PROXY STATEMENT

This proxy statement is delivered in connection with the solicitation of proxies by the Board of Directors (the Board) of NMI for use at our 2018 Annual Meeting to be held as a virtual meeting on Thursday, May 10, 2018, at 8:30 a.m. Eastern Time, and any postponement or adjournment of the meeting. You will be able to attend the Annual Meeting via live audio webcast and vote and submit questions during the meeting by visiting www.virtualshareholdermeeting.com/NMIH2018 when you enter your 16-digit Control Number provided to you on your Notice of Internet Availability of Proxy Materials (the Availability Notice) or on your proxy card if you receive materials by mail. We encourage you to vote prior to the meeting on the proposals described in this proxy statement below. In this proxy statement we refer to NMI Holdings, Inc. as NMI, the Company, we, our or us.

This proxy statement and form of proxy card are first being sent to stockholders on March 29, 2018, in order to furnish information relating to the business to be transacted at the meeting. A copy of the Notice of 2018 Annual Meeting of Stockholders (Notice of Meeting) accompanies this proxy statement. These materials are also available on the internet at www.proxyvote.com.

ABOUT THE ANNUAL MEETING AND PROXY STATEMENT

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will act on the matters listed in our Notice of Meeting, including the election of the seven directors named in this proxy statement and the ratification of the appointment of BDO USA, LLP (BDO) as our independent registered public accounting firm for the year ending December 31, 2018.

Who is entitled to notice of and to vote at the Annual Meeting?

Only stockholders of record at the close of business on March 16, 2018, the record date for the Annual Meeting, are entitled to receive notice and to vote. For each share of Class A common stock that you held on that date, you are entitled to one vote on each matter considered at the meeting. On the record date, 65,145,261 shares of Class A common stock were outstanding and entitled to vote.

Why did I receive a notice regarding internet availability of proxy materials instead of a paper copy of printed materials?

Pursuant to rules adopted by the U.S. Securities and Exchange Commission (SEC), we are permitted to furnish proxy materials, including this proxy statement, to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. Consequently, our stockholders generally will not receive paper copies of our proxy materials unless they request them. Beginning on or about March 29, 2018, we will send to our stockholders the Availability Notice containing instructions on how to access this proxy statement and our Annual Report via the Internet and vote online. As a result, you will not receive a printed copy of the proxy materials in the mail unless you request a copy. All stockholders will have the ability to access the proxy materials on a website referred to in the Availability Notice and may request a printed set of the proxy materials free of charge by mail or electronically from such website. If you would like to receive a printed or electronic copy of our proxy materials, you should follow the instructions for requesting such materials included in the Availability Notice. By participating in the e-proxy process, we save printing and mailing expenses and reduce the environmental impact of our Annual Meeting.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

Pursuant to rules adopted by the SEC, we are delivering a single copy of the Availability Notice and, if applicable, proxy materials, to multiple stockholders who share the same address unless we have received contrary instructions from one or more of the stockholders. This "householding" process will save us printing and mailing expenses and reduce the environmental impact of our Annual Meeting. Stockholders who participate in householding will continue to be able to receive separate proxy cards and vote separately. Upon request, we will deliver promptly a separate copy of the Availability Notice and, if applicable, the proxy materials, to any stockholder at a shared address to which we delivered a single copy of any of these documents. If you would like to receive a separate copy, please send a request

to the Corporate Secretary at our executive offices. If your shares are held of record by a broker, bank or other nominee, please contact that record holder to request information about householding.

How do I attend the Annual Meeting?

As permitted by Delaware law and our Third Amended and Restated Bylaws (the Bylaws), our Annual Meeting will be held solely as a virtual meeting live via the Internet. The meeting will not be held at any physical location. You will be able to attend the Annual Meeting via live audio webcast by visiting the Company's virtual meeting website at www.virtualshareholdermeeting.com/NMIH2018 on Thursday, May 10, 2018, at 8:30 a.m. Eastern Time. Upon visiting the meeting website, you will be prompted to enter your 16-digit Control Number provided to you on your Availability Notice or on your proxy card if you receive materials by mail. Your unique Control Number allows us to identify you as a stockholder and will enable you to securely log on, vote and submit questions during the Annual Meeting on the meeting website. Further instructions on how to attend and participate via the Internet, including how to demonstrate proof of stock ownership, are available at www.proxyvote.com.

How do I vote my shares?

If you were a registered stockholder on the record date, you may vote your shares of Class A common stock by visiting the Company's online voting website at www.proxyvote.com and following the voting instructions on the website. You may also vote your shares by telephone by calling 1-800-690-6903 and following the voting instructions read to you by the automated operator.

Upon visiting the meeting website or calling the call-in telephone line, you will be prompted to enter your 16-digit Control Number provided to you on your Availability Notice or on your proxy card if you receive materials by mail. Your unique Control Number allows us to identify you as a stockholder and will enable you to securely cast votes. Internet and telephone voting facilities for stockholders of record will be available 24 hours a day beginning at 12:01 a.m. Eastern Time on March 29, 2018. Internet and telephone voting will close promptly at 11:59 p.m. Eastern Time, on Wednesday, May 9, 2018. After this, you will only be able to vote by attending the Annual Meeting via live audio webcast, as described above. After voting is closed during the Annual Meeting you will no longer have the ability to vote your shares.

If you are a registered stockholder as of the record date and hold your shares in more than one account, you will receive separate voting credentials for each such account. Please be sure to log on separately for each account in order to cast all votes that you are entitled to cast at the Annual Meeting.

If you received your proxy materials by mail or if you request paper copies of the proxy materials, you can vote by mail by marking, dating, signing and returning the proxy card in the postage-paid envelope. Further instructions on how to vote by mail are included on the proxy card.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted.

Telephone and Internet voting also will be offered to stockholders owning shares through certain banks and brokers.

How are votes counted?

A quorum is necessary for us to conduct the business of the Annual Meeting. This means that holders of at least a majority of the shares of Class A common stock entitled to vote must be present at the meeting. Your shares are counted as present at the Annual Meeting if they are voted. Shares that "ABSTAIN" and broker non-votes (shares held by a broker or nominee that has not received voting instructions from its client and does not have discretionary authority to vote) on any matter will be counted to determine the presence of a quorum, but will not be counted as votes for or against any matter.

Under our Bylaws, directors are elected by a plurality of the votes cast. Accordingly, the seven director nominees that receive the greatest number of votes at the Annual Meeting will be elected. In an uncontested election of directors, a director will be elected if he or she receives at least one vote.

Under our Bylaws, the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2018 requires the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote at the Annual Meeting.

How may I access the stockholder list?

Under our Bylaws, stockholders are permitted to access a list showing the name, registered address and number of registered shares for each registered stockholder of the Company entitled to vote at the Annual Meeting. The list is open to the examination of any stockholder at our executive offices, for any purpose germane to the Annual Meeting,

during ordinary business hours for 10 days prior to the Annual Meeting. During the Annual Meeting, you may access the list by visiting www.virtualshareholdermeeting.com/NMIH2018 when you enter your 16-digit Control Number provided to you on your Availability Notice or on your proxy card if you receive materials by mail.

May I change my vote?

You may revoke your proxy and change your vote at any time before the proxy is exercised at the meeting. You may change your vote by submitting another proxy on a later date on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the meeting will be counted), or by signing and returning a new proxy card with a later date, or by attending the Annual Meeting and voting during the meeting. Your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the meeting or specifically request in writing that your prior proxy be revoked by providing a written notice of revocation to the Company's Corporate Secretary at our executive offices.

How does the Board recommend that I vote?

The Board recommends that you vote:

"FOR" each of the nominees for director (Item 1); and

"FOR" the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2018 (Item 2).

Will any other items be acted upon at the Annual Meeting?

As of the date of this proxy statement, the Board does not know of any other business to be presented at the Annual Meeting. If other business is properly brought before the Annual Meeting, your proxy card will be voted in the discretion of the proxies with respect to such other business unless you earlier revoke your proxy.

We currently qualify as an emerging growth company (EGC) under the Jumpstart Our Business Startups Act and, as such, we are exempt from the requirement to hold an advisory vote on executive compensation and the requirement to hold an advisory vote on the frequency of holding such advisory votes on executive compensation. We became a public company on November 7, 2013 and will retain our status as an EGC until December 31, 2018. Given our short history as a public company, the Board believes it is appropriate to take advantage of this exemption for 2018.

What is the deadline for submission of stockholder proposals and Director nominees for the next Annual Meeting?

Stockholder proposals submitted pursuant to SEC Rule 14a-8 for inclusion in our 2019 proxy statement (other than nominations for candidates for election as directors) and to be acted upon at our 2019 annual meeting of stockholders must be received by us, attention: Corporate Secretary, at our executive offices on or prior to November 29, 2018. If, however, the 2019 annual meeting is more than 30 days before or after the anniversary date of the 2018 Annual Meeting, then the deadline for stockholder proposals submitted pursuant to SEC Rule 14a-8 for inclusion in our 2019 proxy statement and to be acted upon at our 2019 annual meeting will be a date that we determine to be a reasonable time before we begin to print and send our proxy materials. In this event, we will disclose this deadline in a public filing with the SEC.

Under our Bylaws, a stockholder who wishes to submit a proposal for consideration at the 2019 annual meeting not pursuant to SEC Rule 14a-8, including nominations of candidates for election as directors, must give timely written notice of the proposal to the Corporate Secretary at our executive offices in accordance with the procedures set forth in our Bylaws, which are available on our website at ir.nationalmi.com/governance.cfm. Such notice must be delivered to the Corporate Secretary no earlier than the close of business on January 10, 2019 and no later than the close of business on February 11, 2019. If, however, the date of the 2019 annual meeting is more than 30 days before or more than 60 days after the anniversary date of the 2018 Annual Meeting, notice must be delivered by the stockholder between the close of business on the 120th day before and the close of business on the 90th day before the date of the 2019 annual meeting or, if the first public announcement of the date of the 2019 annual meeting is less than 100 days before the date of such meeting, then the notice by the stockholder must be delivered by the 10th day after such public announcement. The notice must comply with the disclosure requirements set forth in our Bylaws.

Who bears the cost of this solicitation?

The Company bears the costs of preparing, assembling and delivering these proxy-soliciting materials and all costs of solicitation of proxies from our stockholders.

How may I obtain a copy of the company's Annual Report on Form 10-K?

Our Annual Report on Form 10-K for the year ended December 31, 2017 has been posted, and is available without charge, on our corporate website at ir.nationalmi.com/financials.cfm. In addition, we will provide, without charge, a copy of our Annual Report on Form 10-K for the year ended December 31, 2017 (including the financial statements

and the financial statement schedules but excluding the exhibits thereto) to any stockholder of record or beneficial owner of our common stock. Requests can be made by writing to NMI Holdings, Inc., Attention: Corporate Secretary, 2100 Powell Street, 12th Floor, Emeryville, CA 94608.

Whom should I contact with additional questions?

If you have any questions about the proxy voting process, please contact the bank, broker or other nominee through which you hold your shares. Additionally, if you have any questions unrelated to voting your shares, please contact John Swenson at (510) 788-8417 or by email at john.swenson@nationalmi.com.

ITEM 1 - ELECTION OF DIRECTORS

Our Bylaws provide that the number of members of our Board will be determined from time to time by resolution of the Board. The Board currently consists of seven members. Upon election, each of our directors serves a one-year term until his or her successor is elected and qualified or until his or her earlier death, resignation or removal.

The Board, upon the recommendation of the Governance and Nominating Committee of the Board, has nominated Bradley M. Shuster, Michael Embler, James G. Jones, Michael Montgomery, Regina Muehlhauser, James H. Ozanne and Steven L. Scheid for re-election to the Board to serve for one year, until our 2019 Annual Meeting of Stockholders.

Information about Our Directors

The Governance and Nominating Committee is responsible for recommending to the Board a slate of nominees for election as directors at the Company's annual meeting of stockholders. Although the Board does not have a formal diversity policy, the Board believes that the members of the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee our business. Accordingly, the Board and the Governance and Nominating Committee consider the qualifications of director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs. The Governance and Nominating Committee seeks a variety of occupational and personal backgrounds on the Board in order to obtain a range of viewpoints and perspectives and to enable the Board to have access to a diverse body of talent and expertise relevant to the Company's activities.

The Board and the Governance and Nominating Committee consider a variety of factors when reviewing the qualifications of each director nominee, which are set forth in our Corporate Governance Guidelines, posted on our website at ir.nationalmi.com/governance.cfm. At present, the Governance and Nominating Committee does not use third parties to help identify nominees for the Board, although it may do so in the future. The Company believes that each director nominee should generally:

- possess fundamental qualities of intelligence, honesty, perceptiveness, good judgment, maturity, high ethics and standards, integrity, fairness and responsibility;
- maintain a genuine interest in the Company and recognize that as a member of the Board he or she is accountable to the stockholders of the Company and not to any particular interest group;
- have financial services or other relevant industry experience gained through senior management or board of director service;
- have prior board experience, either as a director of a public company or as both an executive officer of a public company and a director of a privately held company;
- not serve on more than three other boards of directors of public companies;
- meet the independence requirements under NASDAQ listing requirements (other than any management directors);
- have the ability and be willing to spend the time required to function effectively as a director;
- be compatible and able to work well with other directors and executives in a team effort with a view to a long-term relationship with the Company as a director; and
- possess independent opinions and be willing to express them in a constructive manner.

In addition, our Corporate Governance Guidelines provide that a majority of our directors must be independent.

The following provides biographical information about each of our director nominees. In reaching its determination to recommend each of the director nominees for election at this Annual Meeting, the Board and the Governance and Nominating Committee considered the qualifications of these nominees and determined that each nominee meets the above-listed criteria and is highly skilled and qualified to serve as a member of the Board and to work with management to guide and develop the Company as an industry leader in the private mortgage insurance industry.

Mr. Montgomery has over 30 years of experience working at global commercial and investment banks, and we believe he is qualified to serve on our Board.

Regina Muehlhauser, Director

Ms. Muehlhauser, 69, joined the Board in March 2017. BAC is one of the world's largest financial institutions, serving individual consumers, businesses, institutional investors and governments with a full range of banking, investing, asset management and other financial and risk management products and services. Ms. Muehlhauser was a member of BAC's Global Management Operating Committee and was global treasury management executive, responsible for the sales and delivery of treasury management services to large corporations in 35 countries and approximately two million commercial and small business companies in the United States. Ms. Muehlhauser earned a bachelor's degree in political science from American University.

James H. Ozanne, Director

Mr. Ozanne, 74, has served on our Board since April 2012. With over 40 years of experience in the financial services industry, including senior level executive positions at several leasing, rental and consumer finance businesses, we believe Mr. Ozanne is qualified to serve on our Board. From 2012 until 2015, Mr. Ozanne was a director of United Rentals, Inc. Mr. Ozanne holds a B.S. from DePaul University.

2017 Director Compensation

The Board determines the form and amount of director compensation after its review of recommendations made by the Compensation Committee. A substantial portion of each non-employee director's annual compensation is in the form of equity-based awards. In 2017, we paid each of our non-employee directors who served on the Board for the full fiscal year an annual cash retainer of \$70,000 and a restricted stock unit (RSU) award with a grant date fair value of \$79,991, for total annual compensation of \$149,991 for each such non-employee director's services as a member of the Board. In addition to receiving the 2017 equity grant that each of our non-employee directors received, Ms. Muehlhauser was granted an additional RSU grant, with a grant date fair value of \$79,991, in connection with joining the Board in 2017, consistent with prior board compensation practices. No individual meeting fees are paid for either Board meetings or committee meetings, whether in person or by telephone. We pay or reimburse travel and other expenses incurred by our non-employee directors in attending Board meetings.

Compensation for non-employee directors during 2017 was as follows:

Name	Fees earned or paid in cash (\$)	Stock awards (\$) ⁽⁴⁾	Total (\$)
Michael Embler ⁽¹⁾	\$70,000	\$79,991	\$149,991
James G. Jones ⁽¹⁾	\$70,000	\$79,991	\$149,991
Michael Montgomery ⁽¹⁾	\$70,000	\$79,991	\$149,991
Regina L. Muehlhauser ⁽²⁾	\$52,500	\$159,982	\$212,482
James H. Ozanne ⁽³⁾	\$70,000	\$79,991	\$149,991
Steven L. Scheid ⁽³⁾	\$70,000	\$79,991	\$149,991

(1) Michael Embler, James G. Jones and Michael Montgomery were elected to the Board on July 17, 2012.

(2) Ms. Muehlhauser joined the Board on March 23, 2017.

(3) James H. Ozanne and Steven L. Scheid have been members of the Board since the Company's capitalization on April 24, 2012.

The RSUs granted to each non-employee director in 2017 vest on the first anniversary of the date of grant, subject to continued service on the Board. Ms. Muehlhauser received an additional RSU grant in 2017 which vests in equal installments on each of the second and third anniversaries of the grant date, subject to her continued service on the Board. Amounts in this column represent the grant date fair value of the RSUs granted to our non-employee directors in fiscal year 2017, calculated in accordance with ASC Topic 718. As of December 31, 2017, each of Messrs. Ozanne and Scheid held stock options with respect to 75,625 shares of our common stock, and each of Messrs. Embler, Jones and Montgomery held stock options with respect to 37,813 shares of our common stock. As of December 31, 2017, each of Messrs. Ozanne, Scheid, Embler, Jones and Montgomery held 7,239 unvested RSUs and Ms. Muehlhauser held 14,478 unvested RSUs.

See Note 10, "Share-Based Compensation" of our consolidated financial statements filed with the SEC on Form 10-K for the fiscal year ended December 31, 2017 for an explanation of the assumptions made in valuing these awards.

Stockholder Vote Required

Directors are elected by a plurality of the votes cast. Accordingly, the seven director nominees that receive the greatest number of votes at the Annual Meeting will be elected. In an uncontested election of directors, a director will be elected if he or she receives at least one vote.

Board Recommendation

The Board unanimously recommends that you vote for each of the director nominees.

CORPORATE GOVERNANCE AND BOARD MATTERS

The Board oversees the management of the Company and our business. The Board selects our Chief Executive Officer and in conjunction with our Chief Executive Officer selects the rest of our senior management team, which is responsible for operating our business.

The Board held six meetings during 2017. Each director serving in 2017 attended at least 75% of the meetings of the Board and committees of the Board on which he served during 2017. Our policy is that all of our directors are expected to attend our annual stockholder meeting. Each of our directors attended the Company's 2017 Annual Stockholder Meeting.

Board Leadership

Mr. Shuster serves as Chairman of the Board and our Chief Executive Officer (CEO). The Board believes that we and our stockholders are best served at this time by this leadership structure, in which a single leader serves as Chairman and CEO. Combining the roles of Chairman and CEO makes clear that the person serving in these roles has primary responsibility for managing our business, under the oversight and review of the Board. Under this structure, the Chairman and CEO chairs Board meetings, where the Board discusses strategic and business issues. The Board believes that this approach makes sense because the CEO is the individual with primary responsibility for developing our strategy, directing the work of other officers and leading implementation of our strategic plans as reviewed by the Board. This structure results in a single leader being directly accountable to the Board and, through the Board, to stockholders, and enables the CEO to act as the key link between the Board and other members of management. In addition, the Board believes that having a combined Chairman and CEO is appropriate for us at this time because of Mr. Shuster's familiarity with our business and history of outstanding leadership at the Company as well as with other organizations prior to the Company's formation.

Because the Board also believes that strong, independent board leadership is a critical aspect of effective corporate governance, the Board has established the position of Lead Director. The Lead Director is an independent director selected by the independent directors. Mr. Scheid has served as the Lead Director since the position was established in May 2012. The Lead Director's responsibilities include:

acting as the primary contact between the Company and the independent directors, undertaking to meet or confer periodically with members of the Company's executive team regarding matters related to the business of the Company;

assisting the Chairman of the Board, as necessary with conducting Board meetings;

assisting with preparation of agenda items for meetings of the Board and its committees; and

such other duties as the Board may from time to time assign to the Lead Director.

The Board believes that a single leader serving as Chairman and CEO, together with an experienced and engaged Lead Director, is the most appropriate leadership structure for the Board and the Company at this time.

Communicating with the Board

Stockholders may communicate with the members of the Board, the Lead Director or the non-management members of the Board as a group, by sending a written communication to NMI Holdings, Inc., Attention: Corporate Secretary, 2100 Powell Street, 12th Floor, Emeryville, CA 94608.

Board Committees

The Board has four committees: Audit; Compensation; Governance and Nominating; and Risk. Information regarding these committees, in each case describing the committee's purposes, responsibilities and authority, is provided below.

Written copies of the charters of each of these committees are available on our website at

ir.nationalmi.com/governance.cfm, and we will send copies to any stockholder who submits a written request to our Corporate Secretary.

Audit Committee

The members of the Audit Committee are Messrs. Embler and Montgomery and Ms. Muehlhauser, each of whom qualifies as an "independent" director as defined under the applicable rules and regulations of NASDAQ and the SEC. Mr. Embler is the chairperson of the Audit Committee, and each member of the Audit Committee serves as an "audit committee financial expert" as that term is defined in SEC rules. The Audit Committee met seven times in 2017.

The Audit Committee is responsible for, among other things, monitoring:

- the integrity of the financial statements of the Company;
- the independent auditor's qualifications and independence;
- the performance of the Company's internal audit function and independent auditors;
- the Company's system of disclosure controls and system of internal controls over financial reporting; and
- the Company's compliance with legal and regulatory requirements.

Audit Committee Report

Before we filed our Annual Report on Form 10-K for the year ended December 31, 2017 with the SEC, the Audit Committee reviewed and discussed with management our audited Consolidated Financial Statements for the year ended December 31, 2017, and the notes thereto and other financial information included in the report, including the section of the report entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations" (collectively, the 2017 10-K). The Audit Committee also discussed with BDO, our independent registered public accounting firm for 2017, the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Auditing Standard 1301 including, among other things, matters related to the conduct of the audit of our financial statements. The Audit Committee has received the written disclosures and the letter from BDO required by applicable requirements of the PCAOB regarding BDO's communications with the Audit Committee concerning independence and has discussed with BDO their independence from the Company.

Based on its reviews and discussions described above, the Audit Committee recommended to our Board that our audited financial statements be included in our 2017 10-K, which we filed with the SEC.

Compensation Committee

The members of the Compensation Committee are Messrs. Ozanne, Embler and Scheid, each of whom qualifies as an "independent" director as defined under the applicable rules and regulations of the NASDAQ and the SEC. Each member of the Compensation Committee is an outside director under Section 162(m) of the Internal Revenue Code. Mr. Ozanne is the chairperson of the Compensation Committee. The Compensation Committee met nine times in 2017.

The Compensation Committee is responsible for, among other things:

- overseeing our executive compensation program, including approving corporate goals relating to compensation for our CEO and other senior executives and determining the annual compensation of our CEO and other senior executives;
- reviewing and approving the compensation policy recommended by management with respect to other employees;
- determining, subject to ratification by our independent directors, the compensation of our independent directors;
- evaluating the relationship between our risk management practices and our compensation policies and practices applicable to all employees, including our CEO, to consider whether they encourage risk-taking that would be reasonably likely to have a material adverse effect on the Company;
- reviewing and approving incentive and equity-based compensation plans and grants; and
- preparing the Compensation Committee Report and reviewing any Compensation Discussion and Analysis included in our proxy statements, to the extent such disclosure is required by SEC rules. Notwithstanding that these rules are not yet applicable to us because we currently qualify as an EGC under the Jumpstart Our Business Startups Act, we have opted to include a Compensation Discussion and Analysis in this Proxy Statement below to enhance the disclosures and provide relevant information to investors about our compensation program and philosophy. See "Compensation of Named Executive Officers - Compensation Discussion and Analysis" below.

The Compensation Committee has authority to secure the services of independent, external advisers to be used by the Compensation Committee in the exercise of its responsibilities, including review of executive compensation, Board compensation and to perform any other analysis that the Compensation Committee deems appropriate. The Compensation Committee engaged

Semler Brossy Consulting Group, LLC (Semler Brossy or the Compensation Consultant), an independent compensation consultant, to assist it in evaluating executive and director compensation programs and levels. See "Compensation of Named Executive Officers - Compensation Discussion and Analysis - Our Process For Executive Compensation - Role of the Compensation Consultant" for more information about Semler Brossy and the services it provides to the Compensation Committee.

Governance and Nominating Committee

The members of the Governance and Nominating Committee are Messrs. Scheid, Jones and Ozanne, each of whom qualifies as an "independent" director under the applicable rules and regulations of the NASDAQ and the SEC. Mr. Scheid is the chairperson of our Governance and Nominating Committee. The Governance and Nominating Committee met four times in 2017.

The Governance and Nominating Committee is responsible for, among other things:

- identifying individuals qualified to become Board members and recommending to the Board nominees for election for the next annual meeting of stockholders;
- reviewing the qualifications and independence of the members of the Board and its committees on a regular periodic basis;
- recommending to the Board corporate governance guidelines and reviewing such guidelines, as well as the Governance and Nominating Committee charter, to confirm that they remain consistent with sound corporate governance practices and with any legal requirements;
- leading the Board in its annual review of the Board's and its committees' performance; and
- recommending committee assignments for members of the Board.

The Governance and Nominating Committee evaluates director candidates for the Company's nominees for the Board under the criteria described above under "Item 1 - Election of Directors - Information about Our Directors." The Governance and Nominating Committee will consider recommendations from stockholders regarding director candidates that are received in writing and accompanied by sufficient information to enable the Governance and Nominating Committee to assess the candidate's qualifications, along with confirmation of the candidate's consent to serve as a director if elected. Such recommendations should be sent to our Corporate Secretary. Any recommendation received from a stockholder after January 1 of any year is not assured of being considered for nomination in that year. The Governance and Nominating Committee will evaluate any director candidates recommended by stockholders using the same process and criteria that apply to candidates recommended by other sources.

Risk Committee

The members of the Risk Committee are Messrs. Jones and Montgomery and Ms. Muehlhauser, each of whom qualifies as an "independent" director as defined under the applicable rules and regulations of the NASDAQ and the SEC. Mr. Jones is the chairperson of our Risk Committee. The Risk Committee met four times in 2017.

The Risk Committee is responsible for oversight of the Company's management of key risks and exposures that could materially impact the Company and management's operation of the Company's mortgage insurance business and the management of the Company's investment portfolio, including, among other things:

- monitoring the performance of the Company's insured books of business and the principal factors affecting performance;
- discussing, reviewing and monitoring the Company's mortgage insurance products, including premium rates, underwriting guidelines and returns;
- reviewing and approving the Company's investment policy and reviewing the performance of the investment portfolio;
- reviewing the mortgage insurance operating environment, including the state of local and regional housing markets, competitive forces affecting the Company and the Company's relationships with residential mortgage lenders and investors;
- assisting the Board in its oversight of the Company's enterprise risk management approach, including the significant risk management policies, procedures and processes; and
- reviewing and approving the Company's directors and officers liability coverage for adequacy and scope.

Board Oversight of Risk

Our senior management is charged with identifying and managing the risks facing our business and operations. The

11

Board is responsible for oversight of how our senior management addresses these risks to the extent they are material. In this regard, the Board seeks to understand the material risks we face and to allocate, among the Board and its committees, responsibilities for overseeing how management addresses the risks, including the risk management systems and processes that management uses for this purpose. Overseeing risk is an ongoing process. Accordingly, the Board, assisted by the Risk Committee, considers risk throughout the year and also with respect to specific proposed actions.

The Board implements its risk oversight function both as a whole and through delegation to various committees. These committees meet regularly and report back to the Board. The Board committees play significant roles in carrying out the risk oversight function.

The Audit Committee oversees and reviews risks associated with financial accounting and reporting, including our system of internal controls, as well as fraud risk, information technology and cybersecurity risk, and major legislative and regulatory developments which could result in material financial risk exposures. In performing this function, the Audit Committee considers information from our independent registered public accounting firm and internal auditors and discusses relevant issues with management and the independent registered public accounting firm. The Audit Committee also reviews any proposed related person transactions to ensure that we do not engage in transactions that would create a conflict of interest that could result in harm to us.

The Compensation Committee evaluates the risks and rewards associated with our compensation philosophy and programs.

The Governance and Nominating Committee oversees our implementation of sound corporate governance principles and practices. In performing this function, the Governance and Nominating Committee periodically reviews and recommends changes to the Company's Corporate Governance Guidelines and recommends any additional actions related to governance matters that it may deem necessary or advisable from time to time.

The Risk Committee assists the Board in its oversight and review of information regarding our enterprise risk management approach and oversees risks related to our mortgage insurance business and investment portfolio. We believe that our leadership structure, discussed in "- Board Leadership" above, supports the risk oversight function of the Board. We have a combined Chairman of the Board and CEO that keeps the Board informed about the risks facing us. In addition, independent directors chair and make up the entire membership of the committees involved in risk oversight, and we have established a system of open communication between senior management and directors.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines, which set forth a framework for our governance. The Corporate Governance Guidelines cover the Board's membership criteria, director independence, director compensation, board meeting process, committee structure and succession planning. Among other things, the Board meets in executive sessions at which only independent directors are present at least twice annually, and the Lead Director presides over these sessions (unless the Lead Director delegates such responsibility to another independent director). See "- Board Leadership" above, for information regarding the Lead Director's responsibilities and authority. The Corporate Governance Guidelines also provide that a director shall not stand for re-election to the Board at the Company's annual meeting of stockholders following the attainment by the director of age 76. The Corporate Governance Guidelines also provide that a director who, during their tenure as a director (i) joins the board of directors of another company or (ii) experiences a change in their business or commercial activity, shall notify the Governance and Nominating Committee, which shall review the circumstances to determine the appropriateness of continued service by such director and make a recommendation to the Board, after which the remaining members of the Board shall determine the appropriateness of continued service by such director.

Stock Ownership Guidelines

The Corporate Governance Guidelines further state that directors shall comply with the Company's stock ownership guidelines, as adopted by the Board and amended from time to time. The Board has adopted a written Stock Ownership Policy applicable to the Company's executive officers and directors, other than any non-employee director who serves on the Board in fulfillment of his or her employment obligations to a non-affiliate of the Company and is required to transfer all or a portion of equity awards granted by the Company to their employer. None of our directors is currently under any such obligation. Under the current stock ownership guidelines, the total value of all shares of

common stock held by each non-employee director must equal or exceed five times such non-employee director's annual cash retainer (the stock ownership threshold), and each such director is required to hold 50% of shares delivered by the Company upon vesting or exercise of equity awards granted under the Company's equity plans, until the applicable stock ownership threshold has been met. For further discussion of the guidelines

applicable to executive officers under the Company's stock ownership policy, see "Compensation of Named Executive Officers - Compensation Discussion and Analysis - Other Aspects of our Executive Compensation Program - Stock Ownership by Executive Officers."

Business Conduct and Ethics Policy

Our Board has adopted a code of business conduct and ethics (the Business Conduct & Ethics Policy) that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and persons performing similar functions. If we amend or grant any waiver from a provision of our Business Conduct & Ethics Policy that applies to our executive officers, we will publicly disclose such amendment or waiver on our website as required by applicable law. In addition, written copies of the Corporate Governance Guidelines and the Business Conduct & Ethics Policy are available on our website at ir.nationalmi.com/governance.cfm, and we will send them to any stockholder who submits a written request to our Corporate Secretary.

Director Independence

Our Corporate Governance Guidelines regarding director independence are consistent with the applicable rules and regulations of the NASDAQ and the SEC. A director is independent under our Corporate Governance Guidelines if the Board has made an affirmative determination that the director has no material relationship with the Company that would impair his or her independent judgment (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company, or if an immediate family member has such a relationship). In the process of making such determinations, the Board will consider the nature, extent and materiality of the director's relationships with the Company and the Board will apply NASDAQ and SEC independence requirements. In accordance with our Corporate Governance Guidelines, our Board has determined that all of the current members of the Board, except Mr. Shuster, our CEO, are "independent" under the applicable rules and regulations of the NASDAQ and the SEC.

Related Person Transactions

In addition to the director and executive officer compensation arrangements discussed above under "Item 1 - Election of Directors - 2017 Director Compensation" and below under "Compensation of Named Executive Officers," the following is a summary of the material provisions of various transactions with our executive officers, director nominees, five percent or greater stockholders and any of their immediate family members or entities affiliated with them since January 1, 2017. We believe the terms and conditions set forth in such agreements are reasonable and customary for similar transactions.

Registration Rights Agreement

Concurrently with the consummation of the private placement of our Class A common stock in April 2012 (the Private Placement), we entered into a registration rights agreement for the benefit of our stockholders, which includes certain of our officers and directors, as well as our five percent or greater stockholders, with respect to our common stock sold in the Private Placement (the Registration Rights Agreement). Under the terms of the Registration Rights Agreement, we agreed, at our expense, to file with the SEC a shelf registration statement registering the resale of shares of our common stock sold in the Private Placement (the "shelf registration statement"). The shelf registration statement was initially filed with the SEC on June 21, 2013 and declared effective by the SEC on December 6, 2013. On August 21, 2015, the Company filed and the SEC declared effective a post-effective amendment to the shelf registration statement to deregister all of the shares of common stock that had not been sold pursuant to the shelf registration statement as of that date, because the Company's contractual obligation to maintain the effectiveness of the shelf registration statement had expired. We continue to have certain indemnification obligations under the Registration Rights Agreement. In fulfilling its obligations under the Registration Rights Agreement, to date the Company has incurred legal and filing fees of approximately \$1.65 million.

Statement of Policy Regarding Transactions with Related Persons

We have adopted a written Related Party Transaction Policy. Pursuant to this policy, our directors and director nominees, executive officers and holders of more than five percent of our common stock, including their immediate family members, (each, a related party) will not be permitted to enter into a transaction with us where the amount involved exceeds or is reasonably expected to exceed \$120,000 without the review and consent of our Audit Committee, or in certain circumstances, the Chair of the Audit Committee (Chair). Any request for us to enter into

such a transaction, where any such related party has a direct or indirect material interest, subject to certain exceptions, will be required to be presented by management to our Audit Committee or Chair, which will review and approve or disapprove such proposed transaction. In determining whether to approve a related party transaction, the Audit Committee or Chair, as applicable, shall consider:

13

- whether the transaction is on terms that are fair and reasonable to the Company and substantially the same as would apply if the other party was not a related party;
- the size of the transaction and the amount payable to the related party;
- the nature of the interest of the related party in the transaction;
- whether the transaction is in the business interests of the Company and in the interests of the Company's stockholders;
- whether the transaction may involve a conflict of interest or otherwise interfere with the objectivity and independence of the related party; and
- any other facts and circumstances that the members of the Committee or Chair, as applicable, deem relevant.

COMPENSATION OF NAMED EXECUTIVE OFFICERS

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes the objectives and components of our executive compensation program for our named executive officers (NEOs) and how we make compensation decisions. Our NEOs for the year ended December 31, 2017 were our CEO, Bradley M. Shuster, and our two other most highly compensated executive officers, Adam Pollitzer, our Chief Financial Officer (CFO), and Claudia J. Merkle, our Chief Operating Officer (COO), whose compensation is presented in the Summary Compensation Table and other compensation tables set forth below in this proxy statement.

Executive Summary

The following summarizes our Company's pay-for-performance objectives and key compensation-related actions that we took in 2017 and demonstrates the alignment of our executive compensation program with Company performance.

Overview of Our Performance in 2017

During 2017, we substantially achieved our core financial and business objectives, as follows:

Our book of insurance-in-force (IIF), the principal source of our future revenue, grew by 44% in 2017, principally as a result of strong new insurance written (NIW) in 2017 of \$21.6 billion, consisting of a higher percentage of monthly premium policies than in prior periods. For the year ended December 31, 2017, 81% of our NIW related to monthly premium policies, as compared to 67% at December 31, 2016 and 48% at December 31, 2015. As of December 31, 2017, monthly premium policies accounted for 69% of our primary IIF, as compared to 60% at December 31, 2016 and 47% at December 31, 2015.

• We continued to manage our expenses, driving our expense ratio down to 64.5% in 2017 compared to 84.4% in 2016. With an adjusted, annualized return on equity (ROE) of 11% for the fourth quarter ended December 31, 2017, we delivered on our goal of exiting 2017 with an adjusted ROE of approximately 10%.*

Continued strong revenues driving our sustained profitability to produce adjusted net income of \$38.3 million for the year ended December 31, 2017. Our net income in 2017 was adjusted to reflect a one-time non-cash expense of \$13.6 million primarily related to the re-measurement of the Company's net deferred tax asset as a result of the 2017 Tax Cuts and Jobs Act (TCJA), and a pre-tax non-cash expense of \$4.1 million related to the change in fair value of the Company's warrant liability as a result of the increase of its stock price.*

Expanded our third-party reinsurance program in 2017 to support our continued business growth by securing a new quota-share reinsurance agreement that covers eligible policies through December 31, 2019 and executing on an excess-of-loss capital markets reinsurance transaction that provided for up to \$211.3 million of aggregate excess-of-loss reinsurance coverage at inception for new defaults on an existing portfolio of our policies written from 2013 through December 31, 2016.

- Improved debt service terms under our existing credit agreement by reducing the interest rate, extending the maturity date from November 10, 2018 to November 10, 2019 and removing a liquidity covenant.

* Adjusted ROE and adjusted net income are non-GAAP measures. For a description of how we calculate these measures and for a reconciliation of these measures to their nearest comparable GAAP measures, see Appendix A.

Executive Compensation Highlights

Our executive officer compensation program is administered by the Compensation Committee of our Board (referred to as the Committee in this section). The Committee, among other things:

- Assists our Board in fulfilling its responsibilities related to the compensation of our CEO and other NEOs;
- Oversees the administration of our compensation plans, in particular our incentive compensation and equity-based plans;
- Evaluates performance in light of our annual goals and objectives; and
- Reviews and makes recommendations to our Board concerning director compensation.

See "Corporate Governance and Board Matters - Board Committees - Compensation Committee," above for additional information about the responsibilities of the Committee.

Executive Compensation Philosophy

We have designed our compensation program to attract, retain and motivate talented and qualified executives, while maximizing shareholder value creation over the long-term by targeting compensation levels that are competitive when measured against other companies within our industry and geographic location. With the Company located in the San Francisco Bay Area near Silicon Valley, we compete for talent with other firms that offer competitive compensation packages, including grants of significant equity stakes. We structure our compensation program to include a balanced portfolio with multiple elements, consisting of base salary, short-term annual incentive awards through our annual bonus plan and long-term incentive awards through a mix of equity-based awards for all of our NEOs, with emphasis on options and RSUs. We aim for total compensation that targets on average the midpoint of our peers.

The Committee and management believe our executive compensation program must be flexible, with annual incentive and equity awards that consider corporate performance, while rewarding individual efforts towards our corporate goals and performance targets, which in turn contributes to the successful development and growth of the Company. We have emphasized performance-based compensation primarily through annual cash-based awards that appropriately motivate executives and reward them for delivering financial, operational and strategic results that meet or exceed pre-established, Committee-approved goal targets, as reflected in our annual incentive bonus program. We have focused our equity awards primarily on a combination of (i) options, which align our executives' interests with those of our stockholders and the long-term interests of the Company, in that the value of options appreciates as our share value increases, and (ii) service-based RSU awards, which incentivize our executives to focus on sustainable growth of the company, while affording a retentive benefit to the Company.

Key matters addressed by the Committee with respect to 2017 compensation, included:

- In consultation with the Committee's Compensation Consultant, Semler Brossy, reviewing and amending the peer group used by the Company to evaluate compensation to better align the peer group with, among other factors, the Company's size, revenues, geographic scope, and industry. See "- Our Process for Executive Compensation - Benchmarking" below for further discussion of our peer group;

- Setting performance goals for the Company's 2017 bonus plan, including incentives to manage costs, write high-quality business to achieve sustainable revenues, achieve goals for adjusted net operating income and exit 2017 with an ROE of 10%;

- Setting target and maximum amounts for cash incentives under the 2017 bonus plan for our executive officers, subject to the achievement of specified, pre-approved performance goals;

- Developing a long-term performance-based equity grant for our CEO, with vesting contingent on the Company meeting certain ROE targets for fiscal years 2018 and 2019. See "- CEO Compensation" below for a description of our CEO's performance-based RSU award; and

- Developing an equity grant strategy for 2017 that included a mix of options and RSUs for our NEOs.

Executive Compensation Policies and Practices

Our compensation-related governance policies and practices align our executive compensation with long-term stockholder interests:

Stock Ownership Requirements. The Company's Stock Ownership Policy imposes rigorous stock ownership requirements on our NEOs, with our CEO required to hold Company shares equal to five times his base salary. The Stock Ownership Policy also includes a post-vesting share retention period until the applicable stock ownership threshold is met.

No Hedging and Pledging. Our policies prohibit our directors and NEOs from engaging in all forms of speculative transactions involving the Company's equity securities.

Clawback Policy. Our clawback policy applies to cash and equity-based incentive compensation.

Compensation Consultant Performs No Services for Us. The Compensation Consultant is retained by the Committee and performs no other services for the Company.

Compensation Risk Evaluation. Annually, the Committee reviews an executive compensation risk evaluation that is designed to ensure that our compensation program does not motivate excessive risk-taking and is not reasonably likely to have a material adverse effect on the Company.

Change-in-Control Severance Plan (CIC Severance Plan) Provides Limited Benefits. A "double trigger" is required before any severance benefits may be paid under the CIC Severance Plan, and cash severance under the plan does not exceed a multiple of 2.0 times an NEO's base salary and bonus.

No Tax Gross-Ups. We do not provide golden parachute excise tax gross-ups to any of our NEO's.

NMI Holdings, Inc. Amended and Restated 2014 Omnibus Incentive Plan (2014 Plan) Features.

• No granting of options with an exercise price less than the fair market value of our common stock on the date of grant;

• No re-pricing of options without stockholder approval;

• No payment of dividends before vesting;

• No recycling of shares tendered to or withheld by the Company to satisfy the exercise price of options or stock appreciation rights;

• No granting of more than 5% of awards under the plan with a vesting period of less than one-year (subject to limited exceptions); and

• Limits on non-employee director awards.

CEO Compensation

In 2017, the Committee approved a 5% increase to Mr. Shuster's base salary and target cash bonus. In order to further the alignment between CEO compensation and long-term stockholder interests, in February 2017, the Committee granted Mr. Shuster a multi-year performance-based RSU award with a target value of \$2.85 million, split into two equal tranches of 128,378 RSUs each, "Tranche 1" and "Tranche 2." Tranche 1 is eligible to vest on December 31, 2018 and Tranche 2 is eligible to vest on December 31, 2019, in each case, subject to Mr. Shuster's continued employment with the Company through the applicable vesting date, with vesting measured against 2018 and 2019 ROE targets, the "2018 ROE Goals" for Tranche 1 and the "2019 ROE Goals," for Tranche 2. The actual number of shares subject to Tranche 1 and Tranche 2 that are potentially earned will be based on the satisfaction of the 2018 and 2019 ROE Goals, respectively. The 2018 ROE Goals were established by the Committee in February 2017 when the grant was made, and as provided under the terms of the award agreement, the 2019 ROE Goals were established by the Committee in February 2018.

The chart below illustrates the 2018 ROE Goals for Tranche 1.

* multiplied by 4, which product is divided by the average shareholders' equity for the fourth quarter of 2018. With respect to its determination of whether the 2018 or 2019 ROE Goals have been met, the Committee reserves discretion as provided under the award agreement and 2014 Plan.

The chart below illustrates the components of our CEO's total annualized compensation for fiscal year 2017, in which 50% of the CEO's total annualized compensation was performance-based.

Stockholder Engagement

From time to time, management engages with interested stockholders to discuss potential alignment on our executive compensation practices and philosophy. We believe our equity compensation plan is viewed favorably by the majority of our stockholders, as evidenced by the 2014 Plan garnering approval by 71% of stockholders casting a vote for or against the 2014 Plan in 2017. The Committee takes into consideration stockholder input when it reviews the Company's compensation philosophy and plan design.

Our Process For Executive Compensation

Role of the Compensation Committee

The Committee, which consists solely of independent directors, is responsible for overseeing the development and administration of our executive compensation program. The Committee reviews market pay and performance levels, with the help of its Compensation Consultant, on a regular basis. The Committee evaluates Company performance against operation plans and budgets, pay and performance levels at comparable companies and in the context of the broader economy. The Committee retains final discretion in determining annual incentive awards and the vesting of the CEO's performance-based equity awards. In general, the Committee evaluates whether the Company has met the pre-established metrics under the annual bonus plan and makes its final determination of annual bonus awards and achievement of awards earned based on long-term performance in the first quarter following the end of each performance period.

The Committee maintains an annual agenda to help ensure that it discharges its duties in a thoughtful and timely manner. Each meeting has a primary purpose, and as a general practice, the Committee makes significant decisions over multiple meetings, discussing conceptual matters, reviewing preliminary recommendations and reviewing final recommendations before acting. The Committee also holds special meetings as necessary in order to perform its duties. In 2017, the Committee held nine meetings, devoting significant time and attention to management compensation.

Role of the Compensation Consultant

Since 2012, the Committee has used the services of Semler Brossy to assist it in evaluating executive and director compensation programs and levels. During 2017, Semler Brossy assisted the Committee with compensation for non-employee members of our Board and senior executive officers (including our CEO); long-term and annual incentive award design; an assessment of the risks associated with the Company's overall compensation policies and practices; and understanding trends in executive and board compensation. In addition, Semler Brossy assisted the Committee with its review and selection of a new peer group; provided the Committee with data on compensation levels and programs, including at peer companies, to ensure that our executive officers' total compensation opportunities were market competitive; and provided the Committee with data and analysis to assist with developing amendments for the 2014 Plan. Semler Brossy does not provide any other services directly to the Company. The Committee has assessed Semler Brossy's independence, taking into consideration the factors listed in NASDAQ Listing Rule 5605(d)(3)(D), and has determined that its work with the Company does not raise any conflicts of interest.

Role of the CEO

As part of its review and determination of the Company's executive compensation objectives, philosophy, programs and decisions, the Committee works with and receives advice and recommendations from our CEO (other than with respect to his own compensation). At the beginning of each year, our CEO oversees the development of corporate and individual goals for purposes of annual and long-term compensation of each NEO (other than himself). These goals are derived from our corporate business plan and include both quantitative measurements and qualitative considerations selected to reinforce and enhance achievement of our operating and growth objectives. At the end of each year, our CEO reviews with the Committee the achievement of goals and the performance of our NEOs (other than himself) and presents his recommendations regarding adjustments to compensation to ensure alignment of stockholder interests with each executive's goals as well as to reward the executive for performance. The Committee considers our CEO's recommendations, together with review by the Committee's compensation consultant, in making independent determinations regarding executive compensation. Based on our CEO's day-to-day management of our NEOs, he is well-positioned to evaluate their performance and make recommendations as to their overall performance. As such, our CEO attends all Committee meetings, other than those portions that are held in executive session, and he is not present during deliberations on matters involving his own compensation.

Benchmarking

Our executive compensation philosophy emphasizes competitive objectives for executive pay. We prefer a flexible range to a single point to provide the Committee the discretion needed to discharge its duties, while being mindful of individual differences such as tenure and performance. Elements of compensation that are benchmarked, separately

and in the aggregate, include base salary, cash-based annual incentive awards and long-term equity incentive awards. With respect to our NEOs, in 2017 the Committee focused on the Company's three direct pure-play competitors within the mortgage insurance industry: Essent Group Ltd., Radian Group, Inc., and MGIC Investment Corporation. In addition, the Committee supplemented the peer data with relevant survey information from companies of similar size and geographic scope. Two key factors played a role in the Company's competitive benchmarking approach: NMI's size as a recent public company and the limited number of direct business comparators within the mortgage insurance industry. The Committee chose these companies to permit pay to be evaluated in a context that considers businesses with similar exposure to economic forces and business cycles.

For fiscal year 2018 compensation decisions, the Committee expanded the compensation peer group to include appropriately sized companies outside of the mortgage insurance industry, including in insurance and thrifts and mortgage finance. The companies were identified based on the consideration of size (measured by revenue and market capitalization), as well as IPO date, recent growth patterns, geographical scope, and the companies with which we compete for executive talent. The Committee determined it was important to benchmark compensation against a broader data set as the Company continues to grow in size and as its compensation design continues to evolve.

Our peer group for fiscal year 2018 consists of the companies listed below:

Compensation Program Details

Base Salary

Base salaries provide our NEOs with fixed cash compensation for service during the year, with consideration given to the scope of each NEO's responsibilities, experience and other qualifications essential to the NEO's role. The following table shows our NEOs' annual base salaries as of December 31, 2017.

NEO	2017 Annual Base Salary
Bradley M. Shuster	\$787,500
Adam S. Pollitzer	\$437,500
Claudia J. Merkle	\$464,000

In 2018, the Committee increased annual base salaries for each of our NEOs to better align their compensation with those holding similar positions within our newly developed peer group, to recognize the breadth of oversight of our CEO and other NEOs in that all substantive functional areas of the Company, including operations, sales, information technology, risk, legal, government relations, finance, treasury and human resources report to or through these individuals, in recognition of Company performance as a whole and the individual contributions of our NEOs to our growth and success.

Annual Bonus Plan

In order to appropriately motivate and reward our employees, including our NEOs, and to further align pay and Company performance, in 2017, we established an annual bonus program that provided for cash bonuses awarded based upon the achievement of annual Company and individual performance goals. Our annual incentive plans are designed to reward outstanding performance significantly above the targeted range in the case of outstanding performance; conversely, when performance is below expectations, our plans are designed to permit the Committee to reduce or eliminate certain compensation elements. Our 2017 bonus plan was established under our 2014 Plan, with goals that are consistent with the performance goals specified in our 2014 Plan. Our 2017 bonus plan established an overall threshold performance goal that required the company to achieve \$20 million of adjusted net operating income (based on the Company's 2017 year end audited financial statements). No payouts would have been made if this adjusted net operating income performance goal had not been attained. This amount created a funding threshold for the 2017 bonus plan, and the Committee then used negative discretion to reduce the payout to each NEO in accordance with the corporate performance goals described below. See Appendix A for a description of how we calculate adjusted net operating income for the 2017 bonus plan's threshold performance goal. To be eligible to receive any bonus, each executive must be employed with the Company at the time we pay such bonus.

The following table sets forth the target awards established by the Committee for our NEOs for fiscal year 2017.

NEO	Target Award % of Salary	2017 Target Award
Bradley M. Shuster	100%	\$787,500
Adam S. Pollitzer	100%	\$437,500
Claudia J. Merkle	100%	\$464,000

The following table sets forth the performance goals and weightings established by the Committee for our fiscal year 2017 bonus plan, compared to our fiscal year 2016 bonus plan.

Performance Goals	2016 Weighting	2017 Weighting
4Q'17 Return on Equity	—	30%
Adjusted Net Operating Income	45%	30%
New Insurance Written	45%	25%
Adjusted Expense Ratio	10%	15%

In 2017, the Company performance goals included operational goals related to continued development of new insurance written, adjusted net operating income and management of costs, as well as a fourth quarter 2017 exit ROE target of 10%. Each goal was intended to support and align with the Company's short- and long-term strategic objectives and to ensure an appropriate level of competitiveness within the marketplace, without encouraging unnecessary or excessive risk-taking. These goals were developed by the executive management team and approved by the Committee at the beginning of 2017. The operational goals for 2016 were the same as in 2017, other than the ROE target. The Committee added the ROE target in 2017 to incentivize management to engage in business initiatives designed to deliver at least a mid-teen return over the long-term, which aligns the direction of the Company with the long-term interests of stockholders.

Individual performance factors for each NEO other than our CEO, weighted at a reference of 20%, were proposed to the Committee by our CEO and approved by the Committee. Our CEO's bonus payment is determined solely by the Committee in consultation with the Compensation Consultant and is primarily based on the Company's achievement of the performance goals. The Committee considers the Company's achievement against the performance goals and the weightings thereof, as well as the relative weightings of individual vs. corporate factors in reaching its final conclusion with respect to individual achievement and awards for all NEOs under the annual bonus plan. The Committee retains discretion and flexibility, as it determines appropriate, to make its final bonus payment decisions for our NEOs' awards, including to reduce any such amount to zero based on an individual NEO's performance. After evaluating the Company's achievement of the 2017 performance goals and each NEO's individual performance, the Committee approved payment of bonuses to our NEOs, with awards ranging from 128% to 135% of target for the NEOs.

Long-term Incentive Program

Our NEOs may be awarded equity at the discretion of the Committee under the Company's equity plans. Equity awards are intended to further align the interests of our NEOs with the interests of our stockholders and emphasize long-term performance

by linking compensation to share price appreciation over a multi-year period and support the retention of our management team. As determined annually by the Committee, our annual equity award program for NEOs has primarily focused on grants of stock options and RSUs that vest over a three-year period, subject to continued employment.

During fiscal year 2017, the Committee awarded the equity awards shown in the table below to our NEOs as a part of their target compensation package. Each of these awards vests in thirds over a three-year period.

NEO	Number of Restricted Stock Units	Number of Securities Underlying Options	Grant Date Fair Value of Stock and Options
Bradley M. Shuster	—	330,788	\$1,300,223
Adam S. Pollitzer	23,148	68,893	\$499,997
Claudia J. Merkle	26,126	73,791	\$580,048

In addition, in order to further the alignment between CEO compensation and stockholder interests, in February 2017, the Committee granted Mr. Shuster a multi-year performance-based RSU award. See "- Executive Summary - CEO Compensation," above for a description of Mr. Shuster's multi-year performance-based RSU award. Further, in connection with hiring Mr. Pollitzer in 2017, the Committee granted Mr. Pollitzer a five-year service-based RSU award to induce Mr. Pollitzer to join and stay with the Company and to align Mr. Pollitzer's interests with those of stockholders to achieve sustained growth and success of the Company over the long-term. The following table shows Mr. Shuster's and Mr. Pollitzer's additional 2017 equity awards.

NEO	Number of Restricted Stock Units	Grant Date Fair Value of Stock Awards
Bradley M. Shuster	128,378	\$1,424,996
Adam S. Pollitzer	185,185	\$1,999,998

Retirement Plan

Since 2014, the Company has offered a tax-qualified defined contribution retirement savings plan (401(k) Plan), pursuant to which our employees, including our NEOs, are able to contribute a percentage of their annual compensation on a pre- and post-tax basis, up to the limits prescribed by the Internal Revenue Service. Each pay period, we offer a 401(k) Company matching contribution for eligible employees who participate in the 401(k) Plan, including our NEOs, of up to 4% of an employee's eligible compensation. Generally, "eligible compensation" used for purposes of calculating contributions under the 401(k) Plan is the amount paid to the employee as base salary, overtime earnings, bonuses and commissions. Each of our NEOs was eligible to participate in the 401(k) Plan in 2017. The Company does not sponsor any nonqualified deferred compensation plans or pension plans.

Executive Cash Allowance Program

The Company includes in the annual compensation of each NEO a standardized, fixed cash amount to be used at the discretion of the executive officer, in lieu of individualized perquisite programs. In 2017, the additional compensation under this program was \$38,400 for Mr. Shuster, \$30,000 for Ms. Merkle and \$20,000 for Mr. Pollitzer (which for Mr. Pollitzer was pro-rated based on an annualized amount of \$30,000).

Other Aspects of our Executive Compensation Program

Stock Ownership by Executive Officers

Our Stock Ownership Policy, which is administered by the Committee, is applicable to the Company's executive officers and non-employee directors. These guidelines were adopted to further underscore that management's interests should be aligned with those of our stockholders. Stock considered owned under the policy includes (i) common shares owned outright by the executive; (ii) shares underlying unvested RSUs; and (iii) "in-the-money" vested options. Under the policy, the total value of all shares of the Company's common stock held by each executive officer must equal or exceed the following multiples of their respective base salaries:

CEO	5.0 x base salary
President	3.0 x base salary
EVPs	3.0 x base salary

Each executive officer is required to hold 50% of shares delivered by the Company upon vesting or exercise of equity awards granted under the Company's equity plans, until the applicable stock ownership threshold has been met. Under the policy, each executive officer is expected to meet the guideline within five years of becoming a participant under the policy. As of December 31, 2017, each of our NEOs met the stock ownership requirement.

Hedging and Pledging Prohibitions

Our executive officers and directors are subject to the Company's Insider Trading and Information Policy, which prohibits them from engaging in all forms of speculative transactions involving the Company's equity securities. In addition, our executive officers and directors may not hold Company securities in a margin account or pledge such securities as collateral for a loan.

Clawback Policy

In, 2017, the Committee adopted a Clawback Policy that allows the Company to recover certain cash and equity-based incentive compensation provided to certain covered individuals (including the Company's NEOs) after February 9, 2017, if the Company is required to prepare a material accounting restatement due to its material noncompliance with financial reporting requirements under the securities laws. Mr. Shuster's employment agreement and Mr. Pollitzer's offer letter (each described below under "Compensation and Related Tables - Employment Arrangements with our NEOs"), each explicitly provide that their compensation is subject to the Company's Clawback Policy.

Tax Considerations and Deductibility of Compensation

Prior to December 22, 2017, when the TCJA was signed into law, Section 162(m) of the Internal Revenue Code generally disallowed a tax deduction to publicly held companies for compensation paid to certain executive officers in excess of \$1 million per officer in any year that did not qualify as performance-based. In connection with fiscal 2017 compensation decisions, the Committee considered the potential tax deductibility of executive compensation under Section 162(m) and sought to qualify certain elements of these applicable executives' compensation as performance-based while also delivering competitive levels and forms of compensation.

Under the TCJA, the performance-based exception has been repealed. Additionally, any executive subject to the limit in one year will be subject to the limit in future years, even if the executive would otherwise have been subject to the limit for the future year. The new rules generally apply to taxable years beginning after December 31, 2017, but do not apply to remuneration provided pursuant to a written binding contract in effect on November 2, 2017 that is not modified in any material respect after that date.

Because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exception to the deduction limit for performance-based compensation, no assurance can be given that compensation intended to satisfy the requirements for exception from the Section 162(m) deduction limit will, in fact, satisfy the exception. The Committee reserves the right to grant or pay compensation that is not deductible as a result of Section 162(m), as well as the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with the Company's business needs.

Severance Plan

In 2016, the Committee adopted a Severance Plan, which provides for payment of cash severance and health coverage upon certain involuntary terminations of employment by the Company, as specified in the Severance Plan, including a work-force

reduction, elimination of an eligible employee's position, lack of work or any other reason approved in the sole discretion of the Company (each a Terminating Event). The Severance Plan applies to all of the Company's regular full- or part-time employees, including our NEOs who do not have employment agreements. Each of our NEOs is eligible to participate in the Severance Plan, except our CEO, who is currently party to an employment agreement with the Company. Upon a Terminating Event, subject to certain conditions including the applicable executive's execution and non-revocation of a separation agreement and release, the Severance Plan provides that an eligible NEO would receive three months' base salary and three months' of health coverage contributions for each year of service, with a maximum benefit of 12 months' base salary and 12 months' of health coverage contributions.

Change in Control Severance Plan (CIC Severance Plan)

In 2017, the Committee adopted the CIC Severance Plan. The CIC Severance Plan contemplates that the Committee will designate from time to time, in its sole discretion, the executive officers who are eligible to receive benefits under the CIC Severance Plan. The Committee has designated each of the Company's executive officers as participants in the CIC Severance Plan (Designated Participants). Each executive designated by the Committee to receive benefits under the CIC Severance Plan has received a "participation notice," confirming the terms of their participation, including (i) a severance multiple for purposes of determining the participant's cash severance amount (Severance Multiple) and (ii) the period of time during which the participant is eligible for medical insurance premium reimbursements (COBRA Period).

The Committee named each of the Company's NEOs as participants at the following Severance Multiple and COBRA Period:

NEO	Severance Multiple	COBRA Period
Bradley M. Shuster	2x	24 months
Adam S. Pollitzer	1.5x	18 months
Claudia J. Merkle	1.5x	18 months

The CIC Severance Plan includes a "double-trigger" to be eligible for benefits. The CIC Severance Plan provides that upon a participant's termination of employment without "Cause" or for "Good Reason," (in each case as defined in the CIC Severance Plan) within 24 months after a "Change in Control," (as defined in the CIC Severance Plan) or six months before a Change in Control (if the termination within that six month period occurs after a definitive agreement that contemplates such Change in Control is executed and the Change in Control occurs), such participant shall be entitled to the following payments, subject to the participant's execution and non-revocation of a release of claims: (i) a lump sum cash payment equal to (A) the sum of the participant's base salary and target discretionary bonus, in each case, as in effect immediately prior to the termination, multiplied by (B) the participant's Severance Multiple; (ii) a lump sum cash payment equal to the cost of medical insurance premiums for the duration of the participant's COBRA Period; (iii) a lump sum cash payment equal to the participant's target discretionary bonus for the fiscal year in which the participant is terminated, pro-rated through the date of termination as described in the CIC Severance Plan; and (iv) any other earned and vested amounts or benefits that the Company is required to pay or provide or for which the participant is eligible to receive from the Company through the date of the termination, to the extent not yet paid or provided.

Upon its adoption, change in control severance benefits under the CIC Severance Plan replaced any change in control severance benefits that were otherwise payable to the Designated Participants, including Mr. Shuster and Mr. Pollitzer, under another severance plan, program, policy or agreement maintained by the Company and will be paid in lieu of, and not in addition to, any other severance benefits to which such Designated Participants may have been entitled upon a severance-qualifying termination of employment under the CIC Severance Plan.

(1) The bonus amounts for each fiscal year presented include each NEO's annual incentive bonus that was earned in such year but awarded at the discretion of the Committee and paid in the subsequent fiscal year.

Represents the grant date fair value of the RSUs granted to our NEOs in the respective fiscal year, calculated in accordance with FASB ASC Topic 718, Compensation-Stock Compensation (ASC Topic 718). See Note 10, "Share-Based Compensation" of our consolidated financial statements filed with the SEC on Form 10-K for the fiscal year ended December 31, 2017 for an explanation of the assumptions made in valuing these awards. For Mr.

Shuster, the amount in this column represents the grant date fair value of Tranche 1 of his performance-based RSUs granted to him in February 2017, assuming achievement at the target level of performance. The value of Tranche 1 on the grant date would have been \$1,781,239, assuming achievement at the max level of performance. Represents the grant date fair value of stock options granted to our NEOs in the respective fiscal year, calculated in accordance with ASC Topic 718. See Note 10, "Share-Based Compensation" of our consolidated financial statements filed with the SEC on Form 10-K for the fiscal year ended December 31, 2017 for an explanation of the assumptions made in valuing these awards.

(3) The amounts shown in this column represent each NEO's 2017 annual incentive bonus that was earned in 2017 but awarded and paid in 2018. The 2017 bonus plan was established and paid under the 2014 Plan. See "Compensation Discussion and Analysis - Elements of Executive Compensation Program - Compensation Program Details - Annual Bonus Plan," above for a discussion of our NEO's fiscal year 2017 bonuses.

(4) The Company includes in the annual compensation of each NEO a standardized, fixed cash amount to be used at the discretion of the executive officer, in lieu of individualized perquisite programs. In each of the years presented, the additional compensation under this program was \$38,400 for Mr. Shuster and \$30,000 for Ms. Merkle, and in 2017, Mr. Pollitzer received \$20,000, prorated from an annualized amount of \$30,000. In 2017, the additional compensation for Mr. Pollitzer also included \$330,526 of relocation benefits paid pursuant to his offer letter. See "Employment Arrangements with our NEOs - Employment Arrangement with Adam Pollitzer," below for a description of Mr. Pollitzer's relocation benefits. The amounts in this column also include Company matching

contributions under the Company's 401(k) plan, as discussed above in "Compensation Discussion and Analysis - Elements of Executive Compensation Program - Compensation Program Details - Retirement Plan."

Employment Arrangements with our NEOs

The following is a summary of the material terms of our employment arrangements with each of our NEOs, including our employment agreement with Mr. Shuster. Each of our NEOs has received equity awards under our 2014 Plan and 2012 Stock Incentive Plan (2012 Plan) and remains eligible to receive future equity grants under both equity plans. Our NEOs' 2017 equity awards are described and quantified below under "- Grants of Plan-Based Awards for 2017." See "- Outstanding Equity Awards at 2017 Fiscal Year-End," below, for a summary of our NEOs' outstanding equity awards as of December 31, 2017. Further, each NEO is eligible to participate in the Company's benefit plans, including the Company's 401(k) retirement plan, the Severance Plan (other than Mr. Shuster, whose employment agreement controls), the CIC Severance Plan and the executive cash allowance program, as discussed above in "- Elements of Executive Compensation Program" and "Compensation Discussion and Analysis - Elements of Executive Compensation Program - Compensation Program Details - Executive Cash Allowance Program."

Employment Agreement with Bradley M. Shuster

Mr. Shuster serves as the Company's CEO pursuant to his December 2015 amended and restated employment agreement. The term of Mr. Shuster's employment agreement ends on December 31, 2018, unless terminated earlier pursuant to its terms. Mr. Shuster's employment agreement contains the following key elements:

Mr. Shuster's annual base salary and target bonus opportunity are determined annually by the Committee. In 2017, Mr. Shuster's annual base salary was \$787,500, with a target bonus opportunity of 100% of his annual base salary, payment of which is discretionary and conditioned on the attainment of certain corporate performance conditions as determined by the Committee in its discretion.

Mr. Shuster will receive employee benefits on a basis no less favorable than those provided to our other senior executives, including participation in the Company's 401(k) plan and executive cash allowance program, as discussed above in "Compensation Discussion and Analysis - Elements of Executive Compensation Program."

Mr. Shuster's employment agreement provides for certain severance benefits, including if the Company terminates his employment without cause or for good reason. See below under "- Potential Payments Upon Termination of Employment or Change in Control as of December 31, 2017" for a description of the severance benefits that Mr. Shuster would have been eligible to receive as of December 31, 2017. In 2017, Mr. Shuster's change-in-control severance benefits under his employment agreement were replaced by the severance benefits under the Company's CIC Severance Plan and will be paid in lieu of, and not in addition to, the severance benefits described in Mr. Shuster's employment agreement, upon a severance-qualifying termination of employment under the CIC Severance Plan. See "Compensation Discussion and Analysis - Other Aspects of our Executive Compensation Program - Change In Control Severance Plan," above.

Employment Arrangement with Adam Pollitzer

On February 1, 2017, we entered into an offer letter with Mr. Pollitzer, who currently serves as our CFO. Mr. Pollitzer's offer letter provides that his employment with the Company is on an at-will basis. Pursuant to the offer letter, Mr. Pollitzer's 2017 annual base salary was \$437,500. Mr. Pollitzer is also eligible for a discretionary annual cash bonus, with a current target annual bonus opportunity of 100% of his annual base salary, conditioned on the attainment of certain corporate and individual performance conditions and determination by the Committee under the annual bonus plan. With respect to any discretionary bonus, Mr. Pollitzer must be employed by the Company at the time of payment of any such bonus in order to be eligible to receive such bonus. Pursuant to the offer letter, the Company made certain equity-based awards to Mr. Pollitzer in 2017, including an annual discretionary grant and supplemental inducement grant. Mr. Pollitzer's 2017 equity grants are further described and quantified below under "- Grants of Plan-Based Awards for 2017." The Company further agreed to provide Mr. Pollitzer with certain relocation and commuting benefits, subject to certain limits and conditions as described in the offer letter. Mr. Pollitzer's relocation benefits included, among other benefits, a one-time \$100,000 relocation bonus, a 6-month housing allowance of \$5,000 per month, and reimbursement of airfare and costs associated with (i) moving (up to \$35,000), (ii) the potential seller's costs incurred in the sale of the home from which he relocated (capped at 6% of the sale price) and (iii) either his purchase or rental (but not both) of a home in Northern California. In addition, Mr. Pollitzer's offer letter provided for certain change-in-control severance benefits, which were replaced by the severance benefits under the Company's CIC Severance Plan which will be paid in lieu of, and not in addition to, the severance benefits

described in his offer letter, upon a severance-qualifying termination of employment under the CIC Severance Plan. See "Compensation Discussion and Analysis - Other Aspects of our Executive Compensation Program - Change In Control Severance Plan," above. See below under "- Potential Payments Upon Termination of Employment or Change in Control as of December 31, 2017" for a description of the severance benefits that Mr. Pollitzer would have been eligible to receive as of December 31, 2017.

Employment Arrangement with Claudia J. Merkle

Ms. Merkle serves as our COO and her employment with the Company is on an at-will basis and not pursuant to an offer letter or agreement. In 2017, Ms. Merkle's annual base salary was \$464,000. Ms. Merkle is eligible for a discretionary annual cash bonus, with a current target annual bonus opportunity of 100% of her annual base salary, conditioned on the attainment of certain corporate and individual performance conditions and determination by the Committee under the annual bonus plan. In addition, Ms. Merkle is entitled to accelerated vesting of her outstanding equity awards upon certain qualifying terminations of employment or a "change in control" under the terms of her equity award agreements under the 2012 Plan and 2014 Plan, as described below under "- Potential Payments Upon Termination of Employment or Change in Control as of December 31, 2017." Further, Ms. Merkle is eligible to receive certain severance benefits if there is a qualifying termination of employment within two years following a "change in control" under the Company's CIC Severance Plan, as described above under "Compensation Discussion and Analysis - Other Aspects of our Executive Compensation Program - Change in Control Severance Plan."

- (1) Compensation column of the 2017 Summary Compensation Table, above. See "Compensation Discussion and Analysis - Elements of Executive Compensation Program - Compensation Program Details - Annual Bonus Plan" for more information.

Mr. Shuster's performance-based RSUs are eligible to vest on December 31, 2018 for Tranche 1 and December 31, 2019 for Tranche 2, in each case, subject to Mr. Shuster's continued employment with the Company through the applicable vesting date. The actual number of shares subject to Tranche 1 and Tranche 2 that are potentially earned

- (2) will be based on the satisfaction of the 2018 ROE Goals and the 2019 ROE Goals, respectively. Tranche 2 is not reported in the table above because the grant date for Tranche 2 is February 7, 2018. See "Compensation Discussion and Analysis - Executive Summary - CEO Compensation," above for a description of Mr. Shuster's performance-based RSU grant.

- (3) These stock option grants vest in 1/3 increments (rounded down to the nearest whole share) on the first, second, and third anniversaries of the grant date.

The amounts included in this column reflect the grant date fair value of stock option and RSU awards to our NEOs in 2017. The grant date fair value was determined in accordance with ASC Topic 718. For Mr. Shuster, the amount

- (4) in this column represents the grant date fair value of Tranche 1 of his performance-based RSUs granted to him in February 2017, assuming achievement at the target level of performance. The value of Tranche 1 on the grant date would have been \$1,781,239, assuming achievement at the max level of performance.

- (5) These RSU grants vest in 1/3 increments (rounded down to the nearest whole share) on the first, second and third anniversaries of the grant date.

The Company made this inducement-based equity award of RSUs to Mr. Pollitzer in connection with entering into

- (6) Mr. Pollitzer's offer letter. This RSU grant vests in 1/5 increments (rounded down to the nearest whole share) on the first through fifth anniversaries of the grant date.

While the vesting of the equity awards granted to our NEOs generally requires continued service through the applicable vesting date, in some instances the vesting of such equity awards will be accelerated upon a qualifying

termination of employment or a change in control. For a further description of the treatment of equity upon certain qualifying terminations of employment or a change in control, see "- Potential Payments Upon Termination of Employment or Change in Control as of December 31, 2017" below.

Potential Payments upon Termination of Employment or Change in Control as of December 31, 2017

Termination of Employment without Cause or Resignation with Good Reason

Shuster Employment Agreement and Equity Grants

Mr. Shuster's employment agreement provides for enhanced severance benefits, as shown in the table below, if his employment is terminated by us without "cause" or by him for "good reason" (each as defined in his employment agreement) during the term of his employment period (but not within two years following a "change in control"), subject to his execution and non-revocation of a release (a termination release). In addition, the terms of Mr. Shuster's equity grants under the 2012 and 2014 Plans provide that, upon a termination of employment without "cause" or for "good reason," (each, as defined in Mr. Shuster's employment agreement) all of Mr. Shuster's outstanding stock options and unvested, time-vested RSUs shall immediately vest and such stock options shall become and remain exercisable for 90 days from such termination. In addition, the performance-based RSUs held by Mr. Shuster would remain outstanding and would vest subject to achievement of the specified performance goals, as determined by the Compensation Committee in accordance with the terms of the award agreement.

Pollitzer Equity Grants

Under the terms of Mr. Pollitzer's RSU grants under the 2014 Plan, if his employment is terminated by us without "cause," as defined in the 2014 Plan, subject to Mr. Pollitzer having served as an employee of the Company for at least one year, a prorated portion of his outstanding unvested RSUs that would have vested on the next vesting date would vest, based on the number of days that he was employed during the applicable vesting term. Under the terms of Mr. Pollitzer's stock option grant under the 2012 Plan, if his employment is terminated by us without "cause," as defined in the 2012 Plan, all of the outstanding stock options held by Mr. Pollitzer would immediately vest and become and remain exercisable for 90 days from such termination.

Merkle Equity Grants

Under the terms of Ms. Merkle's stock option grants under the 2012 and 2014 Plan, if her employment is terminated by us without "cause," as defined in the 2012 and 2014 Plan, as applicable, a prorated portion of her outstanding unvested stock options that would have vested on the next vesting date would vest and become exercisable, based on the number of days that she was employed during the applicable vesting term. If these vestings were to occur, Ms. Merkle would have 90 days following such termination of employment to exercise such vested stock options.

Severance Plan Benefits

Ms. Merkle and Mr. Pollitzer are eligible to participate in the Severance Plan in the event their employment is terminated as a result of a Terminating Event. See "Compensation Discussion and Analysis - Other Aspects of our Executive Compensation Program - Severance Plan," above. Upon a Terminating Event as of December 31, 2017, subject to the executive's execution of a termination release, under the terms of the Severance Plan, Ms. Merkle would have received 12 months' base salary and 12 months' of health coverage contributions and Mr. Pollitzer would have received three months' base salary and three months' of health coverage contributions.

Termination of Employment for Cause or Resignation without Good Reason

Mr. Shuster's employment agreement provides that upon a termination of employment for "cause" or his resignation of employment without "good reason," he is entitled to payment of any earned but unpaid base salary and earned and awarded but unpaid annual bonus for a prior award period, as of the date of termination of employment, (other than any portion of such annual bonus that was previously deferred which shall instead be paid in accordance with the applicable deferral arrangement) (collectively, the Accrued Compensation) and any accrued and unpaid benefits, including accrued paid-time off and the timely payment of any amounts due and payable under any of our applicable plans, programs, policies or practices (collectively, the Accrued Benefits). For each of our NEOs, all unvested equity awards will be forfeited following a termination of employment for "cause" or the executive's resignation of employment without "good reason."

Termination of Employment Due to Death or Disability

Upon a termination of employment due to death or disability, our NEOs are entitled to payment of accrued and unpaid base salary, as of the date of termination of employment, and Accrued Benefits. Under each of our NEO's equity awards under the 2012 and 2014 Plan (other than Mr. Shuster's performance RSUs), if an NEO's employment is terminated due to death or disability, a prorated portion of the executive's outstanding unvested equity awards that

would have vested on the next vesting date would vest, based on the number of days that the executive was employed during the applicable vesting term. Any such vested options would become and remain exercisable until the first anniversary of the related termination of employment due to death or disability. Under the terms of Mr. Shuster's performance RSUs, if Mr. Shuster's employment is terminated due to death

or disability, as defined in his employment agreement, all of his unvested RSUs shall vest immediately at target and be deemed to be fully earned and payable.

Change in Control

Our NEOs' severance benefits following a change in control are provided under the Company's CIC Severance Plan. See "Compensation Discussion and Analysis - Other Aspects of our Executive Compensation Program - Change in Control Severance Plan," above. Under the CIC Severance Plan, upon a participant's termination of employment without "Cause" or for "Good Reason," (in each case as defined in the CIC Severance Plan) within 24 months after a "Change in Control," (as defined in the CIC Severance Plan) or six months before a Change in Control (if the termination within that six month period occurs after a definitive agreement that contemplates such Change in Control is executed and the Change in Control occurs), such participant shall be entitled to the following payments, subject to the participant's execution and non-revocation of a release of claims: (i) a lump sum cash payment equal to (A) the sum of the participant's base salary and target discretionary bonus, in each case, as in effect immediately prior to the termination, multiplied by (B) the participant's Severance Multiple; (ii) a lump sum cash payment equal to the cost of medical insurance premiums for the duration of the participant's COBRA Period; (iii) a lump sum cash payment equal to the participant's target discretionary bonus for the fiscal year in which the participant is terminated, pro-rated through the date of termination as described in the CIC Severance Plan; and (iv) any other earned and vested amounts or benefits that the Company is required to pay or provide or for which the participant is eligible to receive from the Company through the date of the termination, to the extent not yet paid or provided.

In addition, pursuant to the terms of the applicable award agreements, upon a "change in control," all outstanding stock options and time-vested RSUs granted to our NEOs under our 2012 and 2014 Plans will immediately vest and options would become exercisable. With respect to Mr. Shuster's performance-based RSUs, upon any "change in control" occurring prior to the date the Committee determines satisfaction of performance goals for Tranche 1 or Tranche 2, such RSUs shall vest immediately and be deemed to be earned and payable in an amount equal to the full value of the RSUs with applicable ROE goals deemed achieved based on the greater of target performance and actual performance as determined by the Committee prior to the change in control; provided, however, if such change in control had occurred prior to the date on which the 2019 ROE goals were established, 100% of the shares subject to Tranche 2 shall vest. If an NEO's employment is terminated for any reason (other than for "cause" as defined in the 2012 and 2014 Plan, as applicable) during the two years following a change in control, all vested stock options shall remain outstanding and exercisable until the earlier of the tenth anniversary of the date of grant or the fifth anniversary of the employment termination.

The following table reflects the estimated payments to our NEOs that may be made upon certain terminations of employment, including a termination of employment following a change in control, or a change in control without a termination of an NEO's employment. The estimated payments in the table are calculated based on the assumption that the hypothetical termination of employment and/or the hypothetical change in control each occurred on December 31, 2017. The closing price of our common stock on December 29, 2017 on NASDAQ was \$17.00 per share (the Closing Price).

(1) Under the terms of Mr. Shuster's employment agreement, he would be entitled to be paid any Accrued Compensation.

(2) Under the terms of Mr. Shuster's employment agreement, he would be entitled to be paid any Accrued Benefits.

As provided in Mr. Shuster's employment agreement, amount is equal to the sum of (1) any Accrued Compensation (3) and (2) the sum of one times his annual base salary at the time of termination and one times his target annual bonus for the year in which the termination occurs, which, for 2017, was 100% of his annual base salary.

(4) Upon a termination of employment without "cause" or for "good reason," any outstanding stock options that were not then exercisable and vested would have become fully exercisable and vested at the date of such termination.

As of December 31, 2017, all of our NEOs' outstanding, unvested stock options were "in the money," meaning that such options had an exercise price less than the Closing Price. See "Outstanding Equity Awards at 2017 Fiscal

Year End," above.

- (5) With a termination of employment without "cause" or for "good reason," unvested time-vested RSUs would have become fully vested at the date of termination and unvested performance RSUs would have remained outstanding and subject to vesting upon the achievement of the applicable ROE goals, as determined by the Committee in accordance with the terms of the award agreement.

- (6) As a participant in the CIC Severance Plan, Mr. Shuster would be entitled to a cash payment equal to the sum of (i) two times the sum of Mr. Shuster's annual base salary and target annual bonus, in each case as in effect immediately prior to the termination and (ii) Mr. Shuster's target annual bonus for the fiscal year in which the termination occurs, pro-rated through the date of termination as described in the CIC Severance Plan.

- (7) Upon a change in control, any outstanding stock options that were not then exercisable and vested would have become fully exercisable and vested as of the date of such change in control. As of December 31, 2017, all of our NEOs' outstanding, unvested stock options were in the money, with an exercise price less than the Closing Price. See "Outstanding Equity Awards at 2017 Fiscal Year End," above.

- (8) Upon a change in control, unvested time-vested RSUs would have become fully vested and, for Mr. Shuster, 100% of the shares subject to Tranche 1 and Tranche 2 of his performance-based RSUs would have become fully vested.

- (9) As participants in the CIC Severance Plan, each NEO would be entitled to a lump sum cash payment equal to the cost of medical insurance premiums for the duration of the participant's COBRA period, which for Mr. Shuster is 24 months and for Mr. Pollitzer and Ms. Merkle is 18 months.

- (10) Amounts payable under the Severance Plan upon a Terminating Event, which for Mr. Pollitzer would have been three months' base salary and three months' of health coverage contributions and for Ms. Merkle would have been 12 months' base salary and 12 months' health coverage contributions. See "- Termination of Employment without Cause or Resignation with Good Reason - Severance Plan Benefits," above.

- (11) Under Mr. Pollitzer's RSU award agreements, if his employment is terminated by us without cause, subject to Mr. Pollitzer having served as an employee of the Company for at least one year, a prorated portion of his outstanding unvested RSUs that would have vested on the next vesting date would vest, based on the number of days that he was employed during the applicable vesting term. If Mr. Pollitzer had incurred a termination without

cause on December 31, 2017, a pro-rated portion of his RSUs would not have vested, because he had not yet been employed by the Company for one year.

As participants in the CIC Severance Plan, Mr. Pollitzer and Ms. Merkle would be entitled to a cash payment equal to the sum of (i) one and one-half times the sum of the executive's annual base salary and target annual (12) bonus, in each case as in effect immediately prior to the termination and (ii) the executive's target annual bonus for the fiscal year in which the termination occurs, pro-rated through the date of termination as described in the CIC Severance Plan.

(13) With a termination of employment without "cause," a prorated portion of Ms. Merkle's outstanding, unvested stock options that would have vested at the next vesting date would have become fully exercisable and vested at the date of termination. See "Outstanding Equity Awards at 2017 Fiscal Year End," above.

Appendix A

Explanation and Reconciliation of Our Use of Non-GAAP Financial Measures

We believe that use of the non-GAAP measures of adjusted pre-tax income, adjusted net income and adjusted return-on-equity facilitate the evaluation of our fundamental financial performance, thereby providing relevant information to investors. These non-GAAP financial measures align with the way the Company's business performance is evaluated by management. These measures are not recognized in accordance with GAAP and should not be viewed as alternatives to GAAP measures of performance. These measures have been established in order to increase transparency for the purposes of evaluating our fundamental operating trends and enabling more meaningful comparisons with our peers.

Adjusted pre-tax income is defined as GAAP income before tax, excluding the effects of the non-cash loss or gain related to the change in fair value of our warrant liability.

Adjusted net income is defined as GAAP net income (loss) excluding the after-tax impact of the aforementioned change in the fair value of our warrant liability and other discrete tax (benefits) expense which are infrequent and unusual non-operating items, such as the one-time non-cash charge due to a re-measurement of our net deferred tax assets in connection with the enactment of the TCJA in 2017. The amounts of adjustments to components of pre-tax income are tax effected using a federal statutory tax rate of 35%.

Adjusted return-on-equity is calculated by dividing the adjusted income on an annualized basis by the average shareholders' equity for the period.

Although adjusted pre-tax income, adjusted net income and adjusted return-on-equity exclude certain items that have occurred in the past and are expected to occur in the future, the excluded items represent items that are: (1) not viewed as part of the operating performance of our primary activities; or (2) impacted by market, economic or regulatory factors and are not necessarily indicative of operating trends, or both. These adjustments, along with the reasons for their treatment, are described below. Trends in the profitability of our fundamental operating activities can be more clearly identified without the fluctuations of these adjustments. Other companies may calculate these measures differently. Therefore, their measures may not be comparable to those used by us.

Change in fair value of warrant liability. Outstanding warrants at the end of each reporting period are revalued, and any change in fair value is reported in the statements of operations in the period in which the change occurred. The change in the fair value of our warrant liability can vary significantly across periods and is influenced principally (1) by equity market and general economic factors which may not impact or reflect our current period operating results. Trends in our operating performance can be more clearly identified without the fluctuations of the change in fair value of our warrant liability.

Infrequent or unusual non-operating items. Our income tax expense for 2017 reflects a one-time non-cash charge (2) due to a re-measurement of our net deferred tax assets in connection with the enactment of the TCJA in the fourth quarter of 2017.

Appendix A

We also believe that use of the non-GAAP measure of adjusted net operating income assists in the measurement of performance for bonus determination. Use of this non-GAAP financial measurement is consistent with the performance goals set forth in the NMI Holdings, Inc. Amended and Restated 2014 Omnibus Incentive Plan and was established as an overall threshold performance goal for our 2017 bonus plan.

Adjusted net operating income, as approved by the Compensation Committee, is defined as GAAP pre-tax income (loss) excluding the change in the fair value of our warrant liability, net realized investment gains (losses), and bonus accruals.

In addition to the aforementioned change in fair value of warrant liability, the excluded items represent items that are calculated in accordance with formulas approved by the Compensation Committee. The primary purpose of the exclusions from net operating income is to remove elements of income or loss which, in the judgment of the Compensation Committee, are not appropriate to consider for purposes of assessing an NEO's performance and contribution to our operating results.

Net realized investment gains (losses). The recognition of net realized investment gains or losses can vary significantly across periods as the timing of individual securities sales is highly discretionary and is influenced by (1) such factors as market opportunities and overall market cycles. Trends in the profitability of our fundamental operating activities can be more clearly identified without the fluctuations of these realized investment gains and losses.

Bonus accruals. Adjusted net operating income is the metric we used to set the threshold for the establishment of a bonus pool; therefore, the metric was defined in a manner that would illustrate trends in profitability and operating (2) performance without the impact of bonuses. Bonus accruals are estimates recorded throughout the fiscal year, which are ultimately dependent on approval from the Compensation Committee.
