PROXY STATEMENT

GENERAL INFORMATION

This proxy statement is furnished in connection with the solicitation by the Board of Directors of SPACEHAB, Incorporated, (the Company or SPACEHAB) a Washington corporation, of proxies to be voted at the 2004 Annual Meeting of Shareholders on December 1, 2004 (the Annual Meeting). This proxy statement, the accompanying proxy card, and Annual Report on Form 10-K to Shareholders are first being mailed to shareholders on or about October 27, 2004.

Voting Securities

The Board of Directors has fixed the close of business on September 23, 2004 as the record date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. As of the record date, there were 12,686,770 shares of SPACEHAB's Common Stock, no par value per share, outstanding and 1,333,334 shares of SPACEHAB's Series B Senior Convertible Preferred Stock, no par value per share, outstanding. Holders of Common Stock and Series B Senior Convertible Preferred Stock are entitled to notice of the Annual Meeting and to one vote per share of Common Stock or Series B Senior Convertible Preferred Stock owned as of the record date at the Annual Meeting. Holders of the Company's Common Stock and Series B Senior Convertible Preferred Stock generally vote together as a single class, except that the holders of Series B Senior Convertible Preferred Stock, voting separately as a class, are entitled to elect one director and the holders of the Company's Common Stock are entitled to elect the remaining directors of the Company.

Proxies

Dr. Shelley A. Harrison and Mr. Michael E. Kearney, the persons named as proxies on the proxy card accompanying this proxy statement, were selected by the Board of Directors to serve in such capacity. Dr. Harrison is Chairman of the Board of Directors and Mr. Kearney is a member of the Board of Directors, Chief Executive Officer, President and Chief Operating Officer. Each shareholder giving a proxy has the power to revoke it at any time before the shares represented by that proxy are voted. Revocation of a proxy is effective when the Secretary of the Company receives either (i) an instrument revoking the proxy or (ii) a duly executed proxy bearing a later date. Additionally, a shareholder may change or revoke a previously executed proxy by voting in person at the Annual Meeting.

Voting of Proxies

Because many SPACEHAB shareholders are unable to attend the Annual Meeting, the Board of Directors solicits proxies to give each shareholder an opportunity to vote on all matters scheduled to come before the meeting and set forth in this proxy statement. Shareholders are

Edgar Filing: SPACEHAB INC \WA\ - Form DEF 14A

urged to read carefully the material in this proxy statement, specify their choice on each matter by marking the appropriate boxes on the enclosed proxy card, and sign, date, and return the card in the enclosed stamped envelope.

If no choice is specified and the card is properly signed and returned, the shares will be voted by the persons named as proxies in accordance with the recommendations of the Board of Directors contained in this proxy statement.

Quorum; Method of Tabulation

The holders of at least one-third of all issued and outstanding shares of Common Stock and Series B Senior Convertible Preferred Stock entitled to vote at the Annual Meeting, whether represented in person or by proxy, will constitute a quorum at that meeting. At the Annual Meeting, the election of the nine directors to be elected by the holders of Common Stock requires the vote of a plurality of the shares of Common Stock represented at the meeting. The election of the director to be elected by Series B Senior Convertible Preferred Stockholders requires the vote of a plurality of the Series B Senior Convertible Preferred shares represented at the meeting. No shareholder shall be allowed to cumulate his votes.

At the Annual Meeting, the vote of the majority of the outstanding shares of Common Stock and Series B Senior Convertible Preferred Stock present (in person or by proxy) and entitled to vote at the meeting voting together is

required to ratify the appointment of Grant Thornton LLP as the independent auditors of the Company's financial statements for the fiscal year ending June 30, 2005.

One or more inspectors of election appointed for the meeting will tabulate the votes cast in person or by proxy at the Annual Meeting and will determine whether or not a quorum is present. The inspectors of election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the shareholders for a vote. If a broker indicates on a proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

James R. Thompson

The Board of Directors has further determined that more than one of the members of the Audit Committee, including its Chairman Richard S. Bodman, is an audit committee financial expert as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC.

Director Nomination Process

SPACEHAB's director nominees are approved by the Board after considering the recommendation of the Corporate Governance and Nominating Committee. A copy of the Corporate Governance and Nominating Committee's charter is available in the Investor Info section of our website at www.spacehab.com.

A Board of ten directors will be elected at the annual meeting, comprised of up to (i) nine directors, which directors are elected by the holders of the outstanding shares of Common Stock pursuant to our Articles of Incorporation, and (ii) one director elected by the holders of the outstanding shares of Series B Senior Convertible Preferred Stock. Our Articles of Incorporation provide that, with respect to any vacancies or newly created

Edgar Filing: SPACEHAB INC \WA\ - Form DEF 14A

directorships, other than the director to be elected by the holders of the outstanding shares of Series B Senior Convertible Preferred Stock, the Board will nominate such individuals as may be specified by a majority vote of the then sitting directors.

Regarding nominations for directors, other than the Series B Senior Convertible Preferred Stock director, the Corporate Governance and Nominating Committee identifies nominees in various ways. The committee considers the current directors that have expressed interest in, and that continue to satisfy, the criteria for serving on the Board as established by the committee. Other nominees may be proposed by current directors, members of management, or by shareholders. From time to time, the committee may engage a professional firm to identify and evaluate potential director nominees. The Series B Senior Convertible Preferred Stock director nominee set forth in this proxy statement was selected by the holder of the Series B Senior Convertible Preferred Stock.

Seven of the director nominees, including the Series B Senior Convertible Preferred Stock director, set forth in this proxy statement and the accompanying proxy card are current directors standing for re-election. Three director nominees have been recommended by a shareholder.

For purposes of the 2005 annual shareholder meeting, the committee will consider any nominations received by the Secretary from a shareholder of record on or before June 28, 2005 (the 120th calendar day before the one-year anniversary date of the release of these proxy materials to shareholders). Any such nomination must be accompanied in writing by all information relating to such person that is required under the federal securities laws, including such person's written consent to be named in the proxy statement as a nominee and to serving as a director, if elected, and to a background check. The nominating shareholder must also submit its name and address, as well as that of the beneficial owner if applicable, and the class and number of shares of SPACEHAB Common Stock that are owned beneficially and of record by such shareholder and such beneficial owner. Finally, the nominating shareholder must discuss the nominee's qualifications to serve as a director.

PROPOSAL 1 ELECTION OF DIRECTORS

A Board of ten directors will be elected at the Annual Meeting, nine by the holders of Common Stock and one by the holder of the Series B Senior Convertible Preferred Stock. All directors shall hold office until the next Annual Meeting of shareholders and until their successors are duly elected and qualified. The Company's articles of incorporation authorize the Board of Directors from time to time to determine the number of its members. Vacancies in unexpired terms and any additional director positions created by board action may be filled by action of the existing Board of Directors at that time, and any director who is appointed in this fashion will serve until the next Annual Meeting of shareholders and until a successor is duly elected and qualified.

On September 13, 2004, Mr. John J. Gorman and two companies that Mr. Gorman controls, Westech Capital Corp. (Westech) and Tejas Securities Group, Inc. (Tejas), each being shareholders of the Company, filed a Schedule 13D under the Securities Exchange Act of 1934 which, among other things, indicated their intent to nominate Mr. Roscoe Michael Moore, III, Mr. Thomas Boone Pickens, III, and Mr. Barry A. Williamson as director candidates at the Company's 2004 Annual Meeting of Shareholders. In addition, in accordance with the Company's by-laws, on September 14, 2004, Westech, Tejas, and Mr. Gorman delivered a notification to the Company's Secretary of their intention to so nominate Messrs. Moore, Pickens, and Williamson. On September 30, 2004, Dr. Harrison, Mr. Kearney, and the Company's counsel met with Mr. Gorman and his representatives to discuss Mr. Gorman's proposal. On October 19, 2004, the Board of Directors reviewed Mr. Gorman's proposal and interviewed Messrs. Moore, Pickens, and Williamson. As a result of these meetings, and after conducting such other inquiries and procedures as the Board viewed appropriate in accordance with the Company's director nomination process, the Board resolved to endorse Mr. Gorman's proposal and include Messrs. Moore, Pickens, and Williamson as director nominees in the Company's proxy statement for the 2004 Annual Meeting of Shareholders. In order to accommodate the election of Messrs. Moore, Pickens, and Williamson, the Board of Directors authorized an increase in the number of directorships from seven to ten, effective as of the date of the 2004 Annual Meeting of Shareholders.

The nominees for whom the enclosed proxy is intended to be voted are set forth below. It is contemplated that all nominees will be available for election, but if one or more is not, the proxy will be voted in accordance with the best judgment of the proxy holder for such person or persons as may be designated by the Board of Directors unless the shareholder has directed otherwise.

PROPOSAL 2 APPOINTMENT OF INDEPENDENT AUDITORS

General

The Audit Committee has appointed the firm of Grant Thornton LLP as independent auditors for fiscal year 2005. The Board of Directors recommends that the shareholders ratify that appointment. Ratification requires the affirmative vote of a majority of the combined shares of Common Stock and Series B Convertible Preferred Stock, voting together as a single class, represented at the Annual Meeting in person or by proxy and entitled to vote on the matter. The persons named in the accompanying proxy card intend to vote for ratification of such appointment unless instructed otherwise on the proxy card.

Although there is no requirement that the Company submit the appointment of independent auditors to shareholders for ratification or that the appointed auditors be terminated if the ratification fails, the Audit Committee will consider the appointment of other independent auditors if the shareholders choose not to ratify the appointment of Grant Thornton LLP. The Audit Committee may terminate the appointment of Grant Thornton LLP as the Company's independent auditors without the approval of the shareholders whenever the Audit Committee deems such termination appropriate.

Ernst & Young LLP has audited the Company's financial statements annually since the Company's fiscal year 2000 through fiscal year 2003. In April 2004, the Audit Committee discharged Ernst & Young LLP and appointed Grant Thornton LLP as independent accountants for the Company. Ernst & Young LLP's report on our consolidated financial statements for our fiscal year ending June 30, 2003 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

The Audit Committee based its decision to appoint the firm of Grant Thornton LLP after evaluating proposals from several qualified independent accounting firms, including two of the Big Four firms as well as other firms with a national presence. The Audit Committee's selection of Grant Thornton LLP was based on quality and depth of professional staff, industry familiarity, and value of services as well as the firm's reputation for integrity and competence in the fields of accounting and auditing.

In making its recommendation to ratify the appointment of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending June 30, 2005, the Audit Committee has considered whether the provision of non-audit services by Grant Thornton LLP is compatible with maintaining the independence of Grant Thornton LLP.

Prior to the engagement of Grant Thornton LLP, the Company had not consulted with Grant Thornton LLP during its two most recent fiscal years and through the date of this report in any matter regarding: (a) either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report nor oral advice were provided that Grant Thornton LLP concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing, or financial reporting issue, or (b) any other matter or reportable event (as that term is described in Item 304 (a)(2)(i) and (ii) of Regulation S-K).

Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting and will have the opportunity to make such statements as they may desire. They are also expected to be available to respond to appropriate questions from the shareholders present.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP AS INDEPENDENT AUDITORS OF THE COMPANY FOR THE FISCAL YEAR ENDING JUNE 30, 2005.

COMMITTEE REPORTS TO THE BOARD OF DIRECTORS

Compensation Committee Report on Executive Compensation

General Compensation Philosophy. The Compensation Committee of the Board of Directors, which is comprised solely of independent directors as defined by the NASD, administers our executive compensation program. The Compensation Committee's primary responsibility is to administer this program in furtherance of our interests and those of our shareholders.

Our executive compensation philosophy has four primary objectives:

Edgar Filing: SPACEHAB INC \WA\ - Form DEF 14A

- (1) to attract, retain, and motivate highly-qualified executives;
- (2) to provide incentives to achieve corporate objectives, thereby contributing to the overall goal of enhancing shareholder value;
- (3) to balance the flexibility to reward individual s skills with the need to structure compensation for defined roles; and
- (4) to align the interests of executives and shareholders through equity-based plans and performance measures.

Our goal is to provide our executives with a total compensation package that at expected levels of performance is competitive to compensation for executives who hold comparable positions or have similar qualifications in other similarly situated organizations. Base salaries, annual cash bonus incentives, and long-term stock incentives are reviewed annually to ensure consistency with our total compensation philosophy. Long-term stock incentive grants are made to executives and key employees following a rigorous performance review process in amounts designed to reflect an appropriate balance between cash and equity compensation.

The Compensation Committee primarily compares our executive compensation program to data from benchmark companies within the aerospace and similar high-technology industries or similar lines of business, or are otherwise considered peers, as well as general industry companies of comparable size. The Compensation Committee also consults with outside consultants experienced in executive compensation and utilizes survey data that track compensation trends for peer and general industry companies against which we benchmark our pay levels.

During fiscal year 2004, our executive compensation program consisted of three main components:

- (1) base salary;
- (2) potential for an annual cash bonus based on overall company performance, achievement of Board-approved strategic goals and objectives, and individual performance; and
- (3) potential for stock-based incentives, which are intended to encourage superior performance and to align executive officer and shareholder interests.

The second and third elements constitute the performance based portion of the compensation program.

The Compensation Committee's policies with respect to each component of the program, including the basis for the compensation of the CEO, are described below. The Compensation Committee consults with the CEO in reviewing the individual performance and compensation of key executives (other than the CEO). The Compensation Committee reviews the CEO's performance and compensation at least annually and, for fiscal year 2004, such compensation was approved by the non-management directors.

Base Salaries. The Compensation Committee reviews at least annually the base salaries of key executive officers and determines whether salaries should be adjusted. Any adjustments are made based upon the executive's position relative to competitive market medians as measured by periodic compensation surveys, as well as individual performance as measured against pre-established individual objectives. Base salaries are targeted at slightly below competitive median levels when compared to an industry group that includes peer group companies and general industry companies similar in size to SPACEHAB. The base salaries of certain executive officers are subject to minimums set forth in individual employment agreements as described above under Employment Agreements.

In September 2003, the Compensation Committee reviewed Mr. Kearney's base salary of \$315,000 and, at his request, determined not to increase his salary for 2004. His current salary was determined to be competitively positioned below the comparable benchmark companies' average CEO compensation.

Annual Cash Incentive Bonuses. Annual cash bonuses are designed to provide incentives based on individual contribution to the achievement of the Company's annual business goals. The Compensation Committee makes a determination as to incentive bonus payments at the end of each year based on an objective and subjective evaluation of the contributions of individual executive officers to the achievement of the Company's annual business goals. The amount of individual incentive bonus payments is determined by percentage ranges established annually by the Compensation Committee and derived from management recommendations. Bonus payments have generally been reflective of the Company's performance in achieving revenues, profitability, and other operating and corporate objectives, as well as the scope of an executive officer's responsibilities.

Based on these factors, including significant achievements relative to the Board-approved strategic goals and objectives, the Compensation Committee determined in August 2003 to pay bonuses based upon performance in meeting fiscal year 2003 objectives. Mr. Kearney was awarded a bonus in the amount of \$12,600 based on SPACEHAB's fiscal year 2003 performance relative to the Board-approved strategic goals and objectives and Mr. Kearney's leadership in achieving such performance.

Long-Term Stock Incentives. The long-term stock incentive component of our executive compensation program is designed to align executive and shareholder interests by rewarding executives for the attainment of stock price appreciation and total shareholder return. The Company awards long-term stock incentives pursuant to the 1994 Stock Incentive Plan.

Historically, the Compensation Committee administered our long-term stock incentive program through annual grants of stock options to executive officers and key employees. For 2004, the Compensation Committee continued its practice of granting conventional stock options to a limited number of executives and key employees based on a rigorous performance review process in amounts designed to reflect an appropriate balance between cash and equity compensation. These options were granted on August 7, 2003 with an exercise price equal to the market price for our Common Stock on that date and vest in one-quarter increments over the next four years. Mr. Kearney was awarded options for 40,000 shares of Common Stock.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for certain compensation over \$1.0 million paid to the company's CEO and four other most highly compensated executive officers, as reported in this proxy statement. Excluded from the limitation is compensation that is performance based. For compensation to be performance based, it must meet certain criteria, including being based on predetermined objective standards. The Company believes that the stock options granted in fiscal year 2004 and prior years satisfied the requirements of federal tax law and thus

compensation recognized in connection with such awards should be fully deductible. It is the Company's intention to maximize the deductibility of compensation paid to its officers, to the extent consistent with the best interests of the Company. During fiscal year 2004, the Company did not exceed the \$1.0 million deductibility cap with respect to any officer covered by Section 162(m).

Conclusion. The Compensation Committee believes that the executive compensation philosophy that it has adopted effectively serves SPACEHAB's interests and those of its shareholders. It is the Compensation Committee's intention that the compensation delivered to executive officers be commensurate with Company performance.

The individuals who served as members of the Compensation Committee during deliberations concerning executive compensation for fiscal year 2004 were James R. Thompson, Dr. Edward E. David, Jr., and Melvin D. Booth. Mr. Booth did not stand for re-election to the Board of Directors at the annual meeting of shareholders on November 14, 2003. Mr. Richard M. Fairbanks was elected to the Committee on February 17, 2004. No member of the Compensation Committee was an officer or employee of SPACEHAB or any of its subsidiaries during fiscal year 2004.

Audit Committee Report

Our Board of Directors has established an Audit Committee of independent directors, which operates under a written charter adopted by the Board of Directors. The charter, which was amended and restated in May 2004, is attached as Appendix A to this proxy statement. Our management is responsible for establishing a system of internal controls and for preparing our consolidated financial statements in accordance with generally accepted accounting principles. Our independent accountants, Grant Thornton LLP, are responsible for auditing our consolidated financial statements in accordance with generally accepted auditing standards and issuing their report based on that audit. Under the Audit Committee's charter, the primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities as to (i) the integrity of our financial statements, (ii) our compliance with legal and regulatory requirements, (iii) the independent auditors' qualifications and independence, and (iv) the performance of the independent auditors. The Audit Committee is also directly responsible for selecting and evaluating the independent auditors; reviewing, with the independent auditors, the plans and scope of the audit engagement; and reviewing with the independent auditors their objectivity and independence.

The members of the Audit Committee are not professional accountants or auditors and, in performing their oversight role, rely without independent verification on the information and representations provided to them by management and Grant Thornton. Accordingly, the Audit Committee's oversight does not provide an independent basis to certify that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with accounting principles generally accepted in the United States or that Grant Thornton is in fact independent.

In connection with the preparation of the audited financial statements included in our Annual Report on Form 10-K for the year ended June 30, 2004:

The Audit Committee reviewed and discussed the audited financial statements with the independent auditors and management.

The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. In general, these auditing standards require the auditors to communicate to the Audit Committee certain matters that are incidental to the audit, such as any initiation of, or changes to, significant accounting policies, management judgments, accounting estimates and audit adjustments; disagreements with management; and the auditors' judgment about the quality of our accounting principles.

The Audit Committee received from the independent auditors written disclosures regarding their independence required by Independence Standards Board Standard No. 1 and discussed with the auditors their independence. In general, Independence Standards Board Standard No. 1 requires the auditors to disclose to the Audit Committee any relationship between the auditors and its related entities and SPACEHAB that in the auditors' professional judgment may reasonably be thought to bear on independence. The Audit Committee also considered whether the independent auditors' provision of non-audit services to SPACEHAB was compatible with maintaining their independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the year ended June 30, 2004 be included in our Annual Report on Form 10-K filed with the SEC.

Audit-Related Fees. As of July 31, 2004, there were no audit-related fees billed by Grant Thornton LLP for professional services provided in the year ended June 30, 2004 and audit related fees billed by Ernst & Young LLP for professional services provided in the years ended June 30, 2004 and 2003 of were \$2,500 and \$56,750, respectively. Audit Committee Pre-Approval Policy

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of Grant Thornton LLP, the Company's independent auditors. The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services to be provided by independent auditors in order to assure that the provision of such services does not impair the auditors' independence. The policy, as amended, provides for the general pre-approval of specific types of services, gives detailed guidance to management as to the specific audit and audit-related and tax services that are eligible for general pre-approval. The policy requires specific pre-approval of the annual audit engagement, most statutory or subsidiary audits, and all permissible non-audit services for which no general pre-approval exists. For both audit and non-audit pre-approvals, the Audit Committee considers whether such services are consistent with applicable law and SEC rules and regulations concerning auditor independence.

The policy delegates to the Chairman the authority to grant certain specific pre-approvals; provided, however, that the Chairman is required to report the granting of any pre-approvals to the Audit Committee at its next regularly scheduled meeting. The policy prohibits the Audit Committee from delegating to management the committee's responsibility to pre-approve services performed by the independent auditors.

Requests for pre-approval of services must be detailed as to the particular services proposed to be provided and are to be submitted by the CFO. In addition, each such request generally must include a detailed description of the type and scope of services, proposed staffing, a budget of the proposed fees for such services, and a general timetable for the performance of such services.

Ernst & Young LLP's report on our consolidated financial statements for our fiscal year ending June 30, 2003 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During fiscal year 2003 and through April 7, 2004 (the date we filed a Current Report on Form 8-K disclosing our dismissal of Ernst & Young LLP), there were no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures which, if not resolved to Ernst & Young's satisfaction, would have caused them to make reference to the subject matter in connection with their report on our consolidated financial statements for such years; and there were no reportable events, as listed in Item 304(a)(1)(v) of Regulation S-K.

During our fiscal year ended June 30, 2003 and through April 7, 2004, we did not consult Grant Thornton LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of

Report of the Corporate Governance and Nominating Committee

The Board of Directors appoints the Corporate Governance and Nominating Committee (the "Governance Committee") each year. The primary function of the Governance Committee is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to matters of corporate governance and the composition and effectiveness of the Board of Directors. The Governance Committee consists of four non-employee directors, each of whom is an independent director within the meaning of the rules of the NASD. The Governance Committee is governed by a written charter adopted by the Governance Committee and approved by the Board of Directors as a whole. A copy of the Governance Committee charter can be found in the Investor Info section of the Company's website at www.spacehab.com.

The Governance Committee utilizes a variety of methods for identifying and evaluating potential nominees to the Board of Directors. Recommendations may come from current Board members, professional search firms, members of management, shareholders or other persons. In assessing the qualifications of potential nominees, the Governance Committee may rely on personal interviews or discussions with the candidate and others familiar with the candidate's professional background, third-party background and reference checks, and such other due diligence information as is reasonably available. The Governance Committee must be satisfied that the candidate possesses the highest professional and personal ethics and values and has broad experience at the policy-making level in business, government, education, or public interest before the Governance Committee would recommend a candidate as a nominee to the Board of Directors.

As part of its corporate governance oversight, the Governance Committee has established a mechanism by which shareholders may communicate with the Board of Directors. Shareholders may do so by writing to the Board of Directors c/o the Corporate Secretary at the Company's corporate headquarters. A copy of this policy is included on the Company's website at www.spacehab.com. In addition, the Governance Committee has adopted a policy stating that members of the Board of Directors are expected to attend annual meetings of the Company's shareholders.

At the Company's 2003 Annual Meeting of Shareholders, all then members of the Board of Directors were in attendance.
