Report of Independent Registered Public Accounting Firm

Plan Administrator

Mercantile Bank of Michigan 401(k) Plan

Grand Rapids, Michigan

We have audited the accompanying statements of net assets available for benefits of Mercantile Bank of Michigan 401(k) Plan (the Plan) as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Mercantile Bank of Michigan 401 (k) Plan

Notes to Financial Statements

1. Plan Description

The following description of Mercantile Bank of Michigan 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established by the Plan Sponsor, Mercantile Bank of Michigan (Bank), effective January 1, 1998. The Plan was amended and restated effective January 1, 2013. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and Enrollment

The Plan is a defined contribution plan covering eligible employees who have completed a minimum of one hour of service. During 2013 and 2012, eligible employees entered the Plan on the first day of the fiscal quarter following date of hire. Beginning January 1, 2014, eligible employees can enter the Plan on the first day of the month following date of hire. Beginning May 1, 2014, the Bank will withhold an amount equal to 3% of employee compensation for all newly eligible employees, until such time as the employee elects a different percentage or elects no contributions.

Contributions

Elective deferrals by participants under the Plan provisions are based on a percentage of their compensation, subject to certain limitations as defined by the Plan Agreement. Participants may also make after tax Roth contributions, and

may roll over account balances from other qualified defined benefit or defined contribution plans into their account.

Effective January 1, 2013, the Bank made safe harbor matching contributions equal to 100% of the first 4% of compensation deferred by each participant, subject to certain limitations as specified in the Plan Agreement. In 2012, the matching contributions were made at the discretion of the Bank's Board of Directors. Effective January 1, 2014, the safe harbor matching contribution increased to 100% of the first 4.25% of compensation deferred by each participant. The Bank may also make a discretionary profit sharing contribution subject to certain limitations as specified in the Plan Agreement. There were no profit sharing contributions in 2013 and 2012.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Bank's matching contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their elective deferrals and all employer contributions and earnings thereon.

Mercantile Bank of Michigan 401 (k) Plan

Notes to Financial Statements

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Interest rates on notes receivable outstanding as of December 31, 2013 ranged from 3.25% to 7.75%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the notes were used to purchase a primary residence, in which case the note terms shall not exceed ten years.

Payment of Benefits

Upon separation of service, death, disability or retirement, a participant or his or her beneficiary will receive a distribution of the participant's account as a lump-sum amount. A participant may receive the portion of his or her account invested in Mercantile Bank Corporation common stock in either common shares or cash. Additionally, under certain circumstances of financial hardship, participants are allowed to withdraw funds from the Plan.

Administrative Expenses

Substantially all administrative expenses are paid by the Plan Sponsor. Certain fees incurred as a result of participant-directed transactions (e.g., participant loan origination and distribution fees) are charged directly to the participant's account.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Concentration of Credit Risk

At December 31, 2013 and 2012, approximately 34.3% and 35.1%, respectively, of the Plan's assets were invested in Mercantile Bank Corporation common stock. A significant decline in the market value of the common stock would significantly affect the net assets available for benefits.

Mercantile Bank of Michigan 401 (k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable – Participant Loans

Participant loans are classified as notes receivable from participants, and are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans, if any, are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Money market and mutual funds - Valued at quoted market prices in an exchange and active market, which represent the net asset values (NAV) of shares held by the Plan.

Mercantile Bank Corporation common stock - Valued at the closing price reported on the active market on which the security is traded.

Mercantile Bank of Michigan 401 (k) Plan**Notes to Financial Statements**

Common/collective trust (CCT): The Plan's interest in the Union Bond & Trust Company Morley Stable Value Fund (the Fund) is valued based on information reported by the issuer, The Union Bond & Trust Company (Union) using the net asset value from the audited financial statements of the Fund. Union determines fair value based on the underlying investments (primarily conventional, synthetic and separate account investment contracts, and cash equivalents). Investment contracts held by a defined contribution plan are required to be reported at fair value, with an adjustment to contract value in the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the CCT represents contributions plus earnings, less participant withdrawals and administrative expenses. The investment objective of the Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. Withdrawals from the Fund for benefit payments and participant transfers to noncompeting options to be paid to plan participants are made within 30 days after written notification has been received. All plan sponsor-directed full or partial withdrawals are subject to a twelve month advance written notice requirement.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth by level within the fair value hierarchy the Plan's investments as of December 31, 2013 and 2012. There have been no significant transfers in or out of Levels 1, 2 or 3 in 2013 or 2012.

Investments at Fair Value

<i>December 31, 2013</i>	Level 1	Level 2	Level 3	Total

Mercantile Bank Corporation common stock	7,759,067	6,078,567

*Below 5% of net assets available for benefits.

Edgar Filing: MERCANTILE BANK CORP - Form 11-K

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value as follows:

<i>Year Ended December 31,</i>	2013	2012
Mutual funds	\$1,924,604	\$1,031,370
Common/collective trust	2,939	4,733
Common stock	1,880,707	2,511,208
Net Appreciation in Fair Value of Investments	\$3,808,250	\$3,547,311

Mercantile Bank of Michigan 401 (k) Plan

Notes to Financial Statements

4. Related Party Transactions

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain other parties. Professional fees for the administration and audit of the Plan are paid by the Bank.

Certain Plan investments are managed by Charles Schwab Trust Company (Schwab) and Union Bond and Trust Company (Union). Schwab and Union are custodians as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

The 359,549 and 368,398 shares of Mercantile Bank Corporation common stock held by the Plan as of December 31, 2013 and 2012, respectively, represent approximately 4.11% and 4.23% of the Corporation's outstanding shares as of December 31, 2013 and 2012, respectively.

Cash dividends of \$164,129 and \$32,809 were paid to the Plan by Mercantile Bank Corporation during 2013 and 2012, respectively.

5. Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to terminate the Plan, subject to the provisions of ERISA.

6. Tax Status

The Internal Revenue Service has determined and informed the Bank by a letter dated August 20, 2010 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2010.

7. Subsequent Event

On August 14, 2013, Mercantile Bank Corporation (Mercantile) and Firstbank Corporation (Firstbank) entered into an agreement to merge. Under the terms of the merger agreement, Firstbank was merged with and into Mercantile, with Mercantile as the surviving corporation. The merger became effective on June 1, 2014. As a result, the Firstbank Corporation 401(k) Plan was merged into the Plan effective June 9, 2014, and assets of approximately \$35,116,000 were merged into the Plan. Effective June 9, 2014, The Plan changed custodians, and Plan assets were transferred from Charles Schwab Trust Company to Greenleaf Trust Company.
