## **SECTION 2. FINANCIAL INFORMATION.**

### **Item 2.02. Results of Operations and Financial Condition.**

Attached as Exhibit 99.1 and incorporated herein by reference is a copy of the press release of FedEx Corporation ( FedEx ), dated June 1, 2015, relating to the matters described below in Items 2.05 and 2.06 of this report, which will be included in FedEx's financial results for the fourth quarter ended May 31, 2015. The press release is being furnished pursuant to Item 2.02 of Form 8-K and General Instruction B.2 thereunder. The information in the release shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended.

### **Item 2.05. Costs Associated with Exit or Disposal Activities.**

### **Item 2.06. Material Impairments.**

On May 31, 2015, the FedEx Board of Directors approved the permanent retirement from service of seven MD11 aircraft and 12 related engines, three A300 aircraft and three related engines, four A310-300 aircraft and three related engines and one MD10-10 aircraft and three related engines, and related parts. As a consequence, a non-cash impairment charge of \$246 million was recorded in the fourth quarter of fiscal 2015. The decision to permanently retire these aircraft and engines aligns with Federal Express Corporation's plans to rationalize capacity and modernize its aircraft fleet to more effectively serve its customers.

The FedEx Board also approved shortening the depreciable lives of nine MD11 engines, three A300 engines and five A310-300 engines, and extending the previously identified retirement dates of 17 MD10-10 aircraft and 32 related engines and six MD10-30 aircraft and eight related engines.

FedEx also recognized in the fourth quarter of fiscal 2015 \$30 million in cash charges associated with these actions. These combined retirement changes will not have a material impact on near-term depreciation expense.
