SANMINA-SCI CORPORATION

PROXY STATEMENT FOR

2007 ANNUAL MEETING OF STOCKHOLDERS

INFORMATION CONCERNING VOTING AND PROXY SOLICITATION

General

The enclosed proxy is solicited on behalf of the Board of Directors of Sanmina-SCI Corporation (Sanmina-SCI) for use at the Annual Meeting of Stockholders to be held on Monday, February 26, 2007 at 11:00 a.m., local time, or at any adjournment thereof. The Annual Meeting will be held at Sanmina-SCI s corporate offices, located at 30 E. Plumeria Drive, San Jose, California 95134. The telephone number at the meeting location is (408) 964-3555.

This Proxy Statement was mailed on or about January 29, 2007, to all stockholders entitled to vote at the meeting. Stockholders of record at the close of business on January 16, 2007 (the Record Date) are entitled to vote at the meeting.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to our secretary a written notice of revocation or a duly executed proxy bearing a later date or by attending the meeting and voting in person.

Voting and Solicitation

Each stockholder is entitled to one vote for each share held as of the Record Date. Stockholders will not be entitled to cumulate their votes in the election of directors.

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date. Shares that are voted FOR, AGAINST or ABSTAIN are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the Votes Cast) with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, Sanmina-SCI believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). In the absence of a controlling precedent to the contrary, Sanmina-SCI intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

Brokers may indicate on the enclosed proxy or its substitute that they do not have discretionary authority as to certain shares to vote on a particular matter for which they have not received specific instructions from the beneficial owner of the shares (broker non-votes). In a 1988 Delaware case, *Berlin v. Emerald Partners*, the Delaware Supreme Court held that, while broker non-votes should be counted for purposes of determining the presence or absence of a quorum for the transaction of business,

broker non-votes should not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, we intend to treat broker non-votes in this manner. Thus, a broker non-vote will not have any effect on the outcome of the voting on a proposal.

Except as described in the preceding paragraph, any proxy which is returned using the form of proxy enclosed and which is not marked as to a particular item will be voted for all matters submitted to a vote of stockholders at the Annual Meeting pursuant to this proxy statement. In addition, the proxy holders will vote as the proxy holders deem advisable on other matters that may come before the meeting, as the case may be with respect to the items not marked.

The cost of soliciting proxies will be borne by us. We may retain the services of our transfer agent, Wells Fargo Shareholder Services, or other proxy solicitors to solicit proxies. In addition, we expect to reimburse brokerage firms and other persons representing beneficial owners of shares for their expense in forwarding solicitation material to such beneficial owners. Proxies may be solicited by certain of our directors, officers and regular employees, without additional compensation, in person or by telephone or facsimile.

Stockholder Proposals for 2008 Annual Meeting of Stockholders

Proposals that are intended to be presented by our stockholders at our annual meeting of stockholders following our fiscal year ending September 29, 2007, which will be our 2008 annual stockholders meeting, must be received by us at our principal executive offices no later than October 1, 2007 in order that they may be considered for inclusion in the proxy statement and form of proxy relating to that meeting. Under our bylaws, a proposal that a stockholder does not seek to include in Sanmina-SCI's proxy materials for the 2008 annual meeting but that may still be properly brought before the fiscal 2007 annual meeting must be delivered to our secretary at our principal executive offices not less than 45 or more than 75 days prior to the annual meeting date; provided, however, that if the date of the 2008 annual meeting of stockholders is advanced more than 30 days prior to or delayed by more than 30 days after the 2007 annual meeting date (February 26), notice by the stockholder to be timely must be so delivered not later than the close of business on the later of (i) the 90th day prior to the 2007 annual meeting date or (ii) the 10th day following the day on which public announcement of the date of such meeting is first made.

The Board of Directors held ten meetings during the fiscal year ended September 30, 2006. No nominee who was a director during the entire fiscal year attended fewer than 75 percent of the meetings of the Board of Directors or of committees on which such person served.

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. From time to time, the Board has created various ad hoc committees for special purposes.

Audit Committee

The Audit Committee currently consists of directors Neil Bonke, Alain Couder and Peter Simone. Mr. Simone is the chairman of the Audit Committee.

The Audit Committee reviews and monitors our corporate financial reporting and external audit, including, among other things, our control functions, the results and scope of the annual audit and other services provided by our independent registered public accountants and our compliance with legal matters that have a significant impact on our financial reports. The Audit Committee also reviews and monitors our internal audit function and receives regular reports from the internal audit department. The Audit Committee also consults with our management and our independent auditors prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into various aspects of our financial affairs. In addition, the Audit Committee is responsible for considering and recommending the appointment of our independent auditors. The Audit Committee held six formal meetings during fiscal 2006. Mr. Simone meets the definition of audit committee financial expert as defined by the Securities and Exchange Commission. The Compensation Committee held seven meetings during the last fiscal year.

Compensation Committee Interlocks and Insider Participation

Nominating and Governance Committee

The Nominating and Governance Committee consists of directors Alain Couder and Wayne Shortridge. Mr. Shortridge is the chairman of the Nominating and Governance Committee.

The Nominating and Governance committee is responsible for both nominating and governance functions. Nominating functions include development of general criteria regarding the qualifications and selection of board members and the recommendation of candidates for election to the Board of Directors. Governance functions include development of overall governance guidelines for the Board of Directors and Sanmina-SCI, overseeing and evaluating the overall performance of the Board of Directors and the Chief Executive Officer, and executive recruitment, development and succession planning. The Nominating and Governance Committee considers suggestions from many sources, including stockholders, regarding possible candidates for director. Stockholders may nominate director candidates for consideration by writing to the Nominating and Governance Committee, c/o the Corporate Secretary, Sanmina-SCI Corporation, 2700 N. First Street, San Jose, California, 95134, and providing the candidate's

name, biographical data, qualifications and the candidate's written consent to being named as a nominee in Sanmina-SCI's Proxy Statement and to serve as a director if elected. The Nominating and Governance Committee held one meeting during the last fiscal year.

Director Compensation

In fiscal 2006, directors who were not our employees (Outside Directors) were paid an annual retainer of \$60,000. Each Outside Director who is a member of a committee of the Board also receives an annual retainer of \$10,000, and any Outside Director who is a chairperson of any committee of the Board receives an additional annual retainer of \$10,000, provided that these amounts will be increased by 33⅓% for any director electing to take his or her entire retainer in the form of restricted common stock. In addition to those amounts, each Outside Director attending a meeting of the Board in person receives an additional payment of \$2,000 for attending a meeting in person and \$1,000 for attending telephonically. Each Outside Director attending a committee meeting receives an additional payment of \$1,500 per meeting. These Outside Director compensation arrangements are expected to remain unchanged for fiscal 2007. In fiscal 2006, we created a Special Options Committee on which two Outside Directors served. Each Outside Director received \$15,000 for each month of service on this committee. In addition, we created a Special Litigation Committee in fiscal 2007 on which two Outside Directors serve. Each Outside Director currently receives \$15,000 for each month of service on this committee until February 2007. Our Compensation Committee has recommended that the Board determine compensation for service on the Special Litigation Committee after February 2007. The Compensation Committee also recommended that the lead independent director receive an additional \$24,000 per year for service in fiscal 2007.

In June 2002, the Board of Directors approved the establishment of the Sanmina-SCI Deferred Compensation Plan for Outside Directors, which provides eligible directors an opportunity to defer payment of all or part of their compensation payable to them for acting as our directors. The directors are also reimbursed for travel and related expenses incurred by them in attending board and committee meetings.

Our Compensation Committee has recommended to our Board of Directors that, upon first becoming a director, each new Outside Director would be eligible for a stock option grant to purchase 10,000 shares of Common Stock at the fair market value of the company's stock on the date of grant and a restricted stock unit of 20,000 shares of Common Stock under our 1999 Stock Option Plan (pro rated for the remainder of the fiscal year). In addition, our Compensation Committee has recommended to our Board of Directors that each continuing Outside Director receive (provided that such Outside Director has been a director for at least four months prior to such grant) an annual stock option grant to purchase 10,000 shares of Common Stock at the fair market value of the company's stock on the date of grant and a restricted stock unit of 20,000 shares of Common Stock under our 1999 Stock Option Plan.

Required Vote

In December 2006, our Board of Directors approved an amendment to Sanmina-SCI's Amended and Restated Bylaws to require directors to be elected by the majority of the votes cast with respect to such director in uncontested elections. In a contested election (a situation in which the number of nominees exceeds the number of directors to be elected), the standard for election of directors will be a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors. In addition, any director who fails to be elected must offer to tender his or her resignation to the Board. The Nominating and Governance Committee will then make a recommendation to the Board whether to accept or reject the resignation, or whether other action should be taken. The Board of Directors will act on the Nominating and Governance Committee's recommendation and publicly disclose its decision. The director who tenders his or her resignation will not participate in the Board's decision. In 2007, all nominees for the election of directors are currently serving on the Board.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE NOMINEES TO THE BOARD LISTED ABOVE.

In the event of a negative vote, the Board of Directors will reconsider its selection. Audit Committee Pre-approval Policy with respect to Audit and Permissible Non-Audit Services

All audit and non-audit services provided by our independent registered public accounting firm require prior approval of the Audit Committee, with limited exceptions as permitted by the Securities and Exchange Commission's Rule 2-01 of Regulation S-X. Our management periodically reports to the Audit Committee services for which the independent registered public accountants have been engaged and the aggregate fees incurred and to be incurred. During fiscal 2006, all services provided by independent registered public accounting firm were pre-approved by the Audit Committee in accordance with this policy.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE RATIFICATION OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING SEPTEMBER 29, 2007.

Report of the Audit Committee of the Board of Directors

The principal purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the company's financial reporting process. The Audit Committee's purpose is more fully described in its charter, which the Audit Committee reviews on an annual basis (this charter may be viewed on the internet at www.shareholder.com/sanm/governance.cfm) and is attached as Appendix A hereto. Under this charter, the Audit Committee consists of at least three directors, all of whom must qualify as independent directors under the rules of the Nasdaq Stock Market and must also satisfy additional independence requirements applicable to members of audit committees. The Audit Committee currently consists of directors Neil Bonke, Alain Couder and Peter Simone.

The Audit Committee recommends to the Board of Directors, subject to stockholder ratifications, the selection of KPMG as our independent registered public accountants for fiscal year 2007.

Management is responsible for the internal controls and the financial reporting process. KPMG, our independent registered public accountants, is responsible for performing an independent audit of our financial statements in accordance with generally accepted auditing standards and expressing an opinion on the conformity of those audited financial statements in accordance with generally accepted accounting principles. Our independent registered public accountants are also responsible for performing an audit in accordance with the standards of the Public Company Accounting Oversight Board (United States), on the effectiveness of the company's internal control over financial reporting as of September 30, 2006. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee has reviewed the audited financial statements for fiscal 2006 and has met and held discussions with management regarding the audited financial statements and internal controls over financial reporting. Management has represented to the Audit Committee that our financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee discussed with KPMG the overall scope and plans for their respective audits. The Audit Committee met with KPMG, with and without management present to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

The Audit Committee reviewed with KPMG their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee by Statement on Auditing Standards No. 61 – Communication with Audit Committees. KPMG also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 – Independence Discussions with Audit Committees. The Audit Committee has also discussed with KPMG the firm’s independence. In addition, the Audit Committee has considered whether the non-audit services provided by KPMG are compatible with maintaining KPMG’s independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended September 30, 2006 for filing with the Securities and Exchange Commission. The Audit Committee has also approved, subject to stockholder ratification, the selection of KPMG as our independent registered public accountants for the fiscal year ending September 29, 2007.

Respectfully submitted,

The Audit Committee of the Sanmina-SCI

Corporation Board of Directors

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors is charged with the responsibility of reviewing all aspects of our compensation programs for officers and directors and administering our stock plans. During fiscal 2006, the Committee was comprised of Wayne Shortridge, who currently serves as chairman of the Committee, Neil Bonke, who served as chairman of the Committee during fiscal 2006, and Jacquelyn Ward. The Committee meets regularly at the beginning of each fiscal year to establish target base compensation levels for our officers, to establish incentive compensation levels and equity awards and to approve bonuses for the previous fiscal year. The Committee has developed a quarterly meeting calendar to ensure that all aspects of the Committee's charter receive thorough review and consideration. In establishing target compensation levels and in formulating and evaluating our compensation programs, the Committee has engaged an independent external executive compensation consulting firm to assist the Committee in its decision-making process.

Compensation Philosophy

Our executive compensation policies are designed to attract and retain qualified executives who will contribute both to our long-term success and to our short-term performance, and to reward officers for achieving our financial goals. The Committee believes that strong financial performance, on a consistent, predictable basis, is the most certain avenue through which we can positively affect long-term stockholder return and has designed executive compensation programs that reward the management team for strong financial achievement with the objective of having total executive rewards correlate with our success.

The Committee undertakes an annual study of competitive compensation practices for each of our executive officer positions. The study examines competitive market practices for base salary, target and actual cash incentives and equity awards. The Committee examines the short and long term pay practices of three competitive markets: (1) global, diversified electronics manufacturing services, or EMS, companies (such as Celestica, Flextronics, Jabil, Solectron and Plexus), (2) high technology manufacturing companies of comparable size and (3) durable goods manufacturing companies of comparable size. The Committee utilizes competitive data in addition to its assessment of individual and company performance in evaluating our compensation programs.

Base Salary

As part of the Committee's annual review of competitive compensation practices, the Committee examines the competitive positioning of base salary for each executive officer. In a study conducted in July 2006, the Committee found that base salaries of executive officers were, on average, between the 25th percentile and median of salary levels for similar positions in comparable companies. The Committee considers the following factors in determining appropriate base salary levels for individual executive officers:

- company performance
- division/function performance
- input from the Chief Executive Officer regarding each executive's performance and potential (except for review of the Chief Executive Officer)
- input from non-management members of the Board of Directors regarding each executive's performance and potential
- changes in individual roles and responsibilities, and
- competitive compensation data, including salary, bonuses and equity grants.

In October 2005, the Committee reviewed each individual on the basis of the factors listed above and decided that no salary increases would be awarded at that time for fiscal 2006. In October 2006, the Committee reviewed each of the executive officers' base salary levels and awarded executive officers average salary increases of 12.5% for fiscal 2007.

Bonuses

For fiscal 2006, the Committee granted executive officers cash bonus opportunities under the Sanmina-SCI Short-Term Incentive Plan. The plan provides executive officers the opportunity to earn a bonus based on company and individual performance through fiscal 2006, except for the Chief Executive Officer, whose awards are based completely on the company's financial performance.

In fiscal 2006, Sanmina-SCI's performance for purposes of the Sanmina-SCI Short-Term Incentive Plan was measured by revenue and operating margin on a non-GAAP basis. The non-GAAP operating margin excludes charges or gains relating to: restructuring costs (including employee severance and benefits costs and charges related to excess facilities and assets), integration costs (consisting of costs associated with the integration of acquired businesses into our operations), impairment charges for goodwill and intangible assets, extraordinary gains or losses, stock-based compensation expense non-cash interest and amortization expense and other infrequent or unusual items, to the extent material, which we consider to be of a non-operational nature in the applicable period. Performance targets were set by the Committee early in the fiscal year. In order for any bonus to be paid for company performance, revenue had to meet or exceed \$10 billion and operating margin had to exceed 2%. Once the threshold performance measures were achieved, each executive officer's award amount for company performance was determined by a matrix. The Committee then had discretion to increase or decrease the awards determined by the matrix as it believed was appropriate. Under the plan, executive officers earned awards totaling \$427,081.

For fiscal 2007, the Committee decided to grant executive officers award opportunities under the Sanmina-SCI Fiscal 2007 Short-Term Incentive Plan. Executive officers will earn awards based on company and individual performance, except for the Chief Executive Officer whose award will be determined solely on the basis of company performance. Company performance will be measured based on actual revenue and non-GAAP operating margin results. Performance targets were set by the Committee early in the fiscal year. In order for any bonus to be paid for company performance, revenue, adjusted for certain facts, must meet or exceed \$7.1 billion and operating margin must exceed 2% for specified operations. Once the threshold performance measures are achieved, each executive officer's award amount for company performance is determined by a matrix. The Committee then has discretion to increase or decrease the awards determined by the matrix as it believes is appropriate.

Equity Incentive Compensation

Our 1999 Stock Plan provides for long-term incentive compensation for our employees, including our executive officers. The Committee believes that equity incentives are a valuable tool in motivating and retaining executive talent, and that awards should be structured to appropriately align the interests of management and shareholders.

For fiscal 2006, the Committee considered changes to the equity incentive program in light of accounting changes imposed by Financial Accounting Standard 123R. After thorough review, the Committee decided to award two forms of equity awards to executive officers: (1) stock options and (2) performance restricted shares. Awards of performance restricted shares were through restricted stock units, such that the awards would not convert into outstanding shares with voting rights until such time as the performance restricted share awards have become vested. The vesting conditions for these awards are described below. Stock option grants were also granted with a strike price equal to the market value of the

stock on the date of grant, a 5-year vesting schedule and a 10-year term. For fiscal 2006, the Committee granted officers the same number of stock options and performance shares (except for the Chief Executive Officer who did not receive any stock options). Our total equity compensation burn rate (total equity awards granted, less awards cancelled or forfeited, divided by total shares outstanding) for 2006 was 0.60% of total shares outstanding. This amount is less than half of the average annual total equity compensation burn rate of 1.8% among peer companies in the EMS industry.

The performance share awards allow officers to earn awards of full-value shares at the end of each year over a three year period if significant performance requirements are met. For each grant, officers have the opportunity to earn 25% of the shares at the end of year one, 35% of the shares at the end of year two and 40% of the shares at the end of year three upon the satisfaction of the performance requirements. In order for an officer to earn an award, the performance requirement must be met. If the performance requirement is not met in any year, no shares will vest for that year. The Committee has set non-GAAP earnings per share, or EPS, performance requirements that are above our company's current 5-year plan and believes that these performance requirements represent stretch goals for the company. For fiscal 2006, the performance requirement was not met and therefore the executive officers did not earn any shares for this period.

For fiscal 2007, the Committee determined that restricted stock units provided the best equity incentive vehicle and approximately 3,078,000 restricted stock units were granted to approximately 57 employees, including 690,000 restricted stock units granted to our executive officers (not including the award to our Chief Executive Officer as described below). Restricted stock units were granted with a 3-year vesting schedule subject to the holder's continued employment with the company. The Committee also granted stock options to purchase 150,000 shares to an officer of the company.

Other Benefits

In addition to the cash and equity compensation discussed above, Sanmina-SCI provides executives with a modest package of additional benefits that includes:

- health insurance
- life insurance
- vehicle allowance
- participation in the company's 401(k) plan (including any matching contributions on the same terms as other participating employees); and
- participation in an executive deferred compensation plan that permits executives to defer receipt of part or all of their base salary and bonus to a future date.

Sanmina-SCI does not generally provide executive officers with additional perquisites that have been utilized by many companies as under-reported or un-reported additional compensation, such as:

- executive contracts
- golden parachute severance arrangements
- personal use of corporate assets
- executive pension plans (SERPs)
- company-funded deferred compensation programs; or
- company-funded housing (except on a temporary basis in cases of relocation).

Chief Executive Officer Compensation

At the beginning of fiscal 2006, the Committee reviewed the salary of Jure Sola, our Chief Executive Officer. In connection with this review, the Committee determined that the Chief Executive Officer's base salary of \$750,000 was reasonably positioned in the competitive range of the market. Based on this competitive analysis, and the Chief Executive Officer's recommendation that no increase be awarded because the company's performance for 2006 had not met investor expectations and because the stock price had declined over the course of the year, the Committee approved that no salary increase be awarded to the Chief Executive Officer for fiscal 2006. At the beginning of fiscal 2007, the Committee again reviewed the salary of the Chief Executive Officer. Based on this competitive analysis, the Committee approved an increase of the Chief Executive Officer's salary from \$750,000 to \$800,000, an increase of 6.66%, for fiscal 2007.

Under the Sanmina-SCI Short-Term Incentive Plan described above, our Chief Executive Officer had the opportunity to earn a bonus for fiscal 2006 based on a combination of revenue performance and non-GAAP operating margin. According to the performance matrix in the plan document, the company's performance for fiscal 2006 would have resulted in a bonus for the Chief Executive Officer of 50% of base salary, or \$375,000. However, based on results of the company's performance for fiscal 2006, the Chief Executive Officer recommended that he not be awarded a bonus for 2006. For 2007, the Chief Executive Officer will have the opportunity to earn a bonus based on revenue and operating margin performance as described above. The Committee retains the discretion to reduce any award under the plan if it determines such adjustment is appropriate.

For fiscal 2006, subsequent to its review of equity incentive design alternatives, the Committee decided that the Chief Executive Officer would receive an award consisting of 600,000 performance restricted shares and would not receive any stock options or time-based vesting restricted shares as part of his long-term incentive arrangement. The performance shares vest over three years as described above, provided that the performance requirements are met. If the performance requirements are not met in a given year, that portion of the award is cancelled (subject, however, to the Committee's discretion to award the shares related to stock price performance to the Chief Executive Officer if the Committee determines that extenuating facts or circumstances merit such action). The company did not meet the performance requirements for fiscal 2006 and therefore the portion of the award for fiscal 2006 was canceled in accordance with the award.

In January 2007, the Committee approved a restricted stock award for the Chief Executive Officer that will be earned only if the company achieves certain performance targets as reflected by increases in the company's common stock price. The shares will be issued pursuant to the company's 1999 Stock Plan and will be released to the Chief Executive Officer only if the 20 trading-day average closing price of the company's common stock reaches several performance hurdles as follows: 80,000 shares will be released if the average closing price equals or exceeds \$9.00; an additional 160,000 shares will be released if the average closing price equals or exceeds \$11.00; an additional 360,000 shares will be released if the average closing price equals or exceeds \$13.00; and an additional 400,000 shares will be released if the average closing price equals or exceeds \$15.00. The award expires on December 31, 2009, and any shares that have not been released to the Chief Executive Officer by such time will be returned to the company's stock pool. At this time, the Committee does not contemplate approving a similar award to the Chief Executive Officer prior to December 31, 2009, subject to its discretion upon a material change in circumstances. The Committee believes this grant of performance restricted shares provides the best link between the Chief Executive Officer's long-term compensation, the company's performance and the value created for stockholders.

In addition to the cash and stock compensation described above, the Chief Executive Officer receives a modest package of additional benefits, including the right to participate in the company's

401(k) retirement plan, life insurance, health insurance and a vehicle allowance. The total value of these benefits in fiscal 2006 was approximately \$61,486. The Committee will continue to offer these benefits to Mr. Sola in his role as the Chief Executive Officer.

Contingent Compensation

As discussed previously, Sanmina-SCI does not provide the Chief Executive Officer with an employment contract or severance agreement. As a result, we are under no contractual obligation to make additional payments to the Chief Executive Officer in the event of a change in control of the company, or in the event of the Chief Executive Officer's separation from us.

Policy Regarding Tax Deduction for Compensation Under Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code (IRC) limits our tax deduction to \$1 million for compensation paid to certain executive officers named in the proxy unless the compensation is performance based. Bonus payments made pursuant to our Sanmina-SCI Short-Term Incentive Plan for fiscal 2006 met the performance criteria of IRC Section 162(m). The Committee's present intention is to comply with the requirements of IRC Section 162(m), unless the Committee determines that it is in our interests to do otherwise.

Respectfully submitted,
The Compensation Committee of the
Sanmina-SCI Corporation Board of Directors
Wayne Shortridge, *Chairman*

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Certificate of Incorporation, as amended, provides that the personal liability of directors for monetary damages arising from a breach of their fiduciary duties in certain circumstances shall be eliminated to the fullest extent permitted by Delaware law. The Certificate of Incorporation, as amended, also authorizes us to indemnify directors and officers to the fullest extent permitted by Delaware law. We have entered into indemnification agreements with some of our officers and directors providing such indemnification. The indemnification agreements may require us, among other things, to indemnify such officers and directors against certain liabilities that may arise by reason of their status or service as directors or officers (other than liabilities arising from willful misconduct of a culpable nature), to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified, and to obtain directors' and officers' insurance.

In November 2005, we entered into a severance agreement with Randy W. Furr, our former President and Chief Operating Officer. Under this agreement, we agreed to provide severance compensation to Mr. Furr in an amount equal to his annual salary at the time of termination. The severance compensation will be paid over a period of 36 months. In exchange for these payments, Mr. Furr has entered into a covenant not to compete with us and a covenant not to solicit our employees for employment. Mr. Furr's stock option vesting ceased as of the termination of his employment; however, he will have the right to exercise vested, unexpired options during the severance term. These covenants will be in effect throughout the severance compensation term. Mr. Furr also agreed to forfeit his restricted stock award (see Executive Compensation table on page 16).

During fiscal 2006, Mario M. Rosati, a nominee for election to our Board of Directors, and Christopher D. Mitchell, our former Secretary, were also members of the law firm of Wilson Sonsini Goodrich & Rosati, Professional Corporation, Palo Alto, California (WSGR). We retained WSGR as our legal counsel during the fiscal year. The legal fees paid to WSGR were less than 5% of WSGR's total gross revenues for its last completed fiscal year. We have retained WSGR as our legal counsel during fiscal 2007.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of the Board of Directors, our executive officers and persons who hold more than 10% of our outstanding Common Stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934 which require them to file reports with respect to their ownership of the Common Stock and their transactions in such Common Stock. Based upon (i) the copies of Section 16(a) reports which we received from such persons for their fiscal 2006 fiscal year transactions in the Common Stock and their Common Stock holdings, and (ii) the written representations received from one or more of such persons that no annual Form 5 reports were required to be filed by them for fiscal 2006. We believe that all reporting requirements under Section 16(a) for such fiscal year were met in a timely manner by our directors, executive officers and greater than 10% beneficial owners with the following exceptions:

1. Mr. Todd Schull's Form 3 for an individual statement of beneficial ownership of our securities and three Forms 4 with respect to five transactions, were not filed on a timely basis. A Form 3 was filed on January 29, 2007 and a Form 4 was filed on January 26, 2007.

CORPORATE GOVERNANCE

Sanmina-SCI has long upheld a set of basic beliefs to guide its actions. Among those beliefs is the responsibility to conduct business with the highest standards of ethical behavior when relating to customers, suppliers, employees and investors. Accordingly, we have implemented governance policies and practices which we believe meet or exceed the standards defined in recently enacted legislation and in the rules adopted by the Nasdaq Stock Market, the principal trading market for our Common Stock. Our principal corporate governance documents, including amendments recently approved by our Board of Directors, are summarized below. Stockholders are encouraged to refer to the corporate governance section of our website at <http://www.shareholder.com/sanm/governance.cfm>. Copies of our corporate governance guidelines and the charters for our audit, compensation and nominating and governance committees are available at this internet address.

Corporate Governance Guidelines

- Sanmina-SCI has adopted a set of Corporate Governance Guidelines that are intended to serve, among other things, as a charter for the full Board of Directors. These guidelines contain various provisions relating to the operation of the Board of Directors and set forth the Board's policies regarding various matters. These guidelines meet the standards defined by the Securities and Exchange Commission, or SEC, and the Nasdaq Stock Market, including specifications for director qualification and responsibility.
- In the first quarter of fiscal 2007, our Board of Directors adopted an amendment to our Corporate Governance Guidelines to provide for the appointment of a lead independent director. Our Board of Directors also adopted a charter of the lead independent director and appointed Wayne Shortridge to serve as our lead independent director. The duties of the lead independent director include functioning as a liaison with the Chairman, assisting committee chairs, presiding at executive sessions and recommending outside advisors and consultants.

Independent Directors

- A majority of our Board members are independent of our company and its management as defined by the SEC and the Nasdaq Stock Market.
- The non-management directors regularly meet in executive session, without members of management, as part of the normal agenda of our regularly scheduled Board meetings. Our lead independent director chairs these private sessions of the non-management members of the Board.

Nominating and Governance Committee

- The Nominating and Governance Committee has adopted a charter that meets SEC and Nasdaq Stock Market standards.
- Nominating and Governance Committee members all qualify as independent directors under the requirements of the Nasdaq Stock Market.
- Review of management succession plans is the responsibility of the Nominating and Governance Committee as defined by the charter of the Nominating and Governance Committee.

Compensation Committee

- The Compensation Committee meets the applicable tests for independence as defined by SEC, Nasdaq Stock Market and Internal Revenue Service rules.

- The Compensation Committee has adopted a charter that meets SEC and Nasdaq Stock Market standards.
- All matters relating to compensation of executive officers, including our Chief Executive Officer, are subject to review and approval by the Compensation Committee. These include base salaries as well as short-and long-term incentive compensation plans, including management bonus programs and equity compensation plans. Incentive compensation plans are reviewed and approved by the Compensation Committee as part of its charter.
- Director compensation guidelines are reviewed by the Compensation Committee which then makes recommendations to the full Board of Directors.

Audit Committee

- The Audit Committee has established policies that are consistent with recent regulatory reforms related to auditor independence.
- The members of the Audit Committee all meet the applicable tests for independence from our company and our management and meet all applicable requirements for financial literacy.
- The chair of the Audit Committee has the requisite financial management expertise.
- KPMG LLP, our independent registered public accountants, report directly to the Audit Committee.
- The internal audit function of the company reports its status and findings directly to the Audit Committee.
- Our Audit Committee generally meets two times per quarter, once to review the corporation's results of operations for the immediately preceding fiscal quarter and once to review other matters requiring the attention of the committee.

Shareholder Approval of Equity Compensation Plans and other Equity Plan Related Matters

- The company requires shareholder approval of all equity compensation plans.
- Our Board of Directors has also amended our stock option plans to eliminate promissory notes as a permissible form of consideration for stock option exercises which the plan administrator (typically the Compensation Committee of our Board of Directors) could authorize. In this regard, our Compensation Committee and our Board of Directors never actually authorized any stock option exercises using promissory notes as consideration.

Bylaws

- In the first quarter of fiscal 2007, our Board of Directors approved an amendment to Sanmina-SCI's Amended and Restated Bylaws to require directors to be elected by the majority of the votes cast with respect to such director in uncontested elections. In a contested election (a situation in which the number of nominees exceeds the number of directors to be elected), the standard for election of directors will be a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors. In addition, any director who fails to be elected must offer to tender his or her resignation to the Board. The Nominating and Governance Committee will then make a recommendation to the Board whether to accept or reject the resignation, or whether other action should be taken. The Board of Directors will act on the Nominating and Governance Committee's recommendation and publicly disclose its decision. The director who tenders his or her resignation will not participate in the Board's decision.

Director Continuing Education Programs

- We support the attendance of our directors at director education programs, which are typically focused on issues and current trends affecting directors of publicly held companies. These programs are typically provided by educational institutions, including universities, as well as by providers of continuing educational services for professionals. We reimburse our directors for tuition and expenses associated with attending these programs. During calendar year 2006, our director, Jacquelyn Ward attended a director education program.

Code of Business Conduct and Ethics

- Sanmina-SCI has adopted a Code of Business Conduct and Ethics that includes a conflict of interest policy and applies to all directors, officers and management employees.
- All executive officers and management employees are trained in the Code of Business Conduct and Ethics as part of new-employee orientation, and all are required to affirm in writing their acceptance of the code.
- All executive officers and management employees are required to annually reaffirm in writing their acceptance of the Code of Business Conduct and Ethics.
- An ethics hot line (voicemail and email) is available to all employees, customers and suppliers to enable confidential and anonymous reporting of questionable practices, including if appropriate under the circumstances, reporting directly to the Audit Committee and the Nominating and Governance Committee.

Personal Loans to Executive Officers and Directors

- The company has, consistent with the requirements of the Sarbanes-Oxley Act of 2002, adopted a policy prohibiting personal loans or extension of credit to any executive officer or director.

OTHER MATTERS

We know of no other matters to be submitted to the meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the accompanying form of proxy to vote the shares they represent as the Board of Directors may recommend.

WE WILL MAIL WITHOUT CHARGE TO ANY STOCKHOLDER UPON WRITTEN REQUEST A COPY OF OUR ANNUAL REPORT ON FORM 10-K, INCLUDING THE FINANCIAL STATEMENTS, SCHEDULES AND A LIST OF EXHIBITS. REQUESTS SHOULD BE SENT TO INVESTOR RELATIONS, SANMINA-SCI CORPORATION, 2700 NORTH FIRST STREET, SAN JOSE, CALIFORNIA 95134.
