Item 7.01. Regulation FD Disclosure.

Schedule II to the Indenture dated as of May 4, 2010 relating to Lennar's (the "Company's") 2.00% Convertible Senior Notes due 2020 (the "Notes") is a Projected Payment Schedule. The copy of Schedule II that is attached to the Indenture says that the Projected Payment Schedule may be obtained upon written request. In order to facilitate access to the Projected Payment Schedule, it is being furnished as Exhibit 99.1 to this Report.

The Projected Payment Schedule reflects both the fixed interest payments on the Notes and estimates of the amount and timing of contingent interest payments, as well as a payment on maturity of the Notes taking into account the fair market value of the Company's Class A common stock that might be issued upon conversion of the Notes.

The amount and timing of contingent interest payments and the fair market value of the Company's Class A common stock that might be issued upon conversion of the Notes are both forward-looking statements, which are estimates of what may happen in the future. It is unlikely that the actual contingent interest payments under the formula in the indenture or the future fair market value of the Company's Class A common stock will be exactly as estimated. The Company is not obligated to make payments as reflected in the Projected Payment Schedule. Its only obligation is to make payments as required by the Notes and the indenture under which they were issued.

Item 9.01. Financial Statements and Exhibits.
