PROSPECTUS SUPPLEMENT SUMMARY

The following summary highlights information contained elsewhere in this prospectus supplement, the accompanying prospectus and the documents incorporated herein and therein by reference, and does not contain all of the information that you should consider before investing in our common shares. You should read this entire prospectus supplement, including the sections entitled Risk Factors, the accompanying prospectus, our financial statements and the accompanying notes to the financial statements and other documents incorporated by reference into this prospectus supplement and the accompanying prospectus before making an investment decision.

Overview

We are an established and growing private mortgage insurance company. We were formed to serve the U.S. housing finance industry at a time when the demands of the financial crisis and a rapidly changing business environment created the need for a new, privately funded mortgage insurance company. We had an estimated 15.9% Market Share for the six months ended June 30, 2017. We believe that our success in acquiring customers and growing our insurance in force has been driven by the unique opportunity we offer lenders to partner with a well-capitalized mortgage insurer, unencumbered by business originated prior to the financial crisis, that provides fair and transparent claims payment practices, and consistency and speed of service.

Private mortgage insurance plays a critical role in the U.S. housing finance system. Essent and other private mortgage insurers provide credit protection to lenders and mortgage investors by covering a portion of the unpaid principal balance of a mortgage and certain related expenses in the event of a default. In doing so, we provide private capital to mitigate mortgage credit risk, allowing lenders to make additional mortgage financing available to prospective homeowners.

Private mortgage insurance helps extend affordable home ownership by facilitating the sale of low down payment loans into the secondary market. Two U.S. Federal government-sponsored enterprises, Fannie Mae and Freddie Mac, which we refer to collectively as the GSEs, purchase residential mortgages from banks and other lenders and guaranty mortgage-backed securities that are offered to investors in the secondary mortgage market. The GSEs are restricted by their charters from purchasing or guaranteeing low down payment loans, defined as loans with less than a 20% down payment, that are not covered by certain credit protections. Private mortgage insurance satisfies the GSEs' credit protection requirements for low down payment loans, supporting a robust secondary mortgage market in the United States.

Essent is licensed to write coverage in all 50 states and the District of Columbia. We had master policy relationships with approximately 1,390 customers as of June 30, 2017. Our top ten customers represented approximately 47.3%, 35.1%, 36.6% and 42.6% of our NIW on a flow basis for the six months ended June 30, 2017 and the years ended December 31, 2016, 2015 and 2014, respectively. We have a fully functioning, scalable and flexible mortgage insurance platform and a highly experienced, talented team of 391 employees as of June 30, 2017. Our holding company is domiciled in Bermuda and our U.S. insurance business is headquartered in Radnor, Pennsylvania. We operate additional underwriting and service centers in Winston-Salem, North Carolina and Irvine, California. For the six months ended June 30, 2017 and the years ended December 31, 2016, 2015 and 2014, we generated NIW of approximately \$19.4 billion, \$34.9 billion, \$26.2 billion, and \$24.8 billion respectively, and as of June 30, 2017, we had approximately \$95.5 billion of insurance in force.

Edgar Filing: Essent Group Ltd. - Form 424B5

We also offer mortgage-related insurance and reinsurance through our wholly-owned Bermuda-based subsidiary, Essent Reinsurance Ltd., which we refer to as Essent Re. As of June 30, 2017, Essent Re provided insurance or reinsurance relating to the risk in force on loans in reference pools acquired by Freddie Mac and Fannie Mae covering approximately \$479.8 million of risk, including in connection with Freddie Mac's Agency Credit Insurance Structure (ACIS) and Fannie Mae's Credit Insurance Risk Transfer (CIRT) programs. Essent Re has also reinsured 25% of Essent Guaranty, Inc.'s GSE-eligible mortgage insurance NIW originated since July 1, 2014 under a quota share reinsurance agreement.

The risks and uncertainties discussed below and in the documents incorporated by reference are not the only risks we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business, financial condition or results of operations. Our business, financial condition, or results of operations could be materially adversely affected by any of these risks and cause the value of our securities, including the common shares offered by this prospectus supplement, to decline. The trading price of our common shares could decline due to any of these risks and you could lose all or part of your investment.

Risks Relating to this Offering and Ownership of Our Common Shares

Our share price may be volatile or may decline regardless of operating performance.

The market price of our common shares may fluctuate significantly in the future. Some of the factors that could negatively affect the market price of our common shares include:

- actual or anticipated variations in our quarterly operating results;
- changes in our earnings estimates or publication of research reports about us or the real estate industry;
- changes in market valuations of similar companies;
- any indebtedness we incur in the future;
- changes in credit markets and interest rates;

- changes in government policies, laws and regulations;
- changes impacting Fannie Mae, Freddie Mac or Ginnie Mae;
- additions to or departures of our key management personnel;
- actions by shareholders;
- speculation in the press or investment community;
- strategic actions by us or our competitors;
- changes in our credit ratings;
- general market and economic conditions;
- our failure to meet, or the lowering of, our earnings estimates or those of any securities analysts; and
- price and volume fluctuations in the stock market generally.

The stock markets have experienced extreme volatility in recent years that has been unrelated to the operating performance of particular companies. These broad market fluctuations may adversely affect the trading price of our common shares. In the past, securities class action litigation has often been instituted against companies following periods of volatility in their stock price. This type of litigation, even if it does not result in liability for us, could result in substantial costs to us and divert management's attention and resources.

Future sales of shares by existing shareholders could cause our share price to decline.

Sales of substantial amounts of our common shares in the public market, or the perception that these sales could occur, could cause the market price of our common shares to decline. As of August 4, 2017, we had 93,423,101 outstanding common shares. We, our executive officers, directors and certain of our shareholders immediately prior to consummation of this offering agreed to a lock-up, meaning that, subject to certain exceptions, neither we nor they will sell any shares without the prior consent of Barclays Capital Inc. until the date that is thirty days following the consummation of this offering. Barclays Capital Inc., may, in its sole discretion and at any time without notice, release all or any portion of the common shares subject to lock-up agreements entered into in connection with this offering. Following the expiration of the thirty day lock-up period, the common shares subject to the underwriter's lock-up agreements will be eligible for future sale, subject to the applicable volume, manner of sale, holding period and other limitations of Rule 144 and subject to any restrictions on unvested shares issued under our share incentive plans. In addition, as of August 4, 2017, holders of approximately 13 million shares have registration rights, subject to some conditions, to require us to file registration statements covering the sale of their shares or to include their shares in registration statements that we may file for ourselves or other shareholders in the future, although we will be restricted from filing such registration statements during the lock-up period. Once we register the shares for the holders of registration rights, they can be freely sold in the public market upon issuance.

In the future, we may issue additional common shares or other equity or debt securities convertible into common shares in connection with a financing, acquisition, and litigation settlement or employee arrangement or otherwise. Any of these issuances could result in substantial dilution to our existing shareholders and could cause the trading price of our common shares to decline.

If securities or industry analysts do not publish research or publish misleading or unfavorable research about our business, our share price and trading volume could decline.

The trading market for our common shares depends in part on the research and reports that securities or industry analysts publish about us or our business. If one or more of these analysts downgrades our shares or publishes misleading or unfavorable research about our business, our share price would likely decline. If one or more of these analysts ceases coverage of our Company or fails to publish reports on us regularly, demand for our shares could decrease, which could cause our share price or trading volume to decline.

We do not intend to pay dividends on our common shares and, consequently, your ability to achieve a return on your investment will depend on appreciation in the price of our common shares.

We do not intend to declare and pay dividends on our share capital for the foreseeable future. We currently intend to retain all our future earnings, if any, to fund our growth. Therefore, you are not likely to receive any dividends on your common shares for the foreseeable future and the success of an investment in our common shares will depend upon any future appreciation in their value. There is no guarantee that our common shares will appreciate in value or even maintain the price at which our shareholders have purchased their shares. Furthermore, our subsidiaries are restricted by state insurance laws and regulations from declaring dividends to us. See Management's Discussion and Analysis of Financial Condition and Results of Operations-Liquidity and Capital Resources and Risk Factors-Risks Relating to our Business-Our holding company structure and certain regulatory and other constraints, including adverse business performance, could negatively impact our liquidity and potentially require us to raise more capital. in our Annual Report on Form 10-K for the year ended December 31, 2016.

Holders of our shares may have difficulty effecting service of process on us or enforcing judgments against us in the United States.

We are a Bermuda exempted company. As a result, the rights of holders of our common shares are governed by Bermuda law and our memorandum of association and bye-laws. The rights of shareholders under Bermuda law may differ from the rights of shareholders of companies incorporated in other jurisdictions. Certain of our directors are not residents of the United States, and a substantial portion of our assets are owned by subsidiaries domiciled outside the United States. As a result, it may be difficult for investors to effect service of process on those persons in the United States or to enforce in the United States judgments obtained in U.S. courts against us or those persons based on the civil liability provisions of the U.S. securities laws. It is doubtful whether courts in Bermuda will enforce judgments obtained in other jurisdictions, including the United States, against us or our directors or officers under the securities laws of those jurisdictions or entertain actions in Bermuda against us or our directors or officers under the securities laws of other jurisdictions.

U.S. persons who own our shares may have more difficulty in protecting their interests than U.S. persons who are shareholders of a U.S. corporation.

The Companies Act 1981 of Bermuda (the "Companies Act"), which applies to us, differs in certain material respects from laws generally applicable to U.S. corporations and their shareholders. Set forth below is a summary of certain significant provisions of the Companies Act and our bye-laws which differ in certain respects from provisions of Delaware corporate law. Because the following statements are summaries, they do not discuss all aspects of Bermuda law that may be relevant to us and our shareholders.

Interested Directors. Bermuda law provides that if a director has an interest in a material contract or proposed material contract with us or any of our subsidiaries or has a material interest in any person that is a party to such a contract, the director must disclose the nature of that interest at the first opportunity either at a meeting of directors or in writing to the board. Under Delaware law such transaction would not be voidable if:

- the material facts as to such interested director's relationship or interests were disclosed or were known to the board of directors and the board of directors had in good faith authorized the transaction by the affirmative vote of a majority of the disinterested directors;
- such material facts were disclosed or were known to the shareholders entitled to vote on such transaction and the transaction were specifically approved in good faith by vote of the majority of shares entitled to vote thereon; or
- the transaction was fair as to the corporation as of the time it was authorized, approved or ratified. Under Delaware law, the interested director could be held liable for a transaction in which the director derived an improper personal benefit.

Business Combinations with Large Shareholders or Affiliates. As a Bermuda company, we may enter into business combinations with our large shareholders or affiliates, including mergers, asset sales and other transactions in which a large shareholder or affiliate receives, or could receive, a financial benefit that is greater than that received, or to be received, by other shareholders, without obtaining prior approval from our board of directors or from our shareholders. If we were a Delaware company, we would need prior approval from our board of directors or a supermajority of our shareholders to enter into a business combination with an interested shareholder for a period of three years from the time the person became an interested shareholder, unless we opted out of the relevant Delaware statute. Our bye-laws also include a provision restricting business combinations with interested shareholders consistent with the corresponding Delaware statute.

Shareholders Suits. The rights of shareholders under Bermuda law are not as extensive as the rights of shareholders in many U.S. jurisdictions. Class actions and derivative actions are generally not available to shareholders under the laws of Bermuda. However, the Bermuda courts ordinarily would be expected to follow English case law precedent, which would permit a shareholder to commence an action in the name of the company to remedy a wrong done to the company where an act is alleged to be beyond the corporate power of the company, is illegal or would result in the violation of our memorandum of association or bye-laws. Furthermore, a court would consider acts that are alleged to constitute a fraud against the minority shareholders or where an act requires the approval of a greater percentage of our shareholders than actually approved it. The prevailing party in such an action generally would be able to recover a portion of attorneys' fees incurred in connection with such action. Our bye-laws provide that shareholders waive all claims or rights of action that they might have, individually or in the right of the company, against any director or officer for any act or failure to act in the performance of such director's or officer's duties, except with respect to any fraud or dishonesty of such director or officer. Class actions and derivative actions generally are available to shareholders under Delaware law for, among other things, breach of fiduciary duty, corporate waste and actions not taken in accordance with applicable law. In such actions, the court has discretion to permit the winning party to recover attorneys' fees incurred in connection with such action.

Indemnification of Directors. We may indemnify our directors or officers or any person appointed to any committee by the board of directors acting in their capacity as such in relation to any of our affairs for any loss arising or liability attaching to them by virtue of any rule of law in respect of any negligence, default, breach of duty or breach of trust of which such person may be guilty in relation to the company other than in respect of his own fraud or dishonesty. Under Delaware law, a corporation may indemnify a director or officer of the corporation against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in defense of an action, suit or proceeding by reason of such position if such director or officer acted in good faith and in a manner he or she reasonably believed to be in or not be opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, such director or officer had no reasonable cause to believe his or her conduct was unlawful.

We may repurchase a shareholder's common shares without the shareholder's consent.

Under our bye-laws and subject to Bermuda law, we have the option, but not the obligation, to require a shareholder to sell to us at fair market value the minimum number of common shares which is necessary to avoid or cure any adverse tax consequences or materially adverse legal or regulatory treatment to us, our subsidiaries or our shareholders if our board of directors reasonably determines, in good faith, that failure to exercise our option would result in such adverse consequences or treatment.

Provisions in our bye-laws may reduce or increase the voting rights of our shares.

In general, and except as provided under our bye-laws and as provided below, our shareholders have one vote for each common share held by them and are entitled to vote, on a non-cumulative basis, at all meetings of shareholders. However, if, and so long as, the shares of a shareholder are treated as "controlled shares" (as determined pursuant to sections 957 and 958 of the Internal Revenue Code of 1986, as amended (the "Code")) of any U.S. Person that owns shares directly or indirectly through non-U.S. entities and such controlled shares constitute 9.5% or more of the votes conferred by our issued shares, the voting rights with respect to the controlled shares owned by such U.S. Person will be limited, in the aggregate, to a voting power of less than 9.5%, under a formula specified in our bye-laws. The formula is applied repeatedly until the voting power of all 9.5% U.S. Shareholders has been reduced to less than 9.5%. In addition, our board of directors may limit a shareholder's voting rights when it deems it appropriate to do so to (i) avoid the existence of any 9.5% U.S. Shareholder; and (ii) avoid certain material adverse tax, legal or regulatory consequences to us, any of our subsidiaries or any direct or indirect shareholder or its affiliates. "Controlled shares" include, among other things, all shares that a U.S. Person is deemed to own directly, indirectly or constructively (within the meaning of section 958 of the Code). The amount of any reduction of votes that occurs by operation of the above limitations will generally be reallocated proportionately among our other shareholders whose shares were not "controlled shares" of the 9.5% U.S. Shareholder so long as such reallocation does not cause any person to become a 9.5% U.S. Shareholder.

Under these provisions, certain shareholders may have their voting rights limited, while other shareholders may have voting rights in excess of one vote per share. Moreover, these provisions could have the effect of reducing the votes of certain shareholders who would not otherwise be subject to the 9.5% limitation by virtue of their direct share ownership.

We are authorized under our bye-laws to request information from any shareholder for the purpose of determining whether a shareholder's voting rights are to be reallocated under the bye-laws. If any holder fails to respond to this request or submits incomplete or inaccurate information, we may, in our sole discretion, eliminate the shareholder's voting rights.

There are regulatory limitations on the ownership and transfer of our common shares.

Common shares may be offered or sold in Bermuda only in compliance with the provisions of the Companies Act and the Bermuda Investment Business Act 2003, which regulates the sale of securities in Bermuda. In addition, the BMA must approve all issues and transfers of shares of a Bermuda exempted company. However, the BMA has pursuant to its statement of June 1, 2005 given its general permission under the Exchange Control Act 1972 (and related regulations) for the issue and free transfer of our common shares to and among persons who are non-residents of Bermuda for exchange control purposes as long as the shares are listed on an appointed stock exchange, which includes the NYSE. This general permission would cease to apply if the Company were to cease to be so listed. We have obtained consent under the Bermuda Exchange Control

Edgar Filing: Essent Group Ltd. - Form 424B5

Act 1972 (and its related regulations) from the BMA for the issue and transfer of our common shares to and between residents and non-residents of Bermuda for exchange control purposes provided our common shares remain listed on an appointed stock exchange, which includes the NYSE. Bermuda insurance law requires that any person who becomes a holder of at least 10%, 20%, 33% or 50% of the common shares of an insurance or reinsurance company or its parent company must notify the BMA in writing within 45 days of becoming such a holder. The BMA may, by written notice, object to a person holding 10%, 20%, 33% or 50% of our common shares if it appears to the BMA that the person is not fit and proper to be such a holder. The BMA may require the holder to reduce their shareholding in us and may direct, among other things, that the voting rights attaching to their shares shall not be exercisable. A person that does not comply with such a notice or direction from the BMA will be guilty of an offense.

The insurance holding company laws and regulations of the Commonwealth of Pennsylvania, the state in which our insurance subsidiaries are domiciled, require that, before a person can acquire direct or indirect control of an insurer domiciled in the state, prior written approval must be obtained from the Pennsylvania Insurance Department. The state insurance regulators are required to consider various factors, including the financial strength of the acquirer, the integrity and management experience of the acquirer's board of directors and executive officers, and the acquirer's plans for the future operations of the reinsurer or insurer. Pursuant to applicable laws and regulations, control over an insurer is generally

Table of Contents

presumed to exist if any person, directly or indirectly, owns, controls, holds the power to vote or holds proxies representing, 10% or more of the voting securities of that reinsurer or insurer. Indirect ownership includes ownership of our common shares.

Except in connection with the settlement of trades or transactions entered into through the facilities of the NYSE, our board of directors may generally require any shareholder or any person proposing to acquire our shares to provide the information required under our bye-laws. If any such shareholder or proposed acquirer does not provide such information, or if the board of directors has reason to believe that any certification or other information provided pursuant to any such request is inaccurate or incomplete, the board of directors may decline to register any transfer or to effect any issuance or purchase of shares to which such request is related. Although these restrictions on transfer will not interfere with the settlement of trades on the NYSE, we may decline to register transfers in accordance with our bye-laws and board of directors resolutions after a settlement has taken place.

Future offerings of debt or equity securities, which may rank senior to our common shares, may restrict our operating flexibility and adversely affect the market price of our common shares.

If we decide to issue debt securities in the future, they may be governed by an indenture or other instrument containing covenants restricting our operating flexibility. Additionally, any equity securities or convertible or exchangeable securities that we issue in the future may have rights, preferences and privileges more favorable than those of our common shares and may adversely affect the market price of our common shares. Any such debt or preference equity securities will rank senior to our common shares and will also have priority with respect to any distributions upon a liquidation, dissolution or similar event, which could result in the loss of all or a portion of your investment. Our decision to issue such securities will depend on market conditions and other factors beyond our control, and we cannot predict or estimate the amount, timing or nature of our future offerings.

USE OF PROCEEDS

We estimate that the net proceeds from this offering to us will be approximately \$ million, after deducting the estimated underwriting discounts and commissions and estimated offering expenses. We cannot assure you that this offering will be completed.

We intend to use the net proceeds we receive from this offering for general corporate purposes, which may include (i) capital contributions to support the growth of our insurance subsidiaries, and (ii) reducing borrowings owed by us with respect to the revolving credit facility under that certain amended and restated credit facility entered into by us and certain of our affiliates (the Credit Agreement).

As of August 4, 2017, we had approximately \$65 million of borrowings outstanding with respect to the revolving credit facility under the Credit Agreement with a current interest rate of 3.23%. The borrowings under the Credit Agreement mature on May 17, 2021.

The underwriter or certain affiliates of the underwriter are lenders under the Credit Agreement. As described above, we may use the net proceeds from this offering to reduce borrowings owed to the underwriter or certain affiliates of the underwriter who are lenders under the Credit Agreement, and the underwriter or certain affiliates of the underwriter therefore may receive more than 5% of the net proceeds from this offering

through the repayment of such debt, which creates a conflict of interest under FINRA Rule 5121. This offering is therefore being made in compliance with Rule 5121. A QIU as defined in Rule 5121, will not be necessary for this offering as the securities have a bona fide public market pursuant to Rule 5121(a)(1)(B). The underwriter will not sell to a discretionary account any security with respect to which a conflict exists under Rule 5121, unless the member has received specific written approval of the transaction from the account holder and retains documentation of the approval in its records.

We will have broad discretion over the way that we use the net proceeds of this offering received by us. See Risk Factors-Risks Relating to this Offering and Ownership of Our Common Shares *We have broad discretion to use our net proceeds from this offering and our investment of those proceeds may not yield favorable returns.*

DIVIDEND POLICY

We do not currently expect to declare or pay dividends on our common shares for the foreseeable future. Instead, we intend to retain earnings to finance the growth and development of our business and general corporate purposes. Any payment of dividends will be at the discretion of our board of directors and will depend upon various factors then existing, including earnings, financial condition, results of operations, capital requirements, level of indebtedness, contractual restrictions with

Table of Contents

respect to payment of dividends, restrictions imposed by applicable law, general business conditions and other factors that our board of directors may deem relevant. In addition, the ability of our insurance subsidiaries to pay dividends to Essent Group Ltd. is limited by state insurance laws. See Management's Discussion and Analysis of Financial Condition and Results of Operations-Liquidity and Capital Resources and Risk Factors-Risks Relating to our Business-*Our holding company structure and certain regulatory and other constraints, including adverse business performance, could negatively impact our liquidity and potentially require us to raise more capital.* in our Annual Report on Form 10-K for the year ended December 31, 2016. In addition, under the Companies Act, we may only declare or pay a dividend if, among other matters, there are reasonable grounds for believing that we are, and would after the payment be, able to pay our respective liabilities as they become due and that the realizable value of our assets will, and after the payment would, exceed our liabilities.

Taxation of the Company and Subsidiaries

Bermuda

Under current Bermuda law, there is no income, corporate or profits tax or withholding tax, capital gains tax or capital transfer tax payable by us. The Company has obtained from the Minister of Finance under The Exempted Undertaking Tax Protection Act 1966, as amended, an assurance that, in the event that Bermuda enacts legislation imposing tax computed on profits, income, any capital asset, gain or appreciation, or any tax in the nature of estate duty or inheritance, then the imposition of any such tax shall not be applicable to the Company or to any of their operations or their shares, debentures or other obligations, until March 31, 2035. The Company could be subject to taxes in Bermuda after that date. This assurance is subject to the proviso that it is not intended to be construed so as to prevent the application of any tax or duty to such persons as are ordinarily resident in Bermuda or to prevent the application of any tax payable in accordance with the provisions of the Land Tax Act 1967 or otherwise payable in relation to any property leased to the Company. The Company pays an annual Bermuda government fee. In addition, all entities employing individuals in Bermuda are required to pay a payroll tax and there are other sundry taxes payable, directly or indirectly, to the Bermuda government.

United States

The following discussion is a summary of certain U.S. Federal income tax considerations relating to our operations. A non-U.S. corporation that is engaged in the conduct of a U.S. trade or business will be subject to U.S. Federal income tax as described below, unless entitled to the benefits of an applicable tax treaty. Whether a trade or business is being conducted in the United States is an inherently factual determination. As the Code, regulations and court decisions fail to identify definitively activities that constitute being engaged in a trade or business in the United States, we cannot be certain that the U.S. Internal Revenue Service (the "IRS") will not contend successfully that the Company and/or its non-U.S. subsidiaries are or will be engaged in a trade or business in the United States. A non-U.S. corporation deemed to be so engaged would be subject to U.S. income tax at regular corporate rates on the portion of its income that is treated as effectively connected with the conduct of that U.S. trade or business ("ECI"), as well as the branch profits tax on its dividend equivalent amount, generally, the ECI (with certain adjustments) deemed withdrawn from the United States, unless the corporation is entitled to relief under the permanent establishment provision of an applicable tax treaty, as discussed below. Such income tax, if imposed, would be based on ECI computed in a manner generally analogous to that applied to the income of a U.S. corporation, except that a non-U.S. corporation is generally entitled to deductions and credits only if it timely files a U.S. Federal income tax return. The Company and Essent Re intend to file protective U.S. Federal income tax returns on a timely basis in order to preserve the right to claim income tax deductions and credits if it is ever determined that either company is subject to U.S. Federal income tax. The highest marginal U.S. Federal income tax rates currently are 35% for a corporation's effectively connected income and 30% for the additional branch profits tax.

If Essent Re is entitled to the benefits under the tax treaty between Bermuda and the United States (the "Bermuda Treaty"), Essent Re would not be subject to U.S. income tax on any income found to be effectively connected with a U.S. trade or business unless that trade or business is conducted through a permanent establishment in the United States. No regulations interpreting the Bermuda Treaty have been issued, and the determination of whether business is being conducted in the United States through a permanent establishment is an inherently factual determination. Essent Re currently intends to conduct its activities so that it does not have a permanent establishment in the United States, although we cannot be certain that we will achieve this result.

An insurance enterprise resident in Bermuda generally will be entitled to the benefits of the Bermuda Treaty if (i) more than 50% of its shares are owned beneficially, directly or indirectly, by individual residents of the United States or Bermuda or U.S. citizens and (ii) its income is not

Edgar Filing: Essent Group Ltd. - Form 424B5

used in substantial part, directly or indirectly, to make disproportionate distributions to, or to meet certain liabilities of, persons who are neither residents of either the United States or Bermuda nor U.S. citizens. We cannot be certain that Essent Re will be eligible for Bermuda Treaty benefits immediately following the offering or in the future because of factual and legal uncertainties regarding the residency and citizenship of the Company's shareholders. The Company would not be eligible for treaty benefits because it is not an insurance company. Accordingly, the Company and Essent Re have conducted and intend to conduct substantially all of their foreign operations outside the United States and to limit their U.S. contacts so that neither the Company nor Essent Re should be treated as engaged in the conduct of a trade or business in the United States.

Non-U.S. insurance companies carrying on an insurance business within the United States have a certain minimum amount of effectively connected net investment income, determined in accordance with a formula that depends, in part, on the amount of U.S. risk insured or reinsured by such companies. If a non-U.S. insurance subsidiary is considered to be engaged in the conduct of an insurance business in the United States and it is not entitled to the benefits of a U.S. income tax treaty in

Table of Contents

general (because it fails to satisfy one of the limitations on treaty benefits), the Code could subject a significant portion of such company's investment income to U.S. income tax. In addition, while the Bermuda Treaty clearly applies to premium income, it is uncertain whether the Bermuda Treaty applies to other income such as investment income. If Essent Re is considered engaged in the conduct of an insurance business in the United States and is entitled to the benefits of the Bermuda Treaty in general, but the Bermuda Treaty is interpreted to not apply to investment income, a significant portion of Essent Re's investment income could be subject to U.S. income tax.

The United States also imposes an excise tax on insurance and reinsurance premiums (FET) paid to non-U.S. insurers or reinsurers that are not eligible for the benefits of a U.S. income tax treaty that provides for an exemption from the FET with respect to risks (i) of a U.S. entity or individual located wholly or partially within the United States and (ii) of a non-U.S. entity or individual engaged in a trade or business in the United States, located within the United States (U.S. Situs Risks). The rates of tax are 4% for non-life insurance premiums and 1% for reinsurance premiums. The Bermuda Treaty does not eliminate the FET on premiums ceded to Bermuda residents with respect to U.S. Situs Risks.

Essent US Holdings, Inc. (Essent Holdings) and each of its subsidiaries are subject to income taxes imposed by U.S. law and file a U.S. Consolidated Income Tax Return. In the event Essent Holdings pays a dividend to its parent company, Essent Irish Intermediate Holdings Limited, withholding taxes at a rate of 5% under the U.S./Ireland tax treaty would likely apply assuming the Company avails itself of treaty benefits under the U.S./Ireland tax treaty. Absent treaty benefits, the withholding rate on any outbound dividends would be 30%. Although management intends to meet all the criteria for treaty benefits under the U.S./Ireland tax treaty there can be no guarantees that the higher 30% rate would not be imposed by the IRS.

The FATCA provisions of the Hiring Incentives to Restore Employment Act of 2010 and regulations issued thereunder require certain Foreign Financial Institutions (FFIs) (which may include the Company or Essent Re) to enter into an agreement with the IRS to disclose to the IRS the name, address, tax identification number, and other specified information of certain U.S. and non-U.S. persons who own a direct or indirect interest in the FFI and to withhold on account holders that fail to provide such information, or otherwise be subject to a 30% withholding tax with respect to (i) certain U.S. source income (including interest and dividends) and withholdable payments and (ii) passthru payments (generally, withholdable payments and payments that are attributable to withholdable payments) made by FFIs; such requirements may be modified by an applicable intergovernmental agreement. Additionally, if the Company or Essent Re is characterized as an FFI and does enter into such an agreement with the IRS, a 30% withholding tax could be imposed on shareholders that do not provide the required information (without any gross-up) or, if the shareholders are, themselves, FFIs, certification that they have entered into their own agreements with the IRS. Further, if the Company and Essent Re are not characterized as FFIs, each may be characterized as a passive non-financial foreign entity, in which case it may be subject to such 30% withholding tax on certain payments unless it either provides information to withholding agents with respect to its substantial U.S. owners or makes certain certifications. For these purposes, an FFI is generally a non-U.S. entity that (i) accepts deposits in the ordinary course of a banking or similar business, (ii) holds financial assets for the accounts of others as a substantial portion of its business, (iii) is engaged primarily in the business of investing, reinvesting, or trading in securities, partnership interests, commodities, or any interest in such securities, partnership interests or commodities, (iv) is an insurance company that issues, or is obligated to make payments with respect to, a cash value insurance or annuity contract or (v) is an entity that is a holding company or treasury center that is part of an expanded affiliated group that includes a depository institution, custodial institution, insurance company, or certain other entities, or is formed in connection with or availed of by an investment vehicle established with an investment strategy of investing, reinvesting or trading in financial assets. The U.S. Treasury has issued regulations to implement this legislation. Although the U.S. Treasury has stated that Treasury and IRS do not view the issuance of insurance or reinsurance contracts without cash value, including most property and casualty insurance contracts and indemnity reinsurance contracts, as implicating the concerns of the legislation, it is currently unclear whether the Company or Essent Re will be considered an FFI or a passive non-financial foreign entity for purposes of this legislation. The regulations issued under FATCA and subsequent guidance issued by the IRS indicate that this withholding tax applies currently with respect to payments of U.S. source income, and will apply beginning on January 1, 2019 with respect to payments of proceeds from the sale of property that produces U.S. source interest or dividends.

The Bermuda government has entered into an intergovernmental agreement with the United States. If the Company or Essent Re is treated as a Reporting Bermuda Financial Institution for purposes of FATCA, under the intergovernmental agreement, it will be directed to register with the

Edgar Filing: Essent Group Ltd. - Form 424B5

IRS and enabled to comply with the requirements of FATCA, including due diligence, reporting and withholding. Assuming registration and compliance pursuant to such intergovernmental agreement, an FFI would be treated as compliant with FATCA and not subject to withholding.

The Company and Essent Re may be subject to the requirements imposed on FFIs or passive non-financial foreign entities under FATCA and will use reasonable efforts to avoid the imposition of a withholding tax under FATCA, which may include entering into an agreement with the IRS.

United States Taxation

The following summary sets forth certain U.S. Federal income tax considerations related to the purchase, ownership and disposition of the common shares. Unless otherwise stated, this summary deals only with shareholders that are U.S. Persons (as defined below) who purchase their common shares pursuant to this offering, who did not own (directly or indirectly through non-U.S. entities or constructively) shares of the Company prior to such offering and who hold their shares as capital assets within the meaning of section 1221 of the Code. The following discussion is only a discussion of certain U.S. Federal income tax matters as described herein and does not purport to address all of the U.S. Federal income tax consequences that may be relevant to a particular shareholder in light of such shareholder's specific circumstances. In addition, the following summary does not address the U.S. Federal income tax consequences that may be relevant to special classes of shareholders, such as financial institutions, insurance companies, regulated investment companies, real estate investment trusts, financial asset securitization investment trusts, dealers or traders in securities or currencies, tax-exempt organizations, expatriates, partnerships or other pass-through entities (or investors in such entities), persons whose functional currency is not the U.S. dollar, persons subject to the alternative minimum tax, persons who are considered with respect to any of us as United States shareholders for purposes of the CFC rules of the Code (generally, a U.S. Person, as defined below, who owns or is deemed to own 10% or more of the total combined voting power of all classes of the Company's shares or the shares of any of our non-U.S. subsidiaries (i.e., 10% U.S. Shareholders (as defined below))), or persons who hold their shares as part of a hedging or conversion transaction or as part of a short-sale or straddle, who may be subject to special rules or treatment under the Code. This discussion is based upon the Code, the Treasury Regulations promulgated thereunder and any relevant administrative rulings or pronouncements or judicial decisions, all as in effect on the date hereof and as currently interpreted, and does not take into account possible changes in such tax laws or interpretations thereof, which may apply retroactively. This discussion does not include any description of the tax laws of any state or local governments within the United States or of any non-U.S. government. Persons considering making an investment in common shares should consult their own tax advisors concerning the application of the U.S. Federal tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction prior to making such investment.

If a partnership (or other entity treated as a partnership for U.S. Federal income tax purposes) holds the common shares, the tax treatment of the partners will generally depend on the status of the partner and the activities of the partnership. If you are a partner of an entity treated as a partnership owning our shares, you should consult your tax advisor.

For purposes of this discussion, the term "U.S. Person" means: (i) an individual citizen or resident of the United States, (ii) a partnership or corporation, created in or organized under the laws of the United States, or organized under the laws of any political subdivision thereof, (iii) an estate the income of which is subject to U.S. Federal income taxation regardless of its source, (iv) a trust if either (x) a court within the United States is able to exercise primary supervision over the administration of such trust and one or more U.S. Persons have the authority to control all substantial decisions of such trust or (y) the trust has a valid election in effect to be treated as a U.S. Person for U.S. Federal income tax purposes or (v) any other person or entity that is treated for U.S. Federal income tax purposes as if it were one of the foregoing.

Taxation of Distributions. Subject to the discussions below relating to the potential application of the CFC, related party insurance income (RPII) and passive foreign investment company (PFIC) rules, cash distributions, if any, made with respect to the common shares will constitute dividends for U.S. Federal income tax purposes to the extent paid out of current or accumulated earnings and profits of the Company (as computed using U.S. tax principles). To the extent such distributions exceed the Company's earnings and profits, they will be treated first as a return of the shareholder's basis in their shares to the extent thereof, and then as gain from the sale of a capital asset. If, as expected, the Company does not compute its earnings and profits under U.S. tax principles, all distributions will be characterized as dividends for U.S. Federal income tax purposes. Dividends paid by us to U.S. Persons who are corporations will not be eligible for the dividends received deduction. Dividends paid by us on our common shares to non-corporate U.S. persons should be eligible for reduced rates of taxation as qualified dividend income, provided certain requirements, including stock holding period requirements, are satisfied. Qualified dividend income is subject to tax at long-term capital gains rates rather than the higher rates applicable to ordinary income.

Dividends that exceed certain thresholds in relation to a shareholder's tax basis in the common shares could be characterized as an extraordinary dividend under the Code. A non-corporate holder of our common shares that receives an

Table of Contents

extraordinary dividend will be required to treat any losses on the sale of our common shares as long-term capital losses to the extent of the extraordinary dividends such shareholder receives that are treated as qualified dividend income.

Classification of the Company or Its Non-U.S. Subsidiaries as Controlled Foreign Corporations. Each 10% U.S. Shareholder (as defined below) of a non-U.S. corporation that is a CFC for an uninterrupted period of 30 days or more during a taxable year and who owns shares in the CFC, directly or indirectly through non-U.S. entities, on the last day of the CFC's taxable year, must include in its gross income for U.S. Federal income tax purposes its pro rata share of the CFC's subpart F income, even if the subpart F income is not distributed. A non-U.S. corporation is considered a CFC if 10% U.S. Shareholders constructively own more than 50% of the total combined voting power of all classes of stock of such non-U.S. corporation, or more than 50% of the total value of all stock of such corporation. For purposes of taking into account insurance income, which is a category of subpart F income, a CFC also includes a non-U.S. company that earns insurance income in which more than 25% of the total combined voting power of all classes of stock or more than 25% of the total value of all stock is owned by 10% U.S. Shareholders on any day of the taxable year of such corporation, if the gross amount of premiums or other consideration for the reinsurance or the issuing of insurance or annuity contracts (other than certain insurance or reinsurance related to same country risks written by certain insurance companies not applicable here) exceeds 75% of the gross amount of all premiums or other consideration in respect of all risks.

A 10% U.S. Shareholder is a U.S. Person who owns (directly, indirectly through non-U.S. entities or constructively) at least 10% of the total combined voting power of all classes of stock entitled to vote of the non-U.S. corporation. We believe that because of the anticipated dispersion of our share ownership, provisions in our organizational documents that limit voting power and other factors, no U.S. Person who owns shares of the Company directly or indirectly through one or more non-U.S. entities should be treated as owning (directly, indirectly through non-U.S. entities, or constructively) 10% or more of the total voting power of all classes of shares of the Company or any of its non-U.S. subsidiaries. It is possible, however, that the IRS could challenge the effectiveness of these provisions and that a court could sustain such a challenge.

The RPII CFC Provisions. The special RPII CFC income inclusion rules apply only if (i) the RPII of a non-U.S. insurance subsidiary, determined on a gross basis, is 20% or more of such company's gross insurance income for the taxable year, (ii) direct and indirect insureds and persons related (as defined below) to such insureds, whether or not U.S. Persons, are treated as owing (directly or indirectly through entities) 20% or more of the voting power or 20% or more of the value of such company and (iii) RPII Shareholders (as defined below) are treated as owing directly, indirectly through non-U.S. entities or constructively 25% or more of such non-U.S. insurance subsidiary by vote or value. Although we cannot be certain, the Company expects Essent Re will not have RPII equal to or in excess of 20% of its gross insurance income (the 20% Gross Income Exception) for the foreseeable future. Additionally, as the Company is not licensed as an insurance company, we do not anticipate that the Company will have insurance income, including RPII.

RPII is any insurance income (as defined below) attributable to policies of insurance or reinsurance with respect to which the person (directly or indirectly) insured is a RPII shareholder (as defined below) or a related person (as defined below) to such RPII shareholder. In general, and subject to certain limitations, insurance income is income (including premium and investment income) attributable to the issuing of any insurance or reinsurance contract which would be taxed under the portions of the Code relating to insurance companies if the income were the income of a U.S. domestic insurance company. For purposes of inclusion of the RPII of a non-U.S. insurance subsidiary in the income of RPII

Edgar Filing: Essent Group Ltd. - Form 424B5

shareholders, unless an exception applies, the term "RPII shareholder" means any U.S. Person who owns (directly or indirectly through non-U.S. entities) any amount of the Company's shares. Generally, the term "related person" for this purpose means someone who controls or is controlled by the RPII shareholder or someone who is controlled by the same person or persons which control the RPII shareholder.

Control is measured by either more than 50% in value or more than 50% in voting power of stock applying certain constructive ownership principles. A corporation's pension plan is ordinarily not a "related person" with respect to the corporation unless the pension plan owns, directly or indirectly through the application of certain constructive ownership rules, more than 50% measured by vote or value, of the stock of the corporation. Essent Re will be treated as a CFC under the RPII provisions if RPII shareholders are treated as owning (directly, indirectly through non-U.S. entities or constructively) 25% or more of the shares of the Company by vote or value.

S-15

Table of Contents

If the special RPII CFC inclusion rules apply, each U.S. Person owning (directly or indirectly through non-U.S. entities) any shares in the Company (and therefore, indirectly, in Essent Re) on the last day of Essent Re's taxable year on which it is a CFC under the RPII rules will be required to include in its gross income for U.S. Federal income tax purposes its share of the RPII of Essent Re for the portion of the taxable year during which Essent Re was a CFC under the RPII provisions, determined as if all such RPII were distributed proportionately only to such U.S. Persons at that date, but limited by each such U.S. Person's share of Essent Re's current-year earnings and profits as reduced by the U.S. Person's share, if any, of certain prior-year deficits in earnings and profits. The amount of RPII includable in the income of a RPII shareholder is based upon the net RPII income for the year after deducting related expenses such as losses, loss reserves and operating expenses. Essent Re intends to operate in a manner that is intended to ensure that Essent Re qualifies for the 20% Gross Income Exception. Although we do not expect that the gross RPII of Essent Re will equal or exceed 20% of Essent Re's gross insurance income in the foreseeable future, it is possible that we will not be successful in qualifying under this exception.

Computation of RPII. In order to determine how much RPII Essent Re has earned in each taxable year, our non-U.S. insurance subsidiaries may obtain and rely upon information from their insureds and reinsureds to determine whether any of the insureds, reinsureds or persons related thereto own (directly or indirectly through non-U.S. entities) shares of the Company and are U.S. Persons. The Company may not be able to determine whether any of the underlying direct or indirect insureds to which Essent Re provides insurance or reinsurance are shareholders or related persons to such shareholders.

Consequently, the Company may not be able to determine accurately the gross amount of RPII earned by Essent Re in a given taxable year. For any year in which the special RPII CFC inclusion rules apply, the Company may also seek information from its shareholders as to whether beneficial owners of shares at the end of the year are U.S. Persons so that the RPII may be determined and apportioned among such persons; to the extent the Company is unable to determine whether a beneficial owner of shares is a U.S. Person, the Company may assume that such owner is not a U.S. Person, thereby increasing the per share RPII amount for all known RPII shareholders.

If, as expected, for each taxable year Essent Re meets the 20% Gross Income Exception, RPII shareholders will not be required to include RPII in their taxable income.

Basis Adjustments. A RPII shareholder's tax basis in its shares will be increased by the amount of any RPII that the shareholder includes in income. The RPII shareholder may exclude from income the amount of any distributions by the Company out of previously taxed RPII income. The RPII shareholder's tax basis in its shares will be reduced by the amount of such distributions that are excluded from income under this rule.

Uncertainty as to Application of RPII. The RPII provisions have never been interpreted by the courts or the U.S. Treasury in final regulations, and regulations interpreting the RPII provisions of the Code exist only in proposed form. It is not certain whether these regulations will be adopted in their proposed form or what changes or clarifications might ultimately be made thereto or whether any such changes, as well as any interpretation or application of RPII by the IRS, the courts or otherwise, might have retroactive effect. These provisions include the grant of authority to the U.S. Treasury to prescribe such regulations as may be necessary to carry out the purpose of this subsection, including . . . regulations preventing the avoidance of this subsection through cross insurance arrangements or otherwise. Accordingly, the meaning of the RPII provisions and the application thereof to our non-U.S. insurance subsidiaries is

uncertain. In addition, we cannot be certain that the amount of RPII or the amounts of the RPII inclusions for any particular RPII shareholder, if any, will not be subject to adjustment based upon subsequent IRS examination. Any prospective investors considering an investment in our shares should consult his tax advisor as to the effects of these uncertainties.

Information Reporting. Under certain circumstances, U.S. Persons owning stock in a non-U.S. corporation are required to file IRS Form 5471 with their U.S. Federal income tax returns. Generally, information reporting on IRS Form 5471 is required by (i) a person who is treated as a RPII shareholder, (ii) a 10% U.S. Shareholder of a non-U.S. corporation that is a CFC for an uninterrupted period of 30 days or more during any tax year of the non-U.S. corporation, and who owned the stock on the last day of that year and (iii) under certain circumstances, a U.S. Person who acquires stock in a non-U.S. corporation and as a result thereof owns 10% or more of the voting power or value of such non-U.S. corporation, whether or not such non-U.S. corporation is a CFC. The Company will provide to all U.S. Persons registered as shareholders of its shares the relevant information necessary to complete Form 5471 in the event the Company determines this is necessary. Failure to file IRS Form 5471 may result in penalties.

Table of Contents

U.S. Persons holding common shares should consider their possible obligation to file a FinCen Form 114 – Foreign Bank and Financial Accounts Report – with respect to the common shares. Additionally, such U.S. Persons should consider their possible obligations to annually report certain information with respect to their interest in the common shares on IRS Form 8938. A U.S. Person holding common shares that acquires common shares from the Company will be required to file a Form 926 or a similar form with the IRS if (i) such person owns immediately after the transfer at least 10% by vote or value of the Company or (ii) the transfer, when aggregated with all related transfers under applicable regulations, exceeds \$100,000. In the event that a U.S. Person holding common shares that is required to file such form fails to do so, the U.S. Person could be subject to a penalty of up to \$100,000 (equal to 10% of the cash transferred). U.S. Persons should consult their tax advisors with respect to these or any other reporting requirements which may apply with respect to their purchase, holding and/or sale of the common shares.

Tax-Exempt Shareholders. Tax-exempt entities will be required to treat certain subpart F insurance income, including RPII, that is includable in income by the tax-exempt entity as unrelated business taxable income.

Prospective investors that are tax exempt entities are urged to consult their tax advisors as to the potential impact of the unrelated business taxable income provisions of the Code. A tax-exempt organization that is treated as a 10% U.S. Shareholder or a RPII shareholder also must file IRS Form 5471 in the circumstances described above.

Dispositions of Common Shares. Subject to the discussion below relating to the potential application of section 1248 of the Code and PFIC rules, U.S. Persons that hold common shares generally should recognize capital gain or loss for U.S. Federal income tax purposes on the sale, exchange, redemption or other disposition of common shares in the same manner as on the sale, exchange, redemption or other disposition of any other shares held as capital assets. If the holding period for these shares exceeds one year, under current law any gain will generally be subject to tax at a current maximum marginal tax rate of 20% for individuals, not including the tax on net investment income, described below, and 35% for corporations. Moreover, gain, if any, generally will be U.S. source gain and generally will constitute passive category income for foreign tax credit limitation purposes.

Section 1248 of the Code provides that if a U.S. Person sells or exchanges stock in a non-U.S. corporation and such person owned, directly, indirectly through certain non-U.S. entities or constructively, 10% or more of the voting power of the corporation at any time during the five-year period ending on the date of disposition when the corporation was a CFC, any gain from the sale or exchange of the shares will be treated as a dividend to the extent of the CFC's earnings and profits (determined under U.S. Federal income tax principles) during the period that the shareholder held the shares and while the corporation was a CFC (with certain adjustments). We believe that because of the anticipated dispersion of our share ownership, provisions in our organizational documents that limit voting power and other factors, no U.S. shareholder of the Company should be treated as owning (directly, indirectly through non-U.S. entities or constructively) 10% or more of the total voting power of the Company; to the extent this is the case, the application of section 1248 of the Code under the regular CFC rules should not apply to dispositions of our shares. It is possible, however, that the IRS could challenge the effectiveness of these provisions and that a court could sustain such a challenge.

A 10% U.S. Shareholder may in certain circumstances be required to report a disposition of shares of a CFC by attaching IRS Form 5471 to the U.S. Federal income tax or information return that it would normally file for the taxable year in which the disposition occurs. In the event this is determined necessary, the Company will provide the relevant information necessary to complete the Form.

Edgar Filing: Essent Group Ltd. - Form 424B5

Section 1248 of the Code, in conjunction with the RPII rules, also applies to the sale or exchange of shares in a non-U.S. corporation if the non-U.S. corporation would be treated as a CFC for RPII purposes regardless of whether the shareholder is a 10% U.S. Shareholder or the 20% Gross Income Exception applies or whether the ownership of the non-U.S. corporation's shares by direct or indirect insureds and related persons is less than the 20% threshold.

Existing proposed regulations do not address whether section 1248 of the Code would apply if a non-U.S. corporation is not a CFC but the non-U.S. corporation has a subsidiary that is a CFC and that would be taxed as an insurance company if it were a domestic corporation. We believe, however, that this application of section 1248 of the Code under the RPII rules should not apply to dispositions of common shares because the Company will not be directly engaged in the insurance business. We cannot be certain, however, that the IRS will not interpret the proposed regulations in a contrary manner or that the U.S. Treasury will not amend the proposed regulations to provide that these rules will apply to dispositions of common shares. Prospective investors should consult their tax advisors regarding the effects of these rules on a disposition of common shares.

Medicare Contribution Tax. A U.S. Person that is an individual, estate or a trust that does not fall into a special class of trusts that is exempt from such tax, has modified gross income in excess of certain thresholds, and earns net investment income in the relevant taxable year will be subject to a 3.8% tax on the lesser of (1) the U.S. Person's net investment income (or undistributed net investment income in the case of estates and trusts) for the relevant taxable year and (2) the excess of the U.S. Person's modified adjusted gross income for the taxable year over a certain threshold (which in the case of an individual will be between \$125,000 and \$250,000, depending on the individual's circumstances). A U.S. Person's net investment income will generally include its dividend income and its net gains from the disposition of common shares, unless such dividend income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). Under the regulations, an inclusion of subpart F income by a 10% U.S. Shareholder will not be treated as a dividend for purposes of calculating this 3.8% tax on net investment income. However, actual distributions with respect to such income, which as previously taxed income will not be subject to U.S. Federal income tax, will be treated as dividends for purposes of calculating net investment income and this 3.8% tax.

Passive Foreign Investment Companies. In general, a non-U.S. corporation will be a PFIC during a given year if (i) 75% or more of its gross income constitutes passive income (the 75% test) or (ii) 50% or more of its assets produce (or are held for the production of) passive income (the 50% test).

If the Company were characterized as a PFIC during a given year, each U.S. Person holding shares of the Company would be subject to a penalty tax at the time of the sale at a gain of, or receipt of an excess distribution with respect to, their shares, unless such person is a 10% U.S. Shareholder subject to tax under the CFC rules or such person made a qualified electing fund election or mark-to-market election. It is uncertain that the Company would be able to provide its shareholders with the information necessary for a U.S. Person to make a qualified electing fund election. In addition, if the Company were considered a PFIC, upon the death of any U.S. individual owning shares, such individual's heirs or estate would not be entitled to a step-up in the basis of the shares that might otherwise be available under U.S. Federal income tax laws. In general, a shareholder receives an excess distribution if the amount of the distribution is more than 125% of the average distribution with respect to the shares during the three preceding taxable years (or shorter period during which the taxpayer held the shares).

In general, the penalty tax is equivalent to an interest charge on taxes that are deemed due during the period the shareholder owned the shares, computed by assuming that the excess distribution or gain (in the case of a sale) with respect to the shares was taken in equal portion at the highest applicable tax rate on ordinary income throughout the shareholder's period of ownership. The interest charge is equal to the applicable rate imposed on underpayments of U.S. Federal income tax for such period. In addition, a distribution paid by the Company to U.S. shareholders that is characterized as a dividend and is not characterized as an excess distribution would not be eligible for reduced rates of tax as qualified dividend income if the Company were considered a PFIC in the taxable year in which such dividend is paid or in the preceding taxable year. A U.S. Person that is a shareholder in a PFIC may also be subject to additional information reporting requirements, including the annual filing of an IRS Form 8621.

For the above purposes, passive income generally includes interest, dividends, annuities and other investment income. The PFIC rules provide that income derived in the active conduct of an insurance business by a corporation which is predominantly engaged in an insurance business is not treated as passive income. The PFIC provisions also contain a look-through rule under which a foreign corporation shall be treated, for purposes of determining whether it is a PFIC, as if it received directly its proportionate share of the income and as if it held its proportionate share of the assets of any other corporation in which it owns at least 25% of the value of the stock.

Edgar Filing: Essent Group Ltd. - Form 424B5

The insurance income exception is intended to ensure that income derived by a bona fide insurance company is not treated as passive income, except to the extent such income is attributable to financial reserves in excess of the reasonable needs of the insurance business. We expect, for purposes of the PFIC rules, that Essent Re will be treated as predominantly engaged in an insurance business and is unlikely to have financial reserves in excess of the reasonable needs of its insurance business in each year of operations. Accordingly, none of the income or assets of Essent Re should be treated as passive. Additionally, we expect that in each year of operations passive income and assets of our other subsidiaries will be de minimis in each year of operations with respect to our overall income and assets. Under the look-through rule, the Company should be deemed to own its proportionate share of the assets and to have received its proportionate share of the income of its direct and indirect subsidiaries for purposes of the 75% test and the 50% test.

The IRS recently issued proposed regulations intended to clarify the application of the insurance income exception to the classification of a non-U.S. insurer as a PFIC. These proposed regulations provide that a non-U.S. insurer will qualify for the insurance income exception only if, among other things, the non-U.S. insurer's officers and employees perform its substantial managerial and operational activities. This proposed regulation will not be effective until adopted in final form. The Company believes that, based on the implementation of the current business plan of the Company and the application of certain

Table of Contents

look-through rules, the Company should not be characterized as a PFIC under current law, but because of the legal uncertainties as well as factual uncertainties with respect to the Group's planned operations, there is a material risk that it will be characterized as a PFIC for U.S. federal income tax purposes. In addition, because of the legal uncertainties relating to how the proposed regulations will be interpreted and the form in which such regulations may be finalized, no assurance can be given that the Company will not qualify as a PFIC under final IRS guidance or any legislative proposal that may be subsequently introduced and enacted. If the Company is considered a PFIC, it could have material adverse tax consequences for an investor that is subject to U.S. federal income taxation. Prospective investors should consult their tax advisers as to the effects of the PFIC rules.

U.S. investors are urged to consult their tax advisers and to consider making a protective QEF election with respect to the Company to preserve the possibility of making a retroactive QEF election. A U.S. Person that makes a QEF election with respect to a PFIC is currently taxable on its pro rata share of the ordinary earnings and net capital gain of such company during the years it is a PFIC (at ordinary income and capital gain rates, respectively), regardless of whether or not distributions were received. In addition, any of the PFIC's losses for a taxable year will not be available to U.S. Persons and may not be carried back or forward in computing the PFIC's ordinary earnings and net capital gain in other taxable years. A U.S. Person generally increases the basis of its PFIC shares, and the basis of any other property of the U.S. Person by reason of which such U.S. Person is considered to indirectly own PFIC shares, by amounts included in such U.S. persons' gross income pursuant to the QEF election. Therefore, an electing shareholder will generally increase the basis of its Common Shares by amounts included in the shareholder's gross income pursuant to the QEF election. A U.S. Person holding Common Shares will be required to file an IRS Form 8621 (which is a form that is required to be filed by holders of equity in a PFIC) for each tax year that it holds Common Shares and the Company is characterized as a PFIC, regardless of whether such U.S. Person has a QEF election in effect or receives any excess distribution.

Foreign Tax Credit. If U.S. Persons own a majority of our shares, only a portion of the current income inclusions, if any, under the CFC, RPII and PFIC rules and of dividends paid by us (including any gain from the sale of shares that is treated as a dividend under section 1248 of the Code) will be treated as foreign source income for purposes of computing a shareholder's U.S. foreign tax credit limitations. We will consider providing shareholders with information regarding the portion of such amounts constituting foreign source income to the extent such information is reasonably available. It is also likely that substantially all of the subpart F income, RPII and dividends that are foreign source income will constitute passive category income for foreign tax credit limitation purposes. Thus, it may not be possible for most shareholders to utilize excess foreign tax credits to reduce U.S. tax on such income.

Information Reporting and Backup Withholding on Distributions and Disposition Proceeds. Information returns may be filed with the IRS in connection with distributions on our shares and the proceeds from a sale or other disposition of our shares unless the holder of our shares establishes an exemption from the information reporting rules. A holder of shares that does not establish such an exemption may be subject to U.S. backup withholding tax on these payments if the holder is not a corporation or other exempt recipient or fails to provide its taxpayer identification number or otherwise comply with the backup withholding rules. The amount of any backup withholding from a payment to a U.S. Person will be allowed as a credit against the U.S. Person's U.S. Federal income tax liability and may entitle the U.S. Person to a refund, provided that the required information is timely and accurately furnished to the IRS.

Proposed U.S. Tax Legislation. It is possible that legislation could be introduced and enacted by the current Congress or future Congresses that could have an adverse impact on us or holders of common shares. Any such legislation could have a retroactive effect. For example, legislation based on the Tax Reform Task Force Blueprint dated June 24, 2016, which recommends moving to a consumption or destination-based tax system and provides for border adjustments

taxing imports to raise revenue to offset lost revenue from a reduction in the U.S. corporate income tax rate to 20 percent, may be introduced and enacted. The application of a destination-based tax with border adjustments to the cross-border insurance and reinsurance markets would be complex, and the manner in which it would be implemented and enforced is uncertain. If a destination-based tax with border adjustments is enacted and made applicable to cross-border insurance and reinsurance, its impact on the insurance industry may adversely impact the results of our operations. However, the Trump Administration and Congressional Republican leaders released a joint statement on July 27, 2017, announcing that the House Republican Blueprint proposal from June 2016 for a border adjusted tax has been dropped from further consideration.

Table of Contents

Underwriter	Number of Shares
Barclays Capital Inc.	5,000,000
Total	5,000,000

The underwriter is committed to take and pay for all of the shares being offered, if any are taken, other than the shares covered by the option described below unless and until this option is exercised.

The underwriter has an option to buy up to an additional 750,000 shares from Essent Group Ltd. to cover sales by the underwriter of a greater number of shares than the total number set forth in the table above. The underwriter may exercise that option for 30 days. If any shares are purchased pursuant to this option, the underwriter will purchase shares in approximately the same proportion as set forth in the table above.

The underwriter has agreed to purchase common shares from us at a price of \$ _____ per share, which will result in \$ _____ of proceeds to us before expenses (or approximately \$ _____ if the underwriter's option to purchase additional shares described above is exercised in full). The underwriter proposes to offer the shares of common stock from time to time for sale in one or more transactions on the NYSE, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices. In connection with the sale of the shares of common stock offered hereby, the underwriter may be deemed to have received compensation in the form of underwriting discounts. The underwriter may effect such transactions by selling shares of common stock to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriter and/or purchasers of shares of common stock for whom it may act as agents or to whom it may sell as principal.

The following table shows the per share and total underwriting discounts and commission to be paid to the underwriter by us. Such amounts are shown assuming both no exercise and full exercise of the underwriter's option to purchase 750,000 additional shares.

	No Exercise	Full Exercise
Per Share	\$ _____	\$ _____
Total	\$ _____	\$ _____

Shares sold by the underwriter to the public will initially be offered at the offering price set forth on the cover of this prospectus supplement. Any shares sold by the underwriter to securities dealers may be sold at a discount of up to \$ _____ per share from the offering price. After the initial offering of the shares, the underwriter may change the offering price and the other selling terms. The offering of the shares by the underwriter is subject to receipt and acceptance and subject to the underwriter's right to reject any order in whole or in part.

We and our executive officers, directors, and certain holders of our outstanding common shares, have agreed with the underwriter, subject to certain exceptions, not to dispose of or hedge any of its common shares or securities convertible into or exchangeable for common shares during the period from the date of this prospectus supplement continuing through the date 30 days after the date of this prospectus supplement, except with the prior written consent of the underwriter, and we have also agreed not to file any registration statement under the Securities Act (other than on Form S-8 relating to employee benefit plans). This agreement does not apply to any employee benefit plans described herein.

The underwriter, in its discretion, may release our common shares and other securities subject to the lock-up agreements described above in whole or in part at any time. When determining whether or not to release our common shares and other securities from the lock-up agreements, the underwriter will consider, among other factors, our or the holder's reasons for requesting the release, the number of shares of our common shares and other securities for which the release is being requested and market conditions at the time.

Table of Contents

Our common shares are listed on the NYSE under the symbol ESNT .

In connection with this offering, the underwriter may purchase and sell common shares in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Stabilizing transactions consist of bids or purchases made for the purpose of preventing or retarding a decline in the market price of our common shares while this offering is in progress. Short sales involve the sale by the underwriter of a greater number of shares than they are required to purchase in the offering, and a short position represents the amount of such sales that have not been covered by subsequent purchases. A covered short position is a short position that is not greater than the amount of additional shares for which the underwriter's option described above may be exercised. The underwriter may cover any covered short position by either exercising its option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to cover the covered short position, the underwriter will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which it may purchase additional shares pursuant to the option described above. Naked short sales are any short sales that create a short position greater than the amount of additional shares for which the option described above may be exercised. The underwriter must cover any such naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriter is concerned that there may be downward pressure on the price of the common shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of common shares made by the underwriter in the open market prior to the completion of this offering.

Purchases to cover a short position and stabilizing transactions, as well as other purchases by the underwriter for its own account, may have the effect of preventing or retarding a decline in the market price of our common shares, and together with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of the common shares. As a result, the price of the common shares may be higher than the price that otherwise might exist in the open market. The underwriter is not required to engage in these activities and may end any of these activities at any time. These transactions may be effected on the NYSE, in the over-the-counter market or otherwise.

The underwriter does not expect sales to discretionary accounts to exceed _____ % of the total number of shares offered.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$ _____.

We have agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State, no offer of shares may be made to the public in that Relevant Member State other than:

- a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- b) to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the Representatives; or
- c) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of shares shall require us or the underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive and each person in a Relevant Member State who initially acquires any shares or to whom any offer is made will be deemed to have represented, acknowledged and agreed to and with the underwriter that it is a qualified investor within the meaning of the law in that Relevant Member State implementing Article 2(1)(e) of the Prospectus Directive.

In the case of any shares being offered to a financial intermediary as that term is used in Article 3(2) of the Prospectus Directive, each such financial intermediary will be deemed to have represented, acknowledged and agreed that the shares acquired by it in the offer have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer of any shares to the public other than their offer or resale in a Relevant Member State to qualified investors as defined in the Prospectus Directive, or in

circumstances in which the prior consent of the underwriter has been obtained to each such proposed offer or resale.

We, the underwriter, and our and its affiliates will rely upon the truth and accuracy of the foregoing representations, acknowledgments and agreements.

This prospectus supplement has been prepared on the basis that any offer of shares in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of shares. Accordingly any person making or intending to make an offer in that Relevant Member State of shares which are the subject of the offering contemplated in this prospectus supplement may only do so in circumstances in which no obligation arises for us or the underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither we nor the underwriter have authorized, nor do we or the underwriter authorize, the making of any offer of shares in circumstances in which an obligation arises for us or the underwriter to publish a prospectus for such offer.

For the purpose of the above provisions, the expression "offer of shares to the public" in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe the shares, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

Notice to Residents of Japan

The shares have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the Financial Instruments and Exchange Law) and the underwriter has agreed that it will not offer or sell any shares, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

Notice to Prospective Investors in Canada

The shares may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 *Prospectus Exemptions* or subsection 73.3(1) of the *Securities Act* (Ontario), and are permitted clients, as defined in National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*. Any resale of the shares must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this prospectus supplement (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or

consult with a legal advisor.

Pursuant to section 3A.3 (or, in the case of securities issued or guaranteed by the government of a non-Canadian jurisdiction, section 3A.4) of National Instrument 33-105 *Underwriting Conflicts* (NI 33-105), the underwriter is not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering.

Conflicts of Interest

The underwriter or certain affiliates of the underwriter are lenders under the Credit Agreement. As described above, we may use the net proceeds from this offering to reduce borrowings owed to the underwriter or its affiliates under the Credit Agreement, and the underwriter or certain affiliates of the underwriter therefore may receive more than 5% of the net proceeds from this offering through the repayment of such debt, which creates a conflict of interest under FINRA Rule 5121. This offering is therefore being made in compliance with Rule 5121. A QIU, as defined in Rule 5121, will not be necessary for this offering as the securities have a bona fide public market pursuant to Rule 5121(a)(1)(B). The underwriter will not sell to a discretionary account any security with respect to which a conflict exists under Rule 5121, unless the member has received specific written approval of the transaction from the account holder and retains documentation of the approval in its records.

EXPERTS

The financial statements and management's assessment of the effectiveness of internal control over financial reporting (which is included in Management's Report on Internal Control over Financial Reporting) incorporated in this Prospectus by reference to the Annual Report on Form 10-K for the year ended December 31, 2016 have been so incorporated in reliance on the report of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

ENFORCEMENT OF CIVIL LIABILITIES UNDER U.S. FEDERAL SECURITIES LAWS

We are a Bermuda company. In addition, certain of our directors and officers as well as certain of the experts named in this prospectus supplement, reside outside the United States, and all or a substantial portion of our assets and their assets are located outside the United States. Therefore, it may be difficult for investors to effect service of process within the United States upon those persons or to recover against us or those persons on judgments of courts in the United States, including judgments based on civil liabilities provisions of the U.S. Federal securities laws.

We have been advised by Conyers Dill & Pearman Limited, our Bermuda counsel, that the United States and Bermuda do not currently have a treaty providing for reciprocal recognition and enforcement of judgments in civil and commercial matters. We also have been advised by Conyers Dill & Pearman Limited that there is doubt as to whether the courts of Bermuda would enforce (1) judgments of U.S. courts based on the civil liability provisions of the U.S. Federal securities laws obtained in actions against us or our directors and officers, and (2) original actions brought in Bermuda against us or our officers and directors based solely upon the U.S. Federal securities laws. A Bermuda court may, however, impose civil liability on us or our directors or officers in a suit brought in the Supreme Court of Bermuda provided that the facts alleged constitute or give rise to a cause of action under Bermuda law. Certain remedies available under the laws of U.S. jurisdictions, including certain remedies under the U.S. Federal securities laws, would not be allowed in Bermuda courts to the extent that they are contrary to public policy.

DESCRIPTION OF OUR SHARE CAPITAL

The following description of our share capital is a summary and is based on the provisions of our amended and restated bye-laws (our "bye-laws") and the applicable provisions of the Bermuda Companies Act of 1981 (the "Companies Act"). This information is qualified entirely by reference to the applicable provisions of our memorandum of association, our bye-laws and the Companies Act. For information on how to obtain copies of our memorandum of association and bye-laws, which are exhibits to the registration statement of which this prospectus is a part, see *Where You Can Find More Information*.

Authorized and Outstanding Capital Stock

Essent Group is authorized to issue a total of 233,333,333.333 common shares, with a par value of \$0.015 per share.

As of February 20, 2015, there were 92,662,850 common shares issued and outstanding, and no preferred shares were authorized, issued or outstanding.

Preference Shares

Pursuant to Bermuda law and our bye-laws, our board of directors by resolution may establish one or more series of preference shares having such number of shares, designations, dividend rates, relative voting rights, conversion or exchange rights, redemption rights, liquidation rights and other relative participation, optional or other special rights, qualifications, limitations or restrictions as may be fixed by the board without any further shareholder approval. Such rights, preferences, powers and limitations as may be established could have the effect of discouraging an attempt to obtain control of the Company.

Common Shares

General

Our common shares have no pre-emptive rights or other rights to subscribe for additional shares, and no rights of redemption, conversion or exchange. Under certain circumstances and subject to the provisions of Bermuda law and our bye-laws, we may be required to make an offer to repurchase shares held by members. All of our outstanding shares of common shares are fully paid and nonassessable. Our common shares are listed on the NYSE under the symbol ESNT.

Dividend Policy

The board may, subject to Bermuda law and our bye-laws, declare a dividend to be paid to our members as of a record date determined by the board, in proportion to the number of shares held by such holder.

Voting Rights

In general, and subject to the adjustments described below, holders of our common shares will have one vote for each common share held by them and will be entitled to vote, on a non-cumulative basis, at all meetings of shareholders.

Under our bye-laws, in the event that a Tentative 9.5% Shareholder (as defined below) exists, the aggregate votes conferred by shares held by a shareholder and treated as Controlled Shares (as defined below) of that Tentative 9.5% Shareholder shall be reduced to the extent necessary such that the Controlled Shares of the Tentative 9.5% Shareholder will constitute less than nine and one-half percent (9.5%) of the voting power of all issued and outstanding shares. The votes of members owning no

Table of Contents

shares treated as Controlled Shares of any Tentative 9.5% Shareholder shall, in the aggregate, be increased by the same number of votes subject to reduction as described above, provided, however, that no shares shall be conferred votes to the extent that doing so will cause any person to be treated as a 9.5% Shareholder. These reductions will be made pursuant to formulas provided in our bye-laws, as applied by the board within its discretion. Under these provisions certain members may have their voting rights limited to less than one vote per share, while other members may have voting rights in excess of one vote per share.

Tentative 9.5% Shareholder means for a U.S. Person that, but for adjustments or restrictions on exercise of the voting power of shares pursuant to our bye-laws, would be a 9.5% Shareholder.

Controlled Shares means, in reference to any person, all shares that such person is deemed to own directly, indirectly (within the meaning of Section 958(a) of the Internal Revenue Code of 1986, as amended (the Code)) or, in the case of any U.S. Person, constructively (within the meaning of Section 958(b) of the Code); 9.5% Shareholder means a U.S. Person that (a) owns (within the meaning of Section 958(a) of the Code) any shares and (b) owns, is deemed to own, or constructively owns Controlled Shares which confer votes in excess of 9.5% of the votes conferred by all of the issued and outstanding shares. For purposes of this discussion, the term U.S. Person means: (i) an individual citizen or resident of the United States, (ii) a partnership or corporation, created in or organized under the laws of the United States, or organized under the laws of any political subdivision thereof, (iii) an estate the income of which is subject to U.S. Federal income taxation regardless of its source, (iv) a trust if either (x) a court within the United States is able to exercise primary supervision over the administration of such trust and one or more U.S. trustees have the authority to control all substantial decisions of such trust or (y) the trust has a valid election in effect to be treated as a U.S. Person for U.S. Federal income tax purposes or (v) any other person or entity that is treated for U.S. Federal income tax purposes as if it were one of the foregoing.

In addition, our bye-laws provide that the board may determine that certain shares shall not carry voting rights or shall have reduced voting rights to the extent that the board reasonably determines that it is necessary to do so to avoid any adverse tax consequences or materially adverse legal or regulatory treatment to us, any of our subsidiaries or any member or its affiliates, provided that the board will use reasonable efforts to ensure equal treatment to similarly situated members to the extent possible under the circumstances.

Our bye-laws authorize us to request information from any member for the purpose of determining whether a member's voting rights are to be adjusted as described above. If, after a reasonable cure period, a member fails to respond to a request by us for information or submits incomplete or inaccurate information in response to a request, the board may eliminate the member's voting rights. A member will be required to notify us in the event it acquires actual knowledge that it or one of its investors is the actual, deemed or constructive owner of 9.5% or more of our controlled shares.

Dividends and Other Distributions

Under Bermuda law, a company may not declare or pay a dividend, or make a distribution out of contributed surplus, if there are reasonable grounds for believing that (i) the company is, or would after the payment be, unable to pay its liabilities as they become due; or (ii) the realizable value of the company's assets would thereby be less than its liabilities. Under our bye-laws, each common share is entitled to dividends if, as and when dividends are declared by our board of directors, subject to any preferred dividend right of holders of any preference shares. Contributed surplus is defined for purposes of section 54 of the Companies Act to include the proceeds arising from donated shares, credits resulting from the redemption or conversion of shares at less than the amount set up as nominal capital and donations of cash and other assets to the company.

Meetings of Shareholders

Our annual general meeting is held each year. Bermuda law provides that a special general meeting of shareholders may be called by the board of directors of a company and must be called upon the request of shareholders holding not less than 10% of the paid-up capital of the company carrying the right to vote at general meetings. Bermuda law also requires that shareholders be given at least five days' notice of a general meeting, but the accidental omission to give notice to any person does not invalidate the proceedings at a meeting. Our bye-laws provide that the Chief Executive Officer or the Chairman (if any) or any two directors or any director and the secretary may convene a members meeting. In addition, upon receiving a requisition from the shareholders of at least one tenth (1/10th) of the paid up share capital of the Company, the board shall convene a special general meeting. Under our bye-laws, at least 5 days' notice of an annual general meeting or a special general meeting must be given to each shareholder entitled to vote at such meeting. This notice requirement is subject to the ability to hold such meetings on shorter notice if such notice is agreed: (i) in the case of an annual general meeting by all of the shareholders entitled to attend and vote at such meeting; or (ii) in the case of a special general meeting, by a majority in number of the shareholders entitled to attend and vote at the meeting holding not less than 95% in nominal value of the shares entitled to vote at such meeting. The quorum required for a general meeting of shareholders is two or more persons present throughout and representing in person or by proxy in excess of 50% of the total issued voting shares. Questions proposed for the consideration by the shareholders will be decided by the affirmative vote of the majority of the votes cast.

Voting Rights and Quorum Requirements

Under Bermuda law, the voting rights of our shareholders are regulated by our bye-laws and, in certain circumstances, the Companies Act. Subject to our bye-laws, at any general meeting two or more persons present throughout and representing in person or by proxy in excess of 50% of the total issued voting shares in the Company shall form a quorum for the transaction of business. Generally, except as otherwise provided in the bye-laws or the Companies Act, at any general meeting, subject to any rights or restrictions attached to the shares, every shareholder present in person and every person holding a valid proxy at such meeting shall be entitled to one vote for each voting share held. No shareholder shall be entitled to vote at a general meeting unless such shareholder has paid all the calls on all shares held by them. Subject to the Companies Act and our bye-laws, any question proposed for the consideration of the shareholders at any general meeting shall be decided by the affirmative votes of a majority of the votes cast. In the case of an equality of votes the resolution shall fail.

Approval of Corporate Matters by Written Consent

The Companies Act and our bye-laws provide that shareholders may take action by written resolution signed by the majority of shareholders that would have been required had a meeting occurred and had all shareholders so entitled attended and voted thereat.

Shareholder Proposals

Edgar Filing: Essent Group Ltd. - Form 424B5

Under Bermuda law, shareholder(s) may, as set forth below and at their own expense (unless the company otherwise resolves), require the company to: (i) give notice to all shareholders entitled to receive notice of the annual general meeting of any resolution that the shareholder(s) may properly move at the next annual general meeting; and/or (ii) circulate to all shareholders entitled to receive notice of any general meeting a statement in respect of any matter referred to in any proposed resolution or any business to be conducted at such general meeting. The number of shareholders necessary for such a requisition is either: (i) any number of shareholders representing not less than 5% of the total voting rights of all shareholders entitled to vote at the meeting to which the requisition relates; or (ii) not less than 100 shareholders.

Shareholder Advance Notice Procedure

Our bye-laws establish an advance notice procedure for shareholders to make nominations of candidates for election as directors or to bring other business before an annual general meeting of our shareholders.

These provisions may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed. We expect that these provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of our Company.

The bye-laws provide that any shareholder wishing to nominate persons for election as directors at, or bring other business before, an annual general meeting must deliver to our secretary a timely written notice of the shareholder's intention to do so.

To be timely, the shareholder's notice must be delivered to or mailed and received by us not less than 90 days nor more than 120 days before the anniversary date of the preceding annual meeting, except that if the annual meeting is set for a date that is not within 30 days before or after such anniversary date, we must receive the notice no earlier than 120 days prior to such annual general meeting and no later than the later of 70 days prior to the date of the general meeting or the 10th day following the day on which public announcement of the date of the general meeting was first made by the Company.

The notice must include the following information:

- the name and address of the shareholder who intends to make the nomination and the name and address of the person or persons to be nominated or the nature of the business to be proposed;
- a representation that the shareholder is a holder of record of our share capital entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons or to introduce the business specified in the notice;
- if applicable, a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons, naming such person or persons, pursuant to which the nomination is to be made by the shareholder;

- such other information regarding each nominee or each matter of business to be proposed by such shareholder as would be required to be included in a proxy statement filed under the SEC's proxy rules if the nominee had been nominated or intended to be nominated, or the matter that had been proposed, or intended to be proposed, by the board of directors;
- if applicable, the consent of each nominee to serve as a director if elected; and
- such other information that the board of directors may request in its discretion.

Number of Directors

Our bye-laws provide that our board shall consist of such number of directors being not less than two directors and such number in excess as the board may determine. Our board of directors currently consists of nine directors.

Classified Board of Directors

Our board is divided into three classes, Class I, Class II and Class III. Each class of directors consists of one-third of the total number of directors constituting the entire board. Each class of

Table of Contents

directors is elected for a three-year term of office, but the terms are staggered so that the term of only one class of directors expires at each annual general meeting.

Removal of Directors

Our bye-laws provide that a director may be removed only with cause by a majority vote of the shareholders, provided that the notice of the shareholders meeting convened to remove the director is given to the director. The notice must contain a statement of the intention to remove the director and must be served on the director not less than 14 days before the meeting. The director is entitled to attend the meeting and be heard on the motion for his removal.

Duties of Directors

The Companies Act, which applies to us, authorizes the directors of a company, subject to its bye-laws, to exercise all powers of the company except those that are required by the Companies Act or the company's bye-laws to be exercised by the shareholders of the company. Our bye-laws provide that our business is to be managed and conducted by our board. At common law, members of a board of directors owe a fiduciary duty to the company to act in good faith in their dealings with or on behalf of the company and exercise their powers and fulfill the duties of their office honestly. This duty includes the following essential elements:

- a duty to act in good faith in the best interests of the company;
- a duty not to make a personal profit from opportunities that arise from the office of director;
- a duty to avoid conflicts of interest; and
- a duty to exercise powers for the purpose for which such powers were intended.

The Companies Act imposes a duty on directors and officers of a Bermuda company:

- to act honestly and in good faith with a view to the best interests of the company; and

- to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

The Companies Act also imposes various duties on directors and officers of a company with respect to certain matters of management and administration of the company.

Under Bermuda law, directors and officers generally owe fiduciary duties to the company itself, not to the company's individual shareholders or members, creditors, or any class of either shareholders, members or creditors. Our shareholders may not have a direct cause of action against our directors.

Interested Directors

Bermuda law provides that if a director has an interest in a material contract or proposed material contract with us or any of our subsidiaries or has a material interest in any person that is a party to such a contract, the director must disclose the nature of that interest at the first opportunity either at a meeting of directors or in writing to the board.

Indemnification of Directors and Officers

Section 98 of the Companies Act provides generally that a Bermuda company may indemnify its directors, officers and auditors against any liability which by virtue of any rule of law would otherwise be imposed on them in respect of any negligence, default, breach of duty or breach of trust, except in cases where such liability arises from fraud or dishonesty of which such director, officer or auditor may be guilty in relation to the company. Section 98 further provides that a Bermuda company may in its

Table of Contents

bye-laws or in any contract or arrangement between the company and any officer, or any person employed by the company as auditor, exempt such officer or person from, or indemnify him in respect of, any loss arising or liability attaching to him by virtue of any rule of law in respect of any negligence, default, breach of duty or breach of trust of which the officer or person may be guilty in relation to the company or any subsidiary thereof.

We have adopted provisions in our bye-laws that provide that we shall indemnify our officers and directors in respect of their actions and omissions, except in respect of their fraud or dishonesty. Our bye-laws provide that the shareholders waive all claims or rights of action that they might have, individually or in right of the company, against any of the company's directors or officers for any act or failure to act in the performance of such director's or officer's duties, except in respect of any fraud or dishonesty of such director or officer. Section 98A of the Companies Act permits us to purchase and maintain insurance for the benefit of any officer or director in respect of any loss or liability attaching to him in respect of any negligence, default, breach of duty or breach of trust, whether or not we may otherwise indemnify such officer or director. We have purchased and maintain a directors' and officers' liability policy for this purpose.

Amendment of Memorandum of Association

Bermuda law provides that the memorandum of association of a company may be amended by a resolution passed at a general meeting of shareholders of which due notice has been given. Certain amendments to the memorandum of association may require approval of the Bermuda Minister of Finance, who may grant or withhold approval at his or her discretion.

Amendments to our memorandum of association will require an affirmative vote of the majority of our board and by a resolution of the shareholders including the affirmative vote of not less than 66 $\frac{2}{3}$ % of the votes attaching to all shares in issue.

These provisions make it more difficult for any person to remove or amend any provisions in our memorandum of association and bye-laws that may have an anti-takeover effect.

Amendment of Bye-laws

Consistent with the Companies Act, our bye-laws provide that the bye-laws may only be rescinded, altered or amended upon approval by a resolution of our board of directors and by a resolution of our shareholders.

In the case of certain bye-laws, including the bye-laws relating to the power to demand a vote on a poll, election and removal of directors, indemnification and exculpation of directors and officers, winding up of the company and amendment of memorandum of association provisions, the required resolutions must include the affirmative vote of at least 66 $\frac{2}{3}$ % of our directors then in office and of at least 66 $\frac{2}{3}$ % of the votes attaching to all shares in issue.

Approval of Certain Transactions

Amalgamations, Mergers and Similar Arrangements

The amalgamation or merger of a Bermuda company with another company or corporation (other than certain affiliated companies) requires the amalgamation or merger agreement to be approved by the company's board of directors and by its shareholders. Our bye-laws provide that a simple majority of the shareholders voting at such meeting is required to approve the amalgamation or merger agreement, and the quorum for such meeting is two persons present throughout and representing in person or by proxy in excess of 50% of the total issued voting shares in the Company.

Table of Contents

Under Bermuda law, in the event of an amalgamation or merger of a Bermuda company with another company or corporation, a shareholder of the Bermuda company who did not vote in favor of the amalgamation or merger and is not satisfied that fair value has been offered for such shareholder's shares may, within one month of notice of the shareholders meeting, apply to the Supreme Court of Bermuda to appraise the fair value of those shares.

Our bye-laws contain provisions regarding business combinations with interested shareholders.

Pursuant to our bye-laws, in addition to any other approval that may be required by applicable law, any business combination with an interested shareholder within a period of three years after the date of the transaction in which the person became an interested shareholder must be approved by our board and authorized at an annual or special general meeting by the affirmative vote of at least 66 $\frac{2}{3}$ % of our issued and outstanding voting shares that are not owned by the interested shareholder, unless:

- prior to the time that the shareholder becoming an interested shareholder, our board of directors approved either the business combination or the transaction that resulted in the shareholder becoming an interested shareholder; or
- upon consummation of the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least 85% of our issued and outstanding voting shares at the time the transaction commenced, excluding for the purposes of determining the number of shares issued and outstanding, those shares owned (i) by persons who are directors and also officers and (ii) employee share plans in which employee participants do not have the right to determine whether shares held subject to the plan will be tendered in an tender or exchange offer.

The bye-laws define business combinations to include the following:

- any merger or consolidation of the Company with the interested shareholder or its affiliates or with any other company, partnership, unincorporated association or other entity if caused by the interested shareholder;
- any sale, lease, exchange, mortgage, pledge, transfer, or other disposition of 10% or more of our assets involving the interested shareholder;
- subject to specified exceptions, any transaction that results in the issuance or transfer by us of any share of the Company to the interested shareholder;

- any transaction involving us that has the effect of increasing the proportionate share of any class or series of our shares beneficially owned by the interested shareholder; or
- any receipt by the interested shareholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through us.

An interested shareholder is a person that beneficially owns 15% or more of our issued and outstanding voting shares and any person affiliated or associated with us that owned 15% or more of our issued and outstanding voting shares at any time three years prior to the relevant time.

Takeovers

An acquiring party is generally able to acquire compulsorily the common shares of minority holders of a company in the following ways:

By a procedure under the Companies Act known as a scheme of arrangement. A scheme of arrangement could be effected by obtaining the agreement of the company and of holders of common shares, representing in the aggregate a majority in number and at least 75% in value of the common shareholders present and voting at a court ordered meeting held to consider the scheme of

Table of Contents

arrangement. The scheme of arrangement must then be sanctioned by the Bermuda Supreme Court. If a scheme of arrangement receives all necessary agreements and sanctions, upon the filing of the court order with the Registrar of Companies in Bermuda, all holders of common shares could be compelled to sell their shares under the terms of the scheme of arrangement.

By acquiring pursuant to a tender offer 90% of the shares or class of shares not already owned by, or by a nominee for, the acquiring party (the offeror), or any of its subsidiaries. If an offeror has, within four months after the making of an offer for all the shares or class of shares not owned by, or by a nominee for, the offeror, or any of its subsidiaries, obtained the approval of the holders of 90% or more of all the shares to which the offer relates, the offeror may, at any time within two months beginning with the date on which the approval was obtained, by notice compulsorily acquire the shares of any non-tendering shareholder on the same terms as the original offer unless the Supreme Court of Bermuda (on application made within a one-month period from the date of the offeror's notice of its intention to acquire such shares) orders otherwise.

Where the acquiring party or parties hold not less than 95% of the shares or a class of shares of the company, by acquiring, pursuant to a notice given to the remaining shareholders or class of shareholders, the shares of such remaining shareholders or class of shareholders. When this notice is given, the acquiring party is entitled and bound to acquire the shares of the remaining shareholders on the terms set out in the notice, unless a remaining shareholder, within one month of receiving such notice, applies to the Supreme Court of Bermuda for an appraisal of the value of their shares. This provision only applies where the acquiring party offers the same terms to all holders of shares whose shares are being acquired.

Inspection of Corporate Records

Members of the general public have the right to inspect our public documents available at the office of the Registrar of Companies in Bermuda and our registered office in Bermuda, which will include our memorandum of association (including its objects and powers) and certain alterations to our memorandum of association. Our shareholders have the additional right to inspect our bye-laws, minutes of general meetings and audited financial statements, which must be presented to the annual general meeting of shareholders.

The register of members of a company is also open to inspection by shareholders and members of the general public without charge. The register of members is required to be open for inspection for not less than two hours in any business day (subject to the ability of a company to close the register of members for not more than 30 days in a year). A company is required to maintain its share register in Bermuda but may, subject to the provisions of the Companies Act, establish a branch register outside of Bermuda. A company is also required to keep at its registered office a register of directors and officers which is also open to inspection by shareholders and members of the general public without charge. Bermuda law does not, however, provide a general right for shareholders to inspect or obtain copies of any other corporate records.

Shareholders' Suits

Class actions and derivative actions are generally not available to shareholders under Bermuda law. The Bermuda courts, however, would ordinarily be expected to permit a shareholder to commence an action in the name of a company to remedy a wrong to the company where the act complained of is alleged to be beyond the corporate power of the company or illegal, or would result in the violation of the company's memorandum of association or bye-laws.

Furthermore, consideration would be given by a Bermuda court to acts that are alleged to constitute a fraud against the minority shareholders or, for instance, where an act requires the approval of a greater percentage of the company's shareholders than that which actually approved it.

Table of Contents

When the affairs of a company are being conducted in a manner which is oppressive or prejudicial to the interests of some part of the shareholders, one or more shareholders may apply to the Supreme Court of Bermuda, which may make such order as it sees fit, including an order regulating the conduct of the company's affairs in the future or ordering the purchase of the shares of any shareholders by other shareholders or by the company.

Dissolution

Under Bermuda law, a solvent company may be wound up by way of a shareholders' voluntary liquidation. Prior to the company entering liquidation, a majority of the directors shall each make a statutory declaration, which states that the directors have made a full enquiry into the affairs of the company and have formed the opinion that the company will be able to pay its debts within a period of 12 months of the commencement of the winding up and must file the statutory declaration with the Bermuda Registrar of Companies. The general meeting will be convened primarily for the purposes of passing a resolution that the company be wound up voluntarily and appointing a liquidator. The winding up of the company is deemed to commence at the time of the passing of the resolution.

Certain Bye-law Provisions

The provisions of our bye-laws may have an anti-takeover effect and may delay, defer or prevent a tender offer or takeover attempt that you might consider in your best interest, including an attempt that might result in your receipt of a premium over the market price for your shares. These provisions are also designed, in part, to encourage persons seeking to acquire control of us to first negotiate with our board of directors, which could result in an improvement of such persons' terms.

Pine Brook Shareholders Agreement

We are a party to a shareholders agreement dated November 5, 2013 with certain affiliates of Pine Brook Road Partners ("Pine Brook"), pursuant to which, for so long as Pine Brook holds at least 35% of the shares held by it at the consummation of our initial public offering in November 2013, Pine Brook has the right to nominate one Class III director to our board of directors at each annual general meeting of shareholders at which the term of a Pine Brook designee expires. DESCRIPTION OF DEBT SECURITIES

The following is a general description of the debt securities that we may issue from time to time. The particular terms relating to each debt security, which may be different from or in addition to the terms described below, will be set forth in a prospectus supplement relating to such securities.

General

The debt securities will be our direct obligations. The senior debt securities will rank equally with all of our other senior and unsubordinated debt. The senior subordinated debt securities will have a junior position to all of our senior debt, which is generally defined in both the subordinated debt indenture and senior subordinated debt indenture to include all debt other than debt that is expressly subordinated to or *pari passu* with the subordinated debt securities or senior subordinated debt securities, as the case may be. The subordinated debt securities will have a junior position to all of our senior debt and all of our senior subordinated debt. The senior debt securities will be issued under a senior debt indenture, the senior subordinated debt securities will be issued under a senior subordinated debt indenture, and the subordinated debt securities will be issued under a subordinated debt indenture. The indentures will be qualified under the Trust Indenture Act of 1939. The type and terms of the debt securities we offer under this prospectus may be limited by the other debt instruments to which we are a party at the time of the offering. We will file a copy of the indenture(s) or supplemental indenture(s) with the SEC at or before the time of offering the applicable series of debt securities. You should refer to those indenture(s) or supplemental indenture(s) for the complete terms of the debt securities.

Because most of our operations are conducted through our insurance subsidiaries, most of our cash flow, and consequently, our ability to service debt, including the debt securities, is dependent upon the earnings of those subsidiaries and the transfer of funds by those subsidiaries to us in the form of dividends or permitted payments under tax- and expense-sharing arrangements, supplemented with borrowings from time to time. Our insurance subsidiaries' ability to pay dividends to us is subject to various conditions imposed by the insurance regulations of the jurisdictions where they are domiciled and by the GSEs. In addition, the expense-sharing arrangements between us and our insurance subsidiaries have been approved by applicable state insurance departments, and such approvals are subject to change at any time.

Some of our subsidiaries may finance their operations by borrowing from external creditors; lending agreements between some of the operating subsidiaries and external creditors also may restrict the amount of net assets available for cash dividends and other payments to us.

Because we are a holding company, we rely on dividends from, and permitted payments under tax- and expense-sharing arrangements with, our subsidiaries to meet our liquidity needs, and therefore to make payments in respect of our securities. As such, any securities we issue will be structurally subordinated to the indebtedness and other liabilities, if any, of our subsidiaries, including claims of our subsidiaries' policyholders, trade creditors, preferred stockholders and creditors, and any taxing authorities. Any claims we have as an unsecured creditor of one of our subsidiaries would be subordinate to any security interest in the assets of that subsidiary and any indebtedness of that subsidiary senior to the indebtedness held by us.

We anticipate that any indenture will provide that the Company may, but need not, designate more than one trustee under an indenture, each with respect to one or more series of the debt securities. Any trustee under any indenture may resign or be removed with respect to one or more series of the debt securities, and the Company may appoint a successor trustee to act with respect to that series.

Table of Contents

The applicable prospectus supplement will describe the specific terms relating to the series of the debt securities the Company will offer, including, to the extent applicable, the following:

- the title and series designation of the debt securities and whether they are senior securities or subordinated securities;
- the ranking of the debt securities;
- the aggregate principal amount of the debt securities, and any limit upon such principal amount;

- if convertible, the number of debt securities or shares of any class, classes or series into which the debt securities will be convertible, the conversion price (or manner of calculation thereof), the conversion period, provisions as to whether conversion will be mandatory, at our option or at the option of the holders of the debt securities, the events requiring an adjustment of the conversion price, provisions affecting conversion in the event of redemption of the debt securities, restrictions on conversion and any other terms governing such conversion;
- the stated maturity date of the debt securities;
- any fixed, variable or pay-in-kind interest rate or rates per annum or the method by which the interest rates will be determined, including, if applicable, any remarketing option or similar option;

- the applicability, if any, of the defeasance and covenant defeasance provisions described in this prospectus or any prospectus supplement;
- whether the Company will pay additional amounts on the debt securities in respect of any tax, assessment or governmental charge and, if so, whether the Company will have the option to redeem the debt securities instead of making this payment;

- a discussion of certain U.S. federal income tax and Bermuda law considerations;
- if applicable, the remedies for holders of debt securities;

- the provisions for voting on any changes to the indenture(s) or the terms of the debt securities;
- the requirements for the Company to discharge, to defease or to covenant to defease the debt securities;
- certain restrictive covenants, if any, which may, among other things, limit the ability of the Company to: (i) grant liens on our assets, (ii) consolidate, merge or transfer property, (iii) make certain types of payments, including dividends, (iv) incur or guarantee additional debt, (v) sell assets or (vi) engage in certain lines of business; and
- any other specific terms of the debt securities, including any other deletions from or modifications or additions to the applicable indenture in respect of the debt securities.

The Company may issue debt securities at less than the principal amount payable upon maturity. We refer to these securities as original issue discount securities. If material or applicable, we will describe in the applicable prospectus supplement special U.S. Federal income tax, accounting and other considerations applicable to original issue discount securities. The Company may also issue debt securities that are guaranteed by one or more of its subsidiaries, in which case the registration statement to which this prospectus relates will need to be amended to include such guarantees prior to such offering.

Interest, Registration and Transfer

Unless otherwise specified in the applicable prospectus supplement, the Company will pay the interest, principal and any premium at the corporate trust office of the trustee. At the Company's option, however, the Company may make payment of interest by check mailed to the address of the person entitled to the payment as it appears in the applicable register or by wire transfer of funds to that person at an account maintained within the United States.

If the Company does not punctually pay or duly provide for interest on any interest payment date, the defaulted interest will be paid either:

- to the person in whose name the debt security is registered at the close of business on a special record date the applicable trustee will fix; or
- in any other lawful manner, all as the applicable indenture describes.

You may exchange or transfer debt securities at the office of the applicable trustee. The trustee acts as the Company's agent for registering debt securities in the names of holders and transferring debt securities. The Company may change this appointment to another entity or perform it itself. The entity performing the role of maintaining the list of registered holders is called the registrar. It will also perform transfers.

You will not be required to pay a service charge to transfer or exchange debt securities, but you may be required to pay for any tax or other governmental charge associated with the exchange or

transfer. The security registrar will make the transfer or exchange only if it is satisfied with your proof of ownership.

Global Securities

If so set forth in the applicable prospectus supplement, the Company may issue the debt securities of a series in whole or in part in the form of one or more global securities that will be deposited with a depositary identified in the prospectus supplement. The Company may issue global securities in either registered or bearer form and in either temporary or permanent form. The specific terms of the depositary arrangement with respect to any series of debt securities will be described in the prospectus supplement.

Table of Contents

DESCRIPTION OF DEPOSITARY SHARES

We describe in this section the general terms of depositary shares. We will describe the specific terms of any depositary shares issued in a prospectus supplement. The following description of the deposit agreement, the depositary shares and the depositary receipts is only a summary and you should refer to the forms of the deposit agreement and depositary receipt that will be filed with the SEC in connection with any particular offering of depositary shares.

General

We may offer fractional interests in preferred shares, rather than full preferred shares. In that case, we will provide for the issuance by a depositary to investors of receipts for depositary shares, each representing a fractional interest in a share of a particular series of preferred shares. The depositary shares will be evidenced by depositary receipts issued under the depositary agreement. For a description of our preferred shares, see [Description of Our Share Capital](#) [Description of Preferred Shares](#).

The shares of any series of preferred shares underlying the depositary shares will be deposited under a deposit agreement between us and the depositary, which must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$500,000,000. The depositary will be identified in the applicable prospectus supplement. Subject to the terms of the deposit agreement, each owner of a depositary share will have a fractional interest in all the rights and preferences of the preferred shares underlying such depositary share. Those rights include any dividend, voting, redemption, conversion and liquidation rights.

Dividends and Other Distributions

The depositary will distribute all cash dividends, if any, and other cash distributions, if any, received in respect of the preferred shares to the record holders of depositary shares representing the preferred shares in proportion to the number of depositary shares owned by such holders on the relevant record date.

If there is a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary shares entitled thereto in proportion to the number of depositary shares owned by such holders on the relevant record date, unless the depositary determines that it is not feasible to make such distribution, in which case the depositary may, with our approval, sell such property and distribute the net proceeds from such sale to such holders.

Withdrawal

Edgar Filing: Essent Group Ltd. - Form 424B5

Unless otherwise indicated in the applicable prospectus supplement and unless the related depositary shares have been called for redemption, if you surrender depositary receipts at the principal office of the depositary, then you will be entitled to receive the number of preferred shares and any money or other property represented by such depositary shares. We will not issue partial preferred shares. If you deliver depositary receipts evidencing a number of depositary shares that represent other than a whole number of preferred shares by surrender for redemption or exchange, the depositary will issue to you a new depositary receipt evidencing the remainder of depositary shares at the same time that the preferred shares are withdrawn. Holders of preferred shares received in exchange for depositary shares will no longer be entitled to deposit those shares under the deposit agreement or to receive depositary shares in exchange for those preferred shares.

Table of Contents

Redemption of Depositary Shares

Unless otherwise specified in the applicable prospectus supplement, neither the depositary shares nor the series of preferred shares underlying the depositary shares will be convertible or exchangeable into any other class or series of our share capital.

If the series of the preferred shares underlying the depositary shares is subject to redemption, the depositary shares will be redeemed from the redemption proceeds, in whole or in part, of the series of the preferred shares held by the depositary. The redemption price per depositary share will bear the same relationship to the redemption price per share of preferred shares that the depositary share bears to the underlying preferred shares. Whenever we redeem preferred shares held by the depositary, the depositary will redeem, as of the same date, the number of depositary shares representing the preferred shares redeemed. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as determined by the depositary.

Voting the Preferred Shares

Upon receipt of notice of any meeting at which the holders of the preferred shares are entitled to vote, the depositary will mail information about the meeting contained in the notice to the record holders of the depositary shares relating to the preferred shares. Each record holder of the depositary shares on the record date (which will be the same date as the record date for the preferred shares) will be entitled to instruct the depositary as to how the preferred shares underlying the holder's depositary shares should be voted. The depositary will be required to vote, insofar as practicable, the number of preferred shares represented by such depositary shares in accordance with such instructions, and we will agree to take all action that the depositary deems necessary in order to enable the depositary to do so. The depositary will abstain from voting preferred shares to the extent it does not receive specific instructions from the holders of depositary shares representing such preferred shares.

Amendment and Termination of the Deposit Agreement

We may amend the form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement by agreement with the depositary at any time. However, any amendment that materially and adversely alters the rights of the holders of depositary receipts of a particular series or class will not be effective unless such amendment has been approved by the holders of depositary receipts representing at least a majority of the depositary shares of such series or class then outstanding. Additionally, in the case of amendments relating to or affecting rights to receive dividends or distributions or voting or redemption rights, approval is also required by the holders of depositary receipts representing not less than a specified percentage or all of the depositary shares of such series or class then outstanding, as provided in the applicable prospectus supplement. The deposit agreement may be terminated by us or the depositary only if:

- all outstanding depositary shares relating to the deposit agreement have been redeemed or converted into or exchanged for other securities;

- there has been a final distribution on the preferred shares underlying the depositary shares relating to the deposit agreement in connection with our liquidation, dissolution or winding up and the distribution has been made to the holders of the related depositary shares evidenced by depositary receipts; or
- the holders of depositary receipts representing not less than a specified majority of the outstanding depositary shares relating to the deposit agreement have consented to such termination.

Table of Contents

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We also will pay charges of the depositary in connection with the initial deposit of the related class or series of preferred shares and any redemption of such preferred shares. Holders of depositary receipts will pay all other transfer and other taxes and governmental charges and such other charges as are expressly provided in the deposit agreement for their accounts.

The depositary may refuse to effect any transfer of a depositary receipt or any withdrawal of shares of a class or series of preferred shares evidenced thereby until all such taxes and charges with respect to such depositary receipt or such preferred shares are paid by the holders thereof.

Miscellaneous

The depositary will forward to the holders of depositary receipts all reports and communications that we must furnish to the holders of the preferred shares.

Neither we nor the depositary will be liable for any damages if, by law or any circumstance beyond our control, either of us is prevented or delayed in performing our respective obligations under the deposit agreement. Our obligations and the depositary's obligations under the deposit agreement will be limited to performance in good faith of the duties set forth in the deposit agreement. Neither we nor the depositary will be obligated to prosecute or defend any legal proceeding connected with any depositary shares or preferred shares unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred shares for deposit, holders of depositary shares or other persons believed to be competent and on documents believed to be genuine.

PLAN OF DISTRIBUTION

We or any selling shareholders may sell the applicable securities offered by this prospectus from time to time in one or more transactions, including without limitation:

- directly to one or more purchasers;
- through agents;
- to or through underwriters, brokers or dealers;
- through a combination of any of these methods.

A distribution of the securities offered by this prospectus may also be effected through the issuance of derivative securities, including without limitation, warrants, subscriptions, exchangeable securities, forward delivery contracts and the writing of options.

In addition, the manner in which we may sell some or all of the securities covered by this prospectus and the manner in which the selling shareholders may sell the common shares, include, without limitation, through:

- a block trade in which a broker-dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction;
- purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;
- ordinary brokerage transactions and transactions in which a broker solicits purchasers; or
- privately negotiated transactions.

We or the selling shareholders may also enter into hedging transactions. For example, we or any selling shareholder may:

- enter into transactions with a broker-dealer or affiliate thereof in connection with which such broker-dealer or affiliate will engage in short sales of the common shares pursuant to this prospectus, in which case such broker-dealer or affiliate may use shares of common shares received from us or the selling shareholders, as applicable, to close out its short positions;
- sell securities short and redeliver such shares to close out our or the selling shareholders' short positions;
- enter into option or other types of transactions that require us or the selling shareholders, as applicable, to deliver common shares to a broker-dealer or an affiliate thereof, who will then resell or transfer the common shares under this prospectus; or
- loan or pledge the common shares to a broker-dealer or an affiliate thereof, who may sell the loaned shares or, in an event of default in the case of a pledge, sell the pledged shares pursuant to this prospectus.

In addition, we or any selling shareholders may enter into derivative or hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. In connection with such a transaction, the third parties may sell the applicable securities covered by and pursuant to this prospectus and an applicable prospectus supplement or pricing supplement, as the case may be. If so, the third party may use securities borrowed from us or any selling shareholder or others to settle such sales and may use securities received from us or any selling shareholder to close out any related short positions. We or any selling shareholder may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged

securities pursuant to this prospectus and the applicable prospectus supplement or pricing supplement, as the case may be.

A prospectus supplement with respect to each offering of securities will state the terms of the offering of the securities, including:

- the name or names of any underwriters or agents and the amounts of securities underwritten or purchased by each of them, if any;
- the public offering price or purchase price of the securities and the net proceeds to be received by us from the sale;
- any delayed delivery arrangements;
- any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any securities exchange or markets on which the securities may be listed.

The offer and sale of the securities described in this prospectus by us, any selling shareholder, the underwriters or the third parties described above may be effected from time to time in one or more transactions, including privately negotiated transactions, either:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to the prevailing market prices; or

- at negotiated prices.

General

Any public offering price and any discounts, commissions, concessions or other items constituting compensation allowed or reallocated or paid to underwriters, dealers, agents or remarketing firms may be changed from time to time. Any selling shareholders, underwriters, dealers, agents and remarketing firms that participate in the distribution of the offered securities may be underwriters as defined in the Securities Act. Any discounts or commissions they receive from us or any selling shareholder and any profits they receive on the resale of the offered securities may be treated as underwriting discounts and commissions under the Securities Act. We or the selling shareholders will identify any underwriters, agents or dealers and describe their commissions, fees or discounts in the applicable prospectus supplement or pricing supplement, as the case may be.

Underwriters and Agents

If underwriters are used in a sale, they will acquire the offered securities for their own account. The underwriters may resell the offered securities in one or more transactions, including negotiated transactions. These sales may be made at a fixed public offering price or prices, which may be changed, at market prices prevailing at the time of the sale, at prices related to such prevailing market price or at negotiated prices. We or the selling shareholders may offer the securities to the public through an underwriting syndicate or through a single underwriter. The underwriters in any particular offering will be mentioned in the applicable prospectus supplement or pricing supplement, as the case may be.

Unless otherwise specified in connection with any particular offering of securities, the obligations of the underwriters to purchase the offered securities will be subject to certain conditions contained in an underwriting agreement that we or the selling shareholders will enter into with the underwriters at

Table of Contents

the time of the sale to them. The underwriters will be obligated to purchase all of the securities of the series offered if any of the securities are purchased, unless otherwise specified in connection with any particular offering of securities. Any initial offering price and any discounts or concessions allowed, reallocated or paid to dealers may be changed from time to time.

We or the selling shareholders may designate agents to sell the offered securities. Unless otherwise specified in connection with any particular offering of securities, the agents will agree to use their best efforts to solicit purchases for the period of their appointment. We or the selling shareholders may also sell the offered securities to one or more remarketing firms, acting as principals for their own accounts or as agents for us or any selling shareholder. These firms will remarket the offered securities upon purchasing them in accordance with a redemption or repayment pursuant to the terms of the offered securities. A prospectus supplement or pricing supplement, as the case may be will identify any remarketing firm and will describe the terms of its agreement, if any, with us or any selling shareholder and its compensation.

In connection with offerings made through underwriters or agents, we or the selling shareholders may enter into agreements with such underwriters or agents pursuant to which we or the selling shareholders receive our outstanding securities in consideration for the securities being offered to the public for cash. In connection with these arrangements, the underwriters or agents may also sell securities covered by this prospectus to hedge their positions in these outstanding securities, including in short sale transactions. If so, the underwriters or agents may use the securities received from us or any selling shareholder under these arrangements to close out any related open borrowings of securities.

Dealers

We or the selling shareholders may sell the offered securities to dealers as principals. We may negotiate and pay dealers' commissions, discounts or concessions for their services. The dealer may then resell such securities to the public either at varying prices to be determined by the dealer or at a fixed offering price agreed to with us or any selling shareholder at the time of resale. Dealers engaged by us or any selling shareholder may allow other dealers to participate in resales.

Direct Sales

We or the selling shareholders may choose to sell the offered securities directly. In this case, no underwriters or agents would be involved.

Institutional Purchasers

We or the selling shareholders may authorize agents, dealers or underwriters to solicit certain institutional investors to purchase offered securities on a delayed delivery basis pursuant to delayed delivery contracts providing for payment and delivery on a specified future date. The applicable prospectus supplement or pricing supplement, as the case may be, will provide the details of any such arrangement, including the offering price and commissions payable on the solicitations.

We or the selling shareholders will enter into such delayed contracts only with institutional purchasers that we or the selling shareholders, as applicable, approve(s). These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions.

Indemnification; Other Relationships

We or the selling shareholders may have agreements with agents, underwriters, dealers and remarketing firms to indemnify them against certain civil liabilities, including liabilities under the

Table of Contents

Securities Act. Agents, underwriters, dealers and remarketing firms, and their affiliates, may engage in transactions with, or perform services for, us or any selling shareholder in the ordinary course of business. This includes commercial banking and investment banking transactions.

Market-Making, Stabilization and Other Transactions

There is currently no market for any of the offered securities, other than the common shares which are listed on the NYSE. If the offered securities are traded after their initial issuance, they may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar securities and other factors. While it is possible that an underwriter could inform us that it intends to make a market in the offered securities, such underwriter would not be obligated to do so, and any such market-making could be discontinued at any time without notice. Therefore, no assurance can be given as to whether an active trading market will develop for the offered securities. We have no current plans for listing of the preferred shares or debt securities on any securities exchange or quotation system; any such listing with respect to any preferred shares or any debt securities will be described in the applicable prospectus supplement or pricing supplement, as the case may be.

In connection with any offering of common shares, preferred shares, debt securities or securities that provide for the issuance of common shares upon conversion, exchange or exercise, as the case may be, the underwriters may purchase and sell shares of common shares, preferred shares or our debt securities in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of common shares in excess of the number of shares to be purchased by the underwriters in the offering, which creates a syndicate short position. Covered short sales are sales of shares made in an amount up to the number of shares represented by the underwriters' over-allotment option. In determining the source of shares to close out the covered syndicate short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option. Transactions to close out the covered syndicate short involve either purchases of the common shares in the open market after the distribution has been completed or the exercise of the over-allotment option. The underwriters may also make naked short sales of shares in excess of the over-allotment option. The underwriters must close out any naked short position by purchasing shares of common shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of shares in the open market while the offering is in progress for the purpose of pegging, fixing or maintaining the price of the securities.

In connection with any offering, the underwriters may also engage in penalty bids. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

Fees and Commissions

In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc., or FINRA, the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of any offering pursuant to this prospectus and any applicable prospectus supplement or pricing supplement, as the case may be; however, it is anticipated that the maximum commission or discount to be received in any particular offering of securities will be significantly less than this amount.

The following table sets forth the name of each selling shareholder, the number and percentage of common shares beneficially owned by each selling shareholder as of February 25, 2015, the maximum number of common shares to be offered by each selling shareholder pursuant to this prospectus and the number of common shares and percentage of common shares beneficially owned by each selling shareholder after completion of the sale of the maximum number of common shares that may be offered under this prospectus by such selling shareholder. Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to our common shares. Generally, a person beneficially owns common shares if the person has or shares with others the right to vote those common shares or to dispose of them, or if the person has the right to acquire voting or disposition rights within 60 days. Except as otherwise indicated in the footnotes to the table or in cases where community property laws apply, we believe that each person identified in the table possesses sole voting and investment power over all common shares as beneficially owned by such person.

All information contained in the table below and the footnotes thereto is based upon information provided to us by the selling shareholders, and we have not independently verified this information.

EXPERTS

The consolidated financial statements and management's assessment of the effectiveness of internal control over financial reporting (which is included in Management's Report on Internal Control over Financial Reporting) incorporated in this prospectus by reference to the Annual Report on Form 10-K for the year ended December 31, 2014 have been so incorporated in reliance on the report of PricewaterhouseCoopers LLP, an independent registered public accounting firm given on the authority of said firm as experts in accounting and auditing.

ENFORCEMENT OF CIVIL LIABILITIES UNDER U.S. FEDERAL SECURITIES LAWS

We are a Bermuda company. In addition, certain of our directors and officers as well as certain of the experts named in this prospectus, reside outside the United States, and all or a substantial portion of our assets and their assets are located outside the United States. Therefore, it may be difficult for investors to effect service of process within the United States upon those persons or to recover against us or those persons on judgments of courts in the United States, including judgments based on civil liabilities provisions of the U.S. Federal securities laws.

We have been advised by Conyers Dill & Pearman Limited, our Bermuda counsel, that the United States and Bermuda do not currently have a treaty providing for reciprocal recognition and enforcement of judgments in civil and commercial matters. We also have been advised by Conyers Dill & Pearman Limited that there is doubt as to whether the courts of Bermuda would enforce (1) judgments of U.S. courts based on the civil liability provisions of the U.S. Federal securities laws obtained in actions against us or our directors and officers, and (2) original actions brought in Bermuda against us or our officers and directors based solely upon the U.S. Federal securities laws. A Bermuda court may, however, impose civil liability on us or our directors or officers in a suit brought in the Supreme Court of Bermuda provided that the facts alleged constitute or give rise to a cause of action under Bermuda law. Certain remedies available under the laws of U.S. jurisdictions, including certain remedies under the U.S. Federal securities laws, would not be allowed in Bermuda courts to the extent that they are contrary to public policy.
