Section 8 Other Events

Item 8.01 Other Events.

On July 18, 2008, Hexcel completed the sale of its 40.5% share in BHA Composites Parts Co. Ltd (BHA) for \$22.3 million to the Boeing Company. Boeing now holds a majority position in BHA, with China's Aviation Industry Corporation I (AVIC) holding the remaining minority stake.

BHA, which is located in Tianjin, China, specializes in producing composite secondary structures and interior parts for the aerospace industry. Concurrently, the existing supply and material procurement agreements among BHA, Hexcel and Boeing are affirmed and reflect continued long-term work commitments by Boeing that will ensure Hexcel assembly of BHA components for Boeing as well as the supply of Hexcel materials to BHA.

Hexcel's after-tax gain resulting from the sale is approximately \$12 million, or \$0.12 per diluted share, and will be recorded in the third quarter. As part of the transaction, Hexcel was released from its obligation to reimburse Boeing and AVIC for a certain portion of any payments Boeing and AVIC might have to make as a result of guarantees given by Boeing and AVIC with respect to a third-party bank loan to BHA.

Hexcel issued a press release regarding this matter, which is included as Exhibit 99.1 hereto and is incorporated by reference to this Form 8-K.
