A LACK OF ALIGNMENT BETWEEN SHAREOWNERS AND CHESAPEAKE

As a long-term shareowner in Chesapeake we are concerned with the apparent misalignment between shareowners and the company:

- Shareowners do not have the ability to hold directors accountable annually due to the classified board structure.
- Concerns with compensation and transparency given the recent developments with the

[&]quot;Founder Well Program".

PLEASE SUPPORT PROPOSAL #9
We ask that you vote <u>FOR</u> proxy proposal #9, our request that Chesapeake Energy take to eliminate the 67 percent supermajority-voting requirement.
CALPERS SUPPORTS PROPOSAL #10 REGARDING ACCESS TO DIRECTIOR NOMINATIONS
CalPERS is a firm supporter of providing shareowners the ability to nominate director candidates for inclusion to proxy materials. The right to nominate board candidates is a fundamental shareowner right and the cornerstone of board accountability.
Thank you for your support on this very important issue.
Sincerely,

Anne Simpson
Senior Portfolio Manager, Investments Director of Corporate Governance
