Dear Stockholder:

On behalf of the Board of Directors, I cordially invite you to attend the special meeting of stockholders of Inland Western Retail Real Estate Trust, Inc. The meeting will be held on _____, 2011 at 10:00 a.m. Central Time, at our principal executive offices located at 2901 Butterfield Road, Oak Brook, Illinois 60523. I hope you will attend.

At this meeting, you are being asked to approve an amendment and restatement of our charter that is to become effective in connection with, or shortly prior to, the expected initial listing of our existing common stock on a national securities exchange. We currently intend to pursue the initial listing of our existing common stock within the next 12 months and are evaluating a concurrent offering in connection with the listing. The amendment and restatement of our charter is primarily intended to accomplish two objectives in connection with the listing of our existing common stock: (1) to permit us to implement a phased-in liquidity program in connection with the listing of our existing common stock and (2) to more closely align our charter to those of our peers with publicly listed securities. Each of these objectives is described briefly below and in more detail in the attached proxy statement.

The Board of Directors unanimously recommends that the stockholders vote for the approval of the amendment and restatement of our charter.

The amendment and restatement of our charter will permit us to implement a phased-in liquidity program in connection with the listing of our existing common stock. We have a large company with a substantial number of shares outstanding. If we conduct a listing without a phased-in liquidity program, all of our shares of common stock would become listed at the same time and, therefore, could be put up for sale in the public market. This could result in concentrated sales of our common stock in a short period of time immediately following our listing. Concentrated sales will likely reduce the trading price of our common stock. The potential for concentrated sales of our outstanding common stock could also make our shares less attractive to institutional and other investors in any potential concurrent offering in connection with our listing and reduce demand to buy stock and/or reduce the price investors are willing to pay. A phased-in liquidity program directly addresses this potential risk, and therefore increases the likelihood of a successful listing. As a result, we currently anticipate that we will implement a phased-in liquidity program in connection with the listing of our existing common stock that will provide for the immediate listing of 25% of our existing shares of common stock and the listing of an additional 25% of our existing shares of common stock on each of the six-month, 12-month and 18-month anniversaries of our initial listing. The attached proxy statement includes more detail regarding the structure of the phased-in liquidity program that we currently anticipate we will implement if you approve the proposal described in the accompanying proxy statement. You should note,

Edgar Filing: INLAND WESTERN RETAIL REAL ESTATE TRUST INC - Form PRE 14A

however, that the amendment and restatement of our charter will provide the Board of Directors with the flexibility to implement a phased-in liquidity program in a different manner without additional stockholder approval, and we cannot assure you that the method described in the accompanying proxy statement will be utilized.

Please note that, although the phased-in liquidity program is expected to impact the number and classification of your shares, it will have no effect on your proportional ownership interest, your voting rights, your right to receive dividends, the total amount of your dividends or your rights upon liquidation.

The amendment and restatement of our charter will also more closely align our charter to those of our peers with publicly listed securities. Currently, our charter includes a number of provisions and restrictions that have been required by state securities administrators in order for us to publicly offer our stock without having it listed on a national securities

exchange. Once our existing common stock is listed on a national securities exchange, these provisions and restrictions will no longer be required and, in some cases, if retained, would place restrictions on our activities that could put us at a competitive disadvantage compared to our peers with listed securities.

Please also note that, as we currently intend to pursue the initial listing of our existing common stock on a national securities exchange within the next 12 months, we are not planning to publish an estimated annual statement of value of our common stock as of December 31, 2010. Once we have listed, stockholders will be able to value their shares of stock by reference to the market trading prices, and an estimated annual statement of value will be unnecessary. If the listing of our existing common stock does not proceed as expected, we expect that we would resume our practice of providing an estimated annual statement of value.

The accompanying notice of the special meeting of stockholders and the proxy statement contain a description of the formal business to be acted upon by the stockholders. At this meeting, you will be entitled to vote on an amendment and restatement of our charter and a proposal to permit the Board of Directors to adjourn the special meeting, if necessary. I encourage you to read the accompanying materials carefully. Our directors and officers will be available at the meeting to answer any questions you may have.

It is important that your shares be represented at the meeting regardless of the size of your holdings. **ACCORDINGLY, WHETHER OR NOT YOU INTEND TO BE PRESENT AT THE MEETING IN PERSON, I URGE YOU TO AUTHORIZE YOUR PROXY AS SOON AS POSSIBLE.** You may do this by completing, signing and dating the enclosed proxy card and returning it promptly in the postage pre-paid envelope provided. To make this information easier to understand, we have presented some of the information below in a question and answer format. These questions and answers may not address all questions that may be important to you as a stockholder of the Company. Please refer to the more detailed information contained elsewhere in this proxy statement and the exhibit to this proxy statement. See also, [Where Can I Find More Information About the Company?](#)

Q. When and where is the Special Meeting?

A. The Special Meeting will be held on _____, 2011 at 10:00 a.m. Central Time at 2901 Butterfield Road, Oak Brook, Illinois 60523.

Q. Why did you send me this proxy statement?

A. We sent you this proxy statement and the proxy card on behalf of our Board which is soliciting a proxy from you to vote your shares at the Special Meeting. This proxy statement contains information we are required to provide to you and is designed to assist you in voting your shares.

Q. Who is entitled to vote?

A. On or about _____, 2010, we began mailing the proxy materials to all stockholders of record as of the close of business on _____, 2010, the record date fixed by our Board for determining the holders of record of our common stock, \$.001 par value per share, entitled to notice of and to vote at the Special Meeting.

Q. How many votes do I have?

A. Each of the outstanding shares of our common stock, as of the close of business on the record date, is entitled to one vote on all matters to be voted upon at the Special Meeting. On the record date, there were _____ shares of common stock issued and outstanding.

Q. What am I voting on?

Edgar Filing: INLAND WESTERN RETAIL REAL ESTATE TRUST INC - Form PRE 14A

A. At the Special Meeting, we will be asking you to consider and vote upon:

- a proposal to approve an amendment and restatement of our charter; and
- a proposal to permit our Board to adjourn the Special Meeting, if necessary, to solicit additional proxies in favor of the foregoing proposal if there are not sufficient votes for the proposal.

Q. What are our Board's recommendations?

A. Our Board unanimously recommends a vote:

- **FOR** the proposal to approve an amendment and restatement of our charter; and
- **FOR** the proposal to permit our Board to adjourn the Special Meeting, if necessary, to solicit additional proxies in favor of the foregoing proposal if there are not sufficient votes for the proposal.

Q. Why are we seeking approval of an amendment and restatement of our charter?

A. We currently intend to pursue the initial listing of our existing common stock within the next 12 months and are evaluating a concurrent offering in connection with the listing. The amendment and restatement of our charter is primarily intended to accomplish the following two objectives in connection with the listing of our existing common stock.

- *Permit us to implement a phased-in liquidity program.* Concentrated sales of our common stock shortly following its listing on a national securities exchange would likely reduce the trading price of your common stock. The amendment and restatement of our charter would permit us to implement a phased-in liquidity program that would reduce the likelihood that these concentrated sales would occur. We would implement this program by issuing a stock dividend to you and our other stockholders as described in more detail below.

- *More closely align our charter to those of our peers with publicly listed securities.* We expect to accomplish this objective by removing current provisions and restrictions in our charter that were required by state securities administrators. These provisions will no longer be required after the listing and, in some cases, if retained, could put us at a competitive disadvantage compared to our peers with listed securities.

Q. Why are we pursuing an initial listing of our existing common stock at this time?

A. We currently intend to pursue the initial listing of our existing common stock within the next 12 months. We believe that an exchange listing will provide you with a much more liquid market for your shares of common stock. Currently, your options for liquidity are very limited as our share repurchase program is suspended and, even if it wasn't, in any 12-month period, we would only be able to repurchase up to 5% of the weighted average number of shares of our common stock outstanding during the prior calendar year. An exchange listing will make it much easier for potential investors to buy our common stock and will provide a much more transparent market, as all trades on the exchange will be reported. As a result, we believe that an exchange listing will provide you with a much more liquid market for your shares of common stock.

In addition to providing more liquidity to you for your shares, we believe that an exchange listing will better position the Company for future growth. In order to capitalize on future growth opportunities, we need to be able to access capital to fund our leasing efforts, potential acquisitions and to further reduce the amount of debt we carry on our balance sheet. We believe that one important step in increasing our access to equity capital will be the listing of our existing common stock on a national securities exchange.

Q. Why does the proposed amendment and restatement of our charter include provisions permitting us to implement a phased-in liquidity program?

A. With a listing, we believe that liquidity is one part of a two part equation. The other part is valuation. Both parts are important. We believe that it is in the best interests of our stockholders to have stable stock pricing in the short and long term. We cannot control market forces. However, we can attempt to structure the listing of our existing common stock to increase the likelihood of success for our stockholders. The fact is we have a large company with a substantial number of shares outstanding. As of November 1, 2010, there were approximately 486,345,479 shares of our common stock outstanding. If we conduct a listing without a phased-in liquidity program, all of our shares of common stock would become listed at the same time; and, therefore, could be put up for sale in the public market. This could result in concentrated sales of our common stock in a short period of time immediately following our listing. Concentrated sales will likely reduce the trading price of our common stock. The potential for concentrated sales of our outstanding common stock could also make our shares less attractive to institutional and other investors in any potential concurrent offering in connection with our listing and reduce demand to buy stock and/or reduce the price investors are willing to pay. A phased-in liquidity program directly addresses this potential risk; and therefore, increases the likelihood of a successful listing. With a phased-in liquidity program, we believe it is more likely that our shares will be able to become traded in the public market without causing any material disruption in stock pricing.

By approving the amendment and restatement of our charter, you will allow our Board to have flexibility to implement a phased-in liquidity program in connection with the listing of our existing common stock that will increase the likelihood of a successful listing.

Q. What is a phased-in liquidity program?

Edgar Filing: INLAND WESTERN RETAIL REAL ESTATE TRUST INC - Form PRE 14A

A. Generally, a phased-in liquidity program is a program by which stockholders' existing shares of common stock are listed on a national securities exchange over time as opposed to all at once in connection with an initial listing. For example, we currently anticipate that we will implement a phased-in liquidity program that will provide for the immediate listing of 25% of your existing shares of common stock and the listing of an additional 25% of your existing shares of common stock on each of the six-month, 12-month and 18-month anniversaries of our initial listing. You should note that, even with this phased-in liquidity program, the number of your shares and our other stockholders' shares that will be listed immediately will greatly exceed the maximum number of shares that we could have repurchased in a 12-month period under our share repurchase program if it wasn't suspended.

Q. How do we expect to implement a phased-in liquidity program?

A. We currently intend to implement a phased-in liquidity program by giving stock dividends to you and our other stockholders. At or shortly prior to the expected initial listing of our existing common stock, we currently expect to pay a dividend on each share of our existing common stock in the form of:

- one share of Class B-1 Common Stock;

- one share of Class B-2 Common Stock; and

- one share of Class B-3 Common Stock.

In connection with this stock dividend, we would redesignate our existing common stock as Class A Common Stock. The terms of our Class A Common Stock would remain unchanged, and this is the class of stock that we would list on a national securities exchange. The terms of the Class B-1 Common Stock, Class B-2 Common Stock and Class B-3 Common Stock would be identical in all respects to the Class A Common Stock, except that these classes of stock would not be listed on a national securities exchange and:

- the Class B-1 Common Stock would automatically convert into Class A Common Stock (that is exchange listed and publicly tradable) on the date that is six months after the initial listing of our Class A Common Stock;

- the Class B-2 Common Stock would automatically convert into Class A Common Stock (that is exchange listed and publicly tradable) on the date that is 12 months after the initial listing of our Class A Common Stock; and

- the Class B-3 Common Stock would automatically convert into Class A Common Stock (that is exchange listed and publicly tradable) on the date that is 18 months after the initial listing of our Class A Common Stock.

The net effect of this stock dividend would be to provide for phased-in liquidity over 18 months as your existing common stock is gradually converted into the Class A Common Stock that is listed on a national securities exchange and is publicly tradable. You should note that, if the amendment and restatement of our charter is approved, our Board will have flexibility to structure the phased-in liquidity program.

Q. Will the expected phased-in liquidity program affect my right to receive dividends?

A. No. The expected phased-in liquidity program will have *no effect* on your right to receive dividends or the total amount of your dividends. This phased-in liquidity program would treat all current stockholders the same so that your proportional ownership interest in the Company would remain the same and, therefore, your share of any dividends would remain the same. After the implementation of the expected phased-in liquidity program, each outstanding share of our Common Stock, whether Class A, Class B-1, Class B-2 or Class B-3, will be entitled to share equally in any dividend declared with respect to our Common Stock. As a result, any dividend that we pay to you will be divided equally among your then outstanding shares of Class A Common Stock, Class B-1 Common Stock, Class B-2 Common Stock and Class B-3 Common Stock. You will still be receiving the same aggregate dividend that you would have received if this phased-in liquidity program was not implemented, but, instead of receiving the full amount of the dividend on a single class of common stock, you will be receiving one-fourth of this amount on each of four classes of common stock.

Q. Will the expected phased-in liquidity program affect my rights as a stockholder?

A. No. Although the phased-in liquidity program is expected to impact the number and classification of your shares, it will have *no effect* on your proportional ownership interest in the Company, your voting rights, your right to receive dividends, the total amount of your dividends or your rights upon liquidation. All current stockholders would be treated the same so that your percentage of the Company would remain the same. The only substantive effect of the phased-in liquidity program will be to provide for a phased-in approach to your ability to sell your stock in the public market following the listing of our existing common stock.

Q. When will our Board set the terms of the phased-in liquidity program?

A. Our Board expects to set the terms of any phased-in liquidity program that is implemented in connection with, and shortly before, the expected initial listing of our existing common stock. Our Board will make this determination, following consultation with its advisors, based on what it believes will be in the best interests of our stockholders at the time. By providing flexibility to our Board, the amendment and restatement of our charter will allow our Board to react to market conditions as they exist shortly before our actual listing as opposed to locking in an approach now.

Q. How many shares of stock will I own after the implementation of the phased-in liquidity program?

A. The number of shares that you will own will depend on the type of phased-in liquidity program that we implement. As an example, assume that you currently own 100 shares of our common stock. The following diagrams illustrate what would occur if we implemented the phased-in liquidity program that we currently anticipate.

Phased-In Liquidity Program:

Shares Owned After Phased-In Liquidity Program:

Because the phased-in liquidity program will effect all holders of common stock in the same manner, it will have *no effect* on your proportional ownership interest in the Company. Please note that the foregoing is an illustrative example only, and the actual number and type of shares that you will own after implementation of the phased-in liquidity program will be based on the terms established by our Board at the time.

Q: Is the implementation of the phased-in liquidity program expected to be taxable to me for U.S. federal income tax purposes?

A. You will not recognize any gain or loss for U.S. federal income tax purposes as a result of the stock dividend pursuant to which we would issue shares of Class B Common Stock to you or the subsequent conversion of those shares of Class B Common Stock into Class A Common Stock that is listed on a national securities exchange. You should read Certain Material U.S. Federal Income Tax Considerations for a more complete discussion of certain material U.S. federal income tax consequences. Tax matters can be complicated, and the tax consequences of the expected phased-in liquidity program to you may depend on your particular tax situation.

Q. What is the purpose of the amendments to our charter other than those relating to the phased-in liquidity program?

A. The vast majority of the changes to our charter that we are proposing relate to the removal of provisions and restrictions currently contained in our charter that were required by state securities administrators in order for us to publicly offer our stock without having it listed on a national securities exchange. Once our existing common stock is listed on a national securities exchange, these provisions and restrictions will no longer be required and, in some cases, if retained, would place restrictions on our activities that could put us at a competitive disadvantage compared to our peers with listed securities.

Q. When do you expect the amendment and restatement of our charter to be effective?

A. If approved by our stockholders, the amendment and restatement of our charter will become effective upon the filing of the amendment and restatement of our charter with the Maryland State Department of Assessments and Taxation. We expect to file the proposed amendment and restatement of our charter in connection with, or shortly prior to, the expected initial listing of our existing common stock.

Q. Do you plan to suspend the publication of the estimated annual statement of value of our common stock while you are pursuing a potential listing?

A. As we currently intend to pursue the initial listing of our existing common stock on a national securities exchange within the next 12 months, we are not planning to publish an estimated annual statement of value of our common stock as of December 31, 2010. Once we have listed, stockholders will be able to value their shares of stock by reference to the market trading prices, and an estimated annual statement of value will be unnecessary. If the listing of our existing common stock does not proceed as expected, we expect that we would resume our practice of providing an estimated annual statement of value.

Q. Will my vote make a difference?

A. Yes. Your vote is needed to ensure that the proposals can be acted upon. It is important that your shares be represented at the Special Meeting regardless of the size of your holdings.

PLEASE VOTE YOUR SHARES BY AUTHORIZING YOUR PROXY BY TELEPHONE, VIA THE INTERNET OR BY COMPLETING, SIGNING AND DATING THE ACCOMPANYING PROXY CARD AND RETURNING IT IN THE ENCLOSED POSTAGE-PAID ENVELOPE WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING.

Q. What is the quorum for the Special Meeting?

A. Presence in person or by proxy at the Special Meeting of holders of 50% of our outstanding shares constitutes a quorum. The inspector of election appointed by us for the Special Meeting will determine whether or not a quorum is present. Abstentions and broker non-votes will count toward the presence of a quorum. A broker non-vote occurs when a nominee (such as a custodian or bank) holding shares for a beneficial owner returns a signed proxy but does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Q. What vote is required to approve each proposal assuming that a quorum is present at the Special Meeting?

A. The affirmative vote of a majority of the shares of our common stock issued and outstanding is required to approve the amendment and restatement of our charter. The affirmative vote of a majority of the votes cast is required to approve the proposal to permit our Board to adjourn the Special Meeting.

Q. How do I vote without attending the Special Meeting?

A. You may vote by completing, dating, signing and promptly returning the proxy card in the pre-addressed, postage-paid envelope provided with this proxy statement. You may also authorize a proxy to vote by telephone or via the Internet by following the procedures described in this proxy statement under *Instruction Guide for Authorizing Your Proxy* and your proxy card. Those stockholders of record authorizing a proxy to vote by telephone or via the Internet must do so no later than 11:59 p.m. Eastern Time, on _____, 2011.

Votes cast by proxy or in person at the Special Meeting will be tabulated by an inspector of election appointed for the Special Meeting. Each executed and timely returned proxy will be voted in accordance with the directions indicated on it. Except for broker non-votes, executed but unmarked proxies will be voted by the person(s) named thereon (i) FOR the approval of the amendment and restatement of our charter; (ii) FOR the proposal to permit our Board to adjourn the Special Meeting; and (iii) in the discretion of such person(s) upon such matters not presently known or determined that properly may come before the Special Meeting.

Q. May I revoke my proxy?

A. Yes. Each stockholder giving a proxy has the power to revoke it at any time before the shares it represents are voted by giving written notice of the revocation to our Secretary, by delivering a later-dated proxy (which automatically revokes the earlier proxy), by submitting a proxy again by telephone or via the Internet or by voting in person at the Special Meeting. Attendance at the Special Meeting will not, in itself, constitute revocation of a previously granted proxy.

Q. What is the effect of abstentions and broker non-votes?

A. Because the proposal to approve the amendment and restatement of our charter must be approved by a majority of the shares of our common stock issued and outstanding, abstentions and broker non-votes will have the effect of votes against this proposal. Abstentions and broker non-votes will have no effect on the outcome of the proposal to permit our Board to adjourn the Special Meeting and any other matter that may properly come before the Special Meeting. As described above, a broker non-vote occurs when a nominee (such as a custodian or bank) holding shares for a beneficial owner returns a signed proxy but does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Q. Who will solicit and pay the cost of soliciting proxies for the Special Meeting?

A. We will bear all expenses incurred in connection with the solicitation of proxies. Our officers, directors and employees may solicit proxies by mail, personal contact, letter, telephone, telegram, facsimile or other electronic means. They will not receive any additional compensation for those activities, but they may be reimbursed for their out-of-pocket expenses. In addition, we have hired Morrow & Co., LLC, an independent proxy solicitor, to solicit proxies on our Board's behalf, with respect to matters being voted upon at the Special Meeting. We expect that our proxy solicitor's fees for soliciting proxies on our behalf (inclusive of fees relating to contacting our stockholders and all other fees) will range from \$150,000 to \$300,000.

Q. Could other matters be decided at the Special Meeting?

A. As of this proxy statement, the above-referenced proposals are the only matters we are aware of that are to be acted upon at the Special Meeting. If any other matter should properly come before the Special Meeting, the persons appointed by you in your proxy will vote on those matters in accordance with the recommendation of our Board, or, in the absence of such a recommendation, in accordance with their discretion. The affirmative vote of a majority of the votes cast will be required for approval.

Q. If I plan to attend the Special Meeting in person, should I notify anyone?

A. While you are not required to notify anyone in order to attend the Special Meeting, if you do plan to attend the meeting, we would appreciate it if you would contact Dione K. McConnell at (630) 218-8000 or via email at McConnell@inland-western.com so that we will be able to prepare a suitable meeting room for the attendees.

Q. Who can help answer my questions?

A. Please contact our proxy solicitor, Morrow & Co., LLC at (800) 573-4804 if you have any questions about the Special Meeting or with respect to authorizing a proxy to vote your shares at the Special Meeting.

Q. Where can I find more information about the Company?

A. We file annual, quarterly and special reports, proxy statements and other information with the Securities and Exchange Commission, or SEC. You may read and copy any reports, statements or other information we file with the SEC at the SEC's Public Reference Room located at 100 F Street, N.E., Washington, D.C. 20549. You may also obtain copies of the documents at prescribed rates by writing to the Public Reference Section of the SEC at 100 F Street, N.E., Washington D.C. 20549. **PROPOSAL 1 APPROVAL OF THE SIXTH ARTICLES
OF AMENDMENT AND RESTATEMENT
OF INLAND WESTERN RETAIL REAL ESTATE TRUST, INC.**

We currently intend to pursue the initial listing of our existing common stock on a national securities exchange within the next 12 months and are evaluating a concurrent offering in connection with the listing. On November 16, 2010, our Board determined that the amendments to our charter contained in the Sixth Articles of Amendment and Restatement were advisable in connection with the listing of our existing common stock on a national securities exchange. Set forth below is a summary description of the principal changes that would be made to our charter by the Sixth Articles of Amendment and Restatement, which summary description is qualified in its entirety by the complete text of the Sixth Articles of Amendment and Restatement, which is included as Appendix A to this proxy statement and which has been marked to show the proposed changes from our current charter.

Summary of Principal Changes

The changes that would be made to our charter by the Sixth Articles of Amendment and Restatement are primarily intended to accomplish two objectives in connection with the listing of our existing common stock: (1) to permit us to implement a phased-in liquidity program in connection with the listing of our existing common stock and (2) to more closely align our charter to those of our peers with publicly listed securities. Each of these objectives is described in more detail below.

Phased-in Liquidity

The amendment and restatement of our charter will permit us to implement a phased-in liquidity program in connection with the listing of our existing common stock. We have a large company with a substantial number of shares outstanding. If we conduct a listing without a phased-in liquidity program, all of our shares of common stock would become listed at the same time and, therefore, could be put up for sale in the public market. This could result in concentrated sales of our common stock in a short period of time immediately following our listing. Concentrated sales will likely reduce the trading price. The potential for concentrated sales of our outstanding common stock could also make our shares less attractive to institutional and other investors in any potential concurrent offering in connection with our listing and reduce demand to buy stock and/or reduce the price investors are willing to pay. A phased-in liquidity program directly addresses this potential risk; and therefore, increases the likelihood of a successful listing.

We currently anticipate that we will implement a phased-in liquidity program in connection with the listing of our existing common stock that will provide for the immediate listing of 25% of our existing shares of common stock and the listing of an additional 25% of our existing shares of common stock on each of the six-month, 12-month and 18-month anniversaries of our initial listing. We currently intend to implement this program by declaring and paying, at or shortly prior to the expected initial listing of our existing common stock, a dividend on each share of our existing common stock in the form of:

- one share of Class B-1 Common Stock;

Edgar Filing: INLAND WESTERN RETAIL REAL ESTATE TRUST INC - Form PRE 14A

- one share of Class B-2 Common Stock; and
- one share of Class B-3 Common Stock.

In connection with this stock dividend, we would redesignate our existing common stock as Class A Common Stock. The terms of our Class A Common Stock would remain unchanged, and this is the class of stock that we would list on a national securities exchange. The terms of the Class B-1 Common Stock, Class B-2 Common Stock and Class B-3 Common Stock would be identical in all respects to the Class A Common Stock, including with respect to voting rights, rights to receive dividends and rights upon liquidation, except that these classes of stock would not be listed on a national securities exchange and:

- the Class B-1 Common Stock would automatically convert into Class A Common Stock (that is exchange listed and publicly tradable) on the date that is six months after the initial listing of our Class A Common Stock;
- the Class B-2 Common Stock would automatically convert into Class A Common Stock (that is exchange listed and publicly tradable) on the date that is 12 months after the initial listing of our Class A Common Stock; and
- the Class B-3 Common Stock would automatically convert into Class A Common Stock (that is exchange listed and publicly tradable) on the date that is 18 months after the initial listing of our Class A Common Stock.

The following diagram depicts the actions that would be taken to implement this phased-in liquidity program.

The following diagram depicts the shares that a holder of common stock would own following the implementation of this phased-in liquidity program:

It is important to note that, while the number and classification of your shares would be affected by these changes, there would be no effect on your proportional ownership interest in the Company, your voting rights, your right to receive dividends, the total amount of your dividends or your rights upon liquidation. All current stockholders would be treated the same, so that each stockholder's percentage ownership of the Company would remain the same.

Edgar Filing: INLAND WESTERN RETAIL REAL ESTATE TRUST INC - Form PRE 14A

The following is a comparison of our existing common stock to the Class A Common Stock and Class B Common Stock that a holder of our existing common stock would hold if we completed the stock dividend and redesignation described above.

	Currently Existing Common Stock	Class A Common Stock	Class B Common Stock
Public Market	None.	Expected to be listed on a national securities exchange.	None.
Voting Rights	One vote per share on all matters voted upon by our stockholders.	One vote per share on all matters voted upon by our stockholders.	One vote per share on all matters voted upon by our stockholders.

Entitled to such distributions as may be authorized from time to time by our Board in its discretion, including in-kind distributions.
Liquidation Rights	Entitled to participate pro rata in assets remaining after payment of debts and liabilities.	Entitled to participate pro rata, together with Class B Common Stock, in assets remaining after payment of debts and liabilities.	Entitled to participate pro rata, together with Class A Common Stock, in assets remaining after payment of debts and liabilities.
Automatic Conversion	None.	None.	<p>Each share will convert into one share of Class A Common Stock as follows:</p> <ul style="list-style-type: none"> • 6 months after listing, in the case of Class B-1 Common Stock; • 12 months after listing, in the case of Class B-2 Common Stock; and • 18 months after listing, in the case of Class B-3 Common Stock.

The amendment and restatement of our charter will allow us to implement a phased-in liquidity program by removing the restrictions on our ability to pay distributions in-kind and specifically authorizing our Board to cause us to make dividends payable in shares of any one class of stock to the holders of shares of any other class of stock without stockholder approval. You should note that, while the program described herein represents what we currently expect to provide as a phased-in liquidity program in connection with the listing of our existing common stock, if the amendment and restatement of our charter is approved, our Board will have complete discretion to determine the terms of this program without obtaining any additional stockholder approval. Under the terms of the Sixth Articles of Amendment and Restatement, our Board will have complete discretion to increase the number of authorized shares, establish the terms of any class or series of stock and cause us to declare and pay dividends in one class of stock to the holders of shares of any other class of stock without obtaining stockholder approval. As a result, the terms of any class of stock or the number of different classes of stock that we issue to the holders of our existing common stock may differ materially from those set forth above.

Other Listing-Related Changes

The changes that would be made to our charter by the Sixth Articles of Amendment and Restatement will also more closely align our charter to those of our peers with publicly listed securities. Currently, our charter includes a number of provisions and restrictions that were required by state securities administrators in order for us to publicly offer our stock without having it listed on a national securities exchange. Once our existing common stock is listed on a national securities exchange, these provisions and restrictions will no longer be required and, in some cases, if retained, would place restrictions

on our operations that could put us at a competitive disadvantage compared to our peers with listed securities. The vast majority of the changes that would be made to our charter by the Sixth Articles of Amendment and Restatement are the removal of these provisions and restrictions.

The following are the principal changes that would be made to our charter by the Sixth Articles of Amendment and Restatement:

- Remove Article VI, Section 3(b), which states that a majority of voting shares present at an annual meeting may, without the necessity for concurrence by the directors, vote to elect the directors. Following this change, our directors will be elected by a plurality of the votes cast and, practically, the holders of a majority of voting shares present at our annual meetings will continue to be able to elect our directors.
- Remove Article VI, Section 3(c), which states that directors or affiliates may not vote on matters submitted to stockholders regarding the removal of the directors or any affiliates or any transaction between us and any of them.
- Remove Article VI, Section 7, which relates to the ability to issue fractional shares. These provisions are less expansive than those provided under Maryland law with respect to the treatment of fractional shares.
- Remove Article VI, Section 10, which prohibits us from issuing certain types of securities, including, among others: (1) non-voting common stock, (2) options, warrants or similar rights, except in certain circumstances, (3) debt securities unless historical debt service coverage, as adjusted for known charges, is sufficient to properly service the higher level of debt and (4) capital stock on a deferred payment basis or similar arrangement.
- Amend Article VI, Section 11, which currently provides that stockholders are not entitled to exercise any appraisal rights, to give our Board the power to determine that appraisal rights apply, with respect to all or any classes or series of stock, to one or more transactions occurring after the date of such determination in connection with which stockholders would otherwise be entitled to exercise appraisal rights.
- Revise Article VII, Section 1 to remove the maximum number of directors, reduce the minimum number of directors from three to the minimum number required by Maryland Law, which is currently one, and provide that our Board will have the exclusive power to fill vacancies on our Board.
- Remove Article VII, Section 2, which provides that directors, other than a director elected to fill the unexpired term of another director, be elected by stockholders and serve for a one-year term. Following this change, our directors will continue to serve for one-year terms under the general provisions of Maryland law.
- Revise Article VII, Section 3 to provide that directors may only be removed for cause. Currently, directors may be removed with or without cause.

Edgar Filing: INLAND WESTERN RETAIL REAL ESTATE TRUST INC - Form PRE 14A

- Revise Article VII, Section 5 to remove the provisions regarding distributions, including the restrictions on distributions in-kind, and to specifically authorize our Board to cause us to declare and pay a dividend payable in shares of any one class of stock to the holders of shares of any other class of stock without obtaining stockholder approval.
- Revise Article VII, Section 5 to remove: (1) the specific requirements regarding any distribution reinvestment program that we adopt, (2) the requirement to establish and at least annually review written policies on investment and borrowing and (3) the requirements relating to the determination and approval of the consideration paid for properties we acquire.
- Remove Article VII, Sections 6 and 7, which restate certain aspects of Maryland law regarding the duties of directors.
- Remove Article VIII, which, among other things, impose limitations on: (1) offering expenses, which may not exceed 15% of the proceeds raised in an offering, (2) acquisition fees and expenses, which generally may not exceed 6% of the purchase price or, in the case of a mortgage, of funds advanced, (3) total operating expenses, which generally shall not exceed the greater of 2% of average assets or 25% of net income on an annual basis, (4) real estate commissions, which shall not exceed the lesser of customary commissions or 6% of the gross sales price, (5) certain transactions with affiliates and (6) borrowings, which generally may not be made to fund distributions (except as required to maintain REIT status) or exceed 300% of net assets.
- Revise Article IX, relating to ownership limits, to include a number of clarifying changes, including a provision permitting our Board to, from time to time, increase the ownership limits for one or more persons and decrease the ownership limits for all other persons.

- Remove Article X, which places restrictions on investments in, among other things, unimproved real property, commodities and commodity futures, contracts for the sale of real estate, mortgage loans, mezzanine debt and equity securities.
- Remove Article XI, which relates to access to records by stockholders and our requirement to prepare an annual report and provides holders of 10% or more of our outstanding voting stock with the right to cause us to call a special meeting of stockholders. We will continue to be subject to the general provisions of Maryland law granting stockholders inspection rights in specified circumstances and requiring us to prepare an annual statement of affairs. We will also continue to be subject to the requirement to provide our stockholders with an annual report under federal securities laws. In connection with the effectiveness of the Sixth Articles of Amendment and Restatement, we intend to revise our bylaws to provide that holders of shares of our outstanding stock entitled to cast a majority of the votes entitled to be cast on a matter may cause us to call a special meeting of stockholders for the purpose of acting on such matter.
- Remove Article XII, which limits our ability to participate in a roll-up transaction.
- Remove Article XIII, Sections 2, which generally requires us to obtain approval of a majority of our outstanding voting shares in order to amend our charter, sell all or substantially all of our assets, cause a merger, consolidation or share exchange of the Company or dissolve or liquidate the Company. Maryland law requires stockholder approval by at least a majority of votes entitled to be cast for each of these actions to substantially the same extent as is currently required by our charter. As a result, this change would not alter the minimum stockholder vote we are required to obtain to approve these actions.
- Replace Article XIII, Section 3, with a provision that allows the holders of a majority of all the votes entitled to be cast on a matter to approve it notwithstanding any contrary provision of law requiring a greater number of votes to approve a matter. Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, consolidate, sell all or substantially all of its assets or engage in a share exchange, unless declared advisable by its board of directors and approved by the affirmative vote of stockholders entitled to cast at least two-thirds of all the votes entitled to be cast on the matter. However, a Maryland corporation may provide in its charter for approval of these matters by a lesser percentage, but not less than a majority of all of the votes entitled to be cast on the matter. The revised provision will also clearly eliminate this supermajority voting requirement for sales of all or substantially all of our assets and mergers, consolidations and share exchanges.
- Add a provision stating that stockholders may only approve an action by written consent if it is approved unanimously, which is also currently in our bylaws.
- Replace Article XIV, Section 3, which provides for mandatory indemnification and advancement of expenses for directors and officers, with a provision that permits us to undertake an obligation to provide indemnification and advancement of expenses for directors and officers. We intend to continue to be obligated to provide indemnification and advancement of expenses for our current directors and certain officers through a combination of our bylaws and contractual indemnification agreements; however, by removing this provision from our charter, we will have greater flexibility in the future with respect to these obligations.

Effectiveness of the Sixth Articles of Amendment and Restatement

Edgar Filing: INLAND WESTERN RETAIL REAL ESTATE TRUST INC - Form PRE 14A

If approved by the stockholders, the Sixth Articles of Amendment and Restatement will become effective when filed with, and accepted for record by, the State Department of Assessments and Taxation of Maryland. We only intend to cause the Sixth Articles of Amendment and Restatement to become effective in connection with, or shortly prior to, the expected initial listing of our existing common stock on a national securities exchange.

Certain Material U.S. Federal Income Tax Considerations

The following description of material U.S. federal income tax considerations is based on the Internal Revenue Code of 1986, as amended (the Code), applicable Treasury Regulations promulgated thereunder, judicial authority, and current administrative rulings and interpretations as in effect on the date of this proxy statement. These authorities are subject to change, including possibly with retroactive effect, which could alter the U.S. federal income tax consequences described below. We have not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the U.S. federal income tax consequences described below.

This discussion addresses certain U.S. federal income tax consequences of the stock dividends of Class B Common Stock that we currently anticipate to issue to implement the phased-in liquidity program, which we refer to in this discussion as the stock dividend, and the subsequent conversion of such shares of Class B Common Stock into Class A Common Stock in accordance with their terms, which we refer to in this discussion as the conversions. This discussion is intended to provide only a general summary to stockholders who hold and will hold their shares of common stock as capital assets and does not discuss the tax consequences of any other transaction that may occur before, after, or at the same time as the stock dividend or the conversions. This discussion does not address other federal taxes (such as the alternative minimum tax or gift or estate taxes) or tax considerations under state, local or foreign laws. This discussion does not address every aspect of U.S. federal income taxation that may be relevant to stockholders in light of their particular circumstances or to persons who are otherwise subject to special tax treatment, including, without limitation: (i) partnerships, subchapter S corporations, trusts or other pass-through entities; (ii) dealers in securities; (iii) banks or other financial institutions; (iv) insurance companies; (v) mutual funds; (vi) tax exempt organizations or pension funds; (vii) foreign persons, foreign entities or U.S. expatriates; (viii) stockholders whose functional currency is not the U.S. dollar; or (ix) persons who hold our common stock as part of a hedging, straddle, conversion or other risk reduction transaction.

Tax Consequences to the Company

We will not recognize gain or loss as a result of the stock dividend or the conversions.

Tax Consequences to the Stockholders of the Stock Dividend

A stockholder will not recognize any gain or loss as a result of receiving Class B Common Stock in the stock dividend. A stockholder's aggregate tax basis for its shares of common stock held following the stock dividend will be equal to the stockholder's aggregate tax basis for its shares of common stock held prior to the stock dividend, and the tax basis of a share of stock on which the stock dividend is paid will be allocated among such share of stock and the additional shares of stock received as a stock dividend with respect to such share in proportion to their relative fair market values. The holding period of a share of common stock received by a stockholder in the stock dividend will include the period during which such stockholder held the share on which the stock dividend was paid.

Tax Consequences to the Stockholders of the Conversions

A stockholder will not recognize gain or loss on a conversion of our Class B Common Stock solely in exchange for our Class A Common Stock. In such case, the aggregate tax basis of the post-conversion shares received will be equal to the aggregate tax basis of the pre-conversion shares exchanged therefor and the holding period of the post-conversion shares received will include the holding period of the pre-conversion shares exchanged.

Other Tax Considerations for Stockholders

The state and local tax consequences of the stock dividend or the conversions may vary significantly as to each stockholder depending upon the jurisdiction in which such stockholder resides. Stockholders are urged to consult their own tax advisors regarding the specific tax consequences to them of the stock dividend and the conversions, including the applicable federal, state, local and foreign tax consequences, if any.

Appraisal Rights

Under Maryland law and our charter, you will not be entitled to rights of appraisal with respect to the Sixth Articles of Amendment and Restatement. Accordingly, to the extent that you object to the Sixth Articles of Amendment and Restatement, you will not have the right to have a court judicially determine (and you will not receive) the fair value for your shares of common stock under the provisions of Maryland law governing appraisal rights.

Vote Required

The affirmative vote of a majority of the issued and outstanding shares of common stock is required to approve the amendment and restatement of our charter.

OUR BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL OF THE AMENDMENT AND RESTATEMENT OF OUR CHARTER.

**PROPOSAL 2 PERMIT OUR BOARD TO
ADJOURN THE SPECIAL MEETING**

The second proposal is to permit our Board to adjourn the Special Meeting, if necessary, to solicit additional proxies in favor of Proposal 1 if there are not sufficient votes for that proposal.

Vote Required

The affirmative vote of a majority of the votes cast is required to approve this proposal.

OUR BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THIS PROPOSAL.

Stockholders who share an address and who have been previously notified that their broker, bank or other intermediary will be householding their proxy materials will receive only one copy of our proxy statement unless they have affirmatively objected to the householding notice.

Stockholders sharing an address who received only one set of these materials may request a separate copy which will be sent promptly at no cost by writing our Investor Relations department at: Investor Relations, Inland Western Retail Real Estate Trust, Inc., 2901 Butterfield Road, Oak Brook, IL 60523 or by contacting us by telephone at (630) 218-8000. The enumeration and definition of particular powers of the Board of Directors included in this Charter or in the Bylaws shall in no way be construed or deemed by inference or otherwise in any manner to exclude or limit the powers conferred upon the Board of Directors under the Maryland General Corporation Law, the general laws of the State of Maryland or any other applicable laws as now or hereafter in force.

(b) **REIT QUALIFICATION.** The Board of Directors shall use its reasonable best efforts to cause the Company to qualify for U.S. federal income tax treatment in accordance with the provisions of the Code **or corresponding provisions of subsequent revenue laws** applicable to a REIT. There can be no assurance that Distributions will be made or that any particular level of Distributions established in the future, if any, will be maintained by the Company.~~

~~To the extent possible, the Company seeks to avoid the fluctuations in Distributions which might result if Distributions were based on actual cash received during the Distribution period. The Company's ability to maintain this policy is dependent upon the Company's Cash Flow and the applicable requirements for qualifying as a REIT as contained in Code Section 856 through 960 and the Regulations promulgated thereunder. There can be no assurance that there will be Cash Flow available to pay Distributions, or that Distribution amounts will not fluctuate. SALE OF SHARES BY TRUSTEE. ~~Within 20 days of~~**As soon as reasonably practicable after** receiving notice from the Company that shares of Equity Stock have been transferred to the Trust **(and no later than 20 days after receiving notice in the case of shares of Equity Stock that are listed or admitted to trading on any national securities exchange)**, the Trustee of the Trust shall sell the shares held in the Trust to a person, ~~designated by the Trustee~~, whose ownership of the shares will not violate the ownership limitations set forth in Section ~~2-4-6.2.1~~(a). Upon such sale, the interest of the Charitable Beneficiary in the shares sold shall terminate and the Trustee shall distribute the net proceeds of the sale to the Prohibited Owner and to the Charitable Beneficiary as provided in this Section ~~3-4-6.3.4~~. The Prohibited Owner shall receive the lesser of **(a)** the price paid by the Prohibited Owner for the shares or, if the Prohibited Owner did not give value for the shares in connection with the event causing the shares to be held in the Trust (e.g., in the case of a gift, devise or other such transaction), the Market Price of the shares on the day of the event causing the shares to be held in the Trust and **(b)** the ~~price per share~~**sales proceeds** received by the Trustee **(net of any commissions and other expenses of sale)** from the sale or other disposition of the shares held in the Trust. **The Trustee may reduce the amount payable to the Prohibited Owner by the amount of dividends and other distributions which has been paid to the Prohibited Owner and is owed by the Prohibited Owner to the Trustee pursuant to Section 6.3.3 of this Article VI.** Any net sales proceeds in excess of the amount payable to the Prohibited Owner shall be immediately paid to the Charitable Beneficiary. If, prior to the discovery by the Company that shares of Equity Stock have been transferred to the Trustee, such shares are sold by a Prohibited Owner, then (i) such shares shall be deemed to have been sold on behalf of the Trust and (ii) to the extent that the Prohibited Owner received an amount for such shares that exceeds the amount that such Prohibited Owner was entitled to receive pursuant to this Section ~~3-4-6.3.4~~, such excess shall be paid to the Trustee upon demand.

SECTION 3-5-6.3.5. PURCHASE RIGHT IN STOCK TRANSFERRED TO THE TRUSTEE. Shares of Equity Stock transferred to the Trustee shall be deemed to have been offered for sale to the Company, or its designee, at a price per share equal to the lesser of (i) the price per share in the transaction that resulted in such transfer to the Trust (or, in the case of a devise or gift, the Market Price at the time of such devise or gift) and (ii) the Market Price on the date the Company, or its designee, accepts such offer. The Company shall have the right to accept such offer until the Trustee has sold the shares held in the Trust pursuant to Section ~~3-4-6.3.4~~. Upon such a sale to the Company, the interest of the Charitable Beneficiary in the shares sold shall terminate and the Trustee shall distribute the net proceeds of the sale to the Prohibited Owner; **provided, however, that the Trustee may reduce the amount payable to the Prohibited Owner by the amount of dividends and other distributions which has been paid to the Prohibited Owner and is owed by the Prohibited Owner to the Trustee pursuant to Section 6.3.3 of this Article VI. Any net sales proceeds in excess of the amount payable to the Prohibited Owner shall be immediately paid to the Charitable Beneficiary.**

SECTION 3-6-6.3.6. DESIGNATION OF CHARITABLE BENEFICIARIES. By written notice to the Trustee, the Company ~~shall designate~~**may change the Charitable Beneficiary by designating** one or more nonprofit organizations to be the Charitable Beneficiary of the interest in the Trust such that (i) the shares of Equity Stock held in the Trust would not violate the restrictions set forth in Section ~~2-4-6.2.1~~(a) in the hands of such Charitable Beneficiary and (ii) each such organization must be described in Section 501(c)(3) of the Code and contributions to each such organization must be eligible for deduction under each of Sections 170(b)(1)(A) **(other than clauses (vii) and (viii) thereof)**, 2055 and 2522 of the Code. **Neither the failure of the Company to make such designation nor the failure of the Company to appoint the Trustee before the automatic transfer provided for in Section 6.2(b)(i) shall make such transfer ineffective, provided that the Company thereafter makes such designation and appointment. The designation of a nonprofit organization as a Charitable Beneficiary shall not entitle such nonprofit organization to serve in such capacity and the Company may, in its sole discretion, designate a different nonprofit organization as the Charitable Beneficiary at any time and**

for any or no reason. Any determination by the Company with respect to the application of this Article VI shall be binding on each Charitable Beneficiary.

SECTION 4.6.4. NYSE TRANSACTIONS. Nothing in this Article ~~IXVI~~ shall preclude the settlement of any transaction entered into through the facilities of the NYSE or any other national securities exchange or automated inter-dealer quotation system. The fact that the settlement of any transaction occurs shall not negate the effect of any other provision of this Article ~~IXVI~~ and any transferee in such a transaction shall be subject to all of the provisions and limitations set forth in this Article ~~IXVI~~.

SECTION 5.6.5. ENFORCEMENT. The Company is authorized specifically to seek equitable relief, including injunctive relief, to enforce the provisions of this Article ~~IXVI~~.

SECTION 6.6.6. NON-WAIVER. No delay or failure on the part of the Company or the Board of Directors in exercising any right hereunder shall operate as a waiver of any right of the Company or the Board of Directors, as the case may be, except to the extent specifically waived in writing.

ARTICLE X

INVESTMENT RESTRICTIONS

~~The investment policies set forth in this Article X shall be approved by a majority of the Directors. Subject to the restrictions set forth in this Article X and so long as the Company qualifies as a REIT, a majority of the Directors may set the investment policies if they determine that such policies are in the best interests of the Company. The Directors shall review the Company's investment policies at least annually to determine that the policies being followed are in the best interests of the Stockholders.~~

~~The Company shall not make investments in: (i) any foreign currency or bullion; (ii) short sales; and (iii) any security in any entity holding investments or engaging in activities prohibited by this Charter.~~

~~In addition to other investment restrictions imposed by the Directors from time to time consistent with the Company's objective to qualify as a REIT, the Company will observe the following restrictions on its investments:~~

~~(a) Not more than 10% of the Company's total assets will be invested in unimproved real property or mortgage loans on unimproved real property. For purposes of this paragraph, unimproved real properties does not include properties (i) acquired for the purpose of producing rental or other operating income, (ii) having development or construction in process, and (iii) under contract or planned for development or construction within one year from the Company's purchase thereof;~~

Edgar Filing: INLAND WESTERN RETAIL REAL ESTATE TRUST INC - Form PRE 14A

~~(b) The Company may not invest in commodities or commodity future contracts. Such limitation is not intended to apply to interest rate futures, when used solely for hedging purposes;~~

~~(c) The Company may not invest in contracts for the sale of real estate;~~

~~(d) The Company may not invest in or make mortgage loans unless an appraisal is obtained concerning the underlying property. Mortgage indebtedness on any property shall not exceed such property's appraised value. In cases in which the majority of Directors so determine, and in all cases in which the mortgage loan involves the Directors or any Affiliates, such appraisal must be obtained from an Independent Expert concerning the underlying property. The appraisal shall be maintained in the Company's records for at least five years, and shall be available for inspection and duplication by any Stockholder. In addition to the appraisal, a mortgagee's or owner's title insurance policy or commitment as to the priority of the mortgage or condition of the title must be obtained. The Company may not invest in real estate contracts of sale otherwise known as land sale contracts;~~

~~(e) The Company may not make or invest in mortgage loans, including construction loans, on any one property, if the aggregate amount of all mortgage loans outstanding on the property, including the loans of the~~

~~Company, would exceed an amount equal to 85% of the appraised value of the property as determined by appraisal unless substantial justification exists because of the presence of other underwriting criteria provided that such loans would in no event exceed the appraised value of the property at the date of the loans;~~

~~(f) The Company may not make or invest in any mortgage loans that are subordinate to any mortgage or equity interest of any Director or Affiliates thereof;~~

~~(g) The Company may not acquire securities in any company holding investments or engaging in activities prohibited by this Article X;~~

~~(h) The Company shall not invest in equity securities unless a majority of the Directors not otherwise interested in such transaction approves the transaction as being fair, competitive and commercially reasonable. Investments in entities affiliated with any Director or Affiliates thereof are subject to the restrictions on joint venture investments, or pursuant to the SRP. Notwithstanding these restrictions, the Company may purchase its own securities, when traded on a secondary market or on a national securities exchange or market, if a majority of the Directors determine such purchase to be in the best interests of the Company;~~

~~(i) The Company may not engage in any short sale or borrow, on an unsecured basis, if such borrowing will result in an Asset Coverage of less than 300%;~~

~~(j) To the extent the Company invests in Properties, a majority of the Directors shall approve the consideration paid for such Properties, based on the fair market value of the Property. If a majority of the Directors determine, such fair market value shall be determined by a qualified independent real estate appraiser selected by the Directors. In the event the Company acquires Property from any Director or Affiliate, the provisions of Section 5 of Article VIII of this Charter are applicable;~~

~~(k) The Company may not invest in indebtedness (herein called Junior Debt) secured by a mortgage on real property which is subordinate to the lien of other indebtedness (herein called Senior Debt), except where the amount of such Junior Debt, plus the outstanding amount of the Senior Debt, does not exceed 90% of the appraised value of such Property, if after giving effect thereto, the value of all such investments of the Company (as shown on the books of the Company in accordance with generally accepted accounting principles, after all reasonable reserves but before provision for depreciation) would not then exceed 25% of the Company's tangible assets. The value of all investments in Junior Debt of the Company which does not meet the aforementioned requirements shall be limited to 10% of the Company's tangible assets (which would be included within the 25% limitation);~~

~~(l) The Company may not engage in trading, as compared with investment activities; and~~

~~(m) The Company may not engage in underwriting or the agency distribution of securities issued by others.~~

ARTICLE XI

~~**SECTION 1. ACCESS TO RECORDS.** Any Stockholder and any designated representative thereof shall at all reasonable times, be permitted access to and may inspect and copy records of the Company such as the Bylaws, minutes of proceedings of stockholders, annual statement of affairs, and other records specified under Maryland law at the business office of the Company, and, subject to the provisions of Maryland law requiring a minimum level of stock ownership for access to books of account and stockholder records, an alphabetical list of names, addresses and, if part of the records kept by the Company's transfer agent, the business telephone numbers of the Stockholders of the Company along with the number of shares of Equity Stock held by each of them (the Stockholder List), and may inspect and copy any of them for the purposes specified below. The Company shall impose a reasonable charge for expenses incurred in reproducing such list. The permitted purposes for which a Stockholder may request a copy of the Stockholder List include, without limitation, matters relating to Stockholders' voting rights under this Charter and the exercise of Stockholders' rights under federal proxy laws. If the Directors of the Company neglect or refuse to exhibit, produce or mail a copy of the Stockholder List as requested in accordance with and as required by applicable law and this Charter, the Directors shall be liable to any Stockholder requesting the Stockholder List for the costs, including reasonable attorneys' fees, incurred by that Stockholder for compelling the production of the Stockholder List, and for actual damages suffered by any Stockholder by reason of such refusal or neglect. It shall be a defense to such liability that the actual purpose and reason for the requests for inspection or for a copy of the Stockholder List is to secure such list of Stockholders or other information for the purpose of selling such Stockholder List or copies thereof, or of using the same for a commercial purpose or other purpose not in the interest of the applicant as a Stockholder relative to the affairs of the Company. The Company may require the Stockholder requesting the Stockholder List to represent in writing that the Stockholder List is not requested for a commercial purpose unrelated to the Stockholder's interest in the Company. The remedies provided hereunder to Stockholders requesting copies of the Stockholder List are in addition to, and shall not in any way limit, other remedies available to Stockholders under federal law, or the laws of any state. Inspection of the Company's books and records by a state securities administrator shall be provided upon reasonable notice and during normal business hours.

SECTION 2. REPORTS AND MEETINGS.

(a) — REPORTS. Each year the Company shall prepare an annual report of its operations. The report shall include a balance sheet, an income statement, and a surplus statement. The financial statements in the annual report shall be certified by an independent certified public accountant based on the accountant's examination of the books and records of the Company in accordance with generally accepted auditing principles. The annual report shall also include: (i) the ratio of the costs of raising capital during the period to the capital raised; (ii) the Total Operating Expenses of the Company stated as a percentage of Average Assets and as a percentage of Net Income; (iii) a report from the Directors that they believe the policies being followed by the Company are in the best interests of the Stockholders and the basis for such determination; and (iv) separately stated, full disclosure of all material terms, factors and circumstances surrounding any and all transactions involving the Company, the Directors and any Affiliates thereof occurring in the year for which the annual report is made. Directors shall examine and comment in the annual report on the fairness of all transactions involving the Company. The annual report shall be submitted to each Stockholder at or before the annual meeting of the Stockholders and shall be placed on file at the Company's principal office within the earlier of 20 days after the annual meeting of Stockholders or 120 days after the end of the Company's fiscal year. The Company may comply with this requirement using the Company's Annual Report on Form 10-K as filed with the U.S. Securities and Exchange Commission.

(b) — MEETINGS. Meetings of Stockholders shall be held at any place in the United States as is provided in the Bylaws or as set by the Board of Directors under provisions in the Bylaws.

There shall be an annual meeting of the Stockholders of the Company to elect Directors and transact any other business at such time as set forth in the Bylaws. The Directors are required to take reasonable steps to insure that the requirements of this Article XI are met. Special meetings of the Stockholders may be called by the President, a majority of the Directors, or any other person specified in the Bylaws, and shall be called by the Secretary of the Company upon written request (which states the purpose of the meeting and the matter(s) to be acted upon) of Stockholders holding in the aggregate not less than 10% of the outstanding shares of Equity Stock entitled to vote at such meeting. Upon receipt of such a written request, the Secretary of the Company shall inform the Stockholders making the request of the reasonably estimated cost of preparing and mailing a Notice of such meeting, notify each Stockholder entitled to Notice of the meeting within ten (10) days after receipt of the written Notice of a meeting and the purpose of the meeting to be held on a date not less than fifteen (15) nor more than sixty (60) days after distribution of such Notice. The Company will pay the reasonable cost of such notice and mailing for such a meeting.

~~Except as provided in the fourth sentence of the second paragraph of Section 2(e) of this Article XI, notice of any annual or special meeting of Stockholders shall be given not less than 10 nor more than 90 days before such meeting and shall state the purpose of the meeting and the matters to be acted upon.~~

ARTICLE XII

The appraisal will be included in a prospectus used to offer the securities of a Roll Up Entity and shall be filed with the Securities and Exchange Commission and the state regulatory commissions as an exhibit to the registration statement for the offering of the Roll Up Entity's shares. Accordingly, an issuer using the appraisal shall be subject to liability for violation of Section 11 of the Securities Act of 1933, as amended, and comparable provisions under state laws for any material misrepresentations or material omissions in the appraisal.~~

A summary of the independent appraisal, indicating all material assumptions underlying the appraisal, shall be included in a report to the Stockholders in connection with the proposed Roll Up.~~

~~**SECTION 2. STOCKHOLDER OPTIONS.** Stockholders who vote no on the proposed Roll Up shall have the choice of:~~

- ~~(b) one of either:~~

~~(ii) receiving cash in an amount equal to the Stockholder's pro rata share of the appraised value of the net assets of the Company.~~

SECTION 3. RESTRICTIONS. ~~The Company may not participate in any proposed Roll Up which would:~~

~~(a) result in the Stockholders having rights to meetings less frequently or which are more restrictive to Stockholders than those provided in this Charter;~~

~~(b) result in the Stockholders having voting rights that are less than those provided in this Charter;~~

~~(c) result in the Stockholders having greater liability than as provided in this Charter;~~

~~(d) result in the Stockholders having rights to receive reports that are less than those provided in this Charter;~~

~~(e) result in the Stockholders having access to records that are more limited than those provided in this Charter;~~

~~(f) include provisions which would operate to materially impede or frustrate the accumulation of shares of Equity Stock by any purchaser of the securities of the Roll Up Entity (except to the minimum extent necessary to preserve the tax status of the Roll Up Entity);~~

~~(g) limit the ability of an investor to exercise the voting rights of its securities in the Roll Up Entity on the basis of the number of shares of Equity Stock held by that investor;~~

~~(i) place any of the costs of the transaction on the Company if the Roll Up is not approved by a majority of the shares of Equity Stock; provided, however, that nothing herein shall be construed to prevent participation in any proposed Roll Up which would result in Stockholders having rights and restrictions comparable to those contained in this Article XII. Approval of a majority of the voting shares of Equity Stock is required for the Company to engage in any Roll Up which is in conformity with this Article XII.~~

~~**SECTION 4. GENERAL.** The provisions of this Article XII will cease to apply if the Board of Directors determines that it is no longer in the best interests of the Company to attempt, or continue, to qualify as a REIT.~~

SECTION 6.7. SEVERABILITY. **If any provision of this Article VI or any application of any such provision is determined to be invalid by any federal or state court having jurisdiction over the issues, the validity of the remaining provisions shall not be affected and other applications of such provisions shall be affected only to the extent necessary to comply with the determination of such court.**
