Forest Oil Corporation

We are an independent oil and gas company engaged in the acquisition, exploration, development, and production of natural gas and liquids primarily in North America. We were incorporated in New York in 1924, as the successor to a company formed in 1916, and have been a publicly held company since 1969.

We currently conduct our operations in three geographical segments and five business units. The geographical segments are: the United States, Canada, and International. The business units are: Western, Eastern, Southern, Canada, and International. We conduct exploration and development activities in each of our geographical segments; however, substantially all of our estimated proved reserves and all of our producing properties are located in North America. Our total estimated proved reserves as of December 31, 2008 were approximately 2,668 billion cubic feet equivalent ("Bcfe"). At December 31, 2008, approximately 87% of our estimated proved oil and gas reserves were in the United States, approximately 11% were in Canada, and approximately 2% were in Italy.

Our principal executive offices are located at 707 17th Street, Suite 3600, Denver, Colorado, 80202, and our telephone number at our offices is (303) 812-1400.

Risk Factors

Investing in the notes involves substantial risks. You should carefully consider the following risks and the risk factors discussed or incorporated by reference in this prospectus, together with all the other information contained in this prospectus or incorporated by reference in this prospectus, prior to participating in the exchange offer. In particular, we urge you to carefully consider the factors set forth under "Risk Factors" beginning on page 7 of this prospectus and those risk factors and other cautionary statements described under the heading "Risk Factors" included in Item 1A of Part I of our Annual Report on Form 10-K for the year ended December 31, 2008, and Item 1A of Part II of our Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2009, each of which is incorporated by reference in this prospectus, and, to the extent applicable, any subsequently filed Quarterly Reports on Form 10-Q or Current Reports on Form 8-K.

The Exchange Offer

On February 17, 2009, we completed a private offering of the old notes. We entered into a registration rights agreement with the initial purchasers in the private offering in which we agreed to deliver to you this prospectus and to use commercially reasonable efforts to complete the exchange offer within 360 days after the date we issued the old notes.

Exchange Offer	We are offering to exchange new notes for old notes.
Expiration Date	The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2009, unless we decide to extend it.
Condition to the Exchange Offer	The registration rights agreement does not require us to accept old notes for exchange if the exchange offer, or the making of any exchange by a holder of the old notes, would violate any applicable law or interpretation of the staff of the Securities and Exchange Commission. The exchange offer is not conditioned on a minimum aggregate principal amount of old notes being tendered.
Procedures for Tendering Old Notes	<p>To participate in the exchange offer, you must follow the procedures established by The Depository Trust Company, which we call "DTC," for tendering notes held in book-entry form. These procedures, which we call "ATOP," require that (i) the exchange agent receive, prior to the expiration date of the exchange offer, a computer generated message known as an "agent's message" that is transmitted through DTC's automated tender offer program, and (ii) DTC confirms that:</p> <p style="padding-left: 40px;">DTC has received your instructions to exchange your notes, and</p> <p style="padding-left: 40px;">you agree to be bound by the terms of the letter of transmittal.</p> <p>For more information on tendering your old notes, please refer to the section in this prospectus entitled "Exchange Offer Terms of the Exchange Offer," " Procedures for Tendering," and "Description of Notes Book Entry; Delivery and Form."</p>
Guaranteed Delivery Procedures	None.
Withdrawal of Tenders	You may withdraw your tender of old notes at any time prior to the expiration date. To withdraw, you must submit a notice of withdrawal to the exchange agent using ATOP procedures before 5:00 p.m., New York City time, on the expiration date of the exchange offer. Please refer to the section in this prospectus entitled "Exchange Offer Withdrawal of Tenders."

Table of Contents**Terms of the New Notes**

The new notes will be identical to the old notes except that the new notes are registered under the Securities Act of 1933 and will not have restrictions on transfer, registration rights or provisions for additional interest. The new notes will evidence the same debt as the old notes, and the same indenture will govern the new notes and the old notes.

The following summary contains basic information about the new notes and is not intended to be complete. It does not contain all information that is important to you. For a more complete understanding of the new notes, please refer to the section of this document entitled "Description of Notes."

Issuer	Forest Oil Corporation.
Securities	\$600,000,000 aggregate principal amount of 8 ¹ / ₂ % Senior Notes due 2014.
Maturity	February 15, 2014.
Interest Payment Dates	February 15 and August 15 of each year, commencing August 15, 2009. Interest on each new note will accrue from the last interest payment date on which interest was paid on the old note tendered in exchange thereof, or, if no interest has been paid on the old note, from the date of the original issue of the old note.
Optional Redemption	<p>We have the option to redeem the new notes, in whole or in part and at any time, at a "make-whole" redemption price described in this prospectus under the heading "Description of Notes Optional Redemption," together with any accrued and unpaid interest to the date of redemption.</p> <p>In addition, before February 15, 2012, we may, at any time or from time to time, redeem up to 35% of the aggregate principal amount of the notes with the net cash proceeds of certain equity offerings at 108.5% of the principal amount of the notes, plus any accrued and unpaid interest to the date of redemption, if at least 65% of the aggregate principal amount of the notes issued under the indenture remains outstanding after such redemption and the redemption occurs within 120 days of the date of the closing of such equity offering.</p>
Guarantees	Any domestic restricted subsidiary having an aggregate of \$25.0 million or more of indebtedness and preferred stock outstanding, and any other restricted subsidiary that guarantees any of our other indebtedness, will also guarantee the new notes. Any guarantees will be unsecured senior indebtedness of our subsidiary guarantors and will have the same ranking with respect to indebtedness of our subsidiary guarantors as the new notes will have with respect to our indebtedness. As of May 29, 2009, the notes are guaranteed by our wholly owned subsidiary, Forest Oil Permian Corporation, which has guaranteed other series of our senior notes and which had no outstanding third-party indebtedness as of such date.

Table of Contents

Ranking

The new notes will be general unsecured senior obligations of Forest, which are equal in right of payment with all existing and future senior debt of Forest, and senior in right of payment to all existing and future subordinated debt of Forest. The new notes will be effectively subordinated to any of our future secured indebtedness and structurally subordinated to all of the existing and future liabilities of each of our subsidiaries that does not guarantee the notes. The indenture governing the notes permits Forest and its subsidiaries to incur additional debt.

As of May 29, 2009, we had approximately \$667.8 million of borrowings under our bank credit facilities and \$2.0 billion principal amount of notes outstanding.

Specified Covenants

We will issue the new notes under the indenture, dated as of February 17, 2009, with U.S. Bank National Association, as trustee. The indenture limits our ability and the ability of our subsidiaries to:

incur additional debt;

pay dividends on stock, repurchase stock, or redeem subordinated debt;

make investments;

create liens on assets;

sell assets;

sell capital stock of subsidiaries;

guarantee other indebtedness;

enter into agreements that restrict dividends from subsidiaries;

merge or consolidate; and

enter into transactions with affiliates.

The indenture provides that most of these covenants will terminate if:

at least one rating agency assigns the notes an investment grade rating; and

our bank credit facilities are no longer secured.

Edgar Filing: FOREST OIL CORP - Form S-4

Table of Contents

Mandatory Offers to Purchase	Upon the occurrence of a change of control, holders of the new notes will have the right to require us to repurchase all or a portion of the new notes at a price equal to 101% of the principal amount, together with any accrued and unpaid interest, if any, to the date of purchase. In connection with certain asset dispositions, we will be required to use the proceeds of the asset dispositions to make an offer to purchase the notes at 100% of the principal amount, together with any accrued and unpaid interest, if any, to the date of purchase.
Transfer Restrictions; Absence of a Public Market for the New Notes	<p>The new notes generally will be freely transferable, but will also be new securities for which there will not initially be a market. There can be no assurance as to the development or liquidity of any market for the new notes.</p> <p>We do not intend to apply for a listing of the new notes on any securities exchange or any automated dealer quotation system.</p>
Risk Factors	Please refer to the section in this prospectus entitled "Risk Factors" and the other information included or incorporated by reference in this prospectus for a discussion of factors you should carefully consider before deciding to participate in the exchange offer.

Ratios of Earnings to Fixed Charges

The following table sets forth our ratios of consolidated earnings to fixed charges for the periods presented:

Ratio of earnings to fixed charges	Quarter Ended March 31,		Year Ended December 31,					
	Pro forma		Pro forma					
	2009	2009	2008	2008	2007	2006	2005	2004
	(a)	(b)	(a)	(b)	2.7x	4.2x	4.8x	4.4x

- (a) Adjusted to give effect to a pro forma increase in interest expense resulting from the issuance of the notes and the utilization of the net proceeds from the sale of the notes to repay indebtedness that was outstanding under our bank credit facilities during the three months ended March 31, 2009 and year ended December 31, 2008 as if the issuance of the notes had occurred on January 1, 2009 and January 1, 2008, respectively. Earnings for the pro forma three months ended March 31, 2009 and year ended December 31, 2008 were insufficient to cover fixed charges by \$1.5 billion and \$1.7 billion, respectively.
- (b) Earnings for the three months ended March 31, 2009 and year ended December 31, 2008 were insufficient to cover fixed charges by \$1.5 billion and \$1.6 billion, respectively.

For purposes of calculating the ratios of consolidated earnings to fixed charges:

"earnings" consist of earnings from continuing operations before income taxes, amortization of capitalized interest, net equity in undistributed earnings of subsidiaries and fixed charges, less capitalized interest; and

"fixed charges" consist of interest (whether expensed or capitalized), amortization of debt costs and discounts or premiums relating to any indebtedness and the estimated portion of rental costs that is attributable to interest costs.

Edgar Filing: FOREST OIL CORP - Form S-4

We did not have any preferred stock outstanding and there were no preferred stock dividends paid or accrued during the periods presented above.

RISK FACTORS

Investing in the notes involves risk. You should carefully consider the following risks and the risk factors discussed or incorporated by reference in this prospectus, together with all the other information contained in this prospectus or incorporated by reference in this prospectus, including the risk factors and other cautionary statements described under the heading "Risk Factors" included in Item 1A of Part I of our Annual Report on Form 10-K for the year ended December 31, 2008, and Item 1A of Part II of our Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2009, each of which is incorporated by reference in this prospectus, and, to the extent applicable, any subsequently filed Quarterly Reports on Form 10-Q or Current Reports on Form 8-K.

If you do not properly tender your old notes, you will continue to hold unregistered old notes and your ability to transfer old notes will remain restricted and may be adversely affected.

We will only issue new notes in exchange for old notes that you timely and properly tender. Therefore, you should allow sufficient time to ensure timely delivery of the old notes and you should carefully follow the instructions on how to tender your old notes. Neither we nor the exchange agent is required to tell you of any defects or irregularities with respect to your tender of old notes.

If you do not exchange your old notes for new notes pursuant to the exchange offer, the old notes you hold will continue to be subject to the existing transfer restrictions. In general, you may not offer or sell the old notes except under an exemption from, or in a transaction not subject to, the Securities Act of 1933 and applicable state securities laws. We do not plan to register old notes under the Securities Act of 1933 unless our registration rights agreement with the initial purchasers of the old notes requires us to do so. Further, if you continue to hold any old notes after the exchange offer is consummated, you may have trouble selling them because there will be fewer of these notes outstanding.

We have substantial indebtedness and may incur more debt in the future. Our leverage may materially affect our operations and financial condition.

As of May 29, 2009, the principal amount of our outstanding consolidated debt was approximately \$2.7 billion, including approximately \$667.8 million outstanding under our combined U.S. and Canadian credit facilities. Our level of indebtedness has several important effects on our business and operations; among other things, it may:

require us to use a significant portion of our cash flow to pay principal and interest on the debt, which will reduce the amount available to fund working capital, capital expenditures, and other general corporate purposes;

adversely affect the credit ratings assigned by third party rating agencies, which have in the past and may in the future downgrade their ratings of our debt and other obligations due to changes in our debt level or our financial condition;

limit our access to the capital markets;

increase our borrowing costs, and impact the terms, conditions, and restrictions contained in our debt agreements, including the addition of more restrictive covenants;

limit our flexibility in planning for and reacting to changes in our business as covenants and restrictions contained in our existing and possible future debt arrangements may require that we meet certain financial tests and place restrictions on the incurrence of additional indebtedness;

place us at a disadvantage compared to similar companies in our industry that have less debt; and

Table of Contents

make us more vulnerable to economic downturns and adverse developments in our business.

We may incur more debt in the future. In February 2009, for example, we issued \$600 million of 8¹/₂% senior notes due 2014. The net proceeds from this offering were used to repay a portion of the outstanding borrowings under our U.S. credit facility.

Our credit and debt agreements contain various restrictive covenants. A failure on our part to comply with the financial and other restrictive covenants contained in our bank credit facilities and the indentures pertaining to our outstanding senior notes could result in a default under these agreements. Any default under our bank credit facilities or indentures could adversely affect our business and our financial condition and results of operations, and would impact our ability to obtain financing in the future. The global borrowing base is redetermined semi-annually and the available borrowing amount could be increased or decreased as a result of such redeterminations. In addition to the semi-annual redeterminations, our lenders have the discretion at any time, but not more often than once during a calendar year, to have the global borrowing based redetermined. A lowering of our global borrowing base could require us to repay indebtedness in excess of the borrowing base. The next redetermination of the borrowing base is scheduled to be in the fourth quarter of 2009.

A higher level of debt will increase the risk that we may default on our financial obligations. Our ability to meet our debt obligations and other expenses will depend on our future performance. Our future performance will be affected by oil and natural gas prices, financial, business, and domestic and global economic conditions, governmental regulations and environmental regulations, and other factors, many of which we are unable to control. If our cash flow is not sufficient to service our debt, we may be required to refinance the debt, sell assets, or sell shares of our stock on terms that we do not find attractive, if it can be done at all.

Our debt agreements contain restrictive covenants that may limit our ability to respond to changes in market conditions or pursue business opportunities.

The indentures governing our senior notes, including the notes to be issued pursuant to the exchange offer, and the agreements governing our bank credit facilities contain restrictive covenants that will limit our ability and the ability of certain of our subsidiaries to, among other things:

incur or guarantee additional indebtedness or issue preferred shares;

pay dividends or make other distributions;

purchase equity interests or redeem subordinated indebtedness early;

create or incur certain liens;

enter into transactions with affiliates;

issue or sell capital stock of subsidiaries; and

sell assets or merge or consolidate with another company.

Complying with the restrictions contained in some of these covenants will require us to meet certain financial ratios and tests, notably with respect to consolidated interest coverage, total assets, net debt, equity, and net income. Our need to comply with these provisions may materially adversely affect our ability to react to changes in market conditions, take advantage of business opportunities we believe to be desirable, obtain future financing, fund needed capital expenditures, or withstand a future downturn in our business.

Table of Contents

If we are unable to comply with the restrictions and covenants in the agreements governing our notes, including the notes being offered hereunder, and other debt, there could be a default under the terms of these agreements, which could result in an acceleration of payment of funds that we have borrowed and would impact our ability to make principal and interest payments on the notes.

If we are unable to comply with the restrictions and covenants in the agreements governing our notes or in current or future debt financing agreements, there could be a default under the terms of these agreements. Our ability to comply with these restrictions and covenants, including meeting financial ratios and tests, may be affected by events beyond our control. As a result, we cannot assure you that we will be able to comply with these restrictions and covenants or meet these tests. In the event of a default under these agreements, lenders could terminate their commitments to lend or accelerate the outstanding loans and declare all amounts borrowed due and payable. Borrowings under other debt instruments that contain cross-acceleration or cross-default provisions may also be accelerated and become due and payable. If any of these events occur, our assets might not be sufficient to repay in full all of our outstanding indebtedness, and we may be unable to find alternative financing. Even if we could obtain alternative financing, it might not be on terms that are favorable or acceptable to us.

Our unrestricted subsidiaries are not subject to most of the restrictive covenants in the indenture.

Forest Alaska Holding LLC, Forest Texas Gathering Company, Forest Exploration International (South Africa) (Proprietary) Limited, and Forest CMI S.p.A. are unrestricted subsidiaries for purposes of the indenture for the notes. Subject to certain conditions, the indenture permits us to designate additional subsidiaries in the future as unrestricted subsidiaries. Unrestricted subsidiaries are not subject to most of the restrictive covenants in the indenture, nor are they subject to the events of default permitting acceleration of the maturity of the notes. As of December 31, 2008, Forest CMI S.p.A. had estimated proved reserves of approximately 56 Bcfe. The other unrestricted subsidiaries currently own no estimated proved reserves.

We may not be able to repurchase the notes upon a change of control.

Upon the occurrence of certain change of control events, holders of the notes may require us to offer to repurchase all or any part of their notes. We may not have sufficient funds at the time of the change of control to make the required repurchases of the notes. Additionally, certain events that would constitute a "change of control" (as defined in the indenture) would constitute an event of default under our bank credit facilities that would, if it should occur, permit the lenders to accelerate the debt outstanding under our bank credit facilities and that, in turn, would cause an event of default under the indenture governing the notes.

The source of funds for any repurchase required as a result of any change of control will be our available cash or cash generated from oil and gas operations or other sources, including borrowings, sales of assets, sales of equity, or funds provided by a new controlling entity. We cannot assure you, however, that sufficient funds would be available at the time of any change of control to make any required repurchases of the notes tendered and to repay debt under our bank credit facilities. Furthermore, using available cash to fund the potential consequences of a change of control may impair our ability to obtain additional financing in the future. Any future credit agreements or other agreements relating to debt to which we may become a party will most likely contain similar restrictions and provisions.

Table of Contents

Any guarantees of the notes by our subsidiaries could be deemed fraudulent conveyances under certain circumstances, and a court may subordinate or void the subsidiary guarantees.

Currently, only one of our subsidiaries guarantees the notes. In certain circumstances, more of our subsidiaries may be required to guarantee the notes in the future. A court could subordinate or void the subsidiary guarantees under various fraudulent conveyance or fraudulent transfer laws. Generally, to the extent that a U.S. court were to find that at the time one of our subsidiaries entered into a subsidiary guarantee and either:

the subsidiary incurred the guarantee with the intent to hinder, delay, or defraud any present or future creditor, or contemplated insolvency with a design to favor one or more creditors to the exclusion of others; or

the subsidiary did not receive fair consideration or reasonably equivalent value for issuing the subsidiary guarantee and, at the time it issued the subsidiary guarantee, the subsidiary:

was insolvent or became insolvent as a result of issuing the subsidiary guarantee,

was engaged or about to engage in a business or transaction for which the remaining assets of the subsidiary constituted unreasonably small capital, or

intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they matured,

then the court could void or subordinate the subsidiary guarantee in favor of the subsidiary's other obligations.

A legal challenge of a subsidiary guarantee on fraudulent conveyance grounds may focus, among other things, on the benefits, if any, the subsidiary realized as a result of our issuing the notes. To the extent a subsidiary guarantee is voided as a fraudulent conveyance or held unenforceable for any other reason, the holders of the notes would not have any claim against that subsidiary and would be creditors solely of us and any other subsidiary guarantors whose guarantees are not held unenforceable.

Currently, the notes are guaranteed by only one of our subsidiaries, and the notes are structurally subordinated to the debt and other liabilities of our other subsidiaries, which means that creditors of our subsidiaries will be paid from the assets of those entities before holders of the notes would have any claims to those assets.

Currently, the notes are guaranteed by only one of our subsidiaries, which is the same subsidiary that guarantees our obligations under our bank credit facilities and that currently guarantees the other outstanding series of our senior notes. Accordingly, the notes are effectively subordinated to all debt and other liabilities of our other subsidiaries, including Canadian Forest Oil Ltd., the borrower under our Canadian credit facility. In the event of a bankruptcy, liquidation, or reorganization of any of our non-guarantor subsidiaries, holders of its indebtedness and its creditors will generally be entitled to payment from the assets and earnings of such subsidiary before any assets of such subsidiary are available for distribution to us and our creditors, including holders of the notes. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the notes. For further information related to this risk factor, see "Description of Notes Principal, Maturity, and Interest" and "Description of Notes Subsidiary Guarantees."

Your ability to transfer the notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the notes.

The old notes have not been registered under the Securities Act of 1933, and may not be resold by purchasers thereof unless the old notes are subsequently registered or an exemption from the registration requirements of the Securities Act is available. However, we cannot assure you that, even

Table of Contents

following registration or exchange of the old notes for new notes, that an active trading market for the old notes or the new notes will exist, and we will have no obligation to create such a market. At the time of the private placement of the old notes, the initial purchasers advised us that they intended to make a market in the old notes and, if issued, the new notes. The initial purchasers are not obligated, however, to make a market in the old notes or the new notes and any market-making may be discontinued at any time at their sole discretion. No assurance can be given as to the liquidity of or trading market for the old notes or the new notes.

The liquidity of any trading market for the notes and the market price quoted for the notes will depend upon the number of holders of the notes, the overall market for high yield securities, our financial performance or prospects or the prospects for companies in our industry generally, the interest of securities dealers in making a market in the notes and other factors.

The notes are not secured by our assets or those of our subsidiary guarantors. The notes and the guarantees of the notes are therefore be effectively subordinated to our and our subsidiary guarantors' secured indebtedness.

The notes are our general unsecured obligations and are effectively subordinated in right of payment to our existing secured indebtedness, including our U.S. credit facility, to the extent of the value of the assets securing that indebtedness. Similarly, the guarantees of the notes effectively rank junior to any secured indebtedness of our subsidiary guarantors to the extent of the assets securing that indebtedness. The notes will also be effectively subordinated to any of our future secured indebtedness and the guarantee of the notes will be effectively subordinated to any of our subsidiary guarantors' future secured indebtedness. If we or our subsidiary guarantors become insolvent or are liquidated, the assets which secure such indebtedness would be made available to satisfy the obligations under such secured indebtedness before any payments are made on the notes or pursuant to the guarantee of the notes, as applicable.

You generally will be required to accrue income before you receive cash attributable to original issue discount on the notes. Additionally, in the event we enter into bankruptcy, you may not have a claim for all or a portion of any unamortized amount of the original issue discount on the notes.

The old notes were issued with original issue discount ("OID") for U.S. federal income tax purposes. Accordingly, if you are an individual or entity subject to U.S. tax, you generally are required to accrue interest in the form of OID on a current basis in respect of the notes, include such accrued interest in income and pay tax accordingly, even before you receive cash attributable to that income.

Additionally, a bankruptcy court may not allow a claim for all or a portion of any unamortized amount of the OID on the notes.

EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

At the closing of the offering of the old notes, we entered into a registration rights agreement with the initial purchasers pursuant to which we agreed, for the benefit of the holders of the old notes, at our cost, to do the following:

file an exchange offer registration statement with the SEC with respect to the exchange offer for the new notes, and

use commercially reasonable efforts to have the exchange offer completed by February 12, 2010.

Upon the SEC's declaring the exchange offer registration statement effective, we agreed to offer the new notes in exchange for surrender of the old notes. We agreed to use commercially reasonable efforts to cause the exchange offer registration statement to be effective continuously, to keep the exchange offer open for a period of not less than 20 business days and to use commercially reasonable efforts to cause the exchange offer to be consummated no later than 60 days after the exchange offer registration statement is declared effective by the SEC.

For each old note surrendered to us pursuant to the exchange offer, the holder of such old note will receive a new note having a principal amount equal to that of the surrendered old note. Interest on each new note will accrue from the last interest payment date on which interest was paid on the surrendered old note or, if no interest has been paid on such old note, from February 17, 2009. The registration rights agreement also provides an agreement to include in the prospectus for the exchange offer certain information necessary to allow a broker-dealer who holds old notes that were acquired for its own account as a result of market-making activities or other ordinary course trading activities (other than old notes acquired directly from us or one of our affiliates) to exchange such old notes pursuant to the exchange offer and to satisfy the prospectus delivery requirements in connection with resales of new notes received by such broker-dealer in the exchange offer. We agreed to use commercially reasonable efforts to maintain the effectiveness of the exchange offer registration statement for these purposes for a period of 180 days after the completion of the exchange offer, which period may be extended under certain circumstances.

The preceding agreement is needed because any broker-dealer who acquires old notes for its own account as a result of market-making activities or other trading activities is required to deliver a prospectus meeting the requirements of the Securities Act. This prospectus covers the offer and sale of the new notes pursuant to the exchange offer and the resale of new notes received in the exchange offer by any broker-dealer who held old notes acquired for its own account as a result of market-making activities or other trading activities other than old notes acquired directly from us or one of our affiliates.

Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties, we believe that the new notes issued pursuant to the exchange offer would in general be freely tradable after the exchange offer without further registration under the Securities Act. However, any purchaser of old notes who is an "affiliate" of ours or who intends to participate in the exchange offer for the purpose of distributing the related new notes:

will not be able to rely on the interpretation of the staff of the SEC,

will not be able to tender its new notes in the exchange offer, and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the old notes unless such sale or transfer is made pursuant to an exemption from such requirements.

Table of Contents

Each holder of the old notes (other than certain specified holders) who desires to exchange old notes for the new notes in the exchange offer will be required to make the representations described below under " Procedures for Tendering Your Representations to Us."

We further agreed to file with the SEC a shelf registration statement to register for public resale of old notes held by any holder who provides us with certain information for inclusion in the shelf registration statement if:

the exchange offer is not permitted by applicable law or SEC policy, or

the exchange offer is not for any reason completed by February 12, 2010, or

upon completion of the exchange offer, any initial purchaser shall so request in connection with any offering or sale of notes.

We have agreed to use commercially reasonable efforts to keep the shelf registration statement continuously effective until the earlier of February 11, 2011 and such time as all notes covered by the shelf registration statement have been sold. We refer to this period as the "shelf effectiveness period."

The registration rights agreement provides that, in the event that either the exchange offer is not completed or the shelf registration statement, if required, is not declared effective (or does not automatically become effective) on or prior to February 12, 2010, the interest rate on the old notes will be increased by 1.00% per annum until the exchange offer is completed or the shelf registration statement, if required, is declared effective by the SEC or the old notes become freely tradable under the Securities Act, at which time the increased interest shall cease to accrue.

If the shelf registration statement has been declared effective (or automatically becomes effective) and thereafter either ceases to be effective or the prospectus contained therein ceases to be usable at any time during the shelf effectiveness period, and such failure to remain effective or usable exists for more than 30 days (whether or not consecutive) in any 12-month period, unless such failure to remain effective or usable relates or is directly attributable to an acquisition being undertaken by us, then the interest rate on the old notes will be increased by 1.00% per annum commencing on the 31st day in such 12-month period and ending on such date that the shelf registration statement has again been declared (or automatically becomes) effective or the prospectus again becomes usable, at which time the increased interest shall cease to accrue.

Holders of the old notes will be required to make certain representations to us (as described in the registration rights agreement) in order to participate in the exchange offer and will be required to deliver information to be used in connection with the shelf registration statement and to provide comments on the shelf registration statement within the time periods set forth in the registration rights agreement in order to have their old notes included in the shelf registration statement.

If we effect the registered exchange offer, we will be entitled to close the registered exchange offer 20 business days after its commencement as long as we have accepted all old notes validly rendered in accordance with the terms of the exchange offer and no brokers or dealers continue to hold any old notes.

This summary of the material provisions of the registration rights agreement does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the registration rights agreement, a copy of which is filed as an exhibit to the registration statement which includes this prospectus.

Except as set forth above, after consummation of the exchange offer, holders of old notes which are the subject of the exchange offer have no registration or exchange rights under the registration rights agreement. See " Consequences of Failure to Exchange."

Terms of the Exchange Offer

Subject to the terms and conditions described in this prospectus and in the letter of transmittal, we will accept for exchange any old notes properly tendered and not withdrawn prior to 5:00 p.m. New York City time on the expiration date. We will issue new notes in principal amount equal to the principal amount of old notes surrendered in the exchange offer. Old notes may be tendered only for new notes and only in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The exchange offer is not conditioned upon any minimum aggregate principal amount of old notes being tendered for exchange.

As of the date of this prospectus, \$600,000,000 in aggregate principal amount of the old notes is outstanding. This prospectus and the letter of transmittal are being sent to all registered holders of old notes. There will be no fixed record date for determining registered holders of old notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement, the applicable requirements of the Securities Act and the Securities Exchange Act of 1934 and the rules and regulations of the SEC. Old notes that the holders thereof do not tender for exchange in the exchange offer will remain outstanding and continue to accrue interest. These old notes will continue to be entitled to the rights and benefits such holders have under the indenture relating to the notes.

We will be deemed to have accepted for exchange properly tendered old notes when we have given oral or written notice of the acceptance to the exchange agent and complied with the applicable provisions of the registration rights agreement. The exchange agent will act as agent for the tendering holders for the purposes of receiving the new notes from us.

If you tender old notes in the exchange offer, you will not be required to pay brokerage commissions or fees or, subject to the letter of transmittal, transfer taxes with respect to the exchange of old notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connecting with the exchange offer. It is important that you read the section labeled " Fees and Expenses" for more details regarding fees and expenses incurred in the exchange offer.

We will return any old notes that we do not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the exchange offer.

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2009, unless, in our sole discretion, we extend it.

Extensions, Delays in Acceptance, Termination or Amendment

We expressly reserve the right, at any time or various times, to extend the period of time during which the exchange offer is open. We may delay acceptance of any old notes by giving oral or written notice of such extension to their holders. During any such extensions, all old notes previously tendered will remain subject to the exchange offer, and we may accept them for exchange.

In order to extend the exchange offer, we will notify the exchange agent orally or in writing of any extension. We will notify the registered holders of old notes of the extension no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

If any of the conditions described below under " Conditions to the Exchange Offer" have not been satisfied, we reserve the right, in our sole discretion

Table of Contents

to delay accepting for exchange any old notes,

to extend the exchange offer, or

to terminate the exchange offer,

by giving oral or written notice of such delay, extension or termination to the exchange agent. Subject to the terms of the registration rights agreement, we also reserve the right to amend the terms of the exchange offer in any manner.

Any such delay in acceptance, extension, termination or amendment will be followed promptly by oral or written notice thereof to the registered holders of old notes. If we amend the exchange offer in a manner that we determine to constitute a material change, we will promptly disclose such amendment by means of a prospectus supplement. The supplement will be distributed to the registered holders of the old notes. Depending upon the significance of the amendment and the manner of disclosure to the registered holders, we may extend the exchange offer. In the event of a material change in the exchange offer, including the waiver by us of a material condition, we will extend the exchange offer period if necessary so that at least five business days remain in the exchange offer following notice of the material change.

Conditions to the Exchange Offer

We will not be required to accept for exchange, or exchange any new notes for, any old notes if the exchange offer, or the making of any exchange by a holder of old notes, would violate applicable law or any applicable interpretation of the staff of the SEC. Similarly, we may terminate the exchange offer as provided in this prospectus before accepting old notes for exchange in the event of such a potential violation.

In addition, we will not be obligated to accept for exchange the old notes of any holder that has not made to us the representations described under " Purpose and Effect of the Exchange Offer," " Procedures for Tendering" and "Plan of Distribution" and such other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to allow us to use an appropriate form to register the new notes under the Securities Act.

We expressly reserve the right to amend or terminate the exchange offer, and to reject for exchange any old notes not previously accepted for exchange, upon the occurrence of any of the conditions to the exchange offer specified above. We will give prompt oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the old notes as promptly as practicable.

These conditions are for our sole benefit, and we may assert them or waive them in whole or in part at any time or at various times in our sole discretion. If we fail at any time to exercise any of these rights, this failure will not mean that we have waived our rights. Each such right will be deemed an ongoing right that we may assert at any time or at various times.

In addition, we will not accept for exchange any old notes tendered, and will not issue new notes in exchange for any such old notes, if at such time any stop order has been threatened or is in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture relating to the notes under the Trust Indenture Act of 1939.

Procedures for Tendering

In order to participate in the exchange offer, you must properly tender your old notes to the exchange agent as described below. It is your responsibility to properly tender your notes. We have the right to waive any defects. However, we are not required to waive defects and are not required to notify you of defects in your tender.

Table of Contents

If you have any questions or need help in exchanging your notes, please call the exchange agent, whose address and phone number are set forth in "Prospectus Summary The Exchange Offer Exchange Agent."

All of the old notes were issued in book-entry form, and all of the old notes are currently represented by global certificates held for the account of DTC. We have confirmed with DTC that the old notes may be tendered using the Automated Tender Offer Program ("ATOP") instituted by DTC. The exchange agent will establish an account with DTC for purposes of the exchange offer promptly after the commencement of the exchange offer and DTC participants may electronically transmit their acceptance of the exchange offer by causing DTC to transfer their old notes to the exchange agent using the ATOP procedures. In connection with the transfer, DTC will send an "agent's message" to the exchange agent. The agent's message will state that DTC has received instructions from the participant to tender old notes and that the participant agrees to be bound by the terms of the letter of transmittal.

By using the ATOP procedures to exchange old notes, you will not be required to deliver a letter of transmittal to the exchange agent. However, you will be bound by its terms just as if you had signed it.

There is no procedure for guaranteed late delivery of the notes.

Determinations Under the Exchange Offer

We will determine in our sole discretion all questions as to the validity, form, eligibility, time of receipt, acceptance of tendered old notes and withdrawal of tendered old notes. Our determination will be final and binding. We reserve the absolute right to reject any old notes not properly tendered or any old notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defect, irregularities or conditions of tender as to particular old notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, all defects or irregularities in connection with tenders of old notes must be cured within such time as we shall determine. Although we intend to notify holders of defects or irregularities with respect to tenders of old notes, neither we, the exchange agent nor any other person will incur any liability for failure to give such notification. Tenders of old notes will not be deemed made until such defects or irregularities have been cured or waived. Any old notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned to the tendering holder, unless otherwise provided in the letter of transmittal, promptly following the expiration date.

When We Will Issue New Notes

In all cases, we will issue new notes for old notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives:

a book-entry confirmation of such old notes into the exchange agent's account at DTC; and

a properly transmitted agent's message.

Return of Old Notes Not Accepted or Exchanged

If we do not accept any tendered old notes for exchange or if old notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged old notes will be returned without expense to their tendering holder. Such non-exchanged old notes will be credited to an account maintained with DTC. These actions will occur promptly after the expiration or termination of the exchange offer.

Table of Contents

Your Representations to Us

By agreeing to be bound by the letter of transmittal, you will represent to us that, among other things:

any new notes that you receive will be acquired in the ordinary course of your business;

you have no arrangement or understanding with any person or entity to participate in the distribution of the new notes;

you are not our "affiliate," as defined in Rule 405 of the Securities Act of 1933; and

if you are a broker-dealer that will receive new notes for your own account in exchange for old notes, you acquired those notes as a result of market-making activities or other trading activities and you will deliver a prospectus (or to the extent permitted by law, make available a prospectus) in connection with any resale of such new notes.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw your tender at any time prior to 5:00 p.m. New York City time on the expiration date. For a withdrawal to be effective you must comply with the appropriate procedures of DTC's ATOP system. Any notice of withdrawal must specify the name and number of the account at DTC to be credited with withdrawn old notes and otherwise comply with the procedures of DTC.

We will determine all questions as to the validity, form, eligibility and time of receipt of notice of withdrawal. Our determination shall be final and binding on all parties. We will deem any old notes so withdrawn not to have been validly tendered for exchange for purposes of the exchange offer.

Any old notes that have been tendered for exchange but are not exchanged for any reason will be credited to an account maintained with DTC for the old notes. This crediting will take place as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. You may retender properly withdrawn old notes by following the procedures described under " Procedures for Tendering" above at any time prior to 5:00 p.m., New York City time, on the expiration date.

Fees and Expenses

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail; however, we may make additional solicitation by facsimile, telephone, electronic mail or in person by our officers and regular employees and those of our affiliates.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to broker-dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related reasonable out-of-pocket expenses.

We will pay the cash expenses to be incurred in connection with the exchange offer. They include:

all registration and filing fees and expenses;

all fees and expenses of compliance with federal securities and state "blue sky" or securities laws;

accounting and legal fees, disbursements and printing, messenger and delivery services, and telephone costs; and

related fees and expenses.

Table of Contents

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchange of old notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if a transfer tax is imposed for any reason other than the exchange of old notes under the exchange offer.

Consequences of Failure to Exchange

If you do not exchange new notes for your old notes under the exchange offer, you will remain subject to the existing restrictions on transfer of the old notes. In general, you may not offer or sell the old notes unless the offer or sale is either registered under the Securities Act of 1933 or exempt from the registration under the Securities Act of 1933 and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the old notes under the Securities Act of 1933.

Accounting Treatment

We will record the new notes in our accounting records at the same carrying value as the old notes. This carrying value is the aggregate principal amount of the old notes less any bond discount, as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes in connection with the exchange offer.

Other

Participation in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered old notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any old notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered old notes.

Table of Contents**RATIOS OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratios of consolidated earnings to fixed charges for the periods presented:

	Quarter Ended March 31,		Pro		Year Ended December 31,				
	Pro		Pro		2008	2007	2006	2005	2004
	forma	2009	forma	2008					
Ratio of earnings to fixed charges	(a)	(b)	(a)	(b)	2.7x	4.2x	4.8x	4.4x	

- (a) Adjusted to give effect to a pro forma increase in interest expense resulting from the issuance of the notes and the utilization of the net proceeds from the sale of the notes to repay indebtedness that was outstanding under our bank credit facilities during the three months ended March 31, 2009 and year ended December 31, 2008 as if the issuance of the notes had occurred on January 1, 2009 and January 1, 2008, respectively. Earnings for the pro forma three months ended March 31, 2009 and year ended December 31, 2008 were insufficient to cover fixed charges by \$1.5 billion and \$1.7 billion, respectively.
- (b) Earnings for the three months ended March 31, 2009 and year ended December 31, 2008 were insufficient to cover fixed charges by \$1.5 billion and \$1.6 billion, respectively.

For purposes of calculating the ratios of consolidated earnings to fixed charges:

"earnings" consist of earnings from continuing operations before income taxes, amortization of capitalized interest, net equity in undistributed earnings of subsidiaries and fixed charges, less capitalized interest; and

"fixed charges" consist of interest (whether expensed or capitalized), amortization of debt costs and discounts or premiums relating to any indebtedness and the estimated portion of rental costs that is attributable to interest cost.

We did not have any preferred stock outstanding and there were no preferred stock dividends paid or accrued during the periods presented above.

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreement. We will not receive any proceeds from the issuance of the new notes in the exchange offer. In consideration for issuing the new notes as contemplated by this prospectus, we will receive old notes in a like principal amount. The form and terms of the new notes are identical in all respects to the form and terms of the old notes, except the new notes will be registered under the Securities Act of 1933 and will not contain restrictions on transfer, registration rights or provisions for additional interest. Old notes surrendered in exchange for the new notes will be retired and cancelled and will not be reissued. Accordingly, the issuance of the new notes will not result in any change in outstanding indebtedness.

DESCRIPTION OF NOTES

We will issue the new notes under the indenture (the "Indenture") among us, Forest Oil Permian Corporation, and U.S. Bank National Association, as trustee (the "Trustee"). The terms of the new notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939 (the "1939 Act"). The following description is a summary of the material provisions of the Indenture. It does not restate the Indenture in its entirety. We urge you to read the Indenture because it, and not this description, defines your rights as a Holder of these new notes. We will make a copy of the Indenture available to the Holders of the new notes upon request.

You will find the definitions of capitalized terms used in this description under the heading " Certain Definitions." For purposes of this description, references to the "Company," "we," and "us" refer only to Forest Oil Corporation and not to our subsidiaries. References to the "notes" refer to the new notes and the old notes.

If the exchange offer contemplated by this prospectus is consummated, holders of old notes who do not exchange those notes for new notes in the exchange offer will vote together with holders of new notes for all relevant purposes under the Indenture. In that regard, the Indenture requires that certain actions by the holders thereunder must be taken, and certain rights must be exercised, by specified minimum percentages of the aggregate principal amount of the outstanding securities issued under the Indenture. In determining whether holders of the requisite percentage in principal amount have given any notice, consent or waiver or taken any other action permitted under the Indenture, any old notes that remain outstanding after the exchange offer will be aggregated with the new notes, and the holders of such old notes and the new notes will vote together as a single class for all such purposes. Accordingly, all references herein to specified percentages in aggregate principal amount of the notes outstanding shall be deemed to mean, at any time after the exchange offer is consummated, such percentages in aggregate principal amount of the old notes and the new notes then outstanding.

Principal, Maturity, and Interest

The new notes:

will be general unsecured senior obligations of the Company;

will be issued in this exchange offer in an aggregate principal amount of up to \$600 million but, subject to compliance with the covenant described in " Certain Covenants Limitation on Indebtedness," additional notes may be issued in an unlimited principal amount (the "Additional Notes"), provided that the Additional Notes are fungible with the initial notes for U.S. federal income tax purposes such that the Additional Notes will trade as part of a single class with the initial notes;

will mature on February 15, 2014;

will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof;

will be represented by one or more registered notes in global form, but in certain limited circumstances may be represented by notes in definitive form (see " Book-Entry; Delivery and Form");

will rank equally in right of payment with all existing and future Senior Indebtedness of the Company, without giving effect to collateral arrangements; and

will be senior in right of payment to any existing and future Subordinated Indebtedness of the Company.

Table of Contents

Interest on the new notes:

will accrue at the rate of 8.50% per annum;

will be payable semiannually in arrears on February 15 and August 15;

will be payable to the Holders of record on the February 1 or August 1 immediately preceding the related interest payment date;

will accrue from the date of issuance of the old notes, February 17, 2009, for the first interest payment date and from the most recent interest payment date for each interest payment date thereafter; and

will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Interest on the notes will be payable commencing on August 15, 2009.

We will pay principal, premium, if any, and interest on the new notes, and the new notes will be transferable, at the office or agency designated by the Company within the City and State of New York. In addition, in the event the new notes do not remain in book entry form, we may pay interest, at our option, by check mailed to the registered Holders of the new notes at their registered addresses as set forth in the Note Register. No service charge will be made for any transfer or exchange of new notes, but the Company or the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge that may be payable in connection therewith. The Company is not required to transfer or exchange any note selected for redemption. Also, the Company is not required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

The registered Holder of a note will be treated as the owner of it for all purposes.

We have initially designated the corporate trust office of the Trustee in New York, New York to act as our Paying Agent and Registrar. We may, however, change the Paying Agent or Registrar without prior notice to the Holders of the notes, and the Company or any of its Restricted Subsidiaries may act as Paying Agent or Registrar.

We will pay principal of, premium, if any, and interest on the notes in global form registered in the name of or held by The Depository Trust Company or its nominee in immediately available funds to The Depository Trust Company or its nominee, as the case may be, as the registered Holder of such global note.

Subsidiary Guarantees

Currently, Forest Oil Permian Corporation is the sole Subsidiary Guarantor. Under the circumstances described below under " Certain Covenants Future Subsidiary Guarantors," in the future one or more of our other Restricted Subsidiaries will jointly and severally guarantee the Company's payment obligations under the notes and all obligations under the Indenture. The Subsidiary Guarantee of each Subsidiary Guarantor will be an unsecured senior obligation of such Subsidiary Guarantor. The obligations of the Subsidiary Guarantors under the Subsidiary Guarantees will rank equally in right of payment with other Indebtedness of such Subsidiary Guarantors, except to the extent such other Indebtedness is expressly subordinated to the obligations arising under the Subsidiary Guarantees, and will be effectively subordinated to any of its secured indebtedness to the extent of the value of the collateral therefor.

Although the Indenture limits the amount of Indebtedness that Restricted Subsidiaries may Incur, such Indebtedness may be substantial.

Certain mergers, consolidations, and dispositions of Property may result in the addition of additional Subsidiary Guarantors or the release of Subsidiary Guarantors. See " Merger,

Consolidation, and Sale of Substantially All Assets." Any Subsidiary Guarantor that is designated an Unrestricted Subsidiary in accordance with the terms of the Indenture shall be released from and relieved of its obligations under its Subsidiary Guarantee and the Registration Rights Agreement upon execution and delivery of a supplementary indenture satisfactory to the Trustee.

Each of the Company and any Subsidiary Guarantor will agree to contribute to any Subsidiary Guarantor which makes payments pursuant to its Subsidiary Guarantee, as applicable, an amount equal to the Company's or such Subsidiary Guarantor's proportionate share of such payment, based on the net worth of the Company or such Subsidiary Guarantor relative to the aggregate net worth of the Company and the Subsidiary Guarantors.

The Subsidiary Guarantee of a Subsidiary Guarantor will be released:

- (1) in connection with any sale or other disposition of all or substantially all of the properties or assets of that Subsidiary Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) a Restricted Subsidiary of the Company, if the sale or other disposition complies with the "Asset Sale" provisions of the Indenture;
- (2) in connection with any sale or other disposition of all of the Capital Stock of that Subsidiary Guarantor to a Person that is not (either before or after giving effect to such transaction) a Restricted Subsidiary of the Company, if the sale or other disposition complies with the "Asset Sale" provisions of the Indenture;
- (3) if the Company designates any Restricted Subsidiary that is a Subsidiary Guarantor as an Unrestricted Subsidiary in accordance with the applicable provisions of the Indenture;
- (4) upon Legal Defeasance or Covenant Defeasance as described below under the caption " Legal Defeasance and Covenant Defeasance" or upon satisfaction and discharge of the Indenture as described below under the caption " Satisfaction and Discharge;" or
- (5) at such time as such Subsidiary Guarantor ceases to Guarantee any other Indebtedness of the Company, provided that at such time it does not have outstanding an aggregate of \$25.0 million or more of Indebtedness and Preferred Stock.

Optional Redemption

At any time prior to February 15, 2012, the Company may on any one or more occasions redeem up to 35% of the aggregate principal amount of notes issued under the Indenture at a redemption price of 108.5% of the principal amount, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date), with the net cash proceeds of one or more Equity Offerings by the Company, provided that:

- (1) at least 65% of the aggregate principal amount of notes issued under the Indenture remains outstanding immediately after the occurrence of such redemption (excluding notes held by the Company and its Subsidiaries); and
- (2) the redemption occurs within 120 days of the date of closing of such Equity Offering.

At any time, the Company may redeem all or a part of the notes at a price equal to the greater of:

100% of the principal amount of the new notes to be redeemed; and

the sum of the present values of the remaining scheduled payments of principal and interest (at the rate in effect on the date of calculation of the redemption price) on the notes (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on a

semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the applicable Treasury Yield plus 50 basis points;

plus, in either case, accrued and unpaid interest to the date of redemption.

For purposes of determining the redemption price, the following definitions are applicable:

"*Treasury Yield*" means, with respect to any redemption date applicable to the notes, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the third business day immediately preceding the redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the applicable Comparable Treasury Price for the redemption date.

"*Comparable Treasury Issue*" means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the notes that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining terms of the notes.

"*Independent Investment Banker*" means J.P. Morgan Securities Inc. (and its successors), or, if such firm is unwilling or unable to select the applicable Comparable Treasury Issue, an independent investment banking institution of national standing appointed by the Company.

"*Comparable Treasury Price*" means, with respect to any redemption date, (a) the bid price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) at 4:00 p.m. on the third business day preceding the redemption date, as set forth on "Telerate Page 500" (or such other page as may replace Telerate Page 500), or (b) if such page (or any successor page) is not displayed or does not contain such bid prices at such time (i) the average of the Reference Treasury Dealer Quotations obtained by the Company for the redemption date, after excluding the highest and lowest of all Reference Treasury Dealer Quotations obtained, or (ii) if the Company obtains fewer than four such Reference Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations obtained by the Company.

"*Reference Treasury Dealer*" means (i) J.P. Morgan Securities Inc. and its successors, unless it ceases to be a primary U.S. government securities dealer in New York City (a "Primary Treasury Dealer"), in which case we will substitute therefor another Primary Treasury Dealer, and (ii) any other Primary Treasury Dealer selected by us.

"*Reference Treasury Dealer Quotations*" means, with respect to each Reference Treasury Dealer and any redemption date for the notes, an average, as determined by the Company, of the bid and asked prices for the Comparable Treasury Issue for the notes (expressed in each case as a percentage of its principal amount) quoted in writing to the Company by the Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

Notes called for redemption under the optional redemption provisions set forth above become due on the date fixed for redemption. Notices of such redemption will be mailed at least 30 but not more than 60 days before the redemption date to each Holder of record of the notes to be redeemed at its registered address. The notice of redemption for the notes will state, among other things, the amount of notes to be redeemed, the redemption date, the redemption price (if then determinable or, if not, then the method of determination of the redemption price) and the place(s) that payment will be made upon presentation and surrender of notes to be redeemed. Unless the Company defaults in payment of the redemption price and, subject to the deposit by the Company with the paying agent of the redemption price and any accrued and unpaid interest to the redemption date on all securities to be redeemed, interest will cease to accrue on any notes that have been called for redemption at the redemption date. If the redemption date is on or after an interest record date and on or before the related interest payment date, the accrued and unpaid interest, if any, will be paid to the Person in

Table of Contents

whose name the note is registered at the close of business on such record date, and no additional interest will be payable to Holders whose notes will be subject to redemption by the Company. If less than all the notes are redeemed at any time, the Trustee will select the notes to be redeemed on a pro rata basis or by any other method the Trustee deems fair and appropriate. If any note is to be redeemed in part only, the notice of redemption relating to such note will state the portion of the principal amount thereof to be redeemed. A new note in principal amount equal to the unredeemed portion thereof will be issued in the name of the Holder thereof upon cancellation of the original note.

The Company may acquire notes by means other than a redemption, whether by tender offer, open market purchases, negotiated transactions, or otherwise, in accordance with applicable securities laws, so long as such acquisition does not otherwise violate the terms of the Indenture.

Sinking Fund

There is no mandatory redemption or sinking fund payments for the notes.

Repurchase at the Option of Holders upon a Change of Control

If a Change of Control occurs, unless the Company has exercised its right to redeem all of the notes as described under " Optional Redemption," each Holder of notes will have the right to require the Company to repurchase all or any part (equal to \$2,000 in principal amount or an integral multiple of \$1,000 in excess thereof) of that Holder's notes pursuant to a Change of Control Offer. In the Change of Control Offer, the Company will offer a Change of Control Payment equal to 101% of the principal amount of the notes repurchased. The Company will also pay Holders of notes being redeemed accrued and unpaid interest, if any, to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Within 30 days following any Change of Control, unless the Company has exercised its right to redeem all of the notes as described under " Optional Redemption," the Company will mail a notice to each Holder stating, among other things:

that a Change of Control has occurred and a Change of Control Offer is being made pursuant to the Indenture and that all notes (or portions thereof) properly tendered will be accepted for payment;

the purchase price and the purchase date, which shall be, subject to any contrary requirements of applicable law, no fewer than 30 days nor more than 60 days from the date the Company mails such notice (the "Change of Control Payment Date");

that any note (or portion thereof) accepted for payment (and duly paid on the Change of Control Payment Date) pursuant to the Change of Control Offer shall cease to accrue interest on the Change of Control Payment Date;

that any notes (or portions thereof) not properly tendered will continue to accrue interest;

a description of the transaction or transactions constituting the Change of Control;

the procedures that Holders of notes must follow in order to tender their notes (or portions thereof) for payment and the procedures that Holders of notes must follow in order to withdraw an election to tender notes (or portions thereof) for payment; and

all other instructions and materials necessary to enable Holders to tender notes pursuant to the Change of Control Offer.

Table of Contents

Prior to the mailing of the notice to Holders of notes described above, but in any event within 30 days following any Change of Control, the Company covenants to:

(1) repay or cause to be repaid in full all Indebtedness of the Company and any Subsidiary Guarantor that would prohibit the repurchase of the notes pursuant to such Change of Control Offer; or

(2) obtain any requisite consents under instruments governing any such Indebtedness of the Company and any Subsidiary Guarantor to permit the repurchase of the notes.

The Company shall first comply with the covenant in the preceding sentence before it shall repurchase notes pursuant to this " Repurchase at the Option of Holders Upon a Change of Control" covenant.

If the Company is unable to repay or cause to be repaid all Indebtedness that would prohibit the repurchase of the notes or is unable to obtain the consents of the holders of Indebtedness, if any, outstanding at the time of a Change of Control whose consent would be so required to permit the repurchase of the notes validly tendered, or if the Company for any other reason fails to commence the Change of Control Offer when required to do so by the terms of this covenant, then the Company will have breached such covenant. This failure to commence the Change of Control Offer will constitute an Event of Default under the Indenture if it continues for a period of 30 consecutive days after written notice is given to the Company by the Trustee or the Holders of at least 25% in aggregate principal amounts of the notes outstanding. In addition, the failure by the Company to repurchase notes at the conclusion of the Change of Control Offer will constitute an Event of Default under the Indenture, without any waiting period or notice requirements. Such Event of Default would, in turn, constitute a default under the existing Bank Credit Facilities and may constitute a default under the terms of any other Indebtedness of the Company or any Subsidiary Guarantor then outstanding.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations to the extent such laws and regulations are applicable in connection with the repurchase of notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the covenant described hereunder, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached any covenant.

The Company's obligation to repurchase the notes upon a Change of Control will be guaranteed on an unsecured senior basis, to the extent any Restricted Subsidiary becomes a Subsidiary Guarantor, by such Subsidiary Guarantor pursuant to its Subsidiary Guarantee.

If a Change of Control were to occur, there can be no assurance that the Company and the Subsidiary Guarantors, if any, would have sufficient financial resources, or would be able to arrange financing and pay the purchase price for all notes tendered by the Holders thereof. The provisions under the Indenture related to the Company's obligations to make an offer to repurchase the notes as a result of a Change of Control may be waived or modified (at any time prior to the occurrence of such Change of Control) with the written consent of the Holders of a majority in principal amount of the notes.

The Company will not be required to make a Change of Control Offer upon a Change of Control if a third party (including any Subsidiary of the Company) makes the Change of Control Offer in the manner, at the times, and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all notes validly tendered and not withdrawn under such Change of Control Offer.

Table of Contents

A "Change of Control" shall be deemed to occur if:

(1) any "person" or "group" (within the meaning of Sections 13(d)(3) and 14(d)(2) of the Exchange Act or any successor provision to either of the foregoing, including any group acting for the purpose of acquiring, holding, or disposing of securities within the meaning of Rule 13d-5(b)(1) under the Exchange Act), becomes (other than as a result of a merger or consolidation) the "beneficial owner" (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that a Person will be deemed to have "beneficial ownership" of all shares that any such Person has the right to acquire, whether such right is exercisable immediately or only after the passage of time) of more than 50% of the total voting power of all classes of the Voting Stock of the Company outstanding or subject to currently exercisable warrants or options to acquire such Voting Stock;

(2) the sale, lease, conveyance, or transfer of all or substantially all the assets of the Company and the Restricted Subsidiaries taken as a whole (other than to any Wholly Owned Subsidiary) shall have occurred;

(3) the shareholders of the Company shall have approved any plan of liquidation or dissolution of the Company;

(4) the Company consolidates with or merges into another Person, or any Person consolidates with or merges into the Company, in any such event pursuant to a transaction in which the outstanding Voting Stock of the Company is reclassified into or exchanged for cash, securities, or other property, other than any such transaction where the outstanding Voting Stock of the Company is reclassified into or exchanged for Voting Stock of the surviving corporation that is Capital Stock and the holders of the Voting Stock of the Company immediately prior to such transaction own, directly or indirectly, not less than a majority of the Voting Stock of the surviving corporation immediately after such transaction in substantially the same proportion as before the transaction (for the purposes of this clause (4), the holders of the Voting Stock immediately prior to such transaction shall be deemed to beneficially own any Voting Stock of a specified corporation held by a parent corporation, if the holders of the Voting Stock immediately prior to such transaction are the beneficial owners (as defined in clause (1) above), directly or indirectly, of more than 50% of the voting power of the Voting Stock of such parent corporation); or

(5) during any period of two consecutive years, individuals who at the beginning of such period constituted the Company's Board of Directors (together with any new directors whose election or appointment by such Board or whose nomination for election by the shareholders of the Company was approved by a vote of a majority of the directors then still in office who were either directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Company's Board of Directors then in office.

The definition of "Change of Control" includes a phrase relating to the sale, lease, conveyance or transfer of "all or substantially all" of the Company's and its Restricted Subsidiaries' assets taken as a whole. The Indenture is governed by New York law, and there is no established quantitative definition under New York law of "substantially all" of the assets of a corporation. Accordingly, the ability of a Holder of notes to require the Company to repurchase such notes as a result of a sale, lease, conveyance, or transfer of less than all of the assets of the Company and its Restricted Subsidiaries taken as a whole may be uncertain.

The Change of Control provisions described above will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain any other provision that permits the Holders of the notes to require that the Company repurchase or redeem the notes in the event of a takeover, recapitalization, or similar restructuring.

Table of Contents

In the event that Holders of not less than 90% of the aggregate principal amount of the outstanding notes accept a Change of Control Offer and the Company purchases all of the notes held by such Holders, the Company will have the right, upon not less than 30 nor more than 60 days' prior notice, given not more than 30 days following the purchase pursuant to the Change of Control Offer described above, to redeem all of the notes that remain outstanding following such purchase at a redemption price equal to the Change of Control Payment plus, to the extent not included in the Change of Control Payment, accrued and unpaid interest on the notes that remain outstanding, to, but not including, the date of redemption (subject to the right of the Holders on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date).

Certain Covenants

Covenant Termination

In the event that at any time (a) the rating assigned to the notes by either S&P or Moody's is at least an Investment Grade Rating, (b) the obligations under the Bank Credit Facilities cease to be secured and (c) no Default has occurred and is continuing under the Indenture, the Company and its Restricted Subsidiaries will no longer be subject to the provisions of the Indenture described below under " Limitation on Indebtedness," " Limitation on Restricted Payments," " Limitation on Issuance and Sale of Capital Stock of Restricted Subsidiaries," " Limitation on Asset Sales," " Limitation on Restrictions on Distributions from Restricted Subsidiaries," and " Future Subsidiary Guarantors." In addition, the Company will no longer be subject to the financial tests set forth in clause (6) of the provisions of the Indenture described below under " Merger, Consolidation, and Sale of Substantially All Assets." However, the Company will remain subject to the provisions of the Indenture described below under " Limitation on Liens" and " Restricted and Unrestricted Subsidiaries" and the provisions of the Indenture described under " Repurchase at the Option of Holders Upon a Change of Control."

Limitation on Indebtedness

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness unless, after giving pro forma effect to the Incurrence of such Indebtedness and the receipt and application of the proceeds thereof, no Default would occur as a consequence of, and no Event of Default would be continuing following, such Incurrence and application and either:

- (1) the Consolidated Interest Coverage Ratio would exceed 2.25 to 1.0; or
- (2) such Indebtedness is Permitted Indebtedness.

"*Permitted Indebtedness*" means any and all of the following:

- (1) Indebtedness arising under the Indenture with respect to the notes issued on the Issue Date and any Subsidiary Guarantees relating thereto, and the related exchange notes and exchange guarantees issued in a registered exchange offer pursuant to a Registration Rights Agreement;
- (2) Indebtedness under Bank Credit Facilities, *provided* that the aggregate principal amount of all Indebtedness under Bank Credit Facilities Incurred pursuant to this clause (2), together with all Indebtedness Incurred pursuant to clause (10) of this paragraph in respect of Indebtedness previously Incurred under Bank Credit Facilities, at any one time outstanding does not exceed the greater of:

\$1.2 billion, which amount shall be permanently reduced by the amount of Net Available Cash from Asset Sales (a) used to permanently repay Indebtedness under Bank Credit Facilities and not subsequently reinvested in Additional Assets or (b) used to permanently reduce other

Indebtedness to the extent permitted pursuant to the provisions of the Indenture described below under " Limitation on Asset Sales;" and

an amount equal to the sum of (a) \$150.0 million and (b) 25% of Adjusted Consolidated Net Tangible Assets determined as of the date of the Incurrence of such Indebtedness;

(3) Indebtedness to the Company or any Restricted Subsidiary by any of its Restricted Subsidiaries or Indebtedness of the Company to any of its Restricted Subsidiaries (but only so long as such Indebtedness is held by the Company or a Restricted Subsidiary);

(4) Indebtedness in respect of bid, performance, reimbursement, or surety obligations issued by or for the account of the Company or any Restricted Subsidiary in the ordinary course of business, including Guarantees and letters of credit functioning as or supporting such bid, performance, reimbursement, or surety obligations (in each case other than for an obligation for money borrowed);

(5) Indebtedness under Permitted Hedging Agreements;

(6) in-kind obligations relating to oil or gas balancing positions arising in the ordinary course of business;

(7) Indebtedness outstanding on the Issue Date not otherwise permitted in clauses (1) through (6) above;

(8) Non-recourse Purchase Money Indebtedness;

(9) Indebtedness not otherwise permitted to be Incurred pursuant to this paragraph (excluding any Indebtedness Incurred pursuant to clause (1) of the immediately preceding paragraph), *provided* that the aggregate principal amount of all Indebtedness Incurred pursuant to this clause (9), together with all Indebtedness Incurred pursuant to clause (10) of this paragraph in respect of Indebtedness previously Incurred pursuant to this clause (9), at any one time outstanding does not exceed \$100.0 million;

(10) Indebtedness Incurred in exchange for, or the proceeds of which are used to refinance, (a) Indebtedness referred to in clauses (1), (2), (7), (8), and (9) of this paragraph (including Indebtedness previously Incurred pursuant to this clause (10)) and (b) Indebtedness Incurred pursuant to clause (1) of the immediately preceding paragraph, *provided* that, in the case of each of the foregoing clauses (a) and (b), such Indebtedness is Permitted Refinancing Indebtedness; and

(11) Indebtedness consisting of obligations in respect of purchase price adjustments, indemnities or Guarantees of the same or similar matters in connection with the acquisition or disposition of Property.

For purposes of determining compliance with the foregoing covenants:

in the event that an item of Indebtedness (including Indebtedness Incurred by the Company to banks or other lenders) could be Incurred pursuant to more than one of the above provisions, the Company, in its sole discretion, may classify such item of Indebtedness on the date of its Incurrence, or later reclassify it, and will only be required to include the amount and type of such Indebtedness in (and to have Incurred such Indebtedness pursuant to) one of the above clauses; and

an item of Indebtedness (including Indebtedness Incurred by the Company to banks or other lenders) may for this purpose be divided into more than one of the types of Indebtedness described above.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case

Table of Contents

of revolving credit Indebtedness; *provided* that if such Indebtedness is Incurred to refinance other Indebtedness denominated in a foreign currency and such refinancing would cause the applicable U.S. dollar-dominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-dominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that the Company may Incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Permitted Refinancing Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Permitted Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

Limitation on Liens

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into, create, Incur, assume, or suffer to exist any Lien on or with respect to any Property of the Company or such Restricted Subsidiary securing Indebtedness, whether owned on the Issue Date or acquired thereafter, or any interest therein or any income or profits therefrom, unless the notes or any Subsidiary Guarantee of such Restricted Subsidiary, as applicable, are secured equally and ratably with (or prior to) such Indebtedness for so long as such Indebtedness is secured, except that the Company and its Restricted Subsidiaries may enter into, create, Incur, assume, or suffer to exist Permitted Liens.

Limitation on Restricted Payments

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, make any Restricted Payment if, at the time of and after giving effect to the proposed Restricted Payment:

- (1) any Default or Event of Default would have occurred and be continuing;
- (2) the Company could not Incur at least \$1.00 of additional Indebtedness pursuant to clause (1) of the first paragraph of the covenant described above under " Limitation on Indebtedness;" or
- (3) the aggregate amount expended or declared for all Restricted Payments from the Reference Date would exceed the sum (without duplication) of the following:
 - (a) 50% of the aggregate Consolidated Net Income of the Company accrued on a cumulative basis commencing on the last day of the fiscal quarter immediately preceding the fiscal quarter in which the Reference Date occurs and ending on the last day of the fiscal quarter ending on or immediately preceding the date of such proposed Restricted Payment (or, if such aggregate Consolidated Net Income shall be a loss, minus 100% of such loss), plus
 - (b) the aggregate net cash proceeds, or the Fair Market Value of Property other than cash, received by the Company on or after the Reference Date from the issuance or sale (other than to a Subsidiary of the Company) of Capital Stock of the Company, plus
 - (c) the aggregate net cash proceeds, or the Fair Market Value of Property other than cash, received by the Company as capital contributions to the Company (other than from a Subsidiary of the Company) on or after the Reference Date, plus
 - (d) the aggregate net cash proceeds received by the Company from the issuance or sale (other than to any Subsidiary of the Company) on or after the Reference Date of convertible Indebtedness that has been converted into or exchanged for Capital Stock of the Company, together with the aggregate net cash proceeds received by the Company at the time of such

conversion or exchange or received by the Company from any such conversion or exchange of convertible Indebtedness issued or sold (other than to any Subsidiary of the Company) prior to the Reference Date, plus

(e) to the extent not otherwise included in the Company's Consolidated Net Income, an amount equal to the net reduction in Investments made by the Company and its Restricted Subsidiaries subsequent to the Reference Date in any Person resulting from (i) payments of interest on debt, dividends, repayments of loans or advances, or other transfers or distributions of Property, in each case to the Company or any Restricted Subsidiary from any Person other than the Company or a Restricted Subsidiary, and in an amount not to exceed the book value of such Investments previously made in such Person that were treated as Restricted Payments, or (ii) the designation of any Unrestricted Subsidiary as a Restricted Subsidiary, and in an amount not to exceed the lesser of (x) the book value of all Investments previously made in such Unrestricted Subsidiary that were treated as Restricted Payments and (y) the Fair Market Value of such Unrestricted Subsidiary, plus

(f) \$25.0 million.

The limitations set forth in the preceding paragraph will not prevent the following Restricted Payments so long as, at the time thereof, no Default or Event of Default shall have occurred and be continuing (except in the case of clause (1), under which the payment of a dividend is permitted):

(1) the payment of any dividend on Capital Stock of the Company or any Restricted Subsidiary within 60 days after the declaration thereof, if at such declaration date such dividend could have been paid in compliance with the preceding paragraph;

(2) the repurchase, redemption, or other acquisition or retirement for value of any Capital Stock of the Company or any of its Subsidiaries held by any current or former officers, directors, or employees of the Company or any of its Subsidiaries pursuant to the terms of agreements (including employment agreements) or plans approved by the Company's Board of Directors, including any such repurchase, redemption, acquisition, or retirement of shares of such Capital Stock that is deemed to occur upon the exercise of stock options or similar rights if such shares represent all or a portion of the exercise price or are surrendered in connection with satisfying United States or Canadian Federal income tax obligations; *provided, however*, that the aggregate amount of such repurchases, redemptions, acquisitions, and retirements shall not exceed the sum of (a) \$10.0 million in any twelve-month period and (b) the aggregate net proceeds, if any, received by the Company during such twelve-month period from any issuance of such Capital Stock pursuant to such agreements or plans;

(3) the purchase, redemption, or other acquisition or retirement for value of any Capital Stock of the Company or any Restricted Subsidiary, in exchange for, or out of the aggregate net cash proceeds of, a substantially concurrent issuance and sale (other than to a Subsidiary of the Company or an employee stock ownership plan or trust established by the Company or any of its Subsidiaries, for the benefit of their employees) of Capital Stock of the Company;

(4) the making of any principal payment on or the repurchase, redemption, legal defeasance, or other acquisition or retirement for value, prior to any scheduled principal payment, scheduled sinking fund payment, or maturity, of any Subordinated Indebtedness in exchange for, or out of the aggregate net cash proceeds of, a substantially concurrent issuance and sale (other than to a Subsidiary of the Company or an employee stock ownership plan or trust established by the Company or any of its Subsidiaries, for the benefit of their employees) of Capital Stock of the Company;

(5) the making of any principal payment on or the repurchase, redemption, legal defeasance, or other acquisition or retirement for value of Subordinated Indebtedness in exchange for, or out of the aggregate net cash proceeds of, a substantially concurrent Incurrence (other than a sale to a Subsidiary of the Company) of Subordinated Indebtedness so long as such new Indebtedness is Permitted

Refinancing Indebtedness and (a) has an Average Life that is longer than the Average Life of the notes and (b) has a Stated Maturity for its final scheduled principal payment that is more than one year after the Stated Maturity of the final scheduled principal payment of the notes;

(6) the making of any principal payment on or the repurchase, redemption, legal defeasance, or other acquisition or retirement for value, prior to any scheduled principal payment, scheduled sinking fund payment, or maturity, of any Subordinated Indebtedness that is either (a) existing on the Issue Date or (b) issued after the Issue Date in exchange for, or for aggregate net cash proceeds used to repurchase, redeem, legally defease, or otherwise acquire or retire for value, Subordinated Indebtedness existing on the Issue Date; *provided, however*, that the aggregate principal amount of such Subordinated Indebtedness issued after the Issue Date shall not exceed the aggregate principal amount of the Subordinated Indebtedness existing on the Issue Date so exchanged, repurchased, redeemed, legally defeased, or otherwise acquired or retired for value; and

(7) loans made to officers, directors, or employees of the Company or any Restricted Subsidiary approved by the Board of Directors (or a duly authorized officer), the net cash proceeds of which are used solely (a) to purchase common stock of the Company in connection with a restricted stock or employee stock purchase plan, or to exercise stock options received pursuant to an employee or director stock option plan or other incentive plan, in a principal amount not to exceed the exercise price of such stock options or (b) to refinance loans, together with accrued interest thereon, made pursuant to item (a) of this clause (7).

The actions described in clauses (1) and (2) of this paragraph shall be included in subsequent calculations of the amount of Restricted Payments. The actions described in clauses (3), (4), (5), (6), and (7) of this paragraph shall be excluded in subsequent calculations of the amount of Restricted Payments, *provided* that the net cash proceeds from any issuance or sale of Capital Stock of the Company pursuant to such clauses (3), (4), and (7) shall be excluded from any calculations pursuant to clauses 3(b) or 3(c) under the first paragraph of this section.

The amount of all Restricted Payments (other than cash) shall be the Fair Market Value on the date of the Restricted Payment of the securities or other assets proposed to be issued or transferred by the Company or any of its Restricted Subsidiaries, as the case may be, pursuant to the Restricted Payment.

Limitation on Issuance and Sale of Capital Stock of Restricted Subsidiaries

The Company will not (a) permit any Restricted Subsidiary to issue any Capital Stock other than to the Company or one of its Wholly Owned Subsidiaries or (b) permit any Person other than the Company or a Wholly Owned Subsidiary to own any Capital Stock of any other Restricted Subsidiary (other than directors' qualifying shares), except, in each case, for:

(1) the sale of the Capital Stock of a Restricted Subsidiary owned by the Company or any other Restricted Subsidiary effected in accordance with the provisions of the Indenture described under " Limitation on Asset Sales;"

(2) the issuance of Capital Stock by a Restricted Subsidiary to a Person other than the Company or a Restricted Subsidiary; and

(3) the Capital Stock of a Restricted Subsidiary owned by a Person at the time such Restricted Subsidiary became a Restricted Subsidiary or acquired by such Person in connection with the formation of the Restricted Subsidiary, or transfers thereof;

Table of Contents

provided, that any sale or issuance of Capital Stock of a Restricted Subsidiary shall be deemed to be an Asset Sale to the extent the percentage of the total outstanding Voting Stock of such Restricted Subsidiary owned directly and indirectly by the Company is reduced as a result of such sale or issuance; *provided, further*, that if a Person whose Capital Stock was issued or sold in a transaction described in this paragraph is, as a result of such transaction, no longer a Restricted Subsidiary, then the Fair Market Value of Capital Stock of such Person retained by the Company and the other Restricted Subsidiaries shall be treated as an Investment for purposes of the provisions of the Indenture described above under " Limitation on Restricted Payments." In the event of the consummation of a sale of all the Capital Stock of a Restricted Subsidiary pursuant to the foregoing clause (1) and the execution and delivery of a supplemental indenture in form satisfactory to the Trustee, any such Restricted Subsidiary that is also a Subsidiary Guarantor shall be released from all its obligations under its Subsidiary Guarantee.

Limitation on Asset Sales

The Company will not, and will not permit any Restricted Subsidiary to, consummate any Asset Sale unless:

(1) the Company or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the Property subject to such Asset Sale; and

(2) all of the consideration paid to the Company or such Restricted Subsidiary in connection with such Asset Sale is in the form of cash, cash equivalents, Liquid Securities, Exchanged Properties, or the assumption by the purchaser of liabilities of the Company (other than liabilities of the Company that are by their terms subordinated to the notes) or liabilities of any Restricted Subsidiary that made such Asset Sale (other than liabilities of any Subsidiary Guarantor that are by their terms subordinated to such Subsidiary Guarantor's Subsidiary Guarantee), in each case as a result of which the Company and its remaining Restricted Subsidiaries are no longer liable for such liabilities ("Permitted Consideration"); *provided, however*, that the Company and its Restricted Subsidiaries shall be permitted to receive Property other than Permitted Consideration, so long as the aggregate Fair Market Value of all such Property other than Permitted Consideration received from Asset Sales and held by the Company and the Restricted Subsidiaries at any one time shall not exceed 10.0% of Adjusted Consolidated Net Tangible Assets.

The Net Available Cash from Asset Sales by the Company or a Restricted Subsidiary may be applied by the Company, such Restricted Subsidiary or another Restricted Subsidiary, to the extent the Company elects (or is required by the terms of any Pari Passu Indebtedness of the Company or a Restricted Subsidiary), to:

(1) prepay, repay, or purchase Pari Passu Indebtedness of the Company (including the notes) or a Subsidiary Guarantor or any Indebtedness of a Restricted Subsidiary that is not a Subsidiary Guarantor (in each case, excluding Indebtedness owed to the Company or an Affiliate of the Company); or

(2) to reinvest in Additional Assets (including by means of an Investment in Additional Assets by a Restricted Subsidiary with Net Available Cash received by the Company or another Restricted Subsidiary).

Any Net Available Cash from an Asset Sale not applied in accordance with the preceding paragraph within 365 days from the date of such Asset Sale will constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds \$50.0 million, an offer to purchase notes having an aggregate principal amount equal to the aggregate amount of Excess Proceeds (the "Prepayment Offer") must be made by the Company at a purchase price equal to 100% of the principal amount of such notes plus accrued and unpaid interest, if any, to the Purchase Date (as defined) in accordance

Table of Contents

with the procedures (including prorating in the event of oversubscription) set forth in the Indenture, but, if the terms of any Pari Passu Indebtedness require that a Pari Passu Offer be made contemporaneously with the Prepayment Offer, then the Excess Proceeds shall be prorated between the Prepayment Offer and such Pari Passu Offer in accordance with the aggregate outstanding principal amounts of the notes and such Pari Passu Indebtedness, and the aggregate principal amount of notes for which the Prepayment Offer is made shall be reduced accordingly. If the aggregate principal amount of notes tendered by Holders thereof exceeds the amount of available Excess Proceeds, then such Excess Proceeds will be allocated pro rata according to the principal amount of the notes tendered and the Trustee will select the notes to be purchased in accordance with the Indenture. To the extent that any portion of the amount of Excess Proceeds remains after compliance with the second sentence of this paragraph, and provided that all Holders of notes have been given the opportunity to tender their notes for purchase as described in the following paragraph in accordance with the Indenture, the Company and its Restricted Subsidiaries may use such remaining amount for purposes permitted by the Indenture, and the amount of Excess Proceeds will be reset to zero.

Within 30 days after the 365th day following the date of an Asset Sale, the Company shall, if it is obligated to make an offer to purchase the notes pursuant to the preceding paragraph, send a written Prepayment Offer notice, by first-class mail, to the Holders of the notes (the "Prepayment Offer Notice"), accompanied by such information regarding the Company and its Subsidiaries as the Company believes will enable such Holders of the notes to make an informed decision with respect to the Prepayment Offer. The Prepayment Offer Notice will state, among other things:

that the Company is offering to purchase notes pursuant to the provisions of the Indenture;

that any note (or any portion thereof) accepted for payment (and duly paid on the Purchase Date) pursuant to the Prepayment Offer shall cease to accrue interest on the Purchase Date;

that any notes (or portions thereof) not properly tendered will continue to accrue interest;

the purchase price and purchase date, which shall be, subject to any contrary requirements of applicable law, no less than 30 days nor more than 60 days after the date the Prepayment Offer Notice is mailed (the "Purchase Date");

the aggregate principal amount of notes to be purchased;

a description of the procedure which Holders of notes must follow in order to tender their notes and the procedures that Holders of notes must follow in order to withdraw an election to tender their notes for payment; and

all other instructions and materials necessary to enable Holders to tender notes pursuant to the Prepayment Offer.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations to the extent such laws and regulations are applicable in connection with the purchase of notes as described above. To the extent that the provisions of any securities laws or regulations conflict with the provisions relating to the Prepayment Offer, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached any covenant.

Limitation on Transactions with Affiliates

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, conduct any business or enter into any transaction or series of transactions (including the sale, transfer, disposition, purchase, exchange or lease of Property, the making of any Investment, the

giving of any Guarantee or the rendering of any service) with or for the benefit of any Affiliate of the Company (other than the Company or a Restricted Subsidiary), unless:

(1) such transaction or series of transactions is on terms no less favorable to the Company or such Restricted Subsidiary than those that could be obtained in a comparable arm's-length transaction with a Person that is not an Affiliate of the Company or such Restricted Subsidiary; and

(2) with respect to a transaction or series of transactions involving aggregate payments by or to the Company or such Restricted Subsidiary having a Fair Market Value equal to or in excess of:

(a) \$5.0 million but less than \$10.0 million, an officer of the Company certifies that such transaction or series of transactions complies with clause (1) of this paragraph, as evidenced by an Officers' Certificate delivered to the Trustee;

(b) \$10.0 million but less than \$75.0 million, the Board of Directors of the Company (including a majority of the disinterested members of such Board of Directors) approves such transaction or series of transactions and certifies that such transaction or series of transactions complies with clause (1) of this paragraph, as evidenced by a certified resolution delivered to the Trustee; or

(c) \$75.0 million;

the Company receives from an independent, nationally recognized investment banking firm or appraisal firm, in either case specializing or having a specialty in the type and subject matter of the transaction (or series of transactions) at issue, a written opinion that such transaction (or series of transactions) is fair, from a financial point of view, to the Company or such Restricted Subsidiary; and

the Board of Directors of the Company (including a majority of the disinterested members of such Board of Directors) approves such transaction or series of transactions and certifies that such transaction or series of transactions complies with clause (1) of this paragraph, as evidenced by a certified resolution delivered to the Trustee.

The limitations of the preceding paragraph do not apply to:

(1) the payment of reasonable and customary regular fees to directors of the Company or any of its Restricted Subsidiaries who are not employees of the Company or any of its Restricted Subsidiaries;

(2) indemnities of officers and directors of the Company or any Subsidiary consistent with such Person's charter, bylaws and applicable statutory provisions;

(3) any issuance of securities, or other payments, awards, or grants in cash, securities, or otherwise pursuant to, or the funding of, employment arrangements, stock options, and stock ownership plans approved by the Board of Directors of the Company;

(4) loans made:

to officers, directors, or employees of the Company or any Restricted Subsidiary approved by the Board of Directors (or by a duly authorized officer) of the Company, the proceeds of which are used solely to purchase common stock of the Company in connection with a restricted stock or employee stock purchase plan, or to exercise stock options received pursuant to an employee or director stock option plan or other incentive plan, in a principal amount not to exceed the exercise price of such stock options; or

to refinance loans, together with accrued interest thereon, made pursuant to this clause (4);

(5) advances and loans to officers, directors, and employees of the Company or any Subsidiary in the ordinary course of business, *provided* such loans and advances (excluding loans or advances made pursuant to the preceding clause (4)) do not exceed \$10.0 million at any one time outstanding;

(6) any Restricted Payment permitted to be paid pursuant to the provisions of the Indenture described above under " Limitation on Restricted Payments;"

(7) any issuance of Capital Stock (other than Redeemable Stock) of the Company to, or receipt of a capital contribution from, Affiliates (or a Person who becomes an Affiliate) of the Company; or

(8) any transaction or series of transactions pursuant to any agreement or obligation of the Company or any of its Restricted Subsidiaries in effect on the Issue Date.

Limitation on Restrictions on Distributions from Restricted Subsidiaries

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the legal right of any Restricted Subsidiary to:

(1) pay dividends, in cash or otherwise, or make any other distributions on or in respect of its Capital Stock, or pay any Indebtedness or other obligation owed, to the Company or any other Restricted Subsidiary;

(2) make loans or advances to the Company or any other Restricted Subsidiary; or

(3) transfer any of its Property to the Company or any other Restricted Subsidiary.

Such limitation will not apply:

(a) with respect to clauses (1), (2), and (3), to encumbrances and restrictions:

(i) in Bank Credit Facilities and other agreements and instruments, in each case as in effect on the Issue Date;

(ii) relating to Indebtedness of a Restricted Subsidiary and existing at the time it became a Restricted Subsidiary if such encumbrance or restriction was not created in anticipation of or in connection with the transactions pursuant to which such Restricted Subsidiary became a Restricted Subsidiary; *provided*, that any such encumbrance or restriction shall not extend to any assets or property of the Company or any other Restricted Subsidiary other than the assets and property so acquired and that, in the case of Indebtedness, was permitted to be Incurred pursuant to the Indenture;

(iii) which result from the renewal, refinancing, extension, or amendment of an agreement that is the subject of clause (a)(i) or (ii) above or clause (b)(i) or (ii) below; or

(iv) any agreement for the sale or other disposition of Property, including without limitation an agreement for the sale or other disposition of the Capital Stock or Property of a Restricted Subsidiary, that restricts distributions, advances or transfers by the applicable Restricted Subsidiary pending the sale of or other disposition;

provided that such encumbrance or restriction is not materially less favorable to the Holders of notes than those under or pursuant to the agreement so renewed, refinanced, extended, or amended; and

(b) with respect to clause (3) only, to:

(i) any restriction on the sale, transfer, or other disposition of Property relating to Indebtedness that is permitted to be Incurred and secured under the provisions of the Indenture described above under " Limitation on Indebtedness" and " Limitation on Liens;"

Table of Contents

(ii) any encumbrance or restriction applicable to Property at the time it is acquired by the Company or a Restricted Subsidiary, so long as such encumbrance or restriction relates solely to the Property so acquired and was not created in anticipation of or in connection with such acquisition;

(iii) customary provisions restricting subletting or assignment of leases and customary provisions in other agreements that restrict assignment of such agreements or rights thereunder; and

(iv) customary restrictions contained in asset sale agreements limiting the transfer of such assets pending the closing of such sale.

Future Subsidiary Guarantors

The Company shall cause each Domestic Restricted Subsidiary having an aggregate of \$25.0 million or more of Indebtedness and Preferred Stock outstanding at any time to promptly execute and deliver to the Trustee a supplemental indenture agreeing to be bound by the terms of the Indenture. In addition, any Restricted Subsidiary that Guarantees Indebtedness of the Company will be required to execute and deliver to the Trustee a supplemental indenture agreeing to be bound by the terms of the Indenture.

Restricted and Unrestricted Subsidiaries

Unless defined or designated as an Unrestricted Subsidiary, any Person that becomes a Domestic Subsidiary or a Canadian Subsidiary of the Company or any of its Restricted Subsidiaries shall be classified as a Restricted Subsidiary subject to the provisions of the next paragraph.

The Company may designate a Subsidiary (including a newly formed or newly acquired Subsidiary) of the Company or any of its Restricted Subsidiaries as an Unrestricted Subsidiary only if:

(1) such Subsidiary does not at such time own any Capital Stock or Indebtedness of, or own or hold any Lien on any Property of, the Company or any other Restricted Subsidiary;

(2) such Subsidiary does not at such time have any Indebtedness or other obligations which, if in default, would result (with the passage of time or notice or otherwise) in a default on any Indebtedness of the Company or any Restricted Subsidiary;

(3) (a) such designation is effective immediately upon such Subsidiary becoming a Subsidiary of the Company or of a Restricted Subsidiary;

(b) the Subsidiary to be so designated has total assets of \$1,000 or less; or

(c) if such Subsidiary has assets greater than \$1,000, then such designation as an Unrestricted Subsidiary is deemed to constitute a Restricted Payment in an amount equal to the Fair Market Value of the Company's direct and indirect ownership interest in such Subsidiary and such Restricted Payment would be permitted to be made at the time of such designation under the provisions of the Indenture described above under " Limitation on Restricted Payments;"

(4) such Subsidiary, either alone or in the aggregate with all other Unrestricted Subsidiaries, does not operate, directly or indirectly, all or substantially all of the business of the Company and its Subsidiaries;

(5) such Subsidiary is a Person with respect to which neither the Company nor any of its Restricted Subsidiaries has any direct or indirect obligation:

(a) to subscribe for additional Capital Stock of such Person; or

Table of Contents

(b) to maintain or preserve such Person's financial condition or to cause such Person to achieve any specified levels of operating results; and

(6) on the date such Subsidiary is designated an Unrestricted Subsidiary, such Subsidiary is not a party to any agreement, contract, arrangement, or understanding with the Company or any Restricted Subsidiary with terms substantially less favorable to the Company than those that might have been obtained from Persons who are not Affiliates of the Company.

Except as provided in the next succeeding paragraph, no Unrestricted Subsidiary may be redesignated as a Restricted Subsidiary. The designation of an Unrestricted Subsidiary or removal of such designation shall be made by the Board of Directors of the Company or a committee thereof pursuant to a certified resolution delivered to the Trustee and shall be effective as of the date specified in the applicable certified resolution, which shall not be prior to the date such certified resolution is delivered to the Trustee. If, at any time, any Unrestricted Subsidiary would fail to meet the foregoing requirements as an Unrestricted Subsidiary, it shall thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture, and any Indebtedness of such Subsidiary shall be deemed to be Incurred as of such date.

The Company will not redesignate an Unrestricted Subsidiary as a Restricted Subsidiary unless, after giving effect to such action, the Company could incur at least \$1.00 of additional Indebtedness pursuant to clause (1) of the first paragraph of the covenant described above under " Limitation on Indebtedness" and no Default or Event of Default would occur or be continuing.

Merger, Consolidation, and Sale of Substantially All Assets

The Company shall not consolidate with or merge with or into any Person, or convey, transfer, or lease, in one transaction or a series of transactions, all or substantially all the Property of the Company and its Restricted Subsidiaries, taken as a whole, unless:

(1) the resulting, surviving, or transferee person (the "Successor Company") shall be a Person organized or existing under the laws of:

the United States of America, any State thereof, or the District of Columbia; or

Canada or any province thereof;

(2) if the Successor Company is not the Company, a supplemental indenture is executed and delivered to the Trustee, in form satisfactory to the Trustee, by the Successor Company expressly assuming the obligations of the Company to pay the principal of and interest on the notes and to perform all the covenants of the Company under the Indenture (in which case the Successor Company shall be considered the issuer of the notes) and the obligations of the Company under the Registration Rights Agreement;

(3) if the Successor Company is not the Company, each Subsidiary Guarantor shall execute and deliver to the Trustee a supplemental indenture, in form satisfactory to the Trustee, confirming the obligation of such Subsidiary Guarantor to pay the principal of and interest on the notes pursuant to such Subsidiary Guarantor's Subsidiary Guarantee, and shall have by written agreement confirmed that its obligations under the Registration Rights Agreement shall continue to be in effect;

(4) in the case of a conveyance, transfer, or lease of all or substantially all the Property of the Company and its Restricted Subsidiaries, taken as a whole, such Property shall have been so conveyed, transferred, or leased as an entirety or virtually as an entirety to one Person;

(5) immediately after giving effect to such transaction (and treating, for purposes of this clause (5) and clauses (6) and (7) below, any Indebtedness which becomes or is anticipated to become an obligation of the Successor Company or any Restricted Subsidiary as a result of such transaction as

Table of Contents

having been Incurred by such Successor Company or such Restricted Subsidiary at the time of such transaction), no Default or Event of Default shall have occurred and be continuing;

(6) other than with respect to the consolidation of the Company with or merger of the Company with or into, or the conveyance, transfer, or lease of all or substantially all the Property of the Company and its Restricted Subsidiaries, taken as a whole, to, a Wholly Owned Subsidiary, immediately after giving effect to such transaction, the Successor Company would be able to Incur an additional \$1.00 of Indebtedness pursuant to clause (1) of the first paragraph under " Certain Covenants Limitation on Indebtedness;" and

(7) the Company shall have delivered to the Trustee an Officers' Certificate, stating that such consolidation, merger, or transfer and such supplemental indenture (if any) comply with the Indenture.

The Successor Company shall be the successor to the Company and shall succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture, and, except in the case of the lease of all or substantially all the Property of the Company and its Restricted Subsidiaries, taken as a whole, the Company shall be released from its obligations under the Indenture and the Registration Rights Agreement.

Reports

The Indenture provides that, whether or not required by the rules and regulations of the Commission, so long as any notes are outstanding, the Company will file with the Commission and furnish to the Holders of notes all quarterly and annual financial information required to be contained in a filing with the Commission on Forms 10-Q and 10-K, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual consolidated financial statements only, a report thereon by the Company's independent auditors.

Legal Defeasance and Covenant Defeasance

- (1) to exchange or register the transfer of notes;

Table of Contents

- (2) to replace stolen, lost, or mutilated notes;
- (3) to maintain paying agencies; and
- (4) to hold moneys for payment in trust.

In addition, the Company may omit to comply with certain covenants, including those described under " Repurchase at the Option of Holders Upon a Change of Control," " Certain Covenants," and in clause (6) under the first paragraph of " Merger, Consolidation, and Sale of Substantially all Assets" ("Covenant Defeasance") and the occurrence of the Events of Default described below in clauses (3) and (4) (with respect to such covenants) and clauses (5), (6), (7) (with respect to Significant Subsidiaries), and (8)), under " Events of Default and Notice" will be deemed not to be or result in an Event of Default.

Such Legal Defeasance or Covenant Defeasance may occur only if, among other things, the Company:

(1) deposits in trust for the benefit of the Holders of the notes money or Government Obligations, or a combination thereof, which, through the payment of principal, interest, and any premium in respect thereof in accordance with their terms, will provide money in an amount sufficient to pay the principal of and any premium and interest on the notes at Stated Maturity thereof or upon earlier redemption in accordance with the terms of the Indenture and the notes;

(2) in the case of Legal Defeasance, delivers to the Trustee an Opinion of U.S. Counsel to the effect that:

(a) the Company has received from, or there has been published by, the U.S. Internal Revenue Service a ruling or since the date of the Indenture there has been a change in the applicable federal income tax law, in either case to the effect that Holders of the notes will not recognize income, gain, or loss for federal income tax purposes as a result of such deposit, defeasance, and discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge were not to occur; and

(b) the resulting trust will not be an "Investment Company" within the meaning of the Investment Company Act of 1940, or that such trust is qualified thereunder or exempt from regulation thereunder;

(3) in the case of Covenant Defeasance, delivers to the Trustee an Opinion of U.S. Counsel to the effect that:

(a) Holders of the notes will not recognize income, gain, or loss for federal income tax purposes as a result of such deposit and defeasance of certain obligations and will be subject to federal income tax on the same amount, in the same manner, and at the same times as would have been the case if such deposit and defeasance were not to occur; and

(b) that the resulting trust will not be an "Investment Company" within the meaning of the Investment Company Act of 1940, or that such trust is qualified thereunder or exempt from regulation thereunder.

If the Company were to exercise its Covenant Defeasance option and the notes were declared due and payable because of the occurrence of any Event of Default, the amount of money and Government Obligations so deposited in trust would be sufficient to pay amounts due on the notes at the time of their Stated Maturity but might not be sufficient to pay amounts due on the notes upon any acceleration resulting from such Event of Default. In such case, the Company would remain liable for such payments.

Table of Contents

If the Company exercises either of the options described above, or if it satisfies and discharges its obligations under the Indenture as described in the next section of this description, then each Subsidiary Guarantor will be released from all its obligations under its Subsidiary Guarantee.

Satisfaction and Discharge

The Company may discharge its obligations under the Indenture while notes remain outstanding if all outstanding notes (a) have been delivered for cancellation, (b) have become due and payable at their scheduled maturity or (c) are to become due and payable within one year or are to be called for redemption within one year, and the Company has deposited with the Trustee an amount sufficient to pay and discharge all outstanding notes, not previously delivered for cancellation, on the date of their scheduled maturity or the scheduled date of redemption.

Events of Default and Notice

The following are summaries of Events of Default under the Indenture with respect to the notes:

- (1) failure to pay any interest on the notes when due, continued for 30 days;
- (2) failure to pay principal or any premium on the notes when due upon optional redemption, required purchase, declaration, or otherwise;
- (3) failure to comply with the provisions of the Indenture described under " Merger, Consolidation, and Sale of Substantially All Assets;"
- (4) failure to perform any other covenant of the Company or any Subsidiary Guarantor in the Indenture, continued for 60 days after written notice to the Company from the Trustee or the Holders of at least 25% in aggregate principal amount of the outstanding notes;
- (5) a default by the Company or any Restricted Subsidiary under any Indebtedness for borrowed money (other than Non-Recourse Purchase Money Indebtedness) which results in acceleration of the maturity of such Indebtedness, or failure to pay any such Indebtedness at maturity, in an amount greater than \$25.0 million if such Indebtedness is not discharged or such acceleration is not rescinded or annulled within 10 days after written notice as provided in the Indenture;
- (6) one or more final judgments or orders by a court of competent jurisdiction are entered against the Company or any Restricted Subsidiary in an uninsured or unindemnified aggregate amount outstanding at any time in excess of \$25.0 million and such judgment or orders are not discharged, waived, stayed, satisfied, or bonded for a period of 60 consecutive days;
- (7) certain events of bankruptcy, insolvency, or reorganization with respect to the Company or any Significant Subsidiary; or
- (8) a Subsidiary Guarantee of a Significant Subsidiary or group of Restricted Subsidiaries that taken together as of the latest audited consolidated financial statements for the Company and its Restricted Subsidiaries would constitute a Significant Subsidiary ceases to be in full force and effect (other than in accordance with the terms of the Indenture and such Subsidiary Guarantee) or a Subsidiary Guarantor denies or disaffirms its obligations under its Subsidiary Guarantee.

If an Event of Default (other than an Event of Default described in clause (7) above) occurs and is continuing, either the Trustee or the Holders of at least 25% in aggregate principal amount of the outstanding notes by notice as provided in the Indenture may declare the principal amount of the notes to be due and payable immediately. If an Event of Default described in clause (7) above occurs, the principal amount of all the notes will automatically, and without any action by the Trustee or any Holder, become immediately due and payable. After any such acceleration, but before a judgment or decree based on acceleration, the Holders of at least a majority in aggregate principal amount of the

Table of Contents

outstanding notes may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the nonpayment of accelerated principal (or other specified amount), have been cured or waived as provided in the Indenture.

Subject to the provisions of the Indenture relating to the duties of the Trustee in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the Holders of the notes, unless such Holders shall have offered to the Trustee reasonable indemnity.

No Holder of notes will have any right to institute any proceeding with respect to the Indenture, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless:

- (1) such Holder has previously given to the Trustee written notice of a continuing Event of Default with respect to the notes;
- (2) the Holders of at least 25% in aggregate principal amount of the outstanding notes have made written request, and such Holder or Holders have offered reasonable indemnity, to the Trustee to institute such proceeding as trustee; and
- (3) the Trustee has failed to institute such proceeding and has not received from the Holders of at least a majority in aggregate principal amount of the outstanding notes a direction inconsistent with such request, within 60 days after such notice, request and offer.

However, such limitations do not apply to a suit instituted by a Holder of notes for the enforcement of payment of the principal of or any premium or interest on such notes on or after the applicable due date specified in such notes.

Subject to such provisions for the indemnification of the Trustee the Holders of at least a majority in aggregate principal amount of the outstanding notes will have the right to direct the time, method, and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the notes.

The Indenture provides that in the event an Event of Default has occurred and is continuing, the Trustee will be required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of his own affairs. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability.

The Indenture provides that if a Default occurs and is continuing and is known to the Trustee, the Trustee must mail to each Holder notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of, premium, if any, or interest on any note, the Trustee may withhold notice if and so long as a committee of trust officers of the Trustee in good faith determines that withholding notice is in the interests of the Holders. In addition, the Company is required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Company also is required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any defaults, their status, and what action the Company is taking or proposing to take in respect thereof.

(1) reduce the principal amount of notes whose Holders must consent to an amendment or waiver;

(2) reduce the rate of or change the time for payment of interest on any notes;

(3) change the currency in which any amount due in respect of the notes is payable;

(8) cause the Company or any Subsidiary Guarantor to be required to make any deduction or withholding from payments made under or with respect to the notes; or

(9) make certain other significant amendments or modifications as specified in the Indenture.

The Holders of at least a majority in principal amount of the outstanding notes may waive compliance by the Company with certain restrictive provisions of the Indenture. The Holders of at least a majority in principal amount of the outstanding notes may waive any past default under the Indenture, except a default in the payment of principal, premium, or interest and certain covenants and provisions of the Indenture which cannot be amended without the consent of the Holders of each outstanding Note.

Global Notes

The new notes, like the old notes, will be issued in the form of one or more fully registered notes in global form, without interest coupons. The new notes will be deposited with the Trustee, as custodian for The Depository Trust Company ("DTC"), and registered in the name of Cede & Co., as nominee of DTC.

Ownership of beneficial interests in each global note will be limited to persons who have accounts with DTC ("DTC participants") or persons who hold interests through DTC participants. We expect that under procedures established by DTC:

upon deposit of each global note with DTC's custodian, DTC will credit portions of the principal amount of the global notes to the accounts of the DTC participants designated by the exchange agent; and

ownership of beneficial interests in each global note will be shown on, and transfer of ownership of those interests will be effected only through, records maintained by DTC (with respect to interests of DTC participants) and the records of DTC participants (with respect to other owners of beneficial interests in the global notes).

Beneficial interests in the global notes may not be exchanged for notes in physical, certificated form except in the limited circumstances described below.

Book-Entry Procedures for the Global Notes

All interests in the global notes will be subject to the operations and procedures of DTC, including its participants, Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear"), and Clearstream Banking S.A. ("Clearstream"). We provide the following summaries of those operations and procedures solely for the convenience of investors. The operations and procedures of each settlement system are controlled by that settlement system and may be changed at any time.

Neither we nor the Trustee is responsible for those operations or procedures.

DTC has advised us that it is:

a limited-purpose trust company organized under the laws of the State of New York;

a "banking organization" within the meaning of the New York State Banking Law;

Table of Contents

a member of the Federal Reserve System;

a "clearing corporation" within the meaning of the Uniform Commercial Code; and

a "clearing agency" registered under Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between its participants through electronic book-entry changes to the accounts of its participants. DTC's participants include securities brokers and dealers, including the initial purchasers, banks and trust companies, clearing corporations, and other organizations. Indirect access to DTC's system is also available to others such as banks, brokers, dealers, and trust companies. These indirect participants clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly. Investors who are not DTC participants may beneficially own securities held by or on behalf of DTC only through DTC participants or indirect participants in DTC.

So long as DTC's nominee is the registered owner of a global note, that nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the indenture. Except as provided below, owners of beneficial interests in a global note:

will not be entitled to have notes represented by the global note registered in their names;

will not receive or be entitled to receive physical, certificated notes; and

will not be considered the owners or holders of the notes under the indenture for any purpose, including with respect to the giving of any direction, instruction, or approval to the Trustee.

As a result, each investor who owns a beneficial interest in a global note must rely on the procedures of DTC to exercise any rights of a holder of notes under the Indenture (and, if the investor is not a participant or an indirect participant in DTC, on the procedures of the DTC participant through which the investor owns its interest).

Payments of principal, premium (if any), and interest with respect to the new notes represented by a global note will be made by the Trustee to DTC's nominee, as the registered holder of the global note. Neither we nor the Trustee will have any responsibility or liability for the payment of amounts to owners of beneficial interests in a global note, for any aspect of the records relating to or payments made on account of those interests by DTC, or for maintaining, supervising, or reviewing any records of DTC relating to those interests.

Payments by participants and indirect participants in DTC to the owners of beneficial interests in a global note will be governed by standing instructions and customary industry practice and will be the responsibility of those participants or indirect participants and DTC.

Transfers between participants in DTC will be effected under DTC's procedures and will be settled in same-day funds. Transfers between participants in Euroclear or Clearstream will be effected in the ordinary way under the rules and operating procedures of those systems.

Cross-market transfers between DTC participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected within DTC through the DTC participants that are acting as depositaries for Euroclear and Clearstream. To deliver or receive an interest in a global note held in a Euroclear or Clearstream account, an investor must send transfer instructions to Euroclear or Clearstream, as the case may be, under the rules and procedures of that system and within the established deadlines of that system. If the transaction meets its settlement requirements, Euroclear or Clearstream, as the case may be, will send instructions to its DTC depositary to take action to effect final settlement by delivering or receiving interests in the relevant global notes in DTC, and making or receiving payment under normal procedures for same-day funds settlement applicable to DTC. Euroclear and Clearstream participants may not deliver instructions directly to the DTC depositaries that are acting for Euroclear or Clearstream.

Table of Contents

Because of time zone differences, the securities account of a Euroclear or Clearstream participant that purchases an interest in a global note from a DTC participant will be credited on the business day for Euroclear or Clearstream immediately following the DTC settlement date. Cash received in Euroclear or Clearstream from the sale of an interest in a global note to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Euroclear or Clearstream cash account as of the business day for Euroclear or Clearstream following the DTC settlement date.

DTC, Euroclear, and Clearstream have agreed to the above procedures to facilitate transfers of interests in the global notes among participants in those settlement systems. However, the settlement systems are not obligated to perform these procedures and may discontinue or change these procedures at any time. Neither we nor the Trustee will have any responsibility for the performance by DTC, Euroclear, or Clearstream, or their participants or indirect participants, of their obligations under the rules and procedures governing their operations.

Certificated Notes

New notes in physical, certificated form will be issued and delivered to each person that DTC identifies as a beneficial owner of the related notes only if:

DTC notifies us at any time that it is unwilling or unable to continue as depository for the global notes and a successor depository is not appointed within 90 days;

DTC ceases to be registered as a clearing agency under the Exchange Act and a successor depository is not appointed within 90 days; or

we, at our option, notify the Trustee that we elect to cause the issuance of certificated notes.

PLAN OF DISTRIBUTION

You may transfer new notes issued under the exchange offer in exchange for the old notes if:

you acquire the new notes in the ordinary course of your business;

you have no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act of 1933) of such new notes in violation of the provisions of the Securities Act of 1933; and

you are not our "affiliate" (within the meaning of Rule 405 under the Securities Act of 1933).

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer in exchange for old notes that were acquired by such broker-dealer as a result of market-making or other trading activities must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old notes where such old notes were acquired as a result of market-making activities or other trading activities.

If you wish to exchange new notes for your old notes in the exchange offer, you will be required to make representations to us as described in "Exchange Offer Purpose and Effect of the Exchange Offer" and " Procedures for Tendering Your Representations to Us" in this prospectus and in the letter of transmittal. In addition, if you are a broker-dealer who receives new notes for your own account in exchange for old notes that were acquired by you as a result of market-making activities or other trading activities, you will be required to acknowledge that you will deliver a prospectus in connection with any resale by you of such new notes.

We will not receive any proceeds from any sale of new notes by broker-dealers. New notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time on one or more transactions in any of the following ways:

in the over-the-counter market;

in negotiated transactions;

through the writing of options on the new notes or a combination of such methods of resale;

at market prices prevailing at the time of resale;

at prices related to such prevailing market prices; or

at negotiated prices.

Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such new notes.

Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer in exchange for old notes that were acquired by such broker-dealer as a result of market-making or other trading activities may be deemed to be an "underwriter" within the meaning of the Securities Act of 1933. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act of 1933. We agreed to permit the use of this prospectus for a period of up to 180 days after the completion of the exchange offer by such broker-dealers to satisfy

this prospectus delivery requirement. Furthermore, we agree to amend or supplement this prospectus during such period if so requested in order to expedite or facilitate the disposition of any new notes by broker-dealers.

Table of Contents

We have agreed to pay all expenses incident to the exchange offer other than fees and expenses of counsel to the holders and brokerage commissions and transfer taxes, if any, and will indemnify the holders of the old notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act of 1933.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

The following discussion is a summary of certain federal income tax considerations relevant to the exchange of old notes for new notes, but does not purport to be a complete analysis of all potential tax effects. The discussion is based upon the Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations, Internal Revenue Service rulings and pronouncements and judicial decisions now in effect, all of which may be subject to change at any time by legislative, judicial or administrative action. These changes may be applied retroactively in a manner that could adversely affect a holder of new notes. Some holders, including financial institutions, insurance companies, regulated investment companies, tax-exempt organizations, dealers in securities or currencies, persons whose functional currency is not the U.S. dollar, or persons who hold the notes as part of a hedge, conversion transaction, straddle or other risk reduction transaction may be subject to special rules not discussed below. We recommend that each holder consult his own tax advisor as to the particular tax consequences of exchanging such holder's old notes for new notes, including the applicability and effect of any foreign, state, local or other tax laws or estate or gift tax considerations.

We believe that the exchange of old notes for new notes will not be an exchange or otherwise a taxable event to a holder for United States federal income tax purposes. Accordingly, a holder will not recognize gain or loss upon receipt of a new note in exchange for an old note in the exchange, and the holder's basis and holding period in the new note will be the same as its basis and holding period in the corresponding old note immediately before the exchange.

LEGAL MATTERS

The validity of the new notes offered in this exchange offer will be passed upon for us by Vinson & Elkins L.L.P.

Forward-looking statements are statements other than statements of historical facts or present facts, that address activities, events, outcomes, and other matters that Forest plans, expects, intends, assumes, believes, budgets, predicts, forecasts, projects, estimates, or anticipates (and other similar expressions) will, should, or may occur in the future. Generally, the words "expects," "anticipates," "targets," "goals," "projects," "intends," "plans," "believes," "seeks," "estimates," variations of such words, and similar expressions identify forward-looking statements, and any statements regarding our future financial condition, results of operations, and business are also forward-looking statements. We caution you that these forward-looking statements can be affected by inaccurate assumptions and are subject to all of the risks and uncertainties, most of which are difficult to predict and many of which are beyond our control, incident to the exploration for and development, production, and sale of oil and gas. The undersigned hereby acknowledges receipt and review of the Prospectus, dated _____, 2009 (the "Prospectus"), of Forest Oil Corporation (the "Issuer"), and this Letter of Transmittal (the "Letter of Transmittal"), which together describe the Issuer's offer (the "Exchange Offer") to exchange its 8¹/₂% Senior Notes due 2014 (the "new notes") that have been registered under the Securities Act of 1933, as amended (the "Securities Act"), for a like principal amount of its issued and outstanding 8¹/₂% Senior Notes due 2014 (the "old notes"). The Issuer also reserves the absolute right to waive any of the conditions of the Exchange Offer or any defect or irregularity in the tender of any old notes. The Issuer's interpretation of the terms and conditions of the Exchange Offer (including the instructions on the Letter of Transmittal) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of old notes must be cured within such time as the Issuers shall determine. Although the Issuer intends to notify holders of defects or irregularities with respect to tenders of old notes, neither the Issuer, the Exchange Agent, nor any other person shall be under any duty to give notification of any defects or irregularities in tenders or incur any liability for failure to give such notification. Tenders of old notes will not be deemed to have been made until such defects or irregularities have been cured or waived. Any old notes received by the Exchange Agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the Exchange Agent to the tendering holders, unless otherwise provided in the Letter of Transmittal, promptly following the Expiration Date.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

Sections 721 through 725 of the Business Corporation Law of the State of New York (the "BCL"), in which Forest Oil Corporation is incorporated, permit New York corporations, acting through their boards of directors, to extend broad protection to their directors, officers and other employees by way of indemnity and advancement of expenses. These sections (1) provide that the statutory indemnification provisions of the BCL are not exclusive, provided that no indemnification may be made to or on behalf of any director or officer if a judgment or other final adjudication adverse to the director or officer establishes that his acts were committed in bad faith or were the result of active and deliberate dishonesty and were material to the cause of action so adjudicated, or that he personally gained in fact a financial profit or other advantage to which he was not entitled, (2) establish procedures for indemnification and advancement of expenses that may be contained in the certificate of incorporation or bylaws, or, when authorized by either of the foregoing, set forth in a resolution of the shareholders or directors or an agreement providing for indemnification and advancement of expenses, (3) apply a single standard for statutory indemnification for third-party and derivative suits by providing that indemnification is available if the director or officer acted, in good faith, for a purpose which he reasonably believed to be in the best interests of the corporation, and, in criminal actions, had no reasonable cause to believe that his conduct was unlawful, (4) eliminate the requirement for mandatory statutory indemnification that the indemnified party be "wholly" successful, and (5) provide for the advancement of litigation expenses upon a receipt of an undertaking to repay such advance if the director or officer is ultimately determined not to be entitled to indemnification. Section 726 of the BCL permits the purchase of insurance to indemnify a corporation or its officers and directors to the extent permitted. Essentially, the amended BCL allows corporations to provide for indemnification of directors, officers and employees except in those cases where a judgment or other final adjudication adverse to the indemnified party establishes that the acts were committed in bad faith or were the result of active and deliberate dishonesty or that the indemnified party personally gained a financial profit or other advantage to which he was not legally entitled.

Article IX of the Bylaws of Forest Oil Corporation contains very broad indemnification provisions which permit the Company to avail itself of the amended BCL to extend broad protection to its directors, officers and employees by way of indemnity and advancement of expenses. It sets out the standard under which the Company will indemnify directors and officers, provides for reimbursement in such instances, for the advancement or reimbursement for expenses reasonably incurred in defending an action, and for the extension of indemnity to persons other than directors and officers. It also establishes the manner of handling indemnification when a lawsuit is settled. It is not intended that this Bylaw is an exclusive method of indemnification.

Section 145 of the General Corporation Law of the State of Delaware ("DGCL"), in which Forest Oil Permian Corporation is incorporated, provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Section 145 further provides that a corporation similarly may indemnify any

such person serving in any such capacity who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or such other court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Delaware Court of Chancery or such other court shall deem proper.

Article VIII of the Bylaws of Forest Oil Permian Corporation provide that indemnification shall be to the fullest extent permitted by the DGCL for all current or former directors or officers of Forest Oil Permian Corporation. It sets out the standard under which Forest Oil Permian Corporation will indemnify directors and officers, provides for reimbursement in such instances, for the advancement or reimbursement for expenses reasonably incurred in defending an action, and for the extension of indemnity to persons other than directors and officers. It also establishes the manner of handling indemnification when a lawsuit is settled. It is not intended that this Bylaw is an exclusive method of indemnification.

We carry directors and officers liability coverages designed to insure our officers and directors and those of our subsidiaries against certain liabilities incurred by them in the performance of their duties, and also providing for reimbursement in certain cases to us and our subsidiaries for sums paid to directors and officers as indemnification for similar liability.

Schedules are omitted because they either are not required or are not applicable or because equivalent information has been included in the financial statements, the notes thereto or elsewhere herein.

Item 22. Undertakings.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of a registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, such registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Each registrant hereby undertakes:

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(a)

to include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(b)

to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed

Table of Contents

that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

- (c) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, if such registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

That, for the purpose of determining liability of such registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of such registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (a) any preliminary prospectus or prospectus of the undersigned registrants relating to the offering required to be filed pursuant to Rule 424;
- (b) any free writing prospectus relating to the offering prepared by or on behalf of such registrant or used or referred to by the undersigned registrants;
- (c) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrants or their securities provided by or on behalf of such registrant; and
- (d) any other communication that is an offer in the offering made by such registrant to the purchaser.

That, for purposes of determining any liability under the Securities Act of 1933, each filing of a registrant annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities

Table of Contents

offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

To deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
