### THE TRUSTS

Each of XL Capital Trust I, XL Capital Trust II and XL Capital Trust III is a statutory trust formed under Delaware law pursuant to (i) a separate declaration of trust, executed by XL Capital, as sponsor for such trust (the sponsor ), and the trustees (as defined herein) as of that date of such trust and (ii) the filing of a separate certificate of trust with the Delaware Secretary of State. The declaration of trust of each trust will be amended and restated in its entirety (as so amended and restated, the declaration ) substantially in the form incorporated by reference in the registration statement of which this prospectus forms a part.

Each trust exists for the exclusive purposes of (1) issuing and selling the trust preferred securities representing preferred undivided beneficial interests in the assets of such trust and trust common securities representing common undivided beneficial interests in the assets of such trust (the trust common securities and, together with the trust preferred securities, the trust securities ), (2) investing the gross proceeds of the trust securities in a series of subordinated deferrable interest debentures and (3) engaging in only those other activities necessary or incidental thereto.

## Edgar Filing: XL CAPITAL LTD - Form S-3ASR

All of the trust common securities will be directly or indirectly owned by XL Capital. The trust common securities will rank equal with, and payments will be made thereon *pro rata*, with the trust preferred securities except that upon an event of default under the declaration, the rights of the holders of the trust common securities to payment in respect of distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the trust preferred securities. Each trust has a term of approximately 55 years, but may terminate earlier as provided in the applicable declaration.

Each trust's business and affairs will be conducted by the trustees (the "trustees") appointed by XL Capital, as the direct or indirect holder of all the trust common securities. The holder of the trust common securities will be entitled to appoint, remove or replace any of, or increase or reduce the number of, the trustees of a trust. The duties and obligations of such trustees shall be governed by the declaration of such trust, the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"), and the Delaware Statutory Trust Act. A majority of the trustees (the "regular trustees") of each trust will be persons who are employees or officers of, or affiliated with, XL Capital.

One trustee of each trust will be a financial institution that will be unaffiliated with XL Capital and that shall act as property trustee and as indenture trustee for purposes of the Trust Indenture Act, pursuant to the terms set forth in a prospectus supplement (the "property trustee"). In addition, unless the property trustee maintains a principal place of business in the State of Delaware and otherwise meets the requirements of applicable law, another trustee of each trust will be an entity that resides or has its principal place of business in the State of Delaware (the "Delaware Trustee"). XL Capital will pay all fees, expenses, debts and obligations (other than the trust securities) related to the trusts and the offering of trust securities. The office of the Delaware trustee for each trust in the State of Delaware is First Union Trust Company, National Association, One Rodney Square, 920 King Street, Suite 102, Wilmington, Delaware 19801. The principal place of business of each trust shall be c/o XL Capital Ltd, XL House, One Bermudiana Road, Hamilton HM 11, Bermuda (telephone number (441) 292-8515).

### USE OF PROCEEDS

Except as may otherwise be described in the prospectus supplement relating to an offering of securities, the net proceeds from the sale of the securities included in this prospectus will be used for general corporate purposes. Each trust will invest all proceeds received from the sale of its trust securities in a particular series of subordinated deferrable interest debentures of XL Capital, which will use such funds for general corporate purposes. Any specific allocation of the net proceeds of an offering of securities to a specific purpose will be determined at the time of such offering and will be described in the related prospectus supplement.

### ACCOUNTING TREATMENT RELATING TO TRUST SECURITIES

The precise terms of the transaction, including the amount and type of ownership interests of XL Capital in the trust, and an analysis of the relevant accounting rules and interpretations (including FASB Interpretation No. 46, Consolidation of Variable Interest Entities (FIN 46)) will dictate the accounting treatment of the trust preferred securities. Such accounting treatment may involve, among other possibilities, consolidating the trust with XL Capital's consolidated financial statements or reflecting only the subordinated deferrable interest debentures issued to each trust. The prospectus supplement relating to an offering of trust preferred securities will describe the accounting treatment expected to apply to any such offering.

### RATIO OF EARNINGS TO FIXED CHARGES AND RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERENCE DIVIDENDS

Our ratio of earnings to fixed charges and our ratio of earnings to combined fixed charges and preference dividends for each of the periods indicated is as follows:

	Fiscal Year Ended December 31,					
	(Unaudited) Nine Months Ended September 30, 2005 <sup>(2)</sup>	2004 <sup>(2)</sup>	2003 <sup>(2)</sup>	2002 <sup>(2)</sup>	2001 <sup>(1)(2)</sup>	2000 <sup>(2)</sup>
Ratio of Earnings to Fixed Charges		4.8x	2.8x	3.0x		5.6x
Ratio of Earnings to Combined Fixed Charges and Preference Dividends		4.2x	2.4x	2.9x		5.6x

- (1) For the nine months ended September 30, 2005 and the year ended December 31, 2001, earnings were insufficient to cover fixed charges by \$520.2 million and \$832.2 million, respectively and insufficient to cover combined fixed charges and preference dividends by \$550.4 million and \$832.4 million, respectively.
- (2) The ratios for the years ended December 31, 2004, 2003, 2002, 2001 and 2000 reflect the restatement of fixed charges based on the re-presentation of certain line items in the consolidated statements of income of XL Capital. This representation had no impact on net income.

We have computed the foregoing ratios by dividing (1) income from continuing operations before income taxes, minority interest and income or loss from equity investees plus the sum of fixed charges, amortization of capitalized interest and distributed income of equity investees, less minority interest in pre-tax income of subsidiaries that have not incurred fixed charges, by (2) the sum of fixed charges and, where indicated, preference dividends. Fixed charges consist of interest expense on all indebtedness (including amortization of deferred financing costs), an estimate of the interest within rental expense and accretion of deposit liability transactions. Because we had no outstanding preference ordinary shares during any of the years ended December 31, 2001 and 2000, the ratio of earnings to fixed charges is identical to the ratio of earnings to combined fixed charges and preference dividends for each of these periods.

XL Capital Finance (Europe) plc and the trusts had no operations during the periods set forth above.

The following is a description of certain general terms and provisions of the preference ordinary shares that, following appropriate resolutions of the board of directors, we may issue with preferred rights ( preference ordinary shares ). The particular terms of any class or series of preference ordinary shares will be described in the applicable prospectus supplement. The applicable prospectus supplement may also state that any of the terms set forth herein are inapplicable to such series of preference ordinary shares; *provided*, that the information set forth in such prospectus supplement does not constitute material changes to the information herein such that it alters the nature of the offering or the securities offered.

The following summary of terms of our preference ordinary shares is not complete. You should refer to the provisions of our Memorandum of Association, our Articles of Association and the terms of each class or series of the preference ordinary shares which will be filed with the SEC at or prior to the time of issuance of such class or series of the preference ordinary shares and described in the applicable prospectus supplement.

#### Terms

The terms of each series of preference ordinary shares will be described in any prospectus supplement related to such class or series of preference ordinary shares.

The board of directors in approving the issuance of a class or series of preference ordinary shares shall determine, and the applicable prospectus supplement will set forth with respect to such class or series, the following:

whether dividends on that class or series of preference ordinary shares will be cumulative or non-cumulative;

the dividend rate and rights in respect of dividends on the preference ordinary shares of that class or series and whether the dividend rate is subject to reset (up to a specified maximum) under certain circumstances described, if applicable, in such prospectus supplement;

the liquidation preference per share of that class or series of preference ordinary shares, if any;

the voting powers, if any, of the preference ordinary shares of that class or series;

any redemption and sinking fund provisions applicable to that class or series of preference ordinary shares;

any conversion provisions applicable to that class or series of preference ordinary shares; and

the terms of any other preferences or other rights and limitations, if any, applicable to that class or series of preference ordinary shares.

#### **Dividends**

Holders of preference ordinary shares will be entitled to receive, when, as and if declared by the board of directors, cash dividends at the rates and on the dates as set forth in the applicable prospectus supplement. Except as set forth below, no dividends will be declared or paid on any class or series of preference ordinary shares unless full dividends for all classes or series of preference ordinary shares which have the same rank as, or rank senior to, such class or series of preference ordinary shares (including cumulative dividends still owing, if any) have been or contemporaneously are declared and paid. When those dividends are not paid in full, dividends will be declared *pro rata* so that the amount of dividends declared per share on that class or series of preference ordinary shares and on each other class or series of preference ordinary shares having the same rank as, or ranking senior to, that class or series of preference ordinary shares will in all cases bear to each other the same ratio that accrued dividends per share on that class or series of preference ordinary shares and the other preference ordinary shares bear to each other. In addition, generally, unless all dividends on the preference ordinary shares have been paid, no dividends will be declared or paid on the ordinary shares and generally we may not redeem or purchase any ordinary shares.

#### **Voting Rights**

The holders of the preference ordinary shares shall not, except as required by law or as set forth in the applicable prospectus supplement, have any right or power to vote on any question or in any proceeding or to be represented at, or to receive notice of, any meeting of shareholders. On any matters on which the holders of the preference ordinary shares shall be entitled to vote, they shall be entitled to one vote for each share held.

Unless otherwise stated in the applicable prospectus supplement, if six or more full quarterly dividends (whether consecutive or not) on any series of preference ordinary shares shall be in arrears, then during such period, which we refer to herein as the voting period, the holders of a majority of the outstanding preference ordinary shares of all series so in arrears and having such right represented in person or by proxy at any meeting of our shareholders held for the election of directors during such voting period shall be entitled, as a class, to the exclusion of the holders of all other classes of our shares, to elect two of our directors, each preference ordinary share entitling the holder thereof to one vote.

Any director who shall have been elected by holders of preference ordinary shares, or by any director so elected as herein contemplated, may be removed at any time during a voting period, either for or without cause, by, and only by, the affirmative votes of the holders of record of a majority of the outstanding preference ordinary shares of all series given at a special meeting of such shareholders called for the purpose. Any vacancy thereby created may be filled during such voting period by the holders of preference ordinary shares of all series, present in person or represented by proxy at such meeting. Any director elected by holders of preference ordinary shares, or by any director so elected as herein contemplated, who dies, resigns or otherwise ceases to be a director shall, except as otherwise provided in the preceding sentence, be replaced by the remaining director theretofore elected by the holders of preference ordinary shares. At the end of the voting period, the holders of preference ordinary shares of all series shall be automatically divested of all voting power vested in them under this provision but subject always to the subsequent vesting of voting power in the holders of preference ordinary shares in the event of any similar cumulated arrearage in payment of quarterly dividends occurring thereafter. The term of all directors elected pursuant to this provision shall in all events expire at the end of the voting period.

In addition, unless a particular series of preference ordinary shares has been previously redeemed or called for redemption, certain transactions that would vary the rights of the holders of such series cannot be made without the

approval of a special resolution in writing by the holders of 100% of such series or the sanction of a special resolution passed by two-thirds of the votes cast at a separate meeting of the holders of such series, subject to any requirements of Cayman Islands law.

### Ranking

The preference ordinary shares will rank senior to our ordinary shares with respect to payment of dividends and amounts upon liquidation, dissolution or winding-up of XL Capital. Without the requisite vote of holders of the preference ordinary shares, as described above under Voting Rights, no class or series of capital shares can be created ranking senior to the preference ordinary shares as to dividend rights or liquidation preference.

### Liquidation Rights

In the event of our liquidation, dissolution or winding-up, the holders of preference ordinary shares of each series are entitled to receive out of our assets available for distribution to shareholders, before any distribution of assets is made to holders of ordinary shares or any other class or series of our capital shares (including any preferred shares) which is junior as to liquidation rights to our preference ordinary shares of such series, liquidating distributions in the amount set forth in the applicable prospectus supplement, plus dividends accrued and accumulated but unpaid to the date of such distribution. If, upon our liquidation, dissolution or winding-up, the amounts payable with respect to our preference ordinary shares of such series and any of our other preference ordinary shares ranking as to any such distribution on a parity with our preference ordinary shares of such series are not paid in full, the holders of our preference ordinary shares of such series and of such of our other preference ordinary shares will share ratably in any such distribution of assets in proportion to the full respective preferential amounts to which they are entitled. After payment of the full amount of the liquidating distribution to which they are entitled, the holders of preference ordinary shares will not be entitled to any further participation in any distribution of assets by us. Neither our consolidation or merger with another corporation nor a sale or transfer of all or part of our assets for cash or securities shall be considered a liquidation, dissolution or winding-up of XL Capital.

### Redemption Provisions

The preference ordinary shares of each series will have such optional or mandatory redemption terms, if any, as shall be set forth in the applicable prospectus supplement.

### Conversion and Exchange Rights

The preference ordinary shares, if convertible, will only be convertible into our ordinary shares, and will not be convertible into or exchangeable for securities of a third party. The terms and conditions, if any, upon which any series of our preference ordinary shares is convertible into ordinary shares or exchangeable into debt securities will be set forth in the applicable prospectus supplement relating to such series of preference ordinary shares. Such terms will include:

- (1) in the case such series of preference ordinary shares is convertible into ordinary shares:
  - (a) the number of ordinary shares into which preference ordinary shares of such series are convertible;
  - (b) the conversion price (or manner of calculation thereof);
  - (c) the conversion period;
  - (d) provisions as to whether conversion will be at the option of the holders of such series of preference ordinary shares or at our option or automatic;
  - (e) the events requiring an adjustment of the conversion price; and
  - (f) provisions affecting conversion in the event of the redemption of such series of preference ordinary shares; and

- (2) in the case such series of preference ordinary shares is exchangeable into debt securities:
- (a) the principal amount of debt securities into which preference ordinary shares of such series are exchangeable;
  - (b) the exchange period; and
  - (c) provisions as to whether the exchange will be at the option of the holders of such series of preference ordinary shares or at our option or automatic.

#### **Miscellaneous**

Our preference ordinary shares will have no preemptive rights. All of our preference ordinary shares, upon payment in full therefor, will be fully paid and nonassessable.

### **DESCRIPTION OF XL CAPITAL ORDINARY SHARES**

#### **General**

The following description of our ordinary shares is a summary. This summary is not complete and is subject to the complete text of applicable laws and our Memorandum and Articles of Association.

#### **Voting**

The holders of our Class A Ordinary Shares are entitled to one vote per share while our Class B Ordinary Shares carry no voting rights. Our Articles of Association restrict the voting power of any shareholder to less than approximately 10% of total voting power.

Under the Cayman Islands Companies Law (the Law) and our Memorandum and Articles of Association, some matters, such as altering the Memorandum or the Articles of Association, changing the name of a company, voluntarily winding-up a company or removing a director, require approval of shareholders by a special resolution. A special resolution is a resolution (1) passed by a majority of not less than two-thirds of such shareholders as, being entitled to do so, vote in person or by proxy at a general meeting or (2) approved in writing by all shareholders entitled to vote at a general meeting of the company.

#### **Dividend Rights**

Subject to the Law and any rights and restrictions of any other class or series of shares, including our preference ordinary shares, the board of directors may from time to time declare dividends on the shares issued and authorize payment of the dividends out of our profit realized or unrealized or out of monies otherwise available for dividends in accordance with the Law. The board of directors may declare that any dividend be paid wholly or partly by the distribution of our shares and/or specific assets.

No dividends on the shares issued will be declared by our board of directors, or paid or set apart for payment by us, at any time during which the terms and provisions of any of our agreements, including any agreement relating to our indebtedness, or Cayman Islands law prohibit a declaration, payment or setting apart for payment of a dividend or provide that such a declaration, payment or setting apart for payment would constitute a breach or a default or not be permitted thereunder. No dividends on the shares issued will be declared or paid or set apart for payment if prohibited by law or regulation.

Our Articles of Association provide that no dividend shall be payable except out of our profits, realized or unrealized, or out of monies otherwise available for dividends in accordance with Cayman Islands law. Under Cayman Islands law, we may not lawfully declare or pay a dividend out of the share premium account if there are reasonable grounds for believing that we are, or would immediately following the payment of the dividend be, unable to pay our debts as they fall due in the ordinary course of business. In addition, our directors are, as a matter of prudence,

required to ensure that any dividend declared or paid is not of an amount that reduces our reserves to a level that is not sufficient to meet the reserve requirements of our business.

### **Rights upon Liquidation**

Upon our liquidation, after the payments to be made in accordance with the Law and the full amounts that holders of any issued shares ranking senior to the ordinary shares, including our preference ordinary shares, as to distribution on liquidation or winding-up are entitled to receive have been paid or set aside for payment, the holders of the ordinary shares are entitled to receive, *pro rata*, any remaining assets available for distribution to the holders of ordinary shares. The liquidator may deduct from the amount payable in respect of those ordinary shares any liabilities the holder has to or with us. The assets received by the holders of ordinary shares in a liquidation may consist in whole or in part of property. That property is not required to be of the same kind for all shareholders.

### **Stock Plans**

Our incentive stock plan, the 1991 Performance Incentive Program, provides for grants of non-qualified or incentive stock options, restricted stock awards, restricted stock units, performance shares, performance units and stock appreciation rights ( SARs ). The plan is administered by a Committee designated by the board of directors (the Committee ). Stock options may be granted with or without SARs. Exercise prices (which cannot be less per share than the fair market value per share on the grant date) are established by the Committee at the date of grant. Options and SARs have a life of not longer than 10 years and vest as set forth by the Committee.

Restricted stock awards issued under the 1991 Performance Incentive Program vest over such period as the Committee may approve. These shares contain certain restrictions, prior to vesting, relating to, among other things, forfeiture in the event of termination of employment and transferability. Restricted stock issued under the plan totaled 596,411 shares, 496,671 shares and 225,960 shares in 2004, 2003 and 2002, respectively. Vesting for such shares generally occurs over a four year period from the date of issue.

We also have stock plans in place for our non-employee directors. We maintain the Directors Stock & Option Plan, which provides for annual automatic grants of options to purchase 5,000 ordinary shares to each non-employee director in office immediately following our annual meeting. It also provides for automatic grants of options to purchase 5,000 shares to each non-employee director when he or she is first elected to the Board. The exercise price per share of each of the options is equal to the fair market value per ordinary share on the date of grant, the options vest immediately on the date of grant, and they are exercisable for ten years. Discretionary stock option grants may also be made to non-employee directors under the plan. The Directors Stock & Option Plan also provides for discretionary grants of restricted stock and restricted stock units to non-employee directors. Non-employee directors may also make an irrevocable election preceding the beginning of each calendar year to defer cash compensation that would otherwise be payable as their annual retainer in increments of 10% or receive their annual retainer fee currently in the form of shares instead of cash. Any deferred payments will be credited in the form of shares calculated by dividing 110% of the deferred payment by the market value of our stock on the date the fees would otherwise be payable. The shares are distributed in accordance with the terms of the plan. Shares issued under the plan totaled 3,819, 3,153 and 3,622 in 2004, 2003, and 2002, respectively.

A second stock plan, the Stock Plan for Non-employee Directors, provides for the crediting of share units, as of the day of each year that annual retainer fees are payable, determined by dividing the annual retainer fee by the fair market value of an ordinary share on the date the units are credited. These units receive dividends in the form of additional units equal to the cash value divided by the market price on the payment date. Benefits under the plan will be distributed in the form of our ordinary shares following termination of the director's service on the Board. Share units totaling 8,351, 8,598 and 6,659 were issued in 2004, 2003 and 2002, respectively.

In 1999, we adopted our 1999 Performance Incentive Program under which 1,250,000 options were available and issued to employees who were not directors or executive officers. Our 1999 Performance Incentive Program is substantially similar to our 1991 Performance Incentive Program.

## Edgar Filing: XL CAPITAL LTD - Form S-3ASR

The Employee Share Purchase Plan (the ESPP) was approved by our shareholders on May 10, 2002. The ESPP has two six-month offering periods per year, commencing July 1 and January 1. All employees of XL Capital and its designated participating subsidiaries are eligible to participate in the ESPP, *provided* they have been employed at least one month prior to the start of the offering period. Employees can invest up to 20% of their total monthly cash compensation towards the purchase of our shares up to a total market value (measured on the first day of the applicable offering period) of U.S.\$25,000 in any calendar year. Employees who enroll in the ESPP may purchase our shares at a 15% discount on the lesser of the market price at the beginning or at the end of the six-month offering period. A total of 1,255,000 ordinary shares may be issued under the ESPP. The number of shares issued during the year ended December 31, 2004, 2003 and 2002 was 167,890, 66,848 and 47,399, respectively. We currently anticipate that the ESPP will be terminated effective as of December 31, 2005.

### Share Rights Plan

Rights to purchase ordinary shares (the Rights) were distributed as a dividend at the rate of one Right for each ordinary share held of record as of the close of business on October 31, 1998. Each Right entitles holders of ordinary shares to buy one ordinary share at an exercise price of \$350. The Rights would be exercisable, and would detach from the ordinary shares, only if a person or group were to acquire 20% or more of our outstanding ordinary shares, or were to announce a tender or exchange offer that, if consummated, would result in a person or group beneficially owning 20% or more of our outstanding ordinary shares. Upon a person or group without prior approval of the board of directors acquiring 20% or more of our outstanding ordinary shares, each Right would entitle the holder (other than such an acquiring person or group) to purchase ordinary shares (or, in certain circumstances, ordinary shares of the acquiring person) with a value of twice the Rights exercise price upon payment of the Rights exercise price. We will be entitled to redeem the Rights at \$0.01 per Right at any time until the close of business on the tenth day after the Rights become exercisable. The Rights will expire at the close of business on September 30, 2008, and do not initially have a fair value. We have initially reserved 119,073,878 authorized ordinary shares for issuance upon exercise of Rights.

### Classified Board

Our board of directors is divided into three classes that are elected for staggered three-year terms. A director may be removed by the shareholders without cause only by special resolution of the total voting power of our issued shares determined in accordance with our Articles of Association.

## DESCRIPTION OF XL CAPITAL ORDINARY SHARE WARRANTS

### General

XL Capital may issue ordinary share warrants independently or together with any securities offered by any prospectus supplement and such ordinary share warrants may be attached to or separate from such securities. Each series of ordinary share warrants will be issued under a separate warrant agreement to be entered into between XL Capital and a bank or trust company, as warrant agent, all as set forth in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the certificates representing the ordinary share warrants and will not assume any obligation or relationship of agency or trust for or with any holders of ordinary share warrant certificates or beneficial owners of ordinary share warrants.

The following summaries of certain provisions of the warrant agreement and ordinary share warrant certificate are not complete. You should look at the warrant agreement relating to, and the ordinary share warrant certificate representing, a series of ordinary share warrants.

The applicable prospectus supplement may also state that any of the terms set forth herein are inapplicable to such series; *provided*, that the information set forth in such prospectus supplement does not constitute material changes to the information herein such that it alters the nature of the offering or the securities offered. Ordinary share warrants for the purchase of ordinary shares will be offered and exercisable for U.S. dollars only and will be in registered form only.

## Terms

An applicable prospectus supplement will set forth and describe other specific terms regarding each series of ordinary share warrants offered hereby, including:

- (1) the offering price;
- (2) the number of ordinary shares purchasable upon exercise of each such ordinary share warrant and the price at which such number of ordinary shares may be purchased upon such exercise;
- (3) the date on which the right to exercise such ordinary share warrants shall commence and the date on which such right shall expire; and
- (4) any other terms of such ordinary share warrants.

## Exercise of Ordinary Share Warrants

Each ordinary share warrant will entitle the holder thereof to purchase such ordinary shares at such exercise price as shall in each case be set forth in, or calculable from, the prospectus supplement relating to the offered ordinary share warrants. After the close of business on the expiration date of each ordinary share warrant or such later date to which such expiration date may be extended by us, unexercised ordinary share warrants will become void.

Ordinary share warrants may be exercised by delivering to the warrant agent payment as provided in the applicable prospectus supplement of the amount required to purchase the ordinary shares purchasable upon such exercise, together with certain information set forth on the reverse side of the ordinary share warrant certificate. Upon receipt of such payment and the ordinary share warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, issue and deliver the ordinary shares purchasable upon such exercise. If fewer than all of the ordinary share warrants represented by such ordinary share certificate are exercised, a new ordinary share warrant certificate will be issued for the remaining amount of ordinary share warrants.

## Amendments and Supplements to Warrant Agreement

The warrant agreement for a series of ordinary share warrants may be amended or supplemented without the consent of the holders of the ordinary share warrants issued thereunder to effect changes that are not inconsistent with the provisions of the ordinary share warrants and that do not adversely affect the interests of the holders of the ordinary share warrants.

## Ordinary Share Warrant Adjustments

Unless otherwise indicated in the applicable prospectus supplement, the exercise price of, and the number of ordinary shares covered by, an ordinary share warrant are subject to adjustment in certain events, including:

- (1) the issuance of ordinary shares as a dividend or distribution on the ordinary shares;
- (2) certain subdivisions and combinations of the ordinary shares;
- (3) the issuance to all holders of ordinary shares of certain rights or warrants entitling them to subscribe for or purchase ordinary shares at less than the current market value, as defined in the applicable warrant agreement for such series of ordinary share warrants; and
- (4) the distribution to all holders of ordinary shares of certain evidences of our indebtedness or assets, other than certain cash dividends and distributions described below.

No adjustment in the exercise price of, and the number of ordinary shares covered by, an ordinary share warrant will be made for regular quarterly or other periodic or recurring cash dividends or distributions or for cash dividends or

distributions to the extent paid from retained earnings. No adjustment will be required unless such adjustment would require a change of at least one percent in the exercise price and exercise rate then in effect; *provided, however*, that any such adjustment not so made will be carried forward and taken into account in any subsequent adjustment; *provided, further*, that any such adjustment not so made shall be made no later than three years after the occurrence of the event requiring such adjustment to be made or carried forward. Except as stated above, the exercise price of, and the number of ordinary shares covered by, an ordinary share warrant will not be adjusted for the issuance of ordinary shares or any securities convertible into or exchangeable for ordinary shares, or securities carrying the right to purchase any of the foregoing.

In the case of:

- (1) a reclassification or change of the ordinary shares;
- (2) certain consolidation or merger events involving us; or

(3) a sale or conveyance to another corporation of our property and assets as an entirety or substantially as an entirety; in each case as a result of which holders of our ordinary shares shall be entitled to receive stock, securities, other property or assets (including cash) with respect to or in exchange for such ordinary shares, the holders of the ordinary share warrants then outstanding will be entitled thereafter to convert such ordinary share warrants into the kind and amount of ordinary shares and other securities or property which they would have received upon such reclassification, change, consolidation, merger, sale or conveyance had such ordinary share warrants been exercised immediately prior to such reclassification, change, consolidation, merger, sale or conveyance.

#### **DESCRIPTION OF XL CAPITAL ORDINARY SHARE PURCHASE CONTRACTS AND ORDINARY SHARE PURCHASE UNITS**

XL Capital may issue share purchase contracts, representing contracts obligating holders to purchase from XL Capital, and obligating XL Capital to sell to the holders, or holders to sell to XL Capital and XL Capital to purchase from the holders, a fixed or varying number of ordinary shares at a future date or dates. The price per ordinary share may be fixed at the time the share purchase contracts are entered into or may be determined by reference to a specific formula set forth in the share purchase contracts. Any share purchase contract may include anti-dilution provisions to adjust the number of shares to be delivered pursuant to such share purchase contract upon the occurrence of certain events. The share purchase contracts may be entered into separately or as a part of share purchase units consisting of one or more share purchase contracts and any one or more of:

- (1) debt securities of XL Capital (which may be senior or subordinated);
- (2) senior debt securities of XL Capital Finance (Europe) plc, fully and unconditionally guaranteed by XL Capital;
- (3) preference ordinary shares of XL Capital;
- (4) trust preferred securities of an XL Capital Trust; or
- (5) debt or equity obligations of third parties, including U.S. Treasury securities.

The share purchase contracts may require us to make periodic payments to the holders of the share purchase units or vice versa, and such payments may be unsecured or prefunded and may be paid on a current or on a deferred basis. The share purchase contracts may require holders to secure their obligations in a specified manner and in certain circumstances we may deliver newly issued prepaid share purchase contracts upon release to a holder of any collateral securing such holder's obligations under the original share purchase contract. Any one or more of the above securities, ordinary shares or the share purchase contracts or other collateral may be pledged as security for the holders

obligations to purchase or sell, as the case may be, the ordinary shares under the share purchase contracts. The share purchase contracts may also allow the holders, under certain circumstances, to obtain the release of the security for their obligations under such contracts by depositing with the collateral agent, as substitute collateral, treasury securities with a principal amount at maturity equal to the collateral so released or the maximum number of ordinary shares deliverable by such holders under ordinary share purchase contracts requiring the holders to sell ordinary shares to XL Capital.

The applicable prospectus supplement will describe the terms of any share purchase contracts or share purchase units and, if applicable, prepaid share purchase contracts. The description in the prospectus supplement will be qualified in its entirety by reference to (1) the share purchase contracts, (2) the collateral arrangements and depositary arrangements, if applicable, relating to such share purchase contracts or share purchase units and (3) if applicable, the prepaid share purchase contracts and the document pursuant to which such prepaid share purchase contracts will be issued.

## DESCRIPTION OF XL CAPITAL DEBT SECURITIES

- (17) the applicability, if any, of the defeasance and covenant defeasance provisions of the applicable indenture to the debt securities of the series;
- (18) if exchangeable into another series of debt securities of XL Capital, the terms on which such debt securities are exchangeable; and
- (19) any other terms of the series of debt securities and any additions to the applicable indenture.

The debt securities, if convertible or exchangeable, will not be convertible into or exchangeable for securities of a third party.

If the applicable prospectus supplement provides, the debt securities may be issued at a discount below their principal amount and provide for less than the entire principal amount thereof to be payable upon declaration of acceleration of the maturity thereof. In such cases, all material U.S. federal income tax considerations will be described in the applicable prospectus supplement.

Except as may be set forth in the applicable prospectus supplement, the debt securities will not contain any provisions that would limit our ability to incur indebtedness or that would afford holders of debt securities protection from transactions involving us, including a highly leveraged transaction involving us or a change in control. The applicable prospectus supplement will contain information with respect to any additions to the events of default or covenants described below, including any addition of a covenant or other provision providing event risk or similar protection.

#### **Denomination, Interest, Registration and Transfer**

We will issue the debt securities of each series only in registered form, without coupons, in denominations of \$1,000, or in such other currencies or denominations as may be set forth in the applicable supplemental indenture or specified in, or pursuant to, an authorizing resolution, if any, relating to such series of debt securities.

The principal of and interest, if any, on any series of debt securities will be payable at the corporate trust office of the trustee, the address of which will be stated in the applicable prospectus supplement. However, at our option, interest payment may be made by check mailed to the address of the person entitled thereto as it appears in the applicable register for such debt securities.

## Edgar Filing: XL CAPITAL LTD - Form S-3ASR

Subject to certain limitations imposed upon debt securities issued in book-entry form, the debt securities of any series:

will be exchangeable for any authorized denomination of other debt securities of the same series and of a like aggregate principal amount and tenor upon surrender of such debt securities at the trustee's corporate trust office or at the office of any registrar designated by us for such purpose; and

may be surrendered for registration of transfer or exchange thereof at the corporate trust office of the trustee or at the office of any registrar designated by us for such purpose.

No service charge will be made for any registration of transfer or exchange, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with certain transfers and exchanges. We may act as registrar and may change any registrar without notice.

### **Certain Covenants**

The applicable prospectus supplement will describe any material covenants in respect of a series of debt securities that are not described in this prospectus.

#### *Provisions Applicable to All Debt Securities*

Unless otherwise indicated in the applicable prospectus supplement, senior debt securities and subordinated debt securities will include the provisions described below.

#### *Merger, Consolidation or Sale of Assets*

We may not (1) consolidate with or merge into any other person or convey, transfer, sell or lease our properties and assets substantially as an entirety to any person, (2) permit any person to consolidate with or merge into us or (3) permit any person to convey, transfer, sell or lease that person's properties and assets substantially as an entirety to us unless:

in the case of (1) and (2) above, if we are not the surviving person, such surviving person is an entity organized and existing under the laws of the United States of America (including any State thereof or the District of Columbia), the United Kingdom, the Cayman Islands, Bermuda or any country which is, on the date of the applicable prospectus supplement and supplemental indenture, a member of the Organisation for Economic Co-operation and Development or the European Union and the surviving person assumes the payment of the principal of, premium, if any, and interest on the debt securities and the performance of our other covenants under the applicable indenture; and

in all cases, immediately after giving effect to the transaction, no event of default, and no event that, after notice or lapse of time or both, would become an event of default, will have occurred and be continuing.

#### *Provisions Applicable to Senior Debt Securities Only*

Unless otherwise indicated in the applicable prospectus supplement, senior debt securities will include the provisions described below.

A change in control will be deemed to have occurred at such time as:

- (1) any person, including any syndicate or group deemed to be a person under Section 13(d)(3) of the Exchange Act, acquires beneficial ownership, directly or indirectly, through a purchase, merger or other acquisition transaction or series of transactions, of shares of our capital stock entitling the person to exercise 50% or more of the total voting power of all shares of our capital stock that is entitled to vote generally in elections of directors, other than an acquisition by us, any of our subsidiaries or any of our employee benefit plans and other than any transaction contemplated by the second bullet point of clause (2) below; or

- (2) we merge or consolidate with or into any other person (other than a subsidiary), another person (other than a subsidiary) merges into us, or we convey, sell, transfer or lease all or substantially all of our assets to another person (other than a subsidiary), other than any transaction:

that does not result in a reclassification, conversion, exchange or cancellation of our outstanding ordinary shares (other than the cancellation of any of our outstanding ordinary shares held by the person with whom we merge or consolidate), or

pursuant to which the holders of our ordinary shares immediately prior to the transaction are entitled to exercise, directly or indirectly, 50% or more of the total voting power of all shares of capital stock entitled to vote generally in the election of directors of the continuing or surviving corporation immediately after the transaction, or

which is effected solely to change our jurisdiction of incorporation and results in a reclassification, conversion or exchange of our outstanding ordinary shares solely into shares of common stock of the surviving entity.

However, a change in control will not be deemed to have occurred if either:

(A) in the case of debt securities that are convertible into ordinary shares of XL Capital, the closing price for our ordinary shares for any five trading days within the period of 10 consecutive trading days ending immediately after the later of the change in control or the public announcement of the change in control, in the case of a change in control relating to an acquisition of capital stock, or the period of 10 consecutive trading days ending immediately before the change in control, in the case of a change in control relating to a merger, consolidation or asset sale, equals or exceeds 105% of the average of the closing prices for such convertible debt securities on each of such trading days; or

(B) all of the consideration (excluding cash payments for fractional shares and cash payments made pursuant to dissenters' appraisal rights) in a merger or consolidation otherwise constituting a change in control under clause (1) and/or clause (2) above consists of shares of common stock traded on a national securities exchange or quoted on the Nasdaq National Market (or will be so traded or quoted immediately following the merger or consolidation).

## **Ranking of Debt Securities**

### *General*

We currently conduct substantially all of our operations through our subsidiaries and our subsidiaries generate substantially all of our operating income and cash flow. As a result, distributions and advances from our subsidiaries are the principal source of funds necessary to meet our debt service obligations. Contractual provisions or laws, as well as our subsidiaries' financial condition and operating and regulatory requirements, may limit our ability to obtain cash from our subsidiaries that we require to pay our debt service obligations. For a description of certain regulatory restrictions on the payment of dividends by our subsidiaries, see Note 24 of the Notes to Consolidated Financial Statements of XL Capital included in our Form 10-K for the year ended December 31, 2004, which is incorporated by reference in this Prospectus. In addition, because we are a holding company, holders of the debt securities will have a junior position to the claims of creditors of our subsidiaries on their assets and earnings.

### *Senior debt securities*

The senior debt securities will be our unsecured unsubordinated obligations and will:

rank equal in right of payment with all our other unsecured and unsubordinated indebtedness;

be effectively subordinated in right of payment to all our secured indebtedness to the extent of the value of the assets securing such indebtedness; and

be effectively subordinated to all of our subsidiaries' indebtedness and all mandatorily redeemable preferred stock of our subsidiaries.

As of September 30, 2005, the aggregate amount of our outstanding consolidated indebtedness for money borrowed was approximately \$2.7 billion. All such outstanding indebtedness is unsecured and unsubordinated. As of September 30, 2005, the aggregate amount of outstanding indebtedness for money borrowed of our subsidiaries (other than XL Capital Finance (Europe) plc), which would effectively rank senior to the senior debt issued under the senior debt indenture, was approximately \$355.0 million.

Except as otherwise set forth in the applicable senior indenture or specified in an authorizing resolution and/or supplemental indenture, if any, relating to a series of senior debt securities to be issued, there are no limitations in the senior indenture on the amount of additional indebtedness which may rank equal with the senior debt securities or on the amount of indebtedness, secured or otherwise, which may be incurred or preferred stock which may be issued by any of our subsidiaries.

*Subordinated debt securities*

The subordinated debt securities will be our unsecured subordinated obligations. Unless otherwise provided in the applicable prospectus supplement, the payment of principal of, interest on and all other amounts owing in respect of the subordinated debt securities will be subordinated in right of payment to the prior payment in full in cash of principal of, interest on and all other amounts owing in respect of all of our senior indebtedness. Upon any payment or distribution of our assets of any kind or character, whether in cash, property or securities, to creditors upon any total or partial liquidation, dissolution, winding-up, reorganization, assignment for the benefit of creditors or marshaling of our assets or in a bankruptcy, reorganization, insolvency, receivership or other similar proceeding relating to us or our property, whether voluntary or involuntary, all principal of, interest on and all other amounts due or to become due shall be paid, first, to all senior indebtedness in full in cash, or such payment duly provided for to the satisfaction of the holders of senior indebtedness, before any payment or distribution of any kind or character is made on account of any principal of, interest on or other amounts owing in respect of the subordinated debt securities, or for the acquisition of any of the subordinated debt securities for cash, property or otherwise.

As of September 30, 2005, the aggregate amount of our outstanding consolidated indebtedness for money borrowed was approximately \$2.7 billion. All such outstanding indebtedness is unsecured and unsubordinated. As of September 30, 2005, the aggregate amount of outstanding indebtedness for money borrowed of our subsidiaries (other than XL Capital Finance (Europe) plc), which would effectively rank senior to the subordinated debt that may be issued under the subordinated debt indenture, was approximately \$355.0 million.

If any default occurs and is continuing in the payment when due, whether at maturity, upon any redemption, by declaration or otherwise, of any principal of, interest on, unpaid drawings for letters of credit issued in respect of, or regularly accruing fees with respect to, any senior indebtedness, no payment of any kind or character shall be made by us or any other person on our or their behalf with respect to any principal of, interest on or other amounts owing in respect of the subordinated debt securities or to acquire any of the subordinated debt securities for cash, property or otherwise.

If any other event of default occurs and is continuing with respect to any senior indebtedness, as such event of default is defined in the instrument creating or evidencing such senior indebtedness, permitting the holders of such senior indebtedness then outstanding to accelerate the maturity thereof and if the representative (as defined in the applicable indenture) for the respective issue of senior indebtedness gives written notice of the event of default to the trustee (a "default notice"), then, unless and until all events of default have been cured or waived or have ceased to exist or the trustee receives notice from the representative for the respective issue of senior indebtedness terminating the blockage period (as defined below), during the 179 days after the delivery of such default notice (the "blockage period"), neither we nor any other person on our behalf shall:

- (1) make any payment of any kind or character with respect to any principal of, interest on or other amounts owing in respect of the subordinated debt securities; or

- (2) acquire any of the subordinated debt securities for cash, property or otherwise.

Notwithstanding anything herein to the contrary, in no event will a blockage period extend beyond 179 days from the date the payment on the subordinated debt securities was due and only one such blockage period may be commenced within any 360 consecutive days. No event of default which existed or was continuing on the date of the commencement of any blockage period with respect to the senior indebtedness shall be, or be made, the basis for commencement of a second blockage period by the representative of such senior indebtedness whether or not within a period of 360 consecutive days unless such event of default shall have been cured or waived for a period of not less than 90 consecutive days (it being acknowledged that any subsequent action, or any breach of any financial covenants for a period commencing after the date of commencement of such blockage period that, in either case, would give rise to an event of default pursuant to any provisions under which an event of default previously existed or was continuing shall constitute a new event of default for this purpose).

The subordinated indentures do not, and any supplemental subordinated indenture will not, restrict the amount of our or our subsidiaries senior indebtedness or other indebtedness. As a result of the foregoing provisions, in the event of our insolvency, holders of the subordinated debt securities may recover ratably less than our general creditors.

senior indebtedness, unless otherwise specified in one or more applicable supplemental indentures or approved pursuant to a board resolution in accordance with the applicable indenture, means, with respect to us,

- (1) the principal (including redemption payments), premium, if any, interest and other payment obligations in respect of (A) our indebtedness for money borrowed and (B) our indebtedness evidenced by securities, debentures, bonds, notes or other similar instruments issued by us, including any such securities issued under any deed, indenture or other instrument to which we are a party (including, for the avoidance of doubt, indentures pursuant to which senior debt securities have been or may be issued);
- (2) all of our capital lease obligations;
- (3) all of our obligations issued or assumed as the deferred purchase price of property, all of our conditional sale obligations, all of our hedging agreements and agreements of a similar nature thereto and all agreements relating to any such agreements, and all of our obligations under any title retention agreement (but excluding trade accounts payable arising in the ordinary course of business);
- (4) all of our obligations for reimbursement on any letter of credit, banker's acceptance, security purchase facility or similar credit transaction;
- (5) all obligations of the type referred to in clauses (1) through (4) above of other persons for the payment of which we are responsible or liable as obligor, guarantor or otherwise;
- (6) all obligations of the type referred to in clauses (1) through (5) above of other persons secured by any lien on any of our property or assets (whether or not such obligation is assumed by us); and
- (7) any deferrals, amendments, renewals, extensions, modifications and refundings of all obligations of the type referred to in clauses (1) through (6) above, in each case whether or not contingent and whether outstanding at the date of effectiveness of the applicable supplemental indenture or thereafter incurred;

*except*, in each case, for the subordinated debt securities and any such other indebtedness or deferral, amendment, renewal, extension, modification or refunding that contains express terms, or is issued under a deed, indenture or other instrument that contains express terms, providing that it is subordinate to or ranks equal with the subordinated debt securities.

Such senior indebtedness shall continue to be senior indebtedness and be entitled to the benefits of the subordination provisions of the applicable indenture irrespective of any amendment, modification or waiver of any

term of such senior indebtedness and notwithstanding that no express written subordination agreement may have been entered into between the holders of such senior indebtedness and the trustee or any of the holders.

#### Discharge and Defeasance

Under the terms of the indentures, we will be discharged from any and all obligations in respect of the debt securities of any series and the applicable indenture (except in each case for certain obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated debt securities, maintain paying agencies and hold moneys for payment in trust) if:

- (1) we deliver all outstanding debt securities of such series to the trustee for cancellation and pay all sums payable by us under such debt securities and the indenture with respect to such series; or
- (2) such debt securities either have become due and payable or will become due and payable within one year (or are scheduled for redemption within one year) and we deposit with the debt securities trustee, in trust:
  - (a) in the case of any debt securities of any series denominated in U.S. dollars, cash or U.S. government obligations sufficient to pay all principal of and interest and premium, if any, on such debt securities; and
  - (b) in the case of any debt securities of any series denominated in any currency other than U.S. dollars, an amount of the applicable currency in which such debt securities are denominated sufficient to pay all principal of and interest and premium, if any, on such debt securities.

In addition, unless the applicable prospectus supplement and supplemental indenture provide otherwise, we may elect either (1) to defease and be discharged from any and all obligations with respect to such debt securities ( defeasance ) or (2) to be released from our obligations with respect to such debt securities under certain covenants in the applicable indenture, and any omission to comply with such obligations will not constitute a default or an event of default with respect to such debt securities ( covenant defeasance ):

- (1) by delivering all outstanding debt securities of such series to the trustee for cancellation and paying all sums payable by us under such debt securities and the indenture with respect to such series;
- (2) by delivering to the trustee an officers certificate as to solvency and the absence of intent of preferring holders of the debt securities over our other creditors; and
- (3) after giving notice to the trustee of our intention to defease all of the debt securities of such series, by irrevocably depositing with the trustee or a paying agent
  - (a) in the case of any debt securities of any series denominated in U.S. dollars, cash or U.S. government obligations sufficient to pay all principal of and interest on such debt securities; and
  - (b) in the case of any debt securities of any series denominated in any currency other than U.S. dollars, an amount of the applicable currency in which the debt securities are denominated sufficient to pay all principal of and interest on such debt securities.

Such a trust may only be established if, among other things:

- (1) the applicable defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, any material agreement or instrument to which we are a party or by which we are bound;
- (2) no event of default or event which with notice or lapse of time or both would become an event of default with respect to the debt securities to be defeased will have occurred and be continuing on the date of establishment of such a trust after giving effect to such establishment and, with respect to defeasance only,

no bankruptcy proceeding with respect to us will have occurred and be continuing at any time during the period ending on the 91st day after such date; and

- (3) we have delivered to the trustee an opinion of counsel (as specified in the applicable supplemental indenture) to the effect that the holders will not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred, and such opinion of counsel, in the case of defeasance, must refer to and be based upon a letter ruling of the Internal Revenue Service received by us, a Revenue Ruling published by the Internal Revenue Service or a change in applicable United States federal income tax law occurring after the date of the applicable supplemental indenture.

In the event we effect covenant defeasance with respect to any debt securities and such debt securities are declared due and payable because of the occurrence of any event of default, other than an event of default with respect to any covenant as to which there has been covenant defeasance, the government obligations on deposit with the trustee will be sufficient to pay amounts due on such debt securities at the time of the stated maturity but may not be sufficient to pay amounts due on such debt securities at the time of the acceleration resulting from such event of default.

#### **Modification and Waiver**

We, when authorized by a board resolution, and the trustee may modify, amend and/or supplement the applicable indenture and the applicable debt securities with the consent of the holders of not less than a majority in principal amount of the outstanding debt securities of all series affected thereby (voting as a single class); *provided, however*, that such modification, amendment or supplement may not, without the consent of each holder of the debt securities affected thereby:

- (1) change the stated maturity of the principal of or any premium or any installment of interest with respect to the debt securities;
- (2) reduce the principal amount of, or the rate of interest on or any premium payable upon the redemption of, the debt securities;
- (3) change the currency of payment of principal of or interest on the debt securities;
- (4) change the redemption provisions, if any, of any debt securities in any manner adverse to the holders of such series of debt securities;
- (5) impair the right to institute suit for the enforcement of any payment on or with respect to the debt securities;
- (6) reduce the above-stated percentage of holders of the debt securities of any series necessary to modify or amend the indenture relating to such series;
- (7) in the case of any subordinated indenture, modify the subordination provisions thereof in a manner adverse to the holders of such subordinated debt securities then outstanding;
- (8) in the case of any convertible debt securities, adversely affect the right to convert such debt securities into ordinary shares or preference ordinary shares in accordance with the provisions of the applicable indenture;
- (9) modify or change any provision of the applicable indenture or the related definitions affecting the ranking of the applicable series of senior debt securities in a manner which adversely affects the holders of such senior debt securities; or

## Edgar Filing: XL CAPITAL LTD - Form S-3ASR

- (10) modify the foregoing requirements or reduce the percentage of outstanding debt securities necessary to waive any covenant or past default.

Holders of not less than a majority in principal amount of the outstanding debt securities of all series affected thereby (voting as a single class) may waive certain past defaults and may waive compliance by us with any provision of the indenture relating to such debt securities (subject to the immediately preceding sentence); *provided, however*, that:

- (1) without the consent of each holder of debt securities affected thereby, no waiver may be made of a default in the payment of the principal of or interest on any debt security or in respect of a covenant or provision of the indenture that expressly states that it cannot be modified or amended without the consent of each holder affected; and
- (2) only the holders of a majority in principal amount of debt securities of a particular series may waive compliance with a provision of the indenture relating to such series or the debt securities of such series having applicability solely to such series.

We, when authorized by a board resolution, and the trustee may amend or supplement the indentures or waive any provision of such indentures and the debt securities without the consent of any holders of debt securities in some circumstances, including:

to cure any ambiguity, omission, defect or inconsistency;

to make any change that does not, in the good faith opinion of our board of directors and the trustee, adversely affect the interests of holders of such debt securities in any material respect;

to provide for the assumption of our obligations under the applicable indenture by a successor upon any merger, consolidation or asset transfer permitted under the applicable indenture;

to provide any security for or guarantees of such debt securities;

to add events of default with respect to such debt securities;

to add covenants that would benefit the holders of such debt securities or to surrender any rights or powers we have under the applicable indenture;

to make any change necessary for the registration of the debt securities under the Securities Act or to comply with the Trust Indenture Act, or any amendment thereto, or to comply with any requirement of the SEC in connection with the qualification of the applicable indenture under the Trust Indenture Act; *provided, however*, that such modification or amendment does not, in the good faith opinion of our board of directors and the trustee, adversely affect the interests of the holders of such debt securities in any material respect;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities or to provide for bearer debt securities;

to add to or change any of the provisions of the applicable indenture to such extent as shall be necessary to permit or facilitate the issuance of the debt securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons;

to change or eliminate any of the provisions of the applicable indenture, *provided, however*, that any such change or elimination shall become effective only when there is no debt security outstanding of any series created prior to the execution of such supplemental indenture which is entitled to the benefit of such provision;

to establish the form or terms of debt securities of any series as permitted by the applicable indenture; or

to evidence and provide for the acceptance of appointment by a successor trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the applicable indenture as shall be necessary to provide for or facilitate the administration of the trusts under the applicable indenture by more than one trustee, pursuant to the requirements of the applicable indenture.

**Events of Default and Notice Thereof**

The following events are events of default with respect to any series of debt securities issued hereunder:

- (1) failure to pay interest on any debt securities of such series within 60 days of when due or principal of any debt securities of such series when due (including any sinking fund installment);
- (2) failure to perform any other agreement contained in the debt securities of such series or the indenture relating to such series (other than an agreement relating solely to another series of debt securities) for 60 days after notice; and
- (3) certain events of bankruptcy, insolvency or reorganization with respect to us.

Additional or different events of default, if any, applicable to the series of debt securities in respect of which this prospectus is being delivered will be specified in the applicable prospectus supplement.

The trustee under such indenture shall, within 90 days after the occurrence of any default (the term default to include the events specified above without grace or notice) with respect to any series of debt securities actually known to it, give to the holders of such debt securities notice of such default; *provided, however*, that, except in the case of a default in the payment of principal of or interest on any of the debt securities of such series or in the payment of a sinking fund installment, the trustee for such series shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interest of the holders of such debt securities; and *provided, further*, that in the case of any default of the character specified in clause (2) above with respect to debt securities of such series, no such notice to holders of such debt securities will be given until at least 30 days after the occurrence thereof. We shall certify to the trustee quarterly as to whether any default exists.

In the case that an event of default, other than an event of default resulting from bankruptcy, insolvency or reorganization, with respect to any series of debt securities shall occur and be continuing, the trustee for such series or the holders of at least 25% in aggregate principal amount of the debt securities of such series then outstanding, by notice in writing to us (and to the trustee for such series if given by the holders of the debt securities of such series), will be entitled to declare all unpaid principal of and accrued interest on such debt securities then outstanding to be due and payable immediately.

In the case of an event of default resulting from certain events of bankruptcy, insolvency or reorganization, all unpaid principal of and accrued interest on all debt securities of such series then outstanding shall be due and payable immediately without any declaration or other act on the part of the trustee for such series or the holders of any debt securities of such series.

Such acceleration may be annulled and past defaults (except, unless theretofore cured, a default in payment of principal of or interest on the debt securities of such series) may be waived by the holders of a majority in principal amount of the debt securities of such series then outstanding upon the conditions provided in the applicable indenture.

No holder of the debt securities of any series issued thereunder may pursue any remedy under such indenture unless the trustee for such series shall have failed to act after, among other things, notice of an event of default and request by holders of at least 25% in principal amount of the debt securities of such series in respect of which the event of default has occurred and the offer to the trustee for such series of indemnity satisfactory to it; *provided*,

*however*, that such provision does not affect the right to sue for enforcement of any overdue payment on such debt securities.

### **Conversion and Exchange Rights**

The terms and conditions, if any, upon which the debt securities of any series will be convertible into our ordinary shares or preference ordinary shares or upon which the senior debt securities of any series will be exchangeable for another series of our debt securities will be set forth in the prospectus supplement relating thereto. Such terms will include the conversion or exchange price (or manner of calculation thereof), the conversion or exchange period, provisions as to whether conversion or exchange will be at the option of the holders of such series of debt securities or at our option or automatic, the events requiring an adjustment of the conversion or exchange price and provisions affecting conversion or exchange in the event of the redemption of such series of debt securities. The debt securities, if convertible or exchangeable, will not be convertible into or exchangeable for securities of a third party.

### **The Trustee**

Subject to the terms of the applicable indenture, the trustee for each series of debt securities is The Bank of New York. Each indenture contains certain limitations on the right of the trustee, as our creditor, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee is permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest, it must eliminate such conflict or resign.

The trustee may resign at any time with respect to each series of debt securities by giving written notice thereof to us. The trustee may be removed at any time with respect to each series of debt securities by the holders of a majority in principal amount of the outstanding securities of such series delivered to the trustee and to us. In addition, we may also remove the trustee with or without cause if we so notify the trustee thirty days in advance and if no default occurs or is continuing during the thirty-day period.

Subject to the terms of the applicable indenture, the holders of a majority in principal amount of all outstanding debt securities of a series (or if more than one series is affected thereby, of all series so affected, voting as a single class) have the right to direct the time, method and place of conducting any proceeding for exercising any remedy or power available to the trustee for such series or all such series so affected.

In case an event of default shall occur (and shall not be cured) under any indenture relating to a series of debt securities and is actually known to a responsible officer of the trustee for such series, such trustee shall exercise such of the rights and powers vested in it by such indenture and use the same degree of care and skill in such exercise as a prudent person would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, the trustee will not be under any obligation to exercise any of its rights or powers under the applicable indenture at the request of any of the holders of debt securities unless they shall have offered to the trustee security and indemnity satisfactory to it.

### **Governing Law**

The indentures and the debt securities are governed by the laws of the State of New York.

### **Global Securities; Book-Entry System**

We may issue the debt securities of any series in whole or in part in the form of one or more global securities to be deposited with, or on behalf of, a depositary (the *depositary*) identified in the prospectus supplement relating to such series. Global securities represent in the aggregate the total principal or face amount of the securities and, once on deposit with a depositary, allow trading of the securities through the depositary's book-entry system (as further described below). Global securities, if any, issued in the United States are expected to be deposited with The Depository Trust Company (*DTC*), as depositary. Global securities will be issued in fully registered form and may be issued in either temporary or permanent form. Unless and until it is exchanged in whole or in part for the individual debt securities represented thereby, a global security may not be transferred except as a whole by the depositary for such

## Edgar Filing: XL CAPITAL LTD - Form S-3ASR

global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any nominee of such depositary to a successor depositary or any nominee of such successor.

The specific terms of the depositary arrangement with respect to any series of debt securities will be described in the prospectus supplement relating to such series. We expect that unless otherwise indicated in the applicable prospectus supplement, the following provisions will apply to depositary arrangements.

Upon the issuance of a global security, the depositary for such global security or its nominee will credit on its book-entry registration and transfer system the respective principal amounts of the individual debt securities represented by such global security to the accounts of persons that have accounts with such depositary ( participants ). Such accounts will be designated by the underwriters, dealers or agents with respect to such debt securities or by us if such debt securities are offered directly by us. Ownership of beneficial interests in such global security will be limited to participants or persons that may hold interests through participants.

We expect that, pursuant to procedures established by DTC, ownership of beneficial interests in any global security with respect to which DTC is the depositary will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to beneficial interests of participants) and records of participants (with respect to beneficial interests of persons who hold through participants). Neither we nor the trustee will have any responsibility or liability for any aspect of the records of DTC or for maintaining, supervising or reviewing any records of DTC or any of its participants relating to beneficial ownership interests in the debt securities. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and laws may impair the ability to own, pledge or transfer beneficial interests in a global security.

So long as the depositary for a global security or its nominee is the registered owner of such global security, such depositary or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by such global security for all purposes under the applicable indenture. Except as described below or in the applicable prospectus supplement, owners of beneficial interests in a global security will not be entitled to have any of the individual debt securities represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of any such debt securities in definitive form and will not be considered the owners or holders thereof under the applicable indenture for any purpose, including with respect to the giving of any directions, instructions or approvals to the trustee thereunder. Accordingly, each person owning a beneficial interest in a global security with respect to which DTC is the depositary must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person owns its interests, to exercise any rights of a holder under the applicable indenture. We understand that, under existing industry practice, if it requests any action of holders or if an owner of a beneficial interest in a global security desires to take any action which a holder is entitled to take under the applicable indenture, DTC would authorize the participants holding the relevant beneficial interest to take such action, and such participants would authorize beneficial owners through such participants to take such actions or would otherwise act upon the instructions of beneficial owners holding through them.

Payments of principal of, and any interest on, individual debt securities represented by a global security registered in the name of a depositary or its nominee will be made to or at the direction of the depositary or its nominee, as the case may be, as the registered owner of the global security under the applicable indenture. Under the terms of the applicable indenture, we and the trustee may treat the persons in whose name debt securities, including a global security, are registered as the owners thereof for the purpose of receiving such payments. Consequently, neither we nor the trustee has or will have any responsibility or liability for the payment of such amounts to beneficial owners of debt securities (including principal and interest). We believe, however, that it is currently the policy of DTC to immediately credit the accounts of relevant participants with such payments, in amounts proportionate to their respective holdings of beneficial interests in the relevant global security as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such global security held through such participants will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name, and will be the responsibility

of such participants. Redemption notices with respect to any debt securities represented by a global security will be sent to the depositary or its nominee. If less than all of the debt securities of any series are to be redeemed, we expect the depositary to determine the amount of the interest of each participant in such debt securities to be redeemed by lot. None of us, the trustee, any paying agent or the registrar for such debt securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security for such debt securities or for maintaining any records with respect thereto.

Neither we nor the trustee will be liable for any delay by the holders of a global security or the depositary in identifying the beneficial owners of debt securities and we and the trustee may conclusively rely on, and will be protected in relying on, instructions from the holder of a global security or the depositary for all purposes. The rules applicable to DTC and its participants are on file with the SEC.

If a depositary for any debt securities is at any time unwilling, unable or ineligible to continue as depositary and a successor depositary is not appointed by us within 90 days, we will issue individual debt securities in exchange for the global security representing such debt securities.

All moneys paid by us to a paying agent or a trustee for the payment of the principal of or interest on any debt security which remain unclaimed at the end of two years after such payment has become due and payable will be repaid to us, and the holder of such debt security thereafter may look only to us for payment thereof.
