Item 2: Management's Discussion and Analysis of Financial Condition and Results of Operations.

Material Changes in Financial Condition:

The Company's liquidity is affected primarily by the business success, securities prices and marketability of its investee companies and by the amount and timing of new or incremental investments it makes, as well as the availability of borrowing under its credit lines.

During the three-month period ending September 30, 2005 the investments' value decreased by \$36,174. This change is mainly due to the decrease in trading value of CPVD stock, which traded as low as \$0.005 per share at September 30, 2005. The total net fair market value of CPVD common stock was \$33,259 at September 30, 2005. Also, the fair value of the ProGolf.com investment slightly decreased from \$1.56 per share at June 30, 2005 to \$1.5 per share at September 30, 2005. The Total net fair value of the ProGolf.com investment was \$225,000 and 234,000 at September 30, 2005 and June 30, 2005, respectively.

Current liabilities increased by \$22,166, and net assets value decreased by \$50,121 during the three months ended September 30, 2005.

Liquidity and Capital Resources.

Currently, the Company's investment activity and operations are restricted by its limited working capital position. Capital required for the Company's investment activities, if available, would be generated from new investments, the sale of portfolio securities or from additional offerings of the Company's restricted and legended common stock, of which there can be no assurance of any success in any of such efforts. The ability of the Company to sell restricted portfolio held securities is dependent on market conditions over which the Company has no control. The Company had no material commitments for capital expenditures, as of September 30, 2005.

Item 1. Financial Statements (Continued)

Professional expenses were \$4,339 and \$21,849 for the quarters ended September 30, 2005, and 2004, respectively. The change is mainly due to the decrease in legal fees for this year. Enercorp is not involved in any legal proceedings at this time.

The Company recorded \$7,500 in management fees due to Acrodyne for each of the three month period ended September 30, 2005 and 2004. Other general and administrative expenses include telephone, postage, and other miscellaneous expenses. Net change in unrealized loss on investments was \$36,173 and \$91,826 for the periods ended September 30, 2005 and 2004, respectively. This change is mainly due to the fluctuations in fair value of the Company's investments in CPVD and ProGolf.com.
