### ITEM 5.03 AMENDMENTS TO ARTICLES OF INCORPORATION OR BYLAWS; CHANGE IN FISCAL YEAR

On November 30, 2007, the Board of Directors of RadNet, Inc. (the "Company") approved amending and restating Article VI ("Capital Stock") of the Company's By-Laws to permit the issuance and transfer of both certificated and uncertificated shares of capital stock of the Company, to comply with new rules enacted by The Nasdaq Stock Market, Inc. ("Nasdaq"). The changes also allow the Board of Directors to direct the issuance of uncertificated shares of capital stock in replacement for previously issued shares of certificated capital stock. The new Nasdaq rules require all securities listed on Nasdaq to be eligible for a "direct registration program" operated by a clearing agency by January 1, 2008. A direct registration program enables investors to establish, either through a company's transfer agent or through the investor's broker-dealer, a book-entry position on the books of the issuer and to electronically transfer their positions through the Depository Trust Company. It also enables investors to have securities registered in their names without having a physical certificate issued. The changes to Article VI of the Company's By-Laws are intended to permit the Company to satisfy these new requirements.

The First Amendment to the By-Laws is effective as of November 30, 2007. The summary of changes to the By-Laws set forth above is qualified in its entirety by reference to the full text of the First Amendment to the By-Laws of the Company, a copy of which is attached to this report as Exhibit 3.1 and incorporated herein by reference.
