Item 7.01 Regulation FD Disclosure.

Representatives of Dycom Industries, Inc. (the “Registrant”) will present at the BB&T 6th Annual Commercial & Industrial Conference in Coral Gables, Florida on Wednesday, March 28, 2012, at approximately 9:00 a.m. (ET). A copy of the slide presentation to be used by the Registrant at the conference is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference herein. A live simulcast of the Registrant’s presentation at the conference will be available via the Registrant’s website at <http://www.dycomind.com> under the heading “Events.” A replay of the live simulcast will be available at <http://www.dycomind.com> until Friday, April 27, 2012.

The slide presentation contains the financial measures of Adjusted EBITDA, Income (loss) from continuing operations - Non-GAAP, and certain amounts relating to organic revenue, which are non-GAAP financial measures within the meaning of Regulation G promulgated by the Securities and Exchange Commission. Adjusted EBITDA, defined by the Company as earnings before interest, taxes, depreciation and amortization, gain on sale of fixed assets, stock-based compensation expense, loss on debt extinguishment, and acquisition related costs, is not a recognized term under generally accepted accounting principles (“GAAP”) and does not purport to be an alternative to net income, operating cash flows, or a measure of earnings. Income (loss) from continuing operations - Non-GAAP is not a recognized term under GAAP and does not purport to be an alternative to Income (loss) from continuing operations - GAAP. Organic revenue is not a recognized term under GAAP and does not purport to be an alternative to GAAP contract revenue. Because all companies do not use identical calculations, the presentation of these non-GAAP financial measures may not be comparable to other similarly titled measures of other companies. The Company believes these non-GAAP financial measures provide information that is useful to the Company’s investors. The Company believes that this information is helpful in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionate impact on the Company’s results of operations in any particular period. Additionally, the Company uses these non-GAAP financial measures to evaluate its past performance and prospects for future performance.

The information in the preceding paragraphs, as well as Exhibit 99.1, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”), or otherwise subject to the liabilities of that section. It may only be incorporated by reference into another filing under the Exchange Act or the Securities Act of 1933 if such subsequent filing specifically references this Current Report on Form 8-K.

Forward Looking Statements

This Current Report on Form 8-K contains forward-looking statements as contemplated by the 1995 Private Securities Litigation Reform Act, including statements with respect to the Company’s fiscal 2012 results. These statements are based on management’s current expectations, estimates and projections. Forward-looking statements are subject to risks and uncertainties that may cause actual results in the future to differ materially from the results projected or implied in any forward-looking statements contained in this Current Report on Form 8-K. These filings are available on a web site maintained by the Securities and Exchange Commission at <http://www.sec.gov>. The Company does not undertake to update forward looking statements except as required by law.
