Yes No

Incident on board P-31

(Rio de Janeiro, April 26, 2004). PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA], a Brazilian international energy company, announces that, yesterday, April 25, 2004, at about 11:20 p.m. a fire occurred on board the P31 FPSO (*Floating, Production, Storage and Offloading*), which operates in the Albacora Field in the Campos Basin, approximately 180 km off shore from the city of Macaé.

The fire occurred in the platform engine room's diesel generator and was brought under control by the fire crew and the CO2 fire fighting system.

There were no fatalities or injured and no environmental impacts. Production was brought to a halt and efforts are being made to restart production at the platform before the end of today if possible.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
