**Pldt, Burgundy Sign Joint Venture Agreement**

**For Its Malugay Property In Makati City**

**MAKATI CITY, Philippines, January 14, 2003** Philippine Long Distance Telephone Company ( PLDT ) (PSE: TEL) (NYSE: PHI) and Burgundy Asset Development Corporation (Burgundy) today announced the signing of a joint venture agreement (the Agreement) to redevelop PLDT 's prime property along Malugay Street, located at west end of Ayala Avenue in Makati City. The 8,056 sq. meter property is considered a primary gateway to the Makati Central Business District (CBD)..

PLDT President, Manuel V. Pangilinan, and Burgundy CEO, Rogelio T. Serafica, signed the Agreement last Friday, 10th January 2003.

Burgundy is a major developer in the residential condominium industry having successfully built and sold over 5 high rise office and condominium units in less than 10 years. Among their projects are: Burgundy Westbay along Vito Cruz, One Burgundy Plaza and The Burgundy Place In Loyola Heights in Quezon City. Burgundy 's most recent project is the Burgundy Corporate Tower, along Senator Gil J. Puyat Avenue (Buendia) in Makati and is currently completing the Trans Pacific Place, a high rise condominium along Taft Avenue.

Under the Agreement, Burgundy will redevelop the property previously used as a warehouse/parking lot by PLDT and Smart, into a mixed-use commercial/high-rise residential development. In exchange for its property, PLDT will be given prime units in the development which is expected to be sold to a strong and growing target market that includes young professionals who work in the Makati CBD, including employees of the PLDT Group.

The project is located in an emerging area at the fringe of the Makati CBD. Prospective owners of the development will have the opportunity of owning quality condominium units with accessibility to the CBD without having to pay CBD prices.

The agreement with Burgundy reflects PLDT's commitment to strengthen its business through rationalizing its real estate portfolio and optimizing the use of its resources and assets.

We are committed to generating more value out of our existing assets and resources, explained Mar Paguio, Head of PLDT's Asset Protection and Management. We are carefully studying current utilization of our properties and facilities nationwide with the end in view of optimizing their potential. We are in discussions with other parties for our other properties.

Based on initial discussions, the planned development will have three residential towers on top of a podium deck. The podium shall house retail and commercial spaces and provide first class amenities for the residential unit occupants such as a health and fitness center, a swimming pool, a helipad and an exclusive lounge, business center, internet and conference areas, to name a few.

The project is expected to start within the year and completed in three years.

xxx

#### **About PLDT**

PLDT is the leading telecommunications provider in the Philippines. Through its three principal business groups fixed line, wireless and information communications technology PLDT offers a wide range of telecommunications services across the Philippines most extensive fiber optic backbone and fixed line, cellular and satellite network.
