Item 1. SECURITY AND ISSUER

This Schedule 13D (the "Schedule 13D") relates to the bearer ordinary shares, no par value (the "Bearer Shares") of IXOS Software AG, a German stock corporation (the "Issuer"), whose principal address and principal executive office is located at Technopark 1, Bretonischer Ring 12, D-85630 Grasbrunn/Munich, Germany, and is filed by Open Text Corporation, an Ontario corporation ("Open Text") with the Securities and Exchange Commission on October 30, 2003.

Item 2. IDENTITY AND BACKGROUND

(a) (c), (f) This Schedule 13D is filed by Open Text. The address of the principal business and principal offices of Open Text is 185 Columbia Street West, Waterloo, Ontario, Canada, N2L 5Z5. Open Text develops, markets, licenses and supports collaboration and knowledge management software for use on intranets, extranets and the Internet, enabling users to find electronically stored information, work together in creative and collaborative processes, perform group calendaring and scheduling functions, and distribute or make available to users across networks or the Internet the resulting work product and other information.

To the best of Open Text's knowledge as of the date hereof, the name, business address, present principal occupation or employment and citizenship of each executive officer and director of Open Text, as the case may be, and the name, principal business and address of any corporation or other organization in which such employment is conducted is set forth in Schedule I hereto. The information contained in Schedule I is incorporated herein by reference.

(d) (e) During the last five years, neither Open Text, nor, to its best knowledge, any of the executive officers or directors of Open Text, has been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors), or been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, Federal or State securities laws or finding any violation with respect to such laws.

Item 3. SOURCE AND AMOUNT OF FUNDS OR OTHER CONSIDERATION

Pursuant to the business combination agreement, dated October 20, 2003, entered into between the Issuer, Open Text and Acquisition Subsidiary (the "Business Combination Agreement"), 2016091 Ontario Inc., a wholly owned subsidiary of Open Text which was established for the sole purpose of acquiring the shares of Issuer (the "Acquisition Subsidiary"), will conduct a tender offer for all of the issued and outstanding Bearer Shares of Issuer. The acquisition will proceed via a tender offer (the "Tender Offer") with each tendering IXOS shareholder electing consideration of either 9 Euro per Bearer Share (approximately US \$10.46 as of October 20, 2003) or 0.5220 of Open Text common share for each Bearer Share tendered in the Tender Offer and 0.1484 of a warrant, each whole warrant exercisable to purchase one Open Text common share for up to one year after closing the transaction at a strike price of US \$20.75 per share (the foregoing exchange ratios and the warrant strike price give effect to the stock dividend declared by the Board of Directors of Open Text Corporation of one common share for each common share held as of the close of business on October 22, 2003). As IXOS shareholders will be able to elect to receive either cash or Open Text securities, we cannot separately estimate those components of the purchase

consideration to be paid in connection with the business combination. Based on recent exchange rates the total purchase consideration would be approximately \$240 million US in cash assuming all IXOS shareholders elected to receive cash, excluding related transaction fees and expenses. Open Text currently intends to use its working capital and the proceeds of loan facilities, and the issuance of its equity securities as elected by the tendering shareholders of Issuer, to complete the Tender Offer.

Item 4. PURPOSE OF TRANSACTION

Pursuant to the Business Combination Agreement Open Text and Acquisition Subsidiary agreed to launch the Tender Offer in accordance with the German Takeover Act, to purchase at least 67% of the Bearer Shares of the Issuer outstanding at the end of the day on which the Tender Offer period expires. Open Text and Acquisition Subsidiary agreed to offer Tender Offer consideration in cash, or, alternatively, at the option of the tendering shareholder, common shares of Open Text and warrants to purchase common shares of Open Text. The purpose of the Business Combination Agreement and the Tender Offer is for Open Text through Acquisition Subsidiary to acquire control of, and ultimately the entire equity interest in, Issuer.

The foregoing summary is qualified in its entirety by the reference to Exhibit 2, Business Combination Agreement between 2016091 Ontario, Inc., Open Text Corporation and IXOS Software AG, dated October 20, 2003, which is incorporated herein by reference.

Following completion of the Tender Offer, and in accordance with and to the extent permitted by German law, Open Text intends to acquire all Bearer Shares not tendered in the Tender Offer in order to achieve 100% ownership of Issuer. Following the Tender Offer, Open Text currently intends to operate the Issuer as a wholly-owned subsidiary of Open Text. Open Text has begun, and intends to continue, a review of Issuer and its assets, corporate structure, capitalization, operations, geographic locations, management and personnel to determine what changes would be desirable in order best to organize and integrate the activities of Issuer with Open Text and its affiliates. Open Text expressly reserves the right to make any changes that it deems necessary, appropriate or desirable in light of its review or in light of future developments.

Following the purchase of Bearer Shares in the Tender Offer and the anticipated acquisition of remaining Bearer Shares by Open Text following the Tender Offer, Issuer will no longer be publicly owned. Even if for some reason the subsequent acquisition of Bearer Shares does not take place, if Open Text purchases substantially all of the tendered Bearer Shares, they may be so few remaining stockholders and publicly held Bearer Shares that (i) the Bearer Shares may no longer be eligible to be quoted and traded on the German DAX or the Nasdaq Stock Market or any other securities market or exchange, (ii) there may not be any public trading market for the Bearer Shares, and (iii) Issuer may no longer be required to make filings with German regulatory authorities or the Securities and Exchange Commission (the "SEC") or otherwise cease being required to comply with the SEC rules relating to publicly held companies.

Item 5. INTEREST IN SECURITIES OF THE ISSUER

(a) (b) Pursuant to the terms of the Support Letter described in Item 6, Open Text possesses shared power to direct certain votes and to direct the disposition of 5,737,000 Bearer Shares held by the parties to that agreement, and Open Text thus may be deemed to beneficially own such Bearer Shares, which constitute approximately 26.7% of the issued and outstanding Bearer Shares. Open Text and Acquisition Subsidiary do not currently hold any outstanding Bearer Shares, nor to the best of their knowledge, is any executive officer or director of Open Text or Acquisition Subsidiary, the beneficial owner of any Bearer Shares, as such term is defined in Rule 13d-3 under the Exchange Act.

(c) Neither Open Text nor Acquisition Subsidiary, nor, to the knowledge of Open Text or Acquisition Subsidiary, any executive officer or director of Open Text or Acquisition Subsidiary, as the case may be, has engaged in any transaction in any Issuer Common Stock during the sixty-day period immediately preceding the date hereof.

(d) (e) Not applicable.

**Item 6. CONTRACTS, ARRANGEMENTS, UNDERSTANDINGS OR RELATIONSHIPS WITH RESPECT TO
SECURITIES OF THE ISSUER**

GAP LP, GAPCO II, KG and GapStar executed a support letter (the Support Letter), dated October 20, 2003, addressed to Open Text, pursuant to which each of GAP LP, GAPCO II, KG and GapStar agreed to (i) tender their Bearer Shares into the Tender Offer and not to withdraw such before the expiration of the Tender Offer period; (ii) avoid taking any action that would reduce the likelihood of success of the Tender Offer; and (iii) avoid encouraging or soliciting, in their capacity as shareholders of the Issuer, offers competing with Open Text's tender offer; and (iv) pay an aggregate amount of (euro) 600,000 if (A) a competing offer is launched prior to or on March 1, 2004, (B) is consummated resulting in a majority of the Issuer's share capital being acquired by a person other than Open Text, and (C) the price per Bearer Share paid by such competing bidder exceeds 20% the value of the Share and Warrant Consideration offered for each Bearer Share. In addition, each of GAP LP, GAPCO II, KG and GapStar agreed in the Support Letter (i) not to sell, assign, transfer or pledge (subject to certain exceptions) any of the shares or warrants of Open Text they may receive in the Tender Offer, and (ii) (A) to release the Issuer, affiliates, successors and assigns of claims they may have under the participation agreement, dated August 12, 2002, entered into by GAP LP, GAPCO II, KG, GapStar and the Issuer, and the registration rights agreement dated August 12, 2002, entered into by GAP LP, GAPCO II, KG, GapStar and the Issuer, and (B) to represent that they had not initiated any claims under these agreements and that, to the best of their actual knowledge, without investigation, there was no factual basis or circumstances that would support such claims. The Support Letter executed by GAP LP, GAPCO II, KG and GapStar was also signed by the Issuer.

The foregoing summary of the support letter executed by each of GAP LP, GAPCO II, KG and GapStar and the Issuer is qualified in its entirety by the reference to Exhibit 1, which is incorporated herein by reference.
