Item 2.05 Costs Associated with Exit or Disposal Activities.

On October 16, 2006, the Board of Directors of the Company decided to terminate the operations of its indirect wholly-owned subsidiaries Badger Meter France SAS and MecaPlus Equipements SAS. The performance of these subsidiaries has been disappointing for some time, and the Board, after exploring other options for the French operations, determined that the shutdown and orderly liquidation of the assets is the best alternative. The Company estimates that it will incur charges of \$6 to \$8 million related to the closing of the French operations, of which \$3.7 million was recognized in the third quarter. Included in the \$6 to \$8 million range is \$2.0 to \$3.3 million for increased reserves against current assets, \$1.6 to \$1.8 million impairment of long-lived assets, and \$2.4 to \$2.9 million of severance and other exit costs, of which the latter are expected to affect future cash flows. The Company plans to have the shutdown substantially completed by the end of 2006.

More detail about the termination is included in the press release attached hereto as Exhibit 99.1, which is incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.
