in this prospectus before the acceptance of the Private Notes, if:

- (1) the exchange offer violates applicable law, rules or regulations or an applicable interpretation of the staff of the SEC;
- (2) an action or proceeding has been instituted or threatened in any court or by any governmental agency which might materially impair our ability to proceed with the exchange offer;
- (3) a material adverse development shall have occurred in any existing action or proceeding with respect to us; or
- (4) all governmental approvals which we deem necessary for the completion of the exchange offer have not been obtained.

If we determine in our reasonable discretion that any of these conditions are not satisfied, we may:

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

- o refuse to accept any Private Notes and return all tendered Private Notes to you;
- o extend the exchange offer and retain all Private Notes tendered before the exchange offer expires, subject, however, to your rights to withdraw the Private Notes; or
- o waive the unsatisfied conditions with respect to the exchange offer and accept all properly tendered Private Notes that have not been withdrawn.

If the waiver constitutes a material change to the exchange offer, we will promptly disclose the waiver by means of a prospectus supplement that we will distribute to the registered holders of the Private Notes.

TERMINATION OF RIGHTS

All of your rights under the registration rights agreement will terminate upon consummation of the exchange offer, except with respect to our continuing obligations:

- o to indemnify you and parties related to you against liabilities, including liabilities under the Securities Act; and
- o to provide, upon your request, the information required by Rule 144A(d)(4) under the Securities Act to permit resales of the Private Notes pursuant to Rule 144A.

SHELF REGISTRATION

In the event that:

- (1) any changes in law or the applicable interpretations of the staff of the SEC do not permit us to effect the exchange offer;
- (2) the exchange offer is not consummated within 180 days of the date of initial issuance of the Private Notes;
- (3) any holder of Private Exchange Notes (as defined in the registration rights agreement) so requests; or
- (4) a holder participating in the exchange offer does not receive Exchange Notes on the date of the exchange that may be sold without restriction under the federal securities laws (other than due solely to the status of the holder as our affiliate within the meaning of that term under the Securities Act),

we will file with the SEC a shelf registration statement to register for public resale the transfer-restricted securities held by you if you provide us with the necessary information for inclusion in the shelf registration statement.

19

LIQUIDATED DAMAGES

If:

- (1) we do not file the registration statement with the SEC on or prior to the 60th day following the date of initial issuance of the Private Notes;
- (2) we do not cause the registration statement to become effective on or

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

prior to the 150th day following the date of initial issuance of the Private Notes;

(3) we do not complete the exchange offer on or prior to the 180th day following the date of initial issuance of the Private Notes;

(4) we are obligated to file a shelf registration statement and we do not file the shelf registration statement with the SEC on or prior to the 45th day following the date on which we have notice of the filing obligation;

(5) we are obligated to file a shelf registration statement and the SEC does not declare the shelf registration statement effective on or prior to the later of the 60th day following the date on which we have notice of the filing obligation or the 180th day following the date of initial issuance of the Private Notes; or

(6) the registration statement or the shelf registration statement, as the case may be, is declared effective but thereafter ceases to be effective or useable in connection with resales of the Registrable Notes (as defined in the registration rights agreement) for the time of non-effectiveness or nonusability,

with each of items (1) through (6) constituting a "registration default", we agree to pay you, as liquidated damages, additional interest on the Registrable Notes in cash on each June 1 and December 1 in an amount equal to 0.25% per annum of the aggregate principal amount of the Registrable Notes, with respect to the first 90-day period immediately following the occurrence of the registration default. The amount of the additional interest will increase by an additional 0.25% to a maximum of 1.0% per annum of the aggregate principal amount of the Registrable Notes for each subsequent 90-day period until the registration default has been cured. We will not be required to pay additional interest for more than one registration default at any given time. Following the cure of all registration defaults, the accrual of additional interest will cease.

FEES AND EXPENSES

We will bear the expenses of soliciting tenders. We are making the principal solicitation by mail; however, our officers and regular employees may make additional solicitations by facsimile, telephone or in person.

We have not retained any dealer manager in connection with the exchange offer and will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses.

We will pay the cash expenses incurred in connection with the exchange offer, which we estimate to be approximately \$200,000. These expenses include registration fees, fees and expenses of the exchange agent and the trustee, accounting and legal fees and printing costs, among others.

We will pay all transfer taxes, if any, applicable to the exchange of Private Notes pursuant to the exchange offer. If, however, a transfer tax is imposed for any reason other than the exchange of the Private Notes pursuant to the exchange offer, then you must pay the amount of the transfer taxes. If you do not submit satisfactory evidence of payment of the taxes or exemption from payment with the letter of transmittal, we will bill the amount of the transfer taxes directly to you.

CONSEQUENCE OF FAILURE TO EXCHANGE

Participation in the exchange offer is voluntary. We urge you to consult your financial and tax advisors in making your decisions on what action to take. Private Notes that are not exchanged for Exchange Notes pursuant to the exchange offer will remain restricted securities. Accordingly, those Private Notes may be resold only:

- o to a person whom the seller reasonably believes is a qualified institutional buyer in a transaction meeting the requirements of Rule 144A under the Securities Act;
 - o in a transaction meeting the requirements of Rule 144 under the Securities Act;
 - o outside the United States to a person who is not a U.S. person in a transaction meeting the requirements of Rule 904 of Regulation S under the Securities Act;
- 21
- o in accordance with another exemption from the registration requirements of the Securities Act, subject to the receipt by the exchange agent (and us, if we so request) of a certification of the transferor and an opinion of counsel;
 - o to us or our affiliates; or

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

o pursuant to an effective registration statement.

In each case, the Private Notes may be resold only in accordance with any applicable securities laws of any state of the United States or any other applicable jurisdiction.

USE OF PROCEEDS

There will be no cash proceeds payable to us from the issuance of the Exchange Notes pursuant to the exchange offer. The net proceeds from the sale of the Private Notes were used to repay our outstanding indebtedness under our revolving credit facility with Bank of America, N.A., and other participating banks, which we terminated on June 14, 2002, and for general corporate purposes, including the reduction of other outstanding indebtedness and similar obligations. In consideration for issuing the Exchange Notes as contemplated in this prospectus, we will receive in exchange the Private Notes in like principal amount, the terms of which are identical in all material respects to the Exchange Notes, except that the Exchange Notes do not contain terms with respect to transfer restrictions, registration rights or additional interest. The Private Notes surrendered in exchange for the Exchange Notes will be retired and cancelled and cannot be reissued. Accordingly, the issuance of the Exchange Notes will not result in any increase in our indebtedness.

DESCRIPTION OF EXCHANGE NOTES

The Exchange Notes will evidence the same debt as the Private Notes. The Private Notes were issued, and the Exchange Notes offered hereby will be issued, pursuant to an indenture, dated as of May 22, 2002 (the "Indenture"), between us and The Bank of Nova Scotia Trust Company of New York, as Trustee (the "Trustee"). The following summary does not purport to be complete and is subject to the detailed provisions of the Indenture, to which reference is hereby made for a full description of such provisions, including the definition of certain terms used herein, and for other information regarding the Exchange Notes. Wherever particular sections or defined terms of the Indenture are referred to, such sections or defined terms are incorporated herein by reference as part of the statement made, and the statement is qualified in its entirety by such reference.

GENERAL

The form and terms of the Exchange Notes are the same in all material respects as the form and terms of the Private Notes, except that the Exchange Notes will have been registered under the Securities Act and, therefore, the Exchange Notes will not be subject to the transfer restrictions, registration rights or provisions providing for an increase in the interest rate applicable to the Private Notes. The Exchange Notes will be general unsecured obligations of the Company, pari passu in right of payment to all existing and future senior Indebtedness of the Company (including the Company's obligations under the Credit Agreements) and senior to the Company's existing and future Subordinated Indebtedness. The Company issued \$1,000,000,000 aggregate principal amount of

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

the Private Notes. The Indenture permits the Company to issue additional Private Notes, without the consent of the holders of the Notes. Accordingly, the principal amount of Private Notes issued may be increased on the same terms and conditions, except for the issue price and the issue date, and with the same CUSIP numbers as the Private Notes initially issued. In July 2002, the Company repurchased and cancelled \$2,000,000 aggregate principal amount of the Private Notes.

The Exchange Notes will bear interest from May 22, 2002 at the per annum rate of 7 5/8%, payable semi-annually in arrears on June 1 and December 1 of each year, commencing on December 1, 2002, to holders of record at the close of business on May 15 or November 15, as the case may be, immediately preceding the relevant interest payment date. The payment of interest on Exchange Notes will be in lieu of payment of any accrued but unpaid interest on Private Notes tendered for exchange. Interest on the Exchange Notes will be calculated on the basis of a 360-day year of twelve 30-day months. The Exchange Notes will mature on June 1, 2012 and will be issued in registered form, without coupons, and in denominations of \$1,000 and integral multiples thereof. The Exchange Notes will be payable as to principal, premium, if any, and interest at the office or agency of the Company maintained for such purpose within the City and State of New York or, at the option of the Company, by wire transfer of immediately available funds or, in the case of certificated securities only, by mailing a check to the registered address of the holders of the Exchange Notes. See "-- Book-Entry; Delivery and Form". Until otherwise designated by the Company, the Company's office or agency in New York will be the office of the Trustee maintained for such purpose.

Whether or not required by the rules and regulations of the Commission, so long as any Exchange Notes are outstanding, the Company will file with the Commission, to the extent such filings are accepted by the Commission, and will furnish (within 15 days after such filing) to the Trustee and to the Holders all quarterly and annual reports and other information, documents and reports that would be required to be filed with the Commission pursuant to Section 13 of the Exchange Act if the Company were required to file under such section. In addition, the Company will make such information available to prospective purchasers of the Exchange Notes, securities analysts and broker-dealers who request it in writing.

OPTIONAL REDEMPTION OF THE NOTES

The Notes will be redeemable, in whole or in part, at the option of the Company at any time at a redemption price equal to 100% of the principal amount of the Notes to be redeemed plus any applicable Make-Whole Premium (as defined below) and accrued interest thereon to the date of redemption. In the event of a partial redemption, the Company shall specify the principal amount of the Notes to be redeemed.

24

For purposes of determining the optional redemption price, the following definitions are applicable:

"Adjusted Treasury Rate" means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of the principal amount) equal to the Comparable Treasury Price for such redemption date, plus .50%.

"Comparable Treasury Issue" means the United States Treasury security

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

selected by a Quotation Agent as having a maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such Notes.

"Comparable Treasury Price" means, with respect to any redemption date, (i) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (ii) if the Trustee obtains three or fewer such Reference Treasury Dealer Quotations, the average of all such quotations.

"Make-Whole Premium" means, for any Note to be redeemed, a premium equal to the excess (if any) of (i) as determined by a Quotation Agent, the sum of the present values of the remaining scheduled payments of principal and interest on such Note discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate over (ii) 100% of the unpaid principal amount of such Note. If a redemption date does not fall on an interest payment date, then, with respect to the interest payment immediately succeeding the redemption date, only the unaccrued portion of such interest payment as of the redemption date shall be included in the calculation pursuant to clause (i) above.

"Quotation Agent" means one of the Reference Treasury Dealers appointed by the Company.

"Reference Treasury Dealer" means each of UBS Warburg LLC, Deutsche Bank Securities Inc. and Banc of America Securities LLC and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York, New York (a "Primary Treasury Dealer"), the Company shall substitute therefor another Primary Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by such Reference Treasury Dealer, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing by such Reference Treasury Dealer at 5:00 p.m. on the third business day preceding such redemption date.

If less than all of the Notes are to be redeemed at any time, selection of the Notes to be redeemed will be made by the Trustee from among the outstanding Notes on a pro rata basis, by lot or by any other method permitted in the Indenture. Notice of redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each Holder whose Notes are to be redeemed at the registered address of such Holder. On and after the redemption date, interest will cease to accrue on the Notes or portions thereof called for redemption.

The Notes will not be entitled to any sinking fund.

FALL-AWAY EVENT

In the event (i) the Notes are rated Investment Grade (as defined below) and (ii) no Event of Default or Default shall have occurred and be continuing, and upon delivery by the Company to the Trustee of an Officers' Certificate certifying as to the foregoing events (the occurrence thereof being collectively referred to as the "Fall-Away Event"), the covenants described under "-- Certain Covenants of the Company Before the Fall-Away Event" and the provisions of the Indenture described under "-- Change of Control" will no longer be applicable to the Company and its Subsidiaries. After the occurrence of the Fall-Away Event, the Company and its Subsidiaries will be subject to the covenants described

under "-- Certain Covenants of the Company After the Fall-Away Event". As a result, upon

25

the occurrence of the Fall-Away Event, the Notes will be entitled to substantially less covenant protection. If the Notes are subsequently downgraded to, or otherwise become, non-Investment Grade, the Indenture covenants previously released will not be reinstated.

CHANGE OF CONTROL

If a Change of Control shall occur, then each Holder will have the right to require that the Company purchase such Holder's Notes, in whole or in part in integral multiples of \$1,000, at a purchase price (the "Change of Control Purchase Price") in cash in an amount equal to 101% of the principal amount thereof, plus accrued interest, if any, to the date of purchase (the "Change of Control Purchase Date"), pursuant to the offer described below (the "Change of Control Offer") and the other procedures set forth in the Indenture; provided, however, that if the Fall-Away Event shall have occurred prior to the time the Company shall otherwise be required to make such Change of Control Offer, then the Company shall not be required to make such Change of Control Offer.

Within 30 days following any Change of Control, the Company shall notify the Trustee thereof and give written notice of such Change of Control to each Holder by first-class mail, postage prepaid, at the address of such Holder appearing in the security register, stating, among other things:

(i) the offer to repurchase Notes at the Change of Control Purchase Price and on the Change of Control Purchase Date, which shall be a Business Day no earlier than 30 days nor later than 60 days from the date such notice is mailed;

(ii) that any Note not tendered will continue to accrue interest;

(iii) that, unless the Company defaults in the payment of the Change of Control Purchase Price, any Notes accepted for payment pursuant to the Change of Control Offer shall cease to accrue interest after the Change of Control Purchase Date; and

(iv) certain other procedures that a Holder must follow to accept a Change of Control Offer or to withdraw such acceptance.

The occurrence of certain of the events constituting a Change of Control under the Indenture may result in an event of default in respect of the Credit Agreements and other Indebtedness of the Company and its Subsidiaries and, consequently, the lenders thereof will have the right to require repayment of such Indebtedness in full. If a Change of Control Offer is made, there can be no assurance that the Company will have available funds sufficient to pay the Change of Control Purchase Price for all of the Notes that might be delivered by Holders seeking to accept the Change of Control Offer and other amounts that might become due and payable in respect of other Indebtedness of the Company. The failure of the Company to make or consummate the Change of Control Offer or pay the Change of Control Purchase Price when due would result in an Event of Default and would give the Trustee and the Holders the rights described under "-- Events of Default".

One of the events which constitutes a Change of Control under the Indenture is the sale of "all or substantially all" of the Company's assets. This term has not been interpreted under New York law (which is the governing law of the

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Indenture) to represent a specific quantitative test. As a consequence, in the event that the Holders believe that the Company is obligated to make a Change of Control Offer as a result of a sale of all or substantially all of the Company's assets and the Company does not believe it is so obligated, there can be no assurance as to how a court interpreting New York law would interpret the phrase.

The existence of a Holder's right to require the Company to purchase such Holder's Notes upon a Change of Control may deter a third party from acquiring the Company in a transaction that constitutes a Change of Control.

The definition of "Change of Control" in the Indenture is limited in scope and applies only to the occurrence of events before the Fall-Away Event. The provisions of the Indenture may not afford Holders the right to require the Company to purchase such Notes in the event of a highly leveraged transaction or a reorganization, restructuring, merger or similar transaction involving the Company that may adversely affect Holders, if such transaction is not a transaction defined as a Change of Control.

26

The Company will comply with any applicable securities laws and regulations in connection with a Change of Control Offer.

This provision will not apply to the Notes after the occurrence of the Fall-Away Event.

CERTAIN COVENANTS OF THE COMPANY BEFORE THE FALL-AWAY EVENT

Set forth below are summaries of certain covenants contained in the Indenture that, as is the case with the "Change of Control" provision of the Indenture, will apply to the Notes only before the occurrence of the Fall-Away Event.

Limitations on Additional Indebtedness and Subsidiary Preferred Stock. (a) After the Issue Date,

(i) the Company will not, and will not permit any of its Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee, extend the Stated Maturity of, or otherwise become liable with respect to (collectively, "incur"), any Indebtedness (including, without limitation, Acquired Indebtedness) and

(ii) the Company will not permit any of its Subsidiaries to issue (except to the Company or any of its Wholly Owned Subsidiaries) or create any Preferred Stock or permit any Person (other than the Company or a Wholly Owned Subsidiary) to own or hold any interest in any Preferred Stock of any such Subsidiary;

provided, however, that the Company may incur Indebtedness and the Company may permit its Subsidiaries to issue or create Preferred Stock if, after giving effect thereto, the Company's EBITDA Coverage Ratio on the date thereof would be at least 2.5 to 1, determined on a pro forma basis as if the incurrence of such additional Indebtedness or the issuance of such Preferred Stock (declared to have an aggregate principal amount equal to the aggregate liquidation value of such Preferred Stock), as the case may be, and the application of the net proceeds therefrom, had occurred at the beginning of the four-quarter period used to calculate the Company's EBITDA Coverage Ratio.

(b) Notwithstanding the foregoing, and irrespective of the EBITDA

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Coverage Ratio, in addition to Existing Indebtedness:

(i) the Company may incur Indebtedness pursuant to the Private Notes issued on the Issue Date and the Exchange Notes issued in exchange for Private Notes;

(ii) the Company and its Subsidiaries may incur Refinancing Indebtedness in exchange for, or the net proceeds of which are applied to refund, refinance or extend, Existing Indebtedness or other Indebtedness that was permitted by the Indenture to be incurred under this "Limitations on Additional Indebtedness and Subsidiary Preferred Stock" covenant except for Indebtedness incurred under clause (iii) or (iv) of this paragraph (b);

(iii) the Company may incur any Indebtedness to any Subsidiary or any Subsidiary may incur any Indebtedness to the Company or to any Subsidiary;

(iv) the Company and its Subsidiaries may incur any Indebtedness evidenced by letters of credit which are used in the ordinary course of business of the Company and its Subsidiaries to secure workers' compensation and other insurance coverages;

(v) the Company and its Subsidiaries may incur Capitalized Lease Obligations and Attributable Indebtedness, in each case excluding Existing Indebtedness, but including all Refinancing Indebtedness incurred in exchange for, or the net proceeds of which are applied to refund, refinance or extend, any Indebtedness incurred pursuant to this clause (v), in an aggregate principal amount at any one time outstanding not to exceed 10% of Consolidated Tangible Assets at such time; and

(vi) the Subsidiaries of the Company may incur Indebtedness, including all Refinancing Indebtedness incurred in exchange for, or the net proceeds of which are applied to refund, refinance or extend, any Indebtedness incurred pursuant to this clause (vi), in an aggregate

27

principal amount at any time outstanding not to exceed \$250,000,000, in addition to Existing Indebtedness and other Indebtedness permitted to be incurred by Subsidiaries of the Company pursuant to the foregoing clauses (ii)-(v).

(c) Notwithstanding the foregoing, the Company may permit any Subsidiary which is a partnership formed to operate a single healthcare facility to issue or create Preferred Stock, provided that the aggregate amount of all such Preferred Stock outstanding after giving effect to such issuance or creation shall not exceed 1% of Consolidated Tangible Assets as of the date of such issuance or creation.

This covenant will not apply to the Notes after the occurrence of the Fall-Away Event.

Limitations on Restricted Payments. The Company will not, and will not permit any of its Subsidiaries to, directly or indirectly, make any Restricted Payment if at the time of such Restricted Payment:

(i) a Default or Event of Default shall have occurred and be continuing or shall occur as a consequence thereof;

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

(ii) after giving effect to the proposed Restricted Payment, the amount of such Restricted Payment, when added to the aggregate amount of all Restricted Payments made after September 25, 2000, exceeds the sum of:

(a) 50% of the Company's Consolidated Net Income accrued during the period (taken as a single period) commencing on July 1, 1997 to and including the fiscal quarter ended immediately prior to the date of such Restricted Payment (or, if such aggregate Consolidated Net Income shall be a deficit, minus 100% of such aggregate deficit),

(b) the net cash proceeds from the issuance and sale of the Company's Capital Stock (other than to a Subsidiary of the Company) that is not Disqualified Stock during the period (taken as a single period) commencing with the Issue Date, and

(c) \$50,000,000; or

(iii) the Company would not be able to incur an additional \$1.00 of Indebtedness under the EBITDA Coverage Ratio in the "-- Limitations on Additional Indebtedness and Subsidiary Preferred Stock" covenant.

Notwithstanding the foregoing, the Company may:

(w) pay any dividend within 60 days after the date of declaration thereof if the payment thereof would have complied with the limitations of this "Limitations on Restricted Payments" covenant on the date of declaration;

(x) retire shares of the Company's Capital Stock or the Company's or a Subsidiary of the Company's Indebtedness out of the proceeds of a substantially concurrent sale (other than to a Subsidiary of the Company) of shares of the Company's Capital Stock (other than Disqualified Stock);

(y) make Investments in Joint Ventures which, when added to the aggregate amount of all such other Investments made pursuant to this clause (y) (or such other Investments as would have been made pursuant to this clause (y) had such clause been in effect) after September 25, 2000, do not exceed 5% of Consolidated Tangible Assets at such time (with each such Investment being valued as of the date made and without regard to subsequent changes in value); and

(z) make Investments which, when added to the aggregate amount of all such other Investments made pursuant to this clause (z) (or such other Investments as would have been made pursuant to this clause (z) had such clause been in effect) after September 25, 2000, do not exceed 2.5% of Consolidated Tangible Assets at such time (with each such Investment being valued as of the date made and without regard to subsequent changes in value);

28

provided, however, that each Restricted Payment described in clause (w) or (x) above shall be taken into account for purposes of computing the aggregate amount of all Restricted Payments pursuant to clause (ii) of the immediately preceding paragraph.

This covenant will not apply to the Notes after the occurrence of the Fall-Away Event.

Limitations on Restrictions on Distributions from Subsidiaries. The Company

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

will not, and will not permit any of its Subsidiaries to, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or restriction (other than encumbrances or restrictions imposed by law or by judicial or regulatory action or by provisions in leases or other agreements that restrict the assignability thereof) on the ability of any Subsidiary of the Company to

(i) pay dividends or make any other distributions on its Capital Stock or any other interest or participation in, or measured by, its profits, owned by the Company or any of its other Subsidiaries, or pay interest on or principal of any Indebtedness owed to the Company or any of its other Subsidiaries,

(ii) make loans or advances to the Company or any of its other Subsidiaries or

(iii) transfer any of its properties or assets to the Company or any of its other Subsidiaries,

in each case except for encumbrances or restrictions existing under or by reason of

(a) applicable law,

(b) the Credit Agreements,

(c) Existing Indebtedness,

(d) any restrictions under any agreement evidencing any Acquired Indebtedness that was permitted to be incurred pursuant to the Indenture and which was not incurred in anticipation or contemplation of the related acquisition, provided that such restrictions and encumbrances only apply to assets that were subject to such restrictions and encumbrances prior to the acquisition of such assets by the Company or its Subsidiaries,

(e) restrictions or encumbrances replacing those permitted by clause (b), (c) or (d) above which, taken as a whole, are not materially more restrictive,

(f) the Indenture,

(g) any restrictions and encumbrances arising in connection with Refinancing Indebtedness; provided, however, that any restrictions or encumbrances of the type described in this clause that arise under such Refinancing Indebtedness are not, taken as a whole, materially more restrictive than those under the agreement creating or evidencing the Indebtedness being refunded or refinanced,

(h) any restrictions with respect to a Subsidiary of the Company imposed pursuant to an agreement that has been entered into for the sale or other disposition of all or substantially all of the Capital Stock or assets of such Subsidiary,

(i) any agreement restricting the sale or other disposition of property securing Indebtedness if such agreement does not expressly restrict the ability of a Subsidiary of the Company to pay dividends or make loans or advances and

(j) customary restrictions in purchase money debt or leases relating to the property covered thereby.

This covenant will not apply to the Notes after the occurrence of the

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Fall-Away Event.

29

Limitations on Layering Indebtedness. The Company will not, and will not permit any of its Subsidiaries to, directly or indirectly, incur any Indebtedness that purports to be by its terms subordinated to any other Indebtedness of the Company or such Subsidiary, as the case may be, unless such Indebtedness is also expressly subordinated to the Notes to the same extent and in the same manner as such Indebtedness is subordinated to such other Indebtedness.

This covenant will not apply to the Notes after the occurrence of the Fall-Away Event.

Limitations on Transactions with Affiliates. Neither the Company nor any of its Subsidiaries will, directly or indirectly, in one transaction or a series of transactions, make any loan, advance, guarantee or capital contribution to, or for the benefit of, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or for the benefit of, or purchase or lease any property or assets from, or enter into or amend any contract, agreement or understanding with, or for the benefit of, any Affiliate of the Company or any of its Subsidiaries or any Person (or any Affiliate of such Person) holding 10% or more of the Common Equity of the Company or any of its Subsidiaries, other than transactions in the ordinary course between the Company and its Subsidiaries or among Subsidiaries of the Company (an "Affiliate Transaction"), unless

(i) the terms of such Affiliate Transaction are fair and reasonable to the Company or such Subsidiary, as the case may be, and are at least as favorable as the terms which could be obtained by the Company or such Subsidiary, as the case may be, in a comparable transaction made on an arm's-length basis between unaffiliated parties;

(ii) with respect to any such Affiliate Transaction involving aggregate payments in excess of \$5,000,000, the Company delivers an Officers' Certificate to the Trustee certifying that such Affiliate Transaction complies with clause (i) above and a Secretary's Certificate which sets forth and authenticates a resolution that has been adopted by a vote of a majority of the disinterested members of the Board of Directors approving such Affiliate Transaction; and

(iii) with respect to any such Affiliate Transaction involving aggregate payments in excess of \$25,000,000, the Company delivers to the Trustee the certificates specified in clause (ii) above and an opinion of an independent investment banking firm of national standing in the United States, stating that such Affiliate Transaction is fair from a financial point of view to the Company or such Subsidiary, as the case may be;

provided, however, that the foregoing clauses (ii) and (iii) shall not apply to transactions between the Company or any of its Subsidiaries and MedCenterDirect, Inc. or Source Medical Solutions, Inc.

This covenant will not apply to the Notes after the occurrence of the Fall-Away Event.

Limitations on Liens. The Company will not create or suffer to exist any Lien (other than Permitted Liens) on any of its assets, unless contemporaneously therewith:

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

(i) in the case of any Lien securing an obligation that ranks pari passu with the Notes, effective provision is made to secure the Notes at least equally and ratably with or prior to such obligation with a Lien on the same collateral; and

(ii) in the case of any Lien securing an obligation that is subordinated in right of payment to the Notes, effective provision is made to secure the Notes with a Lien on the same collateral that is prior to the Lien securing such subordinated obligation.

Notwithstanding the above, the Company may, without securing the Notes, create or assume any Indebtedness which is secured by a Lien which would otherwise be subject to the foregoing restrictions, provided, that after giving effect thereto, the Exempted Debt then outstanding does not exceed 10% of the total Consolidated Tangible Assets at such time.

This covenant will not apply to the Notes after the occurrence of the Fall-Away Event.

30

Limitations on Asset Sales. (a) The Company will not, and will not permit any of its Subsidiaries to, consummate any Asset Sale unless

(i) the Company or such Subsidiary receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the assets included in such Asset Sale,

(ii) immediately before and immediately after giving effect to such Asset Sale, no Default or Event of Default shall have occurred and be continuing and

(iii) at least 75% of the consideration received by the Company or such Subsidiary therefor is in the form of cash paid at the closing thereof; provided, however, that this clause (iii) shall not apply if, after giving effect to such Asset Sale, the aggregate principal amount of all notes or similar debt obligations and Fair Market Value of all equity securities received by the Company from all Asset Sales since September 25, 2000 (other than such notes or similar debt obligations and such equity securities converted into or otherwise disposed of for cash and applied in accordance with the second succeeding sentence) would not exceed 2.5% of Consolidated Tangible Assets at such time.

The amount (without duplication) of any (x) Indebtedness (other than Subordinated Indebtedness) of the Company or such Subsidiary that is expressly assumed by the transferee in such Asset Sale and with respect to which the Company or such Subsidiary, as the case may be, is unconditionally released by the holder of such Indebtedness and (y) any notes, securities or similar obligations or items of property received from such transferee that are immediately converted, sold or exchanged by the Company or such Subsidiary for cash (to the extent of the cash actually so received), shall be deemed to be cash for purposes of this "Limitations on Asset Sales" covenant. If at any time any non-cash consideration received by the Company or such Subsidiary, as the case may be, in connection with any Asset Sale is converted into or sold or otherwise disposed of for cash (other than interest received with respect to any such non-cash consideration), then the date of such conversion or disposition shall be deemed to constitute the date of an Asset Sale hereunder and the Net Proceeds thereof shall be applied in accordance with this "Limitations on Asset Sales" covenant. A transfer of assets by the Company to a Wholly Owned

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Subsidiary or by a Wholly Owned Subsidiary to the Company or to another Wholly Owned Subsidiary will not be deemed to be an Asset Sale and a transfer of assets that constitutes a Restricted Payment and that is permitted under the covenant described under "--Limitations on Restricted Payments" will not be deemed to be an Asset Sale.

(b) If the Company or any Subsidiary engages in an Asset Sale, the Company or such Subsidiary shall, no later than 360 days after such Asset Sale,

(i) apply all or any of the Net Proceeds therefrom to repay Indebtedness that ranks pari passu with the Notes and is secured by the assets disposed of in the Asset Sale or to repay Bank Debt in accordance with the applicable provisions thereof,

(ii) invest all or any part of the Net Proceeds therefrom in the lines of business of the Company or any of its Subsidiaries immediately prior to such investment or

(iii) any combination of clauses (i) and (ii) above.

The amount of such Net Proceeds not applied or invested as provided in this paragraph will constitute "Excess Proceeds".

(c) When the aggregate amount of Excess Proceeds equals or exceeds \$5,000,000, the Company will be required to make an offer to purchase (an "Asset Sale Offer") from all Holders, an aggregate principal amount of Notes equal to the amount of such Excess Proceeds as follows:

(i) The Company will make an Asset Sale Offer to all Holders in accordance with the procedures set forth in the Indenture to purchase the maximum principal amount (expressed as a multiple of \$1,000) of Notes that may be purchased out of the amount (the "Asset Sale Payment Amount") of such Excess Proceeds.

31

(ii) The offer price for the Notes will be payable in cash in an amount equal to 100% of the principal amount of the Notes tendered pursuant to such Asset Sale Offer, plus accrued and unpaid interest and Additional Interest, if any, to the date such Asset Sale Offer is consummated (the "Asset Sale Purchase Price"), in accordance with the procedures set forth in the Indenture. To the extent that the aggregate Asset Sale Purchase Price of Notes tendered pursuant to an Asset Sale Offer is less than the Asset Sale Payment Amount relating thereto (such shortfall constituting a "Net Proceeds Deficiency"), the Company may use such Net Proceeds Deficiency, or a portion thereof, for general corporate purposes.

(iii) If the aggregate Asset Sale Purchase Price of Notes validly tendered and not withdrawn by holders thereof exceeds the Asset Sale Payment Amount, Notes to be purchased will be selected on a pro rata basis.

(iv) Upon completion of such Asset Sale Offer in accordance with the foregoing provisions, the amount of Excess Proceeds with respect to which such Asset Sale Offer was made shall be deemed to be zero.

In the event that any other Indebtedness of the Company which ranks pari passu with the Notes ("Other Debt") requires an offer to purchase to be made to

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

repurchase such Other Debt upon the consummation of an Asset Sale, the Company may apply the Excess Proceeds to both purchase such Other Debt and to make an Asset Sale Offer, provided, that the purchase price of such other debt does not exceed 100% of the aggregate principal amount or accreted value thereof plus interest thereon. With respect to any Excess Proceeds, the Company shall make the Asset Sale Offer in respect thereof at the same time as the analogous offer to purchase is made pursuant to any Other Debt and the purchase date in respect thereof shall be the same as the purchase date in respect thereof pursuant to any Other Debt.

With respect to any Asset Sale Offer effected pursuant to this "Limitations on Asset Sales" covenant, to the extent the aggregate principal amount of Notes and Other Debt, if any, tendered pursuant to such Asset Sale Offer and the concurrent offer to purchase with respect to such Other Debt, exceeds the Excess Proceeds, such Notes and Other Debt, if any, shall be purchased pro rata based on the aggregate principal amount of such Notes and such Other Debt tendered by each holder thereof.

The Company will comply with any applicable securities laws and regulations in connection with an Asset Sale Offer.

This covenant will not apply to the Notes after the occurrence of the Fall-Away Event.

Limitations on Mergers and Consolidations. The Company will not consolidate or merge with or into, or sell, lease, convey or otherwise dispose of all or substantially all of its assets, or assign any of its obligations under the Notes or the Indenture, to any Person unless:

(i) the Person formed by or surviving such consolidation or merger (if other than the Company), or to which such sale, lease, conveyance or other disposition or assignment shall be made (collectively, the "Successor"), is a corporation organized and existing under the laws of the United States or any State thereof or the District of Columbia, and the Successor assumes by supplemental indenture in a form satisfactory to the Trustee all of the obligations of the Company under the Notes and the Indenture;

(ii) immediately after giving effect to such transaction and the use of any net proceeds therefrom on a pro forma basis, no Default or Event of Default shall have occurred and be continuing;

(iii) immediately after giving effect to such transaction and the use of any net proceeds therefrom on a pro forma basis, the Consolidated Net Worth of the Company or the Successor, as the case may be, would be at least equal to the Consolidated Net Worth of the Company immediately prior to such transaction;

32

(iv) immediately after giving effect to such transaction and the use of any net proceeds therefrom on a pro forma basis, the EBITDA Coverage Ratio of the Company or the Successor, as the case may be, would be such that the Company or the Successor, as the case may be, would be entitled to incur at least \$1.00 of additional Indebtedness under the EBITDA Coverage Ratio test in the "-- Limitations on Additional Indebtedness and Subsidiary Preferred Stock" covenant; and

(v) the Company shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

consolidation, merger, sale, lease, conveyance or other disposition or assignment complies with the provisions of the Indenture.

This covenant will not apply to the Notes after the occurrence of the Fall-Away Event.

CERTAIN COVENANTS OF THE COMPANY AFTER THE FALL-AWAY EVENT

Set forth below are summaries of certain covenants contained in the Indenture that will apply to the Notes only after the occurrence of the Fall-Away Event.

Limitations on Liens. The Company will not, nor will it permit any Subsidiary to, directly or indirectly, create or incur any Lien of any kind securing Indebtedness for money borrowed upon any assets, whether now owned or hereafter acquired, of the Company or any such Subsidiary without equally and ratably securing the Notes by a Lien ranking ratably with and equally to such secured Indebtedness, except that the foregoing restriction shall not apply to: (i) Liens on assets of any corporation existing at the time such corporation becomes a Subsidiary; (ii) Liens on assets existing at the time of acquisition thereof, or to secure the payment of the purchase price of such assets, or to secure Indebtedness incurred or guaranteed by the Company or a Subsidiary for the purpose of financing the purchase price of such assets or improvements or construction thereon, which Indebtedness is incurred or guaranteed prior to, at the time of or within 360 days after such acquisition (or in the case of real property, completion of such improvement or construction or commencement of full operation of such property, whichever is later); (iii) Liens on any assets of a corporation existing at the time such corporation is merged into or consolidated with the Company or a Subsidiary or at the time of a purchase, lease or other acquisition of the assets of a corporation or firm as an entirety or substantially as an entirety by the Company or a Subsidiary; (iv) Liens on any assets of the Company or a Subsidiary in favor of the United States of America or any state thereof, or in favor of any other country, or in favor of any political subdivision of any of the foregoing, to secure certain payments pursuant to any contract or statute or to secure any Indebtedness incurred or guaranteed for the purpose of financing all or any part of the purchase price (or, in the case of real property, the cost of construction) of the assets subject to such Liens (including, but not limited to, Liens incurred in connection with industrial revenue or similar financing involving a political subdivision, agency or authority thereof); (v) Liens relating to accounts receivable of the Company or any of its Subsidiaries which have been sold, assigned or otherwise transferred to another Person in a transaction classified as a sale of accounts receivable in accordance with GAAP (to the extent the sale by the Company or the applicable Subsidiary is deemed to give rise to a Lien in favor of the purchaser thereof in such accounts receivable or the proceeds thereof); or (vi) any other Permitted Lien. Notwithstanding the above, the Company or any Subsidiary may, without securing the Notes, create or assume any Indebtedness which is secured by a Lien that would otherwise be subject to the foregoing restrictions, provided, that after giving effect thereto the Exempted Debt (other than Attributable Indebtedness in respect of Sale and Leaseback Transactions involving leases not exceeding five years) then outstanding does not exceed 10% of the total Consolidated Tangible Assets at such time.

Limitation on Sale and Leaseback Transactions. Sale and Leaseback Transactions (except such transactions involving leases not exceeding five years) by the Company or any Subsidiary of any assets are prohibited unless (i) the Company or such Subsidiary would be entitled pursuant to clauses (i) through (vi) contained in the covenant described under "-- Certain Covenants of the Company After the Fall-Away Event -- Limitations on Liens", to create, incur or permit to exist a lien on the assets to be leased in an amount at least equal to the Attributable Debt in respect of such transaction without equally and ratably securing the Notes, or (ii) the proceeds from the sale of the assets to be

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

leased are at least equal to their fair market value and the proceeds are applied to the purchase or acquisition (or, in the case of real property, the construction) of assets or to the retirement of indebtedness.

33

Limitations on Mergers and Consolidations. The Company will not consolidate with or merge into any other Person, or convey, transfer or lease its properties and assets substantially as an entirety to any other Person, and the Company shall not permit any other Person to consolidate with or merge into the Company or convey, transfer or lease its properties and assets substantially as an entirety to the Company, unless (a) either the Company shall be the continuing corporation, or the successor entity (if other than the Company) formed by such consolidation or merger or into which the properties and assets of the Company substantially as an entirety are transferred or leased shall be a corporation, partnership, limited liability company or trust organized and existing under the laws of the United States of America, any State thereof or the District of Columbia and shall expressly assume, by a supplemental indenture, executed and delivered to the Trustee, in a form satisfactory to the Trustee, all the obligations of the Company under the Notes and the Indenture, and (b) immediately after giving effect to such transaction and treating any Indebtedness that becomes an obligation of the Company or a Subsidiary as a result of such transaction as having been incurred by the Company or such Subsidiary at the time of such transaction, no Default or Event of Default shall have occurred and be continuing. Upon assumption of the Company's obligations by an entity to whom such assets are transferred or leased, subject to certain exceptions, the Company shall be discharged from all obligations under the Notes and the Indenture.

There are no covenants or other provisions in the Indenture providing for a put at the option of the holders of the Notes or an increase in the rate of interest borne by the respective Notes or that would otherwise afford holders of any of the Notes protection in the event of a recapitalization transaction or a highly leveraged transaction.

EVENTS OF DEFAULT

An "Event of Default" means any one of the following events which shall have occurred and be continuing (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(i) default in the payment of any installment of interest upon any of the Notes as and when the same shall become due and payable, and continuance of such default for a period of 30 days;

(ii) default in the payment of all or any part of the principal, or premium, if any, on any of the Notes as and when the same shall become due and payable either at its Stated Maturity, upon any redemption, by declaration or otherwise;

(iii) failure by the Company to comply with its then applicable obligations or covenants described under the captions "-- Change of Control", "-- Certain Covenants of the Company Before the Fall-Away Event -- Limitations on Asset Sales" or "-- Limitations on Mergers and Consolidations";

(iv) failure on the part of the Company duly to observe or perform any other of the covenants or agreements on the part of the Company in the

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Notes or the Indenture (other than the covenants referred to in clauses (i), (ii) and (iii) above) for a period of 60 days after the date on which written notice specifying such failure, stating that such notice is a "Notice of Default" under the Indenture and demanding that the Company remedy the same, shall have been given by registered or certified mail, return receipt requested, to the Company by the Trustee, or to the Company and the Trustee by the holders of at least 25% in aggregate principal amount of the outstanding Notes;

(v) default under any bond, debenture, note or other evidence of indebtedness for money borrowed by the Company or any Subsidiary of the Company or under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by the Company or any Subsidiary of the Company, whether such Indebtedness now exists or shall hereafter be created, if (i) such default results in such Indebtedness becoming or being declared due and payable prior to the date on which it would otherwise become due and payable, (ii) the

34

principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness which has been so accelerated, aggregates \$25,000,000 or more at any one time outstanding and (iii) such Indebtedness is not discharged, or such acceleration is not rescinded or annulled, within a period of 10 days after there shall have been given to the Company by the Trustee or to the Company and the Trustee by the holders of at least 25% in aggregate principal amount of the outstanding Notes a written notice specifying such default and requiring the Company to cause such Indebtedness to be discharged or cause such acceleration to be rescinded or annulled; or

(vi) certain events of bankruptcy, insolvency or reorganization involving the Company or any Significant Subsidiary of the Company.

If an Event of Default (other than an Event of Default specified in clause (vi) above relating to the Company) shall have occurred and be continuing under the Indenture, the Trustee, by written notice to the Company, or the Holders of at least 25% in aggregate principal amount of the Notes then outstanding by written notice to the Company and the Trustee, may declare all amounts owing under the Notes to be due and payable. Upon effectiveness of such acceleration, the aggregate principal of, premium, if any, and interest on the outstanding Notes shall immediately become due and payable. If an Event of Default specified in clause (vi) above relating to the Company occurs, all outstanding Notes shall become due and payable without any further action or notice.

In certain cases, the Holders of a majority in aggregate principal amount of the Notes then outstanding may waive an existing Default or Event of Default and its consequences, except a default in the payment of principal of, premium, if any, and interest on the Notes.

The Holders may not enforce the provisions of the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, Holders of a majority in principal amount of the Notes then outstanding may direct the Trustee in its exercise of any trust or power; provided, however, that such direction does not conflict with the terms of the Indenture. The Trustee may withhold from the Holders notice of any continuing Default or Event of Default (except any Default or Event of Default in payment of principal of or premium, if any, or interest on the Notes or failure to comply with the then applicable "Limitations on Mergers and Consolidations" covenant) if the Trustee determines

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

that withholding such notice is in the Holders' interest.

The Company is required to deliver to the Trustee annually, within 90 days after the end of each fiscal year, a statement regarding compliance with the Indenture and, upon any Officer of the Company becoming aware of any Default or Event of Default, a statement specifying such Default or Event of Default and what action the Company is taking or proposes to take with respect thereto.

SATISFACTION AND DISCHARGE OF INDENTURE; DEFEASANCE

The Company may, at its option by a resolution of the Board of Directors, at any time, elect to have the obligations of the Company discharged with respect to the outstanding Notes ("Legal Defeasance") under the Indenture. Such defeasance means that the Company will be deemed to have paid and discharged the entire Indebtedness represented by the outstanding Notes and to have satisfied all its other obligations under the Notes and the Indenture insofar as the Notes are concerned except for

(i) the rights of Holders of the outstanding Notes to receive payments in respect of the principal of, premium, if any, and interest on the Notes when such payments are due on the Stated Maturity thereof (or, upon redemption, if applicable) from the trust fund established to effect such defeasance,

(ii) the Company's obligations to issue temporary Notes, register the transfer or exchange of any such Notes, replace mutilated, destroyed, lost or stolen Notes, maintain an office or agency for payments in respect of such Notes and segregate and hold such payments in trust,

(iii) the rights, powers, trusts, duties and immunities of the Trustee and

35

(iv) the defeasance provisions of the Indenture.

In addition, the Company may, at its option by a resolution of the Board of Directors, at any time, elect to have the obligations of the Company released with respect to certain covenants set forth in the Indenture, and any omission to comply with such obligations will not constitute a Default or an Event of Default, with respect to the Notes ("Covenant Defeasance").

In order to exercise either Legal Defeasance or Covenant Defeasance under the Indenture:

(i) the Company must irrevocably deposit or cause to be deposited with the Trustee, as trust funds in trust, specifically pledged as security for, and dedicated solely to, the benefit of the Holders, cash in U.S. dollars, or U.S. government obligations, or, in the case of Covenant Defeasance, corporate obligations rated at least "A" by S&P or at least "A" by Moody's or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay and discharge the principal of, premium, if any, and interest on the outstanding Notes on the Stated Maturity thereof (or upon redemption, if applicable) of such principal, premium, if any, or installment of interest;

(ii) no Default or Event of Default with respect to the Notes will have occurred and be continuing on the date of such deposit or, insofar as an event of bankruptcy under clause (vi) of "-- Events of Default"

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

above is concerned, at any time during the period ending on the 91st day after the date of such deposit;

(iii) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, the Indenture or any material agreement or instrument to which the Company is a party or by which it is bound;

(iv) in the case of Legal Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel stating that the Company has received from, or there has been published by, the Internal Revenue Service a ruling, or since the Issue Date there has been a change in applicable federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;

(v) in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel to the effect that the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred; and

(vi) the Company shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for relating to either the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

TRANSFER AND EXCHANGE

A Holder will be able to register the transfer of or exchange Notes only in accordance with the provisions of the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and to pay any taxes and fees required by law or permitted by the Indenture. Without the prior consent of the Company, the Registrar is not required

(i) to register the transfer of or exchange any Note selected for redemption,

(ii) to register the transfer of or exchange any Note for a period of 15 days before the mailing of a notice of redemption and ending on the date of such mailing or

36

(iii) to register the transfer or exchange of a Note between a record date and the next succeeding interest payment date.

The registered Holder will be treated as the owner of such Note for all purposes.

AMENDMENT, SUPPLEMENT AND WAIVER

Subject to certain exceptions, the Indenture or the Notes may be amended or

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

supplemented with the consent (which may include consents obtained in connection with a tender offer or exchange offer for the Notes) of the Holders of a majority in principal amount of the Notes then outstanding, and any existing Default under, or compliance with any provision of, the Indenture may be waived (other than any continuing Default or Event of Default in the payment of the principal of, premium, if any, or interest on the Notes) with the consent (which may include consents obtained in connection with a tender offer or exchange offer for the Notes) of the Holders of a majority in principal amount of the Notes then outstanding; provided that without the consent of each Holder affected, the Company and the Trustee may not:

(i) change the Stated Maturity of the principal of, or any installment of interest on, such Note or alter the optional redemption provisions thereof;

(ii) reduce the principal amount of, or premium, if any, or interest on, such Note or extend the time of payments under the Notes;

(iii) modify the ranking of the Notes in a manner adverse to the Holder;

(iv) change the place or currency of payment of principal of, or premium, if any, or interest on, such Note;

(v) alter the provisions with respect to the obligation of the Company to make a Change of Control Offer in accordance with "-- Change of Control" above or to make an Asset Sale Offer in accordance with "--Certain Covenants of the Company Before the Fall-Away Event -- Limitations on Asset Sales" above;

(vi) impair the right to institute suit for the enforcement of any payment on or with respect to such Note; or

(vii) reduce the percentage in principal amount of outstanding Notes, the consent of whose Holders is required for modification or amendment of the Indenture or for waiver of compliance with certain provisions of the Indenture or for waiver of certain Defaults or Events of Default.

Without the consent of any Holder, the Company and the Trustee may amend or supplement the Indenture or the Notes:

(i) to cure any ambiguity, or to correct or supplement any provision in the Indenture or the Notes or make any other provisions with respect to matters or questions arising under the Indenture or the Notes; provided that, in each case, such provisions shall not adversely affect the interest of the Holders;

(ii) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(iii) to provide for the assumption by a successor corporation of the Company's obligations under the Indenture;

(iv) to add guarantees with respect to the Notes;

(v) to secure the Notes;

(vi) to add to the covenants of the Company or the Events of Default for the benefit of Holders;

(vii) to surrender any right or power conferred on the Company; or

(viii) to make any other change that does not adversely affect the rights of any Holder or to comply with any requirement of the Commission in connection with the qualification of the Indenture under the Trust Indenture Act.

It will not be necessary under the Indenture for the consent of Holders to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. The Company may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to consent to any amendment, supplement or waiver. If a record date is fixed, then those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to revoke any consent previously given, whether or not such Persons shall continue to be Holders after such record date.

CONCERNING THE TRUSTEE

The Bank of Nova Scotia Trust Company of New York is the Trustee under the Indenture and has been appointed by the Company as Registrar and Paying Agent with regard to the Notes. The Indenture provides that if the Trustee acquires a "conflicting interest" within the meaning of the Trust Indenture Act, it must eliminate such conflict or resign.

The Holders of a majority in principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee with respect to the Notes, subject to certain exceptions. The Indenture provides that, in case an Event of Default occurs and is not cured, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in similar circumstances in the conduct of his or her own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to the Trustee.

GOVERNING LAW

The Indenture and the Notes provide that they will be governed by, and construed in accordance with, the laws of the State of New York.

BOOK-ENTRY; DELIVERY AND FORM

The Private Notes are, and the Exchange Notes will be, represented by one or more global notes (the "Global Notes") in definitive form. The Global Notes representing Exchange Notes will be deposited upon issuance with, or on behalf of, DTC and registered in the name of Cede & Co., as nominee of DTC (such nominee being referred to herein as the "Global Note Holder"). DTC will maintain the Notes in denominations of \$1,000 and integral multiples of \$1,000 through its book-entry facilities.

DTC has advised the Company as follows:

DTC is a limited-purpose trust company organized under the laws of the State of New York and is a "banking organization" within the meaning of the New York Banking Law. DTC is a member of the Federal Reserve System and is both a "clearing corporation" within the meaning of the New York Uniform Commercial Code, as amended, and a "clearing agency" registered pursuant to Section 17A of the Exchange Act. DTC was created to hold securities for its participating

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

organizations, including Euroclear Bank as operator of The Euroclear System ("Euroclear") and Clearstream Banking, societe anonyme ("Clearstream") (collectively, the "Participants" or the "Depository's Participants"), and to facilitate the clearance and settlement of transactions in these securities between Participants through electronic book-entry changes in accounts of its Participants. The Depository's Participants include securities brokers and dealers (including the initial purchasers), banks and trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies

38

(collectively, the "Indirect Participants" or the "Depository's Indirect Participants") that clear through or maintain a custodial relationship with a Participant, either directly or indirectly. Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Depository's Participants or the Depository's Indirect Participants. Pursuant to procedures established by DTC, ownership of the Notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC (with respect to the interests of the Depository's Participants) and the records of the Depository's Participants (with respect to the interests of the Depository's Indirect Participants).

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer the Notes will be limited to such extent.

So long as the Global Note Holder is the registered owner of any Notes, the Global Note Holder will be considered the sole holder of outstanding Notes represented by such Global Notes under the Indenture. Except as provided below, owners of Notes will not be entitled to have Notes registered in their names and will not be considered the owners or holders thereof under the Indenture for any purpose, including with respect to the giving of any directions, instructions, or approvals to the Trustee thereunder. Neither the Company nor the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of Notes by DTC, or for maintaining, supervising or reviewing any records of DTC relating to such Notes.

Payments in respect of the principal of, premium, if any, and interest on any Notes registered in the name of a Global Note Holder on the applicable record date will be payable by the Trustee to or at the direction of such Global Note Holder in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Company and the Trustee may treat the persons in whose names any Notes, including the Global Notes, are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes whatsoever. Consequently, neither the Company nor the Trustee has or will have any responsibility or liability for the payment of such amounts to beneficial owners of Notes (including principal, premium, if any, and interest). The Company believes, however, that it is currently the policy of DTC to immediately credit the accounts of the relevant Participants with such payments, in amounts proportionate to their respective beneficial interests in the relevant security as shown on the records of DTC. Payments by the Depository's Participants and the Depository's Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practice and will be the responsibility of the Depository's Participants or the Depository's Indirect Participants.

Certificated Notes will not generally be issued in exchange for beneficial interests in the Global Notes. Subject to certain conditions, however, any person having a beneficial interest in the Global Notes may, upon request to the

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Trustee and confirmation of such beneficial interest by the Depositary or its Participants or Indirect Participants, exchange such beneficial interest for Certificated Notes. Upon any such issuance, the Trustee is required to register Certificated Notes in the name of and cause the same to be delivered to, such person or persons (or the nominee of any thereof). Certificated Notes would be issued in fully registered form and would be subject to certain legal requirements. In addition, if (1) the Company notifies the Trustee in writing that DTC is no longer willing or able to act as a depositary and the Company is unable to locate a qualified successor within 90 days or (2) the Company, at its option, notifies the Trustee in writing that it elects to cause the issuance of Notes in definitive form under the Indenture, then, upon surrender by the relevant Global Note Holder of its Global Note, Notes in such form will be issued to each person that such Global Note Holder and DTC identifies as being the beneficial owner of the related Notes.

Neither the Company nor the Trustee will be liable for any delay by the Global Note Holder or DTC in identifying the beneficial owners of Notes, and the Company and the Trustee may conclusively rely on, and will be protected in relying on, instructions from the Global Note Holder or DTC for all purposes.

39

CERTAIN DEFINITIONS

Set forth below is a summary of certain of the defined terms used in the Indenture. Reference is made to the Indenture for the full definition of all such terms used in the Indenture.

"Acquired Indebtedness" means (i) with respect to any Person that becomes a Subsidiary of the Company after the Issue Date, Indebtedness of such Person and its Subsidiaries existing at the time such Person becomes a Subsidiary of the Company and (ii) with respect to the Company or any of its Subsidiaries, any Indebtedness assumed by the Company or any of its Subsidiaries in connection with the acquisition of an asset from another Person.

"Affiliate" of any specified Person means any other Person directly or indirectly controlling, controlled by or under direct or indirect common control with such specified Person. For the purposes of this definition, "control" when used with respect to any specified Person means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise, and the terms "controlling" and "controlled" have meanings correlative to the foregoing.

"Asset Sale" for any Person means the sale, lease, conveyance or other disposition (including, without limitation, by merger or consolidation, and whether by operation of law or otherwise) of any of that Person's assets (including, without limitation, the sale or other disposition of Capital Stock of any Subsidiary of such Person, whether by such Person or by such Subsidiary), whether owned on the Issue Date or subsequently acquired, in one transaction or a series of related transactions, in which such Person and/or its Subsidiaries sell, lease, convey or otherwise dispose of:

(i) all or substantially all of the Capital Stock of any of such Person's Subsidiaries,

(ii) assets which constitute all or substantially all of any division or line of business of such Person or any of its Subsidiaries, or

(iii) any other assets of such Person or any of its Subsidiaries, other than in the ordinary course of business, provided, that the Fair

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Market Value thereof shall be at least 1% of Consolidated Tangible Assets at such time;

provided, however, that the following shall not constitute Asset Sales:

(a) transactions between the Company and any of its Wholly Owned Subsidiaries or among such Wholly Owned Subsidiaries;

(b) any transaction not prohibited by the covenant described under "-- Certain Covenants of the Company Before the Fall-Away Event -- Limitations on Restricted Payments" or that constitutes a Permitted Investment;

(c) any transfer of assets (including Capital Stock) that is governed by and in accordance with the provisions described under "-- Certain Covenants of the Company Before the Fall-Away Event -- Limitations on Mergers and Consolidations" or the creation of any Lien not prohibited by the covenant described under "-- Certain Covenants of the Company Before the Fall-Away Event -- Limitations on Liens"; or

"Securities Act" means the Securities Act of 1933.

"Significant Subsidiary" means a Subsidiary of the Company which at the time of determination either (i) had tangible assets which, as of the Company's most recent quarterly consolidated balance sheet, constituted at least 5% of Consolidated Tangible Assets as of such date, or (ii) had revenues for the 12-month period ending on the date of the Company's most recent quarterly consolidated statement of income which constituted at least 5% of the Company's total consolidated revenues for such period.

"Stated Maturity" when used with respect to any security or any installment of interest thereon, means that date specified in such security as the fixed date on which the principal of such security or such installment of interest is due and payable.

"Subordinated Indebtedness" of any Person means any Indebtedness of such Person that is subordinated in right of payment to the Notes.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

"Subsidiary" of any Person means (i) any corporation of which Common Equity having ordinary voting power to elect a majority of the directors of such corporation is owned by such Person directly or through one or more other Subsidiaries of such Person and (ii) any entity other than a corporation in which such Person, directly or indirectly, owns at least 50% of the Common Equity of such entity and has the authority to manage such entity on a day-to-day basis.

"Weighted Average Life to Maturity" means, when applied to any Indebtedness or portion thereof at any date, the number of years obtained by dividing (i) the then outstanding principal amount of such Indebtedness or portion thereof (if applicable) into (ii) the sum of the products obtained by multiplying (a) the amount of each then remaining installment, sinking fund, serial maturity or other required payment of principal, including payment at final maturity, in respect thereof, by (b) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment.

"Wholly Owned Subsidiary" of any Person means (i) a Subsidiary of which 100% of the Common Equity (except for director's qualifying shares or certain minority interests owned by other Persons solely due to local law requirements that there be more than one stockholder, but which interest is not in excess of what is required for such purpose) is owned directly by such Person or through one or more other Wholly Owned Subsidiaries of such Person and (ii) any entity other than a corporation in which such Person, directly or indirectly, owns all of the Common Equity of such entity.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE EXCHANGE

The following is a general discussion of the material United States federal income tax considerations generally applicable to the exchange offer that are relevant to holders of Private Notes. This discussion is based upon the Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations, Internal Revenue Service ("IRS") rulings, and judicial decisions now in effect, all of which are subject to change (possibly with retroactive effect) or different interpretations.

This discussion does not deal with all aspects of United States federal income taxation that may be important to holders of Notes, and does not deal with tax consequences arising under the laws of any foreign, state or local jurisdiction. This discussion is for general information only, and does not purport to address all tax consequences that may be important to particular holders in light of their personal circumstances, or to certain types of holders (such as certain financial institutions, insurance companies, tax-exempt entities, dealers in securities or persons who hold the Exchange Notes in connection with a straddle, hedge, conversion transaction or constructive sale transaction or any similar or hybrid financial instrument or United States persons whose functional currency is not the U.S. dollar) that may be subject to special rules. This discussion assumes that each holder holds the Notes as a capital asset within the meaning of section 1221 of the Code.

For the purpose of this discussion, a "Non-U.S. Holder" refers to any beneficial owner of a Note who is not a United States person. The term "United States person" means a citizen or resident of the United States, a corporation or partnership (including any entity taxed as a partnership for United States federal income tax purposes) organized in the United States or any state thereof, an estate, the income of which is includible in income for United States federal income tax purposes regardless of its source, or a trust if (i) a

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

court within the United States is able to exercise primary supervision over the administration of the trust and (ii) one or more United States persons have the authority to control all substantial decisions of the trust. In addition, the term "Non-U.S. Holder" does not include a trust which has elected under applicable Treasury Regulations to retain its pre-August 20, 1996 classification as a United States person.

HOLDERS OF THE PRIVATE NOTES ARE URGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES OF PARTICIPATING IN THE EXCHANGE OFFER AND OF OWNING AND DISPOSING OF EXCHANGE NOTES AND THE EFFECT THAT THEIR PARTICULAR CIRCUMSTANCES MAY HAVE ON SUCH TAX CONSEQUENCES.

CONSEQUENCES OF THE EXCHANGE OFFER TO EXCHANGING AND NONEXCHANGING HOLDERS

The exchange of a Private Note for an Exchange Note pursuant to the exchange offer will not constitute a taxable exchange for United States federal income tax purposes because the Exchange Note will not be considered to differ materially in kind or extent from the Private Note exchanged therefor. Accordingly, the Exchange Note will be treated for United States federal income tax purposes as a continuation of the Private Note in your hands, with the result that (i) you will not recognize any gain or loss on the exchange; (ii) the holding period for the Exchange Note will include the holding period for the Private Note for which it was exchanged; and (iii) the adjusted tax basis of the Exchange Note immediately after the exchange will be the same as the adjusted tax basis of the Private Note for which it was exchanged.

The exchange offer will not have any United States federal income tax consequences to a nonexchanging holder of Private Notes.

TAX CONSIDERATIONS APPLICABLE TO UNITED STATES PERSONS

Interest on Exchange Notes. Interest paid on the Exchange Notes will be taxable to a holder as ordinary interest income at the time that such interest is accrued or (actually or constructively) received in accordance with the holder's method of tax accounting and in the amount of each payment.

51

Sale or Exchange of Exchange Notes. In general, a holder of the Exchange Notes will recognize gain or loss upon the sale, redemption, retirement or other disposition of the Exchange Notes measured by the difference between the amount of cash and the fair market value of any property received (except to the extent attributable to the payment of accrued interest, which will be taxable as such) and the holder's adjusted tax basis in the Exchange Notes. A holder's adjusted tax basis in the Exchange Notes generally will equal the cost of the Private Notes to the holder increased by the amount of market discount, if any, previously taken into income by the holder or decreased by any bond premium theretofore amortized by the holder with respect to the Notes. Subject to the market discount rules discussed below, the gain or loss on the disposition of the Exchange Notes will be capital gain or loss and will be long-term capital gain or loss if the Exchange Notes have been held for more than one year at the time of such disposition.

Market Discount. The resale of the Exchange Notes may be affected by the "market discount" provisions of the Code. For this purpose, but subject to a de minimis exception, the market discount on an Exchange Note will generally be equal to the amount, if any, by which the stated redemption price at maturity of the Private Note exceeds the holder's tax basis in the Private Note immediately after its acquisition. Unless the election described below is made to include

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

accrued market discount in income currently, these provisions generally require a holder of a Private Note acquired at a market discount to treat as ordinary income any gain recognized on the disposition of the Exchange Note received in the exchange offer to the extent of the "accrued market discount" on the Exchange Note at the time of disposition. In general, market discount on a Note will be treated as accruing on a straight-line basis over the term of the Note, or, at the election of the holder, under a constant yield method. Holders may elect to include accrued market discount in income currently with respect to all market discount bonds acquired on or after the first day of the first taxable year for which the election is effective and for any such bond on either a straight-line or constant yield basis. In the absence of such election, a holder of Notes acquired at a market discount may be required to defer the deduction of a portion of the interest on any indebtedness incurred or maintained to purchase or carry the Private Notes or the Exchange Notes until the Exchange Notes are disposed of in a taxable transaction.

TAX CONSIDERATIONS APPLICABLE TO NON-U.S. HOLDERS

Interest on Exchange Notes. Generally, and assuming certain certification requirements are satisfied (which include identification of the beneficial owner of Exchange Notes), interest paid on the Exchange Notes to a Non-U.S. Holder will not be subject to United States federal income tax if: (i) such interest is not effectively connected with the conduct of a trade or business within the United States by such Non-U.S. Holder and (ii) the Non-U.S. Holder does not actually or constructively own 10% or more of the total voting power of all classes of stock of the Company entitled to vote, is not a bank receiving interest pursuant to a loan agreement entered into in the ordinary course of its trade or business and is not a controlled foreign corporation with respect to which the Company is a "related person" within the meaning of the Code.

The certification requirements mentioned above generally require that either (i) the beneficial owner of an Exchange Note certify to us (or our paying agent) that such beneficial owner is a Non-U.S. Holder and provide such owner's name, address and taxpayer identification number, if any, or (ii) a securities clearing organization, bank or other financial institution that holds customer securities in the ordinary course of its trade or business and holds the Exchange Note on behalf of the beneficial owner certifies that such certificate has been received from the beneficial owner and a copy of such certificate is furnished to us (or our paying agent). Applicable Treasury Regulations also provide alternative methods for satisfying the certification requirements. These regulations also require, in the case of Exchange Notes held by a foreign partnership, that (i) the certification be provided by the partners rather than by the foreign partnership and (ii) the partnership provide certain information, including a U.S. taxpayer identification number (if required). A look-through rule applies in the case of tiered partnerships.

A holder that is not exempt from tax under these rules will be subject to United States federal income tax withholding at a rate of 30% unless the interest is effectively connected with the conduct of a United States trade or business, in which case the interest will be subject to the United States federal

income tax on net income that applies to United States persons generally. Corporate Non-U.S. Holders that receive interest income that is effectively connected with the conduct of a trade or business within the United States may also be subject to an additional "branch profits" tax on such income. Non-U.S. Holders should consult applicable income tax treaties, which may provide different rules.

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

Sale or Exchange of Exchange Notes. A Non-U.S. Holder generally will not be subject to United States federal income tax on gain recognized upon the sale or other disposition of the Exchange Notes unless (i) the gain is effectively connected with the conduct of a trade or business within the United States by the Non-U.S. Holder; (ii) in the case of a Non-U.S. Holder who is a nonresident alien individual and holds the Exchange Notes as a capital asset, such holder is present in the United States for 183 or more days in the taxable year and certain other circumstances are present; or (iii) the Non-U.S. Holder is subject to tax pursuant to the provisions of United States federal income tax law applicable to certain United States expatriates. Corporate Non-U.S. Holders recognizing effectively connected gain may also be subject to an additional "branch profits" tax on such gain. Non-U.S. Holders should consult applicable income tax treaties, which may provide different rules.

Federal Estate Tax. An Exchange Note beneficially owned by an individual who is not domiciled in the United States for United States federal estate tax purposes at the time of his or her death generally will not be subject to United States federal estate tax as a result of such individual's death, provided that (i) such individual does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote within the meaning of section 871(h)(3) of the Code and (ii) interest payments with respect to such Exchange Note would not have been, if received at the time of such individual's death, effectively connected with the conduct of a United States trade or business by such individual.

INFORMATION REPORTING AND BACKUP WITHHOLDING

United States Persons. Information reporting and backup withholding may apply to payments of interest on or the proceeds of the sale or other disposition of the Exchange Notes with respect to certain non-corporate United States persons. Such United States persons generally will be subject to backup withholding unless the recipient of the payment supplies a taxpayer identification number, certified under penalties of perjury, as well as certain other information, or otherwise establishes, in the manner prescribed by law, an exemption from backup withholding. Any amount withheld under backup withholding is allowable as a credit against the United States person's federal income tax, upon furnishing the required information to the IRS.

Non-U.S. Holders. Generally, information reporting and backup withholding of United States federal income tax may apply to payments of principal, interest and premium (if any) to Non-U.S. Holders if the payee fails to certify that the holder is not a United States person or if the Company or its paying agent has actual knowledge that the payee is a United States person. The backup withholding tax generally will not apply to interest paid to Non-U.S. Holders outside the United States that are subject to 30% withholding as discussed above (see "Tax Considerations Applicable to Non-U.S. Holders-Interest on Exchange Notes") or that perfect their eligibility for the benefits of a tax treaty that reduces or eliminates such withholding.

The payment of the proceeds on the disposition of the Exchange Notes to or through the United States office of a United States or foreign broker will be subject to information reporting and backup withholding unless the owner provides the certification described above or otherwise establishes an exemption. The payment of the proceeds of the disposition by a Non-U.S. Holder of the Exchange Notes to or through a foreign office of a broker will not be subject to backup withholding. However, if such broker is a United States person, a controlled foreign corporation for United States tax purposes, a foreign person 50% or more of whose gross income from all sources for certain periods is from activities that are effectively connected with a United States trade or business or a foreign partnership in which United States persons hold more than 50% of the income or capital interests or which is engaged in a United

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

States trade or business at any time during its tax year, information reporting will apply unless the broker has documentary evidence of the owner's foreign status as a

53

Non-U.S. Holder and has no actual knowledge to the contrary or unless the owner otherwise establishes an exemption. Both backup withholding and information reporting may apply to the proceeds from the disposition if the broker has actual knowledge that the payee is a United States person.

PLAN OF DISTRIBUTION

Each broker-dealer that receives Exchange Notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of the Exchange Notes. Broker-dealers may use this prospectus, as it may be amended or supplemented from time to time, in connection with the resale of Exchange Notes received in exchange for Private Notes where the broker-dealer acquired the Private Notes as a result of market-making activities or other trading activities. We have agreed that for a period of up to 180 days after the date on which the registration statement is declared effective (subject to extension under certain circumstances), we will make this prospectus, as amended or supplemented from time to time, available to any broker-dealer that requests it in the letter of transmittal for use in connection with any such resale.

We will not receive any proceeds from any sale of Exchange Notes by broker-dealers or any other persons. Broker-dealers may sell Exchange Notes received by broker-dealers for their own account pursuant to the exchange offer from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the Exchange Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to the prevailing market prices or negotiated prices. Broker-dealers may resell Exchange Notes directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any broker-dealer and/or the purchasers of the Exchange Notes. Any broker-dealer that resells Exchange Notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of the Exchange Notes may be deemed to be "underwriters" within the meaning of the Securities Act, and any profit on any resale of Exchange Notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

We have agreed to pay all expenses incident to our performance of, or compliance with, the registration rights agreement by and among us and the initial purchasers of the Private Notes and will indemnify you against liabilities under the Securities Act.

By its acceptance of the exchange offer, any broker-dealer that receives Exchange Notes pursuant to the exchange offer agrees to notify us before using the prospectus in connection with the sale or transfer of Exchange Notes. The broker-dealer further acknowledges and agrees that, upon receipt of notice from us of the happening of any event which makes any statement in the prospectus untrue in any material respect or which requests the making of any changes in the prospectus to make the statements in the prospectus not misleading or which may impose upon us disclosure obligations that may have a material adverse effect on us, which notice we agree to deliver promptly to the broker-dealer,

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

the broker-dealer will suspend use of the prospectus until we have notified the broker-dealer that delivery of the prospectus may resume and have furnished copies of any amendment or supplement to the prospectus to the broker-dealer.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 20. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Section 102(b)(7) of the Delaware General Corporation Law ("DGCL") grants corporations the right to limit or eliminate the personal liability of their directors in certain circumstances in accordance with provisions therein set forth. Article NINTH of the Company's Restated Certificate of Incorporation contains a provision eliminating or limiting director liability to the Company and its stockholders for monetary damages arising from acts or omissions in the director's capacity as a director. The provision does not, however, eliminate or limit the personal liability of a director (i) for any breach of such director's duty of loyalty to the Company or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under the Delaware statutory provision making directors personally liable, under a negligence standard, for unlawful dividends or unlawful stock purchases or redemptions, or (iv) for any transaction from which the director derived an improper personal benefit. This provision offers persons who serve on the Board of Directors of the Company protection against awards of monetary damages resulting from breaches of their duty of care (except as indicated above). As a result of this provision, the ability of the Company or a stockholder thereof to successfully prosecute an action against a director for a breach of his or her duty of care is limited. However, the provision does not affect the availability of equitable remedies such as an injunction or rescission based upon a director's breach of his or her duty of care. The SEC has taken the position that the provision will have no effect on claims arising under the Federal securities laws.

Section 145 of the DGCL grants corporations the right to indemnify their directors, officers, employees and agents in accordance with the provisions therein set forth. Article NINTH of the Company's Restated Certificate of Incorporation and Article IX of the Company's By-laws provide for mandatory

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

indemnification rights, subject to limited exceptions, to any director, officer, employee, or agent of the Company who, by reason of the fact that he or she is a director, officer, employee, or agent of the Company, is involved in a legal proceeding of any nature. Such indemnification rights include reimbursement for expenses incurred by such director, officer, employee, or agent in advance of the final disposition of such proceeding in accordance with the applicable provisions of the DGCL.

The Company has entered into agreements with all of its directors and its executive officers pursuant to which the Company has agreed to indemnify such directors and executive officers against liability incurred by them by reason of their services as a director or executive officer to the fullest extent allowable under applicable law.

ITEM 22. UNDERTAKINGS.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of this registration statement through the date of responding to the request.

The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in this registration statement when it became effective.

II-2

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

Edgar Filing: HEALTHSOUTH CORP - Form S-4/A

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

II-3

SIGNATURES

Pursuant to the requirements of the Securities Act, the Registrant has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Birmingham, State of Alabama, on August 22, 2002.
