USE OF PROCEEDS

We estimate that the net proceeds from the sale of Units will be approximately \$24,896,200 assuming we sell all of the units offered. Net proceeds will consist of the total proceeds from sale of units less placement agent fees, the placement agent expense allowance, and other expenses of the offering.

We will use the net proceeds from the sale of units for general corporate purposes, including capital expenditures. From time to time, we evaluate the possibility of acquiring businesses, products and technologies, and we may use a portion of the proceeds as consideration for acquisitions, although we do not currently anticipate any acquisitions. Pending use, we may invest the net proceeds in interest-bearing securities.

DILUTION

Our net tangible book value on December 31, 2005 was \$6.8 million, which yields a net tangible book value of approximately \$0.11 per share of common stock. Net tangible book value per share is determined by dividing our net tangible book value, which consists of tangible assets less total liabilities, by the number of shares of common stock outstanding on that date, assuming the conversion of all then convertible preferred stock and no exercise of any warrants or options. After giving effect to our receipt of the estimated net proceeds from the sale of the units issuable in this offering at an offering price of \$2.44 per unit, less the fee due to the placement agent and our estimated offering expenses, our net tangible book value as of December 31, 2005, without taking into account any other changes in our net tangible book value after December 31, 2005, would have been approximately \$31.6 million, or approximately \$0.45 per share. This represents an immediate increase in the net tangible book value of \$0.34 per share to existing stockholders and an immediate dilution of \$1.99 per share to new investors.

DESCRIPTION OF WARRANTS

Each unit includes a warrant to purchase 0.30 shares of our common stock. The exercise price of a warrant to purchase a whole share is \$2.88. No warrant may be exercised for a fractional share. The warrants first become exercisable six months and one day after the issue date, or if that is not a business day, on the next business day following. No warrant may be exercised after 5:00 p.m. New York City time on the date which is five years after the original issue date. Warrants may be exercised by sending us a form of election to purchase shares (included in the warrant certificate) together with payment in full of the exercise price by certified check or money order payable in United States currency, or by electing cashless exercise upon surrender of the warrants.

If we effect certain stock-based distributions or changes in our capital structure, such as a stock split or consolidation, stock dividend or distribution of stock rights to all stockholders, then we will adjust the exercise price and/or number of shares purchasable under the warrants as required in the warrant certificate to preserve the rights of the warrant holders. If we enter into a merger or consolidation or other reorganization in which our securities are reclassified or in which we are not the surviving corporation, the warrants will become exercisable for the securities which the holder would have received if the holder had exercised in full immediately prior to the reorganization event.

A warrant may be transferred in whole or part by a holder without our consent, upon surrender of the warrant to us, properly endorsed by the holder executing an assignment in the form attached to the warrant certificate.

The warrants will not be listed on any securities exchange or automated quotation system, and we do not intend for any exchange or quotation system to list or quote the warrants.

The common stock issued on exercise of the warrants will not be restricted, as long as there is an effective registration statement for the issuance of those shares, or if the issuance is pursuant to Rule 144(k) under the Securities Act of 1933.

This is a brief description of the material features of the warrants, not a complete statement of all the terms. We have included the form of warrant certificate as an exhibit to our Current Report on Form 8-K, which we will file with the Securities and Exchange Commission in connection with closing on the sale of units. See *Where You Can Find More Information* on page 22 of the accompanying prospectus.

PLAN OF DISTRIBUTION

We are offering the units through a placement agent. Subject to the terms and conditions contained in the letter agreement dated April 10, 2006, MDB Capital Group LLC has agreed to act as the placement agent for the sale of our securities registered on our Form S-3, File Number 333-132369, which includes the units described in this prospectus supplement. The placement agent is not required to arrange the purchase or sale of any specific number or dollar amount of the units.

The placement agent has solicited indications of interest for the full amount of the offering. The placement agent proposes to arrange for the sale of the units to selected institutional investors through direct purchase agreements between the purchasers and us. We will pay the placement agent a cash fee equal to 7% of the total purchase price of the units. The placement agent will not receive any fee based on amounts which we may receive on subsequent exercise of the warrants included in the units.

The following table shows the per share and total fees we will pay to the placement agent in connection with the sale of the units.

	Per Unit	Maximum Offering
Public offering price	\$2.44	\$26,840,000
Placement agent fee (7% of the unit price)	\$0.17	\$1,878,800
Proceeds to us, before expenses	\$2.27	\$24,961,200

In addition to the placement agent fees shown above, we will pay a placement agent expense allowance for reasonable and accountable expenses of up to 1% of the purchase amount, with a \$10,000 cap. We have also agreed to pay certain purchaser expenses up to \$15,000. We estimate that our offering expenses, excluding the placement agent fees, placement agent expense allowance and purchaser expenses, will be approximately \$40,000.

Our obligation to issue and sell shares to the purchasers is subject to the conditions set forth in the securities purchase agreements, which may be waived by us in our discretion. A purchaser's obligation to purchase shares is subject to conditions set forth in the securities purchase agreement as well, which also may be waived.

We expect that the sale of up to 11,000,000 units will be completed on or about April 14, 2006.

We have agreed to indemnify the placement agent against certain liabilities arising under the Securities Act of 1933, as amended. This is a brief description of the material features of our letter agreement with the placement agent, not a complete statement of all the terms. We have included the letter agreement with the placement agent as an exhibit to our Current Report on Form 8-K, which we will file with the Securities and Exchange Commission in connection with closing on the sale of units. See "Where You Can Find More Information" on page 22 of the accompanying prospectus.

The transfer agent for our common stock is American Stock Transfer & Trust, Inc.

Our common stock is traded on the American Stock Exchange under the symbol PTN.
