If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As described in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2005, as amended, the Company determined, as a result of our review and communications with the Securities and Exchange Commission, that a restatement of our previously reported financial information was required, in part, due to our further consideration of EITF 00-19, Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock in evaluating whether there were any embedded derivative instruments contained in our outstanding convertible term notes and the correct classification of such notes. Accordingly, we have restated our previously reported financial information for the years ended December 31, 2003 and 2004 and our previously reported unaudited financial statements for the first, second and third quarters of 2003, 2004 and 2005. A reasonable estimate of the Company's actual results of operations for the fiscal quarter ended March 31, 2006 cannot be made at this time because the review of the Company's financial statements has not been completed.
