One Liberty Properties, Inc. and Subsidiaries
Notes to Consolidated Financial Statements

Note 1 - Organization and Background

One Liberty Properties, Inc. (the "Company") was incorporated in 1982 in the state of Maryland. The Company is a self-administered and self-managed real estate investment trust ("REIT"). The Company acquires, owns and manages a geographically diversified portfolio of retail, including retail furniture stores, industrial, office, flex, health and fitness and other properties, a substantial portion of which are under long-term net leases. As of March 31, 2007, the Company owns 65 properties, holds a 50% tenancy in common interest in one property and participates in seven joint ventures which own a total of five properties, including one vacant property that is held for sale. The 71 properties are located in 28 states.

Note 2 - Basis of Preparation

The accompanying interim unaudited consolidated financial statements as of March 31, 2007 and 2006 and for the three months ended March 31, 2007 and 2006 reflect all normal recurring adjustments which are, in the opinion of management, necessary for a fair presentation of the results for such interim periods. The results of operations for the three months ended March 31, 2007 are not necessarily indicative of the results for the full year.

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

The consolidated financial statements include the accounts and operations of One Liberty Properties, Inc. and its wholly-owned subsidiaries (collectively, the "Company"). Material intercompany items and transactions have been eliminated. The Company accounts for its investments in unconsolidated joint ventures under the equity method of accounting as the Company (1) is primarily the managing member but does not exercise substantial operating control over these entities pursuant to EITF 04-05, and (2) such entities are not variable-interest entities pursuant to FASB Interpretation No. 46R, "Consolidation of Variable Interest Entities". These investments are recorded initially at cost, as investments in unconsolidated joint ventures, and subsequently adjusted for equity in earnings and cash contributions and distributions.

Certain amounts reported in previous consolidated financial statements have been reclassified in the accompanying consolidated financial statements to conform to the current year's presentation.

These statements should be read in conjunction with the consolidated financial statements and related notes which are included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006.

Note 3 - Earnings Per Common Share

For the three months ended March 31, 2007 and 2006, basic earnings per share were determined by dividing net income for the period by the weighted average number of shares of the Company's Common Stock outstanding, which includes unvested restricted stock during each period.

One Liberty Properties, Inc. and Subsidiaries
Notes to Consolidated Financial Statements
(Continued)

Note 3 - Earnings Per Common Share (Continued)

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts exercisable for, or convertible into, Common Stock were exercised or converted or resulted in the issuance of Common Stock that shared in the earnings of the Company. For the three months ended March 31, 2007 and 2006, diluted earnings per share were determined by dividing net income for the period by the total of the weighted average number of shares of Common Stock outstanding plus the dilutive effect of the Company's outstanding options (-0- and 3,468 for the three months ended March 31, 2007 and 2006, respectively) using the treasury stock method.

Note 4 - Investment in Unconsolidated Joint Ventures

At March 31, 2007 the Company is a member in seven unconsolidated joint ventures which own and operate five properties. The Company is the managing member of two joint ventures, which are between the Company and MTC Investors LLC, an unrelated party, which sold its nine movie theater properties in September and October 2006. After these sales, the one remaining real estate asset of these two joint ventures was a vacant parcel of land located in Monroe, New York which was sold on March 14, 2007 for a consideration of \$1,250,000 to a former tenant of the joint venture as part of an overall settlement of a litigation with that former tenant. See Note 12. This property had a net book value of \$40,000 after direct write downs totaling \$3,162,000 taken in prior periods. In the three months ended March 31, 2007, the joint venture realized a gain on sale of this property of \$1,166,000, of which the Company's 50% share is \$583,000. At March 31, 2007 and December 31, 2006, the Company's equity investment in these two joint ventures totaled \$838,000 and \$284,000, respectively, and they contributed \$4,000 and \$661,000 in equity earnings for the three months ended March 31, 2007 and 2006, respectively.

The remaining five unconsolidated joint ventures each own one property. At March 31, 2007 and December 31, 2006, the Company's equity investment in these five joint ventures totaled \$6,659,000 and \$6,730,000, respectively. These unconsolidated joint ventures contributed \$140,000 and \$113,000 in equity earnings for the three months ended March 31, 2007 and 2006, respectively.

Note 5 - Line of Credit

On March 15, 2007 the Company closed an amendment to its existing \$62,500,000 revolving credit facility ("Facility") with VNB New York Corp. (formerly Valley National Bank), Bank Leumi USA, Israel Discount Bank of New York and Manufacturers and Traders Trust Company. The amendment extended its maturity date from March 31, 2007 to March 31, 2010 and reduced the interest rate to the lower of LIBOR plus 2.15% (formerly 2.5%) or the bank's prime rate on funds borrowed. The facility provides for an unused facility fee of 1/4%. Substantially all material covenants remained the same. In connection with the amendment, the Company paid approximately \$650,000 in fees and closing costs which are being amortized over the term of the Facility.

Note 6 - New Compensation and Services Agreement

Effective as of January 1, 2007, the Company entered into a Compensation and Services Agreement with Majestic Property Management Corp., a company wholly-owned by the Company's Chairman and Chief Executive Officer and in which certain of the Company's executive officers are officers and from which they receive compensation. Under the terms of the agreement, Majestic assumed the Company's obligations to make payments to Gould Investors LP (and other affiliated entities) under the Shared Services Agreement and agreed to provide to the Company the services of all affiliated executive, administrative, legal, accounting and clerical personnel that the Company has heretofore utilized on a part-time (as needed) basis and for which the Company had paid, as a reimbursement, an allocated portion of the payroll expenses of such personnel in accordance with the Shared Services Agreement. Accordingly, the Company will no longer incur any allocated payroll expenses. Under the terms of the agreement, Majestic (or its affiliates) will continue to provide to the Company certain property management services, property acquisition, sales and leasing services and mortgage brokerage services that it has provided in the past, and the Company will not incur any fees or expenses for such services except for the annual fees described below. As consideration for providing to the Company the services of such personnel, property management services, property acquisition, sales and leasing counseling services and mortgage brokerage services, in 2007 the Company will pay Majestic an annual fee of \$2,125,000 and an additional payment of \$175,000 for the Company's share of all direct office expenses. In addition to the annual fee, the agreement calls for the Company to pay to the Company's Chairman and Chief Executive Officer, compensation of \$250,000 per annum.

Note 10 - Restricted Stock

The Company adopted the provisions of Statement of Financial Accounting Standards ("SFAS") No. 123R, "Share-Based Payments", effective January 1, 2006. SFAS No. 123R established financial accounting and reporting standards for stock-based employee compensation plans, including all arrangements by which employees receive shares of stock or other equity instruments of the employer, or the employer incurs liabilities to employees in amounts based on the price of the employer's stock. The statement also defined a fair value based method of accounting for an employee stock option or similar equity instrument whereby the fair-value is recorded based on the market value of the common stock on the grant date and is amortized to general and administrative expense over the respective vesting periods.

The Company's 2003 Stock Incentive Plan (the "Incentive Plan"), approved by the Company's stockholders in June 2003, provides for the granting of restricted shares. The maximum number of shares of the Company's common stock that may be issued pursuant to the Incentive Plan is 275,000. The restricted stock grants are valued at the fair value as of the date of the grant and specify vesting upon the fifth anniversary of the date of grant and under certain circumstances may vest earlier. For accounting purposes, the restricted stock is not included in the outstanding shares shown on the balance sheet until they vest. The value of such grants is initially deferred, and amortization of amounts deferred is being charged to operations over the respective vesting periods.

Note 11 - New Accounting Pronouncements

In July 2006, the FASB issued Interpretation No. 48, “*Accounting for Uncertainty in Income Taxes*” (“FIN 48”). This interpretation, among other things, creates a two step approach for evaluating uncertain tax positions. Recognition (step one) occurs when an enterprise concludes that a tax position, based solely on its technical merits, is more-likely-than-not to be sustained upon examination. Measurement (step two) determines the amount of benefit that more-likely-than-not will be realized upon settlement. Derecognition of a tax position that was previously recognized would occur when a company subsequently determines that a tax position no longer meets the more-likely-than-not threshold of being sustained. FIN 48 specifically prohibits the use of a valuation allowance as a substitute for derecognition of tax positions, and it has expanded disclosure requirements. FIN 48 is effective for fiscal years beginning after December 15, 2006, in which the impact of adoption should be accounted for as a cumulative-effect adjustment to the beginning balance of retained earnings. The Company has adopted FIN 48 and determined that it has no material effect on its consolidated financial statements.

In September 2006, the FASB issued Statement No. 157, “*Fair Value Measurements*” (“SFAS No. 157”). SFAS No. 157 provides guidance for using fair value to measure assets and liabilities. This statement clarifies the principle that fair value should be based on the assumptions that market participants would use when pricing the asset or liability. SFAS No. 157 establishes a fair value hierarchy, giving the highest priority to quoted prices in active markets and the lowest priority to unobservable data. SFAS No. 157 applies whenever other standards require assets or liabilities to be measured at fair value. This statement is effective in fiscal years beginning after November 15, 2007. The Company believes that the adoption of this standard on January 1, 2008 will not have a material effect on its consolidated financial statements.

One Liberty Properties, Inc. and Subsidiaries
Notes to Consolidated Financial Statements
(Continued)

Note 11 - New Accounting Pronouncements (Continued)

In February 2007, the FASB issued Statement No. 159, "*The Fair Value Option for Financial Assets and Financial Liabilities*" ("*SFAS No. 159*") SFAS No. 159 provides companies with an option to report selected financial assets and liabilities at fair value. The Standard's objective is to reduce both complexity in accounting for financial instruments and the volatility in earnings caused by measuring related assets and liabilities differently. The FASB believes that SFAS No. 159 helps to mitigate this type of accounting-induced volatility by enabling companies to report related assets and liabilities at fair value, which would likely reduce the need for companies to comply with detailed rules for hedge accounting. SFAS No. 159 also establishes presentation and disclosure requirements designed to facilitate comparisons between companies that choose different measurement attributes for similar types of assets and liabilities. SFAS No. 159 is effective as of the beginning of an entity's first fiscal year beginning after November 15, 2007. Early adoption is permitted as of the beginning of the previous fiscal year provided that the entity makes that choice in the first 120 days of that fiscal year and also elects to apply the provisions of SFAS No. 157. The Company is evaluating SFAS No. 159 and has not yet determined the impact the adoption will have on its consolidated financial statements, but it is not expected to be significant.

Note 12 - Legal Matters

In July 2005, the Company's former president and chief executive officer, who was also a member of its board of directors, resigned following the discovery of what appeared to be inappropriate financial dealings by him with a former tenant of a property owned by a joint venture in which the Company is a 50% partner and the managing member. The Company reported this matter to the Securities and Exchange Commission in July 2005. The Audit Committee of the Board of Directors conducted an investigation of this matter and related matters and retained special counsel to assist the Committee in its investigation. This investigation was completed and the Audit Committee and its special counsel, based on the materials gathered and interviews conducted, found no evidence that any other officer or employee of the Company was aware of, or knowingly assisted, our former president and chief executive officer's inappropriate financial dealings.

In June 2006, the Company announced that it had received notification of a formal order of investigation from the SEC. Management believes that the matters being investigated by the SEC focuses on the improper payments received by the Company's president and chief executive officer. The SEC also requested information regarding "related party transactions" between the Company and entities affiliated with it and with certain of the Company's officers and directors and compensation paid to certain of the Company's officers by these affiliates. The SEC and the Company's Audit Committee have conducted investigations concerning these issues. The Company believes that these investigations have been substantially completed.

Note 12 - Legal Matters (Continued)

In August 2005, the former tenant commenced litigation in the Supreme Court of the State of New York, Nassau County against the Company, certain of its affiliated entities, the Company's former president and chief executive officer, and an entity controlled by the Company's former president and chief executive officer. In the litigation, the former tenant alleged, as against the Company's former president and chief executive officer, the entity controlled by him, the Company and its affiliated entities, fraud, breach of contract, intentional tort, negligent supervision, respondeat superior, negligent misrepresentation, tortious interference with prospective economic relations and conduct in violation of the Racketeer Influenced and Corrupt Organizations Act ("RICO"). On the same date that the complaint was filed against the Company and affiliated entities, the Company filed suit in the Supreme Court of the State of New York, Nassau County against the former tenant, the former tenant's principal, the Company's former president and chief executive officer, the entity controlled by him and others alleging conspiracy to defraud, commercial bribery, fraud, breach of fiduciary duty, tortious interference, intentional tort, violation of the New York Enterprise Corruption Act, respondeat superior, unjust enrichment and violations of RICO.

The two actions were consolidated for all purposes on motion by both parties. On March 14, 2007, the consolidated actions were settled with respect to all parties, except that the action brought by the Company against its former president and chief executive officer and persons affiliated with him is continuing. Under the terms of the settlement agreement, a designee of the former tenant purchased, from a joint venture in which the Company is a 50% joint venture partner, a vacant property located in Monroe, New York, for a consideration of \$1,250,000 (book value of \$40,000 after write downs totaling \$3,162,000) and the parties exchanged releases.

Forward-Looking Statements

With the exception of historical information, this quarterly report on Form 10-Q contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended. Overview

We are a self-administered and self-managed real estate investment trust, or REIT, and we primarily own real estate that we net lease to tenants. As of March 31, 2007 we own 65 properties, hold a 50% tenancy in common interest in one property and participate in seven joint ventures which own a total of five properties. These 71 properties are located in 28 states.

We have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended. To qualify as a REIT, we must meet a number of organizational and operational requirements, including a requirement that we distribute currently at least 90% of ordinary taxable income to our stockholders. We intend to comply with these requirements and to maintain our REIT status.

Our principal business strategy is to acquire improved, commercial properties subject to long-term net leases. We acquire properties for their value as long-term investments and for their ability to generate income over an extended period of time. We have borrowed funds in the past to finance the purchase of real estate and we expect to do so in the future.

Our rental properties are generally leased to corporate tenants under operating leases substantially all of which are noncancellable. Substantially all of our lease agreements are net lease arrangements that require the tenant to pay not only rent, but also substantially all of the operating expenses of the leased property, including maintenance, taxes, utilities and insurance. A majority of our lease agreements provide for periodic rental increases and certain of our other leases provide for increases based on the consumer price index.

At March 31, 2007, excluding mortgages payable of our unconsolidated joint ventures, we had 36 outstanding mortgages payable, aggregating approximately \$220.2 million in principal amount, each of which is secured by a first lien on real estate properties. The real properties securing our outstanding mortgages payable have an aggregate carrying value of approximately \$352 million before accumulated depreciation. The mortgages bear interest at fixed rates ranging from 5.13% to 8.8%, and mature between 2007 and 2037. In addition, we had one loan payable outstanding with a principal amount of \$6.6 million, bearing interest at 6.25% and maturing in 2018.

Results of Operations

Comparison of Three Months Ended March 31, 2007 and 2006

Revenues

Rental income increased by \$2.3 million, or 31.8%, to \$9.6 million for the three months ended March 31, 2007 from \$7.3 million for the three months ended March 31, 2006. The increase in rental income is primarily due to rental revenues earned during the three months ended March 31, 2007 on 22 properties acquired by us between April 2006 and December 2006.

Operating Expenses

Depreciation and amortization expense increased by \$591,000, or 39.5%, to \$2.1 million for the three months ended March 31, 2007. The increase in depreciation and amortization expense was due to the acquisition of 22 properties between April 2006 and December 2006.

General and administrative expenses increased by \$593,000, or 53.8%, to \$1.7 million for the three months ended March 31, 2007. The increase was due to a number of factors, including an increase of \$243,000 resulting from the implementation of the Compensation and Services Agreement which became effective on January 1, 2007. This agreement, pursuant to which the Company's obligations under a Shared Services Agreement were assumed by Majestic Property Management Corp., a related party, requires that the services of all affiliated executive, administrative, legal, accounting and clerical personnel that we use on an "as-needed", part time basis, as well as certain property management services, property acquisition, sales and leasing and mortgage brokerage services be provided to us by Majestic Property Management Corp. for an annual fee. The increase in general and administrative expenses in the three months ended March 31, 2007 also includes a \$173,000 increase in professional fees (legal, accounting and fees of an independent compensation consultant retained by the Compensation Committee of our Board of Directors). Additionally, in the three months ended March 31, 2007, general and administration expenses increased due to a \$50,000 increase in our chairman's fee pursuant to the Compensation and Services Agreement, a \$53,000 increase in compensation expense relating to our restricted stock program and a \$48,000 increase in payroll and payroll related expenses, primarily resulting from an additional employee and salary increases.

The three months ended March 31, 2007 includes \$36,000 of federal excise tax based on taxable income generated but not yet distributed. There was no such tax in the three months ended March 31, 2006.

Real estate expenses increased by \$13,000, or 22.4%, for the three months ended March 31, 2007, resulting primarily from an increase in insurance expense.

Other Income and Expenses

Our equity in earnings of unconsolidated joint ventures decreased by \$630,000, or 81.4%, to \$144,000 for the three months ended March 31, 2007. This decrease resulted from the reduction in income producing properties following the September and October 2006 sales of nine movie theater properties by two of our unconsolidated joint ventures. These properties had generated income of \$661,000 in the three months ended March 31, 2006. This decrease was offset in part by an increase in our equity share of earnings of our five other unconsolidated joint ventures.

Gain on disposition of real estate of unconsolidated joint venture results from the sale of the last real estate asset owned by one of our movie theater joint ventures. This vacant parcel of land, located in Monroe, New York, was sold for a consideration of \$1.25 million to a former tenant of the joint venture as part of an overall settlement of a litigation with that former tenant. See Note 12. The joint venture recognized a gain of \$1.2 million, of which our 50%

share is \$583,000.

13

Interest and other income increased by \$368,000 to \$584,000, or 170%, for the three months ended March 31, 2007. The increase in interest and other income for the three months ended March 31, 2007 results substantially from our investment in short-term cash equivalents of the distributions received from the movie theater joint ventures upon the sale of its nine theater properties in September and October 2006. Also contributing to the increase in interest and other income is a \$117,000 gain on sale of available-for-sale securities.

Interest expense increased by \$1 million, or 38.7%, to \$3.7 million for the three months ended March 31, 2007. This increase results from mortgages placed on ten properties between April 2006 and December 2006 and the assumption of a mortgage in connection with the purchase of 11 properties in April 2006.

Amortization of deferred financing costs increased by \$22,000, or 15.8%, to \$161,000 for the three months ended March 31, 2007. The increase results from the amortization of deferred mortgage costs during the three months ended March 31, 2007 resulting from mortgages placed on 21 properties between April 2006 and December 2006.

During February 2006, we sold an option to buy an interest in certain property adjacent to one of our properties and recognized a gain on the sale of \$227,000.

Discontinued Operations

Discontinued operations decreased by \$33,000, or 23.9%, to \$105,000 for the three months ended March 31, 2007. The three months ended March 31, 2006 includes net operating income of \$138,000 from a property we sold in October 2006. This decrease was offset in part by our receipt of an insurance settlement for another property (sold in a prior year) in the three months ended March 31, 2007.

Liquidity and Capital Resources

We had cash and cash equivalents of approximately \$32.7 million at March 31, 2007. Our primary sources of liquidity are cash and cash equivalents, cash generated from operating activities, including mortgage financings and property dispositions, and our revolving credit facility. We have a \$62.5 million revolving credit facility with VNB New York Corp., Bank Leumi USA, Manufacturers and Traders Trust Company and Israel Discount Bank of New York. The facility is available to us to pay down existing and maturing mortgages, to fund the acquisition of properties or to invest in joint ventures. The facility matures on March 31, 2010. Borrowings under the facility bear interest at the lower of LIBOR plus 2.15% or the bank's prime rate, and there is an unused facility fee of one-quarter of 1% per annum. Net proceeds received from the sale or refinancing of properties are required to be used to repay amounts outstanding under the facility if proceeds from the facility were used to purchase or refinance such properties. There is no outstanding balance at March 31, 2007.

We actively engage in seeking additional property acquisitions and we are involved in various stages of negotiation with respect to the acquisition of additional properties. We will fund our future real estate acquisitions by using available cash and cash equivalents, cash provided from operations, cash provided from mortgage financings and property dispositions and funds available under our credit facility.

We had no outstanding contingent commitments, such as guarantees of indebtedness, or any other contractual cash obligations, other than mortgage and loan payable debt, at March 31, 2007.

Cash Distribution Policy

We have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended. To qualify as a REIT, we must meet a number of organizational and operational requirements, including a requirement that we distribute currently at least 90% of our ordinary taxable income to our stockholders. It is our current intention to comply with these requirements and maintain our REIT status. As a REIT, we generally will not be subject to corporate federal, state or local income taxes on taxable income we distribute currently (in accordance with the Internal Revenue Code and applicable regulations) to our stockholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal, state and local income taxes at regular corporate rates and may not be able to qualify as a REIT for four subsequent tax years. Even if we qualify as a REIT for federal taxation purposes, we may be subject to certain state and local taxes on our income and to federal income taxes on our undistributed taxable income (i.e., taxable income not distributed in the amounts and in the time frames prescribed by the Internal Revenue Code and applicable regulations thereunder) and are subject to federal excise taxes on our undistributed income.

It is our intention to pay to our stockholders no less than 90% of our taxable income within the time periods prescribed by the Internal Revenue Code. It will continue to be our policy to make sufficient cash distributions to stockholders in order for us to maintain our REIT status under the Internal Revenue Code.

Item 3. - Quantitative and Qualitative Disclosures About Market Risk

All of our long-term mortgage debt bears interest at fixed rates and accordingly, the effect of changes in interest rates would not impact the amount of interest expense that we incur under these mortgages. Our credit line is a variable rate facility which is sensitive to interest rates. However, for the three months ended March 31, 2007, there was no balance outstanding on the credit line, and thus, the effect of changes in interest rates would not impact the amount of interest expense incurred during this period.

Item 4. - Controls and Procedures

As required under Rules 13a-15 (e) and 15d-15 (e) under the Securities Exchange Act of 1934, as amended, we carried out an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of March 31, 2007 are effective.

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) during the three months ended March 31, 2007 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

In July 2005, our former president and chief executive officer, who was also a member of our board of directors, resigned following the discovery of what appeared to be inappropriate financial dealings by him with a former tenant of a property owned by a joint venture in which we are a 50% partner and the managing member. We reported this matter to the Securities and Exchange Commission in July 2005. The Audit Committee of the Board of Directors conducted an investigation of this matter and related matters and retained special counsel to assist the Committee in its investigation. This investigation was completed and the Audit Committee and its special counsel, based on the materials gathered and interviews conducted, found no evidence that any other officer or employee of our company was aware of, or knowingly assisted, our former president and chief executive officer's inappropriate financial dealings.

In June 2006, we announced that we had received notification of a formal order of investigation from the SEC. Management believes that the matters being investigated by the SEC focuses on the improper payments received by our president and chief executive officer. The SEC also requested information regarding "related party transactions" between us and entities affiliated with us and with certain of our officers and directors and compensation paid to certain of our officers by these affiliates. The SEC and our Audit Committee have conducted investigations concerning these issues. We believe that these investigations have been substantially completed.

In August 2005, the former tenant commenced litigation in the Supreme Court of the State of New York, Nassau County against us, certain of our affiliated entities, our former president and chief executive officer, and an entity controlled by our former president and chief executive officer. In the litigation, the former tenant alleged, as against our former president and chief executive officer, the entity controlled by him, us and our affiliated entities, fraud, breach of contract, intentional tort, negligent supervision, respondeat superior, negligent misrepresentation, tortious interference with prospective economic relations and conduct in violation of the Racketeer Influenced and Corrupt Organizations Act ("RICO"). On the same date that the complaint was filed against us and our affiliated entities, we filed suit in the Supreme Court of the State of New York, Nassau County against our former tenant, the former tenant's principal, our former president and chief executive officer, the entity controlled by him and others. Our complaint alleged conspiracy to defraud, commercial bribery, fraud, breach of fiduciary duty, tortious interference, intentional tort, violation of the New York Enterprise Corruption Act, respondeat superior, unjust enrichment and violations of RICO.

The two actions were consolidated for all purposes on motion by both parties. On March 14, 2007, the consolidated actions were settled with respect to all parties, except that the action brought by us against our former president and chief executive officer and persons affiliated with him is continuing. Under the terms of the settlement agreement, a designee of the former tenant purchased, from a joint venture in which we are a 50% joint venture partner, a vacant property located in Monroe, New York, for a consideration of \$1,250,000 and the parties exchanged releases.
