Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

As previously reported, Bluegreen Corporation (the Company) entered into a non-binding term sheet to refinance and consolidate its outstanding debt to Wachovia Bank, N.A. (Wachovia), which consisted of various notes payable collateralized by certain of the Company's timeshare resorts as well as a line-of-credit issued by Wachovia in favor of the Company. On April 30, 2010, the Company and Wells Fargo Bank, N.A., the parent company of Wachovia (Wells Fargo), entered into a definitive agreement which amended, restated and consolidated the Company's notes payable to Wachovia and the line-of-credit issued by Wachovia into a single term loan with Wells Fargo (the Wells Fargo Term Loan). As described in the table below, the notes payable and line of credit which were consolidated into the Wells Fargo Term Loan had a total outstanding balance of \$36.4 million as of April 30, 2010. In connection with the closing of the Wells Fargo Term Loan, the Company made a principal payment of \$0.4 million, reducing the balance to \$36.0 million, and paid accrued interest on the existing Wachovia debt. The Wells Fargo Term Loan is scheduled to mature on April 30, 2012 and bears interest at 30-day LIBOR + 6.87%. Principal payments will be effected through agreed-upon release prices as real estate collateralizing the Wells Fargo Term Loan is sold, subject to minimum required amortization of \$5.2 million in 2010, \$10.6 million in 2011 and \$20.2 million in 2012.

In addition to the resort projects previously pledged as collateral for the various notes payable to Wachovia, the Company pledged additional timeshare interests, resorts real estate and the residual interests in certain of the Company's sold VOI notes receivables as collateral for the Wells Fargo Term Loan. Wells Fargo has the right to receive as additional collateral the residual interest in one future transaction which creates such a retained interest. The Wells Fargo term Loan contains certain financial and non-financial covenants that we believe are typical to these types of transactions.

Information regarding the notes payable to Wachovia and line-of-credit issued by Wachovia that were refinanced by the Wells Fargo Term Loan is set forth below (\$ in thousands):
