GOL Announces Codeshare Partnership with Emirates

São Paulo, October 11, 2016 - GOL Linhas Aéreas Inteligentes S.A. ("GLAI"), (BM&FBOVESPA: GOLL4 and NYSE: GOL), (S&P: CCC, Fitch: CC and Moody's: Caa3), Brazil's largest air transportation group and Emirates today announced a new codeshare and frequent flyer program partnership.

The codeshare partnership has been filed on this date to ANAC – Brazilian Federal Aviation Agency (Agência Nacional de Aviação Civil). The first flights will be approved in the coming days and the partnership is expected to come into effect by the end of October/early November timeframe.

The new codeshare partnership will give customers the simplicity of purchasing connecting flights on both airlines using one reservation, and a seamless ticketing, check-in, boarding and baggage check experience during the entire journey. Passengers booking flights from multiple destinations in Brazil with GOL, including Porte Alegre, Salvador, Belo Horizonte, Curitiba and Brasilia, will be able to connect in Sao Paulo or Rio and fly with Emirates to many destinations worldwide.

"We're pleased to be enhancing our partnership with GOL and believe our new codeshare will bring enhanced connectivity and a fully integrated loyalty program within Brazil initially, and at a later stage, throughout South America and the Caribbean," said Hubert Frach, Emirates Divisional Senior Vice President, Commercial Operations, West. "GOL's extensive route network in Latin America combined with the choice and convenience of offering customers approximately 800 flights per day, perfectly complements our 14 weekly flights to and from Brazil that connect to our global network.

"We have invested in a partnership that provides ever-increasing benefits to our customers. The expansion of the partnership with Emirates is precisely this, and it will also strengthen our presence in international markets," said Ciro Camargo, head of alliances at GOL.

Redeeming Miles for Reward Travel

As part of the new codeshare partnership, members of Emirates Skywards and GOL's Smiles loyalty program will be able to accrue and redeem miles on both airlines. With over 16 million Emirates Skywards members and over 11 million members of GOL's Smiles loyalty program, nearly 30 million members worldwide will benefit from this codeshare partnership. Miles accrued will be based on the distance travelled with bonuses for class of service.

"The partnership with Emirates, which was elected the best international airline company in the world, will broaden our seat availability to Asia, among other destinations, and will be an exclusive competitive advantage for Smiles in Brazil," states Leonel Andrade, Smiles' CEO. "The improvement in international airline partnerships further strengthens our position as an industry leading program for travellers."

Skywards members flying in GOL Premium Economy will earn a mileage bonus of 125 percent or 150 percent of actual miles flown depending on the fare.
