REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrative Committee of  
CompX Contributory Retirement Plan:

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the CompX Contributory Retirement Plan (the "Plan") at December 31, 2005, and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As further described in Note 2, effective December 31, 2005, the Plan merged into The Employee 401(k) Retirement Plan.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrative Committee of the CompX Contributory Retirement Plan:

In our opinion, the accompanying statement of net assets available for benefits presents fairly, in all material respects, the net assets available for benefits of the CompX Contributory Retirement Plan (the "Plan") at December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. This financial statement is the responsibility of the Plan's management. Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit of this statement in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

COMPX CONTRIBUTORY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan and significant accounting policies:

General. The following description of the CompX Contributory Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was merged into The Employee 401(k) Retirement Plan on December 31, 2005. See Note 2.

The Plan is a defined contribution plan which covers eligible U.S. employees of CompX International Inc. and its U.S. subsidiaries (collectively, the "Employer"). Employees are eligible to participate in the Plan as of the first entry date, as defined, concurrent with or next following the completion of 90 days of eligible service and attaining 20 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Employer is 83% owned by CompX Group, a majority-owned subsidiary of NL Industries, Inc. at December 31, 2005. NL owns 82% of CompX Group, and Titanium

## Edgar Filing: COMPX INTERNATIONAL INC - Form 11-K

Metals Corporation ("TIMET") owns the remaining 18% of CompX Group. At December 31, 2005 (i) NL and TIMET own an additional 2% and 3%, respectively, of CompX directly, (ii) Valhi, Inc. holds, directly or through a subsidiary, approximately 83% of NL's outstanding common stock and approximately 39% of TIMET's outstanding common stock and (iii) Contran Corporation holds, directly or through subsidiaries, approximately 92% of Valhi's outstanding common stock. Substantially all of Contran's outstanding voting stock is held by trusts established for the benefit of certain children and grandchildren of Harold C. Simmons, of which Mr. Simmons is sole trustee, or is held by Mr. Simmons or persons or other entities related to Mr. Simmons. Consequently, Mr. Simmons may be deemed to control each of such companies and the Plan.

**Contributions.** The Plan permits participants to defer 1% to 100% (highly compensated employees are limited to a maximum of 25%) of their annual compensation as pre-tax contributions, not to exceed a deferral of \$14,000 in 2005 (subject to adjustment in future years), through payroll deductions. Participants who will be at least age 50 by the end of the Plan year may elect to make "catch-up" contributions, not to exceed an additional deferral of \$4,000 in 2005 (subject to adjustments in future years) through payroll deductions. Pursuant to the Internal Revenue Code, total participant contributions (pre-tax and after-tax) and employer contributions are limited to an aggregate of \$42,000 from all employer defined contribution plans in 2005. The Employer's contribution is based upon a profit-sharing formula and the Employer's profit, as defined, during the Plan year. The Employer's contribution is allocated to participants' accounts on a percentage or matching basis relative to the participants' contributions (excluding catch-up contributions) for the year. The Employer's contribution is reduced, as provided by the Plan, by nonvested amounts forfeited by participants who withdraw from the Plan. At December 31, 2004 and 2005, unallocated forfeited nonvested accounts were \$103,175 and nil respectively. Forfeitures of \$116,855 were used to reduce employer contributions for the year ended December 31, 2005.

**Vesting and benefits.** Salary deferrals (including earnings thereon) are immediately vested while Employer contributions (including earnings thereon) vest at the rate of 20% per year of service, as defined.

Upon termination of employment, retirement or death, a participant (or beneficiary, if applicable) may elect to receive either (i) a lump sum amount equal to the vested value of the participant's accounts or (ii) installments

- 6 -

over a period of not more than 30 years. Distribution of a participant's account balance in a lump sum without the participant's consent may be made if the vested portion of the participant's account is not greater than \$5,000 or distribution commences after the participant attains 65 years. With the consent of the Plan administrators, participants can borrow amounts from their vested account balances, subject to certain limitations under the Plan.

Benefits are recorded when paid.

**Participants' accounts.** Participants can direct the Plan administrator to invest, in 1% increments, their account balance in publicly-traded registered investment companies or commingled trusts administered by Putnam Investments or in CompX International Inc. common stock (not to exceed 25% of account balances). On September 23, 2005, participants were notified that they would no longer be able to invest in CompX stock effective December 30, 2005. In addition, no new contributions or account transfers could be made to the CompX Stock Fund after September 30, 2005; and if the participant had not liquidated the balance of his CompX Stock Fund by December 12, 2005, the Company would begin to liquidate it and transfer the proceeds to the Putnam S&P Index Fund.

## Edgar Filing: COMPX INTERNATIONAL INC - Form 11-K

Each participant's account is credited with the participant's contribution and an allocation of the Employer's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, matching or account balances, as defined in the Plan.

In addition to the investment fund options, a "Loan Fund" is maintained to account for loans to participants, as permitted by the Plan. A participant is able to borrow from his/her fund account an amount ranging from a minimum of \$1,000 up to a maximum that is generally equal to the lesser of \$50,000 or 50% of his/her vested account balance. A loan is collateralized by the balance in the participant's account and bears interest at rates commensurate with local prevailing rates. For outstanding loans at December 31, 2005 prior to transfer to the Retirement Plan, interest rates ranged from 5.0% to 10.5%.

Plan termination. The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, in compliance with the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants will become fully vested. The merger of the Plan into The Employee 401(k) Retirement Plan (see Note 2) was not a termination of the Plan.

Basis of accounting. The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. Valuation of investments is more fully described in Note 3.

Management estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may, in some instances, differ from previously estimated amounts.

Risks and uncertainties. The Plan provides for various investment options in a variety of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's statement of net assets available for benefits.

- 7 -

Expenses of administering the Plan. The Plan provides that the Employer will generally reimburse the Plan for administrative expenses paid by the Plan. The Employer paid a significant portion of the 2005 administrative expenses.

Tax status. The Plan has been notified by the Internal Revenue Service in a letter dated December 13, 2004 that it is a qualified plan under Section 401(a) and Section 401(k) of the Internal Revenue Code (the "Code"), and is therefore exempt from federal income taxes under provisions of Section 501(a) of the Code.

The Plan has been amended since it was notified of its exempt status by the Internal Revenue Service. Management believes that the Plan currently is designed and operates in accordance with the applicable requirements of the Code and therefore remains exempt from federal income taxes under provisions of Section 501(a) of the Code.

### Note 2 - Plan Merger:

On December 31, 2005, the Plan was merged into The Employee 401(k) Retirement Plan ("Retirement Plan") resulting in the transfer of net assets of

## Edgar Filing: COMPX INTERNATIONAL INC - Form 11-K

\$16,792,170 into the Retirement Plan. Participants of the Plan began to participate in the Retirement Plan on January 1, 2006.

The merger initiated a "Black Out" period beginning December 27, 2005 and continuing through January 15, 2006. During this period, changes could not be made to participant accounts and funds could not be withdrawn from either the Plan or the Retirement Plan.

### Note 3 - Investments:

General. Prior to December 31, 2005, the assets of the Plan were held and the related investment transactions were executed by Putnam Fiduciary Trust Company as trustee (the "Trustee") of the CompX Master 401(k) Plan Trust (the "Trust"). The Trust invested in publicly-traded registered investment companies, commingled trusts administered by Putnam Investments and CompX International Inc. class A common stock (see Note 1). The Plan assets invested in Putnam mutual funds and commingled trusts qualify as party-in-interest transactions. The Plan's investments are stated at fair value based on quoted market prices and net appreciation for the year is reflected in the Plan's statement of changes in net assets available for plan benefits. The net appreciation consists of realized gains or losses and unrealized appreciation or depreciation on investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The following presents investments that represent 5 percent or more of the Plan's net assets at year end:

	2004 ----
Putnam Stable Value Fund (commingled trust)	\$4,201,986
Putnam Voyager Fund (class Y shares)	2,287,495
Calamos Growth Fund (class A shares)	2,017,371
PIMCO Total Return Fund (class A shares)	1,282,783
Putnam S&P 500 Index Fund (commingled trust)	1,241,106
UAM ICM Small Company Portfolio Fund (Institutional shares)	1,154,597
Managers Special Equity Fund	1,046,159

- 8 -

During 2005, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$393,140 as follows:

Mutual funds	\$	343,078
Commingled trusts		57,163
Common stock		(7,101)
		-----

Edgar Filing: COMPX INTERNATIONAL INC - Form 11-K

\$ 393,140
