**PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JANUARY 10, 2003**

General Information

This proxy statement is furnished to stockholders of Appiant Technologies Inc., a Delaware corporation (the "Company"), in connection with the solicitation by the Company's board of directors (the "Board" or "Board of Directors") of proxies in the accompanying form for use in voting at the Company's annual meeting (the "Annual Meeting") of stockholders to be held on Friday, January 10, 2003, at Four Points Hotel by Sheraton, 5115 Hopyard Road, Pleasanton, California 94588, and any adjournment or postponement thereof. The shares represented by the proxies received, properly marked, dated, executed and not revoked will be voted at the Annual Meeting for the proposals set forth in the accompanying notice of annual meeting of stockholders.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is exercised by delivering to us (to the attention of Douglas S. Zorn, the Company's Secretary) a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. The Company's principal executive offices are located at 6663 Owens Drive, Pleasanton, California 94588 and the telephone number is (925) 251-3200.

Solicitation and Voting Procedures

The proxy statement and the enclosed proxy card are being mailed to the stockholders on or about December 20, 2002. This proxy statement and the accompanying proxy card are for the use by the stockholders.

The Company's Bylaws provide that no less than one-third of all of the shares entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Shares represented by proxies that reflect abstentions and broker non-votes will be counted toward the presence of a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that item and has not received instructions from the beneficial owner. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

All expenses in connection with the solicitation of proxies will be borne by the Company. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company's common stock. The Company may conduct further solicitation personally, by telephone or by facsimile through the Company's officers, directors and regular employees, none of whom will receive additional compensation for assisting with the solicitation.

Shares Entitled to Vote and Required Vote

The Company's outstanding common stock ("Common Stock") and Series B Preferred Stock ("Preferred Stock") constitute the only classes of securities entitled to notice of, or to vote at, the Annual Meeting.

Stockholders of record of the Common Stock and the Preferred Stock at the close of business on December 10, 2002 (the Record Date) are entitled to notice of, and to vote at, the Annual Meeting. On Record Date, there were shares of the Company's Common Stock and shares of the Company's Preferred Stock issued and outstanding. Each share of Common Stock entitles the holder to one vote on each matter which may come before the Annual Meeting. Each share of Preferred Stock entitles the holder to one vote for each share of Common Stock into which such Preferred Stock could then be converted.

Prior to the Annual Meeting, the Company will select an inspector of election for the Annual Meeting. Such inspector shall determine the number of shares represented at the Annual Meeting, the existence of a quorum and the validity and effect of proxies, and shall receive, count and tabulate ballots and votes and determine the results thereof. Such inspector may be assisted by an automated system administered by the Company's transfer agent to tabulate votes cast by proxy at the Annual Meeting, and one of the Company's officers will tabulate votes cast in person at the Annual Meeting.

The nominees for directors will be elected by a plurality of all the votes cast at the Annual Meeting. Accordingly, abstentions as to the election of directors will not affect the election of the candidates receiving a plurality of votes. The approval of Proposals 2 and 3 will require the affirmative vote of a majority of all the outstanding shares present or represented and entitled to vote at the Annual Meeting.

Abstentions are treated as shares present or represented and entitled to vote for the purposes of determining whether a matter has been approved by the stockholders and therefore have the same effect as negative votes. Broker non-votes and shares as to which proxy authority has been withheld with respect to any matter are not deemed to be entitled to vote for purposes of determining whether stockholder approval of that matter has been obtained. Accordingly, as to Proposals 2 and 3, whose approval requires the affirmative vote of a majority of the shares present and entitled to vote, broker non-votes and shares as to which proxy authority has been withheld shall have no effect.

If less than a quorum, one-third of the shares entitled to vote, are represented at the Annual Meeting, the chairman of the Annual Meeting may adjourn the Annual Meeting to another date, time or place until a quorum is present. Notice need not be given of the new date, time or place if the new date, time or place is announced at the Annual Meeting before an adjournment is taken and such new date is within thirty (30) days of the original Annual Meeting date.

The shares represented by properly executed proxy cards will be voted at the Annual Meeting as indicated or, if no instructions are given, in favor of Proposals 1, 2 and 3. The Company does not presently know of any other business that may come before the Annual Meeting.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

At the Annual Meeting, five directors are to be elected to hold office until the 2003 annual meeting of stockholders or until their successors have been elected and qualified. The five nominees for election as directors are listed below. Meetings and Committees of the Board of Directors

The Company's Board of Directors held a total of twenty-four meetings during the fiscal year ended September 30, 2001. During the fiscal year ended September 30, 2001, no director attended fewer than 75% of the number of meetings of the Board of Directors and each committee of the Board of Directors of which he was a member held during the period he served on the board of directors.

The Audit Committee of the Company's Board of Directors consisted of Messrs. Allen Jacobson, Robert Schmier and Bruce Walko during the fiscal year ending September 30, 2001. The Audit Committee met four times during the fiscal year ended September 30, 2001.

The Board of Directors approved a charter for the Audit Committee, a copy of which was attached as Appendix B to the Company's 2001 Proxy Statement. The Board has determined that all members of the Audit Committee are independent as that term is defined in Rule 4200 of the listing standards of the National Association of Securities Dealers.

The Compensation Committee of the Company's Board of Directors consisted of Messrs. Baldwin, Schmier and Walko. The Compensation Committee reviews and approves the compensation of the Company's executive officers and administers the Company's Equity Incentive Plan (the Equity Plan). The Board does not have a nominating committee or a committee performing the functions of a nominating committee. Such options have a duration of ten years from the date of grant.

Under the terms of the Company's Equity Plan, each non-employee director is entitled to receive non-qualified stock options to acquire 2,400 shares of Common Stock for each full fiscal year that such director serves on the Board of Directors. Each option granted shall be granted within 30 days following the date of the annual meeting of the Company's stockholders for the relevant year. Messrs. Walko and Baldwin, both non-employee directors who served on the board of directors for the entire year ended September 30, 2001, will be entitled to such options.

PROPOSAL 2

**RATIFICATION AND APPROVAL OF APPOINTMENT OF
INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

The Board of Directors, following the recommendation of the Audit Committee, has appointed Stonefield Josephson, Inc. to replace PricewaterhouseCoopers LLP as the independent auditors, to audit the Company's consolidated financial statements for the fiscal year ending September 30, 2002. This appointment is being presented to the stockholders for approval and ratification at the Annual Meeting. If the appointment is not ratified, the Board of Directors will reconsider its selection.

PricewaterhouseCoopers LLP has audited the Company's consolidated financial statements for the fiscal year ended September 30, 2001. Representatives of Stonefield Josephson, Inc. are expected to be present at the Annual Meeting. They will have the opportunity to address the audience at the Annual Meeting, and will be available to answer appropriate questions from stockholders.

During the fiscal year ending September 30, 2001, the Company was billed the following fees by PricewaterhouseCoopers LLP:

Audit Fees. The aggregate fees billed by PricewaterhouseCoopers LLP for professional services rendered for the audit of the Company's annual financial statements for the Company's fiscal year ended September 30, 2001 and the reviews of the financial statements included in the Company's Forms 10-Q for that fiscal year was \$245,000.

Financial Information Systems Design and Implementation Fees. No fees were billed by PricewaterhouseCoopers LLP to the Company for professional services described in Paragraph (c)(4)(ii) of Rule 2-01 of Regulation S-X (financial information systems design and implementation services).

All Other Fees. The aggregate fees billed by PricewaterhouseCoopers LLP to the Company for professional services rendered to the Company other than the Audit Fees and Financial Information Systems Design and Implementation Fees described in the preceding two paragraphs, was \$40,000.

The Audit Committee did consider whether the provision of financial information systems design and implementation services and other non-audit services is compatible with the accountants' independence and concluded that provision of financial information systems design and implementation services and other non-audit services are compatible with maintaining the independence of the Company's external auditors.

The Audit Committee has considered whether the provision of services described above under Financial Information Systems Design and Implementation Fees and All Other Fees is compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Required Vote

The affirmative vote of a majority of all of the votes present or represented and entitled to vote at the Annual Meeting is required to ratify and approve the foregoing proposal.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE RATIFICATION AND APPROVAL OF THE APPOINTMENT OF
STONEFIELD JOSEPHSON, INC. AS THE COMPANY'S INDEPENDENT AUDITORS
FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2002.**

CHANGES IN INDEPENDENT PUBLIC ACCOUNTANTS

Previous Independent Accountants

On September 6, 2000, the Company dismissed BDO Seidman LLP, which had previously served as the Company's independent accountants, and engaged PricewaterhouseCoopers LLP as the Company's new independent accountants.

The reports of BDO Seidman LLP on the financial statements for our past two fiscal years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle.

The Audit Committee of the Board of Directors participated in and approved the decision to change independent accountants.

In connection with its audits for the two most recent fiscal years and through September 6, 2000, there were no disagreements with BDO Seidman LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BDO Seidman LLP, would have caused BDO Seidman LLP to make reference thereto in their report on the financial statements for such years.

During the two most recent fiscal years and through September 6, 2000, there were no reportable events as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

We requested that BDO Seidman LLP furnish us with a letter addressed to the Commission stating whether or not it agrees with the above statements. A copy of such letter, dated September 11, 2000, is filed as Exhibit 16.1 to the Company's Form 8-K, filed with the Securities and Exchange Commission on September 12, 2000.

As stated above, the Company engaged PricewaterhouseCoopers LLP as the Company's new independent accountants as of September 6, 2000. The Audit Committee of the Board of Directors approved such engagement.

On November 13, 2002, PricewaterhouseCoopers LLP (PwC) resigned as the Company's independent accountants.

PwC's reports on our financial statements for the past two fiscal years did not contain an adverse opinion or a disclaimer of opinion nor were qualified or modified as to uncertainty, audit scope or accounting principle except that PwC's opinion on our 2001 financial statements included an explanatory paragraph expressing substantial doubt regarding our ability to continue as a going concern.

In connection with its audits for the two most recent fiscal years and through November 13, 2002, there have been no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of PwC would have caused them to make reference thereto in their report on the financial statements for such years.

During the two most recent fiscal years and through November 13, 2002, PwC has advised management and the audit committee that it had identified one material control weakness and two reportable conditions regarding the Company's internal accounting controls.

We have authorized PwC to respond fully to the inquiries of any successor independent accountants concerning this matter.

New Independent Accountants

The Board of Directors, following the recommendation of the Audit Committee, has appointed Stonefield Josephson, Inc. to replace PricewaterhouseCoopers LLP as the independent auditors, to audit the Company's consolidated financial statements for the fiscal year ending September 30, 2002. This appointment is being presented to the stockholders for approval and ratification at the Annual Meeting. If the appointment is not ratified, the Board of Directors will reconsider its selection.

PROPOSAL 3

APPROVAL OF MANAGEMENT EMPOWERMENT TO IMPLEMENT A REVERSE STOCK SPLIT

If it becomes necessary for the Company to seek a six month extension to meet NASDAQ listing requirements set forth in Marketplace Rule 4310(c)(4), the Company must meet the initial listing criteria for the SmallCap Market under Marketplace Rule 4310(c)(2)(A). This rule states that [f]or initial inclusion, the issuer shall have (i) stockholders' equity of \$5 million, (ii) market value of listed securities of \$50 million; or (iii) net income from continuing operations of \$750,000 in the most recently completed fiscal year or in two of the last three most recently completed fiscal years.

To meet such requirements, a reverse stock split may have to be implemented.

When a company engages in a reverse stock split, it substitutes one share of stock for a predetermined amount of shares of stock. It does not increase the market capitalization of the company. An example of a reverse split is the following. Assume ABC Corporation has 10,000,000 shares of common stock outstanding. Assume the market price is \$10 per share. Assume that ABC Corporation declares a 1 for 4 reverse split. After the reverse split ABC Corporation will have 1/4 as many shares outstanding or 2,500,000 shares outstanding. The stock will have a market price of \$40. If an individual investor owned 100 shares of ABC before the split at \$10 per share, he will own 25 shares at \$40 after the split. In either case, his stock will be worth \$1,000. He's no better off before or after. Except that the higher stock price should make the company more attractive to potential investors. There is no guarantee that the Company's stock will rise in price after a reverse split. However, there has been some academic research on reverse stock splits indicating that small cap stocks which reverse split their stock can generate better earnings and receive a benefit from the reverse split. For companies trying to boost their price into a range more acceptable to traders, a reverse stock split works well.

Required Vote

The affirmative vote of a majority of all of the votes present or represented and entitled to vote at the Annual Meeting is required to ratify and approve the foregoing proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF MANAGEMENT EMPOWERMENT TO IMPLEMENT A REVERSE STOCK SPLIT.

The following is a description of the material features of the Company's equity compensation plan that was not approved by the Company's stockholders:

Broad Based Stock Plan

The 2001 Broad Based Stock Plan (the "2001 Plan") was adopted by the Board of Directors in March 2001 without approval of the Company's stockholders.

The 2001 Plan is administered by the (a) the Board or (b) a Committee designated by the Board (the "Administrator"), which Committee shall be constituted in such a manner as to satisfy the Applicable Laws. Pursuant to the 2001 Plan, the Administrator is authorized under the Plan to award (the "Award") any type of arrangement to an Employee that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) an Option, a SAR or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions, or (iii) any other security with the value derived from the value of the Shares. Such Awards include, without limitation, Options, SARs, sales or bonuses of Restricted Stock, Dividend Equivalent Rights, Performance Units or Performance Shares, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

An aggregate of 500,000 shares has been reserved for the grant of stock options under the 2001 Plan, subject to increase as provided below. Subject to any required action by the stockholders of Appiant, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Award, as well as any other terms that the Administrator

determines require adjustment shall be proportionately adjusted for (i) any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Shares, or similar event affecting the Shares, (ii) any other increase or decrease in the number of issued Shares effected without receipt of consideration by Appiant, or (iii) as the Administrator may determine in its discretion, any other transaction with respect to Common Stock to which Section 424(a) of the Code applies or any similar transaction; provided, however that conversion of any convertible securities of Appiant shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator and its determination shall be final, binding and conclusive. Except as the Administrator determines, no issuance by Appiant of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award.

The exercise price or purchase price, if any, for an Award shall be as follows: (i) In the case of a Non-Qualified Stock Option, the per Share exercise price shall be not less than eighty-five percent (85%) of the Fair Market Value per Share on the date of grant unless otherwise determined by the Administrator; (ii) In the case of other Awards, such price as is determined by the Administrator; (iii) Notwithstanding the foregoing provisions of this paragraph, in the case of an Award issued pursuant to acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction, the exercise or purchase price for the Award shall be determined in accordance with the principles of Section 424(a) of the Code.

Upon the prior written consent of the Board and subject to any conditions associated with such consent, a Non-Statutory Option may be assigned in whole or in part during the Optionee's lifetime to one or more members of the Optionee's immediate family (as that term is defined in Rule 16a-1(e) of the Exchange Act) or to a trust established exclusively for one or more such family members. In addition, the Board, in its sole discretion, may allow a Non-Statutory Option to be assigned in other circumstances deemed appropriate.

The term of Award shall be the term stated in the Award Agreement. The 2001 Plan shall continue in effect for a term of ten (10) years unless sooner terminated by the Board.

The Company has established subplans under the 2001 Plan for employees in India and Singapore. Each subplan is subject to and incorporates the terms and conditions of the 2001 Plan, and provides further administrative rules in order to take advantage of certain employee and Company favorable tax laws in these jurisdictions.

REPORT OF THE COMPENSATION COMMITTEE

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended, or the Securities and Exchange Act of 1934, as amended, that might incorporate future filings, including this proxy statement, in whole or in part, the following report shall not be deemed to be incorporated by reference into any such filings.

The Compensation Committee of the Board of Directors was formed in July 2000 and during the fiscal year ending September 30, 2001, consisted of Messrs. Baldwin, Schmier and Walko. Decisions concerning the compensation of the Company's executive officers are made by the Compensation Committee and reviewed by the full Board of Directors (excluding any interested director).

Executive Officer Compensation Program

The objectives of the executive officer compensation program are to attract, retain, motivate and reward key personnel who possess the necessary leadership and management skills, through competitive base salary, annual cash bonus incentives, long term incentive compensation in the form of stock options, and various benefits, including medical and life insurance plans.

The executive compensation policies of the Compensation Committee are intended to combine competitive levels of compensations and rewards for above average performance and to align relative compensation with the achievements of key business objectives, optimal satisfaction of customers and maximization of stockholder value. The Compensation Committee believes that stock ownership by management is beneficial in aligning management and stockholder interest, thereby enhancing stockholder value.

Base Salaries. Salaries for the Company's executive officers are determined primarily on the basis of the executive officer's responsibility, general salary practices of peer companies and the officer's individual qualifications and experience. The base salaries are reviewed annually and may be adjusted by the Compensation Committee in accordance with certain criteria which include individual performance, the functions performed by the executive officer, the scope of the executive officer's on-going duties, general changes in the compensation peer group in which the Company competes for executive talent, and the Company's financial performance generally. The weight given to each such factor by the Compensation Committee may vary from individual to individual.

Incentive Bonuses. The Compensation Committee believes that a cash incentive bonus plan can serve to motivate the Company's executive officers and management to address annual performance goals, using more immediate measures for performance than those reflected in the appreciation in value of stock options. The bonus amounts are based upon recommendations by management and a subjective consideration of factors including such officer's level of responsibility, individual performance, contributions to the Company's success and the Company's financial performance generally.

Stock Option Grants. Stock options may be granted to executive officers and other employees under the Equity Incentive Plan. Because of the direct relationship between the value of an option and the stock price, the Compensation Committee believes that options motivate executive officers to manage the Company in a manner that is consistent with stockholder interests. Stock option grants are intended to focus the attention of the recipient on the Company's long-term performance which the Commune believes results in improved stockholder value, and to retain the services of the executive officers in a competitive job market by providing significant long-term earning potential. To this end, stock options generally vest and become fully exercisable over a four-year period. The principal factors considered in granting stock options to executive officers of the Company are prior performance, level of responsibility, other compensation and the executive officer's ability to influence the Company's long-term growth and profitability. However, the Equity Incentive Plan does not provide any quantitative method for weighing these factors, and a decision to grant an award is primarily based on a subjective evaluation of the past as well as future anticipated performance.

Other Compensation Plans. The Company has adopted certain general employee benefit plans in which executive officers are permitted to participate on parity with other employees. The Company also provides a 401(k) deferred compensation pension plan. Benefits under these general plans are indirectly tied to the Company's performance.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code (IRC) disallows a deduction by the Company for compensation exceeding \$1.0 million paid to certain executive officers, excluding, among other things, performance based compensation. Because the compensation to the executive officers has not approached this limitation, the Compensation Committee has not had to use any of the available exemptions from the deduction limit. The Compensation Committee remains aware of the IRC Section 162(m) limitations and will address the issue of deductibility when and if circumstances warrant the use of such exemptions.

Chief Executive Officer Compensation

The compensation of the President is reviewed annually on the same basis as discussed above for all executive officers. Mr. Zorn's base salary for the fiscal year ended September 30, 2001 was \$285,750. Mr. Zorn's base salary was established in part by comparing the base salaries of chief executive officers at other companies of similar size. Mr. Zorn's base salary was at the approximate median of the base salary range for presidents/chief executive officers of comparative companies. Mr. Zorn additionally was awarded options to purchase 50,000 shares of Common Stock at an exercise price of \$4.50. For the fiscal year ended September 30, 2001, no bonus was paid to Mr. Zorn.

The Audit Committee has reviewed and discussed with management the financial statements for fiscal year 2001 audited by PricewaterhouseCoopers LLP, the Company's independent certified public accountants. The Audit Committee has discussed with PricewaterhouseCoopers LLP various matters related to the financial statements, including those matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU 380). The Audit Committee has also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee), and has discussed with PricewaterhouseCoopers LLP its independence.
