SECTION 8 – OTHER EVENTS

Item 8.01

Other Events

Nominations from Minnesota Power’s industrial customers for the first four month period of 2010 were received December 1, 2009. The nominations were consistent with the expectations stated in ALLETE’s 2010 earnings guidance provided on November 2, 2009, and as reflected in Minnesota Power’s November 2, 2009, retail rate case filing. As expected, these nominations represent a 5.5 percent increase from the September through December 2009 nominating period.

ALLETE has received key regulatory approvals for the purchase of a 250 kV DC transmission line and related facilities from Square Butte Electric Cooperative. On December 2, 2009, the Minnesota Public Utilities Commission met and approved the purchase by the Company, to be effective upon the issuance of the Commission’s written order. In addition, the Federal Energy Regulatory Commission issued written orders on November 24, 2009, authorizing the acquisition of the transmission facilities, and conditionally accepting the proposed tariff revisions, interconnection agreement and other related agreements. The transaction is expected to close by year-end.

Readers are cautioned that forward-looking statements should be read in conjunction with ALLETE’s disclosures under the heading: “SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995” located on page 2 of this Form 8-K.
