Edgar Filing: Rockwood Holdings, Inc. - Form 8-K

(B) - As the assets contributed to the joint venture were primarily in the United States and the United Kingdom (the "UK"), taxes were calculated using a state tax rate of 5.8% and a UK tax rate of 30%. We do not expect the transaction to have any federal tax effect as a result of net operating losses and the impact of valuation allowances.

As such, the pro forma financial information has been prepared on the basis that the joint venture is consolidated within the Rockwood Holdings, Inc. financial statements and the interest in the joint venture by Rohm and Haas is shown as minority interest. Minority interest is calculated based on the net income generated from CSI's operations contributed to the joint venture along with the net income from Rohm and Haas' contributed operations.
