PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
FEBRUARY 28, 2001

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of proxies in the accompanying form. Shares will be voted in the manner directed by the stockholders; provided, however, that if no direction is given by a stockholder, the shares will be voted as recommended by the Corporation's Board of Directors. A stockholder giving a proxy may revoke it at any time before it is exercised by giving written notice of revocation to the Office of the Secretary of the Corporation.

Proxies are being solicited by mail, and, in addition, directors, officers and employees of the Corporation may solicit proxies personally, by telephone, telegram or letter at no additional compensation to them. The Corporation will pay the expense of soliciting proxies and will reimburse brokerage firms and others for their expenses in forwarding proxy materials to beneficial owners of Common Stock.

If a stockholder abstains from voting on any matter, the abstention will be counted for purposes of determining whether a quorum is present at the Annual Meeting of Stockholders for the transaction of business as well as shares entitled to vote on that matter. Under Section 216 of the Delaware General Corporation Law, in all matters other than the election of directors, an action of the stockholders requires the affirmative vote of shares present in person or represented by proxy at the meeting and entitled to vote on the matter. Accordingly, an abstention on any matter other than the election of directors will have the same effect as a vote against that matter. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Broker non-votes on a matter are counted as present for purposes of establishing a quorum for the meeting, but are not considered entitled to vote on that particular matter. Consequently, non-votes do not have the same effect as a negative vote on the matter.

PROPOSAL NUMBER ONE

ELECTION OF DIRECTORS

In accordance with the Corporation's By-Laws, the number of directors is currently fixed at twelve, divided into three classes. Each class consists of four seats, with each director serving a term of three years. There are currently eleven directors serving on the Board of Directors. The terms of Class III directors will expire at the annual meeting in 2001. The Board of Directors has nominated Charles W. Gaillard, Gregory R. Palen and Lawrence Perlman for re-election as Class III directors. Kendrick B. Melrose, presently a Class III director, is not standing for re-election. Unless otherwise directed by the stockholders, it is intended that shares represented by proxy will be voted in favor of the election of the three nominees listed in Class III below, to hold office until the annual meeting in 2004 and until their successors are elected and qualify. If any of the nominees is unable or unwilling to stand for election, it

Edgar Filing: VALSPAR CORP - Form DEF 14A

1

is intended that shares represented by proxy will be voted for a substitute nominee recommended by the Board of Directors, unless the stockholder otherwise directs. The Board is not aware that any of the nominees is unable or unwilling to stand for election.

BOARD COMMITTEES

The standing committees of the Board of Directors for 2000 were as follows:

NAME OF COMMITTEE	MEMBERSHIP
Audit Committee	Susan S. Boren -- Chair, Jeffrey H. Curler, Charles W. Gaillard, Thomas R. McBurney, Gregory R. Palen and Richard L. White
Executive Committee	Thomas R. McBurney, Richard M. Rompala -- Chair and Michael P. Sullivan
Compensation Committee	Susan S. Boren, Thomas R. McBurney, Kendrick B. Melrose, Lawrence Perlman, Edward B. Pollak and Michael P. Sullivan-- Chair
Governance Committee	Susan S. Boren, Jeffrey H. Curler, Charles W. Gaillard, Thomas R. McBurney -- Chair, Kendrick B. Melrose, Gregory R. Palen, Lawrence Perlman, Edward B. Pollak, Michael P. Sullivan and Richard L. White

The Board of Directors met nine times during fiscal 2000.

The Audit Committee held three meetings during the fiscal year at which it reviewed the extent and scope of the audit and non-audit services provided by the Corporation's independent accountants, reviewed internal accounting procedures and controls with the Corporation's financial and accounting staff, reviewed the internal audit function of the Corporation and reviewed the comments made by the independent accountants in their letter of recommendation to management.

The Governance Committee held four meetings during the fiscal year at which it conducted Chief Executive Officer performance evaluations, considered nominations for Board membership, nominated a director to Class I and considered other matters related to corporate governance.

The Compensation Committee held three meetings during the fiscal year at which it reviewed and approved the compensation plans and arrangements or granted options for officers, key employees and directors.

The Governance Committee will consider nominees for Board membership submitted by stockholders. Any such recommendation should be submitted in writing to the Corporation in care of Corporate Secretary, at 1101 Third Street South, Minneapolis, Minnesota 55415, along with the written consent of such nominee to serve as a director if so elected. Candidates for director should be persons with broad training and experience in their chosen fields and who have earned distinction in their activities.

During fiscal 2000, each director attended 75% or more of the meetings of the Board and of the committees on which the director served, with the exception of Mr. Curler and Mr. Gaillard who each attended 6 of 9 such meetings.

DIRECTOR COMPENSATION

Directors who are not officers of the Corporation receive an annual fee of \$30,000, with the Chairs of the Audit and Compensation Committees receiving an annual fee of \$33,000 and the Chair of the Governance Committee receiving an annual fee of \$40,000. Attendance fees of \$1,000 are paid for each meeting of the Board of Directors and \$1,000 for each meeting of a committee of the Board of Directors not held the same day as a Board of Directors meeting. At a director's option, the annual fee and attendance fee may be paid by the Corporation purchasing shares of its Common Stock in the open market on behalf of the director. Any costs of such purchases are paid by the Corporation. In addition, immediately after each annual meeting of stockholders, each non-employee director is automatically granted a non-qualified stock option under the Corporation's Stock Option Plan for Non-Employee Directors with a value equal to one-half of the amount of the director fees earned during the most recently ended fiscal year. The per share option exercise price is equal to 100% of the fair market value of the Corporation's Common Stock at the closing price on the day preceding the date of grant. The number of shares subject to the option is determined by using the same option valuation model used to value options for purposes of the notes to the Corporation's audited financial statements for the prior fiscal year. Each option is immediately exercisable in full, has a term of ten years and is nontransferable during the lifetime of the optionee. On February 23, 2000, the non-employee directors received options to purchase the following numbers of shares at an exercise price of \$34.6875 per share: Ms. Boren, 1,800 shares; Mr. Curler, 1,650 shares; Mr. Gaillard, 1,100 shares; Mr. McBurney, 2,100 shares; Mr. Melrose, 1,650 shares; Mr. Palen, 1,650 shares; Mr. Perlman, 1,650 shares; Mr. Pollak, 1,650 shares; and Mr. Sullivan, 1,800 shares.

CERTAIN TRANSACTIONS

The Leveraged Equity Purchase Plan (the "LEPP"), which was approved by the stockholders in February 1991, provides key employees (including executive officers) with loans from the Corporation, up to an aggregate amount of \$6,000,000, to permit them to acquire Common Stock of the Corporation in the open market. The LEPP is administered by the Compensation Committee, with the Committee selecting the individuals to be granted loans and determining the size of such loans. A participant may borrow from the Corporation 90% of the cost of the shares being purchased, such loan being evidenced by a nonrecourse promissory note bearing interest at a reasonable market rate and having a term up to five years. All loans reflected in the table below were granted in fiscal 1996, 1999 and 2000 and bear an interest rate of 6.5%, 5.1% and 6.39%, respectively. The following lists each director and executive officer whose loan from the Corporation exceeded \$60,000 at any time during fiscal 2000, and indicates (i) the largest loan amount outstanding for such director and officer at any time since October 30, 1999, and (ii) the loan amount outstanding for such director and officer as of December 29, 2000:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act"), requires the Corporation's directors, executive officers and beneficial owners of more than 10% of the common stock of the Corporation to file with the Securities and Exchange Commission ("SEC") certain reports regarding their ownership of common stock or any changes in such ownership. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such reports received by it, and/or written representations from certain reporting persons that no Forms 5 were required for such persons, the Corporation believes that, during the year ended October 27, 2000, and except as set forth below, the reporting persons have complied with all filing requirements of Section 16(a) of the 1934 Act. There was a late filing of one Form 4 on behalf of Mr. Steven L. Erdahl, an executive officer of the Corporation, reporting an open market purchase of common stock, and a Form 3 was filed on a timely basis on behalf of Ms. Lori A. Walker, Controller, which subsequently was amended to report the correct indirect beneficial ownership of shares in the Corporation's ESOP. These were inadvertent omissions, and both forms were promptly filed upon discovery of the oversight.

CHANGE IN CONTROL AGREEMENTS

The Corporation has entered into agreements with certain key employees, including the Named Executives, providing for the continued employment of such executives for a period of up to two years following a change in control of the Corporation. During such two-year period, executives would continue to be employed and compensated commensurate with their positions and compensation prior to the change in control. Each agreement continues in effect until the earlier of (i) a termination of the executive's employment prior to the occurrence of a change in control or (ii) a payment event shall have occurred and the Corporation shall have satisfied all of its obligations under the agreement. Payment event means the occurrence of a change in control coincident with or followed at any time before the end of 24-month period immediately following the month in which the change in control occurred, by the termination of the executive's employment with the Corporation or a subsidiary for any reason other than: (a) by the executive without good reason; (b) by the Corporation as a result of the disability of the executive or for cause; or (c) as a result of the death of the executive. Payments required under each agreement include a severance payment amount which, in the case of the Named Executives, is equal to: (a) the higher of: (i) three times the sum of executive's annual base salary in effect prior to the change in control and the amounts pursuant to all incentive compensation plans or (ii) three times the sum of executive's annual base salary in effect prior to the payment event and the amounts pursuant to all incentive compensation plans; plus (b) the pro rata portion of the target potential amount payable to the executive under all incentive compensation plans for the year during which the termination occurs. The Corporation will also pay any excise taxes that the executive may incur as a result of such payments, and any income and excise taxes on such excise tax payments.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") is comprised entirely of outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") and the rules and regulations thereunder. The Committee is responsible for setting and administering the policies which govern both annual compensation and stock ownership programs. The Corporation's incentive plans are designed to condition a significant amount of an executive's compensation on the performance of the executive and of the Corporation as a whole. The compensation plans are also designed to encourage employee stock ownership. The Compensation Committee believes such ownership effectively motivates executives to increase stockholder value and aligns the interests of employees with those of the stockholders. In its administration of the various compensation plans, the Committee focuses on these goals of tying compensation to performance and encouraging executive stock ownership.

COMPENSATION OF EXECUTIVE OFFICERS

SALARY. In setting each executive officer's base salary, the Committee considers quantitative measures related to the Corporation's financial performance as well as a number of qualitative measures related to the executive's duties and responsibilities. The Committee also uses compensation studies provided by an independent consultant to compare the salary of its executive officers with salaries of executive officers of other companies of similar size and profitability, including, but not limited to, the companies in the peer group used in connection with the Stock Performance Graphs on pages 14 and 15. The Committee does not use the market value or performance of the Corporation's Common Stock as a direct factor in determining the base salaries or bonuses of the executive officers. Increases in base salary are determined from time to time based on the Corporation's financial performance. The base salary of the Named Executives increased by an average of 8% from fiscal 1999 to fiscal 2000. The increases for 2000 reflected general corporate performance, based on sales, profits, expense control, unit growth and return on equity for fiscal 1999.

BONUS PROGRAMS. Since prior to fiscal 1988, the Corporation has had a policy of granting incentive bonuses to its key employees (including executive officers), referred to as the "Incentive Bonus Plan." In the first quarter of each fiscal year, specific performance targets are identified for each participant in the Incentive Bonus Plan, including both general corporate measures of performance (such as sales, profits, expense control, unit growth and return on equity) and specific measures of performance within the participant's area of responsibility. After the end of such fiscal year, if the participant remains employed by the Corporation, a bonus of up to a specified percentage of the participant's salary (81.25%-100% for executive officers in fiscal 2000) will be paid, depending on the level of achievement of the participant's performance targets. For executive officers, general corporate performance measures and specific measures within the executive's area of responsibility are included. Among these corporate performance measures, net income is generally weighted most heavily. The bonus earned by the Named Executives under the Incentive Bonus Plan for fiscal 2000 ranged from 40% to 45% of salary.

Pursuant to the Key Employee Annual Bonus Plan, adopted for fiscal 1993 and subsequent years, the Committee may select those key employees (including

Edgar Filing: VALSPAR CORP - Form DEF 14A

executive officers) who are eligible to participate in the plan. The plan is comprised of three elements: a stock option grant, a cash bonus and a restricted stock award equal to the cash bonus.

Participants in this plan receive a nonqualified stock option, with the number of shares subject to the option calculated as a percentage of base salary for the fiscal year based on performance. The value

10

of the shares subject to options for fiscal 2000 bonuses ranged from 300 to 350% of the 2000 base salary for the Named Executives and 400% for the Chief Executive Officer. These options were granted in December 2000 with an exercise price based on the fair market value of the Corporation's Common Stock at the closing price on the day preceding the date of grant. Thirty-one employees, including all executive officers, were selected to participate for fiscal year 2000 in the plan. In addition, 551 employees were selected to participate in the Annual Option Bonus Plan, in which a participant receives stock options, with the number of options calculated as a percentage of base salary for the fiscal year based on performance.

As to the cash bonus element, participants could elect prior to the beginning of fiscal 2000 to convert all or any portion of his or her cash bonus under the Incentive Bonus Plan into a grant of restricted stock. The participant was required to be employed on the last day of fiscal 2000 to receive the restricted stock grant for that fiscal year, and the restricted stock would be granted in January 2001. The restricted stock is forfeitable for three years from the date of grant if the participant's employment with the Corporation terminates for any reason other than death, disability, retirement or a change in control of the Corporation. In addition, participants receive a restricted stock grant equal in amount to their cash bonus.

During fiscal 2000, the participants, including the Named Executives, were allowed, by action of the Compensation Committee, to elect to receive a special stock option grant in lieu of the cash bonuses and restricted stock. This special stock option election was offered in fiscal 2000 as a means of increasing stock ownership by executives and reducing compensation expense to the Company. Each of the Named Executives elected to receive a stock option grant in lieu of cash bonuses and restricted stock. This option is immediately exercisable in full, has a term of ten years, remains exercisable regardless of employment status and is nontransferable during the lifetime of the optionee. Each option was granted in October 2000, and the market value of the option shares was equal to four times the amount of the cash bonus on the date of grant.

OPTION PROGRAMS. In 1991, the Corporation's stockholders approved the adoption of the Corporation's 1991 Stock Option Plan. Currently, 6,000,000 shares of common stock are reserved for issuance upon exercise of options granted thereunder. See "Proposal Two -- Approval of Increase in Shares Reserved Under the 1991 Stock Option Plan." Options granted under the 1991 Plan are granted at exercise prices equal to the fair market value of the Corporation's common stock at the closing price on the day preceding the date of grant. The options granted to the Named Executives in 2000 were determined under the Key Employee Annual Bonus Plan as described under "Bonus Programs" above.

DEDUCTIBILITY OF COMPENSATION. Section 162(m) of the Internal Revenue Code, enacted in 1993, generally limits to \$1 million the tax deductibility of compensation paid by a public company to its chief executive and four other most highly compensated executive officers. Certain performance-based compensation is

Edgar Filing: VALSPAR CORP - Form DEF 14A

not subject to the limitation. The Committee considers the deductibility of compensation arrangements as one factor in executive compensation decisions. However, deductibility is not the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation. The provisions of the 1991 Stock Option Plan and the Key Employee Annual Bonus Plan are intended to permit compensation income of the Named Executives received under such plans to be deductible by the Corporation. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that the Corporation may enter into compensation arrangements under which compensation in excess of \$1 million is not deductible under Section 162(m).

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

In setting Mr. Rompala's base salary, the Committee considered quantitative measures related to the Corporation's financial performance as well as a number of qualitative measures related to

11

Mr. Rompala's duties and responsibilities. The Committee also compared Mr. Rompala's salary with salaries of chief executive officers of other companies of similar size and profitability, including, but not limited to, the companies in the peer group used in connection with the Stock Performance Graphs on pages 14 and 15. Mr. Rompala's base salary increased approximately 9% from fiscal 1999 to fiscal 2000. This increase reflected general corporate performance, based on sales, profits, expense control, unit growth and return on equity. The Corporation also granted an incentive bonus to Mr. Rompala under the Incentive Bonus Plan. Mr. Rompala's performance targets included net income, net sales and modified cash flow. Mr. Rompala was eligible for a bonus of up to 100% of his salary, depending upon the level of achievement of these performance targets. Net income of the Corporation was weighted most heavily in connection with Mr. Rompala's compensation. Mr. Rompala's bonus earned under the Incentive Bonus Plan for fiscal 2000 was \$281,600 if received in cash, or 44% of his salary. As described above under "Compensation of Executive Officers -- Bonus Programs," for fiscal 2000, Mr. Rompala elected to receive the bonus in a stock option grant in lieu of restricted stock. The option was granted in October 2000, is immediately exercisable in full, has a term of ten years, remains exercisable regardless of employment status and is nontransferable during the lifetime of the optionee. The market value of the option shares was equal to four times the amount of the cash bonus on the date of grant. Mr. Rompala also received stock options in December 2000 under the formula provided in the Key Employee Annual Bonus Plan. The value of the shares subject to these options for Mr. Rompala's fiscal 2000 bonus was 400% of his 2000 base salary.

BOARD AUDIT COMMITTEE REPORT

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities relating to accounting,

Edgar Filing: VALSPAR CORP - Form DEF 14A

reporting practices and the quality and integrity of the financial reports and other publicly disseminated financial information of the Corporation. In this context, the Audit Committee has met with management (including the Chief Executive Officer, Chief Financial Officer and Director of Internal Audit) and Ernst & Young LLP, the Corporation's independent public accountants ("Independent Auditors").

The Audit Committee held meetings with the Corporation's internal auditors and Independent Auditors, both in the presence of management and privately, to discuss the overall scope and plans for their respective audits, the results of their examinations, the evaluations of the Corporation's internal controls, and the overall quality of the Corporation's financial reports.

The Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the Independent Auditors. The Audit Committee also discussed with the Independent Auditors the matters required by Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to independence, the Audit Committee has received the written disclosures from the Independent Auditors required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees) and has discussed with the Independent Auditors their independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, (i) the selection of the Independent Auditors for the 2001 fiscal year and (ii) that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended October 27, 2000 for filing with the Securities and Exchange Commission.

The Charter adopted by the Audit Committee during fiscal 2000 appears as Appendix A to this proxy statement.

STOCK PERFORMANCE GRAPHS

The graphs below compare the Corporation's cumulative total shareholder return for the last five fiscal years and the last ten fiscal years with the cumulative total return of (1) the Standard & Poor's 500 Stock Index and (2) a Peer Group of companies selected by the Corporation on a line-of-business basis. The graphs assume the investment of \$100 in the Corporation's Common Stock, the S&P 500 Index and the Peer Group at the end of fiscal 1995 and fiscal 1990, respectively, and the reinvestment of all dividends.

The companies selected to form the peer group index are: PPG Industries, Inc.; Rohm and Haas Company; Ferro Corporation; NL Industries, Inc.; H.B. Fuller Company; The Sherwin-Williams Company; RPM, Inc.; Lilly Industries, Inc.; and Detrex Corporation. Grow Group, Inc., Guardsman Products, Inc., Pratt & Lambert, Inc. and Lawter International, Inc. were excluded from the Peer Group as a result of being acquired, and Standard Brands Paint Company was excluded as a result of bankruptcy.

The Corporation included the ten-year graph because it believes the ten-year graph provides useful information regarding performance of the Corporation's Common Stock over an extended period.

PROPOSAL NUMBER TWO

APPROVAL OF INCREASE IN SHARES RESERVED UNDER THE 1991 STOCK OPTION PLAN

In December 2000, the Corporation's Board of Directors amended the 1991 Stock Option Plan (the "Plan"), subject to approval by the stockholders, to increase the total number of shares reserved for issuance upon exercise of options to be granted under the Plan. The amendment increases the total number of shares available for stock option grants by 2,000,000 shares to a total of 8,000,000 shares.

Edgar Filing: VALSPAR CORP - Form DEF 14A

SUMMARY OF THE 1991 STOCK OPTION PLAN

On February 27, 1991, the stockholders of the Corporation adopted the Plan. The purpose of the Plan is to promote the success of the Corporation by facilitating the employment and retention of

15

competent personnel and by furnishing incentives to employees and others upon whose efforts the success of the Corporation will depend to a large degree by encouraging stock ownership in order to increase such individuals' proprietary interest in the Corporation's success.

TERM. Incentive stock options may be granted pursuant to the Plan through December 12, 2010. Nonqualified Stock Options may be granted pursuant to the Plan until the Plan is discontinued or terminated by the Board of Directors.

ADMINISTRATION. The Plan is administered by a Committee (the "Committee") appointed by the Board from time to time which shall consist of not less than two members of the Board who are non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 or any successor Rule and outside directors within the meaning of Section 162(m) of the Code. The Plan vests broad powers in the Committee to administer and interpret the Plan, including the authority to select the individuals to be granted options and to prescribe the type, form and conditions of the options (which may vary from optionee to optionee). The Board has appointed the Compensation Committee to serve as the Committee administering the Plan.

ELIGIBILITY. All salaried officers and employees of the Corporation or any subsidiary of the Corporation, and all other persons performing services for the Corporation (including directors, consultants or advisors), are eligible to receive options under the Plan. At fiscal year-end, the Corporation had approximately 4,685 employees and an undetermined number of advisors or consultants.

OPTIONS. When an option is granted under the Plan, the Committee in its discretion will specify the number of shares of common stock which may be purchased upon exercise of the option, the option price (which may not be less than 100% of the fair market value of the Corporation's Common Stock at the closing price on the day preceding the date of grant), the term of the option and whether it will be an incentive or nonqualified stock option. The closing sale price of the Corporation's Common Stock was \$32.18 on December 29, 2000.

The term during which the option may be exercised and whether the option will be exercisable immediately, in stages, or otherwise will be set by the Committee when the option is granted, but in no event will the term of an incentive stock option exceed ten years. Each option granted under the Plan is nontransferable during the lifetime of the optionee. The Committee may impose additional or alternative conditions and restrictions on the incentive or nonqualified stock options granted under the Plan; however, each incentive stock option must contain such limitations and restrictions upon its exercise as are necessary to ensure that the option will be an incentive stock option as defined under the Code. Upon any change of control, each option becomes immediately exercisable in full for the remainder of the term without regard to any vesting or installment exercise provisions then applicable to the option.

Upon exercise of an option under the Plan, the exercise price is to be paid in cash, by check or by surrender (or deemed surrendered through attestation) of

Edgar Filing: VALSPAR CORP - Form DEF 14A

previously acquired shares of common stock of the Corporation which have been owned for more than six months on the date of surrender valued at the fair market value based on the closing price on the day preceding the date of exercise.

AMENDMENT. The Board of Directors may from time to time suspend or discontinue the Plan or revise or amend it in any respect; provided, however, that no such revision or amendment shall impair the terms and conditions of any option which is outstanding on the date of such revision or amendment to the material detriment of the optionee without the consent of the optionee. In addition, no such revision or amendment may, without the approval of the Corporation's stockholders, (i) materially increase the number of shares subject to the Plan except as provided in the case of stock splits,

16

consolidations, stock dividends or similar events; (ii) change the designation of the class of individuals eligible to receive options; or (iii) materially increase the benefits accruing to optionees under the Plan. Furthermore, the Plan may not, without approval of the Corporation's stockholders, be amended in any manner which will cause the incentive stock options to fail to meet the requirements of incentive stock options as defined under the Code.

The Committee may equitably adjust the maximum number of shares of Common Stock reserved for issuance under the Plan, the number of shares covered by each outstanding option and the option price per share in the event of stock splits or consolidations, stock dividends or other transactions in which the Corporation receives no consideration. The Committee may also provide for the protection of optionees in the event of a merger, liquidation or reorganization of the Corporation.

FEDERAL INCOME TAX CONSEQUENCES OF THE PLAN

Some of the options to be granted to employees pursuant to the Plan may be intended to qualify as "incentive" stock options under Section 422 of the Internal Revenue Code. Under such Section, the optionee realizes no taxable income when the incentive stock option is granted. In addition, an optionee generally will not realize taxable compensation income upon the exercise of an incentive stock option if he or she exercises it as an employee or within three months after termination of employment (or within one year after termination if the termination results from a permanent and total disability). The amount by which the fair market value of the shares purchased exceeds the aggregate option price at the time of exercise will be alternative minimum taxable income for purposes of applying the alternative minimum tax. If the optionee does not dispose of the shares acquired upon such exercise for a period of two years from the granting of the incentive stock option and one year after exercise of the option, the optionee will not realize any taxable income until he or she sells the shares. If the applicable holding periods are not satisfied, then any gain realized in connection with the disposition of such stock will generally be taxable as ordinary compensation income in the year in which the disposition occurred, to the extent of the difference between the fair market value of such stock on the date of exercise and the option exercise price. The Corporation is entitled to a tax deduction only to the extent, and at the time, the participant realizes compensation income. The balance of any gain will be characterized as a capital gain.

Nonqualified stock options granted under the Plan are not intended to and do not qualify for the tax treatment described above for incentive stock options. Under present law, an optionee will not realize any taxable income on

Edgar Filing: VALSPAR CORP - Form DEF 14A

the date an option is granted to the optionee pursuant to the Plan. Upon exercise of the option, however, the optionee will realize, in the year of exercise, ordinary income to the extent of the difference between the option price and the fair market value on the date of exercise. Upon the sale of shares, any resulting gain or loss will be treated as capital gain or loss. The Corporation will receive a deduction in its fiscal year in which options are exercised, equal to the amount of compensation required to be included as ordinary income by those optionees exercising options.

STOCK OPTION GRANTS UNDER THE 1991 STOCK OPTION PLAN

The maximum number of shares currently issuable for stock grants under the Plan is 6,000,000. Approximately 4,562,884 option shares have been granted to date under the Plan, and approximately 1,666,117 shares are currently available for further option grants. On adoption of the proposed amendment, the maximum aggregate number of shares issuable under the Plan will be increased by 2,000,000, to 8,000,000 shares.

17

VOTE REQUIRED

The Board recommends that the stockholders approve the increase in the shares reserved under the 1991 Stock Option Plan. The affirmative vote of a majority of the shares represented at the annual meeting and entitled to vote is required for approval.

PROPOSAL NUMBER THREE

APPROVAL OF THE CORPORATION'S 2001 STOCK INCENTIVE PLAN

In December 2000, the Board of Directors of the Corporation adopted The Valspar Corporation 2001 Stock Incentive Plan (the "Incentive Plan"), subject to approval by the stockholders. The Incentive Plan permits awards of restricted or unrestricted stock to employees of the Corporation or any subsidiary.

SUMMARY OF THE STOCK INCENTIVE PLAN

PURPOSES. The Corporation adopted the Incentive Plan to provide a continuing, long-term incentive to eligible employees of the Corporation and any subsidiary; to provide a means of rewarding outstanding performance; and to enable the Corporation to maintain a competitive position to attract and retain personnel necessary for continued growth and profitability.

SHARES AVAILABLE UNDER PLAN. Up to 1,000,000 shares of common stock may be issued pursuant to awards under the Incentive Plan. Shares which become available as a result of canceled, lapsed or terminated awards granted under the Incentive Plan will become available again for issuance pursuant to awards subsequently granted under the Incentive Plan. If the outstanding shares of common stock of the Corporation are changed or exchanged by the declaration of a stock dividend, stock split, combination of shares or recapitalization, the number and kind of shares subject to the Incentive Plan or subject to any restricted or unrestricted, performance or non-performance based awards granted to that date will be adjusted appropriately.

ADMINISTRATION. The Incentive Plan is administered by the Board's Compensation Committee, which has the power to interpret the Incentive Plan and select those employees of the Corporation and its subsidiaries who are eligible

Edgar Filing: VALSPAR CORP - Form DEF 14A

to receive awards of shares of restricted or unrestricted common stock under the Incentive Plan. The Committee generally has the authority to determine when and to whom to grant awards of stock, the number of shares covered by each award, the time or times within which such awards may be subject to forfeiture, and all other conditions of the awards. The Committee may also condition the grant of an award upon the attainment of specified performance targets.

The Board has the authority to withdraw the Committee's authority and to administer the Plan. Except as prohibited by law or stock exchange rules, the Committee may delegate to executive officers of the Corporation the authority to exercise the Committee's authority under the Incentive Plan, subject to the review of the Committee or the Board.

STOCK INCENTIVE AWARDS. The Committee may designate whether an award of shares under the Incentive Plan will be subject to restrictions and whether the award will be payable only upon achievement of performance goals, or both. Each award under the Plan will be evidenced by an agreement that describes the terms of the award.

The Committee may provide that an award is subject to a restriction period during which the shares awarded will be subject to the risk of forfeiture and other terms and conditions as the Committee may

18

specify. The Committee may, at any time, accelerate the date of lapse of restrictions with respect to all or any part of the shares awarded to a recipient. Recipients of restricted awards generally will not be required to make any payment or provide consideration other than the rendering of services. During the period of the restrictions, the recipient may not transfer the shares or any rights in the shares. Otherwise, the recipient generally will have all of the rights of a shareholder with respect to the shares awarded, including the right to vote the shares and the right to receive any cash or stock dividends. The Committee may permit or require the payment of cash dividends to be deferred and, if the Committee so determines, reinvested in additional shares of stock subject to the same restrictions as the shares of stock on which the dividends were issued.

The Committee may also award unrestricted stock to any recipient. The Committee may grant the shares without conditions, or may establish performance criteria and performance targets for each recipient or group of recipients and the performance period over which such performance will be measured. Except for the awards to Designated Executive Officers described below, the Committee may accelerate the achievement of performance targets, award a pro rata portion of a stock award prior to the end of a performance measurement period or make any other adjustment during the performance period as it deems appropriate, including in the event of a change in control. Unless the award otherwise provides, shares subject to an award based on the achievement of performance goals will not be considered as outstanding for any purpose, and no dividends, voting or other rights will attach to the shares to be issued based on the achievement of performance goals until such time as the shares are issued to the recipient.

The Incentive Plan defines additional standards for awards to certain executive officers designated by the Committee and other key employees of the Corporation (the "Designated Executive Officers"), who will always include the Chairman, the Chief Executive Officer, the Chief Operating Officer and the President. With respect to awards based on performance criteria for a Designated Executive Officer: (a) the Committee will identify in writing specific

Edgar Filing: VALSPAR CORP - Form DEF 14A

performance targets, performance period and maximum award levels within the first ninety days of each fiscal year of the Corporation; (b) the performance targets for Designated Executive Officers shall include one or more of the following categories, either on an absolute basis or a comparative basis: market capitalization, share price, operating income, gross or net sales, gross or net margins, expenses as a percentage of net sales, inventory turns, earnings per share, return on average equity, cash flow, modified cash flow, working capital and gallon sales; (c) the Committee will certify in writing following the end of the performance period whether the performance targets have been met and the level earned under the criteria; and (d) the maximum award based on performance criteria for any Designated Executive Officer under the Incentive Plan for any fiscal year shall be 100,000 shares. These limitations are intended to allow the awards to comply with the requirements of Section 162(m) of the Internal Revenue Code, which restricts the deductibility of compensation of the chief executive officer and certain other executive officers to \$1 million per year.

The Incentive Plan provides for acceleration of awards upon a "Change in Control" as defined in the Incentive Plan. Upon a Change in Control, unless the agreement for any award provides otherwise: (a) any restrictions on a restricted stock award will lapse and be of no further force and effect and (b) the recipient will receive any award outstanding at the time of the Change in Control without regard to the achievement of any performance targets yet to be achieved or the completion of the performance period. A Change in Control is defined to include mergers and sales of stock that cause a transfer of significant voting control of the Corporation, sales of all or substantially all of the assets of the Corporation, liquidations or dissolutions, significant changes in the Board of Directors or other events described in the Incentive Plan.

19

AMENDMENT. The Incentive Plan may be amended or terminated at any time by the Board of Directors of the Corporation or by the Committee, without further action on the part of the stockholders of the Corporation, provided that (a) no amendment or termination of the Plan, without the consent of the recipient, will materially adversely affect or impair a recipient's rights under any award granted under the Incentive Plan, and (b) unless stockholder approval is obtained, no amendment will materially increase the total number of shares that may be awarded under the Incentive Plan to all recipients, or materially increase the benefits accruing to recipients under the Incentive Plan.

CERTAIN FEDERAL INCOME TAX CONSIDERATIONS. Recipients of unrestricted stock will recognize compensation taxable as ordinary income in the year that the stock award is received. If the award is subject to the attainment of performance targets, the recipient will recognize the compensation as income at the time the targets are attained.

Recipients of restricted stock awards are not required to recognize compensation taxable as ordinary income in the year that the restricted stock is granted. Instead, these recipients will recognize compensation taxable as ordinary income for the year in which the shares of stock are no longer subject to a risk of forfeiture. Any dividends paid with respect to restricted stock prior to the time that the risk of forfeiture lapses will be taxed as additional compensation income, while dividends paid after the risk of forfeiture lapses will be taxed as dividend income.

The Corporation will receive a deduction equal to the amount of compensation the participant is required to recognize as ordinary income, whether from receipt of an unrestricted stock award or the lapse of the risk of

Edgar Filing: VALSPAR CORP - Form DEF 14A

forfeiture on restricted stock, if the Corporation complies with any applicable federal income tax withholding.

APPROVAL OF INCENTIVE PLAN. The Board is seeking stockholder approval of the Incentive Plan including the categories of performance targets for awards to the Designated Executive Officers. Approval of these categories is necessary to allow the awards to the Designated Executive Officers to comply with the requirements of Section 162(m) of the Internal Revenue Code.

VOTE REQUIRED. The Board recommends that the stockholders approve the 2001 Stock Incentive Plan. The affirmative vote of a majority of the shares represented at the annual meeting and entitled to vote is required for approval of the Incentive Plan.

PROPOSAL NUMBER FOUR

APPOINTMENT OF AUDITORS

Unless otherwise directed by the stockholders, shares represented by proxy at the meeting will be voted in favor of ratification of the appointment of the firm of Ernst & Young LLP to examine the accounts of the Corporation for the year ending October 26, 2001. A representative of Ernst & Young LLP is expected to be present at the 2001 annual meeting and will be given an opportunity to make a statement if so desired and to respond to appropriate questions.

At least once each year, the Audit Committee reviews the services that may be provided by Ernst & Young LLP during the year, considers the effect that performing such services might have on audit independence and approves guidelines under which management may engage Ernst & Young LLP to perform non-audit services. See "Board Audit Committee Report."

20

APPENDIX A

THE VALSPAR CORPORATION
AUDIT COMMITTEE OF THE BOARD
CHARTER

PURPOSE This charter establishes the responsibilities of the Audit Committee ("Committee") of the Board of Directors ("Board") of The Valspar Corporation (the "Company").

COMPOSITION The Committee shall be comprised of at least three directors who are independent of the management of the Company and are free of any relationship that, in the opinion of the Board, would interfere with their exercise of independent judgment as Committee members. Each member of the Committee shall be financially literate, as such qualification is interpreted by the Board in its business judgment, or must become financially literate within a reasonable period of time after his or her appointment to the Committee; and at least one member of the Committee must have accounting or related financial management expertise, as the Board interprets such qualifications in its business judgment.

STATEMENT OF POLICY The Committee shall provide assistance to the Board in fulfilling its responsibility to shareholders, potential shareholders and the investment community relating to corporate accounting, reporting practices of the Company and the quality and integrity of financial reports of the Company. In so doing, it is the responsibility of the Committee to maintain free and open communication among the Board, the independent auditors, the internal auditors and the senior executive and financial management of the Company.

RESPONSIBILITIES In carrying out its responsibilities, the Committee believes its policies and procedures should remain flexible, in order to best respond to changing conditions and to ensure the Board and shareholders that the corporate accounting and reporting practices of the Company are in accordance with all requirements.

In carrying out these responsibilities, the Committee will:

Edgar Filing: VALSPAR CORP - Form DEF 14A

- * Obtain the full Board's approval of this Charter.
- * Review and recommend to the Board the independent auditors to be selected to audit the financial statements of the Company and its divisions and subsidiaries.
- * Review and approve management's termination or replacement of the director of internal audit.
- * Meet with the independent auditors and financial management of the Company to review the scope of the proposed audit and the quarterly reviews for the current year, the procedures to be utilized, and the independent auditor's compensation. At the conclusion of the audit, review the management letter issued by the independent auditors, including management's response and corrective actions taken.
- * Review with the independent auditors, the Company's internal auditor and financial and accounting personnel, the adequacy and effectiveness of the accounting and financial controls of the Company, and elicit any recommendations for the improvement of such internal controls or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of internal controls to expose any payments, transactions, or procedures that might be deemed illegal or otherwise improper.
- * Review legal and regulatory matters that may have a material effect on the financial statements or related Company compliance policies.
- * Inquire of management, the internal auditor and the independent auditors about significant risks or exposures and assess the steps management has taken to minimize such risks to the Company.
- * Review the internal audit function of the Company including the independence and authority of its reporting obligations; the proposed audit plans for the coming year and the coordination of such plans with the independent auditors.
- * Review semiannually a summary of significant findings from internal audits and a progress report on the proposed internal audit plan, with explanations for major deviations from the original plan.
- * Annually review with financial management and the independent auditors the results of their timely analysis of significant financial reporting issues and practices, including changes in, or adoptions of, accounting principles and disclosure practices. Also review with financial management and the independent auditors their qualitative judgments about the appropriateness, not just acceptability, of accounting principles, underlying estimates and financial disclosure practices used by the Company.
- * Review with financial management and the independent auditors any significant matters identified during the quarterly interim reviews conducted by the independent auditors.
- * Provide sufficient opportunity for the internal and independent auditors to meet with the members of the Committee, without members of management present. Among the items to be discussed in these meetings are the auditors' evaluation of the Company's financial, accounting and auditing personnel and the cooperation that the independent auditors received during

Edgar Filing: VALSPAR CORP - Form DEF 14A

the course of audit.

- * Report the results of the annual audit to the Board.
- * Submit the minutes of all meetings of the Committee to, or discuss the matters discussed at each Committee meeting with, the Board.
- * Investigate any matter brought to the attention of the Committee within the scope of its duties, with the power to retain outside counsel for this purpose if, in the Committee's judgment, that is appropriate.
- * Make a timely recommendation to the Board as to the inclusion of the audited financial statements in the Annual Report on Form 10-K for filing with the Securities and Exchange Commission.
- * Confirm with independent auditors that they are ultimately accountable to the Board and the Committee. The Board and the Committee are responsible for the selection, evaluation and replacement of the independent auditors. The Committee is responsible for ensuring the independence of the independent auditors. The Committee shall annually obtain from the independent auditors a formal written statement delineating all relationships between the independent auditors and the Company and shall review, and discuss with the Board if necessary, any disclosed relationships between the independent auditors and the Company and the nature and scope of other professional services provided to the Company that may adversely affect the independence of the auditors.
- * Review and reassess the adequacy of this charter on an annual basis and provide the New York Stock Exchange with timely annual written affirmation of having conducted such review and reassessment.

APPENDIX B

THE VALSPAR CORPORATION
1991 STOCK OPTION PLAN
AS AMENDED THROUGH DECEMBER 12, 2000

PURPOSES OF THE PLAN

The purposes of the 1991 Stock Option Plan (the "Plan") are (i) to enhance the ability of The Valspar Corporation (the "Company") and its subsidiary companies to attract and retain superior personnel and (ii) to stimulate and reward their interest and initiative. The Plan is designed to enable key officers and employees, and certain other key individuals who perform services for the Company, to contribute to the Company's strategic performance objectives by making such individuals eligible to receive options to purchase common stock of the Company as provided herein. Subject to the provisions of the Plan, options may contain such terms and conditions as shall be required so as to be either nonqualified stock options or incentive stock options as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Subject to such limits as may be imposed by existing or future laws or by the Plan, nonqualified stock options or incentive stock options or both may be granted to eligible individuals.

STOCK SUBJECT TO THE PLAN

Shares to be issued under the Plan shall be common stock of the Company (par value \$.50 per share) ("common stock"), not to exceed a maximum of 8,000,000 shares, and may be unissued shares or reacquired shares. If any

Edgar Filing: VALSPAR CORP - Form DEF 14A

options granted under the Plan expire or terminate without having been exercised in full, such unpurchased shares shall be available for other option grants. If shares of common stock are delivered as full or partial payment upon exercise of an option, the number of shares so delivered shall again be available for other option grants.

ADMINISTRATION

The Plan shall be administered by a committee (the "Committee"), appointed from time to time by the Company's Board of Directors (the "Board"), consisting of not less than two members of the Board. Each Committee member shall be (a) non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the "Exchange Act") or any successor Rule and (b) an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, and the rules and regulations thereunder. Except as provided below, the Committee shall determine from time to time (i) the individuals to whom grants will be made; (ii) the number of shares to be granted; and (iii) the terms and provisions of each option (which need not be identical). Except as provided below, each grant shall be in such form and content as the Committee shall determine.

The Committee may from time to time adopt rules for carrying out the Plan and for its interpretation and construction which rules shall be final, conclusive and binding on all parties. All determinations of the Committee shall be made by a majority of the Committee. Any determination reduced to writing and signed by all members shall be as effective as if it had been made by a majority vote at a duly constituted meeting.

The Company's Chief Executive Officer may, on a discretionary basis and without Committee review or approval, grant options to purchase up to 5,000 shares each to new employees of the Company who are not officers of the Company. Such discretionary option grants shall not exceed 25,000 shares in total in any fiscal year. Subject to the foregoing limitations, the Chief Executive Office shall determine from time to time (i) the new employees to whom grants will be made, (ii) the number of shares to be granted, and (iii) the terms and provisions of each option (which need not be identical).

ELIGIBILITY

Options will be granted only to salaried officers and employees of the Company or of a subsidiary (as defined in Section 425 of the Code) and to any other individual who performs services for the Company and contributes to its strategic performance objectives, including, without limitation, members of the Board of Directors, consultants and advisors ("Optionee"); provided, however, that a consultant or advisor shall not be eligible to receive stock options hereunder unless such consultant or advisor renders

bona fide services to the Company or a subsidiary and such services are not in connection with the offer or sale of securities in a capital-raising transaction.

Notwithstanding any other provisions of the Plan, the maximum number of shares of Common Stock that may be covered by option grants to a person covered by Section 162(m) of the Code during any fiscal year shall be 500,000 shares.

OPTION PRICE

The exercise price of each option shall be not less than 100% of the fair market value of the common stock at the closing price on the day preceding

Edgar Filing: VALSPAR CORP - Form DEF 14A

the date that such option is granted.

EXERCISE OF OPTION

The Committee may prescribe at the time of grant that the option will be exercisable in full or in installments at any time or from time to time. Optionee is not required to exercise options in the sequential order that the options were granted. An option shall be exercised by written notice in a form designated by the Company accompanied by full payment of the purchase price. All or part of the purchase price may be paid by surrender (or deemed surrender through attestation) of previously acquired shares of common stock which has been owned for more than six months on the date of surrender valued at the fair market value at the closing price on the day preceding the date of exercise. Until an option is exercised and the stock certificate issued, the optionee shall have no rights as a stockholder with respect to such option.

WITHHOLDING OF TAXES

Upon exercise of an option, the Optionee shall (i) pay cash, (ii) surrender previously acquired shares of common stock or (iii) authorize the withholding of shares from the shares issued upon exercise of an option for all taxes required to be withheld.

NON-TRANSFERABILITY

Options shall not be transferable, voluntarily or involuntarily, except by will or applicable laws of descent and distribution. Only the Optionee or Optionee's legal representative or guardian may exercise the option.

DILUTION OR OTHER ADJUSTMENTS

The number of shares subject to the Plan, the outstanding options and the exercise price may be adjusted by the Committee as it deems equitable in the event of stock split, stock dividend, recapitalization, reclassification or similar event to prevent dilution or enhancement of option rights.

MERGERS, ACQUISITION OR OTHER REORGANIZATION

The Committee may make provision, as it deems equitable, for the protection of Optionees with grants of outstanding options in the event of (a) merger of the Company into, or the acquisition of substantially all of the stock or assets of the Company by, another entity; or (b) liquidation; or (c) other reorganization of the Company.

CHANGE OF CONTROL

Upon any Change of Control, each outstanding option shall immediately become exercisable in full for the remainder of its term without regard to any vesting or installment exercise provisions then applicable to the option. This section applies to all options outstanding under this Plan as of June 16, 1999, as well as to all options granted under this Plan thereafter. For purposes of this Plan, the term "Change of Control" means any of the following:

- A. Any individual, entity or group becomes a beneficial owner (as defined in Rule 13d-3 of the Securities Exchange Act of 1934), directly or indirectly, of 20% or more of the voting stock of the Company;
- B. The persons who were directors of the Company immediately prior to any contested election or series of contested elections, tender offer, exchange offer, merger, consolidation, other business combinations, or any combination of the foregoing cease to constitute a majority of the members of the Board of Directors of the Company immediately following such occurrence;
- C. Any merger, consolidation, reorganization or other business

Edgar Filing: VALSPAR CORP - Form DEF 14A

combination where the individuals or entities who constituted the Company's shareholders immediately prior to the combination will not immediately after the combination own at least 50% of the voting securities of the business resulting from the combination;

D. The sale, lease, exchange or other transfer of all or substantially all the assets of the Company to any individual, entity or group not affiliated with the Company;

E. The liquidation or dissolution of the Company; or

F. The occurrence of any other event by which the Company no longer operates as an independent public company.

AMENDMENT OF THE PLAN

The Plan may be amended, suspended or discontinued in whole or in part at any time and from time to time by the Board, provided, however, that no amendment to increase the number of shares with respect to which options may be granted, or to increase materially the benefits accruing to Optionees, or to materially modify the requirements as to eligibility, shall be effective without stockholder approval where the failure to obtain such approval would adversely affect the compliance of the Plan with Rule 16b-3 under the Exchange Act or successor rule and with other applicable law, including the Code. No amendment of the Plan shall adversely affect in a material manner any right of any Optionee with respect to a prior grant without such Optionee's written consent.

DURATION OF THE PLAN

The Amended Plan shall become effective as of December 12, 2000, subject to stockholder approval of the increase in shares reserved under the Plan. Incentive Stock Options may be granted from time to time during a period of ten (10) years from the effective date of the Amended Plan. Nonqualified stock options may be granted from time to time from the effective date until the Plan is discontinued or terminated by the Board.

4.5 The Committee will regularly inform the Board as to its actions with respect to all Stock Incentive Awards granted under the Plan and the terms and conditions and any such awards in a manner, at any times, and in any form as the Board may reasonably request.

SECTION 5. Recipients.

Employees of Valspar and any Subsidiary who are responsible for or contribute to the management, growth and/or profitability of the business of Valspar and any Subsidiary, are eligible to be granted Stock Incentive Awards under the Plan. Recipients under the Plan shall be selected from time to time by the Committee, in its sole discretion, from those eligible, and the Committee shall determine, in its sole discretion, the number of shares covered by each award. Stock Incentive Awards may be granted under this Plan to persons who have previously received Stock Incentive Awards or other benefits under other plans of Valspar.

SECTION 6. Stock Incentive Awards.

6.1 A Recipient of a Stock Incentive Award shall not have any rights with respect to such award, unless and until such Recipient has executed an Agreement evidencing the award and has delivered a fully executed copy thereof to Valspar, and has otherwise complied with the then applicable terms and conditions. The Committee may designate whether such Stock Incentive Award will be subject to restrictions and whether such Stock Incentive Award will be payable only upon achievement of performance goals, or both.

6.2 Subject to the provision of this Plan and the Agreement, at the time of the grant of a restricted Stock Incentive Award, the Committee shall determine the Restriction Period during which the shares awarded shall be subject to the risk of forfeiture and other terms and conditions as the Committee may specify. The Committee may, at any time, accelerate the date of

lapse of restrictions with respect to all or any part of the shares awarded to a Recipient. Except as provided in Section 12 and as otherwise provided in the Agreement, Recipients of restricted Stock Incentive Awards shall not be required to make any payment or provide consideration other than the rendering of services. The shares subject to a restricted Stock Incentive Award shall be held by Valspar during the Restriction Period and no rights therein may be transferred, gifted, or otherwise alienated or hypothecated during the Restriction Period. If the shares are maintained in uncertificated form, Valspar shall denote such shares as being subject to restrictions as set forth in the Agreement as part of the book entry of the restricted Stock Incentive Award on Valspar's Stock records.

6.4 Except as provided in Sections 6.2 and 6.3 above or as otherwise provided in the Agreement, the Recipient shall have, with respect to the shares of Stock awarded, all of the rights of a shareholder of Valspar, including the right to vote the shares and the right to receive any cash or stock dividends. The Committee, in its sole discretion, may permit or require the payment of cash dividends to be deferred and, if the Committee so determines, reinvested in additional shares of Stock (to the extent shares are available under Section 3), subject to the same restrictions as the shares of Stock on which such dividends

Edgar Filing: VALSPAR CORP - Form DEF 14A

were issued. Valspar shall mark its Stock records that the Recipient is the owner of unrestricted Common Stock promptly after, and only after, the Restriction Period, if any, shall have expired without forfeiture in respect of such shares of restricted Stock.

6.5 The Committee, in its sole discretion, may determine those Recipients who are eligible for an unrestricted Stock Incentive Award and the number of shares covered by such Award. The Committee may award unrestricted Stock to any Recipient, including Designated Executive Officers, or may establish performance criteria and performance targets for each Recipient or group of Recipients and the Performance Period over which such performance will be measured, and such other terms and conditions as the Committee shall determine; provided, however, that with respect to Stock Incentive Awards based on performance criteria for a Designated Executive Officer: (i) the Committee will identify in writing specific performance targets, Performance Period and maximum Stock Incentive Award levels within the first ninety days of each fiscal year of Valspar; (ii) the performance targets for Designated Executive Officers shall include one or more of the following categories, either on an absolute basis or a comparative basis: market capitalization, share price, operating income, gross or net sales, gross or net margins, expenses as a percentage of net sales, inventory turns, earnings per share, return on average equity, cash flow, modified cash flow, working capital, and gallon sales; (iii) the Committee will certify in writing following the end of the Performance Period whether the performance targets have been met and the level earned under the criteria; and (iv) the maximum Stock Incentive Award for any Designated Executive Officer under this Plan for any fiscal year shall be 100,000 shares. Subject to the limitations described above on awards to Designated Executive Officers, the Committee may accelerate the achievement of performance targets, award a pro rata portion of the Stock Incentive Award prior to the end of a Performance Period or make any other adjustment during the Performance Period as it deems appropriate, including in the event of a Change in Control. Upon achievement of such performance targets as determined by the Committee, Valspar shall cause to be issued to the Recipient a stock certificate representing such Shares as the Recipient earned. Unless the Stock Incentive Award otherwise provides, a Stock Incentive Award based on the achievement of performance goals shall not be considered as outstanding for any purpose, and no dividends, voting or other rights shall attach to such Shares to be issued based on the achievement of performance goals until such time as the Shares are issued to the Recipient.

SECTION 7. Rights of Corporation, Rights of Employees and Recipients.

7.1 Nothing in the Plan shall interfere with or limit in any way the right of Valspar or any Subsidiary to terminate any employee's or Recipient's employment at any time, nor confer upon any employee or Recipient any right to continue in the employ of Valspar or any Subsidiary.

7.2 In the event of a Change in Control, unless the Agreement provides otherwise: (i) any restrictions on any restricted Stock Incentive Award shall lapse and be of no further force and effect; and (ii) the Recipient shall receive any Stock Incentive Award outstanding at the time of the event constituting a Change in Control, without regard to the achievement of the performance targets or the completion of the Performance Period.

7.3 The existence of outstanding awards shall not affect in any way the right or power of Valspar, any of its Subsidiaries or Valspar's stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in Valspar's capital structure or its business, or any issuance of Common Stock or subscription rights thereto, or any merger or consolidation of Valspar, or any issuance of bonds, debentures, preferred or prior preference stock ahead of or affecting the Common Stock or the rights thereof, or the dissolution or liquidation of Valspar, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding,

Edgar Filing: VALSPAR CORP - Form DEF 14A

whether of a similar character or otherwise; provided, however, that if the outstanding shares of Common Stock of Valspar shall at any time be changed or exchanged by declaration of a stock dividend, stock split, combination of shares or recapitalization, the number and kind of shares subject to the Plan or subject to any restricted or unrestricted, performance or non-performance based Stock Incentive Awards theretofore granted, shall be adjusted as provided in Section 3.

7.4 The rights and interests of any Recipient in the Plan shall not be assignable or transferable otherwise than by will or by the laws of descent and distribution.

SECTION 8. Stockholder Approval; Securities Registration.

8.1 The adoption of this Plan and the categories of performance criteria for Designated Executive Officers under Section 6.5 shall be subject to the approval of the stockholders of Valspar, and the categories of performance criteria, or new categories of performance criteria for Designated Executive Officers shall be subject to stockholder approval at the first meeting of stockholders following the end of each fifth fiscal year after 2001.

8.2 As promptly as practicable, Valspar shall prepare, file and maintain with the Securities and Exchange Commission, an effective registration statement on Form S-8 (or, in Valspar's sole discretion, on any appropriate comparable form under the Securities Act of 1933, as amended, as may then be available to Valspar) relating to the resale of Common Stock granted pursuant to the Plan.

8.3 All shares of Common Stock issued in book entry form on Valspar's Stock records pursuant to any Stock Incentive Award under this Plan shall be subject to such stop-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Common Stock is then listed and any applicable Federal or state securities laws, and the Committee may cause a legend or legends to be put on any such certificates or to make appropriate reference to such restrictions on the book entry with regard to uncertificated shares of Stock. The Committee may require each Recipient to represent to and agree with Valspar in writing that the Recipient is acquiring the shares without a view to distribution thereof.

SECTION 9. Effect on Other Plans.

Nothing contained in this Plan shall prevent the Board of Directors from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases. Participation in the Plan shall not affect a Recipient's eligibility to participate in any other benefit or incentive plan of Valspar and any Stock Incentive Awards made pursuant to the Plan shall not be included in the Recipient's remuneration for the purpose of determining the benefits provided under any other plan of Valspar unless specifically provided in such other plan.

SECTION 10. Amendment and Termination.

The Plan may be amended or terminated at any time by the Board of Directors of Valspar or by the Committee, without further action on the part of the stockholders of Valspar, provided that no amendment or termination of the Plan, without the consent of the Recipient, shall materially adversely affect or impair a Recipient's rights under any Stock Incentive Award granted pursuant

hereto, and further provided that, unless the stockholders of Valspar shall have approved the same, no amendment shall, either directly or indirectly: (i) materially increase the total number of shares of Stock that maybe awarded under this Plan to all Recipients; or (ii) materially increase the benefits accruing to Recipients under the Plan.

SECTION 11. Legal Requirements; Governing Law.

11.1 The delivery of shares of Common Stock of Valspar pursuant to the Plan shall be subject to all applicable laws, rules and regulations, and shall not be made until all required approvals of the proper government agencies have been obtained.

11.2 The Plan, and all Agreements hereunder, shall be construed in accordance with and governed by the laws of the State of Delaware.

SECTION 12. Withholding Taxes.

Each Recipient shall, no later than the date as of which any part of the value of an award first becomes includable as compensation in the gross income of the Recipient for Federal income tax purposes, pay to Valspar, or make arrangements satisfactory to the Committee regarding payment of, any Federal, state, or local taxes of any kind required by law to be withheld with respect to the award. The obligations of Valspar under the Plan shall be conditional on such payment or arrangements, and Valspar and its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Recipient. With respect to any award under the Plan, if the terms of such award so permit, a Recipient may elect by written notice to Valspar to satisfy part or all of the withholding tax requirements associated with the award by (i) authorizing Valspar to retain from the number of shares of Common Stock that would otherwise be deliverable to the Recipient, or (ii) delivering to Valspar from shares of Common Stock already owned by the Recipient, that number of shares having an aggregate Fair Market Value equal to part or all of the tax payable by the Recipient under this Section 12. Any such election shall be in accordance with, and subject to, applicable tax and securities laws, regulations and rulings, and in the event shares are withheld, the amount withheld may not exceed the minimum required federal, state and FICA withholding amount.

SECTION 13. Duration of the Plan.

Unless earlier terminated by action of the Board of Directors and subject to the limitations under Section 10, the Plan shall remain in effect until all shares awarded under the Plan are free of all restrictions imposed by the Plan and the Agreements.
