Election of Officers

Our board elects our executive officers on an annual basis, and our executive officers serve until their successors are duly elected and qualified. No family relationships exist among any of our officers or directors.

Election of Directors

Our board of directors is currently comprised of nine directors. At each annual meeting of stockholders, the successors to the directors then serving are elected to serve from the time of their election and qualification until the next annual meeting following their election or until their successors have been duly elected and qualified, or until their earlier death, resignation or removal. All of our current directors have been elected to serve until the annual meeting of stockholders to be held in 2008.

Corporate Governance

Committees of the Board of Directors

Our bylaws authorize our board of directors to appoint one or more committees, each consisting of one or more directors. The board of directors currently has three standing committees: an Audit Committee, a Nominating and Corporate Governance Committee and a Compensation Committee, each of which has adopted written charters that

are all currently available on our website. On May 4, 2007, the Board approved combining the previously separate Nominating Committee and Corporate Governance Committee, and a new charter for the combined committee was adopted.

Audit Committee

The Audit Committee's responsibilities include:

- appointing, replacing, overseeing and compensating the work of a firm to serve as the registered independent public accounting firm to audit the Company's financial statements;

- discussing the scope and results of the audit with the independent registered public accounting firm and reviewing with management and the independent registered public accounting firm the Company's interim and year-end operating results;
- considering the adequacy of the Company's internal accounting controls and audit procedures;
- approving (or, as permitted, pre-approving) all audit and non-audit services to be performed by the independent registered public accounting firm; and
- providing an avenue of communication among the independent auditors, management, employees and the board.

The Audit Committee currently consists of Messrs. Brady, Caine and Mathias, with Mr. Brady serving as its chairman. The board of directors has determined that the members of the Audit Committee satisfy the “independence” and “financial literacy” requirements for audit committee members as set forth by the SEC and as adopted in the Nasdaq listing standards.

The board of directors has also determined that Mr. Brady is an audit committee financial expert, as defined by Item 407 of Regulation S-K and as required by Nasdaq Rule 4350(d), and is independent of management, as defined by Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, as amended, and Nasdaq Rule 4200(a)(15) and as required by Nasdaq Rule 4350(d). We believe Mr. Brady is qualified to be an “audit committee financial expert” because he has the following attributes: (i) an understanding of generally accepted accounting principles, or GAAP, and financial statements, (ii) the ability to assess the general application of such principles in connection with accounting for estimates, accruals and reserves, (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by NexCen’s financial statements, and experience actively supervising one or more persons engaged in such activities, (iv) an understanding of internal controls over financial reporting and (v) an understanding of audit committee functions. Mr. Brady has acquired these attributes by means of having held various positions that provided the relevant experience, including 33 years with Arthur Andersen (including twenty years as an audit partner) and membership on the audit committees of several public companies since 1998. Mr. Brady also serves on the audit committees of three other public companies, but the board of directors has determined that such service does not affect his independence, responsibilities or duties as a member of the Audit Committee.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee's responsibilities include:

- identifying, evaluating and recommending nominees to serve on the board of directors and committees of the board of directors;
- conducting searches for appropriate directors and evaluating the performance of the board of directors and of individual directors;
- screening and recommending to the board of directors individuals qualified to become the chief executive officer of the Company or to become senior executive officers of the Company;
- assessing the policies, procedures and performance of the board of directors and its committees;
- developing, evaluating and recommending to the board of directors any changes or updates to the Company’s policies on business ethics, conflicts of interest and related party transactions;

- making recommendations regarding director compensation to the board of directors; and
- overseeing the Company's corporate governance procedures and practices.

The members of the Governance Committee are Messrs. Brady, Dunn and Mathias, with Mr. Brady serving as its chairman.

Compensation Committee

The Compensation Committee's responsibilities include:

- reviewing and approving corporate goals and objectives that are relevant to the compensation of chief executive officer and other executive officers;

7

- evaluating the chief executive officer's performance and setting compensation in light of corporate objectives;
- reviewing and approving the compensation of the Company's other executive officers;
- administering the Company's stock option and stock incentive plans; and
- reviewing and making recommendations to the board of directors with respect to the Company's overall compensation objectives, policies and practices, including with respect to incentive compensation and equity plans.

The members of the Compensation Committee are Messrs. Mathias, Dunn and Rovner, with Mr. Mathias currently serving as its chairperson.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is or has ever been an officer or employee of NexCen or any of its subsidiaries. None of our executive officers serve as a member of the board of directors or a compensation committee of any entity that has one or more executive officers serving on our board of directors or our Compensation Committee.

Director Independence

Our board of directors has adopted the following standard for independence:

“Independent director” means a person other than an executive officer or employee of the Company or any other individual having a relationship which, in the opinion of the Company's Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In connection with, and to assist in making, this determination, the Board has adopted the definition of independence contained in the Nasdaq listing standards as its categorical standard of independence. However, even if a director meets this categorical standard of independence, to conclude that a director is independent, the Board must also determine that no other relationship exists that, in the Board's judgment, “would interfere with the exercise of independent judgment by that director in carrying out the responsibilities of a director.”

Each of our directors, other than Messrs. Oros, D'Loren, Stamas and Traub, qualifies as “independent” in accordance with the Company's independence standard. In making its affirmative determination of independence for 2007, the directors reviewed and discussed information provided by the directors and management with regard to each director's business and personal activities as they relate to NexCen and NexCen's management. Messrs. Oros and D'Loren are employed by the Company, and, as such, neither qualifies as an independent director under the Nasdaq Global Market standards. The board of directors determined that Mr. Stamas should not be considered an independent director in view of the business relationship between the Company and Kirkland & Ellis LLP, which is one of the Company's primary outside counsel and of which Mr. Stamas is a partner. Mr. Stamas' business relationship with the Company is described in Item 13 under the caption “Certain Relationships and Related Party Transactions.” The board of directors also determined that Mr. Traub should not be considered an independent director because in July 2007 the Company entered into a commercial agreement with Mr. Traub and a business that he owns and operates, Marvin Traub Associates. This agreement is described in Item 13 under the caption “Certain Relationships and Related Party Transactions.” The board of directors made these decisions despite the fact that the respective business relationships of Mr. Stamas and Mr. Traub do not cause them to be deemed non-independent under the Nasdaq Global Market standards. All members of the Audit Committee, Compensation Committee and Nominating Committee are independent directors.

In connection with the independence determination for Mr. Dunn, the directors considered that in 2006, FTI Consulting, Inc. (FTI) provided due diligence services to the Company totaling approximately \$15,000 in connection with the acquisition of UCC. Since 1992, Mr. Dunn has served as a director of FTI, and as its President and Chief Executive Officer. The board of directors has determined that Mr. Dunn should be considered an independent director in view of the fact that the services were immaterial to FTI and of a one-time nature. The board of directors intends to continue to monitor any relationships that the directors have with the Company's service providers.

Other than as discussed above, the board of directors did not consider and was not aware of any other transactions, relationships or arrangements that would effect the determination of our directors' independence under the Company's standards.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our officers (as defined in regulations issued by the SEC) and directors, and persons who own more than ten percent of our common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock (including options and warrants to acquire common stock). Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such reports of ownership received by us and certifications from our executive officers and directors, we believe that during fiscal year 2007 all filing requirements applicable to our executive officers, directors and such greater than ten percent stockholders were complied with on a timely basis other than the following: a late report on Form 4 by Mr. Oros filed on September 14, 2007, reporting the exercise of a warrant and the acquisition of 157,500 shares of the Company's common stock, and a late report on Form 4 by Mr. Traub filed on March 27, 2008 reporting the purchase of 35,000 shares of the Company's common stock.

Corporate Governance Policies

We have adopted Corporate Governance Guidelines, as well as a general code of ethics for our business and a code of ethical conduct that applies solely to our principal executive officer, principal financial officer, principal accounting officer, controller and persons performing similar functions. We also adopted the Policy and Procedures with respect to Related Persons Transactions. The Nominating and Corporate Governance Committee is responsible for reviewing and authorizing waivers from the code of ethics, the code of ethical conduct for senior financial officers, and the Policy and Procedures with respect to Related Persons Transactions, and we will file any waivers from, or amendments to, these codes and policy on our website at www.nexcenbrands.com, the content of which website is not incorporated by reference into or considered a part of this document. In 2007, no waivers were reviewed or authorized. The Company's Corporate Governance Guidelines, its general code of ethics, its code of ethical conduct for senior financial officers, and the Policy and Procedures with respect to Related Persons Transactions, as well as the charters for our Audit Committee, Nominating and Governance Committee and Compensation Committee, are available on our website. This information is also available in print upon written request to our corporate secretary at the address of our corporate headquarters office in New York City.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview and Objectives

We entered the brand management and franchising business in June 2006, when we acquired UCC Capital Corporation. Upon the closing of that acquisition, Robert W. D'Loren, who was the President and Chief Executive Officer of UCC Capital Corporation, became our President and Chief Executive Officer and a member of our board of directors. From June 2006 to date, we have acquired nine brands: Bill Blass, Waverly, The Athlete's Foot, Shoebox New York, Great American Cookies, MaggieMoo's, Marble Slab Creamery, Pretzel Time, and Pretzelmaker. We now license and franchise our brands to a network of leading retailers, manufacturers and franchisees that includes every major segment of retail distribution from the luxury market to the mass market in the United States and in over 50 countries around the world. Our franchise network consists of approximately 1,900 retail stores. As we continue to build both our business and our senior management team, we expect that we will make material adjustments and refinements to our compensation policies and programs.

Our current compensation programs are intended to reward our named executives for growing our business profitably. They also are intended to encourage the retention of executives who contribute significantly to improved business performance, overall growth and increased stockholder value. The components of our compensation programs for named executives include salary, annual bonus, equity incentive compensation, and benefits.

We have paid salaries to each of our named executive officers that are at or slightly below the median level in the marketplace pursuant to employment agreements negotiated in 2006 with each such officer, reflecting our goal of conserving cash as we acquire businesses and seek to build a profitable operation. To enable us to attract and retain superior individuals, however, we offered opportunities for generous performance-based annual bonus and equity incentive awards. In the case of our chief executive officer, on whom we depended to build our new brand

management and franchising business, we agreed to a compensation package that, by component and in the aggregate, based upon our review of relevant market information, will be at the top of the marketplace if certain performance levels are achieved. We believe that this compensation package was necessary to attract and retain our chief executive officer.

In 2007, we did not make any incentive equity awards to any of our named executive officers. We also did not make any bonus awards to named executive officers in 2007 either under our existing management bonus plan (the 2006 Management Bonus Plan) or pursuant to the Compensation Committee's general discretion under its Charter to set executive compensation levels. The 2006 Management Bonus Plan is designed so that amounts paid thereunder can qualify as performance-based compensation under Section 162(m) where the Compensation Committee sets performance targets for eligible participants and such targets are met. The total bonus pool available under the 2006 Management Bonus Plan is capped at 5% of the Company's net income, as determined based on the Company's audited financial statements in the applicable fiscal year.

We do not currently have a comprehensive policy and approach to compensation. We believe that the Company's business and strategies must mature before we can fully understand the critical elements to our financial and operational success for which we can set appropriate metrics for short and long-term compensation. In that regard, we have decided not to adopt performance or award targets in 2008 under the 2006 Management Bonus Plan, and we are evaluating the 2006 Management Bonus Plan and other Company plans in our efforts to develop long-term compensation policies that will apply both to the named executive officers and more generally to our employee base. Our ultimate goal is to provide an attractive, flexible and market-based total compensation program tied to performance and aligned with shareholder interests.

Process for Determining Compensation

General. Our Compensation Committee plays an integral role in shaping the Company's overall compensation objectives, policies and practices. The Compensation Committee is responsible for, among other things, reviewing and recommending approval of the compensation of our executive officers; administering our equity incentive and stock option plans; reviewing and making recommendations to the board of directors with respect to incentive compensation and equity incentive and stock option plans; evaluating our chief executive officer's performance in light of corporate objectives; and setting our chief executive officer's compensation based on the achievement of corporate objectives.

The Compensation Committee relies on its judgment in making compensation decisions, based upon a review of the Company's performance, the executive's performance and responsibilities, the Company's and the executive's achievement of business objectives, plans and specified goals, and the executive's contributions to the development of the Company's business and its long-term prospects for growth and success. The Compensation Committee also takes into account information about market levels of compensation provided by its compensation consultant, Towers Perrin. Towers Perrin uses information from relevant published compensation surveys, as well as public filings for similar peer companies. The Compensation Committee also considers a named executive's current and past compensation levels in determining whether to make any discretionary awards or any adjustments to compensation of a continuing executive. In this process, the Company's objective is to keep annual salaries at or below median levels, but to provide annual bonus opportunities and equity incentive awards that offer opportunities to earn overall compensation above median levels, if the Company and the executive deliver superior performance.

In general, the Compensation Committee has not developed or adhered to any strict formulas in setting compensation or in establishing compensation packages. We expect that over time, the annual salaries of the named executive officers will be less than 50% of each person's overall annual compensation and a significantly smaller portion of such compensation over a period of years, taking into account the value of incentive equity awards. In 2007, we did not pay any annual bonuses or incentive equity awards to our named executive officers. Accordingly, salaries represented a large proportion of their overall annual compensation. We expect that this will change in future years.

Participation of the Chief Executive Officer and Other Executives. We do not currently have a senior human resources executive. Our chief executive officer participates in discussions with the Compensation Committee regarding compensation decisions about all named executives other than himself. Except for the chief executive officer, no other named executive participates directly in discussions with the Compensation Committee about compensation matters, although the chief executive officer does discuss these matters with the chief financial officer. The Compensation Committee expects to rely heavily on the recommendations of the chief executive officer on these matters, particularly with respect to bonuses based on the performance of the executive and the Company.

Role of the Compensation Consultant. To assist the Compensation Committee in fulfilling its responsibilities, the Compensation Committee has retained an independent compensation consultant, Towers Perrin. The consultant reports directly to the Compensation Committee. Other than the work Towers Perrin performs for the Compensation Committee and the board of directors, Towers Perrin has not provided any consulting services to NexGen or its executive officers.

In assisting the Compensation Committee, Towers Perrin presents the committee with peer group benchmarking data and information about other relevant market practices and trends, and makes recommendations to the Compensation Committee regarding target levels for various elements of total compensation for executive officers and directors of the Company.

Towers Perrin's recommendations are presented to and considered by the Compensation Committee in their deliberations on compensation matters.

Towers Perrin was retained by the Compensation Committee in 2006 to provide a compensation study to benchmark and assist in the development of the compensation packages for Mr. D'Loren and Mr. Haran. The compensation study evaluated the reasonableness of the base salary, annual bonus and stock option grants proposed for Mr. D'Loren employment as our new chief executive officer in comparison to the competitive market. The compensation study was presented to the Compensation Committee and the board of directors and was considered by each in their deliberations and discussions on Mr. D'Loren's compensation package. The compensation packages for Mr. D'Loren and Mr. Haran have not changed.

Again in 2007, Towers Perrin was retained by the Compensation Committee to assist in a review of executive officer and director compensation. In the 2007 review, Towers Perrin obtained peer group benchmarking data primarily from a group of companies with revenue of \$30 to \$200 million regardless of industry, and secondly from a group of companies that have a similar business strategy to us, regardless of revenue size. Although the data did not result in a statistical random sampling, we believe it provided helpful data regarding the compensation levels and practices of peer companies with whom we compete for key executive talent.

Process for Approving Equity Grants. The Compensation Committee administers the 2006 Equity Incentive Plan, which is our long-term incentive plan that was approved by our stockholders in October 2006. The Compensation Committee is required to approve all grants of all awards under that plan, and has not delegated any grant authority. Under the terms of the 2006 Equity Incentive Plan, stock options are required to be priced at the closing price of NexCen common stock on the date of grant, which is the actual date on which the option (including all of its material terms) is approved by the Compensation Committee. Our long-term incentive plan does not permit the re-pricing of options. Previously, we did not have a policy that addressed the specific issue of whether equity grants may be approved prior to the release of material information. In February 25, 2008, the Compensation Committee established a policy to grant options on a quarterly basis on the third Trading Day after the Company publicly announces its quarterly financial results following each of the first three fiscal quarters of each year and after annual financial results following the fourth fiscal quarter of each year.

We typically grant stock options to new employees at senior levels when they begin working for the Company. In 2007, these grants were usually made at the next regularly scheduled or special meeting of the Compensation Committee after the date on which employment commenced. Beginning as of February 25, 2008, grants made to new employees are typically made on the next quarterly grant date following the start of employment.

Share Ownership Guidelines. We do not currently have any requirements for any of our executive officers or other employees to own specified amounts of NexCen common stock. As a result of his prior ownership of UCC and purchases of our common stock on the open market for which he received pre-clearance, our chief executive officer (directly or through entities that he controls) currently owns approximately 3.7 million shares of our common stock.

Compensation Deduction Limit. Section 162(m) of the Internal Revenue Code generally limits the compensation that a corporation can deduct for payments to a chief executive officer and the four other most highly compensated executive officers to \$1 million per officer per year. However, compensation that is “performance-based,” as defined by Section 162(m), is exempt from this limitation on deductibility. In general, compensation attributable to the exercise of stock options granted with an exercise price at or above the market price of the underlying stock at the time of the grant qualifies as performance-based compensation. In 2007, we did not pay our chief executive officer or our four other most highly compensated executive officers compensation in excess of \$1 million (excluding compensation in respect of exercised options that we believe qualifies as performance-based compensation).

Elements of Compensation

For 2007, the principal components of compensation for our named executive officers consisted of:

Base salary;

Equity-based awards;

Cash bonuses;

Perquisites and other personal benefits; and

Other compensation.

These principal elements have been chosen to create a flexible package that can reward both our short and long-term performance, while providing the executive with a competitive compensation package.

Base salary. We provide named executive officers and other employees with a base salary to compensate them for basic services rendered during the fiscal year. Initial base salaries for our named executive officers were determined for each executive in 2006 based on negotiations between the new executive, on the one hand, and the Company, on the other. The Compensation Committee expects to review salary levels at least annually, as well as upon a promotion or other changes in job responsibility. Merit based increases to salaries, if any, will be based on the Compensation Committee's review and overall assessment of an individual's performance.

In 2007, none of the named executive salaries received an increase in their respective base salaries.

Equity-based awards. We provide equity-based compensation to promote our long-term growth and profitability. Equity-based awards not only provide directors, executive officers, and employees with incentives to maximize stockholder value and otherwise contribute to our long-term success, but they also allow us to attract, retain and reward the best available individual for positions of responsibility.

Awards of stock options and restricted stock are made under our 2006 Equity Incentive Plan, which was approved by our stockholders in October 2006. The Compensation Committee administers the 2006 Equity Incentive Plan and has not delegated any grant authority. Shares of restricted stock are issued subject to a vesting schedule and cannot be sold until and to the extent the shares have vested. Stock options are issued at an exercise price of no less than fair market value on the date of grant and are subject to vesting requirements, which may include time-based vesting, performance-based vesting, or both. Historically, we have not issued any options subject to performance-based vesting.

In 2007, we did not award any restricted stock or stock options to any of the named executive officers.

Cash bonuses. We provide cash bonus compensation to motivate, reward and retain key executives. Under the 2006 Management Bonus Plan bonuses are paid out of a pool determined to be 5% of the Company's net income. The chief executive officer has a contractual right to 50% of this pool and the other half is allocated to senior executives based on performance achievements determined by the chief executive officer and the Compensation Committee.

The Company reported net loss for 2007 and as a result there was no bonus pool under the 2006 Management Bonus Plan. In addition, the Compensation Committee did not award, nor did any of the named executive officers seek, any bonus under the Compensation Committee's general discretion pursuant to its Charter to set executive compensation.

Perquisites and other personal benefits. We provide certain executive officers with perquisites and other personal benefits that we and the Compensation Committee believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. Perquisites are generally granted as part of our executive recruitment and retention efforts. During 2007, our named executive officers received a limited amount of perquisites and other personal benefits that we paid on their behalf. These perquisites and other personal benefits included, among other things:

Payments of life, health and/or disability insurance premiums;

Car expenses; and/or

Club dues.

Other Compensation. In addition to the compensation discussed above, we also provide our named executive officers with customary employee benefits, available to all employees, including health, disability and life insurance. In general, these benefits are substantially the same as those available to all of our employees.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis and discussed that Analysis with management. Based on its review and its discussions with management, the Committee has recommended to our board of directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K/A for 2007 and the Company's 2008 proxy statement. This Report is provided by the following independent directors, who comprise the Compensation Committee:

Edward J. Mathias (Chairman)

Jack B. Dunn IV

Summary Compensation Table

The table below summarizes the total compensation paid to or earned by each of our named executive officers, including our former chief financial officer, for the fiscal year ended December 31, 2007.

Additionally, the Compensation Committee of the board of directors did not award any payments which would be characterized as “Bonus” payments to any of the named executive officers and did not increase their base salaries. We also have no defined benefit plans, actuarial plans, or non-qualified deferred compensation plans

Compensation for Named Executives Officers in 2007

We discuss here the compensation of those individuals who were named executive officers at December 31, 2007. All of these named executive officers except Mr. Meister remain with the Company at the date of this Report. For each named executive officer, we negotiated employment agreements in connection with their hire in 2006. On March 25, 2008, we hired a new chief financial officer and negotiated an employment agreement in connection with his hire. In each case, we provide competitive base salaries, discretionary bonus opportunities, basic benefit packages and modest severance arrangements. The overall philosophy of our compensation policy is reflected in each agreement. See the section captioned "Employment Agreements" for more in-depth information.

Compensation for Chief Executive Officer. In 2007, the compensation of Mr. D'Loren, the President and Chief Executive Officer, was based on his employment agreement entered into on June 6, 2006. Mr. D'Loren did not receive an increase in his base salary and received no bonus either in cash or in equity.

Compensation for Other Named Executive Officers. In 2007, the compensation of our other name executive officers were based on their respective employment agreements entered into in 2006. In 2007, none of the other named executive salaries received an increase in their respective base salaries and none received a bonus either in cash or equity.

Post-termination compensation. We have entered into employment agreements with each of the named executive officers. Each of these agreements provides for certain payments and other benefits if the executive's employment terminates under certain circumstances, including, in the event of a "change of control". See sections captioned "Employment Agreements" and "Potential Payments Upon Termination or Change of Control" for a description of the severance and change of control benefits.

Employment Agreements***Employment Agreements for Named Executive Officer***

Robert W. D'Loren

Simultaneous with the acquisition of UCC in June 2006, we entered into an employment agreement with Mr. D'Loren. Pursuant to the terms of Mr. D'Loren's employment agreement, Mr. D'Loren will receive an initial annual base salary of \$750,000, subject to periodic review and upward adjustment, as well as various perquisites and benefits, including a monthly car allowance. For each calendar year during the term of the employment agreement, Mr. D'Loren will be entitled to receive an incentive bonus equal to 50% of amounts awarded under the 2006 Management Bonus Plan (the "Annual Bonus"). No Annual Bonus was paid for fiscal years 2006 or 2007. Unless otherwise agreed, the Annual Bonus will be payable 50% percent in cash and 50% in restricted shares of NexCen's common stock that will vest in three equal installments over three years following the date of their issuance.

On June 6, 2006, as specified in Mr. D'Loren's employment agreement, we granted Mr. D'Loren options to purchase an aggregate of 2,686,976 shares of our common stock under the terms of the Company's 1999 Equity Incentive Plan. See "Outstanding Equity Awards at Fiscal Year-End" table for details of Mr. D'Loren's stock options. Under Mr. D'Loren's employment agreement, if Mr. D'Loren's employment with NexCen is terminated without "Cause" (as defined in Mr. D'Loren's employment agreement), or if he resigns for "Good Reason" (as defined in Mr. D'Loren's employment agreement), or if a Change of Control (as defined in Mr. D'Loren's employment agreement) occurs, all unvested options and restricted shares issued to Mr. D'Loren pursuant to the 1999 Equity Incentive Plan will vest immediately.

In addition, in accordance with the terms of Mr. D'Loren's employment agreement, we issued to Mr. D'Loren a ten-year warrant to purchase 125,000 shares of our common stock, at an exercise price of \$4.10 per share. The terms, including regular and accelerated vesting, of the warrant are identical to those of the option grant he received at closing.

The initial term of Mr. D'Loren's employment agreement is three years, and it renews automatically for successive one-year periods beginning June 6, 2009, unless either party provides at least 90 days' advance written notice of a decision not to renew. If we do not renew Mr. D'Loren's employment agreement at the end of any term, Mr. D'Loren will be entitled to receive his then current base salary for two years. If (i) we terminate Mr. D'Loren's employment without "Cause" or (ii) Mr. D'Loren terminates his employment for Good Reason, he will be entitled to receive a severance package consisting of (1) any earned but unpaid base salary through the date of employment termination and any declared but unpaid annual bonus and (2) an amount equal to his Base Salary (at the rate then in effect) for the greater of the remainder of the initial three-year term or two years. The severance will be payable over a six-month period or such shorter period as is required to comply with Section 409A of the Internal Revenue Code and applicable regulations adopted thereunder. Mr. D'Loren also will be entitled to continue to participate in NexCen's group medical plan on the same basis as he previously participated or receive payment of, or reimbursement for, COBRA premiums (or, if COBRA coverage is not available, reimbursement of premiums paid for other medical insurance in an amount not to exceed the COBRA premium) for a two-year period following termination, subject to termination of this arrangement if a successor employer provides him with health insurance coverage.

If Mr. D'Loren's employment is terminated without Cause (or if he resigns for Good Reason) within one year of a Change of Control (as defined in Mr. D'Loren's employment agreement), he will be entitled to receive the same severance as described above for termination without Cause or resignation for Good Reason, except that instead of the amount described in clause (2) of the prior paragraph, Mr. D'Loren will be entitled to receive an amount equal \$100 less than three times the sum of (i) Mr. D'Loren's base salary (at the rate in effect on the date of termination) and (ii) the Annual Bonus (which, for this purpose, will be deemed to equal the product of (A) the percentage of the 2006 Management Bonus Plan that Mr. D'Loren was awarded in the most recently completed fiscal year, multiplied by (B) four times the net income reported by NexCen in the last complete fiscal quarter prior to the effective date of termination of Mr. D'Loren's employment). However, if the severance payment owed to Mr. D'Loren, plus any other payments or benefits, either cash or non-cash, that Mr. D'Loren has the right to receive from NexCen would constitute an "excess parachute payment" (as defined in Section 280G of the Internal Revenue Code of 1986), then his severance will be reduced to the largest amount that will not result in receipt by Mr. D'Loren of an "excess parachute payment."

During the term of employment and for two years thereafter, or one year if Mr. D'Loren's employment is terminated without Cause or if he resigns for Good Reason, Mr. D'Loren has agreed not to compete with NexCen. In addition, for two years following the term of employment, Mr. D'Loren has agreed not to (i) solicit, induce or attempt to induce any customer, supplier, licensee or other business relation to cease doing business with the Company, (ii) solicit, induce or attempt to induce any person who is, or was during the then-most recent one year period, a corporate officer, general manager or other employee of the Company or any of its subsidiaries to terminate such employee's employment with the Company, or hire any such person unless such person's employment was terminated by the Company, or (iii) in any way interfere with the relationship between any customer, supplier, licensee, employee or business relation of the Company or any of its subsidiaries.

David B. Meister

In September 2006, Mr. Meister joined the Company as Senior Vice President, Chief Financial Officer, Treasurer and Secretary. Mr. Meister left the Company on March 21, 2008.

Pursuant to the terms of the employment agreement, Mr. Meister received an initial annual base salary of \$225,000, as well as customary employee perquisites and benefits. For each calendar year during the term of the employment agreement, Mr. Meister was entitled to receive a performance-based bonus pursuant to the 2006 Management Bonus

Plan (the “Annual Bonus”) based on achieving annual performance goals recommended by the Chief Executive Officer and subject to review and confirmation by the Compensation Committee or board of directors. No Annual Bonus was paid for fiscal years 2006 or 2007.

On September 12, 2006, as contemplated by the employment agreement, Mr. Meister was granted options to purchase an aggregate of 200,000 shares of the Company’s common stock under the terms of the Company’s 1999 Equity Incentive Plan. See “Outstanding Equity Awards at Fiscal Year-End” table for details of Mr. Meister’s stock options. On March 21, 2008, Mr. Meister left the Company, and all unvested options immediately vested and become fully exercisable pursuant to his employment agreement. Pursuant to his separation agreement, the Company agreed to extend the exercise period on Mr. Meister’s 200,000 options until December 31, 2009.

The initial term of the employment agreement was three years. As a result of Mr. Meister's termination, he is entitled to receive a severance package under his employment agreement consisting of (1) any earned but unpaid base salary through the date of employment termination and any declared but unpaid annual bonus (which there was none) and (2) an amount equal to his base salary (at the rate then in effect) for one year. The severance will be payable over a six-month period or such shorter period required to comply with Section 409A of the Internal Revenue Code and applicable regulations adopted thereunder. He also is entitled to continue to participate in the Company's group medical plan on the same basis as he previously participated or receive payment of, or reimbursement for, COBRA premiums (or, if COBRA coverage is not available, reimbursement of premiums paid for other medical insurance in an amount not to exceed the COBRA premium) for a one-year period following termination, subject to termination of this arrangement if a successor employer provides him with health insurance coverage.

Pursuant to the employment agreement, during the term of employment and one year thereafter, Mr. Meister has agreed not to compete with the Company. In addition, for two years following the term of employment, Mr. Meister has agreed not to (i) solicit, induce or attempt to induce any customer, supplier, licensee or other business relation to cease doing business with the Company, (ii) solicit, induce or attempt to induce any person who is, or was during the then-most recent one year period, a corporate officer, general manager or other employee of the Company or any of its subsidiaries to terminate such employee's employment with the Company, or hire any such person unless such person's employment was terminated by the Company, or (iii) in any way interfere with the relationship between any customer, supplier, licensee, employee or business relation of the Company or any of its subsidiaries.

James Haran

Simultaneous with the acquisition of UCC in June 2006, we entered into an employment agreement with Mr. Haran. Pursuant to the terms of Mr. Haran's employment agreement, Mr. Haran will receive an initial annual base salary of \$375,000, subject to periodic review and upward adjustment. For each calendar year during the term of the employment agreement, Mr. Haran will also be eligible to receive a performance-based bonus pursuant to the 2006 Management Bonus Plan (the "Annual Bonus") on achieving annual performance goals recommended by the President and Chief Executive Officer and subject to review and confirmation by the Compensation Committee or board of directors. No Annual Bonus was paid in fiscal years 2006 or 2007.

On June 6, 2006, as specified in Mr. Haran's employment agreement, we granted Mr. Haran options to purchase an aggregate of 581,788 shares of our common stock under the terms of the Company's 1999 Equity Incentive Plan. See "Outstanding Equity Awards at Fiscal Year-End" table for details of Mr. Haran's stock options. Under Mr. Haran's employment agreement, if Mr. Haran's employment with NexCen is terminated without "Cause" (as defined in Mr. Haran's employment agreement), or if he resigns for "Good Reason" (as defined in Mr. Haran's employment agreement), or if a Change of Control (as defined in Mr. Haran's employment agreement) occurs, all unvested options issued to Mr. Haran pursuant to the employment agreement will vest immediately.

The initial term of Mr. Haran's employment agreement is three years, and it renews automatically for successive one-year periods beginning June 6, 2009, unless either party provides at least 30 days' advance written notice of a decision not to renew. If the Company terminates Mr. Haran's employment (i) without Cause, or (ii) if Mr. Haran resigns for Good Reason, or (iii) if the Company fails to renew the term, Mr. Haran will be entitled to receive (1) any unpaid base salary including any declared but unpaid annual bonus and (2) an amount equal to his base salary (at the rate then in effect) for a eighteen-month period. The severance will be payable over a six-month period or such shorter period as is required to comply with Section 409A of the Internal Revenue Code and applicable regulations adopted thereunder. Mr. Haran also will be entitled to continue to participate in NexCen's group medical plan on the same basis as he previously participated or receive payment of, or reimbursement for, COBRA premiums (or, if COBRA coverage is not available, reimbursement of premiums paid for other medical insurance in an amount not to exceed the COBRA premium) for a one year period following termination, subject to termination of this arrangement if a successor employer provides him with health insurance coverage.

If Mr. Haran's employment is terminated without Cause (or if he resigns for Good Reason) within one year of a Change of Control (as defined in Mr. Haran's employment agreement), he will be entitled to receive the same severance as described above for termination without Cause or resignation for Good Reason, except that instead of the amount described in clause (2) of the prior paragraph, Mr. Haran will be entitled to receive an amount equal \$100 less than two times the sum of (i) Mr. Haran's base salary (at the rate in effect on the date of termination) and (ii) the Annual Bonus, if declared, in the year prior to the Change of Control. However, if the severance payment owed to Mr. Haran, plus any other payments or benefits, either cash or non-cash, that Mr. Haran has the right to receive from NexCen would constitute an "excess parachute payment" (as defined in Section 280G of the Internal Revenue Code of 1986), then his severance will be reduced to the largest amount that will not result in receipt by Mr. Haran of an "excess parachute payment."

During the term of employment and for two years thereafter, or one year if Mr. Haran's employment is terminated without Cause or if he resigns for Good Reason, Mr. Haran has agreed not to compete with the Company. In addition, for two years following the term of employment, Mr. Haran has agreed not to (i) solicit, induce or attempt to induce any customer, supplier, licensee or other business relation to cease doing business with the Company, (ii) solicit, induce or attempt to induce any person who is, or was during the then-most recent one year period, a corporate officer, general manager or other employee of the Company or any of its subsidiaries to terminate such employee's employment with the Company, or hire any such person unless such person's employment was terminated by the Company, or (iii) in any way interfere with the relationship between any customer, supplier, licensee, employee or business relation of the Company or any of its subsidiaries

Charles A. Zona

In December 2006, Mr. Zona joined the Company as Executive Vice President, Brand Management and Licensing. Prior to his appointment, Mr. Zona worked with the Company as a consultant since November 2006.

Pursuant to the terms of the employment agreement, Mr. Zona will receive an initial annual base salary of \$300,000, subject to annual review and upward adjustments (but not decreases), as well as customary employee perquisites and benefits. Mr. Zona will also be eligible to receive a performance-based bonus pursuant to the 2006 Management Bonus Plan (the "Annual Bonus") based on achieving annual performance goals recommended by the President and Chief Executive Officer and subject to review and confirmation by the Compensation Committee or board of directors. No Annual Bonus was paid for fiscal years 2006 or 2007.

On December 11, 2006, as contemplated by the employment agreement, Mr. Zona was granted options to purchase a total of 250,000 shares of the Company's common stock pursuant to the terms of the Company's 2006 Equity Incentive Plan. See "Outstanding Equity Awards at Fiscal Year-End" table for details of Mr. Zona's stock options. Under Mr. Zona's employment agreement, if his employment with the Company is terminated without "Cause" (as defined in the employment agreement), or if he resigns for "Good Reason" (as defined in the employment agreement), or if a Change of Control (as defined in the employment agreement) occurs, all unvested options will immediately vest and become fully exercisable.

The initial term of the employment agreement is three years, and it renews automatically for one-year periods, unless either party gives the other party 90 days prior written notice of a decision not to renew. If the Company terminates Mr. Zona's employment (i) without Cause, or (ii) if Mr. Zona resigns for Good Reason, or (iii) if the Company fails to renew the term, Mr. Zona will be entitled to receive (1) any unpaid base salary including any declared but unpaid annual bonus and (2) an amount equal to his base salary (at the rate then in effect) for a six-month period. The severance will be payable over a six-month period or such shorter period as is required to comply with Section 409A of the Internal Revenue Code and applicable regulations adopted thereunder. Mr. Zona also will be entitled to continue to participate in the Company's group medical plan on the same basis as he previously participated or receive payment of, or reimbursement for, COBRA premiums for a one-year period following his termination, subject to termination of coverage if a successor employer provides him with health insurance.

Notwithstanding the foregoing, if Mr. Zona's employment is terminated within one year following a Change of Control by the Company without Cause or by Mr. Zona with Good Reason, Mr. Zona shall be entitled to receive the same severance as described in the preceding paragraph, however, the amount of severance will be changed to an amount equal to \$100 less than two times the sum of (i) Mr. Zona's base salary (at the rate then in effect) and (ii) the annual bonus paid to Mr. Zona in the year prior to such Change in Control. However, if the lump sum severance owed to Mr. Zona would constitute an "excess parachute payment" (as defined in Section 280G of the Internal Revenue Code of 1986), then his severance will be reduced to the largest amount that will not result in receipt by Mr. Zona of an "excess parachute payment."

During the term of employment and for one year thereafter, or six months if Mr. Zona's employment is terminated without Cause or if he resigns for Good Reason, Mr. Zona has agreed not to compete with the Company. In addition, for one year following the term of employment, Mr. Zona has agreed not (i) to solicit, induce or attempt to induce any customer, supplier, licensee, or other business relation of the Company or any of its subsidiaries to cease doing business with the Company or any of its subsidiaries, (ii) to solicit, induce or attempt to induce any employee of the Company or any of its subsidiaries to terminate such employee's employment with the Company or (iii) in any way interfere with the relationship between any customer, supplier, licensee, employee or business relation and the Company or any of its subsidiaries.

Employment Agreement for New Chief Financial Officer

Kenneth J. Hall

On March 25, 2008, Mr. Hall joined the Company as Executive Vice President, Chief Financial Officer and Treasurer.

18

Pursuant to the terms of an employment agreement, Mr. Hall will receive an initial annual base salary of \$400,000, subject to periodic review and upward adjustment, as well as various perquisites and benefits, including a monthly automobile allowance comparable to other senior executive officers (but in no event less than \$1,250 per month). For each calendar year during the term of the employment agreement, Mr. Hall will be entitled to receive a performance-based bonus calculated as a percentage of the “bonus pool,” based on Mr. Hall and the Company achieving annual performance goals, subject to review and confirmation by the Company’s Compensation Committee or board of directors. The “bonus pool” will be equal to five percent of the Company’s annual net income, as reported on the audited financial statements or any other amount authorized as the “bonus pool” by the Company’s Compensation Committee or board of directors under the 2006 Management Bonus Plan or any other management bonus plan adopted by the Company.

Mr. Hall will also be granted options to purchase a total of 250,000 shares of the Company’s common stock, subject to the approval of the Company’s Compensation Committee, under the terms of the Company’s 2006 Long Term Equity Incentive Plan and a customary grant agreement. The options will have a 10-year term and an exercise price equal to the fair market value of the Company’s common stock on the grant date, which under the Company’s policy will be the third trading day after the Company publicly announces results for the three month period ending March 31, 2008. The options will vest and become exercisable in equal installments on each of the first three anniversaries of the grant date. Under Mr. Hall’s employment agreement, if his employment with the Company is terminated without “Cause” (as defined in the employment agreement), or if he resigns for “Good Reason” (as defined in the employment agreement), or if a Change of Control (as defined in the employment agreement) occurs, all unvested options will immediately vest and become fully exercisable for a period of twelve months following such termination.

The initial term of the employment agreement is three years, and it renews automatically for successive one-year periods beginning March 25, 2011, unless either party provides at least 90 days’ advance written notice of a decision not to renew. If (i) the Company terminates Mr. Hall’s employment without “Cause” or does not renew the employment agreement at the end of any term or (ii) Mr. Hall terminates his employment for Good Reason, he will be entitled to receive a severance package consisting of (1) any earned but unpaid base salary through the date of employment termination and any declared but unpaid annual bonus and (2) an amount equal to his base salary (at the rate then in effect) for the greater of the remainder of the initial three year term or eighteen months. The severance will be payable over a six month period or such shorter period required to comply with Section 409A of the Internal Revenue Code and applicable regulations adopted thereunder. He also will be entitled to continue to participate in the Company’s group medical plan on the same basis as he previously participated or receive payment of, or reimbursement for, COBRA premiums (or, if COBRA coverage is not available, reimbursement of premiums paid for other medical insurance in an amount not to exceed the COBRA premium) for an eighteen month period following termination, subject to termination of this arrangement if a successor employer provides him with health insurance coverage.

If Mr. Hall’s employment is terminated without Cause or if he resigns for Good Reason within a year of a Change of Control (as defined in the employment agreement), he will be entitled to receive the same severance as described in the preceding paragraph, however, the amount of severance will be increased to equal \$100 less than two times the sum of (i) Mr. Hall’s base salary (at the rate in effect on the date of termination) and (ii) the annual bonus paid to Mr. Hall in the year prior to such Change of Control. However, if the severance payment owed to Mr. Hall would constitute an “excess parachute payment” (as defined in Section 280G of the Internal Revenue Code of 1986), then his severance will be reduced to the largest amount that will not result in receipt by the Mr. Hall of an “excess parachute payment.”

During the term of employment and for two years thereafter, or one year if Mr. Hall’s employment is terminated without Cause or if he resigns for Good Reason, Mr. Hall has agreed not to compete with the Company. In addition, for two years following the term of employment, Mr. Hall has agreed not to (i) solicit, induce or attempt to induce any customer, supplier, licensee or other business relation to cease doing business with the Company, (ii) solicit, induce or attempt to induce any person who is, or was during the then-most recent one year period, a corporate officer, general

manager or other employee of the Company or any of its subsidiaries to terminate such employee's employment with the Company, or hire any such person unless such person's employment was terminated by the Company, or (iii) in any way interfere with the relationship between any customer, supplier, licensee, employee or business relation of the Company or any of its subsidiaries.

Potential Payments to Named Executive Officers Upon Termination or Change-of-Control

As noted above under "Employment Agreements," we have entered into employment agreements with each of our named executive officers. These agreements provide for certain payments and other benefits if a named executive officer's employment with us is terminated under circumstances specified in his agreement, including a "Change of Control" of the Company. The amounts of potential payments in the following tables are hypothetical based on the rules of the Securities and Exchange Commission. Actual payments will depend on the circumstances and timing of any termination.

The receipt of the payments and benefits to the named executive officers under their employment agreements are generally conditioned upon their complying with customary non-solicitation, non-competition, confidentiality, non-interference and non-disparagement provisions. By the terms of such agreements, the executives acknowledge that a breach of some or all of the covenants described herein will entitle us to injunctive relief restraining the commission or continuance of any such breach, in addition to any other available remedies.

The following table provides the term of such covenants following the termination of employment as it relates to each named executive officer:

Covenant	Robert D’Loren	David B. Meister	James Haran	Charles Zona
Confidentiality	Employment term and thereafter	Employment term and thereafter	Employment term and thereafter	Employment term and thereafter
Non-solicitation	Employment term and 24 months thereafter	Employment term and 24 months thereafter	Employment term and 24 months thereafter	Employment term and 12 months thereafter

Termination Payments (Other than in Connection with a Change-of-Control)

The table below includes a description and the amount of estimated payments and benefits that would be provided by us (or our successor) to each of the named executive officers, assuming that a termination circumstance occurred as of December 31, 2007 and a “Change of Control” had not occurred. See “Employment Agreements” included above for additional details for the named executive officers.

Termination in Connection with a Change of Control

The employment agreements with each of Messrs. D’Loren, Meister, Haran and Zona provide that, if, within twelve months following a “Change of Control,” their employment is terminated without “Cause” or they terminate their employment for “Good Reason” as all such terms are defined in each employment agreement, we are obligated to make a lump-sum severance payment. A “Change of Control” is defined in each employment agreement by reference to our 1999 Equity Incentive Plan, which is defined to include a change in majority of our board of directors, consummation of certain mergers, the sale of all or substantially all of our assets or the acquisition of at least 80% of the undiluted total voting power of our then-outstanding securities. In addition, if within twelve months following a change of control, our named executive officers are terminated without “Cause” or they terminate their employment for “Good Reason,” then all unvested stock options, shares of restricted stock and other equity awards shall vest immediately, and remain exercisable for the lesser of 180 days after termination and the remaining term of the applicable grant. See “Employment Agreements” included above for additional details regarding Change of Control payments.

For Mr. D’Loren, the severance payment is equal to \$100 less than three times the sum of Mr. D’Loren’s base salary plus a bonus amount calculated as the percentage of the bonus pool that Mr. D’Loren received in the prior fiscal year multiplied times five percent of the annualized net income for the quarter immediately preceding the executive’s separation. For each of Messrs. Meister, Haran and Zona, the separation amount is calculated the same as for Mr. D’Loren, except that the amount is multiplied times two. For each of our named executive officers, in the event that the foregoing calculation, together with all other cash and non-cash amounts that the executive has the right to receive from us, would result in the severance payment being treated as an “excess parachute payment” within the meaning of Section 280G of the Internal Revenue Code, then the payment is reduced automatically to the largest amount that will not result in the payment being treated as an “excess parachute payment.” Because this formula is intended to avoid the lump sum being treated as a parachute payment subject to an excise tax under the tax code, we do not provide for any “gross-up” payments to cover federal excise taxes in the event that the severance payments are treated as a parachute payment.

The following table quantifies the estimated maximum amount of payments and benefits under our employment agreements and agreements relating to awards granted under our equity incentive and stock option plans to which the named executive officers would be entitled upon termination of employment if we terminated their employment without cause on December 31, 2007, assuming a Change of Control occurred on that date. We have assumed that these payments would not result in the aggregate severance payments being treated as an “excess parachute payment.” We, therefore, have not reduced the aggregate amount calculated under the base formula.

This amount represents the unamortized portion of the expense related to each respective named executive officer's equity awards as of December 31, 2007.

Director Compensation

The following table sets forth compensation information for 2007 for each member of our board of directors with the exception of Mr. D’Loren. Directors who are employees, such as Messrs. D’Loren and Oros, do not receive additional compensation for serving on the board. However, in connection with an option grant made to members of our board of directors in September 2007, the board authorized grants to each director other than Mr. D’Loren. See “Summary Compensation” table and “Grants of Plan-Based Awards” table for disclosures related to Mr. D’Loren.

- (1) Includes a \$20,000 annual retainer, \$19,500 in board attendance fees, a \$12,500 retainer as chairman of the Audit Committee \$15,000 in Audit Committee meeting fees, and a \$1,250 retainer as chairman of the Nominating and Corporate Governance Committee. Mr. Brady has been the chairman and a member of the Audit Committee throughout the fiscal year ended December 31, 2007 and became the chairman of the Nominating and Corporate Governance Committee on May 4, 2007.
- (2) Includes a \$5,000 annual retainer, \$4,500 in board attendance fees, and \$2,500 in Audit Committee meeting fees. Mr. Caine has been a member of the board and the Audit Committee since September 5, 2007.
- (3) Includes a \$20,000 annual retainer, \$16,500 in board attendance fees and a \$2,500 retainer as chairman of the Nominating Committee. Mr. Dunn was the chairman of the Nominating Committee through May 4, 2007 when the Nominating Committee was merged with the Corporate Governance Committee.
- (4) Includes a \$20,000 annual retainer, \$19,500 in board attendance fees, a \$2,500 retainer as chairman of the Compensation Committee, and \$15,000 in Audit Committee meeting fees. Mr. Mathias has been the chairman of the Compensation Committee and a member of the Audit Committee throughout the fiscal year ended December 31, 2007.

- (5) Includes a \$20,000 annual retainer and \$18,000 in board attendance fees.
- (6) Includes a \$15,000 annual retainer, \$15,000 in board attendance fees, and \$12,500 in Audit Committee meeting fees. Mr. Semans was a director through September 5, 2007 but did not stand for re-election to the board of directors at the 2007 annual meeting held on that date.
- (7) Includes a \$20,000 annual retainer, and \$16,500 in board attendance fees.
- (8) Includes a \$10,000 annual retainer and \$7,500 in board attendance fees. Mr. Traub has been a member of the board since May 2, 2007.
- (9) On September 6, 2007, the Company granted non-qualified options to purchase 100,000 shares to each of the directors in 2007, other than Mr. D'Loren and Mr. Traub, with an exercise price equal to the closing price per share on September 6, 2007. These options vest equally on the annual meeting date of each of the four annual meeting dates following the date of grant. On September 6, 2007, Mr. Traub was granted non-qualified options to purchase 75,000 shares as discussed in footnote 9 below.
- (10) On October 31, 2006, immediately following the 2006 annual meeting, the Company granted to Mr. Semans non-qualified options to purchase 25,000 shares, as part of the Company's annual compensatory grant of options to directors. The exercise price of these options was the closing price per share on October 31, 2006. By their terms, the options vested on October 31, 2007, the first anniversary of the grant date. However, the Company accelerated the vesting of these options to September 5, 2007 because Mr. Semans planned to retire from the board as of the 2007 annual meeting on September 5, 2007. In accelerating the options, the Company sought to avoid inadvertently penalizing Mr. Semans based on the scheduling of its annual meeting. The Company now generally grants options to directors, which vest on annual meeting dates following the date of the grant.
- (11) On May 4, 2007, the Company granted to Mr. Traub, in connection with his appointment to the board of directors, non-qualified options to purchase 29,166 shares, which was comprised of a pro rata amount of the 25,000 stock options granted to non-employee directors in 2006 and an additional 25,000 options granted for his expected service in 2007. The exercise price of these options is the closing price per share on May 4, 2007, and the options vest on May 4, 2008. On September 6, 2007, Mr. Traub was granted non-qualified options to purchase 75,000 shares with an exercise price equal to the closing price per share on September 6, 2007. These options vest equally on the second, third and fourth annual meeting dates following the date of the grant.

- (10) In June 2006, Mr. Oros relinquished his position as Chief Executive Officer of the Company, remaining as Chairman. Under the terms of his amended employment agreement, for a period of three years ending in June 2009, Mr. Oros remains an employee to provide advice and guidance to our new chief executive officer and to assist him with the management and business transition processes. Mr. Oros receives an annual salary of \$200,000 and health care coverage as an employee during this period. In 2007, the Company paid \$13,665 for the employer's portion of the premiums for Mr. Oros' employee health care coverage.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth certain information with respect to beneficial ownership of our common stock as of April 21, 2008, as to:

each of our directors and executive officers individually; and

all our directors and executive officers as a group.

To our knowledge, no person or entity, other than Mr. D'Loren, is the beneficial owner of more than 5% of our common stock.

For the purposes of calculating percentage ownership, as of April 21, 2008, 56,620,644 shares were issued and outstanding. For any individual, who beneficially owns shares of restricted stock that will vest or shares represented by options that are or will become exercisable within 60 days of April 21, 2008, those shares are treated as if outstanding for that person, but not for any other person. In preparing the following table, we relied upon statements filed with the SEC by beneficial owners of more than 5% of the outstanding shares of our common stock pursuant to Section 13(d) or 13(g) of the Exchange Act, unless we knew or had reason to believe that the information contained in such statements was not complete or accurate, in which case we relied upon information which we considered to be accurate and complete. Unless otherwise indicated, the address of each of the individuals and entities named below is: c/o NexGen Brands, Inc., 1330 Avenue of the Americas, 34th Floor, New York, NY 10019.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Policies and Procedures for the Review and Approval of Related Party Transactions

The Company adopted the Policy and Procedures with respect to Related Persons Transactions for the review, approval or ratification of all related party transactions. The policy is administered by the Nominating and Corporate Governance Committee.

Pursuant to the Policy and Procedures, any proposed related person transaction must be submitted for consideration at the first regular or special meeting of the Nominating and Corporate Governance Committee that immediately precedes or follows the Company entering into a related party transaction. In determining whether or not to approve or ratify such transactions, the Committee considers all the relevant facts and circumstances related to the transaction including, but not limited to (1) the benefit to the Company; (2) if the transaction involves a director, a member of the director's immediate family or an entity affiliated with a director, the impact on the director's independence; (3) the related person's relationship to the Company and interest in the transaction; (4) the availability of other sources for

comparable products or services; (5) the terms of the transaction (including dollar value of the transaction); (6) the terms available to unrelated third parties; and (7) any other information regarding the transaction or the related person in the context of the transaction that is material to investors in light of the circumstances of the particular transaction. The Nominating and Corporate Governance Committee approves or ratifies only those transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders.

In the event that the Nominating and Corporate Governance Committee determines not to ratify a related party transaction, it may evaluate all options, including but not limited to, termination of the transaction on a prospective basis, rescission of such transaction, or modification of the transaction in a manner that would permit it to be ratified by the Committee.

The Company's Policy and Procedures with respect to Related Persons Transactions can be found on our website.

Certain Transactions

The Company receives legal services from Kirkland & Ellis LLP, which is considered a related party because a partner at that firm, George P. Stamas, is a member of the Company's board of directors. For the years ended December 31, 2007, 2006 and 2005, expenses related to Kirkland & Ellis LLP were approximately \$1.3 million, \$1.7 million, and \$640,000, respectively. For the years ended December 31, 2007, 2006 and 2005, the Company had outstanding payables due to Kirkland & Ellis LLP of approximately \$121,000, \$492,000 and \$45,000, respectively.

In July, 2007, the Company entered into an agreement with Marvin Traub Associates, Inc. an entity owned by Mr. Traub, to help the Company identify, approach, and negotiate a deal with a premier U.S. based big box retail chain so that such retailer might joint venture with, or purchase a license from the Company to open MaggieMoo's ice cream locations within their stores. Marvin Traub Associates, Inc. received a one time retainer fee of \$25,000 upon the agreement's execution. If the Company is successful in consuming a relationship with a third party, Marvin Traub Associates, Inc. will receive an additional \$100,000 success fee.
