SECTION 1 - REGISTRANT'S BUSINESS AND OPERATIONS

ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

LETTER OF CREDIT FACILITY AGREEMENT

## Edgar Filing: OREGON STEEL MILLS INC - Form 8-K

-----

On March 29, 2005, Oregon Steel Mills, Inc. ("OSM") entered into a Letter of Credit Facility Agreement ("New Credit Agreement") with U.S. Bank National Association. The New Credit Agreement replaces the Credit Agreement dated as of July 12, 2002, as amended (the "Existing Credit Agreement"), with certain financial institutions, as lenders, GMAC Business Credit LLC, as Co-Managing Agent for the lenders, and Textron Financial Corporation, as Agent for the lenders which was due to expire on June 30, 2005. The Existing Credit Agreement was terminated on March 29, 2005, at which time there were no outstanding borrowings under the Existing Credit Agreement and letters of credit were cash collateralized until they are reissued under the New Credit Agreement.

The New Credit Agreement provides for a maximum borrowing of \$25.0 million for the issuance of letters of credit and terminates on March 29, 2006. Under the New Credit Agreement, OSM agrees to pay an issuance fee of the greater of \$100 or the face amount of a letter of credit multiplied by 0.125% and a fee, payable quarterly in arrears, at a rate of 0.50% per annum of the average aggregate undrawn face amount of all outstanding letters of credit during the preceding calendar quarter. The New Credit Agreement contains certain customary covenants for credit facilities of this type, such as provisions regarding compliance with laws, taxes, notice to issuers and financial information. The New Credit Agreement is secured by a cash control account.

ITEM 1.02. TERMINATION OF A MATERIAL DEFINITIVE AGREEMENT.

### CREDIT AGREEMENT

-----

OSM and certain of its subsidiaries, as borrowers, were parties to the Existing Credit Agreement and on March 29, 2005, the Existing Credit Agreement was terminated. See Item 1.01 of this Current Report on Form 8-K for a discussion of the New Credit Agreement.

The Existing Credit Agreement provided for a \$65.0 million revolving credit to expire on June 30, 2005. At December 31, 2004, \$5.0 million was restricted under the Existing Credit Agreement, \$14.9 million was restricted under outstanding letters of credit, and \$45.1 million was available for use. Amounts under the Existing Credit Agreement would bear interest based on either (1) the prime rate plus a margin ranging from 0.25% to 1.00%, or (2) the adjusted LIBO rate plus a margin ranging from 2.50% to 3.25%. Unused commitment fees ranged from 0.25% to 0.75%. The margins and unused commitment fees were subject to adjustment within the ranges discussed above based on a quarterly leverage ratio. The Existing Credit Agreement contained various restrictive covenants including minimum consolidated tangible net worth amount, a minimum consolidated earnings before interest, taxes, depreciation and amortization amount, a minimum fixed charge coverage ratio, limitations on maximum annual capital and environmental expenditures, a borrowing availability limitation relating to inventory, limitations on stockholder dividends, and limitations on incurring new or additional debt obligations or paying cash dividends other than as allowed by the Existing Credit Agreement. The Existing Credit Agreement was secured by accounts receivable, inventory, and certain other assets.

The borrowers did not incur any early termination penalties in connection with the termination of the Existing Credit Agreement.
