STATEMENT OF DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;

Edgar Filing: NETSOL TECHNOLOGIES INC - Form 8-K/A

- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ON BEHALF OF THE BOARD:

Secretary: P. Tarrant

INDEPENDENT AUDITOR'S REPORT

Board of Directors
NetSol Technologies, Inc. and Subsidiaries
Calabasas, California

We have audited the consolidated balance sheets of CQ Systems Limited, a United Kingdom corporation, as of March 31, 2004 and 2003, and the related statements of operations, and cash flows for the years ended March 31, 2004 and 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit of these statements in accordance with auditing standards generally accepted in the United Kingdom. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, based on our audits, the financial statements referred to above present fairly, in all material respects, the financial position of CQ Systems Limited as of March 31, 2004 and 2003, and the results of its consolidated operations and its cash flows for the years ended March 31, 2004 and 2003 in conformity with accounting principles generally accepted in the United States of America. The details were extracted from the financial statements prepared under United Kingdom GAAP. The financial statements prepared under United Kingdom GAAP were audited by ourselves with an unqualified Audit Report issued.

CQ SYSTEMS LIMITED

NOTES TO FINANCIAL STATEMENTS

1. Summary of significant accounting policies

The accompanying consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP) and are stated in United Kingdom sterling.

In preparing the consolidated financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated balance sheet and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

a. Principles of consolidation

The consolidated financial statements include the financial statements of the company and its subsidiary. The group's subsidiary is Custom Quest Limited, a dormant company that has not traded since 31 May 2001 in which the group has a 100% direct holding in the voting rights. The net assets of the subsidiary company since cessation of trade is (pound)nil.

b. Revenue

The group recognises its revenue in accordance with the Securities and Exchange Commissions ("SEC") Staff Accounting Bulletin No 104 "Revenue recognition in Financial Statements".

Licence revenue is recognised where orders have been signed and the product is delivered. In contracts with multiple elements revenues are allocated to each element based on the fair value on completion, delivery and acceptance by the customer. For other services related activity, revenue is recognised on a time and material basis.

c. Automobiles and equipment

Depreciation is provided at the following rates in order to write off each asset over its useful life;

Computer software	50% straight line
Office furniture and fittings	15% straight line
Computer equipment	33.33% straight line
Automobiles	25% straight line

The group evaluates tangible fixed assets for impairment losses at least annually and whenever events or changes in circumstances indicate that the carrying amount may not be recoverable or is greater than its fair value.

Long-lived assets

Effective January 1 2002, the group adopted Statement of Financial Accounting Standards No 144 "Accounting for the impairment or

Edgar Filing: NETSOL TECHNOLOGIES INC - Form 8-K/A

disposal of long-lived assets" ("SFAS 144") which addresses financial accounting and reporting for the impairment or disposal of long-lived assets. The group has evaluated the carrying value of long-lived assets held in accordance with SFAS 144. SFAS 144 requires impairment losses to be recorded on long-lived assets when indicators of impairment are present where the carrying amount exceeds the fair value of the asset. Based on its review, the group believes that as of March 31 2004 and 2003, there were no significant impairments of its long-lived assets.

Page 7

CQ SYSTEMS LIMITED

NOTES TO FINANCIAL STATEMENTS - Continued

d. Deferred Tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. These reflect the expected future tax consequences of temporary differences between the carrying amounts of assets and liabilities at the balance sheet date and their respective tax bases.

e. Research and Development

Expenditure on research and development is written off in the year in which it is incurred. Development costs on computer software that is to be sold relates to bespoke work undertaken for particular customers as and when requested. Under these circumstances, these costs are written off as incurred rather than capitalised and amortised, as they relate solely to the individual customers specifications rather than being available for general release to customers.

f. Advertising

The company expenses advertising costs as they are incurred.

g. Hire Purchase and Leasing Commitments

Assets obtained under hire purchase contracts are capitalised in the balance sheet and are depreciated over their useful estimated lives.

The interest element of these obligations are charged to the statement of income and retained earnings over the lease term. The capital element of the future payments is treated as liability.

Rentals paid under operating leases are charged to the statement of income and retained earnings on a straight line basis.

h. Pensions

The company operates a defined contribution pension scheme. Contributions payable for the year are charged in the statement of income and retained earnings.

i. Cash and cash equivalents

Edgar Filing: NETSOL TECHNOLOGIES INC - Form 8-K/A

Cash and cash equivalents consist of cash at bank and in hand.

j. Foreign currency transactions

Accounting principles generally require that recognised revenue, expenses, gains and losses be included in net income. Certain statements however require entities to report specific changes in assets and liabilities, such as a gain or loss on a foreign currency translation, as a separate component of the equity section of the balance sheet. Such items, along with net income, are components of comprehensive income. Cumulative translation adjustments were insignificant in both the year and preceding year.

2. SECURED CREDITORS

The amounts owed under hire purchase contracts totalling (pound)61,698 (2003 - (pound)37,428) are secured on the assets acquired.

3. CORPORATION AND DEFERRED TAXES

Provision is made for United Kingdom corporation tax payable on the group's taxable net income. This is provided for at the rate of tax prevailing at that time. The current standard corporation tax rate in the United Kingdom is 30%. Deferred tax is provided using the standard rate.

The UK corporation and deferred tax charge is stated below:-
