Explanatory Note

As previously disclosed, on January 26, 2016, Verso Corporation (Verso) and substantially all of its direct and indirect subsidiaries (collectively, the Debtors) filed voluntary petitions for relief under chapter 11 of title 11 of the United States Code (the Bankruptcy Code) in the United States Bankruptcy Court for the District of Delaware (the Bankruptcy Court). On June 23, 2016, the Bankruptcy Court entered an order, Docket No. 1223, confirming the Debtors' First Modified Third Amended Joint Plan of Reorganization Under Chapter 11 of the Bankruptcy Code dated as of June 20, 2016 (the Plan). The Plan incorporates by reference certain documents filed with the Bankruptcy Court as part of the Plan Supplement. Capitalized terms used but not defined in this Current Report on Form 8-K (this Report) have the meanings set forth in the Plan.

On July 15, 2016 (the Effective Date), the Plan became effective pursuant to its terms and the Debtors emerged from their chapter 11 cases.

The description of the Plan in this Report is qualified in its entirety by reference to the full text of the Plan, a copy of which is filed as Exhibit 2.2 to Verso's Current Report on Form 8-K filed with the Securities and Exchange Commission (the SEC) on June 24, 2016.

Item 1.01 Entry into a Material Definitive Agreement.

Credit Facilities

On the Effective Date, pursuant to the terms of the Plan, Verso Paper Holdings LLC, a subsidiary of Verso (Verso Holdings), entered into a \$375 million asset-based revolving credit facility (the ABL Facility) and a senior secured term loan agreement that provides for term loan commitments of \$220 million with available loan proceeds of \$198 million (the Term Loan Facility and, together with the ABL Facility, the Credit Facilities). Under the ABL Facility, Verso Holdings may request one or more incremental revolving commitments in an aggregate principal amount up to the excess, if any, of (a) the greater of (i) \$75 million and (ii) the excess of the borrowing base at such time over the amount of the revolving facility commitments at such time, over (b) the aggregate amount of all incremental revolving facility commitments established prior to such time under the ABL Facility; however, the lenders are not obligated to increase the revolving commitments upon any such request. Availability under the ABL Facility is subject to customary borrowing conditions. The ABL Facility contains a \$150 million sublimit for letters of credit and a \$35 million sublimit for swingline loans. The ABL Facility will mature on July 15, 2021. The final maturity date under the Term Loan Facility is October 14, 2022. The term loans provided under the Term Loan Facility are subject to quarterly principal amortization payments in an amount equal to the greater of (a) 2.00% of the initial principal amount of the term loans or (b) the excess cash flow in respect of such quarter as further described under the Term Loan Facility; however, if the liquidity of Verso Holdings is less than \$75 million at any time during the 90-day period following the due date of such quarterly amortization payment or excess cash flow payment date, then the portion of such amortization amount that results in such liquidity being less than \$75 million will not be payable by Verso Holdings, as further described in the Term Loan Facility. All unpaid principal amounts of the term loans are due on the final maturity date thereof.

The outstanding borrowings under the ABL Facility bear interest at an annual rate equal to, at the option of Verso Holdings, either (i) a customary London interbank offered rate plus an applicable margin ranging from 1.25% to 2.00% or (ii) a customary base rate plus an applicable margin ranging from 0.25% to 1.00%, determined based upon the average excess availability under the ABL Facility. Verso Holdings also is required to pay a commitment fee for the unused portion of the ABL Facility, which ranges from 0.25% to 0.375% per year, based upon the average revolver usage under the ABL Facility. The outstanding borrowings under the Term Loan Facility bear interest at a rate equal to, at the option of Verso Holdings, either (i) a customary London interbank offered rate (subject to a floor

of 1%) plus 11.00% or (ii) a customary base rate plus 10.00%. With respect to eurocurrency loans under the Credit Facilities, Verso Holdings may elect an interest period of one, two, three or six months or such other period subject to the terms of the Credit Facilities.

Verso Holdings has the right to prepay loans under the ABL Facility at any time without a prepayment penalty, other than customary breakage costs with respect to eurocurrency loans. Any voluntary prepayment by Verso Holdings of the term loans under the Term Loan Facility will be subject to customary breakage costs with respect to eurocurrency loans and a 2% call premium until July 14, 2018, and a 1% call premium after July 15, 2018, but before July 14, 2020, and thereafter no call premium will apply to any voluntary prepayment of term loans. Such call premium may also apply to certain repricing amendments of the Term Loan Facility as further described therein.

All obligations under the Credit Facilities are unconditionally guaranteed by Verso Paper Finance Holdings LLC, a subsidiary of Verso (Verso Finance), and certain of the subsidiaries of Verso Holdings, and will be secured by liens on certain assets of Verso Finance and liens on substantially all of the assets of Verso Holdings and the other guarantor subsidiaries. The security interest with respect to the ABL Facility consists of a first-priority lien on the current assets of Verso Holdings and the guarantor subsidiaries, including accounts, inventory, deposit accounts, securities accounts and commodities accounts (the ABL Priority Collateral), and a second-priority lien on all other assets of Verso Holdings and the guarantor subsidiaries (the Term Loan Priority Collateral). The security interest with respect to the Term Loan Facility consists of a first-priority lien on the Term Loan Priority Collateral and a second-priority lien on the ABL Priority Collateral.

The ABL Facility requires Verso Holdings to maintain a minimum fixed charge coverage ratio when the excess availability is less than the greater of (a) 10% of the lesser of (i) the borrowing base at such time and (ii) the aggregate amount of revolving facility commitments at such time or (b) \$30 million. The Term Loan Facility requires Verso Holdings to maintain a maximum total net leverage ratio as further described in the Term Loan Facility. The Credit Facilities also contain certain covenants which, among other things, and subject to certain exceptions, restrict Verso Holdings and certain of its subsidiaries ability to incur additional debt or liens, pay dividends, repurchase equity interests, prepay other indebtedness, sell, transfer, lease or dispose of assets, and make investments in or merge with another company. If Verso Holdings were to violate any of the covenants under the ABL Facility or the Term Loan Facility and were unable to obtain a waiver, it would be considered a default after the expiration of any applicable grace period. If Verso Holdings were in default under any Credit Facility, then the lenders thereunder may exercise remedies under such Credit Facility in accordance with the terms thereof. In addition, if Verso Holdings were in default under the ABL Facility, no additional borrowings under the ABL Facility would be available until the default was waived or cured. The Credit Facilities provide for customary events of default, including a cross-event of default provision in respect of any other existing debt instrument having an aggregate principal amount that exceeds \$25 million.

Wells Fargo Bank, National Association, serves as administrative agent under the ABL Facility, and Barclays Bank PLC serves as administrative agent under the Term Loan Facility.

On the Effective Date, Verso Holdings borrowed \$340 million under the Credit Facilities, with available loan proceeds of approximately \$318 million, consisting of (a) \$120 million under the ABL Facility and (b) \$220 million under the Term Loan Facility with available loan proceeds of \$198 million. The proceeds of the borrowings on the Effective Date under the Credit Facilities were used to (a) repay outstanding indebtedness under the debtor-in-possession financing credit facilities of Verso Holdings and its subsidiaries, (b) pay outstanding allowed administrative expenses and allowed claims in accordance with the Plan, and (c) pay fees, costs and expenses related to and contemplated by the Credit Facilities and emergence by Verso and its subsidiaries from bankruptcy. The proceeds of the borrowings under the ABL Facility after the Effective Date will be used for working capital and general corporate purposes, including permitted acquisitions.

Certain lenders under the Credit Facilities also served as lenders under certain of the Cancelled Credit Agreements (as defined below).

The descriptions of the ABL Facility and the Term Loan Facility are qualified in their entirety by reference to the full text of the facilities, which are incorporated by reference herein. Copies of the ABL Facility and the Term Loan Facility are included herein as Exhibits 10.1 and 10.2, respectively.

Performance Incentive Plan

On the Effective Date, pursuant to the operation of the Plan, the Verso Corporation Performance Incentive Plan (the Performance Incentive Plan) became effective.

The board of directors of Verso (the Board) or one or more committees appointed by the Board will administer the Performance Incentive Plan. The administrator of the Performance Incentive Plan has broad authority under the Performance Incentive Plan to, among other things, select participants and determine the types of awards that they are to receive, and determine the number of shares that are to be subject to awards and the terms and conditions of awards, including the price (if any) to be paid for the shares or the award.

Persons eligible to receive awards under the Performance Incentive Plan include directors of Verso, officers or employees of Verso or any of its subsidiaries, and certain consultants and advisors to Verso or any of its subsidiaries. The types of awards that may be granted under the Performance Incentive Plan include stock options, stock appreciation rights, restricted stock, stock units, stock bonuses and other forms of awards granted or denominated in shares of the Class A common stock, par value \$0.01 per share, of Verso (Class A Common Stock) or units of Class A Common Stock, as well as certain cash bonus awards.

The maximum number of shares of Class A Common Stock that may be issued or transferred pursuant to awards under the Performance Incentive Plan is 3,620,067. Shares that are subject to or underlie awards granted under the Performance Incentive Plan that expire or for any reason are cancelled or terminated, are forfeited, fail to vest, or for any other reason are not paid or delivered under the Performance Incentive Plan will not be counted against the share limit and will be available for subsequent awards under the Performance Incentive Plan. Shares that are exchanged by a participant or withheld by Verso as full or partial payment in connection with any award under the Performance Incentive Plan, as well as any shares exchanged by a participant or withheld by Verso or one of its subsidiaries to satisfy the tax withholding obligations related to any award, will not be counted against the share limit and will be available for subsequent awards under the Performance Incentive Plan. To the extent that an award granted under the Performance Incentive Plan is settled in cash or a form other than shares, the shares that would have been delivered had there been no such cash or other settlement will not be counted against the share limit and will be available for subsequent awards under the Performance Incentive Plan. In the event that shares are delivered in respect of a dividend equivalent right granted under the Performance Incentive Plan, the number of shares delivered with respect to the award will be counted against the share limit. To the extent that shares are delivered pursuant to the exercise of a stock appreciation right granted under the Performance Incentive Plan, the number of shares delivered with respect to the award will be counted against the share limit, as opposed to counting the number of underlying shares as to which the exercise related.

As is customary in incentive plans of this nature, each share limit and the number and kind of shares available under the Performance Incentive Plan and any outstanding awards, as well as the exercise or purchase prices of awards, and performance targets under certain types of performance-based awards, are subject to adjustment in the event of certain reorganizations, mergers, combinations, recapitalizations, stock splits, stock dividends or other similar events that change the number or kind of shares outstanding, and extraordinary dividends or distributions of property to Verso's stockholders.

The description of the Performance Incentive Plan is qualified in its entirety by reference to the full text of the Performance Incentive Plan, which is incorporated by reference herein. A copy of the Performance Incentive Plan is included herein as Exhibit 10.3.

Warrant Agreement

On the Effective Date, Verso entered into a warrant agreement (the Warrant Agreement) with Computershare Inc. and its wholly owned subsidiary, Computershare Trust Company N.A., collectively as warrant agent. On the Effective Date, pursuant to the terms of the Plan, warrants (Plan Warrants) to purchase up to an aggregate of 1,810,035 shares of Class A Common Stock were issued to holders of Allowed Verso First Lien Claims.

Each Plan Warrant expires on July 15, 2023, and is initially exercisable for one share of Class A Common Stock at an initial exercise price of \$27.86 per share. The Warrant Agreement contains customary anti-dilution adjustments in the event of any stock split, reverse stock split, reclassification, stock dividend or other distributions. In addition, the Warrant Agreement provides for anti-dilution adjustments in the event of below market stock issuances at less than 95% of the average closing price of the Class A Common Stock for the 10 consecutive trading days immediately prior to the applicable determination date, and for pro rata repurchases of Class A Common Stock.

The Warrant Agreement also provides that upon the occurrence of certain events constituting an Organic Change (defined in the Warrant Agreement to include any recapitalization, reorganization, reclassification, consolidation, merger, sale of all or substantially all of Verso's equity securities or assets or other similar transaction) as a result of which the Class A Common Stock would be converted into, changed into, or exchanged for, cash, stock, securities or other assets or property, each holder of a Plan Warrant will have the right to receive, upon exercise of a Plan Warrant, an amount of cash, stock, securities or other assets or property received in connection with such event with respect to or in exchange for the number of shares of Class A Common Stock for which such Plan Warrant is exercisable immediately prior to such event. In addition, provided that the Organic Change is other than one in which a successor entity (which may include Verso) is a publicly traded corporation, the holder of the Plan Warrant may request that Verso or the surviving person (as the case may be) purchase the Plan Warrants from such holder for cash in the amount equal to the Black Scholes Value (as defined in the Warrant Agreement).

The Plan Warrants permit a holder of Plan Warrants to elect to exercise its Plan Warrant pursuant to a cashless exercise (Net Share Settlement). If Net Share Settlement is elected, Verso will withhold and not issue to such holder, in payment of the exercise price, the number of shares of Class A Common Stock equal to the product of the number of shares of Class A Common Stock for which the Plan Warrants are being exercised, multiplied by the applicable exercise price, and divided by the average closing price of the Class A Common Stock for the 10 consecutive trading days immediately prior to the exercise date.

The description of the Warrant Agreement is qualified in its entirety by reference to the full text of the Warrant Agreement, which is incorporated by reference herein. A copy of the Warrant Agreement is included herein as Exhibit 10.4.

Registration Rights Agreement

On the Effective Date, Verso entered into a registration rights agreement (the Registration Rights Agreement) with Oaktree FF Investment Fund Class F Holdings, L.P. and certain of its affiliates and Monarch Alternative Solutions Master Fund Ltd. and certain of its affiliates (collectively, the Claimholders), which each beneficially owned 7% or more of the New Common Stock (defined below) outstanding as of the Effective Date (on a fully diluted basis). The Registration Rights Agreement, however, will only become effective with respect to a Claimholder if such Claimholder acquires additional shares of Class A Common Stock on or prior to October 13, 2016, such that it beneficially owns 10% or more of the Class A Common Stock then outstanding (on a fully diluted basis) (a

Registration Rights Holder).

If the Registration Rights Agreement becomes effective for a Claimholder, Verso will be required to file a shelf registration statement (the Initial Shelf Registration Statement) with the SEC to register such Registration Rights Holder's Class A Common Stock, including such shares of Class A Common Stock issuable pursuant to the exercise of Plan Warrants (Plan Warrant Shares) or the conversion of Verso's Class B Common Stock, par value \$0.01 per share (the Class B Common Stock) and any additional shares of Class A Common Stock or Plan Warrant Shares acquired by such Registration Rights Holder in open market or other purchases (collectively, Registrable Securities) for resale on or prior to the 90th day following receipt by Verso of notice of the effectiveness of the Registration Rights Agreement for such Registration Rights Holder. Verso will be required to keep the Initial Shelf Registration Statement effective until one year following the effective date of the Initial Shelf Registration Statement, provided that at the time the Company is eligible to register the Registrable Securities for resale by the Registration Rights Holders on Form S-3, such date shall be extended to three years following the effective date of the Initial Shelf Registration Statement. After the Initial Shelf Registration Statement is no longer required to be kept effective and for so long as any Registrable Securities remain outstanding, the Company must use its commercially reasonable efforts to become eligible and/or to maintain its eligibility to register the Registrable Securities on Form S-3 and must file a shelf registration statement on Form S-3.

If the Registration Rights Agreement becomes effective for a Claimholder, at any time, subject to certain exceptions, such Registration Rights Holder may request in writing that Verso effect the registration of all or part of such Registration Rights Holder's Registrable Securities with the SEC (a Demand Registration), unless, among other things, the Registrable Securities requested to be registered are already covered by an existing and effective registration statement and such registration statement may be utilized for the offering and sale of the Registrable Securities requested to be registered. Registration Rights Holders are entitled to three Demand Registrations in the aggregate. The Registration Rights Agreement also provides that Verso will, subject to certain exceptions, facilitate an underwritten takedown (an Underwritten Offering) of a Registration Rights Holder's Registrable Securities. Registration Rights Holders are entitled to three Underwritten Offerings in the aggregate; provided that if there is more than one Registration Rights Holder, such Registration Rights Holders will be entitled to four Underwritten Offerings in the aggregate. Verso is only required to effect a Demand Registration or a takedown in the form of an Underwritten Offering if either (a) the number of shares included in such demand request or takedown equals at least thirty-three percent of the Registrable Securities Number at the time the Registration Rights Agreement becomes effective for a Registration Rights Holder and/or (b) the Registrable Securities requested to be sold by the Registration Rights Holders in such demand request or takedown has an anticipated aggregate gross offering price (before deducting underwriting discounts and commission) of at least \$20 million.

If at any time, and from time to time, when a Registration Rights Holder's Registrable Securities are not already covered by an existing and effective registration statement, Verso proposes to (a) file a registration statement under the Securities Act of 1933, as amended (the Securities Act), with respect to an Underwritten Offering of Class A Common Stock or (b) conduct an underwritten offering constituting a takedown of Class A Common Stock under a shelf registration statement previously filed by Verso, Verso must offer the Registration Rights Holders the opportunity to register such Registration Rights Holder's Registrable Securities on the same terms and conditions as the registration of the other Verso securities in such proposed filing or underwritten offering, as applicable.

Verso will be responsible for all fees and expenses incident to its performance of, or compliance with, its obligations under the Registration Rights Agreement, excluding any underwriting discounts, fees or selling commissions or broker or similar commissions or fees relating to the sale of Registration Rights Holder's Securities. Verso will also pay the reasonable fees and disbursements of one legal counsel to the Registration Rights Holders retained in connection with any Demand Registration or Underwritten Offering.

Verso will indemnify each of the Registration Rights Holders against certain liabilities under the Securities Act in connection with any registration of the Registration Rights Holder's Registrable Securities.

The obligations of Verso under the Registration Rights Agreement, except for indemnification and certain other provisions, will terminate with respect to Verso and such Registration Rights Holder on the date such Registration Rights Holder no longer beneficially owns any Registrable Securities.

The description of the Registration Rights Agreement is qualified in its entirety by reference to the full text of the Registration Rights Agreement, which is incorporated by reference herein. A copy of the Registration Rights Agreement is included herein as Exhibit 10.5.
