We are mailing a Notice of Internet Availability of Proxy Materials (the "Notice") and are making this Proxy Statement and the proxy card available to stockholders of record entitled to vote at the Annual Meeting beginning on or about April 12, 2013. As used herein, unless the context requires otherwise, the terms "Holdings," "Company," "we," "our," and "us" refer only to Hawaiian Holdings, Inc., and the term "Hawaiian" refers only to Hawaiian Airlines, Inc., Holdings' primary operating subsidiary.

GENERAL INFORMATION

Important Notice Regarding Availability of Proxy Materials

This Proxy Statement and our Annual Report to Stockholders are available at <http://www.astproxyportal.com/ast/17758>.

In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission (the "SEC"), instead of mailing a printed copy of our proxy materials to all stockholders entitled to vote at the Annual Meeting, we are furnishing the proxy materials to certain of our stockholders over the Internet. Accordingly, we are mailing the Notice to stockholders on or about April 12, 2013. All stockholders will have the ability to access via the Internet the proxy materials, including this proxy statement and our Annual Report to Stockholders for the fiscal year ended December 31, 2012. Instructions on how to access the proxy materials over the Internet or to request a paper copy of the proxy materials can be found on the Notice. The Notice also instructs you as to how you may submit your vote on the Internet. You will not receive paper copies of the proxy materials unless you request them.

On the date of mailing of the Notice, all stockholders will have the ability to access all of our proxy materials on the Internet. These proxy materials will be available free of charge.

If you share an address with another stockholder, each stockholder may not receive a separate copy of the Notice. Stockholders who do not receive a separate copy of the Notice may request to receive a separate copy of the Notice by calling (808) 835-3613 or by writing to Hawaiian Holdings, Inc., 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819, attn: Hoyt Zia. Alternatively, stockholders who share an address and receive multiple copies of the Notice can request to receive a single copy by following the same instructions.

Solicitation of Proxies

Our Board of Directors is soliciting the enclosed proxy.

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

We will make proxy solicitations by mail, and also by telephone, facsimile transmission or otherwise, as we deem necessary. We will bear the costs of this solicitation. We will request banks, brokerage houses, nominees and other fiduciaries nominally holding shares of our common stock, par value \$0.01 per share (the "Common Stock"), to forward the Notice and proxy soliciting materials and stockholder questionnaires to the beneficial owners of such Common Stock and to obtain authorization for the execution of proxies. We will, upon request, reimburse such parties for their reasonable expenses in forwarding the Notice and proxy materials and stockholder questionnaires to the beneficial owners.

Record Date, Quorum and Voting Requirements

Holders of shares of Common Stock and our Series B Special Preferred Stock, Series C Special Preferred Stock and Series D Special Preferred Stock (collectively, the "Special Preferred Stock") at the close of business on March 25, 2013 (the "Record Date") are entitled to notice of, and to vote at, the Annual Meeting. On that date, there were approximately 51,919,060 shares of Common Stock and one share each of the Series B Special Preferred Stock, the Series C Special Preferred Stock and the Series D Special Preferred Stock outstanding. Each share of Common Stock and Special Preferred Stock outstanding on the Record Date is entitled to one vote on each matter presented at the Annual Meeting. The presence, in person or by proxy, of the holders of a majority of all outstanding shares of stock entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. The election of directors (Proposal No. 1) requires a plurality of the votes cast by the holders of shares of Common Stock and Special Preferred Stock at a meeting at which a quorum is present. The other proposals require the affirmative vote of a majority of the votes cast by the holders of shares of Common Stock and Special Preferred Stock at a meeting at which a quorum is present. Our Common Stock is listed on the NASDAQ Global Select Market ("NASDAQ") under the symbol "HA."

Shares of Common Stock and Special Preferred Stock represented by all properly executed proxies received in time for the Annual Meeting will be voted, unless revoked, in accordance with the choices specified in the proxy, subject to our receipt of the stockholder questionnaires described below. See "Restriction on Foreign Ownership of Voting Stock." Unless contrary instructions are indicated on the proxy, the shares will be voted FOR the election of the eight director nominees named in this Proxy Statement, FOR the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm, and FOR the proposal to approve executive compensation by non-binding vote. Representatives of our transfer agent will assist us in the tabulation of the votes. Abstentions are counted as shares represented at the meeting and entitled to vote for purposes of determining a quorum. Abstentions will have no effect on the outcome of the vote for the election of directors. **If you abstain from voting on the proposal to ratify the appointment of Ernst & Young LLP (Proposal No. 2) or the proposal to approve executive compensation by non-binding vote (Proposal No. 3), your abstention will have the same legal effect as a vote "against" such proposal or proposals.**

Brokers who hold shares of Common Stock for the accounts of their clients must vote such shares as directed by their clients. If brokers do not receive instructions from their clients, the brokers may vote the shares in their own discretion with respect to certain "discretionary" items, but will not be allowed to vote the shares with respect to certain "non-discretionary" items. The ratification of Ernst & Young LLP as the Company's independent registered public accounting firm (Proposal No. 2) is considered to be a discretionary item, and your broker will be able to vote on that item even if it does not receive instructions from you, so long as it holds your shares in its name. The election of directors (Proposal No. 1) and approval of the non-binding vote on executive compensation (Proposal No. 3) are "non-discretionary" items. **If you do not instruct your broker how to vote with respect to these items, your broker may not vote with respect to these proposals and those votes will be counted as "broker non-votes."** "Broker non-votes" are shares that are held in "street name" by a bank or brokerage firm

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

that indicates on its proxy that it does not have or did not exercise discretionary authority to vote on a particular matter. The Company will count the shares represented by broker non-votes in determining whether there is a quorum. Broker non-votes will have no effect on the outcome of the vote to approve the election of directors (Proposal No. 1) or the non-binding vote on executive compensation (Proposal No. 3).

Restriction on Foreign Ownership of Voting Stock

Our Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") prohibits the ownership or control by non-U.S. citizens of more than 25% of our issued and outstanding voting stock, pursuant to 49 USC Secs. 40102(a)(15), 41102 and U.S. Department of Transportation regulations. In order to comply with this requirement, we maintain a Foreign Stock Record to keep track of transfers of our voting stock to non-U.S. citizens. At no time will the ownership or control of shares representing more than 25% of our voting stock be registered on the Foreign Stock Record. If, at any time, we determine that the number of shares of our voting stock purportedly registered on the Foreign Stock Record exceeds 25% of the total number of shares of our voting stock, we shall remove sufficient shares from the Foreign Stock Record in reverse chronological order so that the number of shares of our voting stock registered on the Foreign Stock Record does not exceed 25% of our issued and outstanding voting stock. Shares of our voting stock that we know to be owned or controlled by non-U.S. citizens and that are not registered on the Foreign Stock Record shall not be entitled to vote until so registered.

Before any stockholder (including any natural person, as well as any corporation or other entity) of the Company is permitted to vote its shares at the Annual Meeting, that stockholder must complete and return a stockholder questionnaire (included on the proxy card) to establish its citizenship. If any stockholder is determined not to be a U.S. citizen, that stockholder's stock will be registered on the Foreign Stock Record and voted in accordance with the Certificate of Incorporation, subject to the limitations and procedures described above.

Special Preferred Stock Designees

As described in greater detail in the section below entitled "Security Ownership of Certain Beneficial Owners and Management Special Preferred Stock," the International Association of Machinists and Aerospace Workers (the "IAM"), the Association of Flight Attendants (the "AFA") and the Air Line Pilots Association (the "ALPA") (collectively, the "Unions") hold one share of the Company's Series B Special Preferred Stock, Series C Special Preferred Stock and Series D Special Preferred Stock, respectively, that, in accordance with our Amended By-Laws, entitle each Union to nominate one director (each such director, a "Special Preferred Stock Designee"). Mr. Samson Poomaihealani is the IAM's designee to the Board of Directors, Mr. William S. Swelbar is the AFA's designee to the Board of Directors and Mr. Brian E. Boyer is the ALPA's designee to the Board of Directors. The Special Preferred Stock Designees are not elected by the holders of the Common Stock, and their election is, accordingly, not to be considered at the Annual Meeting.

Dissenters' Rights

Under Delaware law, you are not entitled to any dissenters' rights with respect to the election of directors described in this Proxy Statement.

Revocability of Proxy

Giving the enclosed proxy does not preclude your right to vote in person if you so desire. You may revoke your proxy at any time prior to its exercise by notifying our Secretary in writing, by giving us a later-dated proxy, or by attending the Annual Meeting and voting in person.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

We are committed to adopting and adhering to sound corporate governance principles. Having such principles is essential to operating our business efficiently and to maintaining our integrity and reputation in the marketplace. We have adopted a Code of Ethics that applies to all of our directors, executive officers and other employees. The Code of Ethics, as well as all of the charters of our Board Committees, is available on the Investor Relations section of our website at <http://www.hawaiianairlines.com>. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K, regarding any amendment to, or waiver from, a provision of our Code of Ethics with respect to directors and executive officers, by posting such information on our website, at the address and location specified above.

Board Independence

The Governance and Nominating Committee and the Board of Directors assess the independence of the directors at least annually. The assessment is based upon the applicable NASDAQ listing standards, the federal securities laws and the regulations promulgated by the SEC thereunder. During the annual assessment of director independence, the Governance and Nominating Committee and the Board of Directors consider transactions and relationships between the Company or its subsidiaries or affiliates, on the one hand, and each director, members of his or her immediate family, or other entities with which he or she is affiliated, on the other hand. Based on the review and recommendation by the Governance and Nominating Committee, the Board of Directors has affirmatively determined that a majority of its members and each member of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee are independent within the meaning of the applicable NASDAQ listing standards and the SEC's director independence standards. The independent directors are named below under "Proposal No. 1: Election of Directors."

Board Leadership Structure

Our current Chairman, Mr. Hershfield, has held the role of Chairman since July 2004. From the beginning of his term until June 2005, he was also the Company's President and Chief Executive Officer ("CEO"). When Mr. Dunkerley, who succeeded Mr. Hershfield as CEO, was appointed, we determined that it was in the Company's best interest to separate the roles of CEO and Chairman, and for Mr. Hershfield to continue in his role as Chairman. Separating these positions allows our CEO to focus on our day-to-day business, while allowing the Chairman to lead the Board of Directors in its fundamental role of providing advice to and independent oversight of management. While our Amended By-Laws and corporate governance guidelines do not require that our Chairman and CEO positions be separate, the Board of Directors believes that having separate positions and having an independent outside director serve as Chairman is the appropriate leadership structure for the Company at this time, and contributes to our successful corporate governance. The Board of Directors has charged the Chairman with responsibility for facilitating communication between management and the Board of Directors, and representing Board member views to management, among other things.

Meetings of the Board and Committees

The Board of Directors has established the following committees: the Audit Committee, the Compensation Committee, the Governance and Nominating Committee and the Executive Committee. Each of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee has a committee charter developed under the leadership of its committee chair. Copies of the committee charters are available on the Company's website at <http://www.hawaiianairlines.com>.

The Board of Directors held seven formal meetings and acted by unanimous written consent once during the year ended December 31, 2012. No director attended less than 75% of the meetings of the Board of Directors and committee meetings that he or she was obligated to attend. Our policy

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

regarding attendance at Board of Directors meetings is that we expect directors to make every effort to attend all Board of Directors meetings, recognizing that scheduling difficulties may at times arise. Members of the Board of Directors are encouraged to attend each annual meeting of stockholders in person. All of our then-current directors attended the 2012 annual meeting of stockholders. The membership and function of each committee during the last fiscal year are described below.

Members acting on the committees of the Board of Directors during the fiscal year ended December 31, 2012 were:

	Audit Committee	Compensation Committee	Governance and Nominating Committee	Executive Committee
Gregory S. Anderson	Chair		Member	
L. Todd Budge(1)	Member	Member		
Mark B. Dunkerley				Member
Lawrence S. Hershfield		Member		Chair
Randall L. Jenson	Member			
Bert T. Kobayashi, Jr.	Member	Member	Chair	
Tomoyuki Moriizumi(2)			Member	
Crystal K. Rose		Chair	Member	Member
Richard N. Zwern		Member	Member	

(1) Mr. Budge ceased serving as a member of our Board of Directors on May 24, 2012.

(2) Mr. Moriizumi was elected to the Board of Directors on May 24, 2012.

Audit Committee

We have a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Pursuant to the Audit Committee charter, the Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. Its principal functions are to: (i) oversee the integrity of our financial statements and other financial information provided by us to any governmental body or the public; (ii) oversee our systems of internal controls and procedures regarding finance, accounting, disclosures and legal compliance with applicable laws and regulations; and (iii) monitor the performance of the internal auditors and the independence, qualifications and performance of the independent registered public accounting firm and pre-approve services provided by the independent registered public accounting firm. The Board of Directors has determined that Mr. Anderson and Mr. Jenson satisfy the criteria set forth in Item 407(d)(5) of Regulation S-K promulgated under the Exchange Act to serve as an "audit committee financial expert" on the Audit Committee. The Audit Committee met eight times and did not act by unanimous written consent during the year ended December 31, 2012. The report of the Audit Committee is included on page 58 of this Proxy Statement.

Compensation Committee

The Compensation Committee has overall responsibility for evaluating and approving executive officer and director compensation plans, policies and programs of the Company, as well as all equity-based and incentive compensation plans and policies. The Compensation Committee oversees the annual review and approval of corporate goals and objectives relevant to the compensation of executive officers, the evaluation of the performance of the executive officers in light of those goals and objectives, and the determination and approval of such officers' compensation based on the evaluations. The Compensation Committee may delegate its authority to subcommittees or individuals as the Compensation Committee may deem appropriate, except to the extent such delegation would violate

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

any applicable tax or securities laws or the rules and regulations of NASDAQ. The Compensation Committee met four times and did not act by unanimous written consent during the year ended December 31, 2012. The report of the Compensation Committee is included on page 35 of this Proxy Statement.

Governance and Nominating Committee

The principal functions of the Governance and Nominating Committee are to: (i) monitor and oversee matters of corporate governance, including the evaluation of Board of Director performance and processes and the independence of directors; and (ii) identify, select, evaluate and recommend to the Board of Directors qualified candidates for election or appointment to the Board of Directors.

The Governance and Nominating Committee will consider potential nominees brought to its attention by any director or officer of the Company and will consider such candidates based on their achievement in business, education or public service, experience (including management experience in a public company), background, skills, expertise, accessibility and availability to serve effectively on the Board of Directors. Consistent with the Director Nomination Process attached as Exhibit A to the Governance and Nominating Committee charter, the Board of Directors and the Governance and Nominating Committee give consideration to assuring that the Board of Directors, as a whole, adequately reflects the diversity of the Company's constituencies and the communities in which the Company conducts its business. Diversity, as well as such other factors described above, are reviewed in the context of an assessment of the perceived needs of the Board of Directors or a Board committee at a particular point in time. As a result, the priorities and emphasis of the Board of Directors and the Governance and Nominating Committee may change from time to time to take into account changes in business and other trends, as well as the portfolio of skills and experience of our current and prospective Board members.

The Governance and Nominating Committee will also consider nominees recommended in good faith by stockholders. As described further herein under the section entitled "Stockholder Proposals," stockholders should submit the candidate's name, credentials, contact information and his or her written consent to be considered as a candidate to the Secretary of the Company at 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819 no earlier than 120 days or later than 90 days prior to the first anniversary of the Annual Meeting. The proposing stockholder should also include his or her contact information and a statement of his or her share ownership (how many shares owned and for how long). Such stockholder recommended candidates will be evaluated in the same manner as candidates nominated by any other person. In 2012, we engaged a third party to assist us in identifying and evaluating potential nominees.

The Governance and Nominating Committee also recommends to the Board of Directors the assignment of directors to committees, including the designation of committee chairs. The Governance and Nominating Committee met five times and did not act by unanimous written consent during the year ended December 31, 2012.

Executive Committee

The Executive Committee is empowered to act for the full Board of Directors in intervals between Board of Directors meetings, with the exception of certain matters that by law may not be delegated. The Executive Committee meets as necessary, and all actions by the Executive Committee are reported at the next Board of Directors meeting. The Executive Committee met five times and did not act by unanimous written consent during the year ended December 31, 2012.

Executive Sessions of the Board of Directors

The independent directors meet on a regular basis to review the performance of management and the Company. The presiding director at such sessions is rotated among the independent directors.

Communications with the Board of Directors

Stockholders may send communications to the Board of Directors at the following address: 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819, specifying whether the communication is directed to the entire Board of Directors, the independent directors or to a particular director. All communications will be compiled by the Company's Corporate Secretary and submitted as appropriate to the Board of Directors or individual directors, as the case may be, on a periodic basis.

Role of Board in Risk Oversight

Management is responsible for the day-to-day management of risks the Company faces, while the Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. The Audit Committee constituted a Risk Oversight Committee and approved an enterprise risk management program in August 2010 to enhance the existing risk management systems and processes and to further strengthen the Board of Directors' ability to identify, assess, and mitigate risks on a Company-wide basis.

Our Chairman meets regularly with our CEO and other senior officers to discuss strategy and risks facing the Company. Senior management attends the quarterly Board meetings and participates in strategic planning sessions with the Board of Directors to discuss strategies, key challenges, risks and opportunities for the Company. Our Board committees also assist the Board of Directors in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements, and discusses policies with respect to risk assessment and risk management. Risk assessment reports are regularly provided by management to the Audit Committee. The Compensation Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Governance and Nominating Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks associated with Board organization, membership and structure, succession planning for our directors and executive officers, and corporate governance. The Executive Committee meets regularly to review the progress of and provide guidance to management related to decisions that have been delegated to the Executive Committee by the Board of Directors.

Compensation of Directors

Under the Company's policy for directors, each non-employee director receives an annual retainer of \$45,000 plus \$1,500 for each meeting of the Board of Directors that he or she attends in person and \$750 for each meeting he or she attends telephonically, in each case, for meetings attended in excess of eight meetings (whether in-person or via telephone) during the twelve month period beginning June 1 of each year. Additionally, the Chairman of the Board of Directors receives an annual retainer of \$60,000, the Chair of the Audit Committee receives an annual retainer of \$20,000, the Chair of the Compensation Committee receives an annual retainer of \$10,000 and the chair of the Governance and Nominating Committee receives an annual retainer of \$6,000. The members of the Audit Committee receive an annual retainer of \$10,000. The members of the Compensation Committee receive an annual

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

retainers of \$8,000 and the members of the Governance and Nominating Committee receive an annual retainer of \$5,000.

The non-employee directors receive an annual automatic equity grant, which commenced with the 2010 annual meeting of stockholders, on the date of each annual stockholders meeting equal to that number of stock units determined by dividing \$60,000 by the trailing volume weighted average price of the Company's Common Stock over the 20 consecutive trading days (changed to 30 consecutive trading days starting in 2013) ending on the trading day prior to the date of grant, vesting 100% on the day prior to the following year's regularly scheduled annual stockholders meeting, and otherwise subject to the terms and conditions of the Company's standard form of non-employee director stock award agreement.

Effective in January 2011, the non-employee directors were each granted lifetime positive space flight benefits, up to a maximum of \$15,000 per year based upon the fair market value of a ticket in any year, upon retiring from the Board of Directors following (i) completion of a total of at least ten years of Board service or (ii) completion of a total of at least five years of Board service and having reached age 70. Messrs. Hershfield and Jenson, in light of their services and contributions to the Company, have been deemed to have satisfied all vesting requirements so that they will receive the lifetime positive space flight benefits, up to a maximum of \$15,000 per year based upon the fair market ticket value in any year, upon their retirement from the Board of Directors.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Summary

Pay for Performance

The cornerstone of our executive compensation program is pay for performance. Accordingly, while we pay competitive base salaries and other benefits, the majority of our named executive officers' compensation opportunity is based on variable pay.

Corporate Governance Best Practices

Our Compensation Committee, assisted by its independent compensation consultant, Frederic W. Cook & Co., stays informed of developing executive compensation best practices and strives to implement them. In this regard, recent improvements to the Company's executive compensation program include:

For our CEO, effective with his new November 2012 employment agreement, moving to annual consideration of equity grants instead of an up-front larger equity grant intended to cover multiple years as in his prior employment agreements.

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

Ahead of the required July 1, 2013 effective date under Nasdaq final rules finalized in January 2013, the Compensation Committee in February 2013 considered any potential conflict of interest posed by its compensation consultant and outside legal counsel, based upon the independence factors specified under the Nasdaq final rules.

Consistent with the direction of 97% of stockholder votes cast in 2011 and consistent with management's recommendation to our stockholders, adopting an annual Say on Pay advisory vote, commencing in 2011 and continuing in this 2013 proxy statement.

Capping our annual incentive compensation payout at 200% of the target award opportunity for any individual participant, commencing in 2011 (the CEO's annual incentive is capped at 200% of base salary). This is in addition to the overall aggregate payout cap of 133% of the amount allocated to the incentive pool.

Establishing stock ownership and share retention guidelines for executive officers and our non-employee directors in 2011.

Eliminating the golden parachute excise tax gross-up for our president and chief executive officer, Mr. Dunkerley, effective as of May 25, 2011.

Moving from single-trigger equity compensation vesting on a change in control to double-trigger vesting (triggered upon certain terminations of employment following a change in control) for equity grants made to Mr. Dunkerley in 2010, and for the rest of our named executive officers in 2011.

Making 100% of Mr. Dunkerley's 2012 and 2013 equity awards subject to performance-based vesting, in a manner intended to qualify for deductibility under Internal Revenue Code Section 162(m).

Making a substantial portion of other executive officers' 2012 and 2013 equity awards subject to performance-based vesting, in a manner intended to qualify for deductibility under Internal Revenue Code Section 162(m).

Engaging Frederic W. Cook & Co. assist the Compensation Committee with its evaluation of the Company's compensation programs and policies, including the programs and policies for non-executive officers, with respect to potential risks the programs and policies may create.

Implementing a clawback policy to recover certain compensation in the event of a financial restatement.

Introduction

We operate in a highly competitive industry and recognize that effective compensation strategies are critical in attracting and retaining key employees and maximizing stockholder value creation. The primary objectives of our compensation program, including our executive compensation program, are to attract, retain and motivate the best people available in order to help the Company achieve its long-term goals and objectives. Our executive compensation program is designed to reward achieving specific goals set for the Company as well as those set for individual executives. We reward executive performance which meets or surpasses these established goals in order to align the interests of our executives with the long term interests of our stockholders. We also seek to ensure that total compensation provided to our key executives remains competitive relative to the compensation paid to similarly situated executives in the overall market and among our peer companies. As used herein, the phrase "our executives" refers to the executive officers of Hawaiian and the Company.

Employment Agreements

The compensation paid in 2012 to certain of our named executive officers is determined, in part, by the terms set forth in employment agreements that were negotiated at arm's length between the Company and each such named executive officer. The Compensation Committee believes that having employment agreements with these named executive officers provides the Company and such executives with valuable expectations regarding the employment relationship and the potential benefits named executive officers may receive based upon their contributions to the success of the Company. The Compensation Committee reviews and approves any such employment agreements and any amendments thereto prior to the Company entering into them with its named executive officers.

Mr. Dunkerley's Employment Agreement

In 2012, due to the pending lapse of his prior employment agreement with the Company scheduled for November 7, 2013, the Compensation Committee negotiated and the Company entered into a new employment agreement with our chief executive officer, Mark Dunkerley (the "New Agreement"). The New Agreement commenced on November 15, 2012 and is scheduled to expire on January 1, 2017.

For the first part of 2012, pursuant to his prior employment agreement, Mr. Dunkerley received an annual base salary of \$600,000. Commencing on November 15, 2012, Mr. Dunkerley's annual base salary was increased to \$625,000. The Compensation Committee determined to increase Mr. Dunkerley's base salary after reviewing relevant executive compensation benchmarking data provided by Frederic W. Cook & Co, its independent compensation consultant. The Compensation Committee also noted that Mr. Dunkerley's base salary was last increased in 2010, and had remained flat in 2011 and the first part of 2012.

In 2012, pursuant to the New Agreement and consistent with his prior agreement, Mr. Dunkerley was eligible to receive an annual incentive compensation payment of one hundred and twenty-five percent (125%) for satisfactory performance and a maximum of two hundred percent (200%) of his annual base salary, if he achieved certain targets established by the Compensation Committee.

Mr. Dunkerley also received equity awards in connection with the New Agreement. These are described in detail below under the heading "2012 Equity Compensation."

The potential severance and change in control benefits payable to Mr. Dunkerley under the New Agreement are described below under the heading "Mr. Dunkerley's Severance and Change in Control Benefits Under the New Agreement."

Mr. Topping's Employment Terms

In connection with Mr. Topping's employment, he is receiving an annual base salary of \$330,000. In addition, he was provided reimbursement of up to \$70,000 to cover his reasonable out-of-pocket relocation expenses, including related taxes (which reimbursement was required to be repaid if Mr. Topping voluntarily resigned or was terminated for cause within the first twelve months of his employment) and a one-time \$50,000 housing budget to cover temporary housing-related expenses before he secured permanent housing in Hawaii. In fiscal year 2012, Mr. Topping was eligible for an annual bonus equal to 75% of his base salary if he achieved certain targets established by the Compensation Committee.

Mr. Ingram's Employment Agreement

Pursuant to Mr. Ingram's employment agreement, Mr. Ingram is entitled to an annual base salary and can expect to receive a target incentive compensation payment of seventy-five percent (75%) of his annual base salary, if he achieves certain targets to be established by the Compensation Committee each year. Commencing in February, 2012, Mr. Ingram received an annual base salary of \$400,000,

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

which was increased from his prior base salary of \$370,000 in connection with his promotion to Executive Vice President and Chief Commercial Officer of the Company on October 31, 2011.

Ms. Falvey's Employment Terms

In connection with Ms. Falvey's employment, she is receiving an annual base salary of \$300,000, and can expect to receive a target incentive compensation payment of sixty percent (60%) of her annual base salary, if she achieves certain targets to be established by the Compensation Committee each year.

Mr. Taniguchi's Employment Terms

In connection with Mr. Taniguchi's employment, he is receiving an annual base salary of \$320,000, and can expect to receive a target incentive compensation payment of sixty percent (60%) of his annual base salary, if he achieves certain targets to be established by the Compensation Committee each year.

The Compensation Committee works closely with its independent compensation consultant, Frederic W. Cook & Co. and management to design a pay-for-performance oriented executive compensation program to assist us in attracting and retaining outstanding executives and senior management personnel. The design and implementation of such program continually evolves as we grow, but is based primarily on two elements: (i) providing compensation opportunities that are competitive with competing companies; and (ii) linking executives' compensation with our financial, operating and competitive performance. Our compensation program is designed to reward individual and corporate performance and to create incentives for both operating performance in the current year and for the long-term benefit of our business so as to align the interests of management with the long term interests of stockholders.

Elements of Compensation

Currently, the principal components of our executive compensation program (each discussed more fully below) are:

annual base salary,

short-term incentive compensation in the form of performance incentive payments payable in cash and/or stock units each year,

long-term incentive compensation in the form of equity based awards,

severance and change in control benefits,

personal benefits or perquisites, and

general benefits.

Determining Amount of Each Element of Compensation

In negotiating the terms of employment agreements with our named executive officers and determining the amount of any incentive, equity based or other additional compensation, the Compensation Committee reviews publicly available information regarding other companies with which we compete and other publicly-traded corporations located in Honolulu, Hawaii; assesses our overall financial condition and the financial condition of the airline industry in general; consults, when appropriate, with its independent compensation consultant and with outside executive compensation counsel; and, for compensation payable to other named executive officers, consults with our Chief Executive Officer. Although some elements of named executive officers' compensation resulting from such negotiation may vary due to specific requirements and concerns of such named executive officers,

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

the Compensation Committee strives to set an overall compensation package informed by the processes described above.

In November 2011, the Compensation Committee reviewed a benchmarking study conducted by Frederic W. Cook & Co., the Compensation Committee's independent compensation consultant. The Compensation Committee reviewed and considered the information provided in this study when it established 2012 compensation levels for the named executive officers. When setting 2012 compensation levels, the Compensation Committee considered data from (1) a "main" peer group of 10 similarly sized airlines and related companies in the transportation industry and (2) general industry survey data from Towers Watson containing companies with annual revenues between \$1 billion and \$3 billion.

The following 10 companies made up the "main" peer group: Air Transport Group, Alaska Air Group, Inc., Allegiant Travel Company, Atlas Air Worldwide, Hub Group, JetBlue Airways Corporation, Pacer, Pinnacle Airlines, Republic Airways Holdings, Inc. and SkyWest, Inc.

The Compensation Committee also reviewed data from a peer group of 5 major independent airlines AMR Corporation, Delta Airlines, Inc., Southwest Airlines Co., United Continental Holdings and US Airways Group, Inc. for benchmarking pay practices and company performance, but not for compensation data. These airlines are substantially larger than the Company, so the Compensation Committee did not use this group of companies to benchmark named executive officer compensation levels.

Finally, the Compensation Committee monitored compensation levels at three local publicly-traded Hawaiian companies Alexander and Baldwin, Bank of Hawaii, and Hawaiian Electric Industries. The Compensation Committee uses this group to monitor local compensation trends but does not use this group to benchmark named executive officer compensation levels.

Compensation Consultants

The Compensation Committee has engaged the independent compensation consulting firm of Frederic W. Cook & Co. to assist it in executive compensation matters. In 2012, Frederic W. Cook & Co. served only the Compensation Committee and provided no services to the Company other than the services it provides to the Compensation Committee.

Compensation Committee Adviser Independence

The Compensation Committee has considered the independence of Frederic W. Cook & Co. pursuant to Nasdaq rules finalized in January, 2013 and related SEC rules finalized in 2012, and has found no conflict of interest in Frederic W. Cook & Co.'s continuing to provide advice to the Compensation Committee.

The Compensation Committee is also regularly advised by the Company's primary outside legal counsel, Wilson Sonsini Goodrich & Rosati. The Compensation Committee has considered the independence of Wilson Sonsini Goodrich & Rosati pursuant to Nasdaq rules finalized in January, 2013 and related SEC rules finalized in 2012, and has found no conflict of interest in Wilson Sonsini Goodrich & Rosati's continuing to provide advice to the Compensation Committee. The Compensation Committee intends to reassess the independence of its advisers at least annually.

Annual Base Salary

Base salary levels for our named executive officers are designed to be competitive in the marketplace for executives of comparable talent and experience, are based on each named executive officer's responsibility and are subject to increase based upon individual and Company performance. Each named executive officer's base salary for 2012 is reported in the Summary Compensation Table below.

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

The Compensation Committee increased the following named executive officers' base salaries in 2012: (i) commencing November, 2012, Mark B. Dunkerley, the Company's President and Chief Executive Officer received an annual base salary increase from \$600,000 to \$625,000 in connection with the approval of the New Agreement, (ii) Peter Ingram received an annual base salary of \$400,000, which was increased from his prior base salary of \$370,000 in connection with his promotion to Executive Vice President and Chief Commercial Officer of the Company on October 31, 2011, (iii) Glenn G. Taniguchi, the Senior Vice President Marketing and Sales of Hawaiian, from \$290,000 to \$320,000, and (iv) Barbara D. Falvey, the Company's Senior Vice President Human Resources, from \$290,000 to \$300,000. In 2012, the Compensation Committee, due to his recent hire in late 2011, maintained the base salary of Mr. Scott Topping, our Executive Vice President, Chief Financial Officer and Treasurer of Holdings and Hawaiian at \$330,000. As described above, we have entered into employment agreements with certain of our named executive officers which provide for, among other things, an initial annual base salary and an annual target incentive payment (expressed as a percentage of base salary) for each such executive.

Short-Term Incentive Compensation

Short-term incentive compensation consists of an annual "balanced scorecard" performance incentive plan. Annual performance incentives are awarded under our 2006 Management Incentive Plan (the "2006 Incentive Plan"), which was initially approved by our stockholders at our May 31, 2006 stockholders meeting and was reapproved by our stockholders on May 31, 2011. The 2006 Incentive Plan is administered by the Compensation Committee. The Compensation Committee has the authority to select the executives to participate in the 2006 Incentive Plan (after considering the recommendations of the Chief Executive Officer), to establish the length of the annual and long-term performance periods, to establish the performance goals and to determine the amounts of incentive compensation payable to any participant, to provide for payment of incentives in cash, in stock or in units, and to make all determinations and take all other actions necessary or appropriate for proper administration and operation of the 2006 Incentive Plan.

2012 Annual Incentive Compensation

The Company's Compensation Committee, Chief Executive Officer, Chief Financial Officer and Senior Vice President Human Resources, informed by the Compensation Committee's compensation consultant Frederic W. Cook & Co., collaborated in determining the financial and non-financial performance criteria to be used to implement the Company's 2012 incentive compensation program.

In 2012, the achievement of financial and non-financial corporate performance goals were weighted as to 55% for the corporate financial goals and as to 45% for the corporate non-financial performance goals. Attainment of corporate and individual performance goals at 100% of the target level would result in payment of the other named executive officers' bonus at the target level set forth in his or her employment agreement or as otherwise determined by the Compensation Committee if the incentive compensation pool was funded at 100% (as described more fully below) based on the Company's earnings before interest, taxes, amortization, depreciation and rent (EBITDAR); payment would be prorated for achievement above or below the target levels, with the maximum payout determined by the amount available from the Company's bonus pool. In 2012, Mr. Dunkerley's individual performance was weighted at 20% and corporate performance was weighted at 80%, Messrs. Topping's and Ingram's individual performances were weighted at 25% and corporate performances were weighted at 75%, and Ms. Falvey's and Mr. Taniguchi's individual performances were weighted at 40% and corporate performances were weighted at 60%. Mr. Dunkerley's maximum bonus for 2012 was limited by the terms of the New Agreement and his prior employment agreement to no more than 200% of his annual base salary. Moreover, in 2012 the Compensation Committee limited the maximum bonus for 2012 for all other participants to 200% of target and limited the

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

maximum aggregate bonus pool payout to 133% of target. The Compensation Committee imposed these caps after considering market data, the advice of its independent compensation consultant, and corporate governance best practices.

The Compensation Committee approved a 2012 incentive payment pool dependent on achieving EBITDAR (a non-GAAP financial measure) milestones. The incentive pool applies to all annual incentives for all Company employees participating in the incentive compensation program, not just the named executive officers. The Company's EBITDAR can be calculated by adding the Company's interest expense, depreciation and amortization expense and aircraft rent expense to its income before income taxes, each as reported in the financial statements to the Company's 2012 Annual Report on Form 10-K, filed on February 8, 2013, and excluding any payments to be made under the 2012 incentive payment pool. If the minimum EBITDAR threshold established by the Compensation Committee was not exceeded, the bonus pool would not be funded and no bonuses would be payable to the employees participating in the incentive compensation program, including our named executive officers. For 2012, for the Company's incentive pool to be funded, the Company's EBITDAR had to exceed a minimum threshold established by the Compensation Committee of \$290 million (increased from \$190 million in 2011). Meeting this minimum funding threshold would result in a \$0.95 million allocation to the Company's incentive pool. For each increment (or portion thereof) of \$5 million of EBITDAR obtained in excess of this threshold, an additional amount would be allocated to the incentive pool based on a scale determined by the Compensation Committee when the plan was adopted. Based on the Company's attained EBITDAR of \$318 million for 2012, the Company's incentive pool was allocated \$1.7 million.

The corporate financial criteria and the 2012 targets established by the Compensation Committee are described in the table below. Each of these financial performance goals is weighted equally, as shown below. For purposes of certain of these measures that compare the Company's performance with that of its peers, the Company's peer group consists of Alaska Air Group, Inc., Allegiant Travel Company, AMR Corporation, Delta Airlines, Inc., JetBlue Airways Corporation, Southwest Airlines Co., United Continental Holdings and US Airways Group, Inc.

Corporate Financial Performance Goals

Category	Measure	Target	Category Weight	Result
Financial Performance				
EBITDAR Margin	Comparative ranking with selected carriers	4th - 6th	55%	4th

The corporate non-financial performance criteria and the 2012 targets established by the Compensation Committee are divided into three categories, Customer Satisfaction, Confidence Among Stakeholders and Operational Excellence, and are described in the table below. To determine the named executive officer's incentive compensation attributable to the 45% weighted corporate performance score for non-financial performance, such non-financial performance goals are weighted as shown below.

For 2012, the Compensation Committee measured the individual performance of our Chief Executive Officer based on its review of Mr. Dunkerley's performance relative to the Company's strategic objectives and the Company's overall performance. The Chief Executive Officer established the criteria upon which to measure the individual performance of each of the other named executive officers. Individual objectives for each of the named executive officers other than the Chief Executive Officer and Mr. Topping reflect each named executive officer's departmental and corporate

responsibilities. Mr. Ingram's individual performance objectives were related to the Company's revenue performance compared to goals. Mr. Taniguchi's individual performance objectives were related to the Company's sales and marketing needs. Ms. Falvey's individual performance objectives were related to the Company's human resources department and including working closely with the Compensation Committee, managing employee training initiatives, assisting in labor negotiations and recruiting for open positions.

Regarding individual performance, our Chief Executive Officer met with and evaluated each other named executive officer's performance on two separate occasions during 2012 and/or the first quarter of 2013 and recommended overall individual performance scores to the Board for approval based on his assessment of each named executive officer's performance relative to their individual objectives. The score for Mr. Dunkerley was based on a determination by the Compensation Committee of Mr. Dunkerley's overall performance, taking into account the Company's performance relative to its peers. Each named executive officer was awarded a score for individual performance based on a scale from 1.0 to 4.0.

For 2012, the Company's weighted average score for corporate financial and non-financial performance goals was 1.33. Based on their individual performance scores, the Company's performance relative to the financial and non-financial corporate performance goals and the funding of the Company's incentive pool as a result of the Company's attained EBITDAR, each named executive officer received the amount reported under the heading "Non-Equity Incentive Plan Compensation" in the Summary Compensation Table included herein.

The Compensation Committee believes that the annual incentives paid to its named executive officers for fiscal year 2012 are appropriate in light of the Company's and each individual's performance in 2012.

Long-Term Incentive Compensation

The Compensation Committee believes that granting equity-based awards creates an incentive to promote our long-term interests and generally aligns the potential economic benefit to be derived therefrom by our executives with those of the stockholders. Equity-based awards are granted by the Compensation Committee to our named executive officers (other than our Chief Executive Officer) after considering the recommendations of our Chief Executive Officer.

2012 Equity Compensation

For fiscal 2012, the Compensation Committee determined to base equity awards on a combination of time-based and performance-based restricted stock units. The Compensation Committee determined that both the performance-based and time-based restricted stock unit grants provide a retention tool in that the time-based restricted stock unit grants vest in three equal annual installments on each of the first three anniversaries of the grant date, subject to the employee's continued service, and the performance-based restricted stock unit grants are subject to performance-based vesting, allowing for the performance portion to range between 0% and 200% of the performance tranche subject to the employee's continued service. Such restricted stock units accelerate vesting upon a double-trigger (certain terminations of employment following a change in control).

In February 2012, the Compensation Committee, following consultation with Frederic W. Cook & Co., granted restricted stock units ("RSUs") to Mr. Ingram, Mr. Topping, Ms. Falvey and Mr. Taniguchi as part of the Company's annual grant practice (described more fully under the heading "Determination of Equity-Based Awards Grant Dates," below). Mr. Topping received 55,032 RSUs, Mr. Ingram received 56,604 RSUs, and each of Ms. Falvey and Mr. Taniguchi received 38,522 RSUs. Fifty percent of the RSUs granted were time-based and fifty percent were performance based. With respect to the performance-based RSUs, they can be earned, subject to satisfying the performance

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

metric, from 0% to 200% of the covered shares. Accordingly, the maximum number of shares that may potentially be earned subject to the RSUs addressed above is 82,547 shares for Mr. Topping, 84,906 shares for Mr. Ingram, and 57,783 shares for each of Ms. Falvey and Mr. Taniguchi. The time-based RSUs described above vest in 33¹/₃% increments on each of the first three anniversaries of the grant date, subject to such named executive officer remaining employed by the Company, with the vested RSUs being delivered to such executive on each such vesting date, subject to any delay required to avoid the imposition of additional taxes. The performance-based RSUs vest, to the extent the performance metric has been achieved, on the third anniversary of the grant date, subject to the Compensation Committee's prior written certification as to the extent to which the performance metric has been achieved, with the vested RSUs being delivered to such executive on the vesting date, subject to any delay required to avoid the imposition of additional taxes. In the event of a double-trigger, all of an executive's RSUs become fully vested (and with respect to the performance-based RSUs at the target, not the maximum, level if the performance period has not yet ended) subject to such executive's execution of a release of claims and will be delivered to such executive on the 29th day following such executive's employment termination date or such later date as is required to avoid the imposition of additional taxes. Any unpaid RSUs are forfeited automatically if the named executive officer is terminated for cause.

Additionally, in November 2012, the Compensation Committee granted Mr. Dunkerley a restricted stock unit award covering 176,367 shares of Company common stock (the "First Award") and a second restricted stock unit award covering a target of 88,184 shares, up to a maximum of 150% of such target number (the "Second Award"). The First Award becomes eligible to vest if the Company achieves pre-tax net profits, determined in accordance with U.S. generally accepted accounting principles, of at least \$1,000,000 over any two consecutive Company fiscal quarters that begin after the grant date and prior to January 1, 2017 (the "Performance Goal"). Upon achievement of the Performance Goal, the Shares covering the First Award will vest as to ²/₃ on November 15, 2014, and as to the remaining ¹/₃ on November 15, 2015, subject to Mr. Dunkerley's continued employment through each relevant date. If the Performance Goal is not yet achieved as of a scheduled vesting date, the portion of the First Award that otherwise could have vested on such vesting date will remain eligible to vest and will vest, if the Performance Goal is deemed achieved (which achievement must occur no later than January 1, 2017), as of the date of determination of such achievement.

The Second Award becomes eligible to vest (1) if the Company achieves the Performance Goal prior to the Committee's first regularly scheduled meeting after November 15, 2015 (but no more than sixty days following such date), and (2) based on the Company's relative total stockholder return, which is determined by the Company's 30-trading day trailing volume-weighted average stock price on November 15, 2015, divided by such price as determined on November 15, 2015 (the "TSR" and such three-year period, the "Performance Period"), in relation to the TSR of certain other companies. The Company's TSR will be ranked in comparison to the TSRs of: Allegiant Travel Company, Delta Airlines, Inc., United Continental Holdings, Republic Airways Holdings, Inc., US Airways Group, Inc., Southwest Airlines Co., Alaska Air Group, Inc., JetBlue Airways Corporation, SkyWest, Inc., and Spirit Airlines, Inc. (the "Carriers"). 100% of the target shares become eligible to vest if the Company's TSR achieves or ties at the fourth, fifth or sixth rank among the Carriers. The following percentage of the target Shares will become eligible to vest upon achievement of the following ranks with respect to the Company's TSR relative to the Carriers' TSRs: the maximum of 150% of target Shares upon achieving or tying at the first rank among the Carriers; 130% of target Shares upon achieving or tying at the second rank among the Carriers; 120% of target Shares upon achieving or tying at the third rank among the Carriers; 70% of target Shares upon achieving or tying at the seventh rank among the Carriers; 40% of target Shares upon achieving or tying at the eighth rank among the Carriers; and no Shares upon achieving or tying at, or below, the ninth rank among the Carriers. If Shares covering the Second Award become eligible to vest, then Mr. Dunkerley must have remained an employee through November 15, 2014, in order for ²/₃ of such Shares to vest, and remain an employee through November 15, 2015, in order for the remaining ¹/₃ of such Shares to vest.

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

In the event of certain changes in control of the Company that occur prior to January 1, 2017 but during Mr. Dunkerley's employment or within 29 days of his employment termination if he is terminated without "cause" or he resigns for "good reason" (as such terms are defined in the New Agreement), the Performance Goal automatically will be deemed satisfied, the Performance Period for the measurement of all TSRs will end upon the date of the change in control, and the Committee will determine the portion of the Second Award, if any, that may become eligible to vest, as measured based on the shortened Performance Period. Shares covering the First Award and Second Award (the "Awards") will remain subject to their respective service-based vesting requirements following such change in control, except that to the extent the successor entity does not assume or substitute for such Awards, the service-based vesting requirements will lapse in full and such Shares covering the Awards that are deemed to have satisfied the performance-based vesting requirements will vest upon the change in control.

Mr. Dunkerley may also be entitled to certain vesting acceleration of the First Award and Second Award on certain terminations of employment outside of a change of control, as described below under the heading "Mr. Dunkerley's Severance and Change in Control Benefits Under the New Agreement."

Long-Term Disability Benefits & Life Insurance

In addition to the general benefits available to all employees (described below), the Company maintains a long-term disability plan for its executives, including the named executive officers. Pursuant to the Company's executive long-term disability plan, the Company's named executive officers are entitled to a disability benefit of up to 60% of base salary, capped at \$11,000 per month, for non-occupational injury or illness up until such executive reaches age 65 or for a period of 12 months after such executive reaches age 65. The Company also agreed, in the New Agreement (as it did in Mr. Dunkerley's prior employment agreement), to pay the premiums on a \$300,000 life insurance policy for Mr. Dunkerley.

Severance and Change in Control Benefits

The Compensation Committee believes that certain severance and change in control benefits provide a valuable retention tool for its named executive officers. Through severance benefits, the Company seeks to ensure the applicable named executive officer's commitment to the Company by providing income stability and protection in the event of such named executive officer's termination of employment in certain situations.

Change to Double-Trigger Vesting Acceleration

Through change in control benefits, the Company seeks to provide each named executive officer with an incentive to remain with the Company through a potential period of uncertainty presented by a change in control. Equity awards granted to our named executive officers (other than Mr. Dunkerley) prior to 2011 become fully vested and/or exercisable upon a change in control. In light of emerging corporate governance best practices, the Compensation Committee determined that commencing in 2011, and in 2010 for Mr. Dunkerley, our named executive officer equity awards will accelerate vesting on a double-trigger (certain terminations of employment following a change in control) and not on a single-trigger change in control.

Mr. Dunkerley's Severance and Change in Control Benefits Under the New Agreement

Under the New Agreement, if Mr. Dunkerley's employment is terminated without "cause" or by Mr. Dunkerley for "good reason" (as such terms are defined in the New Agreement) on or before January 1, 2017, then subject to Mr. Dunkerley entering into a release of claims in favor of the Company (a "Release"), Mr. Dunkerley will receive a lump-sum cash payment equal to three times his

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

annual base salary and three times the average annual bonus he received in the prior 36 months, up to a maximum payment of \$4,000,000. In such event, Mr. Dunkerley also will receive:

- (i) a prorated annual bonus, subject to the attainment of the applicable performance metrics, and with a rating of 1.0 for performance metrics that are not performance-based compensation under Internal Revenue Code Section 162(m);
- (ii) 100% vesting acceleration of the First Award and any future full-value awards subject to performance-based vesting similar to the First Award, as to which the applicable performance metrics already have been satisfied or deemed satisfied;
- (iii) with respect to the First Award and any future full-value awards subject to performance-based vesting similar to the First Award, as to which the applicable performance metrics have not yet been satisfied or deemed satisfied, such awards will remain outstanding following Mr. Dunkerley's employment termination until the date that the determination is made regarding the extent of achievement of the applicable performance metric, and will become fully vested to the extent that the applicable performance metric is satisfied by January 1, 2017;
- (iv) 100% vesting acceleration of the Second Award and any future full-value awards subject to performance-based vesting similar to the Second Award, as to which the Performance Goal or other similar applicable performance metric has been satisfied as of the date of Mr. Dunkerley's employment termination, that have not yet completed their applicable performance period, but only to the extent such awards satisfy the applicable performance metrics as measured by shortening the applicable performance period to end on the date of Mr. Dunkerley's employment termination;
- (v) with respect to the Second Award and any future full-value awards subject to performance-based vesting similar to the Second Award, that have not yet completed their applicable performance period and as to which the Performance Goal or other similar applicable performance metric is not certified as having been satisfied prior to Mr. Dunkerley's date of employment termination, such awards will remain outstanding until the date that the determination is made regarding the extent of achievement of the Performance Goal or similar applicable performance metric, upon which all or a portion of such awards will become fully vested if the Performance Goal or similar applicable performance metric is satisfied by January 1, 2017, but only to the extent the applicable performance metrics are satisfied as measured by shortening the applicable performance period to end on the date of Mr. Dunkerley's employment termination;
- (vi) \$3,000 per month through January 1, 2017;
- (vii) continued life insurance and disability benefits until January 1, 2017;
- (viii) continued travel benefits (as described below) until January 1, 2017 as if he remained an employee through such date;
- (ix) after January 1, 2017, certain benefits for Mr. Dunkerley, his spouse or domestic partner, and his dependents to travel on the Company's commercial flights for the remainder of Mr. Dunkerley's life, up to a maximum of \$25,000 of imputed taxable income per calendar year; and
- (x) reimbursement for up to \$50,000 for certain costs associated with relocating from Hawaii.

Subject to Mr. Dunkerley (or, in the event of his death, his beneficiary) entering into a Release, (a) if Mr. Dunkerley's employment is terminated after January 1, 2017 without cause and not as a result of his death, he will receive the travel benefits described in clause (ix) above, and (b) if Mr. Dunkerley's employment terminates prior to January 1, 2017 due to his death or disability or after

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

January 1, 2017, then he will receive the relocation reimbursements described in clause (x) above. If Mr. Dunkerley's employment terminates due to his death or disability, he will receive: (A) a prorated annual bonus subject to achievement of the applicable performance metrics; (B) the vesting benefits described in clause (iii) above, except that Mr. Dunkerley will be entitled only to the vesting of the portion of each award as to which he has satisfied the service-based vesting requirements; and (C) with respect to the equity awards described in clauses (iv) and (v) above, such awards will remain outstanding and be earned and paid as if Mr. Dunkerley had remained employed for the entire applicable performance period, except that Mr. Dunkerley will be entitled only to the vesting of that portion of each award as to which he has satisfied the service-based vesting requirements.

Pursuant to the New Agreement, Mr. Dunkerley is subject to confidentiality (during and after his employment), non-competition (through January 1, 2017 and 12 months after employment termination), and non-disparagement and non-solicitation provisions (through January 1, 2017 and 24 months after employment termination). If any payment or benefits to Mr. Dunkerley results in any excise tax (or related interest or penalties) under Internal Revenue Code Sections 280G or 4999, such payments and benefits either will be paid in full or reduced to a level such that the excise taxes are not imposed, whichever provides a better after-tax result for Mr. Dunkerley.

Severance Benefits for Mr. Ingram

Pursuant to the employment agreement with Mr. Ingram, if he is terminated other than for cause, and subject to his entering into a release of claims in favor of the Company, he will receive the following severance benefits:

a lump-sum payment of one year's base salary;

a lump-sum payment of one year's COBRA premiums for group medical and dental coverage; and

a pro-rated annual bonus, subject to the attainment of the applicable performance metrics, and with an "on-target" rating for performance metrics that are not performance-based compensation under Internal Revenue Code Section 162(m).

Severance Benefits for Messrs. Topping and Taniguchi and for Ms. Falvey

Pursuant to the executive severance agreements with Messrs. Topping, Taniguchi and Ms. Falvey, if they are terminated other than for "cause" or voluntarily terminate for "good reason" (as defined in their severance agreements), and subject to their entering into a release of claims in favor of the Company, they will receive the following severance benefits:

a lump-sum payment of one year's base salary;

twelve months' payment of \$3,000 per month in lieu of subsidized COBRA or other benefits; and

a pro-rated annual bonus, subject to the attainment of the applicable performance metrics, and with an "on-target" rating for performance metrics that are not performance-based compensation under Internal Revenue Code Section 162(m).

The amount of benefits payable to each named executive upon termination or a change in control pursuant to the terms of their agreements are reported more fully under the heading "Potential Payments Upon Termination or Change in Control," below.

Personal Benefits

Each named executive officer and certain members of his or her immediate family are entitled to free travel privileges on the Company's non-chartered flights. The Compensation Committee has

provided this benefit after conferring with its independent compensation consultant and determining that this benefit is typical in the airline industry. Named executive officers are also reimbursed for the taxes imposed on the first \$15,000 of positive space travel on the Company's flights, other than Mr. Dunkerley who is reimbursed for the taxes imposed on the first \$25,000 of positive space travel on the Company's flights. In providing this benefit, the Compensation Committee determined that similar tax reimbursements are typical in the airline industry and that such a benefit represents an immaterial expense based on historical use of travel privileges.

In 2011, the Compensation Committee approved two additional benefits for named executive officers. First, following retirement from the Company with either forty years of age and ten years of service, or fifty-five years of age and five years of service, former executives will be eligible for positive space travel on Company flights up to \$15,000 annually. The former executive will be responsible for all taxes on this benefit.

Second, if named executive officers retire following five years of service, the Company will provide them with access-only medical and prescription drug coverage for the former named executive officer and their eligible dependents until the end of the month in which the executive becomes Medicare eligible. The premiums for such coverage are fully payable by the former executives, with a cost significantly higher than for active employees, such that it is expected that this benefit will be approximately cost-neutral to the Company.

The Compensation Committee approved these two additional benefits following consideration of market data, actuarial analysis (with respect to the medical and prescription drug benefit) and advice from its independent compensation consultant.

General Benefits

The Company's named executive officers, like all eligible employees of the Company, are eligible to participate in the Company's health and welfare benefit plans and retirement savings plan (a 401(k) plan). The availability of such plans to the Company's employees generally is essential to attracting and retaining a productive workforce.

Allocating Between Long-Term/Short-Term and Cash/Non-Cash Compensation

The Compensation Committee considers various factors in designing a compensation program that provides the appropriate mix of long-term/short-term and cash/non-cash compensation. These factors include the value our executives place on the various forms of compensation; the tax, economic and financial impact associated with providing the various forms of compensation; and whether providing the various forms of compensation will help us achieve our long-term corporate objectives. This allows us to direct our resources to the incentives that are most likely to retain top executives and motivate desired behaviors improving the likelihood of enhanced financial performance and stockholder value creation. We award long-term incentive compensation in order to achieve a variety of long-term objectives, including retaining talented executives, aligning executives' financial interests with the interests of stockholders, rewarding the achievement of our long-term corporate goals and lengthening executives' time horizons and focusing their attention on creating stockholder value. In determining the appropriate mix of compensation, the Compensation Committee also considers the accounting costs and dilutive impact of the various forms of compensation, as well as our ability to pay compensation in cash, as opposed to stock or other forms of non-cash compensation.

Specific Items of Corporate Performance We Consider in Making Compensation Decisions

As previously described in greater detail under the heading "Short-Term Incentive Compensation," in 2012, the Compensation Committee approved financial and non-financial performance targets, the achievement of which would contribute to the ability of the Company to obtain its financial, operating and strategic goals. As described above, the Company's financial performance targets are EBITDAR

margin, revenue per available seat mile ("RASM") relative to objectives, cost per available seat mile ("CASM") relative to objectives, and return on invested capital. As described above, the Company's 2012 non-financial performance targets were measures of customer value, operational excellence and confidence among stakeholders. In addition, named executive officers' incentive compensation are subject to the limitations of the overall bonus pool, established by the Compensation Committee, expressed as a function of EBITDAR. Under these categories, the Compensation Committee evaluated the Company's 2012 performance and awarded 2012 Annual Incentive Compensation in the amounts reported in the Summary Compensation Table below and as detailed in the discussion under the subheading "2012 Annual Incentive Compensation."

Compensation Committee Discretion

The Compensation Committee has determined that in administering the Company's current annual cash incentive compensation program, the Compensation Committee retains discretion to reduce the amount of incentives payable to named executive officers in the event a purely mathematical application of the performance criteria under such program results in potential incentive payments that do not properly reflect the Company's financial performance or such executives' performance for such year.

Determination of Equity-Based Awards Grant Dates

The Compensation Committee has discretion to determine the time and amount of any equity-based awards, but has generally granted equity-based compensation at the following times: (i) on the date the executive receiving the grant is hired, and (ii) once annually under the Company's 2005 Stock Incentive Plan (the "Stock Incentive Plan"). For discretionary equity-based awards to named executive officers other than the Chief Executive Officer, awards are recommended by the Chief Executive Officer for consideration and potential approval by the Compensation Committee, after consultation with its independent compensation consultant. The Compensation Committee endeavors to avoid granting equity-based awards in advance of the release of news which might affect the price of our Common Stock.

Stock Ownership Guidelines; Policies Regarding Hedging the Risk of Security Ownership

In February 2011, the Company adopted stock ownership guidelines to further align the interests of the Company's executive officers and non-employee directors with the interests of the Company's stockholders. Each executive officer is expected to accumulate and hold a number of shares of the Company's Common Stock equal to or greater than the lesser of (i) a specified multiple of his or her annual base salary, as set forth below, and (ii) the number of shares determined by dividing the dollar amount determined as a multiple of annual base salary by the closing sales price of the Company's Common Stock on February 7, 2011, and to maintain this minimum amount throughout his or her tenure as an executive officer. The base salary multiples are as follows:

Executive Officer Category	Base Salary Multiple
Chief Executive Officer	3 times base salary
Executive Vice Presidents	2 times base salary
Senior Vice Presidents	1 times base salary

Similar guidelines apply to any newly hired executive officers.

Our non-employee directors are expected to accumulate and hold a number of shares of the Company's Common Stock equal to or greater than the lesser of (i) two times his or her annual retainer for service on the Board (excluding additional retainers associated with committee or chairman service, if any) and (ii) the number of shares determined by dividing the dollar amount determined in (i) by the closing sales price of the Company's Common Stock on February 7, 2011, and to maintain

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

this minimum amount throughout his or her tenure on the Board. Similar guidelines apply to any newly elected non-employee directors.

The stock ownership guidelines are expected to be achieved within five years for each executive officer and non-employee director, or within five years from the date service commences for new executive officers and non-employee directors. Unexercised stock options do not count for the purposes of computing shares held. Until the guidelines are achieved, our executive officers and non-employee directors are required to retain at least 50% of the net after-tax shares received as a result of exercising options or the delivery of full-value awards. We do not have any policies regarding hedging the economic risk of such ownership, although our Code of Ethics strictly prohibits trading while in the possession of material, non-public information regarding the Company.

Risk Assessment

The Compensation Committee retained Frederic W. Cook & Co., its independent compensation consultant, to assist the Compensation Committee with its evaluation of the potential risks inherent in the Company's executive and non-executive compensation programs. Accordingly, in early 2013 Frederic W. Cook & Co. evaluated the Company's executive and non-executive compensation programs and provided a report to the Compensation Committee for their consideration. The report concluded that, among other things:

Incentive plans are well-aligned with compensation design principles that generally follow best practices,

Compensation plans are evaluated at least annually and monitored by an independent compensation committee who has the authority to amend or terminate plans or policies at any time,

The Compensation Committee avails itself of independent advisors, who report directly to the Compensation Committee to assist in the oversight function,

Management incentives are capped at 200% of the target award opportunity for individuals and the overall pool is capped at 133% of the amount allocated to the incentive pool; performance measures are broadly determined,

The equity plan is carefully managed as to overall participation, allocation of individual awards, and overall usage rates,

Equity awards have multi-year vesting periods with performance vesting criteria being added to one-half of the new equity awards beginning in 2011, and

Severance plans are closely managed and do not provide excessive severance benefits.

Based on the Frederic W. Cook & Co., report and its own analysis, the Compensation Committee determined that the Company's compensation policies and programs were not likely to create risks that would have a material adverse effect on the Company.

2012 Say On Pay Advisory Vote; Frequency of Say on Pay Advisory Vote

On May 24, 2012, we held a stockholder advisory vote to approve the compensation of our named executive officers, commonly referred to as a Say On Pay vote. Our stockholders approved the compensation of our named executive officers, with approximately 97% of stockholder votes cast in favor of our 2012 Say On Pay resolution. After considering this result, following our annual review of our executive compensation philosophy, the Compensation Committee decided to retain our overall approach to executive compensation. We will hold an annual advisory stockholder vote to approve our named executive officer compensation until considering the results of our next Say On Pay frequency vote.

Tax and Accounting Treatment

Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for non-performance-based compensation over \$1 million paid for any fiscal year to the company's chief executive officer or any of the three other most highly compensated executive officers (other than the chief financial officer). Performance-based compensation is not subject to the deduction limit if certain requirements are met. The Stock Incentive Plan and the 2006 Incentive Plan have been structured to permit the Company to pay compensation in excess of \$1 million per year to its executive officers without compromising the deductibility of such compensation under Section 162(m). However, the Compensation Committee retains the flexibility to pay compensation to senior executives based on other considerations if it believes that doing so is in the stockholders' interests. The Company does not guarantee that compensation intended to qualify as performance-based compensation under Section 162(m) so qualifies.

Section 409A

Section 409A of the Internal Revenue Code imposes a penalty tax on "nonqualified deferred compensation" that fails to satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Accordingly, as a general matter, the Company attempts to structure its compensation and benefits plans and arrangements for all of our employees, including our named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A. The Company does not guarantee that its benefits plans and arrangements all satisfy the requirements of Section 409A.

Accounting Treatment

The Company accounts for stock-based compensation in accordance with the requirements of ASC 718. The Company also takes into consideration ASC 718 and other generally accepted accounting principles in determining changes to policies and practices for its stock-based compensation programs.

The Role of Executive Officers in the Compensation Process

The Chief Executive Officer makes recommendations to the Compensation Committee as to the base salary and incentive compensation of all executive officers other than himself. The Compensation Committee annually reviews the base salary of the Chief Executive Officer and the base salary of the Chief Executive Officer may be increased by the Compensation Committee in its sole and absolute discretion. Other than the Chief Executive Officer, no executive officer participates in setting compensation for named executive officers.

Compensation Recovery Policy (Clawback)

On the recommendation of the Compensation Committee, the Board adopted the Company's "Recoupment Policy Relating to Incentive Compensation of Participants" for any bonus or incentive compensation paid after January 1, 2009. Pursuant to the Company's clawback policy, if any incentive compensation paid to a participant in the Company's annual incentive plan, including executive officers, was calculated based on the achievement of financial results that were later required to be restated, and, if the individual executive officer engaged in any fraud or misconduct that caused or contributed to the need for such restatement, the Board will require reimbursement, in all appropriate cases, from the executive officer of any portion of the incentive compensation that exceeds the amount that would have been awarded had the financial results been properly reported, as determined by the Board or a committee thereof. The Company's policy does not authorize the Company to recover any incentive compensation awarded more than two years prior to the date the applicable financial restatement is disclosed.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis, which appears in this Proxy Statement, with the Company's management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement.

For purposes of this calculation, it is assumed that all of Mr. Dunkerley's restricted stock to which the performance metrics have already been satisfied will vest upon a "Qualifying Change in Control" (as defined in footnote 3 above).
- (7) Pursuant to Mr. Dunkerley's employment agreement, if Mr. Dunkerley's employment is terminated as a result of his death, disability, by the Company without "Cause" or by Mr. Dunkerley for "Good Reason," Mr. Dunkerley, his spouse or domestic partner and his dependents shall be entitled to continued travel benefits on Hawaiian's commercial aircraft for the remainder of Mr. Dunkerley's life, up to an annual maximum of \$25,000 of imputed taxable income per calendar year.

In addition, the Governance and Nominating Committee monitors and reviews any issues regarding the "independence" of directors or involving potential conflicts of interest, and evaluates any change of status or circumstance with respect to a director and determines the propriety of the director's continued service in light of that change.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors has the ultimate authority for effective corporate governance, including oversight of the Company's management. The Audit Committee's purpose is to assist the Board of Directors in fulfilling its responsibilities by overseeing our accounting and financial reporting processes, the audits of our consolidated financial statements and internal control over financial reporting, the qualifications and performance of the independent registered public accounting firm engaged as our independent auditor, and the performance of our internal auditors.

The Audit Committee relies on the expertise and knowledge of management, the internal auditors and the independent auditor in carrying out its oversight responsibilities. Management is responsible for the preparation, presentation, and integrity of our consolidated financial statements, accounting and financial reporting principles, internal control over financial reporting, and disclosure controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Management is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of our system of internal control. Our independent registered public accounting firm, Ernst & Young LLP ("Ernst & Young"), is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States and expressing an opinion on the effectiveness of our internal control over financial reporting.

The Audit Committee has reviewed our audited financial statements for the fiscal year ended December 31, 2012 and discussed such statements with management. The Audit Committee has discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees AU Section 380), as amended.

The Audit Committee received from Ernst & Young the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee, and discussed with Ernst & Young its independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2012, and be filed with the SEC. The Audit Committee also appointed Ernst & Young to serve as our independent registered public accounting firm for the year 2012.

This report of the Audit Committee shall not be deemed to be soliciting material or incorporated by reference by any general statement incorporating by reference the proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically requests that this information be treated as soliciting material or specifically incorporates this information by reference, nor shall it be deemed filed under such Acts.

**PROPOSAL 2: RATIFICATION OF ERNST & YOUNG AS THE
COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013**

The Audit Committee of our Board of Directors has selected Ernst & Young as our independent registered public accounting firm for the fiscal year ending December 31, 2013, and has further directed that management submit the appointment of independent auditors for ratification by the stockholders at the Annual Meeting. Our financial statements for the 2012 fiscal year were audited and reported upon by Ernst & Young.

Representatives of Ernst & Young will be present at the Annual Meeting and will be available to respond to appropriate questions from stockholders and make a statement should they so desire.

Neither our Amended By-Laws nor other governing documents or law require stockholder ratification of the appointment of Ernst & Young as our independent registered public accounting firm. However, the Board of Directors is submitting the appointment of Ernst & Young to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee of the Board of Directors will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee of the Board of Directors in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the appointment of Ernst & Young. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

The amounts set forth below include all fees paid to Ernst & Young for services provided to us during 2012 and 2011.

Audit Fees

Fees for audit services rendered by Ernst & Young to us totaled \$1.5 million and \$1.6 million for 2012 and 2011, respectively. Audit fees consist primarily of fees for the audits of our consolidated financial statements and the financial statements of Hawaiian, the audit of our internal control over financial reporting, the review of the interim condensed consolidated financial statements included in our quarterly reports, attestation services required by statute or regulation, consents, assistance with and review of documents filed with the SEC, work performed by tax professionals in connection with the audits and quarterly reviews, and accounting and financial reporting consultations and research work necessary to comply with generally accepted auditing standards. All of the foregoing services rendered by Ernst & Young were pre-approved by the Audit Committee.

Audit-Related Fees

Fees for audit-related services rendered by Ernst & Young to us totaled \$0.1 million for each of 2012 and 2011, consisting entirely of fees for the audit of Hawaiian's employee benefit plans in 2012 and 2011. All of the foregoing services rendered by Ernst & Young were pre-approved by the Audit Committee.

Tax Fees

Fees for tax services rendered by Ernst & Young to us totaled \$0.2 million and \$0.4 million in 2012 and 2011, respectively. Tax fees consist primarily of fees for the preparation of federal, state and foreign tax returns, assistance in assembling data to respond to governmental reviews of past tax filings,

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

and tax advice, exclusive of tax services rendered in connection with the audits. All of the foregoing services rendered by Ernst & Young were pre-approved by the Audit Committee.

Other Fees

Ernst & Young did not provide any professional services during fiscal 2012 or 2011 other than those described under the captions "Audit Fees," "Audit-Related Fees" and "Tax Fees."

Audit Committee Pre-Approval Policies

The policy of the Audit Committee is to pre-approve the audit, audit-related, tax and non-audit services to be performed during the year on an annual basis, in accordance with a schedule of such services approved by the Audit Committee. The annual audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. Audit-related services and tax services to be provided by the auditors will be subject to general pre-approval by the Audit Committee. The Audit Committee may grant specific case-by-case approval for permissible non-audit services. The Audit Committee will establish pre-approval fee levels or budgeted amounts for all services to be provided on an annual basis. Any proposed services exceeding those levels or amounts will require specific pre-approval by the Audit Committee. The Audit Committee has delegated pre-approval authority to the Chair of the Audit Committee, who will report any such pre-approval decisions to the Audit Committee at its next scheduled meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO RATIFY THE SELECTION OF ERNST & YOUNG AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR ITS FISCAL YEAR ENDING DECEMBER 31, 2013.

PROPOSAL NO. 3: NON-BINDING VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the "Executive Compensation" section of this proxy statement beginning on page 17 above. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this Proxy Statement.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we may communicate directly with stockholders to better understand the concerns that influenced the vote, but in all events we will consider our stockholders' concerns and will share them with the Compensation Committee which will evaluate whether any actions are necessary to address those concerns.

Following is a summary of some of the key points of our 2012 executive compensation program. See the "Executive Compensation" section beginning on page 17 for more information.

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

Our Compensation Committee, assisted by its independent compensation consultant, Frederic W. Cook & Co., stays informed of developing executive compensation best practices and strives to implement them. In this regard, recent improvements to the Company's executive compensation program include:

For our CEO, effective with his new November 2012 employment agreement, moving to annual consideration of equity grants instead of an up-front larger equity grant intended to cover multiple years as in his prior employment agreements.

Ahead of the required July 1, 2013 effective date under Nasdaq final rules finalized in January 2013, the Compensation Committee in February 2013 considered any potential conflict of interest posed by its compensation consultant and outside legal counsel, based upon the independence factors specified under the Nasdaq final rules.

Consistent with the direction of 97% of stockholder votes cast in 2011 and consistent with management's recommendation to our stockholders, adopting an annual Say on Pay advisory vote, commencing in 2011 and continuing in this 2013 proxy statement.

Capping our annual incentive compensation payout at 200% of the target award opportunity for any individual participant, commencing in 2011 (the CEO's annual incentive is capped at 200% of base salary). This is in addition to the overall aggregate payout cap of 133% of the amount allocated to the incentive pool.

Establishing stock ownership and share retention guidelines for executive officers and our non-employee directors in 2011.

Eliminating the golden parachute excise tax gross-up for our president and chief executive officer, Mr. Dunkerley, effective as of May 25, 2011.

Moving from single-trigger equity compensation vesting on a change in control to double-trigger vesting (triggered upon certain terminations of employment following a change in control) for equity grants made to Mr. Dunkerley in 2010, and for the rest of our named executive officers in 2011.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our Common Stock and other equity securities. Such persons are also required to provide us with copies of all such reports filed with the SEC. Based solely upon the information supplied to us by these persons, we are required to report any known failure to file these reports within the specified period. To our knowledge, based solely upon a review of the Section 16(a) reports furnished to us and the written representations of these reporting persons, these persons complied with all filing requirements in a timely fashion for fiscal year 2012, except for a transaction that should have been reported on Form 4 by November 2, 2012 for Scott E. STOCKHOLDER PROPOSALS

Stockholders who, in accordance with SEC Rule 14a-8, wish to present proposals for inclusion in the proxy materials to be distributed in connection with next year's annual meeting proxy statement must submit their proposals so that they are received at our principal executive offices no later than the close of business on December 13, 2013. As the rules of the SEC make clear, simply submitting a proposal does not guarantee that it will be included.

In order to be properly brought before the 2013 annual meeting of stockholders, a stockholder's notice of a matter the stockholder wishes to present (other than a matter brought pursuant to SEC Rule 14a-8), or the person or persons the stockholder wishes to nominate as a director, must be delivered to the Secretary of the Company at our principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the date of the 2012 Annual Meeting. As a result, any notice given by a stockholder pursuant to these provisions of our Amended By-Laws (and not pursuant to the SEC Rule 14a-8) must be received no later than the close of business on February 21, 2014, and no earlier than the close of business on January 22, 2014, unless our annual meeting date occurs more than 30 days before or more than 70 days after May 22, 2014. In that case, we must receive proposals not earlier than the close of business on the 120th day prior to the date of the annual meeting and not later than the close of business on the later of the 90th day prior to the date of the annual meeting or the 10th day following the day on which public announcement of the date of the annual meeting is first made by the Company.

To be in proper form, a stockholder's notice must include the specified information concerning the proposal or nominee as described in our Amended By-Laws. A stockholder who wishes to submit a proposal or nomination is encouraged to seek independent counsel about our Amended By-Laws and
