PROXY STATEMENT

GENERAL

This Proxy Statement and the accompanying proxy card are furnished in connection with the solicitation of proxies by the Board of Directors of Team, Inc., a Texas corporation (the Company), to vote the Common Stock of the Company at the 2004 Annual Meeting of Shareholders (the 2004 Annual Meeting), and at any adjournment thereof, to be held at the time and place and for the purposes set forth in the accompanying Notice. This Proxy Statement and enclosed form of Proxy are being mailed to shareholders beginning on August 25, 2004.

The Company will bear the costs of soliciting proxies in the accompanying form. In addition to the solicitation made hereby, proxies may also be solicited by telephone, telegram or personal interview by officers and employees of the Company. The Company will reimburse brokers or other persons holding stock in their names or in the names of their nominees for their reasonable expenses in forwarding proxy material to beneficial owners of stock.

All duly executed proxies received prior to the 2004 Annual Meeting will be voted in accordance with the choices specified thereon, unless revoked as described below. As to any matter for which no choice has been specified in a proxy, the shares represented thereby will be voted by the persons named in the proxy: FOR the election of the three nominees named herein for Class III Directors; FOR each of the proposals to approve the amendment or adoption of the identified stock option plans and the non-employee director annual Common Stock compensation arrangement; FOR the appointment of KPMG LLP as independent certified public accountants of the Company for the fiscal year ending May 31, 2005; and in the discretion of such person in connection with any other business that may properly come before the meeting. Shareholders may revoke their proxy at any time prior to the exercise thereof by written notice to Mr. Ted W. Owen of the Company at the above address of the Company, by the execution and delivery of a later dated proxy or by attendance at the meeting and voting their shares in person. Proxy cards that are not signed or that are not returned have no effect for any purpose.

VOTING SECURITIES

As of the close of business on August 13, 2004, the record date for determining shareholders entitled to vote at the 2004 Annual Meeting, the Company had 8,084,025 shares of common stock, \$0.30 par value per share (Common Stock), outstanding and entitled to vote. Each share of Common Stock is entitled to one vote with respect to each matter to be acted upon at the meeting. The holders of a majority of the total shares of Common Stock of the Company issued and outstanding as of August 13, 2004, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the meeting. Any abstentions, and any withholds in the election of directors, are counted for purposes of determining the presence or absence of a quorum while broker non-votes are not so counted. Additionally, abstentions and/or withholds are counted as shares represented at the meeting in tabulations of the votes cast on proposals presented to shareholders, whereas broker non-votes are not so counted.

PROPOSAL ONE ELECTION OF DIRECTORS
General

The Company's Restated Articles of Incorporation and Bylaws provide that the Company's Board of Directors will consist of not less than six nor more than nine persons, the exact number to be fixed from time-to-time by the Board of Directors. The Board of Directors has fixed the current number of Directors at seven, divided into three classes with staggered three-year terms.

The Board of Directors has nominated three persons for election as Class III Directors to serve a three-year term expiring on the date of the Annual Meeting of Shareholders of the Company to be held in 2007, and until their successors are duly elected and qualified. Messrs. Sidney B. Williams, E. Patrick Manuel and Emmett J. Lescroart have been nominated by the Board of Directors to stand for election as such Class III Directors.

Directors are elected by a plurality of votes cast at the Annual Meeting. Unless contrary instructions are set forth in the proxies, the persons with full power of attorney to act as proxies at the 2004 Annual Meeting will vote all shares represented by such proxies for the election of the nominees named therein as directors. Should any of the nominees become unable or unwilling to accept nomination or election, it is intended that the persons acting under the proxy will vote for the election, in the nominee's stead, of such other persons as the Board of Directors of the Company may recommend. The management has no reason to believe that any of the nominees will be unable or unwilling to stand for election or to serve if elected.

Meetings and Committees of the Board of Directors

Edgar Filing: TEAM INC - Form DEF 14A

The Board of Directors (Board) held six meetings during the fiscal year ended May 31, 2004. All directors attended 75% or more of the meetings during the year of the Board and the Committees on which they served.

The Board of Directors has an Executive Committee, an Audit Committee, a Compensation Committee, and a Corporate Governance and Nominating Committee. The Executive Committee is composed of Messrs. Hawk, Williams and Waters. The Executive Committee is responsible for assisting with the general management of the business and affairs of the Company as needed during intervals between meetings of the Board of Directors. The Executive Committee met one time during fiscal 2004.

The Audit Committee is composed of Messrs. Waters, Laborde, and Johnson. The Audit Committee is charged with the duties of recommending the appointment of the independent certified public accountants; reviewing their fees; reviewing their work, ensuring that proper guidelines are established for the dissemination of financial information to the Company's shareholders; meeting periodically with the independent certified public accountants, the Board of Directors and certain officers of the Company and its subsidiaries to ensure the adequacy of internal controls and reporting; reviewing consolidated financial statements; and performing any other duties or functions deemed appropriate by the Board. The Audit Committee met four times during fiscal 2004. The Board has determined that Louis A. Waters is an audit committee financial expert within the meaning of SEC regulations.

The Compensation Committee, composed of Messrs. Johnson, Manuel, Williams and Harrison, reviews management performance and makes recommendations to the Board of Directors concerning management compensation and other employment benefits. The Compensation Committee met four times during fiscal 2004.

The Corporate Governance and Nominating Committee, composed of Messrs. Williams and Waters, is charged with recommending Director nominees to the Board of Directors; evaluating the contribution and performance of members and committees of the Board; developing appropriate corporate governance principles for the Company; and ensuring the processes of the Board are sufficient and consistent with its oversight role of the Company. The committee met one time during fiscal 2004. Each committee member is independent, as that term is defined in Section 121 of the American Stock Exchange listing standards. In June 2004, the Board of Directors adopted a written charter for the committee. A copy of the committee's charter is posted on the Company's Internet Web Site at www.teamindustrialservices.com; click on Investor Relations and then on Governance.

The Corporate Governance and Nominating Committee will consider director nominees who have demonstrated a high level of personal and professional integrity and exceptional ability and judgment. The committee will examine whether a director nominee is likely to be effective, in conjunction with other nominees and the continuing directors, in serving the long-term interest of the Company's shareholders. The committee will also examine other qualifications of a director nominee, including experience in formulating policy in areas relevant to the Company's activities and skills and business experience to complement the other directors on the Board.

The Corporate Governance and Nominating Committee and Board of Directors will consider nominees for the Board of Directors that are recommended by any shareholder entitled to vote for the election of directors. A nominating shareholder must submit any recommendation in writing to the Corporate Governance and Nominating Committee, c/o the Company's Secretary, 200 Hermann Drive, Alvin, Texas 77511, by May 31 each year for consideration for the next annual meeting of shareholders. Such recommendations must be accompanied by a description of each nominee's qualifications, experience and background, as well as a statement signed by each such nominee consenting to being nominated and, if elected, to serving as director. The committee evaluates nominees recommended by shareholders in the same manner it does other nominees, as described above. Mr. Lescroart was recommended for nomination by the Chairman of the Board.

Audit Committee Report

The Audit Committee consists of the three members of the Company's Board of Directors identified above. Each committee member is independent, as that term is defined in Section 121 of the American Stock Exchange listing standards. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is furnished as Appendix A to this Proxy Statement.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended May 31, 2004 with management and has discussed with KPMG LLP, the independent auditors for the Company, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards).

The Audit Committee has also received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and has discussed the auditors' independence with KPMG.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended May 31, 2004.

Compensation Committee Report

Pursuant to rules adopted by the Securities and Exchange Commission, the Compensation Committee of the Board of Directors, which is composed entirely of non-employee directors, has furnished the following report on executive compensation:

The committee's major responsibilities include, but are not limited to, the following:

1. Reviewing the Company's major compensation and benefit practices, policies and programs with respect to executive officers;
2. Reviewing executive officers' salaries and bonuses; and
3. Administering Company stock option plans.

Following review and approval by the committee, all issues pertaining to the compensation of, and the grant of options to, the executive officers are submitted to the full Board of Directors for approval.

Compensation Philosophy

The committee's compensation philosophy operates on several levels. First, the committee must ensure that the compensation is competitive in order to attract and retain highly qualified executives. In order to facilitate the first objective, the committee considers various compensation surveys and information in proxy statements for companies in the industry of comparable size and complexity to the Company. Second, in order to motivate its executives, the committee links executive pay levels to the performance of the Company through the grant of options pursuant to

the Company's stock option programs. Third, the committee endeavors to reward outstanding individual contributions to the Company and to set compensation at levels that reflect each executive officer's individual contribution towards the Company's goals through its bonus and stock option programs. The committee endeavors to support the Company's commitment to generating increases in shareholder value. The compensation and related programs are designed to reward and motivate executives for the accomplishment of this commitment.

Compensation Program Components

To achieve its compensation goals, the compensation program consists of four components: base salary, bonuses, various employee benefits (including medical and life insurance and 401(k) plan benefits generally available to the employees of the Company) and the Company's stock option plans. The total program is structured to deliver a significant percentage of pay through at-risk pay programs which reward executives if the performance of the Company warrants increased pay. Achievements in maximizing shareholder value is a basic principle underlying the Company's pay programs.

Annually, the committee seeks to review the base salary of each executive officer to determine its fairness. During its annual consideration of the base salaries of the executive officers, the committee considers the level of responsibility, experience and performance of each executive officer. The committee also takes into account the competitive conditions of the marketplace, the Company's profitability and the cost of living index. When reviewing competitive conditions of the marketplace, the committee considers the Company's pay levels with those of companies of similar size and complexity. As the Company believes there is no survey data relating to the Company's service industries, the Company studies compensation surveys for companies of a similar size and complexity and various other data and information brought to its attention, including information in proxy statements of companies in the Company's service industry. Based on such information, the committee endeavors to ensure that the pay levels fall in the median range of the amounts paid by the comparable companies. In certain circumstances, bonuses may be awarded to those executive officers who have made outstanding individual contributions during the current fiscal year. Subsequent to the end of fiscal 2004, each officer of the Company received an increase in base salary and a bonus commensurate with levels of responsibility and individual performance.

Additionally, all executive officers are eligible to receive stock options and bonuses in the form of stock as may be recommended by the committee and authorized by the Board. By increasing senior management's equity position in the Company, the interests of the shareholders and the executives will be more closely aligned.

Performance Measures

When evaluating annual executive compensation, the committee considers the Company's earnings, adjusted for certain unusual or nonrecurring items, return on net investment and cash flows. These factors are compared to the Company's prior year's performance, its annual business plan and the performance of other companies which operate in the same industry segments as the Company. These performance measures assist the committee in ensuring that the interests of its shareholders, as well as its executives, are represented in a fair and equitable manner. No specific fixed weighting or formula is applied to such performance measures. Rather, the committee exercises its judgment in evaluating financial and non-financial factors and in determining appropriate compensation.

Other

The Omnibus Budget Reconciliation Act of 1993 (the Act) restricts the ability of a publicly-held corporation to deduct compensation in excess of \$1,000,000 paid to its Chief Executive Officer and the four most highly compensated officers. During fiscal 2004, the threshold was not met for any of the executive officers. However, the committee continually reviews all aspects of the Act in order to assess any future compliance issues.

This Compensation Committee Report was primarily prepared by management at the direction of the committee, and approved by the committee.

Shareholder Communications with the Board of Directors

The process for security holders to communicate with the Board of Directors is to send such communications in writing to Philip J. Hawk, Chairman of the Board, Team, Inc., 200 Hermann Drive, Alvin, Texas 77511.

The Company encourages all directors to attend all meetings of shareholders, but does not have a mandatory requirement of attendance. All directors were in attendance at the last annual shareholders meeting.

Certain Transactions

Director Sidney B. Williams is the sole shareholder of a professional corporation that is a partner in the law firm of Chamberlain, Hrdlicka, White, Williams and Martin of Houston, Texas, which rendered services to the Company during fiscal 2004. Fees to the law firm did not exceed five percent (5%) of that law firm's gross revenue for its last full fiscal year.

The Company and E. Patrick Manuel were parties to a Consulting Agreement dated April 9, 1999 that was effective until April 9, 2004, under which Mr. Manuel provided certain assistance and advice concerning the Company's NDT inspection service business as requested by the Company in consideration for consulting fees of \$120,000 per year and a vehicle allowance of \$5,400 per year. The Company also leases an office and shop building in Lafayette, Louisiana from Mr. Manuel for rental of \$54,000 per year, and a smaller office and shop building in Sulphur, Louisiana for rental of \$18,600 per year.

The Company and Emmett J. Lescroart are parties to a Consulting Agreement effective July 30, 2004 under which Mr. Lescroart will provide assistance to Company officers in operating the Company's heat treating business from time to time as requested by Company management for base fees of \$900 per day. Additionally, Mr. Lescroart is eligible for the grant of discretionary performance bonuses and stock options as determined by the Board of Directors. The Board of Directors has granted to Mr. Lescroart stock options to acquire 20,000 shares of Common Stock under the Team, Inc. 2004 Restricted Stock Option and Award Plan, subject to shareholder approval of the Plan at the 2004 Annual Meeting. The options were issued on August 11, 2004 and have an exercise price of \$15.40 per share, the closing price of the Company's Common Stock on the American Stock Exchange on the date of grant. The options become exercisable in 5,000 share installments on each of the first four anniversaries of the date of grant and remain exercisable until the tenth anniversary of the date of grant subject to earlier termination in certain events.

Compensation of Directors

All non-employee directors currently receive an annual fee of \$20,000 of which one-half (\$10,000) is paid in cash in four equal quarterly installments. The remaining \$10,000 is paid in the form of Common Stock. The stock payments are made July 1 of each year with the number of shares calculated by dividing \$10,000 by the closing price per share on the preceding business day. Under this policy, 618 shares were issued to each non-employee director on July 1, 2004.

In December 1991, the Company adopted the Non-Employee Directors Stock Option Plan (the Non-Employee Director Plan). The Non-Employee Director Plan authorizes options to purchase an aggregate of 610,000 shares of Common Stock for directors of the Company who are not employees of the Company (200,000 shares being subject to shareholder approval at the 2004 Annual Meeting). The purpose of the Non-Employee Director Plan is to attract and retain the services of experienced and knowledgeable independent individuals as directors, by extending to them the opportunity to acquire a proprietary interest in the Company to provide incentive to apply their best efforts for the benefit of the Company.

Pursuant to the Non-Employee Director Plan, each non-employee director receives an automatic grant of options upon such director's appointment, reappointment, election or reelection to the Board of Directors equal to the product obtained by multiplying five thousand (5,000) by the number of years, or any part of any year, that such director is appointed or elected to serve on the Board of Directors. The exercise price

Edgar Filing: TEAM INC - Form DEF 14A

of the options is equal to the fair market value of the Company's Common Stock on the date of grant, and the options expire ten years after the date of grant. Options to purchase 5,000 shares vest on the date of grant and each anniversary thereafter until all of the options granted are fully vested. During fiscal 2004, Messrs. Johnson and Laborde were each granted options to purchase 15,000 shares with an exercise price of \$8.10 per share, pursuant to his election to the Board of Directors at the 2003 Annual Meeting of Shareholders.

OPTION GRANTS IN FISCAL 2004

The following table sets forth additional information with respect to stock options granted in fiscal 2004 to the Named Executive Officers:

| Name | Number of Securities Underlying Options | Percentage of Total Options Granted to Employees in Fiscal 2004 | Exercise Price | Expiration Date | Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(1) | |
|-------------------|---|---|----------------|-----------------|---|------------|
| | | | | | 5% | 10% |
| Kenneth M. Tholan | 8,000 | 4.0% | \$ 8.25 | June 26, 2013 | \$ 41,507 | \$ 105,187 |
| Ted W. Owen | 4,000 | 2.0% | \$ 8.25 | June 26, 2013 | \$ 20,754 | \$ 52,594 |
| John P. Kearns | 4,000 | 2.0% | \$ 8.25 | June 26, 2013 | \$ 20,754 | \$ 52,594 |

- (1) Potential realizable value is based on the assumption that the Common Stock price appreciates at the annual rate shown (compounded annually) from the date of grant until the end of the option term. The stock prices at the end of the option term for the options granted in fiscal year 2004 are \$13.44 and \$21.40, assuming 5% and 10% appreciation rates, respectively, for options granted to all officers. The amounts of hypothetical appreciation reflect required calculations at rates set by the Securities and Exchange Commission and, therefore, are not intended to represent either historical appreciation or anticipated future appreciation in the price of Common Stock.

The following stock options were granted in June 2004 under the 1998 Incentive Stock Option Plan to the Named Executive Officers: Mr. Tholan, 15,000 shares with an exercise price of \$13.90; Mr. Owen, 12,000 shares with an exercise price of \$15.67; and Mr. Kearns, 8,000 shares with an exercise price of \$15.67. Since the options were granted subsequent to the end of fiscal 2004, they are not reflected in the option grants table above.

**OPTION EXERCISES IN FISCAL 2004 AND

| John P. Kearns | | | 61,250 | 7,750 | \$ 744,980 | \$ 73,300 |

- (1) The value of unexercised in-the-money options is the difference between (i) the closing price of the Company's Common Stock on the last trading day of fiscal 2004 (\$15.70) and (ii) the exercise price of the in-the-money options, multiplied by the number of underlying shares subject to the options.

COMPARISON OF TOTAL SHAREHOLDER RETURN

The following graph compares the Company's cumulative total shareholder return on its Common Stock for a five-year period (May 31, 1999 to May 31, 2004), with the cumulative total return of the American Stock Exchange Market Value Index (ASEMVI), and a peer group of companies selected by the Company. The Peer Group is described in more detail below. The graph assumes that the value of the investment in the Company's Common Stock and each index was \$100 on May 31, 1999 and that all dividends were reinvested.

* Assumes initial investment of \$100 and reinvestment of dividends. Total returns are based on market capitalization.

The peer group is composed of four companies which provide industrial and/or leak repair services. The returns of each company have been weighted according to their respective market capitalization for purposes of arriving at a peer group average. The members of the peer group are T-3 Energy Services, Inc., Xanser Corporation, Matrix Service Company and Versar, Inc.

The foregoing graph is based on historical data and is not necessarily indicative of future performance.

**PROPOSAL TWO APPROVAL OF AMENDMENT TO
THE TEAM, INC. 1998 INCENTIVE STOCK OPTION PLAN**

The Board of Directors of the Company adopted an amendment to the Company's 1998 Incentive Stock Option Plan (the "Plan") to increase the number of shares of Common Stock which are to be made available for distribution under the Plan to a total of 1,500,000 shares, an increase of 500,000 shares from the previously approved 1,000,000 shares. This increase will enable the Company to continue with the purpose of the Plan which is to attract and retain experienced and well-trained employees, to encourage the sense of proprietorship of such employees and to stimulate the active interests of such employees in the development and financial success of the Company. The Plan was originally adopted by the Board of Directors and approved by the Company's shareholders in 1998.

Section 422(b)(1) of the Internal Revenue Code of 1986, as amended (the "Code"), requires shareholder approval of this amendment in order to obtain favorable tax treatment of the options to the employee-optionee as incentive stock options. Also, American Stock Exchange listing requirements require shareholder approval. Therefore, the adoption of the proposed amendment was made contingent on shareholder approval. A summary of the material features of the Plan is set forth below.

Administration

The Compensation Committee of the Board of Directors administers the Plan. Committee members are elected by a majority vote of the Board for an indefinite term and may be removed only by a majority vote of the Board. All members of the committee shall qualify as "outside directors" within the meaning of Section 162(m) of the Code. The committee has the general authority to determine which key employees receive options under the Plan, the date of grant, the date on which the options become exercisable, the number of shares of Common Stock to be offered to each optionee, the duration of the options and other terms and conditions applicable to each option subject to the terms of the Plan. The Board of Directors reviews and approves all option grants.

Eligibility

Officers and other key employees of the Company or any of its (at least 50 percent owned) subsidiaries are eligible to receive options under the Plan; however, the committee determines the specific individuals who will be granted options.

The number of shares which may be purchased pursuant to each option is established by the committee and is set forth in the related stock option agreements. There is no established maximum or minimum limitation on the number of shares of Common Stock to be allocated to any particular group or subgroup of officers or other key employees pursuant to the Plan. No monetary consideration is paid by any person for the issuance of the options.

Shares Subject to Options

Under the terms of the Plan as amended to the date hereof, the maximum number of shares of Common Stock that may be offered under the Plan is 1,500,000 shares (500,000 shares being subject to shareholder approval at the 2004 Annual Meeting). Adjustments will be made under the

Edgar Filing: TEAM INC - Form DEF 14A

Plan in the number of shares of Common Stock which are issuable upon exercise of options and in the price per share thereof to protect the holders of options against dilution in the event of a stock split, recapitalization, combination of shares or like event resulting in a change in the number of shares outstanding.

Option Exercise Price

The exercise price for an option granted under the Plan is the fair market value of the Common Stock on the last trading day preceding the date of grant. Shares purchased pursuant to the options must be paid for in cash or

cashier's check, presented at the principal offices of the Company promptly after the date the optionee gives notice to the Company of his or her desire to exercise the option. The Committee may allow for payment of the exercise price in whole or in part in shares of Common Stock of the Company already owned by the participant. The Committee may impose reasonable conditions on the delivery of stock certificates to the optionee upon exercise of an option including the payment by the optionee of any withholding or other tax liability resulting from such exercise.

Duration of Options

The expiration date of each option is determined by the Committee, but in no event shall the exercise period of an option extend beyond a date which is ten years from the date of grant. No option may be granted under the Plan after January 28, 2008.

Exercise Period of Options

An option granted under the Plan is generally exercisable over a period commencing on the date of grant and ending upon the expiration or termination of the option. The Committee may in the respective option agreements postpone the vesting of the option and limit the number of shares exercisable during the option period. In the event of the death of an option holder before termination of the option holder's employment with the Company, such option will become fully exercisable and will remain exercisable for twelve (12) months following the date of death. If an optionee's employment is terminated for reasons other than death, his then outstanding vested options must be exercised prior to the earlier of the expiration date of such options or three months (six months for certain longer term employees) following termination of employment in order for the options to qualify as incentive stock options under the Code. If exercised later than three months after termination, other than in cases of death or disability, the option will no longer qualify as an incentive stock option under the Code.

Transferability

Options granted under the Plan are transferable only by will or under the laws of descent and distribution.

Termination and Amendments

The Plan terminates on January 28, 2008, unless terminated earlier by appropriate action of the Board of Directors. Termination of the Plan will not alter or impair any of the rights or obligations of any option which has been granted under the Plan prior to the effective date of termination without the express consent of the optionee.

The Board of Directors has the power to amend the Plan to cause the options granted thereunder to conform to applicable law or in any other respect as the Board determines to be in the best interests of the Company. However, any such amendment may not, without the approval of the Company's shareholders, increase the aggregate number of shares of Common Stock subject to the Plan (except for increases due to certain adjustments). In addition, any such amendment may not, without the approval of the Company's shareholders, change the class of employees eligible to receive options or awards under the Plan in order to continue to comply with Sections 162(m), 422 and 423 of the Code. Any amendment or termination of the Plan may not alter or impair any of the rights or obligations which may have been granted to or been incurred by any optionee under the Plan prior to amendment or termination, unless such action is expressly consented to by the optionee whose rights are affected.

Certain Federal Income Tax Consequences

The following is a brief summary of the principal federal income tax consequences under current federal income tax laws relating to options granted under the Plan. This summary does not describe state, local or foreign income tax consequences or federal employment tax consequences.

The options granted under the Plan will qualify as incentive stock options (ISOs). An employee receiving an ISO will not be in receipt of taxable income upon the grant of the ISO or upon its timely exercise. Exercise of an ISO will be timely if made during its term and if the optionee remains an employee of the Company or its subsidiaries at all times during the period beginning on the date of the grant of the ISO and ending on the date three months before the date of exercise (or one year before the date of exercise in the case of a disabled optionee). Exercise of an ISO will also be timely if made at any time (provided it is exercisable by its terms) by the legal representative of an optionee who dies (i) while in the employ of the Company or its subsidiaries or (ii) within three months after termination of employment. The Plan, however, limits the right of the legal representative of any optionee to exercise an option to the one-year period following the death of such optionee, provided such optionee has died prior to termination of employment.

Upon ultimate sale of the stock received upon exercise of an ISO, except as noted below, the optionee will recognize capital gain or loss (if the stock is a capital asset of the optionee) equal to the excess of the amount realized upon such sale over the option exercise price. The Company, under these circumstances, will not be entitled to any federal income tax deduction in connection with either the grant or exercise of the ISO or the sale of such stock by the optionee.

The amount by which the fair market value of the stock on the exercise date of an ISO exceeds the option exercise price will constitute an item of tax preference to the employee-optionee for purposes of the alternative minimum tax set forth in the Code.

If the stock acquired pursuant to the exercise of an ISO is disposed of by the optionee prior to the expiration of two years from the date of grant of the option or one year from the date that such stock is transferred to the optionee (a disqualifying disposition), gain realized by the optionee generally will be taxable at the time of such disqualifying disposition as follows: If the amount realized on such disqualifying disposition is less than or equal to the fair market value of the stock on the exercise date, the optionee would recognize ordinary compensation income equal to the excess of such amount realized over the exercise price. If the amount realized on such disqualifying disposition is greater than the fair market value of the stock on the exercise date, the optionee would recognize ordinary compensation income equal to the excess of the fair market value of the stock on the exercise date and capital gain equal to the excess of such amount realized over the fair market value of the stock on the exercise date. In such case, the Company may deduct for federal income tax purposes the amount taxable to the optionee as ordinary compensation income.

Vote Required for Approval

The affirmative vote of the holders of at least a majority of the outstanding shares represented and voted at the 2004 Annual Meeting is required for approval of the proposed amendment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE ABOVE AMENDMENT TO THE 1998 INCENTIVE STOCK OPTION PLAN.

PROPOSAL THREE APPROVAL OF THE TEAM, INC. RESTATED

NON-EMPLOYEE DIRECTORS STOCK OPTION PLAN

The Company has determined that it is in the best interest of the Company and its shareholders to strengthen the ability of the Company to attract and retain the services of experienced and knowledgeable independent individuals as members of the Board of Directors of the Company by providing them the opportunity to acquire a proprietary interest in the Company so that they will have more incentive to apply their best efforts for the benefit of the Company. In furtherance of such purpose, the Company adopted the Team, Inc. Non-Employee Directors Stock Option Plan in 1991. Under this plan, Non-Employee Directors receive Options for their services as members of the Board in addition to any other compensation which such Non-Employee Directors may be entitled to receive.

Shareholder approval of the Plan is required under certain new listing requirements of the American Stock Exchange.

Administration

The Ineligible Directors administer the Plan and have such powers and authority as may be necessary for them to carry out their functions as described in the Plan. Ineligible Directors means all members of the Board who are employees or officers of the Company or any of its Affiliates. The Ineligible Directors shall have the authority and discretion to interpret the Plan and to make other determinations necessary for Plan administration, provided that the Ineligible Directors shall not have the discretion or authority to disregard or change any of the terms and conditions under which options are granted to Non-Employee Directors or may be exercised under the Plan. Such determinations are made strictly in accordance with a non-discretionary written formula in the Plan.

Eligibility

Only directors who are not employees of the Company or any of its affiliates are eligible to receive options under this Plan.

Option Grants and Vesting

The Company automatically grants options under the Plan to each Non-Employee Director who is appointed, elected, reappointed or reelected to the Board, on the date of such Non-Employee Director's appointment, reappointment, election or reelection to the Board, for the number of shares of Common Stock equal to the product obtained by multiplying five thousand (5,000) by a number of years, or any part of any year, that such Non-Employee Director is appointed or elected to serve on the Board. As Company directors are elected for three year terms, options for 5,000 shares vest immediately on the date of grant and the options for each additional 5,000 share installment vest each anniversary thereafter until all of the options have vested.

In the event any option terminates or expires or is surrendered without having been exercised in full, the shares not purchased thereunder shall again be available for options to be granted under the Plan. In the event that the number of shares issuable pursuant to the Plan at the time of any grant hereunder is less than the number of shares to be issued pursuant to such grant, the Non-Employee Directors to whom grants are to be made shall receive grants of options for the aggregate number of shares of Common Stock remaining authorized under the Plan, prorated as

Edgar Filing: TEAM INC - Form DEF 14A

among such Non-Employee Directors for the number of shares to which they are entitled in such grant hereunder. On any date or dates thereafter that options become available for issuance under the Plan, whether by cancellation or expiration of previously issued options or by an amendment to increase the number of shares authorized for issuance hereunder, any Non-Employee Directors who previously were not issued options to which they were entitled shall automatically be granted the number of options to which they were previously entitled. In the event that the number of options available for grant pursuant to the preceding sentence shall not

be sufficient to satisfy all required grants, Non-Employee Directors shall be granted options in order of the dates on which such grants should have been made, with the earliest dates receiving grants first, and prorated as among Non-Employee Directors, if necessary, as stated above.

Any Non-Employee Director who is granted an option hereunder shall have the right to decline the award thereof by giving written notice within forty-eight (48) hours of receipt of actual notice of such award. Upon due and timely delivery of any such notice as specified above, (x) the relevant option shall be void and shall be deemed not to have been granted for any purpose and (y) the award shall be deemed to have been declined immediately for all purposes.

Shares Subject to Options

The current number of shares of Common Stock covered under this Plan is 610,000 shares (200,000 shares being subject to shareholder approval at the 2004 Annual Meeting). Adjustments will be made under the Plan in the number of shares of Common Stock which are issuable upon exercise of options and in the price per share thereof to protect the holders of options against dilution in the event of a stock split, recapitalization, combination of shares or like event resulting in a change in the number of shares outstanding.

Option Exercise Price

The Plan provides that the option exercise price is the average of the opening and closing prices on the American Stock Exchange on the last trading day preceding the date of grant. The purchase price for shares purchased pursuant to the options is generally payable in cash or cashier's check, presented at the principal offices of the Company promptly after the date the optionee gives notice to the Company of his or her desire to exercise the option. The Committee may accept payment of the option price in whole or in part in shares of Common Stock of the Company already owned by the participant or by surrendering existing options with equity value. The Committee may impose reasonable conditions on the delivery of stock certificates to the optionee upon exercise of an option including the payment by the optionee of any withholding or other tax liability resulting from such exercise.

Duration of Options

Options may be exercisable during the time from the date such option is vested until ten years from the date of grant.

Exercise Period of Options

Except as described below, an option is exercisable by the optionee only while the individual continues the director relationship with the Company. In the event of the death of a holder of an option granted under the Plan before the date of expiration of the option and before termination of his director's position, such option will be terminated on the earlier of the date of expiration or the first anniversary of the date of death. If an optionee's director position terminates for reasons other than death, his vested options shall be exercisable for a period ending on the earlier of the expiration date of such options or the second anniversary of termination of his directorship. However, if exercised later than three months after termination, other than in cases of death or disability, the option will no longer qualify as an incentive stock option under the tax law.

Transferability

Options granted under the Plan are transferable only by will or under the laws of descent and distribution.

Termination and Amendments

The Plan will terminate when terminated by appropriate action of the Board of Directors. Termination of the Plan will not alter or impair any of the rights or obligations of any option which has been granted under the Plan prior to the effective date of termination without the express consent of the optionee.

The Board of Directors has the power to amend the Plan to cause the options granted thereunder to conform to applicable law or in any other respect as the Board determines to be in the best interests of the Company. Any amendment or termination of the Plan may not alter or impair any of the rights or obligations which may have been granted to or been incurred by any optionee under the Plan prior to amendment or termination, unless such action is expressly consented to by the optionee whose rights are affected.

Certain Federal Income Tax Consequences

The following is a brief summary of the principal federal income tax consequences under current federal income tax laws relating to options granted under the Plan. This summary does not describe state, local or foreign income tax consequences or federal employment tax consequences.

The grant of options under the Plan will not result in federal income tax consequences to either the Company or the optionees. At the time the options are exercised, the optionee will recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the stock on the date of exercise over the option exercise price. Any such income is subject to ordinary income tax rates. Further, the Company is required to pay employment taxes and deduct appropriate amounts from the optionee's compensation to pay withholding taxes to the Internal Revenue Service incident to such recognition of ordinary income. The Company will withhold such taxes from the optionee's compensation upon the exercise of an option and the optionee will be obligated under his stock option agreement to pay an appropriate amount to the Company, if necessary, to cover appropriate employment and withholding taxes. The Company ordinarily will be entitled to a business expense deduction at the same time in an amount equal to the amount of income realized by the optionee.

Vote Required for Approval

The affirmative vote of the holders of at least a majority of the outstanding shares represented and voted at the 2004 Annual Meeting is required for the approval of the Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE ABOVE PLAN.

PROPOSAL FOUR APPROVAL OF THE TEAM, INC.

2004 RESTRICTED STOCK OPTION AND AWARD PLAN

The Board of Directors has determined that it is in the best interest of the Company and its shareholders to have a special plan to enable certain selected employees, officers, directors, consultants and advisors to further develop a proprietary interest in the Company through ownership of options and awards to acquire Common Stock in order to provide more incentive in their work for the Company. Accordingly, on June 24, 2004, the Board of Directors of the Company adopted the Team, Inc. 2004 Restricted Stock Option and Award Plan (the 2004 Plan). The aggregate number of shares which may be issued under the 2004 Plan is 100,000.

Shareholder approval of the 2004 Plan is required pursuant to the listing requirements of the American Stock Exchange. Therefore, the adoption of the Plan was made expressly contingent on shareholder approval.

Administration

The Compensation Committee of the Board of Directors acts as manager for and otherwise administers the 2004 Plan. Committee members are elected by a majority vote of the Board for an indefinite term and may be removed only by a majority vote of the Board. The committee has the general authority and responsibility to recommend to the Board the persons to whom options and awards may be granted, the date of grant, the date on which options become exercisable, the exercise price, the number of shares of Common Stock to be offered to each optionee, the duration the options, the vesting and forfeiture provisions of awards and other terms and conditions applicable to each option and award subject to the terms of the 2004 Plan. The Board will authorize and approve the issuance of the options and awards.

Eligibility

Employees, officers, directors consultants and advisors of the Company or any of its (at least 50 percent owned) subsidiaries are eligible to receive options and awards under the 2004 Plan; however, the committee and Board determine the specific individuals who will be granted options. As described earlier herein, the Board issued options under the 2004 Plan for 20,000 shares to Mr. Emmett J. Lescroart, a consultant and nominee for director of the Company.

The number of shares which may be acquired pursuant to an option is established by the committee and Board and set forth in the related stock option or stock award agreement. There is no established maximum or minimum limitation on the number of shares of Common Stock to be allocated to any particular group or subgroup of persons. No monetary consideration is paid by any person for the issuance of the options or awards.

Shares Subject to Options and Awards

The aggregate number of shares of Common Stock authorized for options and awards under the 2004 Plan is 100,000 shares. Adjustments will be made in the number of shares and in the price per share to protect the holders of options and awards against dilution in the event of a stock split, recapitalization, combination of shares or like event resulting in a change in the number of shares outstanding.

Option Exercise Price

The exercise price for the option shares is determined by the Committee and Board. The exercise price will generally be the current market price at the time of issuance, but such is not required. Shares purchased pursuant to the options must be paid for in cash or cashier's check, presented at the principal offices of the Company promptly after the date the optionee gives notice to the Company of his or her desire to exercise the option. The committee may accept payment of the option price in whole or in part in shares of Common Stock of the Company already owned by the participant. The committee may impose reasonable conditions on the delivery of stock certificates to the optionee upon exercise of an option including the payment by the optionee of any withholding or other tax liability resulting from such exercise.

Duration and Exercise of Options and Awards

Options shall be exercisable under the terms and during the period of time specified in each option agreement as determined by the Committee and Board. The vesting and forfeiture provisions, if any, under an award, shall likewise be determined by the committee and Board. No option or award may be granted under the Plan after June 23, 2014.

Transferability

Options and unvested awards granted under the 2004 Plan are transferable only by will or under the laws of descent and distribution.

Termination and Amendments

The 2004 Plan will terminate on June 23, 2014, unless terminated earlier by appropriate action of the Board of Directors. Termination of the 2004 Plan will not alter or impair any of the rights or obligations of any option or award which has been granted prior to the effective date of termination without the express consent of the optionee.

The Board of Directors has the power to amend the 2004 Plan to cause the options and awards granted thereunder to conform to applicable law or in any other respect as the Board determines to be in the best interests of the Company. Any amendment or termination of the 2004 Plan may not alter or impair any of the rights or obligations which may have been granted to or been incurred by any option or award holder under the 2004 Plan prior to amendment or termination, unless such action is expressly consented to by the person whose rights are affected.

Certain Federal Income Tax Consequences

The following is a brief summary of the principal federal income tax consequences under current federal income tax laws relating to options and awards granted under the 2004 Plan. This summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign income tax consequences or federal employment tax consequences.

The grant of options under the 2004 Plan will not result in federal income tax consequences to either the Company or the optionees. At the time the options are exercised, the optionee will recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the stock on the date of exercise over the option exercise price. Any such income is subject to ordinary income tax rates. Further, the Company is required to pay employment taxes and deduct appropriate amounts from the optionee's compensation to pay withholding taxes to the Internal Revenue Service incident to such recognition of ordinary income. The Company will withhold such taxes from the optionee's compensation upon the exercise of an option and the optionee will be obligated under his stock option agreement to pay an appropriate amount to the Company, if necessary, to cover appropriate employment and withholding taxes. The Company ordinarily will be entitled to a business expense deduction at the same time in an amount equal to the amount of income realized by the optionee.

Edgar Filing: TEAM INC - Form DEF 14A

The grant of a stock award will result in taxable compensation income to the awardee in the year during which the stock becomes vested to the awardee. The amount of income recognized is the fair market value of the stock at the time of vesting. Stock becomes vested when the holding thereof is no longer subject to a substantial risk of forfeiture.

An awardee may elect under Section 83(b) of the Internal Revenue Code to include in income in the year of receiving an award (rather than the year it becomes vested) the fair market value of the stock at the time of receiving the award. In such event, there are no tax consequences when the stock vests.

The Company is entitled to a compensation expense deduction at the same time and in the same amount as compensation income is included in the income of an awardee.

Vote Required for Approval

The affirmative vote of the holders of at least a majority of the outstanding shares represented and voted at the 2004 Annual Meeting is required for the approval of the 2004 Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE 2004 PLAN.

**PROPOSAL FIVE APPROVAL OF EXISTING POLICY OF ISSUING
\$10,000 OF COMMON STOCK EACH YEAR TO EACH NON-EMPLOYEE
DIRECTOR FOR DIRECTOR FEES**

Effective July 1, 1997, the Company adopted an arrangement and policy under which each incumbent non-employee director receives an annual fee for his services of \$20,000, of which \$10,000 is payable in cash on a quarterly basis and \$10,000 is payable by issuing Common Stock of that value on July 1st of each year. The per share value is based on the closing price on the American Stock Exchange on the last preceding trading day before July 1. The number of shares to be issued to each director is determined by dividing \$10,000 by such closing price.

Pursuant to the Board of Directors resolution authorizing this policy, the issuance occurs automatically each year, and such policy will continue until amended or terminated by the Board.

Shareholder approval of this policy is required under certain new listing requirements of the American Stock Exchange.

The value of the Common Stock received by the non-employee directors is ordinary taxable income for each recipient.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE ABOVE NON-EMPLOYEE DIRECTORS COMPENSATION POLICY.

**PROPOSAL SIX APPROVAL OF APPOINTMENT OF INDEPENDENT PUBLIC
ACCOUNTANTS**

Edgar Filing: TEAM INC - Form DEF 14A

The Company's Audit Committee and Board of Directors has approved and recommends the appointment of KPMG LLP as independent certified public accountants to audit the Company's accounts for the fiscal year ending May 31, 2005. Approval of the appointment will require the affirmative vote of a majority of the shares represented and voted at the meeting.

A representative of KPMG LLP will attend the 2004 Annual Meeting with the opportunity to make a statement if such representative desires to do so and to respond to appropriate questions presented at the meeting.

The following table sets forth the fees billed by KPMG LLP in each of the past two fiscal years:

| | Fiscal 2004 | Fiscal 2003 |
|--------------------|------------------------|--------------------|
| Audit Fees | \$ 156,500 | \$ 120,000 |
| Audit-Related Fees | \$ 94,159 | \$ 23,000 |
| Tax Fees | \$ 113,080 | \$ 84,265 |
| All Other Fees | \$ | \$ 3,105 |

Audit-related fees consist of fees associated with the audit of the Company's 401(k) Plan. Tax fees consist of fees associated with the preparation of the Company's Federal and state income tax returns for the subject years. The tax fees include \$3,263 related to an arrangement where the fees were determined based on the findings of the engagement as permitted by AICPA rules.

The Audit Committee meets annually to pre-approve audit and tax fees for the ensuing year. More than 90% of fees paid to KPMG pertaining to fiscal 2004 were pre-approved by the audit committee.

OTHER BUSINESS

Management does not intend to bring any business before the meeting other than the matters referred to in the accompanying notice and at this date has not been informed of any matters that may be presented at the meeting by others. If, however, any other matters properly come before the meeting, it is intended that the persons named in the accompanying proxy will vote, pursuant to the proxy, in accordance with their best judgment on such matters.

SHAREHOLDER PROPOSALS

Any proposal by a shareholder to be presented at the Company's Annual Meeting of Shareholders in 2005 must be received by the Company no later than May 10, 2005 in order to be eligible for inclusion in the Company's Proxy Statement and form of proxy used in connection with such meeting.

All members of the Committee shall qualify as both non-employee directors, as defined in Rule 16b-3(b)(3) promulgated under the Act and outside directors within the meaning of Section 162(m) of the Code. The Committee shall have full and final authority in its discretion, subject to the provisions of the Plan, to determine the key employees to whom and the time or times at which Options shall be granted and the number of shares of Common Stock covered by each Option; to construe and interpret the Plan; to determine and interpret the terms and provisions of the respective option agreements, which need not be identical as between Optionees, including, but without limitation, terms covering the payment of the Option price; and to make all other determinations and take all other actions deemed necessary or advisable for the proper administration of the Plan. 5. *Participants.* Options may be granted under the Plan to any person who is a key employee of the Company or Affiliate selected by the Committee for participation in this Plan.

6. *Option Agreements.* Any Option granted under this Plan shall be evidenced by an agreement (*Option Agreement*), which shall be approved as to form and substance by the Committee. Each such Option Agreement shall be executed by an officer of the Company and the applicable Optionee. All Options and Option Agreements granted under the provisions of this Plan shall be subject to the following limitations and conditions:

(a) *Option Price.* The Option price per share with respect to each Option shall be the Exercise Price.

(b) *Period of Option.* The expiration date of each Option shall be fixed by the Committee at the Date of Grant, subject to subsequent extension from time to time by the Committee, but in no event shall the expiration date be fixed on or extended to a date which is later than ten years from the Date of Grant.

(c) *Holding Period.* No Common Stock issued pursuant to exercise of an Option granted pursuant to this Plan may, unless the Committee determines otherwise, be sold, transferred, assigned or otherwise disposed of within six months following the Date of Grant of the Option. However, for purposes of a qualifying disposition under Section 422 of the Code, such Common Stock should not be disposed of within two years following such Date of Grant or one year following the issuance of such Common Stock.

(d) *Shareholder Rights.* Neither an Optionee nor his Successor shall have any of the rights of a shareholder of the Company by reason of holding an Option, and such shareholder rights will not exist until the certificates evidencing the shares of Common Stock purchased under the Option are properly delivered to such Optionee or his Successor.

(e) *Exercise of Option.* Each Option shall be exercisable from time to time over a period commencing on the Date of Grant and ending upon the expiration or termination of the Option; provided, however, the Committee may, by the provisions of any Option Agreement, postpone in whole or in part the vesting or exercisability of the Option and limit the number of shares purchasable thereunder in any period or periods

of time during which the Option is exercisable. Payment of the Exercise Price for shares of Stock purchased under this Plan shall be made in full and in cash or by certified or cashier's check made payable to the Company or a combination thereof. However, the Committee in its discretion may allow payment for shares of Stock purchased under any Option or limited part thereof to be made in whole or in part in Common Stock which has been owned by the Optionee for any period prescribed by the Committee prior to the exercise. In the event that Common Stock is utilized in consideration for the purchase upon the exercise of an Option, then such Common Stock shall be valued at the Fair Market Value on the date of exercise. Exercise of an Option shall not be effective until the Company has received written notice of exercise. Such notice must specify the number of whole shares to be purchased and be accompanied by payment in full of the aggregate Exercise Price for the number of shares purchased. The Company shall not in any case be required to sell, issue, or deliver a fractional share with respect to any Option.

(f) *Nontransferability of Option.* No Option shall be transferable or assignable by an Optionee, otherwise than by will or the laws of descent and distribution. Each Option shall be exercisable, during the Optionee's lifetime, only by such Optionee. No Option shall be pledged or hypothecated in any way and no Option shall be subject to execution, attachment, or similar process.

(g) *Termination of Employment.* Except as provided in subparagraph (h) below, upon an Optionee's Termination of Employment his Option privileges shall be limited to the shares which were immediately purchasable by him at the date of such termination, and such Option privileges shall be exercisable by such Optionee for three months after the date of such termination, at which time such Option shall expire. The Committee may, by the terms of the Option Agreement, provide for a longer period of six months instead of the three months provided in the preceding sentence for longer term employees. The granting of an Option to an eligible person does not alter in any way the Company's existing rights to terminate such person's employment at any time for any reason, nor does it confer upon such person any rights or privileges except as specifically provided for in the Plan.

(h) *Death of Optionee.* If an Optionee dies while in the employ of the Company, such Optionee's Option to purchase the total number of the shares covered by the applicable Option Agreement shall thereupon become fully exercisable and shall remain exercisable by the Optionee's Successor until the close of the business day on or immediately preceding the first annual anniversary date of the Optionee's death, at which time such Option shall expire.

(i) *Additional Limitations for Incentive Stock Options.* Options to be granted under the Plan are intended to qualify as incentive stock options as defined in Section 422 of the Code. No Options shall be granted to any Participant who is not eligible to receive incentive stock options as provided in Section 422 of the Code. No Options shall be granted to any Participant if, immediately before the grant of an Option, such Participant owns more than 10% of the total combined voting power of all classes of stock of the Company or its Affiliates (as determined in accordance with the stock attribution rules contained in Section 424(d) of the Code). Provided, the preceding sentence shall not apply if at the time the Option is granted, the Option Price is increased to an amount equal to 110 percent of the Fair Market Value and such Option by its terms is not exercisable after the expiration of five years from the date such Option is granted. The aggregate Fair Market Value (determined as of the time the Option is granted) of the Stock with respect to which Options are exercisable for the first time by any Participant during any calendar year (under all incentive stock option plans qualified under Section 422 of the Code sponsored by the Company or any Affiliate) shall not exceed \$100,000.00.

7. Adjustments.

(a) In the event that the outstanding shares of Common Stock of the Company are hereafter increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Company or of another corporation, by reason of a recapitalization, reclassification, stock split-up, combination of shares, or dividend or other distribution payable in capital stock, appropriate adjustment shall be made by the Committee in the number and kind of shares for the purchase of which Options may be granted under the Plan. In addition, the Committee shall make appropriate adjustment in the number and

kind of shares as to which outstanding Options, or portions thereof then unexercised, shall be exercisable, to the end that the proportionate interest of the holder of the Option shall, to the extent practicable, be maintained as before the occurrence of such event. Such adjustment in outstanding Options shall be made without change in the total price applicable to the unexercised portion of the Option but with a corresponding adjustment in the Option price per share.

(b) In the event that the Board shall adopt resolutions recommending the dissolution or liquidation of the Company, any Option granted under the Plan shall terminate as of a date to be fixed by the Committee, provided that not less than thirty (30) days' written notice of the date so fixed shall be given to each Optionee and each such Optionee shall have the right during such period to exercise his Option as to all or any part of the shares covered thereby, including shares as to which such Option would not otherwise be exercisable by reason of an insufficient lapse of time.

(c) In the event of a Reorganization (as hereinafter defined) in which the Company is not the surviving or acquiring company, or in which the Company is or becomes a wholly owned subsidiary of another company after the effective date of the Reorganization, then

(i) If there is no plan or agreement respecting the Reorganization (Reorganization Agreement) or if the Reorganization Agreement does not specifically provide for the change, conversion or exchange of the shares under outstanding and unexercised stock options for securities of another corporation, then the Committee shall take such action, and the Options shall terminate, as provided in subparagraph (b) of this Paragraph 7; or

(ii) If there is a Reorganization Agreement and if the Reorganization Agreement specifically provides for the change, conversion, or exchange of the shares under outstanding and unexercised stock options for securities of another corporation, then the Committee shall adjust the shares under such outstanding and unexercised stock options (and shall adjust the shares remaining under the Plan which are then available to be optioned under the Plan, if the Reorganization Agreement makes specific provision therefor) in a manner not inconsistent with the provisions of the Reorganization Agreement for the adjustment, change, conversion, or exchange of such stock and such Options.

(d) The term Reorganization as used in subparagraph (c) of this Paragraph 7 shall mean any statutory merger, statutory consolidation, sale of all or substantially all of the assets of the Company, or sale, pursuant to an agreement with the Company, of securities of the Company pursuant to which the Company is or becomes a wholly owned subsidiary of another company after the effective date of the Reorganization. The provisions of Paragraph 7(c) above shall comply with Section 424(a) of the Code except to the extent the Committee determines otherwise.

(e) Adjustments and determinations under this Paragraph 7 shall be made by the Committee, whose decisions shall be final, binding, and conclusive.

8. *Restrictions on Issuing Shares.* The exercise of each Option shall be subject to the condition that if at any time the Company shall determine in its discretion that the satisfaction of withholding tax or other withholding liabilities, or that the listing, registration, or qualification of any shares otherwise deliverable upon such exercise upon any securities exchange or under any state or federal law, or that the consent or approval of any regulatory body, is necessary or desirable as a condition of, or in connection with, such exercise or the delivery or purchase of shares pursuant thereto, then in any such event, such exercise shall not be effective unless such withholding, listing, registration, qualification, consent, or approval shall have been effected or obtained free of any conditions not acceptable to the Company. Without limiting the foregoing, the Company will not be obligated to sell any Shares hereunder unless the Shares are at the time effectively registered or exempt from registration under the Securities Act of 1933, as amended, and applicable state securities laws. The Optionee shall make such investment representations to the Company and shall consent to the imposition of such legends on the stock certificates as are necessary, in the opinion of the Company's counsel, to secure to the Company an appropriate exemption from applicable securities laws.

9. *Use of Proceeds.* The proceeds received by the Company from the sale of Common Stock pursuant to the exercise of Options granted under the Plan shall be added to the Company's general funds and used for general corporate purposes.

10. *Amendment, Suspension, and Termination of Plan.*

(a) The Board shall have complete discretionary authority and power to amend, suspend or terminate the Plan at any time, subject to the following provisions:

(b) An amendment increasing the number of shares of Common Stock provided in Paragraph 4 above, may not be made without shareholder approval.

(c) The Board may not, without the relevant Optionee's written consent, modify the terms and conditions of an Option previously granted under the Plan.

(d) No amendment, suspension or termination of the Plan shall, without the relevant Optionee's written consent, alter, terminate or impair any right or obligation under any Option previously granted under the Plan.

(e) Unless previously terminated, the Plan shall terminate with respect to the issuance of any new Options, and no more Options may be granted after January 28, 2008. The Plan shall continue in effect with respect to Options granted before termination of the Plan until such Options have been settled, terminated, or forfeited.

3. *Administration of Plan.*

The Ineligible Directors shall have the authority and discretion to interpret the Plan and to make all other determinations necessary for Plan administration and to prescribe, amend and rescind any rules and regulations relating to the Plan, provided that the Ineligible Directors shall not have the discretion or authority to disregard or change any of the terms and conditions under which Options are granted to Non-Employee Directors or may be exercised under the Plan. Edgar Filing: TEAM INC - Form DEF 14A

In the event any Option shall, for any reason, terminate or expire or be surrendered without having been exercised in full, the shares subject to such Option, but not purchased thereunder shall again be available for Options to be granted under the Plan. In the event that the number of shares issuable pursuant to the Plan at the time of any grant hereunder is less than the number of shares to be issued pursuant to such grant, the Non-Employee Directors to whom the grant is to be made shall receive grants of Options for the aggregate number of shares of Common Stock remaining authorized under the Plan, prorated as among such Non-Employee Directors for the number of shares to which they are entitled in such grant hereunder. On any date or dates thereafter that Options become available for issuance under the Plan, whether by cancellation or expiration of previously issued Options or by an amendment to increase the number of shares authorized for issuance hereunder, any Non-Employee Directors who previously were not issued Options to which they were entitled pursuant hereto shall automatically be granted the number of Options to which they were

previously entitled. In the event that the number of Options available for grant pursuant to the preceding sentence shall not be sufficient to satisfy all required grants, Non-Employee Directors shall be granted Options in order of the dates on which such grants should have been made, with the earliest dates receiving grants first, and prorated as among Non-Employee Directors, if necessary, as stated above.

Any Non-Employee Director who is granted an Option hereunder shall have the right to decline the award thereof by giving written notice within forty-eight (48) hours of receipt of actual notice of such award. Upon due and timely delivery of any such notice as specified above, (x) the relevant Option shall be void and shall not have been deemed to have been granted for purposes of Section 16 of the Act and (y) the award shall be deemed to have been declined immediately for purposes of interpretations of the Securities and Exchange Commission under Section 16 of the Act.

(c) *Vesting.* All of the Options granted pursuant to subparagraphs (i) and (ii) of Paragraph 3(b) above shall vest immediately upon the Date of Grant. With respect to the Options granted pursuant to subparagraph (iii) of Paragraph 3(b), five thousand (5,000) shall vest immediately on the Date of Grant and five thousand (5,000) shall vest each anniversary thereafter until all of the Options granted thereunder have thus vested.

4. *Common Stock Subject to Options.* The aggregate number of shares of the Company's Common Stock which may be issued upon exercise of Options granted under the Plan shall not exceed 610,000, subject to adjustment under the provisions of Paragraph 7. The shares of Common Stock to be issued upon the exercise of Options may be authorized but unissued shares, shares issued and reacquired by the Company or shares bought on the market for the purposes of the Plan. In the event any Option shall, for any reason, terminate or expire or be surrendered without having been exercised in full, the shares subject to such Option but not purchased thereunder shall again be available for Options to be granted under the Plan.

5. *Participants.* Options may be granted under the Plan to any person who is a Non-Employee Director (as that term is defined above) of the Board.

6. *Option Agreements.* Any Option granted under this Plan shall be evidenced by an agreement (*Option Agreement*), which shall be approved as to form and substance by the Ineligible Directors. Each such Option Agreement shall be executed by an officer of the Company and the applicable Optionee. All Options and Option Agreements granted under the provisions of this Plan shall be subject to the following limitations and conditions:

(a) *Option Price.* The Option price per share with respect to each Option shall be the Exercise Price.

(b) *Exercise Period of Option.* Options may be exercised at any time during the period beginning on the date of vesting of the particular options to be exercised and ending ten (10) years after the Date of Grant, subject to earlier termination under paragraphs 6(g) and (h) below.

(c) *Holding Period.* No Common Stock issued pursuant to exercise of an Option granted pursuant to this Plan may be sold, transferred, assigned or otherwise disposed of within six (6) months following the Date of Grant.

(d) *Vesting of Shareholder Rights.* Neither an Optionee nor his Successor shall have any of the rights of a shareholder of the Company by reason of holding an Option, and such shareholder rights will not vest until the certificates evidencing the shares purchased are properly delivered to such Optionee or his Successor.

(e) *Exercise of Option.* Each Option or portion thereof shall be exercisable from time to time over a period commencing on the date of vesting in accordance with this Plan and ending upon the expiration or termination of the exercise period of the Option. The Exercise Price of an Option shall be payable upon the exercise of the Option in cash, by certified or cashier's check, or, with the consent of the Ineligible Directors, by assigning and delivering to the Company shares of Common Stock owned by the Non-Employee Director that have been held by the Non-Employee Director for at least six (6) months prior to the date of exercise or, with the consent of the Ineligible Directors, a combination of cash and such shares. Any

shares so assigned and delivered to the Company in payment or partial payment of the Exercise Price shall be valued at the Fair Market Value on the date of exercise. Exercise of an Option shall not be effective until the Company has received written notice of exercise. Such notice must specify the number of whole shares to be purchased and be accompanied by payment in full of the aggregate Exercise Price for the number of shares purchased. The Company shall not in any case be required to sell, issue, or deliver a fractional share with respect to any Option.

(f) *Nontransferability of Option.* No Option shall be transferable or assignable by an Optionee otherwise than by will or the laws of descent and distribution or pursuant to a qualified domestic relations order as defined in the Code or Title I of ERISA, or the rules thereunder. Each Option shall be exercisable, during the Optionee's lifetime, only by such Optionee. No Option shall be pledged or hypothecated in any way and no Option shall be subject to execution, attachment, or similar process except with the express consent of the Ineligible Directors.

(g) *Termination of Directorship.* Upon an Optionee's Termination of Directorship, such Optionee's Option privileges shall be limited to the shares which were immediately purchasable by such Optionee at the date of such Termination of Directorship, and such Option privileges shall expire unless exercised by such Optionee on or before the second annual anniversary date of the date of such Termination of Directorship. The granting of an Option to an eligible person does not alter in any way the rights of the Company, the Board or shareholders to remove such person as a director or officer at any time or for any reason allowable under the law or the Company's Articles of Incorporation or Bylaws, nor does it confer upon such person any rights or privileges except as specifically provided for in the Plan.

(h) *Death of Optionee.* If an Optionee dies while such Optionee is a member of the Board, such Optionee's Option to purchase the total number of shares covered by the applicable Option Agreement shall thereupon become fully exercisable and shall remain exercisable by the Optionee's Successor until the close of business on the first annual anniversary date of the Optionee's death, at which time they shall expire.

7. *Adjustments.*

(a) In the event that the outstanding shares of Common Stock of the Company are hereafter increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Company or of another corporation, by reason of a recapitalization, reclassification, stock split-up, combination of shares, or dividend or other distribution payable in capital stock, appropriate adjustment shall be made by the Ineligible Directors in the number and kind of shares for the purchase of which Options may be granted under the Plan. In addition, the Ineligible Directors shall make appropriate adjustment in the number and kind of shares as to which outstanding Options, or portions thereof then unexercised, shall be exercisable, to the end that the proportionate interest of the holder of the Option shall, to the extent practicable, be maintained as before the occurrence of such event. Such adjustment in outstanding Options shall be made without change in the total price applicable to the unexercised portion of the Option but with a corresponding adjustment in the Option price per share.

(b) In the event that the Board shall adopt resolutions recommending the dissolution or liquidation of the Company, any Option granted under the Plan shall terminate as of a date to be fixed by the Ineligible Directors, provided that not less than thirty (30) days' written notice of the date so fixed shall be given to each Optionee and each such Optionee shall have the right during such period to exercise his Option as to all or any part of the shares covered thereby, including shares as to which such Option would not otherwise be exercisable by reason of an insufficient lapse of time.

(c) In the event of a Reorganization (as hereinafter defined) in which the Company is not the surviving or acquiring company, or in which the Company is or becomes a wholly owned Subsidiary of another company after the effective date of the Reorganization, then

Edgar Filing: TEAM INC - Form DEF 14A

(i) If there is no plan or agreement respecting the Reorganization (Reorganization Agreement) or if the Reorganization Agreement does not specifically provide for the change, conversion or

exchange of the shares under outstanding and unexercised stock options for securities of another corporation, then the Ineligible Directors shall take such action, and the Options shall terminate, as provided in subparagraph (b) of this Paragraph 7; or

(ii) If there is a Reorganization Agreement and if the Reorganization Agreement specifically provides for the change, conversion, or exchange of the shares under outstanding and unexercised stock options for securities of another corporation, then the Ineligible Directors shall adjust the shares under such outstanding and unexercised stock options (and shall adjust the shares remaining under the Plan which are then available to be optioned under the Plan, if the Reorganization Agreement makes specific provision therefor) in a manner not inconsistent with the provisions of the Reorganization Agreement for the adjustment, change, conversion, or exchange of such stock and such Options.

(d) The term *Reorganization* as used in subparagraph (c) of this Paragraph 7 shall mean any statutory merger, statutory consolidation, sale of all or substantially all of the assets of the Company, or sale, pursuant to an agreement with the Company, of securities of the Company pursuant to which the Company is or becomes a wholly owned subsidiary of another company after the effective date of the Reorganization.

(e) Adjustments and determinations under this Paragraph 7 shall be made by the Ineligible Directors, whose decisions shall be final, binding, and conclusive.

8. *Restrictions on Issuing Shares.* The exercise of each Option shall be subject to the condition that if at any time the Company shall determine in its discretion that the satisfaction of withholding tax or other withholding liabilities, or that the listing, registration, or qualification of any shares otherwise deliverable upon such exercise upon any securities exchange or under any state or federal law, or that the consent or approval of any regulatory body, is necessary or desirable as a condition of, or in connection with, such exercise or the delivery or purchase of shares pursuant thereto, then in any such event, such exercise shall not be effective unless such withholding, listing, registration, qualification, consent, or approval shall have been effected or obtained free of any conditions not acceptable to the Company. Without limiting the foregoing, the Company will not be obligated to sell any Shares hereunder unless the Shares are at the time effectively registered or exempt from registration under the Securities Act of 1933, as amended, and applicable state securities laws. The Optionee shall make such investment representations to the Company and shall consent to the imposition of such legends on the stock certificates as are necessary, in the opinion of the Company's counsel, to secure to the Company an appropriate exemption from applicable securities laws.

9. *Use of Proceeds.* The proceeds received by the Company from the sale of Common Stock pursuant to the exercise of Options granted under the Plan shall be added to the Company's general funds and used for general corporate purposes.

10. *Amendment, Suspension, and Termination of Plan.*

(a) The Board shall have the power to amend, suspend or terminate the Plan at any time subject to the other paragraphs of this paragraph 10, and provided that the provisions of paragraphs 3(b) and 3(c) of this Plan shall not be amended more than once every six months, other than to comport with changes in the Code, ERISA or the rules thereunder.

(b) The Board may not, without the relevant Optionee's written consent, modify the terms and conditions of an Option previously granted under the Plan.

Edgar Filing: TEAM INC - Form DEF 14A

(c) No amendment, suspension or termination of the Plan shall, without the Optionee's written consent, alter, terminate or impair any right or obligation under any Option previously granted under the Plan.

The Committee shall report all action taken by it to the Board. Except as provided below,

members of the Committee shall not be eligible to receive Options or stock options, stock appreciation rights, awards or an allocation of stock under any plan of the Company or its Affiliates while they are serving as members of the Committee. Committee members who are non-employee directors may participate in a separate stock option plan and stock award plan provided that such plan is limited to non-employee directors and there is no discretion as to which directors can participate in the plan or the amount of options or awards that can be acquired by or allocated to them. (d) *Exercise of Option.* Each Option shall be exercisable at the times set forth in each Option Agreement. Payment of the Option Price for shares of stock purchased by exercise of an Option under this Plan shall be made in cash or by certified or cashier's check made payable to the Company or a combination thereof. However, the Committee in its discretion may allow payment of the Option Price to be made in whole or in part in Common Stock owned by the Optionee or due to the Optionee upon exercise of the Option. In the event that Common Stock is utilized in payment of the Option Price, then such Common Stock shall be valued at the closing price reported in the principal public trading market for the Common Stock on the date of exercise. Exercise of an Option shall not be effective until the Company has received

written notice of exercise. Such notice must specify the number of whole shares to be purchased and be accompanied by payment in full of the aggregate Option Price for the number of shares purchased. 7. *Award Agreements.* Any Award granted under this Plan shall be evidenced by an agreement (Award Agreement) which shall be approved in form and substance by the Committee and the Board. Each Award Agreement shall be executed by an officer of the Company and the applicable Awardee. Awards shall be granted in accordance with the following:

(c) *Non-Transferability.* An Award and any interest therein, shall not be transferable or assignable prior to full, unqualified ownership of the Common Stock granted under the Award vesting in the Awardee, and/or the expiration of any period of forfeiture, except by will or the laws of descent and distribution or pursuant to a qualified domestic relations order as defined in the Code or Title I of ERISA or the rules thereunder.

(d) *Shareholder Rights.* An Awardee shall not be a shareholder of any Common Stock under an Award or have any rights as a shareholder until certificates representing such stock are properly issued to such Awardee.

(e) *Termination of Relationship with Company.* The granting of an award shall not alter in any way the Company's existing rights to alter or terminate the Company's relationship with the Awardee except as may be specifically set forth in the Award Agreement.

8. *Adjustments.*

Edgar Filing: TEAM INC - Form DEF 14A

(a) In the event that the outstanding shares of Common Stock of the Company are hereafter increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Company or of another corporation, by reason of a recapitalization, reclassification, stock split-up, combination of shares, or dividend or other distribution payable in capital stock, appropriate adjustment shall be made by the Committee in the number and kind of shares for the purchase of which Options may be granted under the Plan, and for Award shares not vested or still subject to forfeiture under an Award (Conditional Award). In addition, the Committee shall make appropriate adjustment in the number and kind of shares as to which outstanding Conditional Awards shall vest and Options, or portions thereof then unexercised, shall be exercisable, to the end that the proportionate interest of the holder of the Option or Award shall, to the extent practicable, be maintained as before the occurrence of such event. Such

adjustment in outstanding Options shall be made without change in the total price applicable to the unexercised portion of the Option but with a corresponding adjustment in the Option Price per share.

(b) In the event that the Board shall adopt resolutions recommending the dissolution or liquidation of the Company, any Option granted under the Plan shall terminate as of a date to be fixed by the Committee, provided that not less than thirty (30) days written notice of the date so fixed shall be given to each Optionee and each such Optionee shall have the right during such period to exercise his Option as to all or any part of the shares covered thereby, including shares as to which such Option would not otherwise be exercisable by reason of an insufficient lapse of time. The Award Agreements shall provide for the effects on a Conditional Award of such an event.

(c) In the event of a Reorganization (as hereinafter defined) in which the Company is not the surviving or acquiring company, or in which the Company is or becomes a wholly owned subsidiary of another company after the effective date of the Reorganization, then

(i) If there is no plan or agreement respecting the Reorganization (Reorganization Agreement) or if the Reorganization Agreement does not specifically provide for the change, conversion or exchange of the shares under outstanding Conditional Awards and unexercised Options for securities of another corporation, then the Committee shall take such action, and the Options shall terminate, as provided in subparagraph (b) of this Paragraph 8; or

(ii) If there is a Reorganization Agreement and if the Reorganization Agreement specifically provides for the change, conversion, or exchange of the shares under outstanding and unexercised Options or Conditional Awards for securities of another corporation, then the Committee shall adjust the shares under such outstanding and unexercised Options or Conditional Awards (and shall adjust the shares remaining under the Plan which are then available to be optioned or awarded under the Plan, if the Reorganization Agreement makes specific provision therefor) in a manner not inconsistent with the provisions of the Reorganization Agreement for the adjustment, change, conversion, or exchange of such stock and such Options and Conditional Awards.

(d) The term Reorganization as used in subparagraph (c) of this Paragraph 8 shall mean any statutory merger, statutory consolidation, sale of all or substantially all of the assets of the Company, or sale, pursuant to an agreement with the Company, of securities of the Company pursuant to which the Company is or becomes a wholly owned subsidiary of another company after the effective date of the Reorganization.

(e) Adjustments and determinations under this Paragraph 8 shall be made by the Committee, subject to approval by the Board.

9. Restrictions on Issuing Shares. The exercise of each Option and granting of Awards shall be subject to the condition that if at any time the Company shall determine in its discretion that the satisfaction of withholding tax or other withholding liabilities, or that the listing, registration, or qualification of any shares otherwise deliverable upon such exercise upon any securities exchange or under any state or federal law, or that the consent or approval of any regulatory body, is necessary or desirable as a condition of, or in connection with, such exercise or the delivery or purchase of shares pursuant thereto, then in any such event, an Option exercise and Award grant shall not be effective unless such withholding, listing, registration, qualification, consent, or approval shall have been effected or obtained free of any conditions not acceptable to the Company. Without limiting the foregoing, the Company will not be obligated to sell any Shares under an Option or grant an Award unless the Shares are at that time effectively registered or exempt from registration under the Securities Act of 1933, as amended, and applicable state securities laws. The Optionee and Awardee shall make such investment representations to the Company and shall consent to the imposition of such legends on the stock certificates as are necessary, in the opinion of the Company's counsel, to secure to the Company an appropriate exemption from registration under applicable securities laws if such an exemption is necessary.
