Item 8.01. Other Events

On November 14, 2007, Samuel L. Molinaro, Jr., Executive Vice President, Chief Financial Officer and Chief Operating Officer of The Bear Stearns Companies Inc.

Edgar Filing: BEAR STEARNS COMPANIES INC - Form 8-K

(the "Company"), made a presentation at the Merrill Lynch Banking and Financial Services Investor Conference. Mr. Molinaro's participation in the conference was previously announced and the conference was available to the public via webcast. During the presentation, Mr. Molinaro provided an update on the Company's collateralized debt obligations (or "CDO's") and subprime related exposures. A slide used by Mr. Molinaro for this portion of the presentation is filed herewith as Exhibit 99.1 and incorporated herein by reference.

As of August 31, 2007, the Company had total ABS CDO related exposures of approximately \$2 billion, which consisted of \$963 million of AAA super senior, \$165 million below AAA and \$944 million of CDO Warehouse. These positions have been materially reduced through November 9, 2007. The CDO Warehouse exposure as of August 31, 2007 has essentially been liquidated or converted into CDO's. The Company's overall CDO position as of November 9, 2007 was \$884 million, down from approximately \$2 billion as of August 31, 2007. During the period between August 31, 2007 and November 9, 2007, the Company significantly increased its short subprime exposures reducing the August 31, 2007 net exposure of approximately \$1 billion to a negative \$52 million net exposure as of November 9, 2007.

As a result of the extremely challenging environment, the Company has gone through an exhaustive process of revaluing the mortgage and CDO portfolios. As a result, the Company will be taking a net write-down of approximately \$1.2 billion on these positions and others in our mortgage inventory. Net of tax, this write down is approximately \$700 million. The vast majority of these losses are attributable to write downs on the CDO and CDO warehouse portfolio. Consequently, the Company anticipates having a loss for the 4th quarter of 2007. The Company has no off-balance-sheet exposures to CDO or subprime collateral held by conduits or other entities including Structured Investment Vehicles (SIVs).
