Item 2.01 Completion of Acquisition or Disposition of Assets.

Forest Oil Corporation, a New York corporation (the Company) and Forest Oil Permian Corporation, a Delaware corporation and wholly-owned subsidiary of Forest (Forest Permian and together with the Company, the Sellers), announced the completion on December 21, 2009, of their previously announced sale of oil and gas properties located in the states of Texas and New Mexico (the Oil and Gas Assets) and various other related interests, rights, receivables, wells and leasehold interests, records, fixtures, equipment, and other assets (together with the Oil and Gas Assets, the Assets) to SandRidge Exploration and Production, LLC (Buyer), a wholly-owned subsidiary of SandRidge Energy, Inc. No material relationship exists between Buyer, on the one hand, and the Company or any of its affiliates, officers or directors (or any associate of such officers or directors), on the other hand.

The total consideration received by the Sellers for the Assets was approximately \$800 million in cash. The consideration was adjusted to reflect an effective date of November 1, 2009, and remains subject to adjustment in accordance with the terms of the agreement governing the sale of Assets. See Item 9.01(b) below for pro forma financial information related to the sale of the Assets.

In connection with the closing of the Assets sale, the global borrowing base under the Company's combined U.S. and Canadian senior credit facilities (the Senior Credit Facilities) has been reduced to \$1.3 billion (to be allocated \$1.155 billion for the U.S. credit facility and \$145 million for the Canadian credit facility). The Company has no current outstanding balances under the Senior Credit Facilities.

Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

The Company has also announced that it is redeeming all of the \$150,000,000 principal amount outstanding of its 7¾% Senior Notes due 2014 (the Notes). The redemption will occur on January 27, 2010 (the Redemption Date) and will be undertaken in accordance with Section 3.03 of the indenture dated as of April 25, 2002, governing the Notes (the Indenture) and Section 5 of the Notes. The Company will pay 101.292% of the principal amount of, plus accrued and unpaid interest on, the Notes up to (but not including) the Redemption Date, for an aggregate redemption price of \$154,715,083.33 in cash. In accordance with Section 3.03 of the Indenture, notice of the proposed redemption will be given by the Trustee (as defined in the Indenture) to the holders of the Notes at least 30 days but not more than 60 days prior to the Redemption Date.
