BERKSHIRE INCOME REALTY, INC.  
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
 (unaudited)

## 1. ORGANIZATION AND BASIS OF PRESENTATION

Berkshire Income Realty, Inc. (the “Company”), a Maryland corporation, was incorporated on July 19, 2002 and 100 Class B common shares were issued upon organization. The Company is in the business of acquiring, owning, operating, developing and rehabilitating multifamily apartment communities. As of September 30, 2011, the Company owned, or had an interest in, 27 multifamily apartment communities consisting of a total 6,988 apartment units and one multifamily development project.

Discussion of acquisitions for the nine months ended September 30, 2011

On January 31, 2011, the Operating Partnership, through its subsidiary, BIR Estancia Limited Partnership, completed the acquisition of Estancia Townhomes, a 207-unit townhome style apartment community located in Dallas, Texas. The sellers were unaffiliated third parties. The purchase price for the property was \$42,000,000 and was subject to normal operating prorations as provided for in the purchase and sale agreement. Simultaneously with the acquisition, the Company closed on a \$26,500,000 bridge loan used to acquire the property. The loan had an interest rate of 6.5% and a term of three months with a one month extension available.

On March 25, 2011, the Company closed on \$29,004,000 of first mortgage debt on the Estancia Townhomes property. The loan is a non-recourse first mortgage note collateralized by the property with a fixed interest rate of 5.15% and a term of 10 years. Proceeds from the loan were used to repay the \$26,500,000 bridge loan used to acquire the property, pay expenses related to the new loan and for other general operating activities of the Company.

ASC 805-10 requires that identifiable assets acquired and liabilities assumed to be recorded at fair value as of the acquisition date. As of the acquisition date, the amounts recognized for each major class of assets acquired and liabilities assumed is as follows:

Asset acquired:

Multifamily Apartment Communities	\$41,394,920
Acquired in-place leases	605,080
Prepaid expense and other assets	487,506
Total assets acquired	\$42,487,506

Liabilities acquired:

Accrued expenses	\$67,859
Tenant security deposits	54,515
Total liabilities acquired	\$122,374

The value of in-place leases and tenant relationships are amortized over the specific expiration dates of the in-place leases over a period of 12 months and the tenant relationships are based on the straight line method of amortization over a 24-month period. The following condensed table provides the amounts assigned to each major balance sheet asset caption for the 2011 acquisition as of the acquisition date:

Property	Multifamily Apartment Communities	Acquired In-Place Leases	Tenant Relationships	Total booked at acquisition date
Estancia	\$41,394,920	\$476,238	\$128,842	\$42,000,000

The total amount of other intangible assets acquired is further allocated to in-place leases, which includes other tenant relationship intangible values based on management's evaluation of the specific characteristics of the residential leases and the Company's tenant retention history.

On February 10, 2011, the Operating Partnership, through a newly formed subsidiary, BIR 2020 Lawrence, L.L.C. ("BIR 2020"), entered into the Amended and Restated Limited Liability Company Agreement of 2020 Lawrence Street, L.L.C. ("JV 2020 Lawrence") with Zocalo Community Development, Inc. ("Zocalo") and JB 2020, LLC ("JB 2020"), each an unrelated third party, to acquire a 91.075% ownership interest in a development project to build a 231-unit multifamily mid-rise apartment community in Denver, Colorado. Total budgeted development costs are approximately \$55.5 million of which approximately \$45.5 million is being financed by a construction loan insured by the U.S. Department of Housing and Urban Development ("HUD") that will convert to permanent financing with a term of 40 years at the completion of the development construction period. The investment

## Table of contents

is consistent with the Company's desire to acquire or develop well located Class A multifamily apartment communities and buildings at attractive prices. The capital commitment of BIR 2020 to the project is \$8,000,000 and as of September 30, 2011, the Operating Partnership has made \$5,290,603 of capital contributions and the development is on time and on budget.

Under the terms of the limited liability company agreement governing JV 2020 Lawrence, BIR 2020 owns a 91.075% interest and Zocalo and JB 2020 own a 5.282% and 3.643%, respectively, interest in JV 2020 Lawrence. Zocalo is entitled to perform property management services and receive fees in payment thereof. The Company evaluated its investment in JV 2020 Lawrence and concluded that the investment was not a variable interest entity under ASC 810-10. In accordance with ASC 810-10, the Company will consolidate the activity of JV 2020 Lawrence based on its controlling interest in the venture.

On March 2, 2011, the Operating Partnership executed an agreement with Berkshire Multifamily Value Fund II ("BVF-II"), an affiliated entity, to create a joint venture, BIR/BVF-II NoMa JV, L.L.C. ("NoMa JV"), to participate and take an ownership position in a real estate development project. BVF-II is the managing member of NoMa JV and has a percentage ownership interest of approximately 67% while the Operating Partnership has a percentage ownership interest of approximately 33%.

Also on March 2, 2011, NoMa JV acquired a 90% interest in NOMA Residential West I, LLC. ("NOMA Residential"). NOMA Residential will develop and subsequently operate a 603-unit multifamily apartment community in Washington, D.C. The remaining 10% interest in NOMA Residential is owned by the developer, an unrelated third party (the "Developer"). The governing agreements for NOMA Residential give the Developer the authority to manage the construction and development of, and subsequent to completion, the day-to-day operations of NOMA Residential. The agreement also provides for fees to the Developer, limits the authority of the Developer and provides for distributions based on percentage interest and thereafter in accordance with achievement of economic hurdles. As of September 30, 2011, the Company had invested 100% of its total committed capital amount of \$14,520,000 in NoMa JV and the development is on time and on budget.

Discussion of dispositions for the nine months ended September 30, 2011

The Company did not dispose of any properties during the nine-month period ended September 30, 2011.

## Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standard Board ("FASB") issued ASU 2011-04, Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs. ASU 2011-04 clarifies some existing concepts, eliminates wording differences between U.S. GAAP and International Financial Reporting Standards ("IFRS"), and in some limited cases, changes some principles to achieve convergence between U.S. GAAP and IFRS. ASU 2011-04 results in a consistent definition of fair value and common requirements for measurement of and disclosure about fair value between U.S. GAAP and IFRS. ASU 2011-04 also expands the disclosures for fair value measurements that are estimated using significant unobservable (Level 3) inputs. ASU 2011-04 will be effective for the Company beginning after December 15, 2011. The Company does not expect the adoption of ASU 2011-04 to have a material effect on its operating results or financial position.

In June 2011, the FASB issued ASU 2011-05, Presentation of Comprehensive Income, which requires an entity to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income, or in two separate but consecutive statements. ASU 2011-05 eliminates the option to present components of other comprehensive income as part of the statement of equity. ASU 2011-05 will be effective for the Company on January 1, 2012. The Company

does not expect the adoption of ASU 2011-05 to have a material effect on its operating results or financial position.

Unaudited interim consolidated financial statements

The accompanying interim consolidated financial statements of the Company are unaudited; however, the consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and in conjunction with the rules and regulations of the Securities and Exchange Commission (the "SEC"). Accordingly, certain disclosures accompanying annual financial statements prepared in accordance with GAAP are omitted. In the opinion of management, all adjustments (consisting solely of normal recurring matters) necessary for a fair statement for the interim periods have been included. The results of operations for the interim periods are not necessarily indicative of the results to be obtained for other interim periods or for the full fiscal year. The interim financial statements and notes thereto should be read in conjunction with the Company's financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010.

## Consolidated statements of Comprehensive Income (Loss)

For the nine months ended September 30, 2011 and 2010, comprehensive loss equaled net loss. Therefore, the Consolidated Statement of Comprehensive Income and Loss required to be presented has been omitted from the consolidated financial statements.

## Reclassifications

Certain prior period balances have been reclassified in order to conform to the current period presentation.

## 2. MULTIFAMILY APARTMENT COMMUNITIES

The following summarizes the carrying value of the Company's multifamily apartment communities:

	September 30, 2011	December 31, 2010
Land	\$79,751,136	\$67,711,675
Buildings, improvement and personal property	602,635,719	551,865,672
Multifamily apartment communities	682,386,855	619,577,347
Accumulated depreciation	(223,639,968	) (200,045,487
Multifamily apartment communities, net	\$458,746,887	\$419,531,860

The Company accounts for its acquisitions of investments in real estate in accordance with ASC 805-10, which requires the fair value of the real estate acquired to be allocated to the acquired tangible assets, consisting of land, building, furniture, fixtures and equipment and identified intangible assets and liabilities, consisting of the value of the above-market and below-market leases, the value of in-place leases and the value of other tenant relationships, based in each case on their fair values. The value of in-place leases and tenant relationships are amortized over the specific expiration dates of the in-place leases over a period of 12 months and the tenant relationships are based on the straight-line method of amortization over a 24-month period.

The Company evaluated the carrying value of its multifamily apartment communities for impairment pursuant to ASC 360-10 and concluded that there are no impairment adjustments at September 30, 2011 or December 31, 2010.

## 3. INVESTMENT IN MULTIFAMILY VENTURE LIMITED PARTNERSHIP

On August 12, 2005, the Company, together with affiliates and other unaffiliated parties, entered into a subscription agreement to invest in the Berkshire Multifamily Value Fund, L.P. ("BVF"), an affiliate of Berkshire Property Advisors, L.L.C. ("Berkshire Advisor" or the "Advisor"). Under the terms of the agreement and the related limited partnership agreement, the Company and its affiliates agreed to invest up to \$25,000,000, or approximately 7%, of the total capital of the partnership. The Company's final commitment under the subscription agreement with BVF totals \$23,400,000. BVF's investment strategy is to acquire middle-market properties where there is an opportunity to add value through repositioning or rehabilitation.

In accordance with ASC 810-10 issued by FASB and related to the consolidation of variable interest entities, the Company has performed an analysis of its investment in BVF to determine whether it would qualify as a variable interest entity ("VIE") and whether it should be consolidated or accounted for as an equity investment in an unconsolidated joint venture. As a result of the Company's qualitative assessment to determine whether its investment in BVF is a VIE, the Company determined that the investment is a VIE based upon the fact that the holders of the equity investment at risk lack the power, through voting rights, or similar rights to direct the activities of BVF that most significantly impact BVF's economic performance. Under the terms of the limited partnership agreement of

BVF, the general partner of BVF has the full, exclusive and complete right, power, authority, discretion, obligation and responsibility to make all decisions affecting the business of BVF.

After making the determination that its investment in BVF was a VIE, the Company performed an assessment of which partner would be considered the primary beneficiary of BVF and therefore would be required to consolidate BVF's balance sheets and result of operations. This assessment was based upon which entity (1) had the power to direct matters that most significantly impact the activities of BVF, and (2) had the obligation to absorb losses or the right to receive benefits of BVF that could potentially be significant to the entity based upon the terms of the partnership and management agreements of BVF. As a result of fees paid to the general partner of BVF for asset management and other services, the Company has determined that the general partner of BVF has the obligation to absorb the losses or the right to receive benefits of BVF while retaining the power to make significant decisions for BVF. Based upon this understanding, the Company concluded that the general partner of BVF should consolidate BVF and as such, the Company accounts for its investment in BVF as an equity investment in an unconsolidated joint venture.

Table of contents

In relation to its investment in BVF, the Company had elected to adopt a three-month lag period in which it recognizes its share of the equity earnings of BVF in arrears. The lag period was allowed under the provisions of ASC 810-10 and was necessary in order for the Company to consistently meet its regulatory filing deadlines. Effective December 31, 2010, the Company has ceased its use of the three-month lag period in recognizing its share of the equity earnings of BVF and has accounted for its share of the equity in BVF operating activity through December 31, 2010. The Company believes that the change in accounting principle related to the elimination of the three-month reporting lag for its share of the equity earnings of BVF is preferable because it will result in more contemporaneous reporting of events and results related to BVF. In accordance with ASC 810-10, a change in reporting lag is treated as a change in accounting principle and requires retrospective application. Accordingly, the Company has accounted for the elimination of the three-month lag as a change in accounting principle and retrospectively adjusted previously reported financial statements. The following tables reflect the effects of the change on the affected financial line items and any affected per-share amounts for the current period and periods retrospectively adjusted.

The following table shows the effects of the Company's Statement of Income (Loss):

As of September 30, 2011, the Company had invested 100% of its total committed capital amount of \$23,400,000 in BVF for an ownership interest of approximately 7%.

(1) This amount represents the difference between the Company's investment in BVF and its share of the underlying equity in the net assets of BVF (adjusted to conform with GAAP). At September 30, 2011 and December 31, 2010, the differential related mainly to the \$583,240 which represents the Company's share of syndication costs incurred by BVF that the Company was not required to fund via a separate capital call.

(2) Per the partnership agreement of BVF, the Company's liability is limited to its investment in BVF. The Company does not guarantee any third-party debt held by BVF. The Company has fully funded its obligations under the partnership agreement as of September 30, 2011 and has no commitment to make additional contributions to BVF.

The Company evaluates the carrying value of its investment in BVF for impairment periodically and records impairment charges when events or circumstances change indicating that a decline in the fair values below the carrying values has occurred and such decline is other-than-temporary. No such other-than-temporary impairment charges have been recognized as of September 30, 2011 and 2010, respectively.

The summarized statements of operations of BVF for the three and nine months ended September 30, 2011 and 2010 is as follows:

BVF recorded an impairment charge on their real estate in accordance with ASC 360-10 in the amount of \$16,813,090, which is included in Expenses on the summarized statement of operations of BVF. During the nine (1) months ended September 30, 2010, the Company identified that the real estate impairment charge recorded at BVF related to prior periods and should have been reflected in previously reported consolidated financial statements of the Company. The

Company has concluded that the impact of this error to the prior periods and to the nine months ended September 30, 2010 is not material to the Company's consolidated financial statements and has recorded the additional equity in loss expense in the nine months ended September 30, 2010. Had this error been recorded in the proper periods, the impact on the adjustment on 2010 would have been a decrease in equity in loss of Multifamily Venture Limited Partnership and net loss of approximately \$590,000.

During the nine months ended September 30, 2011, BVF recorded an impairment charge on its real estate in accordance with ASC 360-10 in the amount of \$11,629,342, which is included in Expenses on the summarized statement of operations of BVF. The Company's share was approximately \$407,000 and is reflected in the equity loss recognized for the nine months ended September 30, 2011.

The Company has determined that its valuation of the real estate was categorized within Level 3 of the fair value hierarchy in accordance with ASC 820-10, as it utilized significant unobservable inputs in its assessment.

During the nine months ended September 30, 2011, BVF recorded a net gain on the disposition of a long lived asset, pursuant to a short sale on behalf of the lender, that previously experienced an impairment charge. In accordance with ACS 360-10, BVF adjusted the cost basis of the asset to the carrying value at the time of the impairment charge and computed the resulting gain on the new cost basis. The loss on the sale was \$428,614, of which the Company's share was approximately \$15,000 and is reflected in the equity loss recognized for the nine months ended September 30, 2011. Additionally, concurrent with the short sale, the Company also recognized a gain from forgiveness of debt related to the extinguishment of the mortgage by the lender on the disposed real estate. The gain on the forgiveness of debt was \$12,991,979 of which the Company's share was approximately \$455,000 and is also reflected in the equity loss recognized for the nine months ended September 30, 2011.

During the nine months ended September 30, 2011, BVF prepaid a mortgage note which was recorded at fair value at acquisition in accordance with ASC 805-10, and recorded a gain of \$1,679,397 as a result. The Company's share was approximately \$118,000 and is reflected in the equity loss recognized for the nine months ended September 30, 2011.

#### 4. INVESTMENT IN MULTIFAMILY LIMITED LIABILITY COMPANY

On March 2, 2011, the Operating Partnership executed an agreement with BVF-II, an affiliated entity, to create a joint venture, NoMa JV, to participate in and take an ownership position in a real estate development project. BVF-II is the managing member of NoMa JV and has a percentage ownership interest of approximately 67% while the Operating Partnership has a percentage ownership interest of approximately 33%.

Also on March 2, 2011, NoMa JV acquired a 90% interest in NOMA Residential West I, LLC. ("NOMA Residential"). NOMA Residential will develop and subsequently operate a 603-unit multifamily apartment community in Washington, D.C. The remaining 10% interest in NOMA Residential is owned by the developer, an unrelated third party (the "Developer"). The governing agreements for NOMA Residential give the Developer the authority to manage the construction and development of, and subsequent to completion, the day-to-day operations of NOMA Residential. The agreement also provides for fees to the Developer, limits the authority of the Developer and provides for distributions based on percentage interest and thereafter in accordance with achievement of economic hurdles.

In accordance with ASC 810-10 related to the consolidation of variable interest entities, the Company has performed an analysis of its investment in NoMa JV to determine whether it would qualify as a variable interest entity ("VIE") and whether it should be consolidated or accounted for as an equity investment in an unconsolidated joint venture. As a result of the Company's qualitative assessment to determine whether its investment is a VIE, the Company determined that the investment is a VIE based upon the holders of the equity investment at risk lacking the power, through voting rights or similar rights to direct the activities of the entity that most significantly impact the entity's

economic performance. Under the terms of the limited partnership agreement of NoMa JV, the managing member has the full, exclusive and complete right, power, authority, discretion, obligation and responsibility to make all decisions affecting the business of NoMa JV.

After making the determination that its investment in NoMa JV was a VIE, the Company performed an assessment of which partner would be considered the primary beneficiary of NoMa JV and would be required to consolidate the VIE's balance sheet and results of operations. This assessment was based upon which entity (1) had the power to direct matters that most significantly impact the activities of NoMa JV, and (2) had the obligation to absorb losses or the right to receive benefits of NoMa JV that could potentially be significant to the VIE based upon the terms of the partnership and management agreements of NoMa JV. Because the managing member owns roughly two-thirds of the entity and all profits and losses are split pro-rata in accordance with capital accounts, the Company has determined that the managing member has the obligation to absorb the losses or the right to receive

Table of contents

benefits of the VIE while retaining the power to make significant decisions for NoMa JV. Based upon this understanding, the Company concluded that the managing member should consolidate NoMa JV and as such, the Company accounts for its investment in NoMa JV as an equity investment in an unconsolidated joint venture.

As of September 30, 2011, the Company had invested 100% of its total committed capital amount of \$14,520,000 in NoMa JV for an ownership interest of approximately 33% and had recorded \$389,056 of capitalized interest on the investment.

The summarized statement of assets, liabilities and partners' capital of NoMa JV is as follows:

This amount represents capitalized interest, pursuant to ASC 835-20, related to the Company's equity investment in (1) the Multifamily Limited Liability Company. The capitalized interest was computed on the amounts borrowed by the Company to finance its investment in NoMa JV and was not an item required to be funded via a capital call.

The Company evaluates the carrying value of its investment in NoMa JV for impairment periodically and records impairment charges when events or circumstances change indicating that a decline in the fair values below the carrying values has occurred and such decline is other-than-temporary. No such other-than-temporary impairment charges have been recognized as of September 30, 2011.

## 5. MORTGAGE NOTES PAYABLE

On February 24, 2009, the Company, through its joint venture, BIR Holland JV LLC, in connection with the acquisition of Glo Apartments, assumed a mortgage note payable with outstanding balances of \$47,500,000, which is collateralized by the related property. The note has a variable interest rate. As of September 30, 2011, the weighted-average variable interest rate is 1.43%. In accordance with ASC 805-10, the Company recorded this mortgage at fair value, which was determined by calculating the present value of the future payments at the then current interest rates. The fair market value at the acquisition date for the debt assumed on Glo Apartments was \$42,203,273. The mortgage note originally required two principal reductions during 2009 and 2010 in the amount of \$9,500,000 and \$2,710,000, respectively. On July 27, 2009, Fannie Mae granted a six-month extension for the amount originally due in 2009 of \$9,500,000 to March 15, 2010. On March 15, 2010, the supplemental mortgages outstanding and secured by the Glo Apartments in the amount of \$12,210,000 matured. As a requirement of the financing, the amounts maturing on March 15, 2010 were backed by irrevocable letters of credit which were used to retire the matured debt. Additionally, as a requirement of the bank that issued the irrevocable letters of credit, the Company was required to segregate cash in an amount sufficient to back the letters of credit. On March 15, 2010, the segregated cash was used to settle the letters of credit. Because the assumed mortgage was originally recorded at fair value, the Company is required to amortize the difference between the fair value and the face value of the mortgage over the life of the mortgage. During the nine months ended September 30, 2011 and 2010, the Company recorded \$177,885 and \$369,178 of amortization, resulting in an increase in the recorded mortgage balance and a charge to interest expense. During the nine months ended September 30, 2010, the Company identified certain errors in its previously reported financial statements. Because these changes are not material to the Company's financial statements for the prior periods or to the nine months ended September 30, 2010 taken as a whole, the Company corrected these errors during the nine months ended September 30, 2010. These adjustments included entries to correct errors in amortization of the fair value adjustment for 2009. Had these errors been corrected in the proper periods, the impact of the adjustments on the nine months ended September 30, 2010 would have been a decrease in interest expense and net loss of \$196,552.

On January 31, 2011, the Operating Partnership, through its subsidiary, BIR Estancia Limited Partnership, closed on a \$26,500,000 bridge loan used to acquire the Estancia Townhomes property. The loan had an interest rate of 6.5% and a term of three months with a one-month extension available. On March 25, 2011, the Company closed on a \$29,004,000 first mortgage on the Estancia Townhomes property. The loan is a non-recourse first mortgage note collateralized by the property with a fixed interest rate of 5.15% and a term of 10 years. Proceeds from the loan were used to repay the \$26,500,000 bridge loan used to acquire the property and to pay expenses related to the new loan.

On March 31, 2011, the Operating Partnership, through JV 2020 Lawrence, entered into an agreement for fixed rate construction-to-permanent financing totaling up to \$45,463,100, which will be collateralized by the related property and is insured by the U.S. Department of Housing and Urban Development ("HUD"). The construction loan will convert to permanent financing at the completion of the development period and will continue for a term of 40 years from the date of conversion at a fixed interest rate of 5.00%. The proceeds of the financing will be used to develop a mid-rise multifamily apartment building in Denver, Colorado. JV 2020 Lawrence submitted the first construction loan draw to the lender at closing. As of September 30, 2011, the outstanding balance on the loan was \$10,579,190.

The Company determines the fair value of the mortgage notes payable based on the discounted future cash flows at a discount rate that approximates the Company's current effective borrowing rate for comparable loans. For purposes of determining fair value the Company groups its debt by similar maturity date for purposes of obtaining comparable loan information in order to determine fair values. In addition, the Company also considers the loan-to-value percentage of individual loans to determine if further stratification of the loans is appropriate in the valuation model. If the loan-to-value percentage for any particular loan is in excess of the majority of the debt pool, debt in excess of 80% loan-to-value is considered similar to mezzanine debt and valued using a greater interest spread than

the average debt pool. Based on this analysis, the Company has determined that the fair value of the mortgage notes payable approximates \$548,966,000 and \$494,836,000 at September 30, 2011 and December 31, 2010, respectively.

6. NOTE PAYABLE, AFFILIATE

The Company had a \$20,000,000 revolving credit facility commitment with an affiliate of the Company, which was amended on February 17, 2011. The credit facility is subject to a 60-day notice of termination provision by which the lender can affect a termination of the commitment.

On February 17, 2011, the Company executed an amendment to the facility (the "Credit Facility Amendment") which provides for a temporary modification of certain provisions of the facility during a period commencing with the date of execution and ending on July 31, 2012 (the "Amendment Period"), subject to extension. During the Amendment Period, certain provisions of the facility are modified and include: an increase in the amount of the commitment from \$20,000,000 to \$40,000,000; elimination

Table of contents

of the leverage ratio covenant and clean-up requirement (each as defined in the revolving credit facility agreement) and computation and payment of interest on a quarterly basis. At the conclusion of the Amendment Period, including extensions, the provisions modified pursuant to the Credit Facility Amendment will revert back to the provisions of the revolving credit facility agreement prior to the Amendment Period.

On May 24, 2011, the Company executed an amendment to the facility which limits the total commitment fee provided for in the agreement to be no greater than \$400,000 in the aggregate.

During the nine months ended September 30, 2011 and 2010, the Company borrowed \$33,375,000 and \$0, respectively, under the revolving credit facility and repaid \$0 and \$15,720,000 of advances, respectively, during the same periods. The Company incurred interest of \$1,078,747 and \$321,212 related to the facility during the nine months ended September 30, 2011 and 2010, respectively, of which \$525,980 and \$0 were capitalized pursuant to ASC 835-20, respectively, during the same periods. The Company also paid a commitment fee of \$133,750 during the nine months ended September 30, 2011. There was \$33,375,000 and \$0 outstanding as of September 30, 2011 and December 31, 2010, respectively, under the facility.

## 7. EQUITY / DEFICIT

On March 25, 2003, the Board of Directors (“Board”) declared a dividend at an annual rate of 9%, on the stated liquidation preference of \$25 per share of the outstanding Preferred Shares which is payable quarterly in arrears, on February 15, May 15, August 15, and November 15 of each year to shareholders of record in the amount of \$0.5625 per share per quarter. For the nine months ended September 30, 2011 and 2010, the Company’s aggregate dividends on the Preferred Shares totaled \$5,025,569 and \$5,025,579, respectively, of which \$837,607 was payable and included on the balance sheet in Dividends and Distributions Payable as of September 30, 2011 and December 31, 2010.

During the nine months ended September 30, 2011 and 2010, the Board did not authorize the general partner of the Operating Partnership to distribute any quarterly distributions to common general and common limited partners or a common dividend on the Company’s Class B Common Stock.

The Company’s policy to provide for common distributions is based on available cash and Board approval.

## 8. EARNINGS PER SHARE

Net income (loss) per common share, basic and diluted, is computed as net income (loss) available to common shareholders divided by the weighted average number of common shares outstanding during the applicable period, basic and diluted.

Table of contents

The reconciliation of the basic and diluted earnings per common share for the three and nine months ended September 30, 2011 and 2010 follows:

	Three months ended September 30,		Nine months ended September 30,

For the nine months ended September 30, 2011 and 2010, the Company did not have any common stock equivalents; therefore basic and dilutive earnings per share were the same.

## 9. COMMITMENTS AND CONTINGENCIES

The Company is party to certain legal actions arising in the ordinary course of its business, such as those relating to tenant issues. All such proceedings taken together are not expected to have a material adverse effect on the Company. While the resolution of these matters cannot be predicted with certainty, management believes that the final outcome of such legal proceedings and claims will not have a material adverse effect on the Company's liquidity, financial position or results of operations.

On November 12, 2009, the Audit Committee of the Company (which committee is comprised of the three directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange) and the Board approved an amendment to the Advisory Services Agreement (the "Amendment") with Berkshire Advisor, an affiliate of the Company. The amendment includes a variable incentive fee component to the existing asset management fees paid to the Advisor (the "Incentive Advisory Fee"), which is based on the increase in value of the Company over a base value established as of December 31, 2009 ("Base Value"). The Amendment is effective as of

January 1, 2010 and requires the Company to accrue Incentive Advisory Fees payable to the Advisor up to 12% of the increase in value of the Company above the established Base Value. Refer to Related Party Transactions on page 18 for further discussion.

The Company has made commitments to two joint venture multifamily development projects during the nine months ended September 30, 2011. The first project is to construct a 231-unit mid-rise multifamily apartment building in Denver, Colorado. The Company has a 91.075% interest in the joint venture and has made a commitment to invest \$8.0 million to the project. As of September 30, 2011, the Company has made capital contributions totaling approximately \$5.3 million. The second project is to construct a 603-unit mid-rise multifamily apartment building in Washington, D.C. The Company has a 30% interest in the joint venture and has made a commitment to invest approximately \$14.5 million to the project. As of September 30, 2011, the Company has invested 100% of its total committed capital amount.

Table of contents

Amounts due to affiliates of \$1,369,393 and \$1,820,827 are included in "Due to affiliates, net" at September 30, 2011 and December 31, 2010, respectively, represent intercompany development fees, expense reimbursements, asset management fees and shared services.

Expense reimbursements due to affiliates of \$4,225,392 and \$7,796,806 are included in "Due to affiliates, net" at September 30, 2011 and December 31, 2010, respectively, in the accompanying Consolidated Balance Sheets.

Expense reimbursements due from affiliates of \$2,855,999 and \$5,975,979 are included in "Due to affiliates, net" at September 30, 2011 and December 31, 2010, respectively, in the accompanying Consolidated Balance Sheets.

The Company pays property management fees to an affiliate, Berkshire Advisor, for property management services. The fees are payable at a rate of 4% of gross income. The Company incurred \$1,236,944 of property management fees in the nine-month periods ended September 30, 2011 and 2010.

The Company pays asset management fees to an affiliate, Berkshire Advisor, for asset management services. These fees are payable quarterly, in arrears, and may be paid only after all distributions currently payable on the Company's Preferred Shares have been paid. Effective April 4, 2003, under the advisory services agreement, the Company pays Berkshire Advisor a fixed annual asset management fee equal to 0.40%, up to a maximum of \$1,600,000 in any calendar year, as per an amendment to the management agreement, of the purchase price of real estate properties owned by the Company, as adjusted from time to time to reflect the then current fair market value of the properties. The purchase price is defined as the capitalized basis of an asset under GAAP, including renovation or new construction costs, or other items paid or received that would be considered an adjustment to basis. Annual asset management fees earned by the affiliate in excess of the \$1,600,000 maximum payable by the Company represent fees incurred and paid by the noncontrolling partners in the properties. In addition to the fixed fee, effective January 1, 2010, the Company may also pay Berkshire Property Advisor an Incentive Advisory Fee based on increases in value of the Company, as explained below, that would not be subject to the \$1,600,000 maximum. The Company also reimburses affiliates for certain expenses incurred in connection with the operation of the properties, including administrative expenses and salary reimbursements.

On November 12, 2009, the Audit Committee of the Company (which committee is comprised of the three directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange) and the Board approved an amendment (the "Amendment") to the Advisory Services Agreement with Berkshire Advisor, an affiliate of the Company. The Amendment includes an Incentive Advisory Fee component to the existing asset management fees paid to the Advisor, which is based on the increase in value of the Company over the Base Value established as of December 31, 2009. The Amendment is effective as of January 1, 2010 and requires the Company to accrue Incentive Advisory Fees payable to the Advisor up to 12% of the increase in value of the Company above the established Base Value. The Incentive Advisory Fee is variable and generally to the extent the value of the Company decreases, the accrued Incentive Advisory Fee would be reduced accordingly. Like the Asset Management Fee, the Incentive Advisory Fee requires that all distributions currently payable on the Series A 9% Cumulative Redeemable Preferred Stock be paid prior to the payment of any Incentive Advisory Fee due.

As of September 30, 2011 and December 31, 2010, the liability amounts pursuant to the Amendment were \$2,914,535 and \$2,207,795, respectively, and are included in "Due to affiliates, incentive advisory fees" on the consolidated balance sheets. The Company incurred \$706,740 and \$1,113,904 of Incentive Advisory Fees in the nine-month periods ended September 30, 2011 and 2010, respectively. Any future liability will be based upon any increase in value of the Company over the Base Value. Payments from the plan will approximate the amounts the Advisor pay to its employee. Additional limits have been placed on the total amount of payments that can be made by the Company in any given year, with interest accruing at the rate of 7% on any payments due but not yet paid. The Company has not made any Incentive Advisory Fee payments and \$2,914,535 remained payable as of September 30, 2011.

The Company pays acquisition fees to an affiliate, Berkshire Advisor, for acquisition services. These fees are payable upon the closing of an acquisition of real property. The fee is equal to 1% of the purchase price of any new property acquired directly or indirectly by the Company. The purchase price is defined as the capitalized basis of an asset under GAAP, including renovations or new construction costs, or other items paid or received that would be considered an adjustment to basis. The purchase price does not include acquisition fees and capital costs of a recurring nature. During the nine months ended September 30, 2011, the Company paid a fee on the acquisition of Estancia in the amount of \$420,000, which was charged to General and Administrative expenses pursuant to the Company's adoption of ASC 805-10 as of January 1, 2009. The Company did not make any acquisitions in the nine-month period ended September 30, 2010.

The Company pays a construction management fee to an affiliate, Berkshire Advisor, for services related to the management and oversight of renovation and rehabilitation projects at its properties. The Company paid or accrued \$200,513 and \$162,423 in

Table of contents

construction management fees for the nine months ended September 30, 2011 and 2010, respectively. The fees are capitalized as part of the project cost in the year they are incurred.

The Company pays development fees to an affiliate, Berkshire Residential Development, for property development services. As of September 30, 2011, the Company has one property under development, 2020 Lawrence, and has incurred fees totaling \$139,410 for the project during the nine months ended September 30, 2011. The fees were based on the project's development/construction costs. As of September 30, 2011, \$0 remained payable related to the project.

During the nine months ended September 30, 2011 and 2010, the Company borrowed \$33,375,000 and \$0, respectively, under the revolving credit facility and repaid \$0 and \$15,720,000 of advances, respectively, during the same periods. The Company incurred interest of \$1,078,747 and \$321,212 related to the facility during the nine months ended September 30, 2011 and 2010, respectively, of which \$525,980 and \$0 were capitalized pursuant to ASC 835-20, respectively, during the same periods. The Company also paid a commitment fee of \$133,750 during the nine months ended September 30, 2011. There was \$33,375,000 and \$0 outstanding as of September 30, 2011 and December 31, 2010, respectively, under the facility.

Related party arrangements are approved by the independent directors of the Company and are evidenced by a written agreement between the Company and the affiliated entity providing the services.

12. LEGAL PROCEEDINGS

The Company is party to certain legal actions arising in the ordinary course of its business, such as those relating to tenant issues. All such proceedings taken together are not expected to have a material adverse effect on the Company. While the resolution of these matters cannot be predicted with certainty, management believes that the final outcome of such legal proceedings and claims will not have a material adverse effect on the Company's liquidity, financial position or results of operations. The Company is not aware of any proceedings contemplated by governmental authorities.

13. PROFORMA CONDENSED FINANCIAL INFORMATION

During the three and nine months ended September 30, 2011 and 2010, the Company did not acquire any properties deemed to be individually significant in accordance with Regulation S-X, Rule 3-14 "Special Instructions for Real Estate Operations to be Acquired".

As discussed in Footnote 1, the Company and certain of its subsidiaries acquired interests in the Estancia Townhomes property during 2011. The following unaudited proforma information was prepared as if the 2011 transaction related to the acquisition of Estancia Townhomes property occurred as of January 1, 2010. The proforma financial information is based upon the historical consolidated financial statements and is not necessarily indicative of the consolidated results which actually would have occurred if the transactions had been consummated at January 1, 2010, nor does it purport to represent the results of operations for future periods. Adjustments to the proforma financial information for the nine months ended September 30, 2011 and 2010 consist principally of providing net operating activity and recording interest, depreciation and amortization from January 1, 2010 to the acquisition date as appropriate.

14. SUBSEQUENT EVENTS

On October 26, 2011, the Company executed a purchase and sale agreement to sell the Glo property located in Los Angeles, California for \$69 million. The sale is subject to the assumption by the purchaser of the bonds secured by the property. The closing is anticipated to take place late in the fourth quarter of 2011 or early in the first quarter of 2012 if the bond assumption process takes longer than currently anticipated. Proceeds from the sale will be used to pay down the balance on the revolving credit facility with an affiliate of the Company.

On November 2, 2011, the Company borrowed an additional \$584,000 under the revolving credit facility arrangement available from an affiliate of the Company. The proceeds of the advance were used to fund the ongoing development activities of the Company. The additional advance of \$584,000 brings the total amount outstanding under the facility to \$33,959,000.

Item MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF  
2. OPERATIONS OF BERKSHIRE INCOME REALTY, INC.

You should read the following discussion in conjunction with the consolidated financial statements of Berkshire Income Realty, Inc. (the "Company") and their related notes and other financial information included in this report. For further information please refer to the Company's consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010.

Forward Looking Statements

The statements contained in this report, including information with respect to our future business plans, constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). For this purpose, any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements, subject to a number of risks and uncertainties that could cause actual results to differ significantly from those described in this report. These forward-looking statements include statements regarding, among other things, our business strategy and operations, future expansion plans, future prospects, financial position, anticipated revenues or losses and projected costs, and objectives of management. Without limiting the foregoing, the words "may," "will," "should," "could," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "potential" or "continue" or the negative of such terms and other comparable terminology are intended to identify forward-looking statements. There are a number of important factors that could cause our results to differ materially from those indicated by such forward-looking statements. These factors include, but are not limited to, changes in economic conditions generally and the real estate and bond markets specifically, legislative/regulatory changes (including changes to laws governing the taxation of real estate investment trusts ("REITs")), possible sales of assets, the acquisition restrictions placed on the Company by an affiliated entity Berkshire Multifamily Value Fund II, LP, ("BVF-II" or "Fund II"), availability of capital, interest rates and interest rate spreads, changes in GAAP and policies and guidelines applicable to REITs, those factors set forth in Part I, Item 1A "Risk Factors" of the Company's Annual Report on Form 10-K for the year ended December 31, 2010, as filed with the Securities and Exchange Commission (the "SEC") and other risks and uncertainties as may be detailed from time to time in our public announcements and our reports filed with the SEC.

The foregoing risks are not exhaustive. Other sections of this report may include additional factors that could adversely affect our business and financial performance. Moreover, we operate in a competitive and rapidly changing environment. New risk factors emerge from time to time and it is not possible for management to predict all such risks factors, nor can it assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, undue reliance should not be placed on forward-looking statements as a prediction of actual results.

As used herein, the terms "we", "us" or the "Company" refer to Berkshire Income Realty, Inc., a Maryland corporation, incorporated on July 19, 2002. The Company is in the business of acquiring, owning, operating, developing and renovating multifamily apartment communities. Berkshire Property Advisors, L.L.C. ("Berkshire Advisor" or "Advisor") is an affiliated entity we have contracted with to make decisions relating to the day-to-day management and operation of our business, subject to the oversight of the Company's Board. Refer to Item 13 – Certain Relationships and Related Transactions and Director Independence and Notes to the Consolidated Financial Statements, Note 12 – Related Party Transactions of the Company's Annual Report on Form 10-K for the year ended December 31, 2010 as filed with the SEC for additional information about the Advisor.

Overview

The Company is engaged primarily in the acquisition, ownership, operation, development and rehabilitation of multifamily apartment communities in the Baltimore/Washington D.C., Southeast, Southwest, Northwest, Midwest and Western areas of the United States. We conduct substantially all of our business and own, either directly or through subsidiaries, substantially all of our assets through Berkshire Income Realty-OP, L.P. (the "Operating Partnership"), a Delaware limited partnership. The Company's wholly owned subsidiary, BIR GP, L.L.C., a Delaware limited liability company, is the sole general partner of the Operating Partnership.

As of November 10, 2011, the Company owns 100% of the preferred limited partner units of the Operating Partnership, whose terms mirror the terms of the Company's Series A 9% Cumulative Redeemable Preferred Stock and, through BIR GP, L.L.C., owns 100% of the general partner interest of the Operating Partnership, which represents approximately 2.39% of the common economic interest of the Operating Partnership.

Table of contents

Our general and limited partner interests in the Operating Partnership entitle us to share in cash distributions from, and in the profits and losses of, the Operating Partnership in proportion to our percentage interest therein. The other partners of the Operating Partnership are affiliates who contributed their direct or indirect interests in certain properties to the Operating Partnership in exchange for common units of limited partnership interest in the Operating Partnership.

Our highlights of the nine months ended September 30, 2011 included the following:

On January 31, 2011, the Operating Partnership, through its subsidiary, BIR Estancia Limited Partnership, completed the acquisition of Estancia Townhomes, a 207-unit townhome style apartment community located in Dallas, Texas. The sellers were unaffiliated third parties. The purchase price for the property was \$42,000,000 and was subject to normal operating prorations as provided for in the purchase and sale agreement. Simultaneously with the acquisition, the Company closed on a \$26,500,000 bridge loan used to acquire the property. The loan had an interest rate of 6.5% and a term of three months with a one month extension available.

On March 25, 2011, the Company closed on a \$29,004,000 first mortgage on the Estancia Townhomes property. The loan is a non-recourse first mortgage note collateralized by the property with a fixed interest rate of 5.15% and a term of 10 years. Proceeds from the loan were used to repay the \$26,500,000 bridge loan used to acquire the property, pay expenses related to the new loan and for other general operating activities of the Company.

On February 10, 2011, the Operating Partnership, through its subsidiary, BIR 2020 Lawrence, L.L.C., entered into an agreement to acquire approximately 90% of the ownership interests in a development project to build a 231-unit multifamily mid-rise community in Denver, Colorado. The contribution of partnership commitment capital totaled \$5,290,603 during the nine months ended September 30, 2011.

On February 17, 2011, the Operating Partnership executed an amendment to the revolving credit facility (the "Credit Facility Amendment") which provides for a temporary modification of certain provisions of the revolving credit facility during a period commencing with the date of execution and ending on July 31, 2012 (the "Amendment Period"), subject to extension. During the Amendment Period, certain provisions of the revolving credit facility are modified and include: an increase in the amount of the commitment from \$20,000,000 to \$40,000,000; elimination of the leverage ratio covenant and clean-up requirement (each as defined in the revolving credit facility agreement) and computation and payment of interest on a quarterly basis. At the conclusion of the Amendment Period, including extensions, the provisions modified pursuant to the Credit Facility Amendment will revert back to the provisions of the revolving credit facility agreement prior to the Amendment Period.

On March 2, 2011, the Operating Partnership executed an agreement with Berkshire Multifamily Value Fund II ("BVF-II"), an affiliated entity, to create a joint venture, BIR/BVF-II NoMa JV, L.L.C. ("NoMa JV"), to participate in and take an ownership position in a real estate development project. BVF-II is the managing member of NoMa JV and has a percentage ownership interest of approximately 67% while the Operating Partnership has a percentage ownership interest of approximately 33%.

Also on March 2, 2011, NoMa JV acquired a 90% interest in NOMA Residential West I, LLC. ("NOMA Residential"). NOMA Residential will develop and subsequently operate a 603-unit multifamily apartment community in Washington, D.C. The remaining 10% interest in NOMA Residential is owned by the developer, an unrelated third party (the "Developer"). The governing agreements for NOMA Residential give the Developer the authority to manage the construction and development of, and subsequent to completion, the day-to-day operations of NOMA Residential. The agreement also provides for fees to the Developer, limits the authority of the Developer and provides for distributions based on percentage interest and thereafter in accordance with achievement of economic hurdles. As of September 30, 2011, the Company had invested 100% of its total committed capital amount of \$14,520,000 in NoMa JV.

On March 25, 2011, the Company entered into a letter of credit agreement with a bank for the issuance of two irrevocable unconditional letters of credit related to the development project of its BIR 2020 Lawrence, L.L.C. subsidiary. The letters of credit support the working capital and initial operating deficit reserve requirements of the project. The letters amount to \$582,000 and \$1,100,000, respectively.

On March 31, 2011, the Operating Partnership, through JV 2020 Lawrence, entered into an agreement for fixed rate construction-to-permanent financing totaling up to \$45,463,100, which will be collateralized by the related property and is insured by the U.S. Department of Housing and Urban Development ("HUD"). The construction loan will convert to permanent financing at the completion of the development period and will continue for a term of 40 years from the date of conversion at a fixed interest rate of 5.00%. The proceeds of the financing will be used to develop a mid-rise multifamily apartment building in Denver, Colorado. JV 2020 Lawrence submitted the first construction loan draw to the lender at closing. As of September 30, 2011, the outstanding balance on the loan was \$10,579,190.

Table of contents

On May 24, 2011, the Company executed an amendment to the revolving credit facility which limits the total commitment fee provided for in the agreement to be no greater than \$400,000 in the aggregate.

During the nine months ended September 30, 2011, the Company borrowed an aggregate of \$33,375,000 under the revolving credit facility available from an affiliate of the Company for use in its acquisition and investing activities.

## General

The Company detailed a number of significant trends and specific factors affecting the real estate industry in general and the Company's business in particular in Part II, Item 7 – "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Annual Report on Form 10-K for the year ended December 31, 2010. The Company believes those trends and factors continue to be relevant to the Company's performance and financial condition.

## Liquidity and Capital Resources

## Cash and Cash Flows

As of September 30, 2011 and December 31, 2010, the Company had \$10,600,628 and \$12,893,665 of cash and cash equivalents, respectively. Cash provided and used by the Company for three-month and nine-month periods ended September 30, 2011 and 2010 are as follows:

	Three months ended		Nine months ended	
	September 30,		September 30,	
	2011	2010	2011	2010
Cash provided by operating activities	\$4,418,002	\$4,298,097	\$11,798,321	\$9,601,303
Cash (used in) provided by investing activities	(5,355,570 )	(2,875,699 )	(77,770,167 )	6,003,638
Cash provided by (used in) financing activities	1,223,318	(2,629,881 )	63,678,809	(19,793,198 )

During the nine months ended September 30, 2011, cash decreased by \$2,293,037. The overall decrease was due primarily to the acquisition costs of Estancia Townhomes and 2020 Lawrence totaling \$53,558,329 and the investment in Multifamily Limited Liability Company of \$14,909,056, which were funded by borrowings from mortgage notes payable of \$66,083,190 and proceeds from the revolving credit facility of \$33,375,000. In addition, cash was decreased by principal payments on mortgages of \$29,763,801, including \$26,500,000 of debt related to the Estancia Townhomes bridge loan that was refinanced in March 2011, capital expenditures of \$11,851,249, and the Company's regular quarterly distributions to its preferred shareholders totaling \$5,025,569.

The Company's principal liquidity demands are expected to be distributions to our preferred and common shareholders and Operating Partnership unitholders based on availability of cash and approval of the Board, capital improvements, rehabilitation projects and repairs and maintenance for the properties, debt repayment, and acquisition and development of additional properties within the investment restrictions placed on it by BVF-II.

The Company intends to meet its short-term liquidity requirements through net cash flows provided by operating activities and advances from the revolving credit facility. The Company considers its ability to generate cash to be adequate to meet all operating requirements and make distributions to its stockholders in accordance with the provisions of the Internal Revenue Code of 1986, as amended, applicable to REITs. Funds required to make distributions to our preferred and common shareholders and Operating Partnership unitholders that are not provided by operating activities will be supplemented by property debt financing and refinancing activities.

The Company intends to meet its long-term liquidity requirements through property debt financing and refinancing noting that possible interest rate increases resulting from current economic conditions could negatively impact the Company's ability to refinance existing debt at acceptable rates. As of September 30, 2011, approximately \$72,611,000 of principal, or 14.2% of the Company's outstanding mortgage debt is due to be repaid within the next three years. During that three-year period, principal of \$3,500,000 and \$55,995,000 relates to loans that are due to mature and be repaid in full in 2012 and 2013, respectively. All other payments of principal during the three-year period are monthly payments in accordance with the loan amortization schedules. The Company expects to fund any maturing mortgages through refinancing of such mortgages. Additionally, the Company may seek to expand its purchasing power through the use of venture relationships with other companies with liquidity.

Table of contents

On January 31, 2011, the Operating Partnership, through its subsidiary, BIR Estancia Limited Partnership, completed the acquisition of Estancia Townhomes, a 207-unit townhome style apartment community located in Dallas, Texas. The sellers were unaffiliated third parties. The purchase price for the property was \$42,000,000 and was subject to normal operating prorations as provided for in the purchase and sale agreement. Simultaneously with the acquisition, the Company closed on a \$26,500,000 bridge loan used to acquire the property. The loan had an interest rate of 6.5% and a term of three months with a one-month extension available.

On March 25, 2011, the Company closed on a \$29,004,000 first mortgage on the Estancia Townhomes property. The loan is an unsecured first mortgage note collateralized by the property with a fixed interest rate of 5.15% and a term of 10 years. Proceeds from the loan were used to repay the \$26,500,000 bridge loan used to acquire the property, pay expenses related to the new loan and for other general operating activities of the Company.

As of September 30, 2011, the Company has fixed interest rate mortgage financing on all properties in the portfolio with the exceptions of Glo, which has a variable interest rate mortgage that is capped at 6% through 2013.

The Company has a \$40,000,000 revolving credit facility in place with an affiliate of the Company. As of September 30, 2011 and December 31, 2010, there was \$33,375,000 and \$0 outstanding on the facility, respectively.

Capital Expenditures

The Company incurred \$2,805,267 and \$2,368,351 in recurring capital expenditures during the nine months ended September 30, 2011 and 2010, respectively. Recurring capital expenditures typically include items such as appliances, carpeting, flooring, HVAC equipment, kitchen and bath cabinets, site improvements and various exterior building improvements.

The Company incurred \$9,045,982 and \$4,002,476 in renovation and development related capital expenditures during the nine months ended September 30, 2011 and 2010, respectively. Renovation related capital expenditures generally include capital expenditures of a significant non-recurring nature, including construction management fees payable to an affiliate of the Company, where the Company expects to see a financial return on the expenditure or where the Company believes the expenditure preserves the status of a property within its sub-market.

During 2007, the Company, as part of the decision to acquire the Berkshires at Town Center property, approved a rehabilitation project at the 196-unit property of approximately \$6,150,000 for interior and exterior renovation improvements. The project includes rehabilitation of all apartment units, common areas including the lobby, central utility systems, replacement of all windows and painting of the exterior. As of September 30, 2011, the interior portion of the project was 99% complete as 195 of the 196 units had been renovated, of which 99% have been leased. The project is on track and spending is within budget. As of September 30, 2011, the Company had incurred approximately \$3,526,000 on the rehabilitation project.

On February 10, 2011, the Operating Partnership, through its subsidiary, BIR 2020 Lawrence, L.L.C., entered into an agreement to acquire approximately 90% of the ownership interests in a development project to build a 231-unit multifamily mid-rise community in Denver, Colorado. As of September 30, 2011, the project development cost incurred were approximately \$14,039,000 of the total budgeted costs of approximately \$55.5 million, of which \$45.5 million is being funded by HUD-insured financing.

Pursuant to terms of the mortgage debt on certain properties in the Company's portfolio, lenders require the Company to fund repair or replacement escrow accounts. The funds in the escrow accounts are disbursed to the Company upon completion of the required repairs or renovations activities. The Company is required to provide to the lender documentation evidencing the completion of the repairs, and in some cases, such repairs are subject to inspection by

the lender.

The Company's capital budgets for 2011 anticipate spending approximately \$7,780,000 for ongoing rehabilitation, including the Berkshires at Town Center project. As of September 30, 2011, the Company has not committed to any new significant rehabilitation projects.

The Company has not approved any additional renovation projects during the nine-month period ended September 30, 2011 and no other renovation projects are currently anticipated.

#### Fair Value of Real Estate Assets

Management continuously monitors the financial performance of the Company's assets, and from time to time estimates the fair value of the Company's properties. In connection with its most recent estimation of fair value, management has engaged an independent appraisal firm to value the fully-developed real estate assets of the Company as of September 30, 2011. As of the date of this filing, the appraisal work has not been completed; however, based upon management's opinion as well as current

25

Table of contents

indications of the appraisal firm, management estimates the gross fair value of the real estate assets held by the Company was between \$860,000,000 and \$880,000,000 at the end of the quarter. Fair value is not a GAAP financial measure and should not be considered as an alternative to net book value of real estate assets, the most directly comparable financial measure calculated and presented in accordance with GAAP. The net book value of our real estate assets was \$458,746,887 and \$419,531,860 at September 30, 2011 and December 31, 2010, respectively, and is presented on the balance sheet as multifamily apartment communities, net of accumulated depreciation.

Discussion of acquisitions for the nine months ended September 30, 2011

On January 31, 2011, the Operating Partnership, through its subsidiary, BIR Estancia Limited Partnership, completed the acquisition of Estancia Townhomes, a 207-unit townhome style apartment community located in Dallas, Texas. The sellers were unaffiliated third parties. The purchase price for the property was \$42,000,000 and was subject to normal operating prorations as provided for in the purchase and sale agreement. Simultaneously with the acquisition, the Company closed on a \$26,500,000 bridge loan used to acquire the property. The loan had an interest rate of 6.5% and a term of three months with a one month extension available. On March 25, 2011, the Company closed on a \$29,004,000 first mortgage on the Estancia Townhomes property. The loan is an unsecured first mortgage note collateralized by the property with a fixed interest rate of 5.15% and a term of 10 years. Proceeds from the loan were used to repay the \$26,500,000 bridge loan used to acquire the property, pay expenses related to the new loan and for other general operating activities of the Company.

On February 10, 2011, the Operating Partnership, through a newly formed subsidiary, BIR 2020 Lawrence, L.L.C. ("BIR 2020"), entered into the Amended and Restated Limited Liability Company Agreement of 2020 Lawrence Street, L.L.C. joint venture agreement ("JV 2020 Lawrence") with Zocalo Community Development, Inc. ("Zocalo") and JB 2020, LLC ("JB 2020"), unrelated third parties, to acquire a 91.075% ownership interests in a development project to build a 231-unit multifamily mid-rise apartment community in Denver, Colorado. Total budgeted development costs are approximately \$55.5 million of which approximately \$45.5 million is being financed by a HUD-insured construction loan that will convert to permanent financing with a term of 40 years at the completion of the development construction period. The investment is consistent with the Company's desire to acquire or develop well located Class A multifamily apartment communities and building at attractive prices. The capital commitment of BIR 2020 to the project is \$8,000,000.

Under the terms of the limited liability company agreement governing JV 2020 Lawrence, BIR 2020 owns a 91.075% interest and Zocalo and JB 2020 own a 5.282% and 3.643%, respectively, interest in JV 2020 Lawrence. Zocalo is entitled to perform property management services and receive fees in payment thereof. The Company evaluated its investment in JV 2020 Lawrence and concluded that the investment was not a variable interest entity under ASC 810-10 and therefore accounts for the investment based on its controlling interest in the venture.

Discussion of dispositions for the nine months ended September 30, 2011

The Company did not dispose of any properties during the nine-month period ended September 30, 2011.

Declaration of Dividends and Distributions

On March 25, 2003, the Board declared a dividend at an annual rate of 9% on the stated liquidation preference of \$25 per share of the outstanding Preferred Shares which is payable quarterly in arrears, on February 15, May 15, August 15, and November 15 of each year to shareholders of record in the amount of \$0.5625 per share, per quarter. For the nine months ended September 30, 2011 and 2010, the Company's aggregate dividends on the Preferred Shares totaled \$5,025,569 and \$5,025,579, respectively, of which \$837,607 was payable and included on the balance sheet in Dividends and Distributions Payable as of September 30, 2011 and December 31, 2010.

During the nine months ended September 30, 2011 and 2010, the Board did not authorize the general partner of the Operating Partnership to distribute quarterly distributions to common general and common limited partners or a common dividend on the Company's Class B Common Stock.

The Company's policy to provide for common distributions is based on available cash and Board approval.

Results of Operations and Financial Condition

During the nine months ended September 30, 2011, the Company's portfolio (the "Total Property Portfolio"), which consists of all properties acquired or placed in service and owned through September 30, 2011, was increased by the purchase of Estancia and a development project, 2020 Lawrence. As a result of changes in the composition of the property holdings in the Total Property Portfolio over the nine-month period ended September 30, 2010, the consolidated financial statements show changes in revenue and expenses from period to period and as a result, the Company does not believe that its period-to-period financial data are comparable. Therefore, the comparison of operating results for the nine months ended September 30, 2011 and 2010 reflects the changes attributable to the properties owned by the Company throughout each period presented (the "Same Property Portfolio").

"Net Operating Income" ("NOI") falls within the definition of a "non-GAAP financial measure" as stated in Item 10(e) of Regulation S-K promulgated by the SEC and should not be considered as an alternative to net income (loss), the most directly comparable financial measure of our performance calculated and presented in accordance with GAAP. The Company believes NOI is a measure of operating results that is useful to investors to analyze the performance of a real estate company because it provides a direct measure of the operating results of the Company's multifamily apartment communities. The Company also believes it is a useful measure to facilitate the comparison of operating performance among competitors. The calculation of NOI requires classification of income statement items between operating and non-operating expenses, where operating items include only those items of revenue and expense which are directly related to the income producing activities of the properties. We believe that to achieve a more complete understanding of the Company's performance, NOI should be compared with our reported net income (loss). Management uses NOI to evaluate the operating results of properties without reflecting the effect of capital decisions such as the issuance of mortgage debt and investments in capital items; in turn, these capital decisions have an impact on interest expense and depreciation and amortization.

The most directly comparable financial measure of the Company's NOI, calculated and presented in accordance with GAAP, is net income (loss), shown on the consolidated statement of operations. For the three-month period ended September 30, 2011 and 2010, net loss was \$(5,390,296) and \$(6,176,834), respectively. For the nine months ended September 30, 2011 and 2010, net loss was \$(16,945,447) and \$(19,591,105), respectively. A reconciliation of the Company's NOI to net loss for the three- and nine-month periods ended September 30, 2011 and 2010 is presented as part of the following tables.

Table of contents

Comparison of the three months ended September 30, 2011 to the three months ended September 30, 2010  
(Same Property Portfolio)

Revenue

Rental Revenue

Rental revenue of the Same Property Portfolio increased for the three-month period ended September 30, 2011 in comparison to the similar period of 2010. The increase is mainly attributable to increased occupancy and rents at most of the properties. Market conditions remain stable in the majority of the sub-markets in which the Company owns and operates apartments; however, the improving economic environment has resulted in decreased bad debts for the portfolio compared to the prior three-month period. The Company continues to benefit from its focus on resident retention in the Same Property Portfolio. Improving economic conditions and the continued strength in the apartment markets has allowed the Company to implement rent increases at properties in strong markets while retaining high levels of quality tenants throughout the portfolio.

Interest, utility reimbursement and other revenue

Same Property Portfolio interest, utility reimbursement and other revenues increased for the three-month period ended September 30, 2011 as compared to the three months ended September 30, 2010, due primarily to the continued expansion in use of utility bill back programs, increased fees charged to tenants and potential tenants, including late fees, cable, valet trash and other similar revenue items.

Operating Expenses

Operating

Overall operating expenses increased in the three months ended September 30, 2011 as compared to the same period of 2010. Higher payroll expenses related to increased benefits costs through September 30, 2011, in addition to higher utility expenses including water and sewer charges related to fluctuations in comparable usage at various properties, were partially offset by savings in property group insurance.

Maintenance

Maintenance expenses increased in the three months ended September 30, 2011 as compared to the same period of 2010, mainly due to costs associated with various small incidents at properties which were less than the insurance deductible and include water related events at Berkshires at Town Center. Management continues to employ a proactive maintenance rehabilitation strategy at its apartment communities and considers the strategy an effective program that preserves, and in some cases increases, its occupancy levels through improved consumer appeal of the apartment communities, from both an interior and exterior perspective.

Real Estate Taxes

Real estate taxes decreased for the three months ended September 30, 2011 from the comparable period of 2010. The Company continually scrutinizes the assessed values of its properties and avails itself of arbitration or similar forums made available by the taxing authority for increases in assessed value that it considers to be unreasonable. The Company has been successful in achieving tax abatements for certain of its properties based on challenges made to the assessed values. Going forward, the Company anticipates a general upward trend in real estate tax expense as local and state taxing agencies continue to place significant reliance on property tax revenue.

General and Administrative

General and administrative expenses increased in the three-month period ended September 30, 2011 compared to 2010, mainly due to increased state income taxes related to municipal taxes at a property not previously incurred, in addition to normal operating expense fluctuations experienced throughout the properties of the Same Property Portfolio, including legal expenses related to tenant issues.

Table of contents

Management Fees

Management fees of the Same Property Portfolio increased for the three months ended September 30, 2011 compared to the three months ended September 30, 2010. Property management fees are assessed on the revenue stream of the properties managed by an affiliate of the Company.

Non-Operating Expenses

Depreciation

Depreciation expense of the Same Property Portfolio decreased for the three months ended September 30, 2011 as compared to the same period of the prior year. The decrease is a result of assets that have been fully depreciated, partially offset by the additions to the basis of fixed assets in the portfolio driven by substantial rehabilitation projects ongoing at the Berkshires at Town Center property, and to a lesser degree, normal recurring capital spending activities over the remaining properties in the Same Property Portfolio.

Interest, inclusive of amortization of deferred financing fees

Interest expense for the three months ended September 30, 2011 decreased over the comparable period of 2010 primarily due to reduced principal balances at most properties as a result of mortgage principal amortization.

Amortization of acquired in-place leases and tenant relationships

Amortization of acquired in-place-leases and tenant relationships decreased in the three months ended September 30, 2011 as compared to the same period in 2010. The decrease is related to the completion of amortization of the acquired-in-place lease intangible assets booked at acquisition and amortized over a 12-month period which did not extend into the three-month period ended September 30, 2011.

Comparison of the three months ended September 30, 2011 to the three months ended September 30, 2010  
(Total Property Portfolio)

In general, increases in revenues and total operating and non-operating expenses of the Total Property Portfolio for the three months ended September 30, 2011 as compared to the three months ended September 30, 2010 are due mainly, in addition to the reasons discussed above, to the fluctuations in the actual properties owned during the comparative periods, as properties were acquired or began development during the first quarter of 2011. The increase in total operating expenses was also attributable to increased corporate-related legal costs recorded during the quarter ended September 30, 2011, offset by decreased Incentive Advisory Fees accrued pursuant to the Advisory Services Agreement recorded during the same period. (Refer to Related Party Transactions on page 18 for further discussion.) The increase in total non-operating expenses was mainly attributable to higher interest expenses incurred as a result of higher revolving credit balance outstanding during the three months ended September 30, 2011 when compared to the same period ended September 30, 2010.

Table of contents

Comparison of the nine months ended September 30, 2011 to the nine months ended September 30, 2010  
(Same Property Portfolio)

Revenue

Rental Revenue

Rental revenue of the Same Property Portfolio increased for the nine-month period ended September 30, 2011 in comparison to the similar period of 2010. The increase is mainly attributable to increased occupancy and rents at most of the properties. Market conditions remain stable in the majority of the sub-markets in which the Company owns and operates apartments; however, the improving economic environment has resulted in decreased bad debts for the portfolio compared to the prior period. The Company continues to benefit from its focus on resident retention in the Same Property Portfolio. Improving economic conditions and the continued strength in the apartment markets has allowed the Company to implement rent increases at properties in strong markets while retaining high levels of quality tenants throughout the portfolio.

Interest, utility reimbursement and other revenue

Same Property Portfolio interest, utility reimbursement and other revenues increased for the nine-month period ended September 30, 2011 as compared to the nine-month period ended September 30, 2010, due primarily to the continued expansion in use of utility bill back programs, increased fees charged to tenants and potential tenants, including late fees, cable, valet trash and other similar revenue items.

Operating Expenses

Operating

Overall operating expenses increased in the nine months ended September 30, 2011 as compared to the same period of 2010. Higher payroll expenses related to increased benefits costs through September 30, 2011, in addition to higher utility expenses including water and sewer charges related to fluctuations in comparable usage at various properties, were partially offset by savings in property group insurance.

Maintenance

Maintenance expenses increased in the nine months ended September 30, 2011 as compared to the same period of 2010, mainly due to costs associated with various small incidents at properties which were less than the insurance deductible and include water related events at Berkshires at Town Center and Berkshires at Lenox Park. The increase was partially offset by lower snow removal costs at the Seasons and Berkshire of Columbia properties as compared to 2010. Management continues to employ a proactive maintenance rehabilitation strategy at its apartment communities and considers the strategy an effective program that preserves, and in some cases increases, its occupancy levels through improved consumer appeal of the apartment communities, from both an interior and exterior perspective.

Real Estate Taxes

Real estate taxes decreased for the nine months ended September 30, 2011 from the comparable period of 2010. The Company continually scrutinizes the assessed values of its properties and avails itself of arbitration or similar forums made available by the taxing authority for increases in assessed value that it considers to be unreasonable. The Company has been successful in achieving tax abatements for certain of its properties based on challenges made to the assessed values. Going forward, the Company anticipates a general upward trend in real estate tax expense as local

and state taxing agencies continue to place significant reliance on property tax revenue.

#### General and Administrative

General and administrative expenses decreased in the nine-month period ended September 30, 2011 compared to 2010, mainly due to bond redemption fees of \$223,300 incurred in 2010 related to the maturity of the Glo property loans in March of that year for which there were no comparative expenses in 2011. The decrease was partially offset by increased state income taxes related to municipal taxes at a property not previously incurred.

Table of contents

Management Fees

Management fees of the Same Property Portfolio increased for the nine months ended September 30, 2011 compared to the nine months ended September 30, 2010. Property management fees are assessed on the revenue stream of the properties managed by an affiliate of the Company.

Non-Operating Expenses

Depreciation

Depreciation expense of the Same Property Portfolio decreased for the nine months ended September 30, 2011 as compared to the same period of the prior year. The decrease is a result of assets that have been fully depreciated, partially offset by the additions to the basis of fixed assets in the portfolio driven by substantial rehabilitation projects ongoing at the Berkshires at Town Center property, and to a lesser degree, normal recurring capital spending activities over the remaining properties in the Same Property Portfolio.

Interest, inclusive of amortization of deferred financing fees

Interest expense for the nine months ended September 30, 2011 decreased over the comparable period of 2010. The decrease is mainly attributable to an one-time adjustment to record \$196,552 of prior period negatively amortized interest on the Glo loans during the nine months ended September 30, 2010 for which there was no comparative adjustment recorded in 2011. The decrease was partially offset by higher interest expenses for the Citrus Park property. The Citrus Park loan was paid off in November 2009 and refinancing of the property was closed in May 2010. As a result, interest expense at Citrus Park is significantly higher for the first half of 2011 compared to 2010.

Amortization of acquired in-place leases and tenant relationships

Amortization of acquired in-place-leases and tenant relationships decreased in the nine months ended September 30, 2011 as compared to the same period in 2010. The decrease is related to the completion of amortization of the acquired-in-place lease intangible assets booked at acquisition and amortized over a 12-month period which did not extend into the nine-month period ended September 30, 2011.

Comparison of the nine months ended September 30, 2011 to the nine months ended September 30, 2010  
(Total Property Portfolio)

In general, increases in revenues and total operating and non-operating expenses of the Total Property Portfolio for the nine months ended September 30, 2011 as compared to the nine months ended September 30, 2010 are due mainly, in addition to the reasons discussed above, to the fluctuations in the actual properties owned during the comparative periods, as properties were acquired or began development during the first quarter of 2011. The increase in total operating expenses was also attributable to transaction costs of \$620,779 associated with the acquisition of the Estancia Townhomes expensed pursuant to the guidance of ASC 805-10, which were included in General and Administrative expenses for the nine-month period ended September 30, 2011, as well as increased corporate-related legal costs recorded during the nine months ended September 30, 2011, offset by decreased Incentive Advisory Fees accrued pursuant to the Advisory Services Agreement recorded during the same period. (Refer to Related Party Transactions on page 18 for further discussion.) The increase in total non-operating expenses was mainly attributable to higher interest expenses incurred as a result of higher revolving credit balance outstanding during the nine months ended September 30, 2011 when compared to the same period ended September 30, 2010.

## Funds From Operations

The Company follows the revised definition of Funds from Operations (“FFO”) adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (“NAREIT”). Management considers FFO to be an appropriate measure of performance of an equity REIT. We calculate FFO by adjusting net income (loss) (computed in accordance with GAAP, including non-recurring items), for gains (or losses) from sales of properties, real estate related depreciation and amortization, and adjustment for unconsolidated partnerships and ventures. Management believes that in order to facilitate a clear understanding of the historical operating results of the Company, FFO should be considered in conjunction with net income as presented in the consolidated financial statements included elsewhere herein. Management considers FFO to be a useful measure for reviewing the comparative operating and financial performance of the Company because, by excluding gains and losses related to sales of previously depreciated operating real estate assets and excluding real estate asset depreciation and amortization (which can vary among owners of identical assets in similar condition based on historical cost accounting and useful life estimates), FFO can help one compare the operating performance of a company’s real estate between periods or as compared to different companies.

The Company’s calculation of FFO may not be directly comparable to FFO reported by other REITs or similar real estate companies that have not adopted the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently. FFO is not a GAAP financial measure and should not be considered as an alternative to net income (loss), the most directly comparable financial measure of our performance calculated and presented in accordance with GAAP, as an indication of our performance. FFO does not represent cash generated from operating activities determined in accordance with GAAP and is not a measure of liquidity or an indicator of our ability to make cash distributions. We believe that to further understand our performance, FFO should be compared with our reported net income (loss) and considered in addition to cash flows in accordance with GAAP, as presented in our consolidated financial statements.

The following table presents a reconciliation of net loss to FFO for the three and nine months ended September 30, 2011 and 2010:

\* See Note 3.

FFO for the three and nine months ended September 30, 2011 increased as compared to FFO for the three- and nine-month period ended September 30, 2010. The increase in FFO is due primarily to the increased revenue, general and administrative expenses related to the bond redemption fees of \$223,300 incurred during the nine months ended September 30, 2010, as well as an one-time adjustment to record \$196,552 of prior period negatively amortized interest on the Glo loans during the nine months ended September 30, 2010 for which there were no comparative adjustments recorded in 2011. The increase was partially offset by transaction costs for the acquisition of Estancia of \$620,779, which were included in General and Administrative expense on the Consolidated Statement of Operations during the nine months ended September 30, 2011 and increased interest expense incurred as a result of higher revolving credit balance outstanding during the nine months ended September 30, 2011 when compared to the same period ended September 30, 2010.

Table of contents

Environmental Issues

There are no recorded amounts resulting from environmental liabilities because there are no known contingencies with respect to environmental liabilities. The Company obtains environmental audits through various sources, including lender evaluations and acquisition due diligence, for each of its properties at various intervals throughout a property's useful life. The Company has not been advised by any third party as to the existence of, nor has it identified on its own, any material liability for site restoration or other costs that may be incurred with respect to any of its properties.

Inflation and Economic Conditions

Substantially all of the leases at our properties are for a term of one year or less, which enables the Company to seek increased rents for new leases or upon renewal of existing leases. These short-term leases minimize the potential adverse effect of inflation on rental income, although residents may leave without penalty at the end of their lease terms and may do so if rents are increased significantly.

Though the United States' economy continues to be challenged by the high unemployment rate, slow but reasonably steady growth is still seen in many parts of the economy. The multifamily sector continues to exhibit strong fundamentals and improved performance on a national basis, evidenced by improved occupancy levels and increases in effective rents. These improvements are due, in large part, to favorable supply and demand dynamics, as construction of new apartment units and single family homes has decreased significantly, home ownership has declined, and the home buying market has weakened due to stricter mortgage qualification standards and declining home values.

Credit worthy borrowers in the multifamily sector continue to be able to access capital through Fannie Mae and Freddie Mac and other sources, at historically attractive rates. Though there is no assurance that under existing or future regulatory restrictions this source of capital, unique to multifamily borrowers, will continue to be available.

The Company continues to believe that projected demographic trends will favor the multifamily sector, driven primarily by the continued flow of echo boomers (children of baby boomers, age 20 to 29), the fastest growing segment of the population, and an increasing number of immigrants who are often renters by necessity. In many cases, the current economic climate has delayed many would-be residents from entering the rental market and instead choosing to remain at home or to share rental units instead of renting their own space. This trend may be creating a backlog of potential residents who will enter the market as the economy begins to rebound and unemployment rates begin to trend back to historical norms. The Company's properties are generally located in markets where zoning restrictions, scarcity of land and high construction costs create significant barriers to new development. The Company believes it is well positioned to manage its portfolio through the remainder of this economic downturn and is prepared to take advantage of opportunities that present themselves during such times.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company's mortgage notes are primarily fixed rate instruments; therefore, the Company's outstanding mortgage debt is not sensitive to changes in the capital market except upon maturity. The Company's revolving credit facility is a variable rate arrangement tied to LIBOR and is therefore sensitive to changes in the capital market. The table below provides information about the Company's financial instruments, specifically debt obligations.

The table presents principal cash flows and related weighted average interest rates by expected maturity dates for the mortgage notes payable as of September 30, 2011.

Table of contents

The level of market interest rate risk remained relatively consistent from December 31, 2010 to September 30, 2011. As of September 30, 2011, \$30,598,747 of the Company's debt outstanding is subject to variable interest rates. The Company's variable rate exposure is limited to 6% as the Company holds an interest rate cap contract for the related debt. The weighted-average variable interest rate on the debt was 1.43% at September 30, 2011. The Company estimates that the effect of a 1% increase or decrease in interest rates would not have a material impact on interest expense.

Item 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Based on their evaluation, as required by the Securities Exchange Act Rules 13a-15(b) and 15d-15(b), the Company's principal executive officer and principal financial officer have concluded that the Company's disclosure controls and procedures (as defined in Securities Exchange Act Rules 13a-15(e) and 15d-15(e)) were effective as of September 30, 2011 to ensure that information required to be disclosed by the Company in reports that it files or submits under the Securities Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms and were effective as of September 30, 2011 to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Securities Exchange Act is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f) under the Exchange Act) identified in connection with the evaluation required by paragraph (d) of the Securities Exchange Act Rules 13a-15 or 15d-15 that occurred during the fiscal quarter ended September 30, 2011, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
