President and Chief Executive Officer

June 14, 2005

Dear Fellow Stockholders:

People want the freedom of being wireless. They want to hear and be heard clearly. Our growth over the past year occurred largely because of our successful investments in wireless headsets. As phones, MP3 players, and portable gaming devices broadly incorporate wireless headset technology, the opportunities for Plantronics increase. Over the coming year, we intend to invest heavily in stylish products that deliver innovative sound and create new solutions through wireless entertainment and communications convergence. To promote our new and existing wireless products, we will broaden our marketing program in support of these new opportunities. The innovation that Plantronics is known for will be communicated like never before.

Our goal is to increase stockholder value. To achieve this objective, we must be able to attract and retain world class talent in an increasingly competitive environment. At the same time, we are trying to balance our need for excellent people against the cost to stockholders of equity incentive programs. In each of the last two years, we limited our request for an increase in the number of shares of common stock issuable under our 2003 Stock Plan to 1 million shares, down from 2 million shares, 3 years ago.

We request your approval of four key proposals at our Annual Meeting. First, we seek the election of six members to our Board of Directors. Second, we seek ratification and approval of an increase of 1.3 million shares in the common stock issuable under the 2003 Stock Plan. Third, we seek ratification and approval of an increase of 200,000 shares in the common stock issuable under the 2002 Employee Stock Purchase Plan. Finally, we ask that you ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2006.

Each of the proposals is discussed in greater detail in the following Proxy Statement. Thank you for your support of Plantronics.

Very truly yours,
Ken Kannappan

**PROXY STATEMENT
FOR 2005 ANNUAL MEETING OF STOCKHOLDERS
INFORMATION CONCERNING SOLICITATION AND VOTING**

Your vote is very important. Our Board of Directors is soliciting proxies for the 2005 Annual Meeting of Stockholders. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

This Proxy Statement, the form of proxy and the 2005 Annual Report to Stockholders will be mailed to stockholders of record at the close of business on May 25, 2005, on or about June 14, 2005. The Annual Report is not a part of this Proxy Statement. Our principal executive offices are located at 345 Encinal Street, Santa Cruz, California. Our telephone number at that location is (800) 544-4660.

The Annual Meeting will be held at 11:00 a.m. EDT on Thursday, July 21, 2005 at the Essex House, 160 Central Park South, New York, New York 10019. Lunch for stockholders will immediately follow the Annual Meeting. Please follow the instructions provided on the Proxy Card or via our telephone or internet voting services to indicate if you plan to attend the Annual Meeting in person or plan to attend the Stockholder lunch.

Plantronics will pay the costs of soliciting proxies from stockholders. We have engaged The Proxy Advisory Group of Strategic Stock Surveillance, LLC to assist us in the solicitation of proxies from brokers, bank nominees and other institutional owners, for a fee of \$7,500, plus customary disbursements. We may also reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding the voting materials to the beneficial owners. Directors, officers and regular employees may solicit proxies on behalf of Plantronics, without additional compensation, personally or by telephone.

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE ANNUAL MEETING**

Who Can Vote?

The Board of Directors set May 25, 2005 as the record date for the Annual Meeting. All stockholders of record who owned Plantronics common stock at the close of business on May 25, 2005 may attend and vote at the Annual Meeting or any adjournments thereof. Each stockholder is entitled to one vote for each share of common stock held on all matters to be voted on. At the close of business on the record date, there were 47,040,397 shares of common stock outstanding.

How Many Votes Are Required to Hold the Annual Meeting?

The required quorum for the transaction of business at the Annual Meeting is a majority of shares of common stock issued and outstanding on the record date. Shares that are voted FOR, AGAINST or ABSTAIN are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the **Votes Cast**) with respect to such matter.

How Are Abstentions and Broker Non-Votes Treated?

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of Directors). In the absence of a controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal as to which the abstention is made.

Pursuant to regulations promulgated by the New York Stock Exchange (**NYSE**), brokers and other nominees that are NYSE member organizations are prohibited from voting in favor of proposals relating to

Table of Contents

equity compensation plans unless they receive specific instructions from the beneficial owner of the shares to vote in that manner. Therefore, for any of your shares held through a broker or other nominee who is a NYSE member organization, such shares will only be voted in favor of Proposals Two and Three if you have provided specific voting instructions to your broker or other nominee to vote your shares in favor of that proposal. Otherwise, Broker non-votes will not have any effect on the outcome of the voting on a Proposal.

How Many Votes Are Required to Pass a Proposal?

A plurality of the votes cast is required to elect Directors. This means that the nominees who receive the greatest number of votes for each open seat will be elected.

A vote is withheld when a properly executed proxy is marked WITHHELD FROM ALL NOMINEES or for all nominees except as noted above for the election of one or more Directors.

The affirmative vote of a majority of the votes present or represented and entitled to vote is required for all other matters.

How Does the Board Recommend I Vote on the Proposals?

The Board recommends votes:

FOR each of the nominees for the Board of Directors listed in this Proxy Statement.

FOR the ratification and approval of an increase of 1.3 million shares in the common stock issuable under the 2003 Stock Plan.

FOR the ratification and approval of an increase of 200,000 shares in the common stock issuable under the 2002 Employee Stock Purchase Plan.

FOR the appointment of PricewaterhouseCoopers LLP, independent registered public accounting firm, to audit the consolidated financial statements of Plantronics for its fiscal 2006.

What Does it Mean to Vote by Proxy?

By giving your proxy, you give someone else the right to vote your shares in accordance with your instructions. In this way, you assure that your vote will be counted even if you are unable to attend the Annual Meeting. In this case, we are asking you to give your proxy to Ken Kannappan, our President and Chief Executive Officer, Barbara Scherer, our Senior Vice President Finance & Administration, and Chief Financial Officer, and Rich Pickard, our Vice President Legal, General Counsel and Secretary, and each of them individually (the **Proxyholders**). If you give your proxy but do not include specific instructions on how to vote, the Proxyholders will vote your shares for the election of the Board's nominees, for ratification and approval of an increase of 1.3 million shares in the common stock issuable under the 2003 Stock Plan, for ratification and approval of an increase of 200,000 shares in the common stock issuable under the 2002 Employee Stock Purchase Plan and for the ratification of the appointment of the independent registered public accounting firm.

What Is the Difference Between Holding Shares as a Stockholder of Record and as a Beneficial Owner?

Most Plantronics stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record. If your shares are registered directly in your name with Equiserve, Plantronics' transfer agent, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent directly to you by Plantronics. As the stockholder of record, you have the right to grant your voting proxy directly to the Proxyholders or to vote in person at the Annual Meeting. Plantronics has enclosed or sent a proxy card for you to use.

Table of Contents

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the Annual Meeting. HOWEVER, SINCE YOU ARE NOT THE STOCKHOLDER OF RECORD, YOU MAY NOT VOTE THESE SHARES IN PERSON AT THE ANNUAL MEETING UNLESS YOU OBTAIN A SIGNED PROXY FROM THE RECORD HOLDER GIVING YOU THE RIGHT TO VOTE THE SHARES. Your broker or nominee has enclosed or provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

How Can I Vote?

Plantronics is offering stockholders of record four methods of voting:

You may indicate your vote on the enclosed proxy card by signing and dating the card where indicated and mailing the card in the enclosed prepaid envelope;

You may vote by telephone;

You may vote over the Internet; and

Finally, you may also vote in person at the Annual Meeting.

Each stockholder is entitled to one vote for each share of common stock on all matters presented at the Annual Meeting. Stockholders do not have the right to cumulate their votes for the election of Directors.

Electronic voting by telephone or over the Internet may depend on whether you are a stockholder of record or hold your shares as a beneficial owner as discussed above in the answer to the question: ***What is the difference between holding shares as a stockholder of record and as a beneficial owner?*** Stockholders of record may vote electronically by telephone or over the Internet by following the instructions included with their proxy card. Stockholders whose shares are registered in the name of a bank or brokerage firm may be eligible to vote electronically over the Internet or by telephone. A large number of banks and brokerage firms are participating in the ADP Investor Communication Services online program. This program provides eligible stockholders the opportunity to vote over the Internet or by telephone. Voting forms will provide instructions for stockholders whose bank or brokerage firm is participating in ADP's program.

Stockholders not wishing to vote electronically over the Internet or whose proxy voting form does not reference Internet or telephone voting information should complete and return the enclosed paper proxy voting card. Signing and returning the proxy card or submitting the proxy over the Internet or by telephone does not affect the right to vote in person at the Annual Meeting.

All shares entitled to vote and represented by properly completed proxies received before the Annual Meeting and not revoked will be voted at the Annual Meeting as you instructed. If you do not indicate how your shares should be voted on a matter, the shares represented by your properly completed proxy voting card will be voted as the Board of Directors recommends.

How Can I Vote My Shares in Person at the Annual Meeting?

Stockholders of Record. Shares held directly in your name as the stockholder of record may be voted in person at the Annual Meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification.

Beneficial Owners. Shares held in street name may be voted in person by you only if you obtain a signed proxy from the stockholder of record giving you the right to vote the shares.

EVEN IF YOU CURRENTLY PLAN TO ATTEND THE ANNUAL MEETING, WE RECOMMEND THAT YOU ALSO SUBMIT YOUR PROXY AS DESCRIBED ABOVE SO THAT YOUR VOTE WILL BE COUNTED IF YOU LATER DECIDE NOT TO ATTEND THE MEETING.

Table of Contents

What Happens if Additional Proposals are Presented at the Annual Meeting?

Other than the election of Directors and the three other proposals described in this Proxy Statement, we do not expect any matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the persons named as Proxyholders (Ken Kannappan, our President and Chief Executive Officer, Barbara Scherer, our Senior Vice President Finance & Administration, and Chief Financial Officer, and Rich Pickard, our Vice President Legal, General Counsel and Secretary) will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting. Under our By-laws, the deadline for notifying us of any additional proposals to be presented at the Annual Meeting has passed and, accordingly, stockholders may not present proposals at the Annual Meeting.

Can I Change My Vote?

You may change your proxy instructions at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may accomplish this by executing a new proxy bearing a later date (which automatically revokes the earlier proxy) and delivering it to the Secretary of the Company at or prior to the taking of the vote at the Annual Meeting or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares held beneficially by you, you may accomplish this by timely submitting new voting instructions to your broker or nominee.

The Board of Directors of Plantronics held a total of eight meetings, and acted by unanimous written consent eight times, during the fiscal year ended March 31, 2005. The Directors met three times in executive sessions without Mr. Kannappan present. The Board of Directors has three formal committees, an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The Board of Directors also has an informal Mergers & Acquisitions Committee (M&A Committee). This M&A Committee was formed in March 2005 to advise management during the early stages of merger and acquisition activity. Any merger or acquisition transaction that involves the transfer of \$5 million or more of consideration will be reviewed by the Board of Directors prior to completion. Each of the three formal committees of the Board have adopted a written charter which is available at the Corporate Governance Portal of the Company's investor relations website, http://www.plantronics.com/north_america/en_US/investor/index.jhtml.

Each Director attended more than 75% of the meetings of the Board of Directors and more than 75% of the meetings of the committees upon which that Director served.

Board of Directors Education

On March 8 and 9, 2005 our entire Board of Directors and certain members of our senior management actively participated in an 8-hour program on corporate governance and Director education. The program was accredited by Institutional Shareholder Services. Topics included:

Emerging Trends in Shareholder Activism

An Overview of Audit Committee Best Practices (including Section 404)

Compensation Committees: Small and Mid-Sized Company Compensation Issues and Executive Compensation Trends

Director Liability and D&O Insurance. Emerging Trends in a Post-Sarbanes-Oxley, Post-Enron, Post-WorldCom Environment

M&A Activity: The Director's Role

As a result of this educational program, we further enhanced our corporate governance policies and procedures. On an annual basis, Directors will participate in continuing education programs.

Board of Directors Attendance at Annual Meetings

The Company recognizes that Directors' attendance at annual meetings can provide investors with an opportunity to communicate with directors about issues affecting the company. We encourage all of our Directors to attend the Plantronics annual meeting each year. In the event that a Director cannot attend in

Table of Contents

person, the Company encourages Directors to attend telephonically. In fiscal 2005, two Directors attended the July 21, 2004 Annual Meeting of Plantronics in person and one director attended telephonically.

Audit Committee

The Audit Committee consisted of Directors Tseu, Taylor and Wegmann (Chair) until March 8, 2005. From March 8, 2005 until May 20, 2005, it consisted of Directors Tseu, Wegmann, and Hammann. From May 20, 2005 until June 2, 2005, it consisted of Directors Tseu and Hammann. From June 2, 2005 to the present, it has consisted of Directors Tseu, Hammann, and Mohr (Chair). The Audit Committee met six times during fiscal 2005. Additionally, this Committee met informally three times during fiscal year 2005 to monitor the Company's progress towards complying with Section 404 of the Sarbanes-Oxley Act. This Committee is responsible for overseeing actions taken by Plantronics' financial reporting staff, internal control processes, and hiring independent registered public accounting firm, among other matters. The Board of Directors has determined that each member of the Audit Committee is, and has been at all times during the 2005 fiscal year, independent as defined under the NYSE listing standards and that Director Tseu is an audit committee financial expert, as that term has been defined by the Securities and Exchange Commission (SEC). A report of the Audit Committee is attached to this Proxy Statement as Appendix A.

The Audit Committee was designated by the Board of Directors to act as a Qualified Legal Compliance Committee (QLCC). The QLCC was created to review any report made directly, or otherwise made known to the QLCC by attorneys employed or retained by the Company or its subsidiaries of a material violation of US federal or state securities or other law. The QLCC may receive and consider reports, investigate them, retain material experts or counsel to assist or advise them and make recommendations of an appropriate response. The QLCC may notify the SEC of any material violation.

Compensation Committee

The Compensation Committee consisted of Directors Hart, Taylor (Chair) and Wegmann, until May 20, 2005 and from May 20, 2005 to the present has consisted of Directors Hart and Taylor, each of whom meet the requirements for independence as defined under the NYSE listing standards. The Compensation Committee met four times during fiscal 2005. This Committee is responsible for determining salaries, incentives and other forms of compensation for directors, officers and other highly compensated employees of Plantronics and administers various incentive compensation and benefit plans. A report of the Compensation Committee is attached to this Proxy Statement as Appendix B.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consisted of Directors Tseu (Chair), Wegmann, and Wery from April 1, 2004 to March 8, 2005 and since March 8, 2005 has consisted of Directors Tseu and Hammann, each of whom meet the requirements for independence as defined under NYSE listing standards. The Nominating and Corporate Governance Committee held two meetings during fiscal 2005 at which each Committee member was present. The Nominating and Corporate Governance Committee is responsible under the direction of the Board for identifying and interviewing potential additions or replacement members of the Board and assists the Board in determining the appropriate governance guidelines for the Board, management and the company.

The Board of Directors currently consists of seven (7) members. Effective May 20, 2005, David Wegmann retired from the Board after 17 years of service. Effective July 21, 2005, Patti Hart will step down from her position as a member of our Board of Directors and not stand for re-election for personal reasons.

Both Mr. Hammann and Mr. Mohr were appointed by the full Board of Directors upon recommendation by the Nominating and Governance Committee, in accordance with the charter and principles of that Committee. Mr. Hammann was appointed to the Board of Directors on January 14, 2005. Mr. Mohr was appointed to the Board of Directors on June 2, 2005. As of July 21, 2005, the size of the Board of Directors will be reduced to six (6) members.

Table of Contents

Generally, the Nominating and Corporate Governance Committee will review the qualifications of any candidates who have been properly recommended or nominated by a stockholder, as well as those candidates who have been identified by management, individual members of the Board of Directors or, if the Nominating and Corporate Governance Committee determines, a search firm. Such review may, in the Nominating and Corporate Governance Committee's discretion, include a review solely of information provided to the Nominating and Corporate Governance Committee or may also include discussions with persons familiar with the candidate, an interview with the candidate or other actions that the Nominating and Governance Committee deems proper, including the retention of third parties to review potential candidates.

Stockholders wishing to recommend persons for consideration by the Nominating and Corporate Governance Committee as nominees for election to the Board can do so by writing to the Secretary of Plantronics at its principal executive offices giving each such person's name, biographical data and qualifications, not less than 20 days prior to the Annual Meeting. Any such recommendation should be accompanied by a written statement from the person recommended of his or her consent to be named as nominee and, if nominated and elected, to serve as a Director. Plantronics' By-laws also contain a similar procedure for stockholder nomination of Directors. Additional information regarding director nominations can be found in our Corporate Governance Guidelines which are posted on the corporate governance portal of our investor relations website, http://www.plantronics.com/north_america/en_US/investor/index.html.

In its evaluation of Director candidates, including the members of the Board of Directors eligible for re-election, the Committee will consider the current size and composition of the Board of Directors, the needs of the Board of Directors and the respective committees of the Board of Directors and the qualifications of candidates in light of these needs as well as such other factors as the Committee may consider appropriate.

The Nominating and Corporate Governance Committee has not formally established any specific, minimum qualifications that must be met by each candidate for the Board of Directors or specific qualities or skills that are necessary for one or more of the members of the Board of Directors to possess.

The Nominating and Corporate Governance Committee is now interviewing candidates for one additional Board of Directors position. When that process is completed, it is the Board of Directors' intention to appoint one highly qualified individual to fill one additional position as a member of the Company's Board of Directors of Directors, bringing the expected size of the Board of Directors to seven (7) members.

The Nominating and Corporate Governance Committee has retained a professional search firm, Spencer Stuart, to assist in its search efforts by assisting in the identification of candidates, performing background research and coordinating the interview process.

Compensation of Directors

In fiscal 2005, each Director of Plantronics, other than Mr. Kannappan, received a retainer fee of \$5,000 per quarter, and the Chair of the Board received a quarterly retainer fee of \$10,000. Directors also were entitled to reimbursement of expenses incurred in connection with attendance at Board and committee meetings.

Each Director also received a fee of \$1,000 for attendance at each regularly scheduled quarterly meeting of the Board and each executive session of the Board that is not on the same date as a regularly scheduled quarterly meeting of the Board, and the Chair of the Board received a fee of \$2,000 for attendance at each such meeting.

Each member of the Compensation Committee received \$1,000 for attendance at each regularly scheduled committee meeting, and the Chair of the Compensation Committee received \$2,000 for attendance at each such meeting.

Each quarter, the Audit Committee reviews and approves in a telephonic or regular committee meeting Plantronics' quarterly and year-to-date financial statements prior to public disclosure. The Audit Committee members do not receive compensation for their attendance at telephonic meetings. For all other meetings of

Table of Contents

the Audit Committee, each member received \$1,000 for their attendance, and the Chair of the Audit Committee received \$2,000 for attendance at each such meeting.

Members of the Nominating and Corporate Governance Committee, including the Chair, receive \$1,000 in each quarter in which there is an active search underway for a new member of the Board and for attendance at each meeting of this committee. The Chair of the Nominating and Corporate Governance Committee receives no further remuneration.

Members of the M&A Committee do not receive additional compensation for attendance at meetings or participation on this Committee.

Each non-employee Director of Plantronics is entitled to participate in Plantronics 2003 Stock Plan (the Plan), which was approved by stockholders at our 2003 Annual Meeting and as subsequently amended and approved at our 2004 Annual Meeting. Pursuant to the Plan, on January 15, 2005, Directors Hart, Taylor, Tseu, Wegmann and Wery each received an option to purchase 3,000 shares of common stock at an exercise price of \$41.13 per share, the then current fair market value of our common stock. In addition, on January 14, 2005, Mr. Hammann received an option to purchase 12,000 shares of Common Stock at the exercise price of \$41.13 as a result of being appointed as a new Director of Plantronics. On June 2, 2005, Mr. Mohr received an option to purchase 12,000 shares of Common Stock at the exercise price of \$34.50 as a result of being appointed as a new Director of Plantronics.

Director Independence

The Board of Directors has determined that, except for Mr. Kannappan, each of the current Directors and Directors nominated for election are independent under the rules of the New York Stock Exchange (as well as Rule 10A-3(b) of the Securities Exchange Act in the case of Audit Committee members). In determining Director independence, the Board of Directors reviewed not only relationships between the Director and the Company, but also relationships between the Company and the organizations with which the Director is affiliated. After considering the relevant facts and circumstances, the Board of Directors determined that none of these individuals has a material relationship with the Company (either directly or as a partner, shareholder, or officer of an organization that has a relationship with the Company), other than as a Director of the Company, and that each of these Directors is free from any relationship with the Company that would impair the Director's ability to exercise independent judgment. Marv Tseu is the Chair of the Board and presides at executive sessions of independent Directors.

Mr. Wery is a Director and employee of the consulting firm, Pittiglio Rabin Todd & McGrath (PRTM) which entered into a consulting agreement (the Agreement) with Plantronics in June 2000 for the provision of certain management consulting services. Mr. Wery is not, and has not since fiscal year 2001, been involved in the services provided under the Agreement. In fiscal 2003, PRTM billed Plantronics \$1,115,649 for further work under the Technology and Product Development Improvement Project. In fiscal 2004, PRTM billed Plantronics \$15,910 for further work under the Technology and Product Development Improvement Project. In fiscal 2005, PRTM billed Plantronics \$65,160.27 for further work under the Technology and Product Development Improvement Project. Others within PRTM provided the service to Plantronics to assist with the improvement of the Company's new product development process. Finally, the compensation paid to PRTM by Plantronics in each of fiscal years 2003, 2004 and 2005 was less than 1% of PRTM's consolidated gross revenues for each such fiscal year. The Board of Directors has determined, after careful consideration of these circumstances, that Mr. Wery is independent.

The Board of Directors has also determined that each member of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee meets the independence requirements applicable to those committees prescribed by the NYSE and the SEC. The Board of Directors has further determined that Director Marv Tseu is an audit committee financial expert as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC.

PROPOSAL TWO
APPROVAL OF AN INCREASE OF 1.3 MILLION SHARES OF COMMON STOCK
ISSUABLE UNDER THE 2003 STOCK PLAN

Proposal

This is a proposal to ratify and approve an increase of 1.3 million shares in the common stock issuable under the 2003 Stock Plan (the Plan), so that we can use it to achieve the Company's goals.

Our Board of Directors (the Board) has approved the increase of 1.3 million shares in the common stock issuable under the Plan, subject to approval from our stockholders at the Annual Meeting. Our named executive officers and directors have an interest in this proposal as each of them is eligible to receive grants under the Plan.

Plantronics is seeking stockholder approval for an amendment of the Plan to increase the number of shares issuable under the Plan by 1.3 million shares. These 1.3 million shares would only be used for the grant of the stock options under the Plan. If the Stockholders approve this Proposal Two, then the Plan will also be amended to provide that the underlying shares to which the exercise of a stock appreciation right relates be counted against the Plan share reserve if the stock appreciation right is to be settled in shares of common stock. As of April 30, 2005 there remained 195,610 shares available for future awards under the Plan. As of April 30, 2005, options to purchase 8,542,312 shares of the Company's common stock were outstanding. These options had a weighted average exercise price of \$25.72 and a weighted average remaining contractual life of 6.23 years. Subject to stockholder approval of the increase of 1.3 million shares, there would then be 1,495,610 shares available for issuance under the Plan.

Our current plan is to grant options covering approximately 1.3 million shares during fiscal 2005. Each year, we experience some cancellation of outstanding awards as a result of employee termination or participants not otherwise satisfying the vesting requirements for such awards. Based on our historical cancellation rates, we anticipate cancellation of options covering approximately 300,000 shares. If that assumption proves correct, the resulting level of net grants covering 1 million shares would amount to approximately 2.1% of the common shares outstanding as May 25, 2005. This level of anticipated usage is down substantially from fiscal 2002 and we have been reducing it each year since then with the goal of operating in the range of 2.0 - 2.5%. In fiscal 2006, we believe we will achieve our goal of operating within the target range per annum.

We believe strongly that the increase of shares issuable under the Plan is essential to our continued success. Our employees are our most valuable assets. Our Board has determined that it is in the best interest of Plantronics and our stockholders to increase the shares issuable under the Plan. The Board believes that grants of stock options and other awards available under the Plan help create long-term equity participation in Plantronics and thereby assist us in attracting, retaining, motivating and rewarding employees and directors. The Board believes that to remain competitive with other technology companies with regard to its long-term incentive plans, we must continue to provide employees with some level of equity compensation and that an inability to offer equity incentives to new and current employees would put Plantronics at a competitive disadvantage with respect to attracting and retaining qualified personnel.

We measure compensation expense for our employee stock compensation plans under the intrinsic value method of accounting prescribed by APB Opinion No. 25, Accounting for Stock Issued to Employees (APB 25). In December 2004, the Financial Accounting Standards Board (FASB) issued SFAS No. 123 (revised 2004), Share-Based Payment (SFAS 123R), which replaces SFAS No. 123, Accounting for Stock-Based Compensation (SFAS 123) is expected to supersede APB 25. SFAS 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values, beginning with the first annual period after June 15, 2005, with early adoption encouraged. On March 29, 2005, the SEC issued SAB 107, which provides the SEC Staff's views regarding interactions between FAS 123R and certain SEC rules and regulations and provides interpretations of the valuation of share-based payments for public companies. The Company is currently

Table of Contents

evaluating FAS 123R and SAB 107 to determine the fair value method to measure compensation expense, the appropriate assumptions to include in the fair value model, the transition method to use upon adoption and the period in which to adopt the provisions of FAS 123R. The impact of the adoption of FAS 123R cannot be reasonably estimated at this time due to the factors discussed above as well as the unknown level of share-based payments granted in future years. However, such a change in stock option accounting rules may adversely impact our operating results prepared in accordance with generally accepted accounting principles, our stock price and our competitiveness in the employee marketplace.

Summary of the 2003 Stock Plan

The following is a summary of the principal features of the Plan and its operation. The following summary is qualified in its entirety by reference to the Plan as set forth in Appendix C, attached hereto.

Purposes. The purposes of the Plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive for directors and employees of Plantronics, and to promote the success of Plantronics' business.

Administration. The Plan is administered by the Board of Directors or any committee of individuals appointed by the Board of Directors, referred to as the administrator. The administrator may make any determinations deemed necessary or advisable for the Plan.

The administrator has full power to select the individuals to whom awards will be granted, to make any combination of awards to any participant and to determine the specific terms of each grant, subject to the provisions of the Plan. The interpretation and construction of any provision of the Plan by the administrator will be final and conclusive.

Term of the Plan. The Plan became effective as of September 24, 2003, and will continue for a term of 10 years unless sooner terminated by the Board of Directors.

Eligibility. Nonstatutory stock options may be granted to employees, directors and consultants of Plantronics or its parent or subsidiary (each referred to herein as a participant); *provided, that*, non-employee directors may only receive automatic non-employee director stock option grants (described below). As of April 30, 2005 there were 1,160 employees and six (6) directors entitled to receive grants under the Plan. Incentive stock options may only be granted to employees of Plantronics or its parent or subsidiary companies. Stock appreciation rights, restricted stock awards and restricted stock units may be granted only to employees and consultants of Plantronics and its parent or subsidiary companies.

Shares Subject to the Plan. If stockholders approve Proposal Two, a total of 3,300,000 shares of Plantronics Common Stock will be reserved for issuance under the Plan. As of April 30, 2005, 195,610 shares of Common Stock were available for issuance under the Plan. Shares added to the Plan as the result of Stockholders approving this Proposal Two would only be able to be used for awards of stock options. Plantronics may not issue more than 20% of the one million shares added to the Plan at the 2004 Annual Meeting for awards of restricted stock, restricted stock units and capped stock appreciation rights and no more than 20% of the one million shares originally reserved for issuance under the Plan pursuant to awards of restricted stock and restricted stock units.

Stock Options. Each option granted under the Plan is to be evidenced by a written award agreement between Plantronics and the participant and is subject to the following additional terms and conditions:

(a) *Maximum Grant.* An individual may not be granted options to purchase more than 500,000 shares during any fiscal year. Notwithstanding this limit, in connection with such individual's initial employment with Plantronics, he or she may be granted options to purchase up to an additional 500,000 shares.

(b) *Grants to Non-Employee Directors.* Plantronics may grant only nonstatutory stock options to its non-employee directors. Each non-employee director will be granted an initial option to purchase 12,000 shares of Common Stock when such person first becomes a director of the Company. Thereafter, each non-employee director will be granted an option to purchase 3,000 additional shares of Common

Table of Contents

Stock on January 15 of each year, provided the non-employee director will continue to be a non-employee director of the Company through the applicable date and if, on such date, the eligible director will have served on the Board of Directors for at least six (6) months. Options granted to non-employee directors expire seven (7) years after the date of grant. In the event a non-employee director ceases to be a director as a result of his or her death, disability or retirement, any options granted to such director following the 2004 Annual Meeting will remain exercisable, to the extent vested on the date of such termination, for up to one year following such termination. Each option is evidenced by an award agreement between Plantronics and the director to whom such option is granted. Other than the option grants described in this paragraph, non-employee directors will not be eligible to receive other awards pursuant to the Plan. In addition, in the event of a merger of Plantronics with or into another corporation or a change of control (as defined in the Plan) in which a non-employee director is terminated or asked to resign, options granted to such non-employee director will vest and be exercisable with respect to 100% of the shares subject to such option immediately prior to such merger or change of control.

(c) *Exercise of the Option.* The administrator determines when options become exercisable, however, options generally are not exercisable until at least 12 months have passed following the date of the option grant. An option is exercised by giving written notice of exercise to Plantronics, specifying the number of full shares of Common Stock to be purchased and tendering payment of the purchase price to Plantronics. The acceptable methods of payment for shares issued upon exercise of an option are set forth in the award agreement and may consist of (1) cash, (2) check, (3) certain shares of Common Stock, (4) the delivery of a properly executed exercise notice together with such other documentation as the administrator and the broker, if applicable, will require to effect a cash-less exercise of the option and delivery to Plantronics of the amount of sale or loan proceeds required to pay the exercise price, (5) any combination of the foregoing methods, or (6) such other consideration and method of payment permitted under applicable law; provided, however, that the issuance of a promissory note is not a permissible method of payment.

(d) *Exercise Price.* The exercise price of options granted under the Plan is determined on the date of grant. The exercise price of incentive stock options and nonstatutory stock option must be at least 100% of the fair market value per share at the time of grant. An incentive stock option granted to a 10% stockholder may not have an exercise price less than 110% of the fair market value per share of the Common Stock at the time of grant. The fair market value of a share of Common Stock will be the closing sales price for such stock (or the closing bid, if no sales were reported) as quoted on The New York Stock Exchange on the date of grant.

(e) *Termination.* If the participant's directorship, employment or consulting relationship with Plantronics (or its parent or subsidiary corporations) is terminated for any reason, including death or total and permanent disability, options may be exercised after such termination as to all of the shares as to which the participant was entitled to exercise at the date of such termination. The options may be exercised after termination within the period of time as is specified in the award agreement. If such period of time is not specified in the award agreement, then such period of time will equal 3 months in the case of termination other than upon death, disability or, for options granted after the 2004 Annual Meeting, retirement and 12 months in the case of termination upon death, disability or, for options granted after the 2004 Annual Meeting, retirement. Notwithstanding the foregoing, all options must be exercised prior to the expiration of the term of an option as set forth in the award agreement.

(f) *Term and Termination of Options.* At the time an option is granted, the administrator determines the period within which the option may be exercised. In no event may the term of an option be longer than 7 years. No person may exercise an option after the expiration of its term. An option granted to a participant who, at the time such option is granted, owns more than 10% of the voting power of all classes of stock of Plantronics, may not have a term of more than 5 years.

(g) *Other Provisions.* The award agreement may contain such other terms, provisions and conditions not inconsistent with the Plan as the administrator may determine.

Table of Contents

Stock Appreciation Rights. Each stock appreciation right granted under the Plan will be evidenced by an award agreement between Plantronics and the participant and is subject to the following additional terms and conditions:

(a) *Maximum Grant.* An individual may not be granted stock appreciation rights to purchase more than 500,000 shares during any fiscal year. Notwithstanding this limit, in connection with such individual's initial employment, he or she may be granted stock appreciation rights to purchase up to an additional 500,000 shares.

(b) *Exercise of the Stock Appreciation Right.* The administrator determines when stock appreciation rights become exercisable, however, stock appreciation rights generally are not exercisable until at least 12 months have passed following the date of grant. A stock appreciation right is exercised by giving written notice of exercise to Plantronics and specifying the number of shares of Common Stock to which the award is being exercised. Plantronics can pay the appreciation in either cash or shares of Common Stock.

(d) *Exercise Price.* The administrator determines the exercise price of stock appreciation rights on the date of grant, which must be at least 100% of the fair market value per share at the time of grant.

(e) *Payment.* Upon exercise of a stock appreciation right, a participant will be entitled to receive payment from Plantronics in an amount determined by multiplying:

The difference between the fair market value of a share on the date of exercise over the exercise price;
times

The number of shares with respect to which the stock appreciation right is exercised.
In no event, however, may the payment exceed 100% of the exercise price associated with the stock appreciation right. At the discretion of the administrator, the payment may be in cash, in shares of equivalent value, or in some combination thereof.

(f) *Termination.* If the participant's directorship, employment or consulting relationship with Plantronics is terminated for any reason, including death or total and permanent disability, stock appreciation rights may be exercised after such termination as to all of the shares as to which the participant was entitled to exercise at the date of such termination. The stock appreciation rights may be exercised after termination within the period of time as is specified in the award agreement. If such period of time is not so specified, then such period of time will equal 3 months in the case of termination other than upon death, disability or, for options granted after the 2004 Annual Meeting, retirement and 12 months in the case of termination upon death, disability or, for options granted after the 2004 Annual Meeting, retirement. Notwithstanding the foregoing, all stock appreciation rights must be exercised prior to the expiration of their term as set forth in the award agreement.

(g) *Term and Termination of Stock Appreciation Rights.* At the time a stock appreciation right is granted, the administrator determines the period within which the stock appreciation right may be exercised, which in no event will be longer than 7 years from the date of grant.

(h) *Other Provisions.* The award agreement may contain such other terms, provisions and conditions not inconsistent with the Plan as the administrator may determine.

Restricted Stock Awards. Each restricted stock award granted under the Plan is to be evidenced by an award agreement between Plantronics and the participant and is subject to the following additional terms and conditions:

(a) *Limitation.* The maximum aggregate initial value of a grant to a participant is \$600,000, except that the initial grant to a new employee will not have an aggregate initial value greater than \$1,000,000.

(b) *Termination.* Subject to the terms of an agreement between Plantronics and a participant, if the participant's directorship, employment or consulting relationship with Plantronics is terminated for any reason, including death or total and permanent disability, Plantronics may repurchase any unvested

Table of Contents

stock obtained by the participant pursuant to a restricted stock award. Unless the administrator provides otherwise, the purchase price of the repurchased shares will equal the price originally paid, if any, for such shares by the participant.

(c) *Term of Restricted Stock Awards.* The administrator determines the period during which a restricted stock award will vest, which period must be at least 1 year from the date of grant. In addition, if a restricted stock award is not subject to the achievement of performance goals, then such award will fully vest over a period of at least 3 years from the grant date.

(d) *Other Provisions.* The restricted stock award agreement may contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the administrator.

Restricted Stock Units. Restricted stock units are awards that will result in a payment to a participant only if the performance goals or other vesting criteria established by the administrator are achieved or the awards otherwise vest. Each award of restricted stock units will be evidenced by an award agreement between Plantronics and the participant and is subject to the following additional terms and conditions:

(a) *Limitation.* The maximum aggregate initial value of a grant to a participant is \$600,000, except that the initial grant to a new employee will not have an aggregate initial value greater than \$1,000,000.

(b) *Term of Restricted Stock Awards.* The administrator will establish organizational, individual performance goals or other vesting criteria in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of restricted stock units to be paid out to participants. The vesting period must be at least 1 year from the date of grant, provided that if an award is not subject to the achievement of performance goals, then such award will fully vest over a period of at least 3 years from the grant date.

(c) *Other Provisions.* The award agreement may contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the administrator.

Nontransferability of Awards. Awards granted under the Plan are generally not transferable by a participant, however, the administrator may grant limited transferability of identified and vested awards (i) by will, (ii) by the laws of descent and distribution, or (iii) to family members (as such term is defined in the general instructions to Form S-8 under the Securities Act of 1933, or any successor thereto) through gifts or domestic relations orders, as permitted by the instructions to Form S-8 of the Securities Act of 1933.

Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Change of Control.

Changes in Capitalization. Subject to any required action by the stockholders of Plantronics, in the event that Plantronics Common Stock changes by reason of any stock split, reverse stock split, stock dividend, combination, reclassification or other similar change in our capital structure effected without the receipt of consideration, appropriate adjustments will be made in the number of shares of Common Stock subject to the Plan, the number of shares of Common Stock subject to any outstanding award under the Plan, the exercise price of any such outstanding award, and any per-person or other share limits under the Plan. The Board will make any such adjustment and its determination in that respect will be final, binding and conclusive.

Dissolution or Liquidation. In the event of a liquidation or dissolution, any unexercised award will terminate. The administrator may, in its sole discretion, provide that a participant will have the right to exercise all or any part of his or her award, including shares as to which the award would not otherwise be exercisable. In addition, the administrator may provide that any Company repurchase option applicable to any shares purchased upon exercise of an award will lapse as to all such shares, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated.

Merger or Change of Control. In connection with a merger of Plantronics with or into another corporation, or a change of control, as defined in the Plan, each outstanding award will be assumed or substituted for by the successor corporation (or a parent or subsidiary or such successor corporation). If there is no assumption or substitution of outstanding awards, the administrator will notify the participant that he or she has the right to exercise his or her

options, rights to purchase restricted stock, and stock appreciation rights

as to all of the shares subject to the award for a period of 15 days from the date of such notice and that the award will terminate upon the expiration of such period; moreover, all restrictions on restricted stock and all performance goals or other vesting requirements for restricted stock units will lapse.

Amendment and Termination of the Plan. The Board may amend the Plan at any time or from time to time or may terminate the Plan without approval of the stockholders; provided, however, that stockholder approval is required for any amendment to the Plan for which stockholder approval would be required under applicable law or regulation (including the requirements of The New York Stock Exchange), as in effect at the time. However, the Board may not, without the approval of the stockholders, (i) materially increase the number of shares issuable under the Plan (unless such increase is made as an adjustment to a change in Plantronics' capitalization), (ii) materially modify the requirements for eligibility to participate in the Plan, or (iii) reprice options or stock appreciation rights. The Plan will terminate on September 23, 2013, unless terminated sooner by the Board. Any award outstanding under the Plan at the time of its termination will remain outstanding until they expire by their terms.

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and Plantronics of awards granted under the Plan. Tax consequences for any particular individual may be different.

Nonstatutory Stock Options.

No taxable income is reportable when a nonqualified stock option with an exercise price equal to the fair market value of the Company's stock is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Incentive Stock Options.

No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for nonstatutory stock options). If the participant exercises the option and then later sells or otherwise disposes of the shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two- or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Stock Appreciation Rights.

No taxable income is reportable when a stock appreciation right with an exercise price equal to the fair market value of the Company's stock is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock and Restricted Stock Units.

A participant generally will not have taxable income at the time an award of restricted stock or restricted stock units are granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the award becomes either (a) freely transferable or (b) no longer subject to substantial risk of forfeiture. However, the recipient of a restricted stock award (but not an award of restricted stock units) may elect to recognize income at the time he or she receives the award in an amount

Table of Contents

equal to the fair market value of the shares underlying the Award (less any cash paid for the shares) on the date the award is granted.

Tax Effect for the Company.

The Company generally will be entitled to a tax deduction in connection with an award under the Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to Plantronics' Chief Executive Officer and to each of its four most highly compensated executive officers. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, Plantronics can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. The Plan has been designed to permit the administrator to grant options and stock appreciation rights that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting Plantronics to continue to receive a federal income tax deduction in connection with such awards.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A SERVICE PROVIDER'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE SERVICE PROVIDER MAY RESIDE.

Vote Required

Approval of the increase of 1.3 million shares of common stock issuable under the Plan requires the affirmative vote of the holders of a majority of the shares of the Company's common stock that are present in person or by proxy and entitled to vote at the Annual Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR RATIFICATION AND APPROVAL OF AN INCREASE OF 1.3 MILLION SHARES OF COMMON STOCK ISSUABLE UNDER THE 2003 STOCK PLAN.

PROPOSAL THREE
APPROVAL OF A 200,000 SHARE INCREASE IN SHARES ISSUABLE UNDER
THE 2002 EMPLOYEE STOCK PURCHASE PLAN

Plantronics is seeking stockholder approval of an amendment of the 2002 Employee Stock Purchase Plan (the **2002 ESPP**) to increase the number of shares issuable under the 2002 ESPP. The 2002 ESPP was adopted by the Board of Directors and approved by Plantronics stockholders in July 2002. The 2002 ESPP originally authorized the issuance of 200,000 shares. As of April 30, 2005, 62,791 shares were available for future purchases. Without a further increase, the Plan would run out of shares. Therefore, we believe an increase is prudent to make available sufficient shares for issuance under this plan on an ongoing basis. On May 6, 2005, the Board of Directors approved an increase of 200,000 shares issuable under the 2002 ESPP, subject to stockholder approval.

The Board of Directors believes that the 2002 ESPP is an important component of our total employee benefit package and that it is in the best interest of Plantronics and our stockholders for the stockholders to approve the proposed increase in shares available for purchase by employees under the 2002 ESPP. If our stockholders approve the increase of shares under the 2002 ESPP, the total number of shares of Common Stock available for future purchases under the 2002 ESPP will be 262,791.

The following is a summary of the principal features of the 2002 ESPP and its operation. The following summary is qualified in its entirety by reference to the 2002 ESPP as set forth in Appendix D, attached hereto.

General. The purpose of our 2002 ESPP is to provide employees with an opportunity to purchase our common stock through payroll deductions.

Administration. The 2002 ESPP may be administered by the Board of Directors or a committee appointed by the Board of Directors, referred to as the administrator. All questions of interpretation or application of the 2002 ESPP are determined by our Board of Directors or its appointed committee, and its decisions are final, conclusive and binding upon all participants.

Term of the Plan. The 2002 ESPP became effective June 10, 2002, the date that it was adopted by our Board of Directors, and will continue for a term of 10 years unless sooner terminated by the Board of Directors.

Eligibility. Each of our employees or the employees of our designated subsidiaries who is customarily employed for at least 20 hours per week and more than 5 months in a calendar year is eligible to participate in the 2002 ESPP. The exceptions to this guideline are that no employee shall be granted an option under the 2002 ESPP (i) to the extent that, immediately after the grant, such employee would own 5% of either the voting power or value of our stock or any of our subsidiaries, or (ii) to the extent that his or her rights to purchase stock under all of our employee stock purchase plans or those of our subsidiaries accrues at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year.

Shares Subject to the Plan. The maximum number of shares of our common stock available for sale under the 2002 ESPP as of April 30, 2005 is 62,791 shares, subject to adjustment upon changes in capitalization as described below. On May 6, 2005, the Board of Directors approved an increase of 200,000 shares issuable under the 2002 ESPP, subject to stockholder approval.

Offering Period. The 2002 ESPP is implemented by consecutive offering periods lasting approximately 6 months in duration with a new offering period commencing on February 1 and August 1 of each year. To participate in the 2002 ESPP, each eligible employee must authorize payroll deductions pursuant to the 2002 ESPP. Such payroll deductions may not exceed 10% of a participant's compensation. Compensation is defined as base straight time gross earnings, but exclusive of payments for overtime, shift premium, incentive compensation, incentive payments, bonuses, commissions, car allowances, profit-sharing and other compensation. Our Board of Directors has the power to change the duration of future offering periods without stockholder approval if such change is announced at least 15 days prior to the scheduled beginning of the first offering period to be affected thereafter. Once an employee becomes a participant in the 2002 ESPP, our

Table of Contents

common stock will automatically be purchased under the 2002 ESPP at the end of each offering period, unless the participant withdraws or terminates employment earlier.

Purchase Price. Shares of our common stock may be purchased under the 2002 ESPP at a purchase price not less than 85% of the lesser of the fair market value of our common stock on (i) the first day of the offering period or (ii) the last day of the offering period. The fair market value of our common stock on any relevant date will be the closing price per share as reported on the New York Stock Exchange, or the mean of the closing bid and asked prices, if no sales were reported, as quoted on such exchange or reported in *The Wall Street Journal*.

Payment of Purchase Price; Payroll Deductions. The purchase price of the shares is accumulated by payroll deductions throughout each offering period. The number of shares of our common stock a participant may purchase in each offering period is determined by dividing the total amount of payroll deductions withheld from the participant's compensation during that offering period by the purchase price; provided, however, that a participant may not purchase more than 1,000 shares each offering. During the offering period, a participant may discontinue his or her participation in the employee stock purchase plan, and may, on one occasion during the offering period, decrease (but not increase) the rate of payroll deductions in an offering period within limits set by the administrator.

All payroll deductions made for a participant are credited to the participant's account under the 2002 ESPP, are withheld in whole percentages only and are included with our general funds. Funds received by us pursuant to exercises under the 2002 ESPP are also used for general corporate purposes. A participant may not make any additional payments into his or her account.

Withdrawal. Generally, a participant may withdraw from an offering period at any time by written notice without affecting his or her eligibility to participate in future offering periods. However, once a participant withdraws from a particular offering period, that participant may not participate again in the same offering period. To participate in a subsequent offering period, the participant must deliver to us a new subscription agreement.

Transferability. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the 2002 ESPP may be assigned, transferred, pledged or otherwise disposed of in any way other than by will, the laws of descent and distribution.

Termination of Employment. Upon termination of a participant's employment for any reason, including disability or death, his or her option and participation in the 2002 ESPP will terminate. At such time, the payroll deductions credited to the participant's account (to the extent not used to make a purchase of our common stock) will be returned to him or her or, in the case of death, to the person or persons entitled thereto as provided in the 2002 ESPP.

Adjustments upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.

Changes in Capitalization. Subject to any required action by our stockholders, the number of shares reserved under the 2002 ESPP, the number of shares that may be added to the 2002 ESPP on an annual basis, the maximum number of shares that may be purchased during any offering period, as well as the price per share of common stock covered by each option under the 2002 ESPP which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of common stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the common stock, or any other increase or decrease in the number of shares of common stock effected without receipt of consideration by us; provided, however, that conversion of any of our convertible securities shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by our Board of Directors, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by us of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of common stock subject to an option.

Table of Contents

Dissolution or Liquidation. In the event of our proposed dissolution or liquidation, the Board of Directors shall shorten any offering periods then in progress by setting a new exercise date and any offering periods shall end on the new exercise date. The new exercise date shall be prior to the dissolution or liquidation. If the Board of Directors shortens any offering periods then in progress, the Board of Directors shall notify each participant in writing, at least 10 business days prior to the new exercise date, that the exercise date has been changed to the new exercise date and that the option will be exercised automatically on the new exercise date, unless the participant has already withdrawn from the offering period.

Merger or Asset Sale. In the event of a proposed sale of all or substantially all of our assets or the merger of us with or into another corporation, each option under the 2002 ESPP shall be assumed or an equivalent option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation. In the event the successor corporation refuses to assume or substitute for the options, the Board of Directors shall shorten any offering periods then in progress by setting a new exercise date and any offering periods shall end on the new exercise date. The new exercise date shall be prior to the date of the sale or merger. If the Board of Directors shortens any offering periods then in progress, the Board of Directors shall notify each participant in writing, at least 10 business days prior to the new exercise date, that the exercise date has been changed to the new exercise date and that the option will be exercised automatically on the new exercise date, unless the participant has already withdrawn from the offering period.

Amendment and Termination of the Plan. Our Board of Directors may at any time terminate or amend the 2002 ESPP. An offering period may be terminated by the Board of Directors at the end of any offering period if the Board of Directors determines that termination of the 2002 ESPP is in our best interests and the best interests of our stockholders. Generally, no such termination can affect options previously granted. No amendment shall be effective unless it is approved by the holders of a majority of the votes cast at a duly held stockholders meeting, if such amendment would require stockholder approval in order to comply with Section 423 of the Code.

Certain Federal Income Tax Information. The following brief summary of the effect of federal income taxation upon the participant and us with respect to the shares purchased under the 2002 ESPP does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any state or foreign country in which the participant may reside.

The 2002 ESPP, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the 2002 ESPP are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax in an amount that depends upon the holding period. If the shares are sold or otherwise disposed of more than 2 years from the first day of the applicable offering period and 1 year from the applicable date of purchase, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares have been held from the date of purchase. We generally are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

Vote Required

The affirmative vote of a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting will be required to approve the amendment to the 2002 ESPP.

Given that the number of shares of common stock that may be purchased under the 2002 ESPP is determined, in part, on the stock's market value on the first and last day of the offering period and given that participation in the 2002 ESPP is voluntary on the part of employees, the actual number of shares that may be purchased by any individual is not determinable. For illustrative purposes, the following table sets forth (a) the number of Shares that were purchased during fiscal 2005 under the 2002 ESPP, and the (b) average price per Share purchase price paid for such Shares.

PROPOSAL FOUR
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected PricewaterhouseCoopers LLP (**PricewaterhouseCoopers**), independent registered public accounting firm, to audit the consolidated financial statements of Plantronics for fiscal 2006. PricewaterhouseCoopers has audited Plantronics' financial statements annually since 1988. Their Audit Partner rotation on the Plantronics account has been more frequent than required by professional standards for various reasons, including the relocation in 2002 of the prior Audit Partner. A representative of PricewaterhouseCoopers will be available at the Annual Meeting to respond to questions. The PricewaterhouseCoopers representative will have an opportunity to make a statement at the Annual Meeting if they desire to do so.

Plantronics 2005 fiscal year contained 52 weeks, while Plantronics 2004 fiscal year contained 53 weeks which is the primary reason that base salary decreased in comparison to fiscal 2004 for the officers named below. None received an increase in their base pay during the last review cycle, which was in October 2004, and none received an increase in the target level of their bonus relative to their base pay.

- (1) These options were granted pursuant to Plantronics' 2003 Stock Plan. The option exercise prices were at the fair market value of Plantronics common stock on the date of grant. All options expire 7 years from the date of grant, are generally not transferable by the participant (other than by will or the laws of descent and distribution, or to

family members), and are exercisable during the participant's lifetime only by the Participant. The options become exercisable at the rate of 25% of the total grant 12 months after the date of grant and 2.08% of the total grant each month thereafter. The options are fully vested at 4 years from the date of grant, if the executive is employed with Plantronics as of that date.

- (2) Potential realizable values are net of exercise price, but before taxes associated with exercise. The amounts represent certain assumed rates of appreciation only, based on SEC rules, applied for the entire 7 year term of the options. Actual gains, if any, on stock option exercises are dependent on the future performance of the common stock, overall market conditions, the option holders' continued employment through the vesting period, and the date of exercise and sale of the option shares. The amounts reflected in this table may not necessarily be achieved and do not reflect Plantronics' estimate of future stock price growth.

10b5-1 Trading Plans

Plantronics permits our Officers and Directors to adopt trading plans under Rule 10b5-1 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), which allows stockholders to establish prearranged written plans to buy or sell shares or exercise stock options in accordance with predetermined formulas. Rule 10b5-1 plans allow stockholders to buy or sell shares of Plantronics common stock according to their plan on a regular basis (for example, weekly or monthly or in accordance with another predetermined formula), regardless of any subsequent nonpublic information they receive. As of April 30, 2005, any officers who previously entered into 10b5-1 Trading Plans had terminated all such plans.

Employment Agreements and Change-in-Control Arrangements

In July 1999, Plantronics entered into a three-year employment agreement with Ken Kannappan, Chief Executive Officer. This employment agreement superceded the employment agreement entered into between Plantronics and Mr. Kannappan in March 1996. The term of the current agreement automatically extends, after its initial three-year term, for additional one-year periods unless either Plantronics or Mr. Kannappan gives advance notice of termination. Mr. Kannappan's contract is expected to renew in the ordinary course. The agreement provided for an initial annual base salary of \$375,000, payable in installments on Plantronics' regular payroll schedule. Mr. Kannappan's performance is reviewed annually by the Compensation Committee, and his base salary is adjusted annually based upon that review in the discretion of the committee. His current base salary is approximately \$500,000 per year. The Agreement provides also for receipt by Mr. Kannappan of profit sharing payments under Plantronics' profit sharing plan. The agreement also provides for performance bonuses of up to 83.3% of base salary if Plantronics meets certain performance targets established by the Board. A portion of the bonus is payable quarterly with the remainder payable after the close of the fiscal year and the release of financial results. Mr. Kannappan is also eligible to participate in the Company's Over Achievement Bonus plan. A description of this Plan is provided on page B-2 of Appendix B to this Proxy Statement. Pursuant to the Over Achievement Bonus Plan, Mr. Kannappan received \$50,248 for fiscal year 2005.

Pursuant to Mr. Kannappan's employment agreement, in the event that (i) Plantronics terminates Mr. Kannappan's employment (other than for cause), including voluntary resignation by Mr. Kannappan because of a constructive

discharge; or (ii) Mr. Kannappan terminates his employment voluntarily; or (iii) Mr. Kannappan's employment terminates because of death or disability, he (or his beneficiaries in the case of death) will receive for a period of 2 years from the date of termination of employment (a) continued

Table of Contents

cash compensation payments equal to 75% of the average of the cash compensation earned in the four full fiscal quarters immediately preceding the date of termination of employment, and (b) continuation of certain fringe benefits. Under the agreement, a termination is for cause only if such termination results from gross misconduct that is materially injurious to Plantronics. Cash compensation as used above means base salary, profit sharing, and incentive bonuses earned in the applicable four fiscal quarters, even if the amounts are paid in subsequent periods. If his employment terminates from death or disability, his benefits will be offset to the extent of any disability or death benefits payable under any Plantronics employee benefit plan. For a period of 36 months following Mr. Kannappan's termination of employment with Plantronics, Mr. Kannappan may not perform services for any direct competitor of Plantronics and may not solicit any of Plantronics' employees to become employed by any other business enterprise. However, absent special circumstances, covenants not to compete are generally unenforceable under California law.

Under Mr. Kannappan's employment agreement, Plantronics has agreed to indemnify Mr. Kannappan to the fullest extent permitted by law so long as Mr. Kannappan acts in good faith. Failure by Plantronics to provide such indemnification is deemed to be a breach of the employment agreement and may be deemed a termination of Mr. Kannappan's employment other than for cause.

Mr. Houston joined Plantronics in November 1996 as Vice-President Sales, and entered into an employment agreement with Plantronics at that time. The agreement provides that if, within 2 years of a change of control of Plantronics, Mr. Houston's employment is terminated other than for cause, or he is constructively discharged, or his employment terminates due to death or disability, he, or his beneficiaries, will receive continuation of base salary and fringe benefits for 6 months or up to 12 months if he is unable to obtain subsequent employment. For purposes of the agreement, fringe benefits exclude bonus, profit sharing, deferred compensation or incentive compensation plans. If Mr. Houston's employment is terminated for cause, he will receive no benefits except as may be provided by Plantronics' employee benefit plans generally. Under the agreement, a termination is for cause only if such termination results from gross misconduct that is materially injurious to Plantronics. The agreement also contains a two-year non-compete covenant which takes effect upon termination of Mr. Houston's employment. However, such covenants are generally unenforceable under California law absent special circumstances.

Ms. Scherer and Ms. Shimizu entered into employment agreements with Plantronics in March 1997 and May 2001, respectively. Those agreements are substantially similar to the agreement with Mr. Houston and have been filed with the SEC.

Mr. Vanhoutte joined Plantronics Ltd., a Plantronics subsidiary, as Managing Director, effective 12 June 2003 and signed a Service Agreement at that time. The Service Agreement covers normal employment terms and conditions and permits immediate dismissal for a number of enumerated provisions that would constitute for cause termination. In addition, the employment may be terminated by either party by giving six (6) months notice. Once this notice is given, the Company may terminate Mr. Vanhoutte by paying him twelve (12) months base salary if termination occurs in the second twelve (12) months of employment or six (6) months of base salary if the termination occurs thereafter. If Mr. Vanhoutte is terminated for cause, he still receives six (6) months base salary. The Service Agreement also contains a six (6) month covenant not to compete.

Company's Stock Performance

Set forth below is a line graph comparing the annual percentage change in the cumulative return to the stockholders of Plantronics common stock with the cumulative return of the NYSE Stock Market index and a peer group index for the period commencing on the morning of March 31, 2000 and ending on April 2, 2005. The information contained in the performance graph shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any future filing under the Exchange Act, except to the extent that Plantronics specifically incorporates it by reference into such filing.

The graph assumes that \$100 was invested on the morning of March 31, 2000 in Plantronics common stock and in each index (based on prices from the close of trading on March 31, 2000), and that dividends, if any, were reinvested. No cash dividends have been declared or paid on Plantronics common stock in the relevant period.

Under the assumptions stated above, over the period from March 31, 2000 to April 2, 2005 the total return on an investment in Plantronics would have been 178.4% as compared to 104.1% for the NYSE/AMEX/NASDAQ Stock Market index (U.S. Companies only) and 92.5% for the NYSE/AMEX/NASDAQ Communications Equipment Stocks index shown below. Past performance is no indication of future value and stockholder returns over the indicated period should not be considered indicative of future returns.

APPENDIX A
REPORT OF AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following is the Audit Committee's report submitted to the Board of Directors for the fiscal year ended March 31, 2005.

The Audit Committee of the Board of Directors has:

Reviewed and discussed Plantronics' audited financial statements for the fiscal year ended March 31, 2005 with Plantronics' management, which has primary responsibility for the financial statements;

Discussed with PricewaterhouseCoopers LLP, Plantronics' independent registered public accounting firm, the materials required to be discussed by Statement of Auditing Standard 61;

Reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independent Standards Board No. 1 and has discussed with PricewaterhouseCoopers LLP regarding its independence; and

Considered whether the provision of non-audit services as noted under Proposal Four is compatible with maintaining PricewaterhouseCoopers LLP independence, and has determined that such provision of non-audit services is compatible.

The Board of Directors determined that each member of the Audit Committee is, and has been at all times during the 2005 fiscal year, independent as defined under the NYSE listing standards and Plantronics independence guidelines. Each member of the Audit Committee also satisfies the SEC's additional independence requirement for members of the Audit Committees. The Board of Directors has further determined that Director Marv Tseu is an audit committee financial expert as such term is defined in Item 401(h) of Regulation S-K promulgated by the SEC.

Based on the foregoing review and discussion, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Plantronics' 2005 Annual Report on Form 10-K.

Table of Contents**APPENDIX B****REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS**

The Compensation Committee (the Committee) of the Board of Directors is responsible for reviewing and approving Plantronics executive compensation policies and the compensation paid to the executive officers. The Committee also advises Plantronics management on the compensation policies in place for all non-executive personnel. The Committee is comprised of the members named below, all of whom are independent Directors.

The Committee furnished the following report describing compensation policies and rationale applicable to Plantronics executive officers for the fiscal year ended March 31, 2005. The information contained in such report shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that Plantronics specifically incorporates it by reference into such filing.

Compensation Policies. Plantronics basic compensation philosophy is that compensation should be tied to performance. The structure of Plantronics compensation program is designed to link executive compensation to the performance of Plantronics as well as to the individual contribution of each executive and to make a certain portion of each executive's compensation variable as opposed to fixed. Plantronics performance-based compensation program is a total system consisting of base salary and at risk incentives that reward executives for the achievement of performance levels designed to enhance the value of Plantronics stock. A significant portion of each executive's compensation is dependent upon meeting certain financial goals of Plantronics and individual performance objectives.

The guiding principles of the Plantronics executive compensation program are to (i) provide a total compensation package that will attract highly qualified executives to Plantronics, motivate such individuals to perform at their highest levels, reward outstanding performance, and retain executives whose skills are essential for building Plantronics business and long-term stockholder value; (ii) establish annual incentives for executives that are directly tied to the overall financial performance of Plantronics as well as to individual performance goals; and (iii) implement short and long-term incentives to focus executives on managing Plantronics from the perspective of an owner with an equity stake in the business and align executive compensation with benefits realized by Plantronics stockholders.

There are four basic components of Plantronics compensation program: (i) base salary; (ii) incentive bonuses which reward executives for achievement against pre-established goals; (iii) long-term incentive stock options that align executive compensation incentives with the interests of Plantronics stockholders; and (iv) compensation and employee benefits generally available to employees of Plantronics, such as Plantronics nonqualified cash quarterly profit sharing plan and qualified defined contribution savings plan, including a non-elective employer contribution (safe harbor) of 3% of base salary and a matching of 50% of the first 6% of compensation under Section 401(k) of the Internal Revenue Code.

During the 2005 fiscal year, the Compensation Committee hired a third party consultant to examine the total cash and equity components of the compensation package that Plantronics provides to its executives to determine if such compensation was competitive. The consultant examined West Coast, nationwide and worldwide surveys in areas where Plantronics competes for executive talent to compare the base salaries, bonuses, and stock options to those of peer and slightly smaller companies. The Compensation Committee used this data to make adjustments to executive compensation to achieve Plantronics overall goals.

Base Salaries. Base salaries for Plantronics executive officers are determined by evaluating each executive's scope of responsibility, prior experience and salary history with a focus on such executive's past performance with Plantronics and/or expected contribution to Plantronics future success. For reference, Plantronics used the third party consultant's survey data to assist the Compensation Committee, the Chief Executive Officer and Plantronics Human Resources department in analyzing competitive salary information to determine appropriate salary levels for Plantronics executives. After analyzing the surveys, the Chief Executive Officer recommended an annual salary increase budget for approval by the Compensation Committee and further recommended salary increases within such budget for the individual executives

Table of Contents

because based on market data, a salary increase was not required. For fiscal 2005, the chief executive officer, all of his direct reports and all vice-presidents and above at Plantronics received no base salary increases but instead received restrictive stock awards in lieu of base salary increases. The process for determination of the Chief Executive Officer's compensation, including base salary, is set forth below.

Incentive Bonus Awards. Under Plantronics' Regular and Supplemental Bonus Plan for fiscal 2005, incentive cash payments (Regular and Supplemental bonuses) were based on achievement of individual, team and company objectives. A portion of the bonus awards earned under the plans described below were paid on a quarterly basis during fiscal 2005 while fourth quarter and Supplemental Bonus awards were paid in the first quarter of fiscal 2006 after the close of the 2005 fiscal year. The plan is composed of two programs consisting of a Regular Bonus Plan and a Supplemental Bonus Plan. Each plan is designed to reward the performance of certain officers, subject to the approval of the Compensation Committee, and certain key employees designated by the Chief Executive Officer.

Under the Regular Bonus Plan, a participant becomes eligible to earn up to a certain percentage of base salary based upon achievement of individual objectives, as determined by the supervisor, department Vice President, and/or the CEO. Payments pursuant to the Regular Bonus Plan are made on a quarterly basis—25% of the bonus target percentage each quarter times the individual performance score.

Target base salary for the Supplemental Bonus Plan is computed based on actual salary earned for the year. Actual payment is based on individual, team and company performance scores. Such bonuses are paid on a quarterly basis to the eligible participants who must be employed by Plantronics on the day the bonus is paid. If not employed on the payment date, the participant shall not be entitled to any funds. If the participant dies, or is disabled and therefore unable to work during the relevant quarter or prior to the payment date, the participant will be treated as being employed on the payment date and the participant or the participant's estate will be entitled to the portion of the quarterly bonus actually earned on a pro rata basis using the time actually worked during the relevant quarter.

Under the Supplemental Bonus Plan, a participant becomes eligible to earn up to a certain percentage of base salary upon achievement of objectives. Objectives include both company performance targets as well as individual performance objectives. Payments under the Supplemental Bonus Plan are paid after the close of the fiscal year and only on the basis of relative achievement against the Board approved plan for adjusted net income excluding one-time gains/losses from sales of capital assets and write-offs. Should the fiscal year adjusted net income be less than the Board-approved plan, Supplemental Bonus payments will be reduced proportionately, i.e. 95% achievement of net income funds a pool equal to 95% of target bonuses. Each participant receives payment only to the extent of actual accomplishment of individual objectives. Maximum pay out for any individual is 100% of target. Supplemental Bonus amounts are payable within ninety days after completion of Plantronics' audited financial statements at fiscal year end to participants who continue to be employed by Plantronics on the payment date. If not employed on the payment date, the participant does not receive any funds. If the participant dies, or is disabled and therefore unable to work during the fiscal year or prior to the payment date, the participant will be treated as being employed on the payment date and the participant or the participant's estate will be entitled to the portion of the Supplemental Bonus actually earned on a pro rata basis using the time actually worked during the fiscal year. Plantronics achieved the Board approved plan for net income in its 2005 fiscal year, and accordingly, the Supplemental Bonus pool was fully funded.

In fiscal 2001, the Compensation Committee established an Over Achievement Bonus Plan for the purpose of rewarding corporate and individual performance in excess of annual targeted objectives. To receive bonus funds from the pool, Plantronics must have surpassed its annual targets and a participating executive must also have achieved greater than 90% weighted average individual performance scores on his or her goals and objectives during the fiscal year. The Board determined that it was appropriate to offer this plan in fiscal 2005. Based upon the year end results for fiscal 2005, a pool totaling approximately \$1.6 million was established based on the company's performance vs. plan in fiscal 2005. Of this pool, 80% was set aside for payments to eligible participants under the Over Achievement Bonus Plan in fiscal 2005. Each individual participant who satisfies the 90% weighted average individual performance scores on his or her goals and

Table of Contents

objectives during the fiscal year receives a portion of the pool that is established by computing a percentage of their base salary times their weighted average individual performance scores. The cost of this bonus has been accrued into the financial results for fiscal 2005 although the payments were not made until May 2005. From the total pool, the CEO can award up to 20% to employees at any level in the company whose exceptional performance in fiscal year 2005 warrants such recognition.

Stock Options. Plantronics provides long-term incentives to executive officers through its 1993 Stock Option Plan, adopted by the Board of Directors in September 1993, as subsequently amended and through its 2003 Stock Plan adopted by the Board of Directors in May 2003 and ratified by stockholders on June 27, 2003. The 1993 Stock Option Plan expired on September 23, 2003. The 2003 Stock Plan took effect on September 24, 2003. The 1993 Stock Option Plan and the 2003 Stock Plan shall together be referred to as the Stock Plan. To attract and retain highly qualified executives and to align the interests of the executives with the interests of Plantronics stockholders, stock options constitute a significant portion of Plantronics incentive compensation program. Options granted under the 1993 Stock Option Plan incorporate vesting schedules to encourage employees to remain with Plantronics. Generally, in granting options to executives, the Compensation Committee takes into consideration the individual's position with Plantronics, responsibilities, past performance and future potential to influence the long-term growth and profitability of Plantronics, as well as the individual's existing equity interest in Plantronics, giving primary weight to position, responsibilities and performance.

Restricted Stock. In September 2004, the Compensation Committee received a report from a third party consultant hired to examine the total cash and equity components of the compensation package that Plantronics provides to its executives. At their September, 2004 meeting, the Compensation Committee examined the results of the report and the methods of providing raises to the CEO and certain of his direct reports. The Committee discussed the pros and cons of providing raises in the form of cash versus restricted stock. At the conclusion of this discussion, the Compensation Committee concluded that they should not award merit raises to the CEO or his direct reports. Rather, a decision was made to issue restricted stock to the CEO and certain of his direct reports in lieu of merit raises. This was thought to begin to better align the cash and equity components of compensation of Plantronics executives with the compensation packages afforded to executives at peer companies. Vesting of this restricted stock was to occur pro rata on a quarterly basis over a 5 year vesting period from the date of the grants. The price of the restricted stock in all grants made on September 22, 2004 to the CEO and those certain direct reports receiving grants was par value of \$0.01

Compensation of Chief Executive Officer. In making compensation decisions with respect to the Chief Executive Officer, the Compensation Committee refers to Mr. Kannappan's Employment Agreement (described in this Proxy Statement under the caption Additional Information Employment Agreements and Change-in-Control Arrangements), and also generally applies the compensation philosophy described above.

Mr. Kannappan's current annual base salary is approximately \$500,000. He did not receive a raise in base salary in fiscal 2005. Mr. Kannappan received 100% of the target bonus amount for fiscal 2005 under Plantronics Regular and Supplemental Bonus Plans. Mr. Kannappan's fiscal 2005 bonus was determined (pursuant to his Employment Agreement) in accordance with Plantronics Regular, Supplemental and Over Achievement Bonus Plans approved by the Board of Directors. On September 22, 2004, Plantronics issued Mr. Kannappan an option to purchase 50,000 shares of Plantronics common stock at an option price of \$40.48 per share.

Tax Deductibility of Executive Compensation. Beginning in 1994, Section 162 of the Internal Revenue Code of 1986, as amended (the Code), limits the federal income tax deductibility of compensation, other than performance-based compensation within the meaning of Section 162(m), paid to Plantronics Chief Executive Officer and to each of the other four most highly compensated executive officers. Plantronics may deduct such compensation only to the extent that during any fiscal year the compensation paid to any such individual does not exceed \$1,000,000. Based on Plantronics current compensation plans and policies, Plantronics and the Committee believe that, for the near future, there is little risk that Plantronics will lose any material tax deduction for executive compensation.

(B) Shares will not be deemed to have been issued pursuant to the Plan with respect to any portion of an Award that is settled in cash. With respect to SARs, all underlying Shares to which the exercise of a SAR relates actually issued pursuant to a SAR as will cease to be available under the Plan if the SAR is settled in Shares. (C) If an Award expires or becomes unexercisable without having been exercised in full, or is otherwise surrendered to the Company prior to having been exercised in full, the unpurchased Shares which were subject thereto shall become available for future grant or sale under the Plan (unless the Plan has terminated); provided, however, that Shares that have actually been issued under the Plan, whether upon exercise of an Award, shall not be returned to the Plan and shall not become available for future distribution under the Plan, except that if Shares of Restricted Stock are repurchased by the Company at their original purchase price, such Shares shall become available for future grant under the Plan.

2.2 Administration of the Plan.

(A) Procedure.

(i) *Multiple Administrative Bodies.* Different Committees with respect to different groups of Service Providers may administer the Plan.

(iii) *Rule 16b-3.* To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder shall be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) *Other Administration.* Other than as provided above, the Plan shall be administered by (A) the Board or (B) a Committee, which committee shall be constituted to satisfy Applicable Laws.

(ix) to allow Participants to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Award that number of Shares having a Fair Market Value equal to the minimum amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by the Participant to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may deem necessary or advisable;

(x) to authorize any person to (i) make decisions, determinations and interpretations on behalf of the Administrator to the extent allowed under Applicable Laws, and (ii) execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator; and

(xi) to make all other determinations deemed necessary or advisable for administering the Plan.

(C) *Effect of Administrator's Decision.* The Administrator's decisions, determinations and interpretations, and those of any person authorized by the Administrator to make decisions, determinations and interpretations on behalf of the Administrator, shall be final and binding on all Participants and any other holders of Awards.

Section 3. Stock Options

3.1 Limitations.

(A) Each Option shall be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000, such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 3.1, Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

(B) The following limitations shall apply to grants of Options:

(i) No Participant shall be granted, in any Fiscal Year of the Company, Options to purchase more than 500,000 Shares.

(ii) In connection with his or her initial employment, a Participant may be granted Options to purchase up to an additional 500,000 Shares, which shall not count against the limit set forth in Section 3.1(B)(i).

(iii) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 7.4.

(iv) If an Option is cancelled in the same Fiscal Year of the Company in which it was granted (other than in connection with a transaction described in Section 7.4), the cancelled Option will be counted against the limits set forth in Sections 3.1(B)(i) and (ii).

3.2 Grants of Options to Outside Directors.

(A) *Procedure for Grants.* All grants of Options to Outside Directors under this Plan shall be automatic and non-discretionary and shall be made strictly in accordance with the following provisions:

(i) No person shall have any discretion to select which Outside Directors shall be granted Options or to determine the number of Shares to be covered by Options granted to Outside Directors.

(ii) All Options granted pursuant to this Section shall be Nonstatutory Stock Options and, except as otherwise provided herein, shall be subject to the other terms and conditions of the Plan.

(iii) Each person who first becomes an Outside Director following the effective date of this Plan shall be automatically granted an option to purchase 12,000 Shares (the *First Option*) on the date on which such person first becomes an Outside Director, whether through election by the stockholders of the Company or appointment by the Board to fill a vacancy.

(iv) After the *First Option* has been granted to an Outside Director, such Outside Director shall thereafter be automatically granted an Option to purchase 3,000 Shares (a *Subsequent Option*) on January 15 of each year, provided the Outside Director will continue to be an Outside Director through the applicable date and, if on such date, he or she shall have served on the Board for at least the preceding six (6) months.

(v) Notwithstanding the provisions of subsections (iii) and (iv) hereof, in the event that a grant would cause the number of Shares subject to outstanding Awards plus the number of Shares previously purchased upon exercise of an Award to exceed the number of Shares available for issuance under the Plan, then each such automatic grant shall be for that number of Shares determined by dividing the total number of Shares remaining available for grant by the number of Outside Directors on the automatic grant date. Any further grants shall then be deferred until such time, if any, as additional Shares become available for grant under the Plan through action of the stockholders to increase the number of Shares which may be issued under the Plan or through cancellation or expiration of Options previously granted hereunder.

(B) The terms of an Option granted to an Outside Director shall be as follows:

(i) the term of the Option shall be seven (7) years;

(ii) the Option shall be exercisable only while the Outside Director remains a Director; provided, however, that for Options granted under this Section 3.2 on or after July 21, 2004, if an Outside Director ceases to be a Director as a result of the Outside Director's death, Disability or Retirement, the Outside Director may exercise his or her Option granted pursuant to this Section 3.2 within one year of such termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement) and if on the date of such termination the Outside Director is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan;

(iii) the exercise price per Share shall be 100% of the Fair Market Value per Share on the date of grant of the Option; and

(iv) subject to accelerated vesting upon a merger or Change in Control as specified in Section 7.4(C), the Option shall vest and become exercisable as to 25% of the Shares subject to the Option on the first anniversary of the date of grant of the Option and shall vest and become exercisable as to 6.25% of the Shares subject to the Option at the end of each three-month period thereafter, if on such dates Participant has remained in continuous status as a Director.

(C) The Plan shall not confer upon any Outside Director any right with respect to continuation of service as a Director or nomination to serve as a Director, nor shall it interfere in any way with any rights which the Director or

the Company may have to terminate his or her directorship at any time.

3.3 Term of Option. The term of each Option shall be stated in the Award Agreement and shall be seven (7) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

3.4 Option Exercise Price and Consideration.

(A) *Exercise Price.* The per Share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:

(i) In the case of an Incentive Stock Option

(1) *granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant.*

(2) *granted to any Employee other than an Employee described in Section 3.4(A)(i)(1), the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.*

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

3.5 Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions that must be satisfied before the Option may be exercised.

3.6 Form of Consideration. The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Such consideration may consist, subject to Applicable Laws, entirely of:

(A) cash;

(B) check;

(C) other Shares, including reservation by the Company of Shares issuable to the Participant upon exercise of an Option, which have a Fair Market Value on the date of surrender or reservation equal to the aggregate exercise price of the Shares as to which such Option shall be exercised;

(D) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(E) a reduction in the amount of any Company liability to the Participant, including any liability attributable to the Participant's participation in any Company sponsored deferred compensation program or arrangement;

by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

(i) An Option shall be deemed exercised when the Company receives: (x) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option, and (y) full payment for the Shares with respect to which the Option is exercised (together with applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 7.4.

(ii) Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

In the absence of a specified time in the Award Agreement, the Option shall remain exercisable for three (3) months following the Participant's termination. If, on the date of termination, the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Participant does not exercise his or her Option within the time specified by the Administrator, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(C) *Disability of Participant.* If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement (of at least six (6) months) to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option shall remain exercisable for twelve (12) months following the Participant's termination. If, on the date of termination, the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Participant does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(D) *Death of Participant.* If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to the Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option shall remain exercisable for twelve (12) months following the Participant's death. If, at the time of death, a Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall immediately revert to the Plan. within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(E) *Retirement of Participant.* If a Participant ceases to be a Service Provider as a result of his or her Retirement, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement, to the extent the Option is vested on the date of Retirement (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Award Agreement, for Options granted on or after July 21, 2004, the Option shall remain exercisable for twelve (12) months following the Participant's termination. If, on the date of Retirement, the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after his or her Retirement, the Participant does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

Section 4. Restricted Stock Awards

4.1 **Restricted Stock Awards.** Restricted Stock Awards may be issued either alone, in addition to, or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. After the Administrator determines that it will offer Restricted Stock Awards under the Plan, it shall advise the offeree in writing or electronically, by means of a Notice of Grant, of the terms, conditions and restrictions related to the offer, including the number of Shares that the offeree shall be entitled to purchase, the price to be paid, and the time within which the offeree must accept such offer. The offer shall be accepted by execution of a Restricted Stock Purchase Agreement in the form determined by the Administrator.

4.2 **Term of Restricted Stock Awards.** The term of each Restricted Stock Award shall be stated in the Restricted Stock Award Agreement. Shares of Common Stock issued pursuant to a Restricted Stock Award may, in the discretion of the Administrator, vest over the Participant's period of Service or upon attainment of specified performance objectives. Notwithstanding the foregoing, subject to Section 7.4(C), a Restricted Stock Award may not vest at a rate faster than one year following the date of grant. If a Restricted Stock Award is not subject to achievement of performance goals then, subject to Section 7.4(C), such award will fully vest over a period of at least three (3) years from the date of grant.

4.3 **Limitation on Restricted Stock Award Grants.** No Participant shall receive Restricted Stock Awards in any Fiscal Year of the Company having an aggregate initial value greater than \$600,000, except that Restricted Stock Awards granted to a new Employee in the Fiscal Year of the Company in which his or her service as an Employee first commences shall not have an aggregate initial value greater than \$1,000,000.

4.4 **Repurchase Option.** Unless the Administrator determines otherwise, the Restricted Stock Award Agreement shall grant the Company a repurchase option exercisable upon the voluntary or involuntary termination of the Participant's service with the Company for any reason (including death or Disability). Unless the Administrator determines otherwise, the purchase price for Shares repurchased pursuant to the Restricted Stock Award Agreement shall be the original price paid by the Participant and may be paid by cancellation of any indebtedness of the purchaser to the Company. The repurchase option shall lapse as the Restricted Stock Award vests.

4.5 **Other Provisions.** The Restricted Stock Award Agreement shall contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator in its sole discretion.

4.6 **Rights as a Stockholder.** Once the Restricted Stock Award is exercised, the Participant shall have the rights equivalent to those of a stockholder, and shall be a stockholder when his or her purchase is entered upon the records of the duly authorized transfer agent of the Company. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Restricted Stock Award is exercised, except as provided in Section 7.4.

4.7 **Cancellation of Restricted Stock Award.** On the date set forth in the Restricted Stock Award Agreement, all unearned or unvested Restricted Stock shall be forfeited to the Company.

(i) the term of an SAR may not exceed seven (7) years from the date of grant;

(ii) the exercise price of an SAR must be at least 100% of the Fair Market Value per Share on the date of grant; and

(iii) the maximum payment any Participant may be entitled to receive pursuant to subsection (F) below shall not exceed 100% of the exercise price of the underlying SAR.

(D) *SAR Agreement.* Each SAR grant will be evidenced by an Award Agreement that will specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(E) *Expiration of SARs.* An SAR granted under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement; provided, that, the term of the SAR shall not exceed seven (7) years. Notwithstanding the foregoing, the rules of Sections 3.7(B), (C), and (D) also will apply to SARs.

(F) *Payment of SAR Amount.* Subject to the limitation set out in Section 5.1 (C)(iii) above, upon the exercise of an SAR, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

(i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times

(ii) The number of Shares with respect to which the SAR is exercised. At the discretion of the Administrator, the payment upon SAR exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

Section 6. Restricted Stock Units

6.1 **Grant of Restricted Stock Units.** Restricted Stock Units may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Restricted Stock Units granted to each Participant, provided that during any Fiscal Year no Participant will receive Restricted Stock Units having an initial value greater than \$600,000, except that Restricted Stock Units granted in connection with a Participant's initial service as an Employee shall not have an aggregate initial value greater than \$1,000,000.

6.2 **Value of Restricted Stock.** Each Restricted Stock Unit will have an initial value that is established by the Administrator on or before the date of grant.

6.3 **Vesting.** Subject to Section 7.4(C), a Restricted Stock Unit may not vest at a rate faster than one year following the date of grant. If a Restricted Stock Unit is not subject to achievement of performance goals

Table of Contents

then, subject to Section 7.4(C), such award will fully vest over a period of at least three (3) years from the date of grant

6.4 Performance Objectives and Other Terms. The Administrator will set performance objectives (including, without limitation, continued service) in its discretion which, depending on the extent to which they are met, will determine the number or value of Restricted Stock Units that will be paid out to the Participants. The time period during which the performance objectives must be met will be called the Performance Period. Each Award of Restricted Stock Units will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

6.5 Earning of Restricted Stock Units. After the applicable Performance Period has ended, the holder of Restricted Stock Units will be entitled to receive a payout of the number of Restricted Stock Units earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved. After the grant of a Restricted Stock Unit, the Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such Restricted Stock Unit.

6.6 Form and Timing of Payment of Restricted Stock Units. Payment of earned Restricted Stock Units will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned Restricted Stock Units in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Restricted Stock Units at the close of the applicable Performance Period) or in a combination thereof.

6.7 Cancellation of Restricted Stock Units. On the date set forth in the Award Agreement, all unearned or unvested Restricted Stock Units will be forfeited to the Company, and again will be available for grant under the Plan.

Section 7. General Provisions

7.1 Term of Plan. Subject to Section 7.11, the Plan shall become effective on September 24, 2003. It shall continue in effect for a term of ten (10) years unless terminated earlier under Section 7.6.

7.2 Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator, in its sole discretion, makes an Award transferable, such Award may only be transferred (i) by will, (ii) by the laws of descent and distribution, or (iii) to family members (as such term is defined in the general instructions to Form S-8 under the Securities Act of 1933, or any successor thereto) through gifts or domestic relations orders, as permitted by the instructions to Form S-8 of the Securities Act of 1933.

7.3 Leaves of Absence. Unless the Administrator provides otherwise, vesting of Awards granted hereunder will be suspended during any unpaid leave of absence. A Service Provider will not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company, its Parent, or any Subsidiary. For purposes of Incentive Stock Options, no such leave may exceed ninety (90) days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then three (3) months following the 91st day of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

7.4 Adjustments Upon Changes in Capitalization, Merger or Change in Control.

(A) *Changes in Capitalization.* Subject to any required action by the stockholders of the Company, the number of Shares that have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan upon cancellation or expiration of

Table of Contents

an Award, and the number of Shares as well as the price per Share covered by each outstanding Award, and the numerical Share limits in Sections 2, 3, 4, 5, and 6, shall be proportionately adjusted for any change in, or increase or decrease in the number of issued Shares, resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other change, or increase or decrease in the number of issued Shares, effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. The Board shall make such adjustment, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an Award.

(B) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for the Participant to have the right to exercise his or her Award prior to such transaction as to all of the Shares covered thereby, including Shares as to which the Award would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option applicable to any Shares purchased upon exercise of an Award shall lapse as to all such Shares, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, or earned, an Award will terminate immediately prior to the consummation of such proposed action.

(C) *Merger or Change in Control.*

(i) *Options and Restricted Stock Awards.* In the event of a merger of the Company with or into another corporation, or a Change in Control, each outstanding Award shall be assumed or an equivalent award substituted by the successor corporation or a Parent or Subsidiary of the successor corporation.

(1) In the event that the successor corporation refuses to assume or substitute for the Award, the Participant shall fully vest in and have the right to exercise his or her Option, Restricted Stock Award, or Stock Appreciation Right as to all of the Shares, including Shares as to which it would not otherwise be vested or exercisable, and all restrictions on Restricted Stock will lapse and all performance goals or other vesting criteria with respect to Restricted Stock Units will be deemed achieved at target levels and all other terms and conditions met. In addition, if an Option, Restricted Stock Award, or Stock Appreciation Right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a merger or Change in Control, the Administrator shall notify the Participant in writing or electronically that the Option, Restricted Stock Award, or Stock Appreciation Right shall be fully vested and exercisable for a period of not less than fifteen (15) days from the date of such notice, and the Option, Restricted Stock Award, or Stock Appreciation Right shall terminate upon the expiration of such period.

(2) For the purposes of this Section 7.4(C)(i), an Award shall be considered assumed if, following the merger or Change in Control, the Award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the merger or Change in Control (and in the case of Restricted Stock Units, for each implied share determined by dividing the value of the Restricted Stock Unit by the per Share consideration received by holders of Common Stock in the merger or Change in Control), an amount of consideration (whether stock, cash, or other securities or property) equal to the fair market value of the consideration received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor

Table of Contents

corporation, provide for the consideration to be received upon the exercise of the Option, Restricted Stock Award, or Stock Appreciation Right, for each Share subject to such Award (or in the case of Restricted Stock Units, the number of implied shares determined by dividing the value of the Restricted Stock Units by the per Share consideration received by holders of Common Stock in the merger or Change in Control), to be solely common stock of the successor corporation or its Parent equal in fair market value to the per Share consideration received by holders of Common Stock in the merger or Change in Control.

(3) Notwithstanding anything in Section 7.4(C)(i)(2) to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more performance goals will not be considered assumed if the Company or its successor modifies any of such performance goals without the Participant's consent; provided, however, a modification to such performance goals only to reflect the successor corporation's post-merger or post-asset sale corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

(D) *Outside Director Option Grants.* Notwithstanding anything in Section 7.4(C)(i) to the contrary, in the event of a merger of the Company with or into another corporation, or a Change in Control, in which an Outside Director is terminated or asked to resign, Options granted to such Outside Director under Section 3.2 shall vest 100% immediately prior to such merger or Change in Control. In the event of a merger or Change in Control in which an Outside Director is not terminated or asked to resign, such Outside Director's Options granted under Section 3.2 shall be treated under the terms of Section 7.4(C)(i).

7.5 Date of Grant. The date of grant of an Award shall be, for all purposes, the date on which the Administrator makes the determination granting such Award or such other later date as is determined by the Administrator. Notice of the determination shall be provided to each Participant within a reasonable time after the date of such grant.

7.6 Amendment and Termination of the Plan.

(A) *Amendment and Termination.* The Board may at any time amend, alter, suspend or terminate the Plan.

(B) *Stockholder Approval.* The Company shall obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws. Additionally, notwithstanding anything in the Plan to the contrary, the Board may not, without the approval of the Company's stockholders:

(i) materially increase the number of shares of Common Stock issuable under the Plan, except for permissible adjustments in the event of certain changes in the Company's capitalization;

(ii) materially modify the requirements for eligibility to participate in the Plan, or

(iii) reprice Options issued under the Plan by lowering the exercise price of a previously granted award, by canceling outstanding Options and issuing replacements, or by otherwise replacing existing Options with substitute Options with a lower exercise price.

(C) *Effect of Amendment or Termination.* No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

7.7 Conditions Upon Issuance of Shares.

(A) *Legal Compliance.* Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

Table of Contents

(B) *Investment Representations.* As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

7.8 **Inability to Obtain Authority.** The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

7.9 **Reservation of Shares.** The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

7.10 **Participant's Relationship with Company.** Neither the Plan nor any Award shall confer upon the Participant any right with respect to continuing the Participant's relationship as a Service Provider with the Company, nor shall they interfere in any way with the Participant's right or the Company's right to terminate such relationship at any time, with or without cause.

7.11 **Stockholder Approval.** The Plan shall be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted. Such stockholder approval shall be obtained in the manner and to the degree required under Applicable Laws.

4. Offering Periods. The Plan shall be implemented by consecutive Offering Periods with a new Offering Period commencing on or around February 1 and August 1 of each year, or on such other date as the Board shall determine, and continuing thereafter until terminated in accordance with Section 20 hereof; provided, however, that the first Offering Period under the Plan shall commence on the first Trading Day on or after August 1, 2002 and end on the last Trading Day on or before January 31, 2003, and the second Offering Period hereunder shall commence on the first Trading Day on or after February 1, 2003 and end on the last Trading Day on or before July 31, 2003. unless sooner terminated by the participant as provided in Section 10 hereof.

D-2

Table of Contents**6. Payroll Deductions.**

(a) At the time a participant files his or her subscription agreement, he or she shall elect to have payroll deductions made on each pay day during the Offering Period in an amount not less than one percent (1.0%) and not exceeding ten percent (10.0%) of the Compensation which he or she receives on each pay day during the Offering Period.

(b) All payroll deductions made for a participant shall be credited to his or her account under the Plan and shall be withheld in whole percentages only. A participant may not make any additional payments into such account.

(c) A participant may discontinue his or her participation in the Plan as provided in Section 10 hereof, or may, on one occasion during the Offering Period, decrease (but not increase) the rate of his or her payroll deductions during the Offering Period by completing and filing with the Company a new subscription agreement authorizing a change in payroll deduction rate. The change in rate shall be effective as soon as possible after the Company's receipt of the new subscription agreement. A participant's subscription agreement shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

(d) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b) hereof, a participant's payroll deductions may be decreased to zero percent (0%) at any time during an Offering Period. Payroll deductions shall recommence at the rate provided in such participant's subscription agreement at the beginning of the first Offering Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 10 hereof.

(e) At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock. At any time, the Company may, but shall not be obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Employee.

7. Grant of Option. On the Enrollment Date of each Offering Period, each eligible Employee participating in such Offering Period shall be granted an option to purchase on the Exercise Date of such Offering Period (at the applicable Purchase Price) up to a number of shares of the Company's Common Stock determined by dividing such Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's account as of the Exercise Date by the applicable Purchase Price; provided that in no event shall an Employee be permitted to purchase during each Offering Period more than 1,000 shares (subject to any adjustment pursuant to Section 19), and provided further that such purchase shall be subject to the limitations set forth in Sections 3(b) and 12 hereof. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof. The Employee may accept the grant of such option by turning in a completed and signed subscription agreement to the Company on or prior to the first day of the Offering Period. The administrator may, for future Offering Periods, increase or decrease, in its absolute discretion, the maximum number of shares of the Company's Common Stock an employee may purchase during an Offering Period. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof. The option shall expire on the last day of the Offering Period.

8. Exercise of Option. Unless a participant withdraws from the Plan as provided in Section 10 hereof, his or her option for the purchase of shares shall be exercised automatically on the Exercise Date, and the maximum number of shares subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. Fractional shares may be purchased subject to the limitations set forth in Section 3(b). Any payroll deductions accumulated in a

Table of Contents

participant's account which are in excess of the amounts permissible for the purchase of shares authorized under Section 3(b), shall be returned to the participant no later than the Exercise Date of the relevant Offering Period. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

9. **Delivery.** As promptly as practicable after each Exercise Date on which a purchase of shares occurs, the Company shall arrange the delivery to each participant, as appropriate, the shares purchased upon exercise of his or her option.

10. **Withdrawal.**

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by giving written notice to the Company in the form of Exhibit B to this Plan. All of the participant's payroll deductions credited to his or her account shall be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new subscription agreement.

(b) A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

11. **Termination of Employment.** Upon a participant's ceasing to be an Employee for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option shall be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15 hereof, and such participant's option shall be automatically terminated. The preceding sentence notwithstanding, a participant who receives payment in lieu of notice of termination of employment shall be treated as continuing to be an Employee for the participant's customary number of hours per week of employment during the period in which the participant is subject to such payment in lieu of notice.

12. **Interest.** No interest shall accrue on the payroll deductions of a participant in the Plan.

13. **Stock.**

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof, the maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be 300,000 shares. If, on a given Exercise Date, the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the Plan, the Company shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.

(b) The participant shall have no interest or voting right in shares covered by his option until such option has been exercised.

(c) Shares to be delivered to a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.

14. **Administration.** The Plan shall be administered by the Board or a committee of members of the Board appointed by the Board. The Board or its committee shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Board or its committee shall, to the full extent permitted by law, be final and binding upon all parties.

Table of Contents**15. Designation of Beneficiary.**

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

16. Transferability. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

17. Use of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

18. Reports. Individual accounts shall be maintained for each participant in the Plan. Statements of account shall be given to participating Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

19. Adjustments upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.

(a) **Changes in Capitalization.** Subject to any required action by the stockholders of the Company, the Reserves, the maximum number of shares each participant may purchase per Offering Period (pursuant to Section 7), as well as the price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

(b) **Dissolution or Liquidation.** In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the "New Exercise Date"), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Board. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the

Table of Contents

participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(c) **Merger or Asset Sale.** In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date). The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

20. Amendment or Termination.

(a) The Board of Directors of the Company may at any time and for any reason terminate or amend the Plan. Except as provided in Section 19 hereof, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board of Directors on any Exercise Date if the Board determines that the termination of the Offering Period or the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 19 and Section 20 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any other applicable law, regulation or stock exchange rule), the Company shall obtain shareholder approval in such a manner and to such a degree as required.

(b) Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Board (or its committee) shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Board (or its committee) determines in its sole discretion advisable which are consistent with the Plan.

(c) In the event the Board determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Board may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

(i) altering the Purchase Price for any Offering Period including an Offering Period underway at the time of the change in Purchase Price;

(ii) shortening any Offering Period so that Offering Period ends on a new Exercise Date, including an Offering Period underway at the time of the Board action; and

(iii) allocating shares.

(d) Such modifications or amendments shall not require stockholder approval or the consent of any Plan participants.
