Company Profile:

Rexnord Corporation (“we,” “our,” “us,” “Rexnord,” or the “Company”) is a growth-oriented, multi-platform industrial company offering a variety of products. Currently, our business is comprised of two platforms, Process & Motion Control and Water Management.

Our Process & Motion Control product portfolio includes gears, couplings, industrial bearings, aerospace bearings and seals, FlatTop™ chain, engineered chain and conveying equipment. Our Water Management product portfolio includes specification drainage systems, sensor flush valves and faucets, point-source wastewater pretreatment devices, backflow prevention devices, pressure release valves, sluice and slide gates, butterfly and plug valves, control valves and actuation systems and PEX piping.

Section 1 – Conflict Minerals Disclosure

Item 1.01 Conflict Minerals Disclosure and Report

In accordance with the disclosure requirements promulgated by the U.S. Securities and Exchange Commission, we have undertaken efforts to determine our conflict minerals<sup>1</sup> reporting requirements for the period from January 1 to December 31, 2014.

We have determined that, during 2014, Rexnord manufactured (or contracted to manufacture) products as to which conflict minerals are necessary to the functionality or production of such products. As is required, we have conducted a good faith reasonable country of origin inquiry (“RCOI”) reasonably designed to determine whether the necessary conflict minerals originated in the DRC or an adjoining country or came from recycled or scrap sources.

Rexnord’s RCOI process included conducting an inquiry of our direct suppliers using the Conflict-Free Sourcing Initiative’s Conflict Minerals Reporting Template. We relied upon our suppliers’ representations regarding the origin of their minerals and their smelter data to determine the source of the conflict minerals within our supply chain. Based on the results of our RCOI, we exercised due diligence on the source and chain of custody of the conflict minerals.

The Company has filed this Specialized Disclosure Form and the associated Conflict Minerals Report, which appears as Exhibit 1.01 hereto and is publicly available on the Company’s website at <http://phx.corporate-ir.net/phoenix.zhtml?c=202367&p=irol-sec>.

Item 1.02 Exhibit

The Company’s Conflict Minerals Report is provided as Exhibit 1.01 hereto.

Section 2 – Exhibits

Item 2.01 Exhibits

The following exhibit is filed as part of this report.

Exhibit 1.01 – Rexnord Corporation’s Conflict Minerals Report for the period January 1 to December 31, 2014 as required by Items 1.01 and 1.02 of this Form.

The term “conflict mineral” is defined in Section 1502(e)(4) of the Dodd-Frank Wall Street Reform and Consumer Protection Act as (A) columbite-tantalite, also known as coltan (the metal ore from which tantalum is extracted);  
<sup>1</sup> cassiterite (the metal ore from which tin is extracted); gold; wolframite (the metal ore from which tungsten is extracted); or their derivatives; or (B) any other mineral or its derivatives determined by the Secretary of State to be financing conflict in the Democratic Republic of the Congo (“DRC”) or an adjoining country.
