QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is this Proxy Statement?

You have received this Proxy Statement and our 2014 annual report (the "Annual Report") because our Board is soliciting your proxy to vote your shares at the Annual Meeting. This Proxy Statement includes information that we are required to provide to you under the rules of the Securities and Exchange Commission ("SEC") and that is designed to assist you in voting your shares.

What is the purpose of the Annual Meeting?

At the Annual Meeting, our stockholders will act upon the matters described in this Proxy Statement. These actions include the election of three director nominees listed in this Proxy Statement to the Board as Class III directors¹; ratification of the appointment of the independent registered public accounting firm (which we sometimes refer to as the “independent auditors”); and an advisory (that is, non-binding) vote on executive compensation. An additional purpose of the Annual Meeting is to transact any other business that may properly come before the Annual Meeting and any and all adjournments or postponements of the Annual Meeting.

Who can attend the Annual Meeting?

All stockholders of record at the close of business on May 4, 2015 (the “Record Date”), or their duly appointed proxies, may attend the Annual Meeting.

What proposals will be voted on at the Annual Meeting?

Stockholders will vote on three proposals at the Annual Meeting:

¹ Our classified Board consists of three classes of directors. Class I directors currently consist of Mr. David (Xiaoying) Gao, Mr. Joseph Chow and Mr. Min Fang, with term expiring in 2016. Class II directors currently consist of Mr. Sean Shao, Prof. Wenfang Liu and Mr. David Hui Li, with term expiring in 2017. Class III directors currently consist of Dr. Yungang Lu, Mr. Zhijun Tong and Mr. Albert (Wai Keung) Yeung, with term expiring in 2015. See Proposal No. 1 – Election of Directors for details.

the election of three director nominees listed in this Proxy Statement to the Board as Class III directors, each to serve until the 2018 annual meeting of stockholders of the Company or until such person shall resign, be removed or otherwise leave office;

the ratification of the appointment of KPMG as the Company's independent auditors for the year ending December 31, 2015; and

an advisory vote to approve the compensation of our named executive officers for the year ended December 31, 2014.

What are the Board's recommendations?

Our Board recommends that you vote:

· **FOR** election of the three director nominees listed in this Proxy Statement to the Board as Class III directors;

· **FOR** ratification of the appointment of KPMG as the Company's independent auditors for the year ending December 31, 2015; and

· **FOR** approval of the compensation of our named executive officers for the year ended December 31, 2014.

Will there be any other business on the agenda?

The Board knows of no other matters that are likely to be brought before the Annual Meeting. If any other matters properly come before the Annual Meeting, however, the persons named in the enclosed proxy, or their duly appointed substitute acting at the Annual Meeting, will be authorized to vote or otherwise act on those matters in accordance with their judgment.

Who is entitled to vote?

Only stockholders of record at the close of business on May 4, 2015, which we refer to as the Record Date, are entitled to notice of, and to vote at, the Annual Meeting. Holders of common stock as of the Record Date are entitled

to one vote for each share held for each of the proposals. No other class of voting securities is outstanding on the date of mailing of this Proxy Statement.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Securities Transfer Corporation, you are considered, with respect to those shares, the “stockholder of record.” This Proxy Statement and our Annual Report have been sent directly to you by us.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the “beneficial owner” of shares held in street name. This Proxy Statement and the Annual Report have been forwarded to you by your broker, bank or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by using the voting instructions included in with your proxy materials.

How do I vote my shares?

Whether you hold shares directly as a registered stockholder of record or beneficially in street name, you may vote without attending the Annual Meeting. You may vote by granting a proxy or, for shares held beneficially in street name, by submitting voting instructions to your stockbroker, trustee or nominee. In most cases, you will be able to do this by using the Internet or telephone or by mail, if you received a printed set of the proxy materials.

By Internet – If you have Internet access, you may submit your proxy via the Internet by following the instructions provided in the Notice of Annual Meeting of Stockholders accompanying this Proxy Statement (the “Notice”), or if you received a printed version of the proxy materials by mail, by following the instructions provided with your proxy materials and on your proxy card or voting instruction card.

By Telephone or Mail – If you received printed proxy materials, you may submit your proxy by telephone by following the instructions provided on your proxy card or voting instruction card. If you received a Notice, you may submit your proxy by telephone after accessing the proxy materials via the Internet. You may also submit your proxy by mail by signing your proxy card if your shares are registered or, for shares held beneficially in street name, by following the voting instructions included by your stockbroker, trustee or nominee, and mailing it in the envelope provided. If you provide specific voting instructions, your shares will be voted as you have instructed. Voting by telephone is not available to persons outside of the United States.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m., Beijing time, on June 18, 2014.

If you vote by proxy, the individuals named on the proxy card (your “proxies”) will vote your shares in the manner you indicate. You may specify how your shares should be voted for each of the proposals. If you grant a proxy without indicating your instructions, your shares will be voted as follows:

·FOR election of the three director nominees listed in this Proxy Statement to the Board as Class III directors;

·FOR ratification of the appointment of KPMG as the Company’s independent auditors for the year ending December 31, 2015; and

·FOR approval of the compensation of our named executive officers for the year ended December 31, 2014.

Each share of common stock is entitled to one vote.

What constitutes a quorum?

A quorum is the presence, in person or by proxy, of the holders of a majority of the shares of the common stock entitled to vote. Under Delaware law, an abstaining vote and a broker “non-vote” are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the Annual Meeting.

What is a broker “non-vote” and what is its effect on voting?

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares does not have the authority to vote on the matter with respect to those shares. This is generally referred to as a “broker non-vote.”

Proposal No. 2 (ratification of auditors) involves a matter that we believe will be considered routine. All other proposals involve matters that we believe will be considered non-routine. We encourage you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided on your proxy card.

What is required to approve each item?

For Proposal No. 1 (election of Class III directors), the three director nominees receiving a plurality of the votes cast by the stockholders present in person or represented by proxy at the Annual Meeting and entitled to vote thereon shall be elected as the Class III directors. Abstentions and broker non-votes are not counted for purposes of the election of directors.

According to our Corporate Governance Guidelines, in an uncontested election (i.e., an election where the only nominees are those recommended by the Board), any nominee for director who receives a greater number of votes "withheld" from his/her election than votes “for” such election (a “Majority Withheld Vote”) is obligated to promptly tender his/her resignation to the Board following certification of the stockholder vote.

In the event of a tendered resignation following a Majority Withheld Vote, the Governance and Nominating Committee will thereafter promptly consider the resignation offer and recommend to the Board action with respect to the tendered resignation, and the Board shall promptly act upon such recommendation. In considering what action to recommend with respect to the tendered resignation, the Governance and Nominating Committee will take into account all factors deemed relevant by the members of the Governance and Nominating Committee including, without limitation, any stated reasons why stockholders “withheld” votes for election from such director, the length of service and qualifications of the director whose resignation has been tendered, the overall composition of the Board, the director's contributions to us, and our Corporate Governance Guidelines.

For Proposal No. 2 (ratification of independent auditors) and Proposal No. 3 (advisory vote on executive compensation), the affirmative vote of the holders of a majority of the stockholders' shares present in person or represented by proxy at the Annual Meeting and entitled to vote, is required.

For any other matters on which stockholders are entitled to vote, the affirmative vote of the holders of a majority of the stockholders' shares present in person or represented by proxy at the Annual Meeting and entitled to vote, is required.

For the purpose of determining whether the stockholders have approved matters other than the election of directors, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote. If stockholders hold their shares through a broker, bank or other nominee and do not instruct them how to vote, the broker has authority to vote the shares for routine matters.

Stockholders may not cumulate votes in the election of directors, which means that each stockholder may vote no more than the number of shares he or she owns for a single director nominee.

How will shares of common stock represented by properly executed proxies be voted?

All shares of common stock represented by proper proxies will, unless such proxies have previously been revoked, be voted in accordance with the instructions indicated in such proxies. If you do not provide voting instructions, your shares will be voted in accordance with the Board's recommendations as set forth herein. In addition, if any other matters properly come before the Annual Meeting, the persons named in the enclosed proxy, or their duly appointed substitute acting at the Annual Meeting, will be authorized to vote or otherwise act on those matters in accordance with their judgment.

Can I change my vote or revoke my proxy?

Any stockholder executing a proxy has the power to revoke such proxy at any time prior to your shares being voted. You may revoke your proxy prior to your shares being voted by calling 1-866-752-VOTE (8683), or by accessing the Internet website <https://www.iproxydirect.com/CBPO>, or in writing by execution of a subsequently dated proxy, or by a written notice of revocation, sent to the attention of the Corporate Secretary at China Biologic Products, Inc., 18th Floor, Jialong International Building, 19 Chaoyang Park Road, Chaoyang District, Beijing 100125, People's Republic of China, or by attending and voting in person at the Annual Meeting. Unless revoked, the shares represented by timely received proxies will be voted in accordance with the directions given therein. Your most current proxy card or telephone or Internet proxy is the one that is counted.

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Annual Meeting, all proxies granted according to the instructions set forth herein will be voted in the same manner as the proxies would have been voted at the previously convened Annual Meeting (except for any proxies that have at that time effectively been revoked or withdrawn), even if the proxies had been effectively voted on the same or any other matter at a previous Annual Meeting.

How are proxies solicited?

In addition to the mail solicitation of proxies, our officers, directors, employees and agents may solicit proxies by written communication, telephone or personal call. These persons will receive no special compensation for any solicitation activities. We will reimburse banks, brokers and other persons holding common stock for their expenses in forwarding proxy solicitation materials to beneficial owners of our common stock.

Who paid for this proxy solicitation?

The cost of preparing, printing, assembling and mailing this Proxy Statement and other material furnished to stockholders in connection with the solicitation of proxies is borne by us.

What is “householding?”

The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as “householding,” permits us to realize significant cost savings, reduces the amount of duplicate information stockholders receive, and reduces the environmental impact of printing and mailing documents to you. Under this process, certain stockholders of record who do not participate in electronic delivery of proxy materials will receive only one copy of our proxy materials and any additional proxy materials that are delivered until such time as one or more of these stockholders notify us that they want to receive separate copies.

Any stockholders who wish to opt out of, or wish to begin, householding may contact our Corporate Secretary through one of the following methods:

- by sending a written request by mail to:

China Biologic Products, Inc.
18th Floor, Jialong International Building
19 Chaoyang Park Road, Chaoyang District
Beijing 100125
People's Republic of China
Attention: Corporate Secretary

- by calling our Corporate Secretary, at (+86) 10-6598-3111.

Are there any rules regarding admission to the Annual Meeting?

Yes. You are entitled to attend the Annual Meeting only if you were, or you hold a valid legal proxy naming you to act for, one of our stockholders on the Record Date. Before we admit you to the Annual Meeting, we must be able to confirm:

- Your identity by reviewing a valid form of photo identification, such as your passport; and
- You were, or are validly acting for, a stockholder of record on the Record Date by:
 - verifying your name and stock ownership against our list of registered stockholders, if you are the record holder of your shares;
 - reviewing other evidence of your stock ownership, such as your most recent brokerage or bank statement, if you hold your shares in street name; or
 -

reviewing a written proxy that shows your name and is signed by the stockholder you are representing, in which case either the stockholder must be a registered stockholder of record or you must have a brokerage or bank statement for that stockholder as described above.

If you do not have a valid form of photo identification and proof that you owned, or are legally authorized to act as proxy for someone who owned shares of our common stock on May 4, 2015, you will not be admitted to the Annual Meeting.

At the entrance to the Annual Meeting, we will verify that your name appears in our stock records or will inspect your brokerage or bank statement, as your proof of ownership, and any written proxy you present as the representative of a stockholder. We will decide in our sole discretion whether the documentation you present for admission to the Annual Meeting meets the requirements described above.

How do I learn the results of the voting at the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final results will be published in our current report on Form 8-K to be filed with the SEC within four business days after the date of the Annual Meeting, provided that the final results are available at such time. In the event the final results are not available within such time period, the preliminary voting results will be published in our current report on Form 8-K to be filed within such time period, and the final results will be published in an amended current report on Form 8-K/A to be filed within four business days after the final results are available.

Can I receive future stockholder communications electronically through the Internet?

Yes. You may elect to receive future notices of meetings, proxy materials and annual reports electronically through the Internet. To consent to electronic delivery, vote your shares using the Internet. At the end of the Internet voting procedure, the on-screen Internet voting instructions will tell you how to request future stockholder communications be sent to you electronically.

The Board and Committees of the Board

We are governed by a Board that currently consists of nine members as identified above. Our Board currently has three standing committees: the Audit Committee, Compensation Committee and Governance and Nominating Committee, which, pursuant to delegated authority, perform various duties on behalf of and report to the Board. Each of these Committees is comprised entirely of directors who are independent under Nasdaq Marketplace Rules. From time to time, the Board may establish other committees. Each of the Compensation Committee and Governance and Nominating Committee was formed on August 7, 2008 and the Audit Committee was formed on July 24, 2008. The Board has adopted a written charter for each of the committees which are available on our website at <http://www.chinabiologic.com>.

Audit Committee

Our Audit Committee is currently composed of three members: Mr. Sean Shao, Dr. Yungang Lu and Mr. Albert (Wai Keung) Yeung. Mr. Shao serves as Chair of the Audit Committee. Our Board determined that each member of the

Audit Committee meets the independence criteria prescribed by applicable rules and regulations of the SEC for audit committee membership and is an “independent” director within the meaning of the NASDAQ Marketplace Rules. Each Audit Committee member also meets NASDAQ’s financial literacy requirements.

Our Audit Committee oversees our accounting and financial reporting processes and the audits of our financial statements. It is responsible for, among other things:

- selecting our independent auditors and pre-approving all auditing and non-auditing services permitted to be performed by our independent auditors;

- reviewing and approving all proposed related-party transactions;
 - discussing the annual audited financial statements with management and our independent auditors;
- reviewing the adequacy and effectiveness of our internal control over financial reporting;
- annually reviewing and reassessing the adequacy of our audit committee charter;
- such other matters that are specifically delegated to our Audit Committee by our Board from time to time;
- meeting separately and periodically with management and our internal and independent auditors; and
- reporting regularly to the full Board.

Our Board has determined that Mr. Shao is the “audit committee financial expert” as such term is defined in Item 407(d) of Regulation S-K promulgated by the SEC and also meets NASDAQ’s financial sophistication requirements.

Compensation Committee

Our Compensation Committee is currently composed of three members: Mr. Sean Shao, Prof. Wenfang Liu and Dr. Yungang Lu, each of whom is “independent” within the meaning of the NASDAQ Marketplace Rules. Mr. Shao serves as Chair of the Compensation Committee.

Our Compensation Committee assists the Board in reviewing and approving the compensation structure of executive officers, including all forms of compensation to be provided to our executive officers. Our CEO may not be present at any committee meeting during which his compensation is deliberated.

The Compensation Committee is responsible for, among other things:

The Governance and Nominating Committee assists the Board in identifying individuals qualified to become our directors and in determining the composition of the Board and its committees.

The Governance and Nominating Committee is responsible for, among other things:

- identifying and recommending to the Board nominees for election or re-election to the Board, or for appointment to fill any vacancy;

- identifying and recommending to the Board directors to serve as members of the Board's committees; and

- monitoring compliance with our Corporate Governance Guidelines.

We do not have a formal policy regarding consideration of director candidate recommendations received from our stockholders. However, any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by Board members, management or other parties are evaluated.

Governance Structure

Mr. David (Xiaoying) Gao currently serves as Chairman of our Board, our CEO and President. He possesses in-depth knowledge of the Company, its integrated operations, the evolving biopharmaceutical industry in China, and the array of challenges to be faced, gained through years of experience in the industry. The Board believes that such experiences and other insights put Mr. Gao in the best position to provide broad leadership for the Company and the Board, as he considers strategy and exercises fiduciary responsibilities to stockholders, as the case may be.

Further, the Board has demonstrated its commitment and ability to provide independent oversight of management. A majority of the Board is comprised of independent directors, and all members of the Audit Committee, Compensation Committee, and Governance and Nominating Committee are independent. Each independent director has access to the CEO and other Company executives on request, may call meetings of the independent directors, and may request agenda topics to be added or dealt with in more detail at meetings of the full Board or an appropriate Board committee. We encourage our stockholders to learn more about our Company's governance practices at our website, <http://www.chinabiologic.com>.

The Board's Role in Risk Oversight

The Board oversees that the assets of the Company are properly safeguarded, that the appropriate financial and other controls are maintained, and that the Company's business is conducted wisely and in compliance with applicable laws and regulations and proper governance. Included in these responsibilities is the Board's oversight of the various risks facing the Company. In this regard, the Board seeks to understand and oversee critical business risks. The Board does not view risks in isolation. Risks are considered in virtually every business decision and as part of the Company's business strategy. The Board recognizes that it is neither possible nor prudent to eliminate all risks. Indeed, purposeful and appropriate risk-taking is essential for the Company to be competitive on a global basis and to achieve its objectives.

While the Board oversees risk management, Company's management is charged with managing risks. The Company has internal processes and an internal control environment to identify and manage risks and to communicate with the Board. The Board and the Audit Committee monitor and evaluate the effectiveness of the internal controls and the risk management program at least annually. The Board implements its risk oversight function both as a whole and through the committees. Much of the work is delegated to various committees, which meet regularly and report back to the full Board. All committees play significant roles in carrying out the risk oversight function. In particular:

The Audit Committee oversees risks related to the Company's financial statements, the financial reporting process, accounting and legal matters. The Audit Committee oversees the internal audit function and the Company's ethics programs, including the code of ethics. The Audit Committee members meet separately with representatives of the independent auditing firm; and

The Compensation Committee evaluates the risks and rewards associated with the Company's compensation philosophy and programs. The Compensation Committee reviews and approves compensation programs with features that mitigate risk without diminishing the incentive nature of the compensation. Management discusses with the Compensation Committee the procedures that have been put in place to identify and mitigate potential risks in compensation.

Independent Directors

Our Board has determined that the majority of the Board is comprised of “independent directors” within the meaning of applicable NASDAQ Marketplace Rules and Section 301 of the Sarbanes-Oxley Act of 2002. Our independent directors are Mr. Sean Shao, Dr. Yungang Lu, Prof. Wenfang Liu, Mr. Zhijun Tong, Mr. Albert (Wai Keung) Yeung and Mr. Joseph Chow.

Board, Committee and Annual Meeting Attendance

During fiscal year 2014, the Board held seven meetings and acted by written consent three times. Our Audit Committee, Compensation Committee and Governance and Nominating Committee met or acted by written consent four, two and two times, respectively. In addition, our independent directors, met in executive session following Board meetings. Each director attended at least approximately 60% of all Board and applicable committee meetings.

Our directors are expected to attend Board meetings as frequently as necessary to properly discharge their responsibilities and to spend the time needed to prepare for each such meeting. We encourage our directors to attend annual meetings of stockholders, but we do not have a formal policy requiring them to do so.

Code of Ethics

On March 25, 2008, our Board adopted a code of ethics, which applies to all of our directors, officers and employees, including our CEO and CFO. The code of ethics is designed to deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; full, fair, accurate, timely and understandable disclosure in reports and documents that we file with, or submit to, the SEC, and in other public communications that we made; compliance with applicable laws, rules and regulations; the prompt internal reporting of violations of the code to the appropriate person or persons; and accountability for adherence to the code. We believe that our reputation is a valuable asset and must continually be guarded by all associated with us so as to earn the trust, confidence and respect of our suppliers, customers and stockholders. Our Board amended the code of ethics on March 11, 2013 to update certain administrative information in the code.

The code of ethics is maintained on the Company's website at www.chinabiologic.com. Printed copies of our code of ethics may be obtained, without charge, by contacting the Corporate Secretary, China Biologic Products, Inc., 18th Floor, Jialong International Building, 19 Chaoyang Park Road, Chaoyang District, Beijing 100125, People's Republic of China. Any contents that are not advertising materials, promotions of a product or service, patently offensive materials or matters deemed, using reasonable judgment, inappropriate for the Board will be forwarded promptly to the chairman of the Board, the appropriate committee or the specific director, as applicable.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is comprised of three non-employee directors, each of whom has been determined by the Board to be "independent" under the meaning of Rule 10A-3(b)(1) under the Exchange Act. The Board has determined, based upon an interview of Mr. Sean Shao and a review of Mr. Shao's responses to a questionnaire designed to elicit information regarding his experience in accounting and financial matters, that Mr. Shao shall be designated as an "audit committee financial expert" within the meaning of Item 407(d) of Regulation S-K promulgated by the SEC, as Mr. Shao has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in his financial sophistication. The Audit Committee assists the Board's oversight of the integrity of the Company's financial reports, compliance with legal and regulatory requirements, the qualifications and independence of the Company's independent registered public accounting firm, the audit process, and internal controls. The Audit Committee operates pursuant to a written charter adopted by the Board. The Audit Committee is responsible for overseeing the corporate accounting and financing reporting practices, recommending the selection of the Company's registered public accounting firm, reviewing the extent of non-audit services to be performed by the auditors, and reviewing the disclosures made in the Company's periodic financial reports. The Audit Committee also reviews and recommends to the Board that the audited financial statements be included in the Company's annual report on Form 10-K.

Following the end of the fiscal year ended December 31, 2014, the Audit Committee (1) reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2014 with the Company's management; (2) discussed with the independent auditors the matters required to be discussed by Auditing Standard No. 16 as adopted by the Public Company Accounting Oversight Board (United States) and (3) received the written disclosures and the letter from the independent accountants required by applicable requirements of the Public Company Accounting Oversight Board (United States) regarding the independent public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent public accounting firm its independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the SEC.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

Our mission is to become a first-class biopharmaceutical enterprise in China. To achieve this objective, we strive to provide an executive compensation program that is aimed to attract and retain talented and qualified senior executives to manage and lead our Company and to motivate them to pursue our growth strategy and deliver strong execution. We use a mix of compensation elements including base salary, performance-based discretionary cash bonuses, equity compensation, and in certain cases severance and change of control benefits and other employee benefits. In 2014, we positioned the components for our named executive officers (the “NEOs”) with an emphasis on equity compensation to better align the interest of the NEOs with our stockholders and the long-term interest of the Company.

Our NEOs for fiscal year 2014 were:

- David (Xiaoying) Gao, the CEO;
- Ming Yang, the CFO;
- Ming Yin, Senior Corporate Vice President;
- Zhijing Liu, Corporate Vice President; and
- Gang Yang, Corporate Vice President and General Manager of Guizhou Taibang.

Stockholder Advisory Vote on Executive Compensation

We conducted a non-binding advisory vote on the compensation of our NEOs (commonly referred to as a “say-on-pay” vote) at our Annual Meeting of Stockholders held on June 20, 2014. Our stockholders approved the compensation of the NEOs, with approximately 76.38% of stockholder votes cast in favor of our executive compensation program.

As the Compensation Committee evaluated our executive compensation policies and practices throughout 2014, it was mindful of the strong support our stockholders expressed for our compensation philosophy and objectives. As a result, the Compensation Committee decided to continue our general approach to executive compensation in aligning the interests of executives with stockholder interests.

Consistent with the recommendation of the Board and the preference of our stockholders as reflected in the advisory vote on the frequency of future say-on-pay votes conducted at our Annual Meeting of Stockholders in June 2011, the Board has adopted a policy providing for annual advisory votes on the compensation of our NEOs. Accordingly, our stockholders will have the opportunity at this year's Annual Meeting to endorse our executive compensation program through the "say-on-pay" vote included as Proposal No. 3 in this Proxy Statement. We encourage you to review this Compensation Discussion and Analysis, together with the compensation tables that follow, prior to casting your advisory vote on the "say-on-pay" proposal.

Compensation Philosophy

Our executive compensation philosophy is to align the interests of executives with stockholder interests and with our business strategy and success through an integrated executive compensation program that considers short-term performance, the achievement of long-term strategic goals and growth in total stockholder value. Our compensation program is designed to attract and retain individuals critical to the long-term success of the Company, to motivate these persons to perform at their highest levels, and to reward exceptional performance. We believe such compensation program will also help to foster a goal-oriented, highly-motivated management team whose members have a clear understanding of business objectives and shared corporate values, allocate the Company's resources to effectively exploit our business potentials and achieve internal equity across our organization based upon level of responsibility.

The key elements of our executive compensation philosophy are competitive base salary, annual incentive opportunities and equity participation. More specifically, compensation for each NEO is comprised of a base salary, performance-based discretionary cash bonus and equity compensations, and in certain cases, severance and change of control benefits. The base salary is generally reviewed annually and adjustments are considered based on the individual performance of the executive and level of experience or tenure in their position. In addition, determination of base salary for the NEOs involves an evaluation of the competitive market-based data derived from comparable companies. The performance-based discretionary bonus is based upon achievement of corporate objectives and individual performance, but ultimately subject to the discretion of the Board and/or the Compensation Committee, as applicable. The equity incentives are designed to provide long-term compensation based on the Company's performance, as reflected in the value of the shares of the Company's common stock underlying the equity compensation compared to the purchase price of those shares, if any. With equity compensation, we seek to reward our NEOs when we generate stockholder returns. At the same time, if our efforts do not generate positive stockholder returns, such portion of the compensation for our NEOs is at risk, which we believe tends to align their interests with the interests of our stockholders. In determining the equity incentives, we also take into consideration the market data and market trend, which help to ensure that our executive compensations are competitive with those of the companies with which we compete for talent.

Currently, we do not have any formal policies for allocating between short-term and long-term compensation or between cash and non-cash compensation.

2014 Key Compensation Actions

Compensation Adviser's Recommendation and August Equity Awards.

Since August 2012, the Compensation Committee retained Towers Watson Consulting (Shanghai) Limited, Beijing Branch ("Towers Watson"), an international human resource consulting firm, as an independent compensation adviser to review and advise on the optimization of the structure of the compensation for our NEOs and non-executive directors. In August 2014, Towers Watson compared the compensations for the Company's NEOs and non-executive directors at that time to those of two groups of comparable companies (the "Peer Groups") and recommended further granting of equity compensation to our NEOs and non-executive directors in the form of stock options or restricted stock.

Taking into consideration of the Towers Watson's recommendation, the performances of the CEO and performance reviews of other executives by the CEO, the Compensation Committee recommended that the Board grant equity compensation to certain directors and executives under the 2008 Equity Incentive Plan (the "2008 Plan"). On August 26, 2014, the Board, acting upon the recommendation of the Compensation Committee, approved and authorized the issuance of an aggregate of 306,500 shares of restricted stock under the 2008 Plan to certain directors and executives of the Company, including the following to the NEOs:

- 80,000 shares of the Company's restricted stock to Mr. Gao, our CEO;
- 30,000 shares of the Company's restricted stock to Mr. Ming Yang, our CFO;
- 20,000 shares of the Company's restricted stock to Mr. Ming Yin, our Senior Corporate Vice President;
- 5,000 shares of the Company's restricted stock to Ms. Zhijing Liu, our Corporate Vice President; and
- 20,000 shares of the Company's restricted stock to Mr. Gang Yang, our Corporate Vice President and General Manager of Guizhou Taibang.

The above restricted stock granted to each NEO will vest annually over a 4-year period in four equal portions, with the first portion vesting on August 27, 2015.

Compensation Committee and Compensation Setting Process

Our Board established the Compensation Committee as a regular committee of the Board in 2008. The Compensation Committee currently consists of Mr. Sean Shao, as Chair of the committee, Dr. Yungang Lu and Prof. Wenfang Liu. Each member has been determined to be and each current member remains an "outside director" for purposes of Section 162(m) of the Internal Revenue Code and a "non-employee director" for purposes of Rule 16b-3 under the Exchange Act. In compliance with the requirements of SEC Rule and the NASDAQ listing rule on compensation committee independence, no member of our Compensation Committee is affiliated with the Company or any of its subsidiary or accepts any consulting, advisory, or other compensatory fee from the Company or any subsidiary except for fees received for services on the Board and Board committees. With each of its members meeting or exceeding the newly implemented higher independence standard, we believe our Compensation Committee had and will continue to carry out its responsibilities in good faith, with a goal to make fair determination on executive compensation in the best interest of the Company and its stockholders.

In accordance with its charter, for 2014 and beyond the Compensation Committee evaluated, approved, administered and interpreted, and will continue to evaluate, approve, administer and interpret, our executives' compensation and benefit policies. As part of its diligence in scrutinizing pay and performance, the Compensation Committee also reviews analyses prepared by its independent compensation adviser, Towers Watson. The Compensation Committee determines the compensation of our executives except that the entire Board makes the final determination as to the compensation of our CEO and CFO. The Compensation Committee may form and delegate authority to subcommittees and may delegate authority to one or more designated members of the Compensation Committee.

Participation of Management in Compensation Decisions

The Compensation Committee works collaboratively with members of management as well as Towers Watson in designing and developing compensation programs applicable to our NEOs and other executives. The Compensation Committee believes that the executives have greater day-to-day insight into the key metrics on which the Company's performance should be evaluated. Consequently, the Compensation Committee directs the CEO to review and revise compensation proposals prepared by the Company's human resources department for the Compensation Committee's ultimate review and approval.

Other resources that our Compensation Committee may rely upon include individual directors' respective experiences and recommendations, recommendations of Towers Watson, peer or competitive compensation data provided by Towers Watson or management, the deliberative process of the Compensation Committee, and any other resources that the Compensation Committee may determine relevant. Once the Compensation Committee believes that it has the information necessary to conduct its deliberations, it does so without further input of our NEOs when discussing the CEO's compensation; and with input of the CEO, when discussing the compensation for the other NEOs or other executives.

Role of the Compensation Adviser

In compliance with the requirements of SEC Rule and the NASDAQ listing rule on independent compensation adviser, our Compensation Committee has the sole discretion to retain and consult the compensation adviser and has sufficient fund to pay for such consultation. Since August 2012, the Compensation Committee directly engaged Towers Watson, an international human resource consulting firm, as its independent compensation adviser. Towers Watson reported directly to the Compensation Committee and not to management. During 2014, at the request of the Compensation Committee, Towers Watson reviewed and advised on the principal aspects of compensation of our CEO, CFO and non-executive directors, including, but not limited to, providing recommendations on updating the composition of two Peer Groups, analyzing public information on the executive compensation of the Peer Groups and other publicly available data (including applying its experience with other companies) on the market trend, and advising on optimizing the structure of our compensations to the NEOs and non-executive directors. Towers Watson summarized such analysis and made recommendations to the Compensation Committee in August 2014. Towers

Watson did not provide any other services to the Company in 2014.

Competitive Market Review

We compete with many other biopharmaceutical companies in seeking to attract and retain a skilled workforce and aim to attract and retain the most highly qualified executives to manage each of our business functions. In doing so, we compete for a pool of talent that is highly sought after by both large and established biopharmaceutical and life sciences companies and earlier stage companies, including manufacturers, distributors and marketers of pharmaceutical, biotechnology and medical device products and other healthcare related companies seeking similar skill sets in our geographic area, and in some cases, nationally and internationally. Larger and more established organizations in our industry seek to recruit top talent from smaller and less established companies in the sector just as smaller organizations look to attract and retain the best talent from the industry as a whole.

To succeed in attracting top executives and retaining our current NEOs, we draw upon and access publicly available data and surveys and seek advice from the compensation adviser to ensure we remain current on compensation trends.

Market Comparisons

In August 2014, Towers Watson conducted an executive and non-executive director compensation review for the Compensation Committee that compared and analyzed total compensation levels of our NEOs and directors to those of NEOs and directors at the companies in our Peer Groups. Towers Watson worked directly with our Compensation Committee to analyze the results of this review so that the Compensation Committee could make fully informed decisions in setting total compensation levels for our NEOs and non-executive directors. Towers Watson formulated two Peer Groups as follows:

The first Peer Group (“Peer Group I”) consists of 18 pharmaceutical companies that are based in the PRC, Hong Kong or the United States and listed on major exchanges in the United States or the Stock Exchange of Hong Kong, with revenue ranging from US\$102 million to US\$508 million. These companies include Acorda Therapeutics Inc., Akorn Inc., Auxilium Pharmaceuticals Inc., Cambrex Corporation, China Animal Healthcare Ltd., China Medical System Holdings Ltd., China Shineway Pharmaceutical Group Limited, Dawnrays Pharmaceutical Holdings Ltd., Emergent BioSolutions Inc., Hua Han Bio-Pharmaceutical Holdings Ltd., Lijun International Pharmaceutical (Holding) Co Ltd., PDL BioPharma, Inc., Pharmacyclics Inc., Shandong Luoxin Pharmacy Stock Co., Ltd., Spectrum Pharmaceuticals, Inc., Techne Corp., Tong Ren Tang Technologies Co. Ltd. and Winteam Pharmaceutical Group Limited.

The second Peer Group (“Peer Group II”) consists of 12 pharmaceutical companies that are based in the PRC and listed in the United States with a broader range of revenue and market value than those of Peer Group I. These companies include Aoxing Pharmaceutical Company, Inc., Biostar Pharmaceuticals, Inc., China Cord Blood Corporation, China Pharma Holdings, Inc., Chindex International Inc., Concord Medical Services Holdings Limited, Dehaier Medical Systems Limited, Mindray Medical International Limited, Sinovac Biotech Ltd., Skystar Bio Pharmaceutical Company, Tianyin Pharmaceutical Co., Inc. and WuXi PharmaTech (Cayman) Inc.

Tower Watson is of the opinion that Peer Group I companies are closer to us in terms of size, revenue and industry subdivision, while Peer Group II companies share our characteristic of operating in the PRC and listed in the United States. As such, Towers Watson uses Peer Group I as the primary reference group and Peer Group II as the secondary reference group in making its recommendation. We intend to review the Peer Groups annually.

According to Towers Watson’s analysis, we are at about the 40 percentile in Peer Group I in terms of revenue and net profit attributable to stockholders in 2013 and the compound annual growth rate (“CAGR”) of revenue and the CAGR of net profit attributable to stockholders from 2011 to 2013. Towers Watson is of the view that the total compensation packages of our CEO, CFO and non-executive directors, which are slightly below the 50 percentile level of compensations of corresponding positions at Peer Group I, remain competitive. Tower Watson also points out that the total compensation packages to NEOs other than CEO and CFO are at about the 25 percentile level of compensations of corresponding positions at Peer Group I. However, since the nature and scope of these positions are not entirely comparable to corresponding positions at Peer Group I, Tower Watson is of the view that the base salary to such other NEOs are competitive. We followed Tower Watson’s recommendation and made no adjustment to the base salaries of NEOs in 2014.

While we refer to the Towers Watson Peer Group data to understand the competitiveness of our compensation packages within the market, we do not specifically benchmark a position within the Peer Groups with respect to any individual element of our executive compensation program.

Elements of Compensation

We use a mix of compensation elements including base salary, performance-based discretionary cash bonuses, equity compensation, and in certain cases severance and change of control benefits and other employee benefits. The criteria for determining each of these components of compensation are described below. We do not provide retirement benefits and only minimal perquisites, except as described below.

Base Salary

Base salaries are intended to compensate our NEOs on a day-to-day basis for their services to the Company and provide a certain level of compensation that is not at-risk. The Compensation Committee evaluates the base salary amounts of the Peer Groups and refers primarily to the 50th percentile of the salaries of Peer Group I as a reference from which to make decisions regarding CEO and CFO salaries, and to 25th percentile of the salaries of Peer Group I as a reference from which to make decision regarding the salaries of other NEOs (taking into consideration the qualification and scope of responsibilities of our other NEOs). Using these references ensures that the Company's base salaries remain competitive within our industry, but also permits the Compensation Committee to use its own judgment to ultimately determine NEO salaries. In setting the base salary for each NEO, the Compensation Committee considers such NEO's qualification and experience, contribution to the Company, scope of responsibilities, geographic location of his/her position, industry standard and the financial condition of the Company. The relative weight given to each factor varies with each individual and is at the sole discretion of the Compensation Committee.

Base salary levels for executive officers are set forth in their individual employment agreements, subject to annual adjustment by the Compensation Committee or the Board, as the case may be, and are reflected in the Summary Compensation Table below. During fiscal year 2014, salary increases for NEOs primarily reflected annual adjustments.

The Compensation Committee believes that increases in base salary should be based upon a favorable evaluation of individual performance relative to individual goals, the functioning of the executive's team within the corporate structure, success in furthering corporate strategies and goals, individual management skills and responsibilities, demonstrated loyalty, and the Company's commitment to attract and retain executives. We expect that our Compensation Committee will reward superior individual and corporate performance with commensurate cash and other compensation. Salary will next be reviewed when the Compensation Committee deems appropriate, but the Compensation Committee does not expect to review salary more frequently than on an annual basis.

Bonuses

NEOs are eligible to receive a discretionary bonus pursuant to the terms of their respective employment agreements. Discretionary bonuses are linked to annual corporate and individual performance established by our Compensation Committee. Key factors the Board considers in evaluating the corporate performance include operating income, net profit, plasma collection volume, acquisition and establishment of new plasma collection centers, and improvement on corporate governance. The Board evaluates CEO's performance primarily based on such key factors, while taking into consideration other significant accomplishments of strategic matters on a case-by-case basis. When evaluating CFO and other NEOs' performance, in addition to the corporate performance factors stated above, the Board also takes into consideration individual performance target specifically for such other position, such as operating cash flow and optimization of financial reporting system in the case of CFO.

The performance targets for 2014 were initially set by the Board upon discussion with the CEO at the beginning of 2014. Our actual performance in 2014 surpassed the initial performance targets by a large margin. Taking this into consideration, our Board determined to award our CEO, CFO, Mr. Ming Yin and Ms. Zhijing Liu discretionary bonuses at the maximum amount, which was 77%, 70%, 55% and 44% of their base annual salary, respectively, for the year ended December 31, 2014. Discretionary bonuses award to Mr. Gang Yang were 267% of his base annual salary so as to reward his exceptional achievement in obtaining the two GMP certifications for plasma production facility and placenta polypeptide production facility, respectively, of Guizhou Taibang.

Equity Incentives

NEOs are eligible for equity awards in the form of stock options, stock appreciation rights, performance units, restricted stock, restricted stock units and performance shares under the 2008 Plan. Equity awards are granted at the discretion of the Compensation Committee to align the NEOs' interests with those of the stockholders and provide them with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business.

The size of award to any individual, including NEOs, depends in part on individual performance, including the key factors we consider in evaluating our executive officers' performance described above and any other indicators of the impact that such employee's productivity may have on stockholder value over time. Other factors include salary level and competitive data. In addition, in determining the awards granted to each NEO, the Compensation Committee considers the future benefits potentially available to the NEOs from existing awards.

In case of equity incentive granted to our current CEO and CFO, our Compensation Committee also took into consideration Towers Watson's recommendation, which refers primarily to the 50th percentile of equity compensation of the Peer Group I as a basis for the recommended equity grant to the CEO and the CFO. With reference to the amounts of equity grants to the CEO and the CFO recommended by Towers Watson, and taking into consideration each other NEO's position and responsibility, professional experience and performance in the previous year, the CEO recommended to the Compensation Committee the amount of equity grant to each of the other NEOs. The Compensation Committee also takes into account the available share reserve under the 2008 Plan when determining the size of equity awards. The Compensation Committee, however, does not place any particular weight on any one individual factor and does not adhere to any specific guidelines in making its determinations.

During 2014, we granted restricted stock to our NEOs. The Compensation Committee decided to offer restricted stock based on Towers Watson's recommendation to remain competitive in terms of executive compensation within our industry.

We plan to grant equity incentives to our NEOs and other key employees annually but have no program, plan or practice of granting equity awards that coincide with the release by the Company of material non-public information. Currently we do not have any security ownership guidelines.

Severance and Change of Control Arrangements

Our employment agreement with each of our CEO, CFO and Mr. Ming Yin contains severance and change of control arrangements so that we can mitigate the risk of not being able to retain key senior executives in the event of an acquisition of the Company. These severance and change of control arrangements are designed to (1) assure we would have the continued dedication and objectivity of our senior executives, notwithstanding the possibility of a change of control of the Company, thereby aligning the interests of these key senior executives with those of the stockholders in connection with potentially advantageous offers to acquire the Company; and (2) create a total executive compensation plan that is competitive in our industry.

The severance and change of control arrangements in the employment agreements with the CEO, the CFO and Mr. Yin provides that if such executive's employment is terminated by the Company without cause, he will be entitled to receive a cash severance payment equal to 12 months of his then current base salary, payable in 12 equal monthly installments, and that if his employment is terminated by the Company upon certain change of control events, such as certain merger or consolidation of the Company or sale or disposition of all or substantially all of the Company's assets, he will be entitled to receive a cash severance payment equal to 18 months of his then current base salary, payable in 18 equal monthly installments.

The Compensation Committee believes that these severance and change of control arrangements satisfy the objectives above and ensure that key executives are focused on the Company's goals and objectives, as well as the interests of our stockholders, rather than any negative personal consequences that may arise as a result of a change of control.

Retirement Benefits

Currently, we do not provide any company-sponsored retirement benefits or deferred compensation programs to any Chinese employee, including the NEOs (other than a mandatory state pension scheme in which all of our employees in China participate) because it is not customary to provide such benefits and programs in China. We maintain a defined contribution 401(k) plan for employees who are U.S. citizens, to which we make no matching contribution. Mr. David (Xiaoyin) Gao, a U.S. citizen, is eligible to participate in the 401(k) plan.

Perquisites

Historically, we have provided our NEOs with limited perquisites and other personal benefits that we believe are reasonable, such as company car-related benefits. We do not view perquisites as a significant element of

compensation, but do believe they can be useful in attracting, motivating and retaining desirable executive talents.

Tax and Accounting Information

For 2014 and continuing thereafter, the Compensation Committee considered and will continue to consider the impact of the requirement under Financial Accounting Standards Board, Accounting Standards Codification, Topic 718, *Compensation-Stock Compensation* (“FASB ASC Topic 718”), that we record as an expense in our financial statements, at the time stock options are granted, the fair value of the options over their vesting period. We do not pay or reimburse any NEOs for any taxes due upon exercise of a stock option.

Other Compensation Policies

Stock Ownership Guidelines

At this time, our Compensation Committee has not adopted stock ownership guidelines with respect to our NEOs, although it may consider doing so in the future.

Compensation Recovery Policy

At this time, we have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. Our Compensation Committee intends to adopt a general compensation recovery, or clawback, policy covering our annual and long-term incentive award plans and arrangements after the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

We use the Black-Scholes option pricing model to measure the fair value of stock options. The determination of the fair value of stock-based compensation awards on the date of grant using an option-pricing model is affected by our stock price as well as assumptions regarding a number of complex and subjective variables, including the expected volatility of our stock price over the term of the awards, actual and projected employee stock option exercise behaviors, risk-free interest rate and expected dividends.

**TRANSACTIONS WITH RELATED PERSONS,
PROMOTERS AND CERTAIN CONTROL PERSONS**

Transactions with Related Persons

The following includes a summary of transactions since the beginning of the 2014 fiscal year, or any currently proposed transaction, in which we were or are to be a participant and the amount involved exceeded or exceeds \$100,000 and in which any related person had or will have a direct or indirect material interest (other than compensation described above under the heading “Executive Compensation”). We believe the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions described below were comparable to terms available or the amounts that would be paid or received, as applicable, in arm’s-length transactions.

On December 2, 2011, our majority owned subsidiary Guizhou Taibang signed an agency contract with Guizhou Eakan Pharmaceutical Co., Ltd. (“Guizhou Eakan”), one of Guizhou Taibang’s former minority shareholders. Pursuant to this agency contract, Guizhou Taibang agreed to pay a commission to Guizhou Eakan for the promotion of placenta polypeptide products. The commission expense for services rendered by Guizhou Eakan amounted to \$2,249,716, \$3,620,335 and \$3,591,836 for the years ended December 31, 2014, 2013 and 2012, respectively. In August 2014, we acquired the equity interest owned by Guizhou Eakan in Guizhou Taibang, and as result, Guizhou Eakan was no longer a related party of the Company as of December 31, 2014.

Except as set forth in our discussion above, none of our directors, director nominees or executive officers has been involved in any transactions with us or any of our directors, executive officers, affiliates or associates which are required to be disclosed pursuant to the rules and regulations of the SEC.

Policies and Procedures Relating to Transactions with Related Persons

Our Board adopted the Related Party Transactions Policy and Procedures on July 27, 2009 and certain amendments on March 11, 2013 (the “Policy”). Under the Policy, all Interested Transactions with Related Parties are subject to approval or ratification in accordance with the procedures set forth below.

The Policy defines an “Interested Transaction” is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (1) the aggregate amount involved will or may be expected to exceed \$100,000 in any calendar year, (2) the Company is a

participant and (3) any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A “Related Party” is defined as any (a) person who is or was (since the beginning of the last fiscal year for which the Company has filed an annual report on Form 10-K and proxy statement, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of our common stock or (c) immediate family member of any of the foregoing.

Procedures

Under the Policy, the Audit Committee shall review the material facts of all Interested Transactions that require the Audit Committee’s approval and either approve or disapprove of the entry into the Interested Transaction, subject to the exceptions described below. If the Audit Committee approval of an Interested Transaction is not feasible, then the Interested Transaction shall be considered and, if the Audit Committee determines it to be appropriate, ratified at the Audit Committee’s next regularly scheduled meeting. In determining whether to approve or ratify an Interested Transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Party’s interest in the transaction.

The Audit Committee has reviewed the Interested Transactions described below in “Standing Pre-Approval for Certain Interested Transactions” and determined that each of the Interested Transactions described therein shall be deemed to be pre-approved or ratified (as applicable) by the Audit Committee under the terms of the Policy. In addition, the Board has delegated to the Chair of the Audit Committee the authority to pre-approve or ratify (as applicable) any Interested Transaction with a Related Party in which the aggregate amount involved is expected to be less than \$250,000. In connection with each regularly scheduled meeting of the Audit Committee, a summary of each new Interested Transaction deemed pre-approved pursuant to paragraph (3) or (4) under “Standing Pre-Approval for Certain Interested Transactions” below and each new Interested Transaction preapproved by the Chair in accordance shall be provided to the Audit Committee for its review.

Under the Policy, no director shall participate in any discussion or approval of an Interested Transaction for which he or she is a Related Party, except that the director shall provide all material information concerning the Interested Transaction to the Audit Committee.

If an Interested Transaction will be ongoing, the Audit Committee may establish guidelines for our management to follow in its ongoing dealings with the Related Party. Thereafter, the Audit Committee, on at least an annual basis, shall review and assess ongoing relationships with the Related Party to see that they are in compliance with the Audit Committee's guidelines and that the Interested Transaction remains appropriate.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board is responsible for establishing broad corporate policies and monitoring the overall performance of the Company. It selects our executive officers, delegates authority for the conduct of our day-to-day operations to those officers, and monitors their performance. Members of the Board keep themselves informed of our business by participating in Board and committee meetings, by reviewing analyses and reports, and through discussions with the Chairman and other officers.

See “Governance and Nominating Committee” above for a discussion of the process for selecting directors.

There are currently nine directors serving on the Board. Pursuant to Section 3.02 of the Company’s currently effective bylaws, the directors have been designated into three Classes: Class I directors currently consist of Mr. David (Xiaoying) Gao, Mr. Joseph Chow and Mr. Min Fang, with term expiring in 2016; Class II directors currently consist of Mr. Sean Shao, Prof. Wenfang Liu and Mr. David Hui Li, with term expiring in 2017; and Class III directors currently consist of Dr. Yungang Lu, Mr. Zhijun Tong and Mr. Albert (Wai Keung) Yeung, with term expiring in 2015. At each annual meeting of stockholders, directors in one class are elected for a full term of three years to succeed those directors whose terms are expiring. At the Annual Meeting, three directors will be elected as Class III directors for a three-year term expiring at the 2018 Annual Meeting of Stockholders.

The director nominees who have been nominated for election to the Board as Class III directors are listed in the table below. Each of the nominees is a current director of the Company. The stockholders are entitled to vote “withhold” or “for” with respect to each director nominee on an individual basis.

If, as a result of circumstances not now known or foreseen, any of the nominees is unavailable to serve as a nominee for director at the time of the Annual Meeting, the holders of the proxies solicited by this Proxy Statement may vote those proxies either (i) for the election of a substitute nominee who will be designated by the proxy holders or by the present Board or (ii) for the balance of the nominees, leaving a vacancy. The Board has no reason to believe that any of the nominees will be unwilling or unable to serve, if elected as a director for a three-year term expiring in 2018.

The three director nominees receiving a plurality of the votes cast by the stockholders present in person or represented by proxy at the Annual Meeting and entitled to vote thereon shall be elected as the Class II directors.

According to our Corporate Governance Guidelines, in an uncontested election (i.e., an election where the only nominees are those recommended by the Board), any nominee for director who receives a greater number of votes “withheld” from his/her election than votes “for” such election (a “Majority Withheld Vote”) is obligated to promptly tender his/her resignation to the Board following certification of the stockholder vote.

In the event of a tendered resignation following a Majority Withheld Vote, the Governance and Nominating Committee will thereafter promptly consider the resignation offer and recommend to the Board action with respect to the tendered resignation, and the Board shall promptly act upon such recommendation. In considering what action to recommend with respect to the tendered resignation, the Governance and Nominating Committee will take into account all factors deemed relevant by the members of the Governance and Nominating Committee including, without limitation, any stated reasons why stockholders “withheld” votes for election from such director, the length of service and qualifications of the director whose resignation has been tendered, the overall composition of the Board, the director’s contributions to us, and our Corporate Governance Guidelines.

Proxies submitted on the accompanying proxy card will be voted for the election of the director nominees listed below, unless the proxy card is marked otherwise.

The Board of Directors recommends a vote FOR the election of the director nominees listed below.

Director Qualifications

Directors are responsible for overseeing our business consistent with their fiduciary duty to stockholders. This significant responsibility requires highly-skilled individuals with various qualities, attributes and professional experience. The Board believes that there are general requirements for service on our Board that are applicable to all directors and that there are other skills and experience that should be represented on the Board as a whole but not necessarily by each director. The Board and the Governance and Nominating Committee of the Board consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and our current and future needs.

In its assessment of each potential candidate, including those recommended by stockholders, the Governance and Nominating Committee considers the nominee's judgment, integrity, experience, independence, understanding of our business or other related industries and such other factors the Governance and Nominating Committee determines are pertinent in light of the current needs of the Board. The Governance and Nominating Committee also takes into account the ability of a director to devote the time and effort necessary to fulfill his or her responsibilities to the Company.

The Board and the Governance and Nominating Committee require that each director be a recognized person of high integrity with a proven record of success in his or her field. Each director must demonstrate innovative thinking, familiarity with and respect for corporate governance requirements and practices, an appreciation of multiple cultures and a commitment to sustainability and to dealing responsibly with social issues. In addition to the qualifications required of all directors, the Board assesses intangible qualities including the individual's ability to ask difficult questions and, simultaneously, to work collegially.

The Board does not have a specific diversity policy, but considers diversity of race, ethnicity, gender, age, cultural background and professional experiences in evaluating candidates for Board membership. Diversity is important because a variety of points of view contribute to a more effective decision-making process.

Qualifications, Attributes, Skills and Experience to be Represented on the Board as a Whole

The Board has identified particular qualifications, attributes, skills and experience that are important to be represented on the Board as a whole, in light of our current needs and business priorities. The Company is a NASDAQ listed biopharmaceutical company that is principally engaged in the research, development and manufacturing of plasma-based pharmaceutical products in China. Therefore, the Board believes that a diversity of professional experiences in the biopharmaceutical industry, specific knowledge of key geographic growth areas, and knowledge of U.S. capital markets and of U.S. accounting and financial reporting standards should be represented on the Board. In addition, the market in which we compete is characterized by introductions of new products and changes in customer demands and our future success depends upon our ability to keep pace through strong research and development. Therefore, the Board believes that academic and professional experience in research and development in the biopharmaceutical industry should also be represented on the Board.
