(h) At January 31, 2014, the net unrealized appreciation on investments based on cost for federal tax purposes of \$384,283,349 was as follows:

Aggregate gross unrealized appreciation for all investments in which there is an excess of value over tax cost
Aggregate gross unrealized depreciation for all investments in which there is an excess of tax cost over value

Net unrealized appreciation \$5,304,631

For financial reporting purposes net unrealized appreciation on investments was \$5,159,703 and cost of investments aggregated \$384,428,277.

Various inputs are used in determining the value of the Trust's investments. These inputs are summarized in the three broad levels below.

Level 1 - quoted prices in active markets for identical securities.

Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds

credit risks, etc.).

Level 3 - significant unobservable inputs (including the Trust's own assumptions in determining fair value of investments)

Generally, equity securities are categorized as Level 1, fixed income securities and senior loans are categorized as Level 2, and securities valued using fair value methods (other than prices supplied by independent pricing services) as level 3.

The following is a summary of the inputs used as of January 31, 2014, in valuing the Trust's investments.
