Item 2.02 Results of Operations and Financial Condition.

On February 28, 2012, Dycom Industries, Inc. (the “Company”) issued a press release reporting fiscal 2012 second quarter results. Additionally, on February 29, 2012, the Company made available related materials to be discussed during the Company’s webcast and conference call referred to in such press release. A copy of the press release and related conference call materials are furnished as Exhibits 99.1 and 99.2, respectively, to this Current Report on Form 8-K and are incorporated herein by reference.

The press release and related materials contain the financial measures of Adjusted EBITDA, Non-GAAP net income (loss), Non-GAAP earnings (loss) per common share, and certain amounts relating to organic revenue, which are non-GAAP financial measures within the meaning of Regulation G promulgated by the Securities and Exchange Commission. Adjusted EBITDA, defined by the Company as earnings before interest, taxes, depreciation and amortization, gain on sale of fixed assets, stock-based compensation expense, loss on debt extinguishment, and acquisition related costs, is not a recognized term under generally accepted accounting principles (“GAAP”) and does not purport to be an alternative to net income, operating cash flows, or a measure of earnings. Non-GAAP net income (loss) and Non-GAAP earnings (loss) per share are not recognized terms under GAAP and do not purport to be alternatives to GAAP net income (loss) and GAAP earnings (loss) per share. Organic revenue is not a recognized term under GAAP and does not purport to be an alternative to GAAP contract revenue. Because all companies do not use identical calculations, the presentation of these non-GAAP financial measures may not be comparable to other similarly titled measures of other companies. The Company believes these non-GAAP financial measures provide information that is useful to the Company’s investors. The Company believes that this information is helpful in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionate impact on the Company’s results of operations in any particular period. Additionally, the Company uses these non-GAAP financial measures to evaluate its past performance and prospects for future performance.

The information in the preceding paragraphs, as well as Exhibits 99.1 and 99.2, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”), or otherwise subject to the liabilities of that section. It may only be incorporated by reference into another filing under the Exchange Act or the Securities Act of 1933 (the “Securities Act”) if such subsequent filing specifically references this Current Report on Form 8-K.
