Yes No

This Form 6-K/A amends the Form 6-K filed by Mobile TeleSystems OJSC (the "Company") on August 27, 2003 (the "Form 6-K"), which contained the Company's financial statements for the second quarter of 2003 and a press release announcing the Company's financial results for such period. Certain information contained in both the press release and the financial statement filed as part of the Form 6-K has been affected by a change in the Company's method of consolidation for its subsidiary TAIF Telcom. This Form 6-K/A contains the Company's adjusted financial statements for the second quarter of 2002 and a description of the effect of the adjustment on the Company's financial results for such period.

**MTS REVISES ITS FINANCIAL INFORMATION
FOR THE SIX MONTHS ENDED JUNE 30, 2003**

Moscow, Russian Federation October 7, 2003 Mobile TeleSystems OJSC ("MTS" NYSE: MBT), the largest mobile phone operator in Russia, today announces that the Company revised its previously released financial information for the six months ended June 30, 2003.

MTS changed its consolidation method for its subsidiary TAIF Telcom, a company providing mobile services in the Tatarstan Republic of Russia. MTS acquired 52.7% of common shares and 50% of preferred shares in TAIF Telcom in April 2003 through a series of transactions for a total of \$63.3 million. The Company also signed put and call option agreements in April 2003 to acquire the remaining ownership in TAIF Telcom.

MTS reviewed the accounting treatment of its call options for the remaining interest in TAIF Telcom and determined that these arrangements should be accounted for in accordance with Emerging Issues Task Force ("EITF") Issue No. 00-4, "Majority Owner's Accounting for a Transaction in the Shares of a Consolidated Subsidiary and a Derivative Indexed to the Minority Interest in That Subsidiary." Accordingly, MTS has decided to account for the Company's call option agreements for the remaining 47.3% of common shares and 50.0% of preferred shares in TAIF Telcom as financing derivatives as the risks and rewards of the additional ownership are maintained by MTS for the duration of the derivatives, notwithstanding the legal ownership of the minority interest. As the result of the change, MTS consolidated 100.0% of TAIF Telcom from April 2003 and reflected the call option purchase price of \$49.0 million for the common shares and \$10.0 million for the preferred shares as current portion of long-term debt as the Company intends to exercise the call options prior to June 30, 2004. MTS also recognized interest expense of approximately \$1.0 million related to these options for the six months ended June 30, 2003. MTS can give no assurance that the acquisition of the remaining interest in TAIF Telcom will be completed on the terms described or at all.

The change did not impact net revenues, operating income, net income or cash flows of MTS for the three or six months ended June 30, 2003.
