1. As reported in the Current Report on Form 8-K filed with the Securities and Exchange Commission (the SEC) by Intelsat Corporation (the Company, and formerly known as PanAmSat Corporation) on July 10, 2006, our parent company, Intelsat Holding Corporation (formerly known as PanAmSat Holding Corporation), was acquired by Intelsat (Bermuda), Ltd. on July 3, 2006. Although the management of the Company has been working diligently to complete all the required information in its Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2006 on or prior to the required filing date of November 14, 2006, the Company was unable to complete the required information by the due date as a result of the complex nature of the acquisition of our parent and related transactions and the application of the purchase method of accounting to this transaction. The Company notes that the quarter ended September 30, 2006 is the first quarter for which it is reporting under the post-acquisition structure. The Company requires additional time to complete the Quarterly Report.
2. The Company hereby represents that the reasons causing the inability to timely file the Quarterly Report on Form 10-Q could not be eliminated without unreasonable effort and expense.

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

We expect our reported revenue to range from approximately \$225 million to \$280 million and our net income (loss) to range from a net loss of approximately \$10 million to net income of \$5 million for the three months ended September 30, 2006. Our revenue is expected to increase by approximately \$35 million to \$55 million for the three months ended September 30, 2006 from \$209.2 million for the three months ended September 30, 2005. This increase is expected to be primarily attributable to revenue from affiliates under our post-acquisition structure. Our net income (loss) is expected to decrease by approximately \$150 million to \$170 million for the three months ended September 30, 2006 from net income of \$51.5 million for the three months ended September 30, 2005. This decrease is expected to be primarily attributable to restructuring and transition costs and increased interest expense as a result of the Company's post-acquisition structure. However, since we and our new

auditors are still reviewing our

financial information, we cannot provide any assurance that our results of operations will be within the ranges described above.
