NOTE FOR U.S. READERS ON CANADA/U.S. REPORTING DIFFERENCES

We are permitted, under a multi-jurisdictional disclosure system adopted by the United States, to prepare this annual report on Form 40-F in accordance with Canadian disclosure requirements, which are different from those of the United States. We prepare our financial statements in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board, including the report of the independent registered public accounting firm with respect thereto. Consequently, our financial statements may not be comparable to those prepared by U.S. companies. Our Annual Information Form dated March 31, 2017 and Management's Discussion and Analysis, together with our audited consolidated financial statements and notes thereto as of December 31, 2016 and 2015 and for the years then ended, are filed under cover of this form as exhibits 99.1, 99.2 and 99.3, respectively.

Our common shares are listed on the Toronto Stock Exchange and the New York Stock Exchange. There are certain differences between the corporate governance practices applicable to us and those applicable to U.S. companies under the New York Stock Exchange listing standards. A summary of the significant differences can be found at <http://www.kinross.com/about/governance/default.aspx>.

DISCLOSURE CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in reports filed under the U.S. Securities Exchange Act of 1934, as amended, (the Exchange Act) is recorded, processed, summarized and reported within the appropriate time periods and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely disclosures regarding required disclosure. In designing and evaluating the disclosure controls and procedures, we recognize that any disclosure controls and procedures, no matter how well conceived or operated, can only provide reasonable, not absolute, assurance that the objectives of the control system are met, and management is required to exercise its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by Rule 13a-15(b) under the Exchange Act, we conducted an evaluation, under the supervision and with the participation of our management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of December 31, 2016, the end of the period covered by this annual report on Form 40-F. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of December 31, 2016, the design and operation of the Company's disclosure controls and procedures provide reasonable assurance that they are effective.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

Except as noted below, there have been no changes to our system of internal control over financial reporting for the year ended December 31, 2016 or since that time that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

During 2016, Bald Mountain converted to a new Enterprise Resource Planning system. Management employed appropriate procedures to ensure internal controls were in place during and after the conversion.

AUDIT AND RISK COMMITTEE

The audit and risk committee of our Board of Directors is comprised of four directors: John A. Brough, chairman, John M.H. Huxley, Ave G. Lethbridge and Una M. Power. Each of the members of the audit and risk committee is independent as that term is defined in the listing standards of the New York Stock Exchange. The board of directors has determined that Mr. Brough and Ms. Power each qualify as an audit committee financial expert as such term is defined in paragraph 8(b) of General Instructions B to Form 40-F. Information concerning Mr. Brough's and Ms. Power's relevant education and experience is included in the biographical information contained in the Company's Annual Information Form included as exhibit 99.1 to the annual report on Form 40-F. The Securities and Exchange Commission has indicated that the designation of a person as an audit committee financial expert does not make such person an expert for any purpose, impose any duties, obligations or liabilities on such person that are greater than those imposed generally on members of the audit and risk committee and the board of directors who do not carry this designation, or affect the duties, obligations or liability of any other member of the audit and risk committee or board of directors.

CODE OF ETHICS

The Code of Business Conduct and Ethics may be viewed at the Company's website at www.kinross.com under "About Kinross" "Governance" and is available in print to any shareholder upon written request to the Company's Corporate Secretary. Any amendments to the Code of Business Conduct and Ethics, including a description of such amendment, will be posted to the Company's website within five business days following the date of the amendment.

The Company did not grant any waivers under its Code of Business Conduct and Ethics during 2016.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

We paid the following fees to our independent registered public accounting firm during the last two fiscal years:

	2016		2015	
Audit Fees	CDN\$	3,941,000	CDN\$	3,914,000
Audit-Related Fees	CDN\$	160,000	CDN\$	160,000
Tax Fees	CDN\$	68,000	CDN\$	129,000
All Other Fees	CDN\$	18,000	CDN\$	80,000

Audit-related fees include fees related to translation services and pension plan audits. Tax fees were for tax compliance and advisory services. All Other Fees includes amounts for products and services related to other non-audit services.

The audit and risk committee is required to approve all services provided by our principal auditor. All audit services, audit-related services, tax services, and other services provided for the year ended December 31, 2016 were pre-approved by the audit and risk committee which concluded that the provision of such services by KPMG LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Known and unknown factors could cause actual results to differ materially from those projected in the forward-looking statements. Such factors include, but are not limited to: sanctions (any other similar restrictions or penalties) now or subsequently imposed, other actions taken, by, against, in respect of or otherwise impacting any jurisdiction in which the Company is domiciled or operates (including but not limited to the Russian Federation, Canada, the European Union and the United States), or any government or citizens of, persons or companies domiciled in, or the Company's business, operations or other activities in, any such jurisdiction; fluctuations in the currency markets; fluctuations in the spot and forward price of gold or certain other commodities (such as fuel and electricity); changes in the discount rates applied to calculate the present value of net future cash flows based on country-specific real weighted average cost of capital; changes in the market valuations of peer group gold producers and the Company, and the resulting impact on market price to net asset value multiples; changes in various market variables, such as interest rates, foreign exchange rates, gold or silver prices and lease rates, or global fuel prices, that could impact the mark-to-market value of outstanding derivative instruments and ongoing payments/receipts under any financial obligations; risks arising from holding derivative instruments (such as credit risk, market liquidity risk and mark-to-market risk); changes in national and local government

legislation, taxation (including but not limited to income tax, advance income tax, stamp tax, withholding tax, capital tax, tariffs, value-added or sales tax, capital outflow tax, capital gains tax, windfall or windfall profits tax, royalty, excise tax, customs/import or export taxes/duties, asset taxes, asset transfer tax, property use or other real estate tax, together with any related fine, penalty, surcharge, or interest imposed in connection with such taxes), controls, policies and regulations; the security of personnel and assets; political or economic developments in Canada, the United States, Chile, Brazil, Russia, Mauritania, Ghana, or other countries in which Kinross does business or may carry on business; business opportunities that may be presented to, or pursued by, us; our ability to successfully integrate acquisitions and complete divestitures; operating or technical difficulties in connection with mining or development activities; employee relations; litigation or other claims against, or regulatory investigations and/or any enforcement actions or sanctions in respect of the Company (and/or its directors, officers, or employees) including, but not limited to, securities class action litigation in Canada and/or the United States, or any investigations, enforcement actions and/or sanctions under any applicable anti-corruption, international sanctions and/or anti-money laundering laws and regulations in Canada, the United States or any other applicable jurisdiction; the speculative nature of gold exploration and development including, but not limited to, the risks of obtaining necessary licenses and permits; diminishing quantities or grades of reserves; adverse changes in our credit rating; and contests over title to properties, particularly title to undeveloped properties. In addition, there are risks and hazards associated with the business of gold exploration, development and mining, including environmental hazards, tailings dam failures, industrial accidents, unusual or unexpected formations, pressures, cave-ins, flooding and gold bullion losses (and the risk of inadequate insurance, or the inability to obtain insurance, to cover these risks). Many of these uncertainties and contingencies can directly or indirectly affect, and could cause, Kinross' actual results to differ materially from those expressed or implied in any forward-looking statements made by, or on behalf of, Kinross, including but not limited to resulting in an impairment charge on goodwill and/or assets. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Forward-looking statements are provided for the purpose of providing information about management's expectations and plans relating to the future. All of the forward-looking statements made or incorporated by reference in this annual report on Form 40-F, including but not limited to the Risk Factors section of our 2016 Annual Information Form and in the Risk Analysis section of our most recently filed MD&A, are qualified by this cautionary statement and those made in our other filings with the securities regulators of Canada and the United States including, but not limited to, the cautionary statements made in the Risk Factors section of our 2016 Annual Information Form and the Risk Analysis section of our MD&A for the year ended December 31, 2016. These factors are not intended to represent a complete list of the factors that could affect Kinross. Kinross disclaims any intention or obligation to update or revise any forward-looking statements or to explain any material difference between subsequent actual events and such forward-looking statements, except to the extent required by applicable law.
