Entity and Organization

The Graystone Company, Inc. ("Graystone") was originally incorporated in the State of New York on May 27, 2010 under the name of Argentum Capital, Inc. Graystone was reincorporated in Delaware on January 10, 2011 and subsequently renamed the Company to The Graystone Company, Inc. on January 14, 2011. Graystone is domiciled in the state of Delaware, and its corporate headquarters are located in New York, New York. The Company selected December 31 as its fiscal year end.

Approval of the Amendment

As of the Record Date, our Board recommended, and the holders of a majority of our outstanding Common Stock approved the Amendment to our Certificate of Incorporation, which will reverse split the outstanding common shares

of the Company, par value \$0.0001 per share, by a ratio of Four Hundred to One (400:1) (the "Split") to be effective on or around April 16, 2012 or when regulatory approval is obtained if it is before then. The Split will not change the total number of common shares authorized nor will it change the par value of the common shares. The Split is affected by the Amendment, in the form annexed to this Information Statement as Appendix A, with the Secretary of State of the State of Delaware. The Amendment will be filed immediately with an effective date for the Split to be on or around April 16, 2012. Fractional shares will be rounded up at the beneficial owner level. Accordingly, each common shareholders shares shall be divided by 400 then rounded up to the nearest whole number; with shareholders owning less than Four Hundred (400) common shares as of the record date each receiving One (1) share.

Current Capitalization

Currently, we are authorized to issue up to 700,000,000 shares of Common Stock, of which 190,752,500 shares were issued and outstanding as of the Record Date, and we have 5,000,000 shares of Preferred Stock authorized and 1,400,000 issued and outstanding.

Reasons for Reverse Stock Split

The Board believes it is in the Company's best interest to conduct the Split for general corporate purposes, including acquisitions, equity financings and grants of stock and stock options. The Split will increase the authorized shares available for issuance, which has been determined by the Board to provide for a sufficient amount of Common Stock to support its expansion and future financing activities, if any.

To the extent that additional authorized shares are issued in the future, such issuance may decrease our existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to our existing stockholders. The holders of our Common Stock have no preemptive rights. We currently have no plans, commitments or arrangements to issue the additional available authorized shares other than shares underlying existing obligations as disclosed in the Company's annual and quarterly reports.

The Split and the issuance of authorized shares could also have the effect of delaying or preventing a change in control of the Company without further action by our stockholders. Shares of authorized and unissued Common Stock and Preferred Stock could (within the limits imposed by applicable law and stock exchange policies) be issued in one or more transactions that would make a change in control of the Company more difficult, and therefore, less likely. For example, such shares could be privately placed with purchasers who might side with the Board in opposing a hostile takeover bid. Any such issuance of additional stock could have the effect of diluting our earnings per share and book value per share of outstanding shares of our common stock or the stock ownership and voting rights of a person seeking to obtain control of the Company. The relative rights and limitations of the shares of Common Stock will remain unchanged under the Amendment. The Company has no plans or proposals to adopt other provisions or enter into other arrangements that may have material anti-takeover consequences. Other than the transactions effectuated pursuant to the Acquisition, the Board is not aware of any other plan or arrangement to acquire control of the Company, and this proposal is not being presented with the intent that it be utilized as a type of anti-takeover device.

When the Board deems it to be in the best interest of the Company and stockholders to issue additional shares of Common Stock in the future from authorized shares, the Board will not seek further authorization by vote of the stockholders, unless such authorization is otherwise required by law or regulation or the rules of any stock exchange on which the shares of Common Stock may then be listed. The Board will have discretion and be able, at its sole discretion, to designate the rights, preferences, privileges and terms of the Preferred Stock.
