PROXY STATEMENT
OF
PARKE BANCORP, INC.
601 DELSEA DRIVE
WASHINGTON TOWNSHIP, NEW JERSEY 08080

ANNUAL MEETING OF SHAREHOLDERS
_____, 2014

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Parke Bancorp, Inc., the bank holding company for Parke Bank, a New Jersey chartered commercial bank, to be used at the Annual Meeting of Shareholders to be held at the Terra Nova restaurant, 590 Delsea Drive, Washington Township, New Jersey, on _____, 2014, at 10:00 a.m. The accompanying Notice of Annual Meeting and this Proxy Statement are being first mailed to shareholders on or about _____, 2014.

At the Annual Meeting, shareholders will consider and vote upon (i) the election of two directors of the Company; (ii) the ratification of the appointment of McGladrey LLP as the Company's independent auditor for the fiscal year ending December 31, 2014; (iii) an advisory (non-binding) proposal regarding executive compensation; (iv) a non-binding advisory proposal regarding the frequency with which shareholders should vote on the Company's executive compensation; (v) the approval of the issuance of shares of the Company's common stock, \$.10 par value (the "Common Stock") upon the conversion of the Company's Non-Cumulative Perpetual Convertible Preferred Stock, Series B (the "Series B Preferred Stock") into Common Stock; and (vi) the approval of an amendment to the Company's certificate of incorporation to increase the number of authorized shares of Common Stock.

The Board of Directors knows of no additional matters that will be presented for consideration at the Annual Meeting. Execution of a proxy, however, confers on the designated proxy holder the discretionary authority to vote the shares represented by such proxy in accordance with their best judgment on such other business, if any, that may properly come before the Annual Meeting or any adjournment thereof.

VOTING AND PROXY PROCEDURES

Who Can Vote at the Annual Meeting

You are only entitled to vote at the Annual Meeting if our records show that you held shares of our Common Stock, as of the close of business on March 13, 2014 (the "Record Date"). If your shares are held by a broker or other intermediary, you can only vote your shares at the Annual Meeting if you have a properly executed proxy from the record holder of your shares (or their designee). As of the Record Date, a total of 5,991,859 shares of Common Stock

were outstanding. Each share of Common Stock has one vote on each matter presented.

Voting by Proxy

The Board of Directors is sending you this Proxy Statement for the purpose of requesting that you allow your shares of Common Stock to be represented at the Annual Meeting by the persons named in the

enclosed Proxy Card. All shares of Common Stock represented at the Annual Meeting by properly executed and dated proxies will be voted according to the instructions indicated on the Proxy Card. If you sign, date and return the Proxy Card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. The Board of Directors recommends a vote "FOR" its nominees for director, "FOR" the ratification of the appointment of McGladrey LLP as our independent auditors, "FOR" the advisory proposal regarding executive compensation, "FOR" the option that the say on pay proposal be considered every three years, "FOR" the approval of the issuance of Common Stock upon the conversion of the Series B Preferred Stock and "FOR" the approval of an amendment to the Company's certificate of incorporation to increase the number of authorized shares of Common Stock.

If any matters not described in this Proxy Statement are properly presented at the Annual Meeting, the persons named in the Proxy Card will vote your shares as determined by a majority of the Board of Directors. If the Annual Meeting is postponed or adjourned, your Common Stock may be voted by the persons named in the Proxy Card on the new Annual Meeting dates as well, unless you have revoked your proxy. The Company does not know of any other matters to be presented at the Annual Meeting.

You may revoke your proxy at any time before the vote is taken at the Annual Meeting. To revoke your proxy you must advise the Company's Secretary in writing before your Common Stock has been voted at the Annual Meeting, deliver a later-dated proxy, or attend the Annual Meeting and vote your shares in person. Attendance at the Annual Meeting will not in itself revoke your proxy.

If you hold your Common Stock in "street name," you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares voted. Your broker, bank or other nominee may allow you to deliver your voting instructions via the telephone or the Internet. Please see the instruction form provided by your broker, bank or other nominee that accompanies this Proxy Statement. Please note that pursuant to the rules that guide how brokers vote your stock, your brokerage firm or other nominee may not vote your shares with respect to Proposals I, III, IV or V without specific instructions from you as to how to vote because neither of these Proposals are considered "routine" matters under the applicable rules.

Vote Required

The Annual Meeting can only transact business if a majority of the outstanding shares of Common Stock entitled to vote is represented at the Annual Meeting. If you return a valid proxy or attend the Annual Meeting in person, your shares will be counted for purposes of determining whether there is a quorum even if you abstain or withhold your vote or do not vote your shares at the Annual Meeting. Broker non-votes will be counted for purposes of determining the existence of a quorum. A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not have discretionary voting power with respect to the agenda item and has not received voting instructions from the beneficial owner.

In voting on the election of directors, you may vote in favor of the nominees or withhold votes as to any or all nominees. There is no cumulative voting in the election of directors. Directors must be elected by a plurality of the votes cast at the Annual Meeting. This means that the nominees receiving the greatest number of votes will be elected. Votes that are withheld and broker non-votes will have no effect on the outcome of the election.

In voting to ratify the appointment of McGladrey LLP as our independent auditors, Proposal III regarding executive compensation, Proposal V or Proposal VI, you may vote in favor of the proposal,

against the proposal or abstain from voting. To be approved, these proposals require the affirmative vote of a majority of the votes cast at the Annual Meeting. Broker non-votes and abstentions will not be counted as votes cast and will have no effect on the voting on these proposals. With respect to Proposal IV (the frequency vote), stockholders may vote to consider a say on pay proposal every one year, every two years or every three years, or may abstain from voting. This Proposal will be decided by a plurality of the votes cast without regard to broker non-votes or proxies marked "ABSTAIN" as to that matter.

The Committee is comprised of Directors Choate, Dalton, Jannetti, Pennoni, Sheppard, and Tresch. The Committee met one time during the 2013 fiscal year. The Board of Directors has adopted a written compensation committee charter for the Compensation Committee which is available on the Investor Relations page of the Company's web site, www.parkebank.com.

Audit Committee. The Audit Committee is responsible for overseeing the accounting and financial reporting processes and the audits of the financial statements of the Company. The Committee is comprised of Directors Choate, Dalton, Dobson, and Sheppard. The Committee met four times in fiscal year 2013. The Board of Directors has adopted a written audit committee charter for the Audit Committee is available on the Investor Relations page of the Company's web site, www.parkebank.com.

Audit Committee Financial Expert. The Board of Directors has determined that Fred G. Choate is an Audit Committee "financial expert" as that term is defined in Item 407(d)(5) of Regulation S-K of the Securities and Exchange Commission. Mr. Choate would be considered an independent director, under the rules of The Nasdaq Stock Market including the specific independence requirements for audit committee members.

Shareholder Communications

The Board of Directors does not have a formal process for shareholders to send communications to the Board. In view of the infrequency of shareholder communications to the Board of Directors, the Board does not believe that a formal process is necessary. Written communications received by the Company from shareholders are shared with the full Board no later than the next regularly scheduled Board meeting. The Board encourages, but does not require, directors to attend the annual meeting of shareholders. Nine of the ten Board members attended the 2013 annual meeting of shareholders.

Board Leadership Structure and Role in the Risk Management Process

Director Vito Pantilione serves as Chief Executive Officer of the Company and Director Celestino R. Pennoni serves as Chairman of the Board. The Board of Directors has determined that the separation of the offices of Chairman of the Board and Chief Executive Officer and President enhances Board independence and oversight. Moreover, the separation of the Chairman of the Board and Chief Executive Officer and President allows the Chief Executive Officer and President to better focus on his growing responsibilities of running the Company, enhancing shareholder value and expanding and strengthening our franchise while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management.

We face a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of the risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate

and functioning as designed. To do this, the Chairman of the Board meets regularly with management to discuss strategy and risks facing the Company. Senior management attends the Board meetings and is available to address any questions or concerns raised by the Board on risk management and any other matters. The Chairman of the Board and independent members of the Board work together to provide strong, independent oversight of the Company's management and affairs through its Audit, Loan and Asset/Liability committees and, when necessary, special meetings of independent directors.

Nonqualified Deferred Compensation. The Bank implemented a Supplemental Executive Retirement Plan ("SERP") effective January 1, 2003. Vito S. Pantilione, President is a participant in the SERP. Under the SERP, retirement benefits are payable to such participant commencing upon retirement after attainment of age 60 at the rate of 50% of their highest base salary paid while an employee of the Bank for the remainder of their life. If such retirement benefit payments are made for less than ten years, a survivor benefit will continue to be paid for the balance of such ten-year period. Such benefits are in addition to any social security benefits. Upon a change of control of the Bank prior to the date of retirement of a participant, all benefits shall be deemed earned and non-forfeitable as if such participant had attained his or her retirement date at age 60. A participant may elect to retire after age 55 and such benefits payable shall be actuarially reduced to reflect the earlier payment commencement date. If a participant dies prior to age 60 while employed by the Bank, a survivor benefit will be paid equal to 100% of the participant's highest salary for one year and 50% of such salary for four additional years. Benefits under the plan may be paid in the form of a lump sum on an actuarially equivalent basis. At December 31, 2013, the Bank had a total accrued liability of \$3.2 million with respect to benefits payable under the SERP. Benefits under the SERP will be a tax-deductible expense to the Bank at the time that actual benefit payments are made. The Bank has invested in various life insurance agreements (commonly known as BOLI, for bank-owned life insurance) with policy proceeds payable to the Bank in the event of the death of plan participants. Such insurance proceeds and earnings related to such investments are anticipated to exceed any plan costs related to benefit payments.

Potential Payments Upon Termination or Change-in-Control. As described below, certain of the Named Executive Officers are parties to various agreements that provide for payments in connection with any termination of their employment. The following table shows the payments that would be made to the Named Executive Officers at, following or in connection with any termination of their employment in the specified circumstances as of the last business day of the last fiscal year.

(1) The payment represents the annual amount payable to the executive for a minimum of 2 years and a maximum of 3 years.

- (2) Early retirement payments and normal retirement payments represent eligible annual payments under the SERP Plan for ages 55 and 60, respectively.
- (3) These payments represent a maximum lump sum payment to the Named Executive upon termination of their contract.
- (4) The disability payment includes insurance disability as well as Company compensation on an annual basis for the remainder of the named executive's term of employment contract (minimum of 2 years up to a maximum of 3 years).
- (5) Death benefits represent total life insurance payments that would be paid out to the named executive's heirs.

Employment Agreements. The Bank has entered into an employment agreement with Mr. Pantilione. Mr. Pantilione's base salary under the employment agreement for the year ended December 31, 2013 was \$449,000. Mr. Pantilione's employment agreement has a term of three years that is automatically extended for one year on January 1st of each year, unless notice of termination of the automatic extension is given in accordance with the terms of the employment agreement. The employment agreement may be terminated by the Bank for "cause" as defined in the agreement. If the Bank terminates Mr. Pantilione's employment without just cause, he will be entitled to a continuation of his salary from the date of termination through the remaining term of the agreement. The employment agreement contains a provision stating that after Mr. Pantilione's employment is terminated in connection with any change in control, he will be paid a lump sum amount equal to the balance of the annual compensation due under the agreement plus an amount equal to 3.0 times the highest rate of bonus awarded to him during the three years prior to such termination. If payment had been made under the agreement as of December 31, 2013, the payment to Mr. Pantilione would have equaled approximately \$1,968,000. The employment agreement also grants the right of the employee, within six months following a termination without cause or a voluntary termination by the employee for good reason, to require the Company to repurchase all of the employee's shares of Common Stock, warrants and options of the Company then owned by the employee at the closing price of such stock on the business day immediately preceding the date of notice of the employee's exercise of this right. The employment agreement also grants the right of the employee, within six months following a termination without cause or a voluntary termination by the employee for good reason, to require the Company to repurchase all of the employee's shares of Common Stock, warrants and options of the Company then owned by the employee at the closing price of such stock on the business day immediately preceding the date of notice of the employee's exercise of this right. The employment agreement also contains an agreement not to compete with the Bank which restricts certain post-employment activities of the employee within the Counties of Gloucester, Camden, Salem or Cumberland, New Jersey, for two years following termination of employment with the Bank.

Change in Control Severance Agreements. The Company has implemented Management Change in Control Agreements with certain of its named executive officers (Elizabeth Milavsky, Executive). Such severance benefits associated with termination of employment following a change in control will equal two and one-half times the most recent salary and bonus payment, not to exceed the tax deductible amounts under Section 280G of the Code.

For the year ended December 31, 2013, the chairman and each other non-employee director received board fees of \$45,000 and \$10,500, respectively. Retainers of \$39,000, \$18,550, and \$5,750 were paid to the chairman, audit committee chairman, and each other non-employee director, respectively, regardless of attendance. Additionally, fees were paid in connection with attendance of committee meetings for all non-employee directors. For the fiscal year ended December 31, 2013, board fees totaled \$175,725. Currently, each Company Director also serves as a Bank Director. Directors' fees are paid by the Bank; there are no additional fees paid by the Company.

RELATED PARTY TRANSACTIONS

In the normal course of its business as a financial institution, the Bank has granted loans to its officers, directors and their affiliates. The terms of these related party loans, including interest rates, collateral and repayment terms, are similar to those prevailing for comparable transactions with other customers and do not involve more than a normal risk of collectability or other unfavorable features. At December 31, 2013, the aggregate outstanding principal balance of all such related party loans was \$16.2 million. Loans totaling \$7.5 million that are guaranteed by one of its Board members, Ray H. Tresch, are greater than 90 days delinquent and are no longer accruing interest. These loans were granted to a former Board member, Thomas Hedenberg, for the purpose of financing residential and commercial real estate developments. The collateral securing these loans have been reappraised and the values exceed the outstanding loan balances.

The Company purchased in 2013 employee benefits such as medical insurance, life insurance and disability insurance from an insurance agency owned by one of its Board members, Jeffrey H. Kripitz, which amounted to \$539,000. Mr. Kripitz has beneficial ownership of 329,040 shares, or 5.48% of the Company's outstanding shares.

PROPOSAL II -- RATIFICATION OF APPOINTMENT OF AUDITORS

The Board of Directors of the Company has appointed McGladrey LLP as the Company's independent auditor for the fiscal year ending December 31, 2014, subject to ratification by the Company's shareholders. A representative of McGladrey LLP is expected to be present at the Annual Meeting and available to respond to appropriate questions, and he will have the opportunity to make a statement if he so desires.

Audit Fees. The aggregate fees billed by McGladrey LLP for professional services rendered for the audit of the Company's annual consolidated financial statements and for the review of the consolidated financial statements included in the Company's Quarterly Reports on Form 10-Q for the fiscal years ended December 31, 2013 and 2012, were \$140,556 and \$133,118, respectively.

Audit Related Fees. The aggregate fees billed by McGladrey LLP for audit and related services for the years ended December 31, 2013 and 2012, were \$8,162 and \$0, respectively.

Tax Fees. The aggregate fees billed by McGladrey LLP for professional services rendered for tax compliance, tax advice or tax planning for the years ended December 31, 2013 and 2012 were \$17,800 and \$16,750, respectively.

All Other Fees. The aggregate fees billed by McGladrey LLP for all other services for the years ended December 31, 2013 and 2012 were \$0 and \$0, respectively.

The Audit Committee has not established pre-approval procedures and instead specifically approves each service prior to the engagement of the auditor for all audit and non-audit services. It is the Audit Committee's policy to pre-approve all audit and non-audit services prior to the engagement of the Company's independent auditor to perform any service. All of the services listed above for 2013 and 2012 were approved by either the Company's or the Bank's Audit

Committee prior to the service being rendered. There were no services that were not recognized to be non-audit services at the time of engagement that were approved after the fact.

Ratification of the appointment of the independent auditor requires the affirmative vote of a majority of the votes cast, in person or by proxy, by the shareholders of the Company at the Annual Meeting. The Board of Directors recommends that shareholders vote “FOR” the ratification of the appointment of McGladrey LLP as the Company’s independent auditor for the 2014 fiscal year.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee’s main responsibilities include establishing and reviewing the Company’s internal controls and operating procedures to ensure compliance by the Company with all applicable laws, regulations, generally accepted accounting standards and customary operating procedures and practices. The Audit Committee also monitors the results of examinations by the Company’s independent auditor. During the year ended December 31, 2013, this committee met four times.

For the fiscal year ended December 31, 2013, the Audit Committee: (i) reviewed and discussed the Company’s audited consolidated financial statements with management, (ii) discussed with the Company’s independent auditor, McGladrey LLP, all matters required to be discussed under Statement on Auditing Standards No. 61 as adopted by the Public Company Accounting Oversight Board in Rule 3200T, and (iii) received from McGladrey LLP disclosures regarding McGladrey LLP’s independence as required by applicable requirements of the Public Company Accounting Oversight Board and discussed with McGladrey LLP its independence. Based on the foregoing review and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

Audit Committee:

PROPOSAL III – ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company has included a non-binding advisory vote on the compensation of the Company’s named executive officers at its annual meeting since 2009. This proposal, commonly referred to as a “say on pay” proposal was required in accordance with the requirements of the American Recovery and Reinvestment Act of 2009 during the period in which any obligation arising from the Company’s participation in the TARP Capital Purchase Program remains outstanding. At the 2013 Annual Meeting of Shareholders, the shareholders approved the advisory vote on the Company’s executive compensation policies and practices as disclosed in the proxy materials by more than 90.2% of the shares voting on the matter.

During 2012, the United States Treasury sold all of the shares of preferred stock issued by the Company pursuant to the TARP Capital Purchase Program and in 2013 the Company repurchased the warrant it had granted to Treasury. As such, the Company is no longer subject to this specific requirement. However, Section 951 of the Dodd-Frank Wall

Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and the regulations of the Securities and Exchange Commission thereunder provide that all annual meeting of shareholders on or after January 21, 2013 and not less than once every three years all public companies must now include a “say on pay” proposal for shareholders to vote to

approve the compensation of the Company's named executive officers, as disclosed in its proxy statement pursuant to Item 402 of Regulation S-K of the Securities and Exchange Commission.

This proposal gives the Company's shareholders the opportunity to endorse or not endorse the Company's executive pay program and policies, as disclosed in this Proxy Statement, through the following resolution:

"Resolved, that the compensation paid to the Company's Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion in this Proxy Statement is hereby approved."

As provided in the Dodd-Frank Act, this vote will not be binding on the Board of Directors and may not be construed as overruling a decision by the Board, creating or implying any change to the fiduciary duties of the Board or any additional fiduciary duty by the Board or restricting or limiting the ability of shareholders to make proposals for inclusion in proxy materials related to executive compensation. The Compensation Committee, however, may take into account the outcome of the vote when considering future executive compensation arrangements.

In voting to approve the above resolution, shareholders may vote for the resolution, against the resolution or abstain from voting. This matter will be decided by the affirmative vote of a majority of the votes cast at the Annual Meeting. On this matter, abstentions will have no effect on the voting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL IV – ADVISORY VOTE ON THE FREQUENCY
OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

Section 951 of the Dodd-Frank Act and the regulations of the Securities and Exchange Commission thereunder require that smaller reporting companies such as the Company at the first annual meeting of shareholders held on or after January 21, 2013 and not less frequently than once every six years thereafter the Company must include a separate resolution subject to shareholder vote to determine whether the non-binding shareholder vote on executive compensation that is the subject of Proposal III should occur every one, two or three years.

The Board of Directors welcomes the views of shareholders on executive compensation matters. The Board of Directors, however, does not believe that it is necessary to have the non-binding vote on executive compensation occur every year. The Board believes that a vote once every three years will allow stockholders the time needed to properly assess the impact of changes made in the Company's executive compensation program in response to shareholder votes on executive compensation. The Board of Directors also notes that it incurs costs to have an additional item on the agenda. In the interests of saving costs, the Board recommends that the non-binding vote on executive compensation occur only once every three years.

As provided in the Dodd-Frank Act, this vote will not be binding on the Board of Directors and may not be construed as overruling a decision by the Board, creating or implying any change to the fiduciary duties of the Board or any

additional fiduciary duty by the Board or restricting or limiting the ability of shareholders to make proposals for inclusion in proxy materials related to executive compensation.

In voting on the frequency of the non-binding say-on-pay resolution, shareholders may vote to have the vote occur every one, two or three years or abstain from voting. The option which receives the most votes from shareholders will be deemed to be the option selected by shareholders. On this matter, abstentions and broker non-votes will have no effect on the outcome.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE TO HAVE THE NON-BINDING VOTE ON EXECUTIVE COMPENSATION OCCUR EVERY THREE YEARS.

PROPOSAL V – APPROVAL OF ISSUANCE OF SHARES OF COMMON STOCK

Background and Reasons for Requesting Shareholder Approval

On December 23, 2013, the Company raised \$20,000,000 in a private placement of 20,000 shares of its newly designated 6.00% Non-Cumulative Perpetual Convertible Preferred Stock, Series B (the “Series B Preferred Stock”) at a purchase price of \$1,000 per share. The Company paid \$1,191,855 in fees to its financial advisors who acted as placement agents in the private placement. The private placement was exempt from Securities and Exchange Commission registration pursuant to Section 4(2) of the Securities Act of 1933, as amended, and Rule 506 of Regulation D promulgated thereunder.

The purpose of the private placement was to increase the Company’s equity capital and to raise funds for general corporate purposes, which included, among other things, the possible redemption or repurchase of the outstanding shares of the Company’s Fixed Rate Cumulative Perpetual Preferred Stock, Series A (the “Series A Preferred Stock”). The Series A Preferred Stock had been issued on January 30, 2009 to the United States Department of the Treasury as part of the Capital Purchase Program established by the Treasury in 2008. Pursuant to the terms of the Series A Preferred Stock, the dividend rate would have increased from 5% per annum to 9% per annum beginning February 16, 2014.

Each share of Series B Preferred Stock is convertible, at the option of the holder into 93.9496 shares (subject to standard anti-dilution adjustments) (the “Conversion Rate”) of Common Stock; provided, however, that until shareholders approve the private placement, the Series B Preferred Stock cannot be converted into more than 19.9% of the total outstanding Common Stock immediately prior to the completion of the private placement. Subject to receipt of shareholder approval, the Series B Preferred Stock is mandatorily convertible in certain limited circumstances involving the sale of all or substantially all of the Company’s assets. In addition, subject to receipt of shareholder approval of the issuance of the Common Stock, on or after the fifth anniversary of the issuance of the Series B Preferred Stock, the Company has the option to force conversion in certain circumstances. See “Description of Series B Preferred Stock – Mandatory Conversion.”

Upon full conversion of the Series B Preferred Stock, the Company will issue up to 1,878,992 shares of Common Stock assuming that the Conversion Rate does not change. The Conversion Rate and the total number of shares to be issued would be adjusted for stock dividends, stock splits and other corporate actions. The Conversion Rate was set using a conversion price for the Common Stock of \$10.6440, which was approximately 20% over the closing price of the Common Stock on October 10, 2013, the day the Series B Preferred Stock offering was priced. The material terms of the Series B Preferred Stock are discussed below.

Purpose of Approving the Issuance of the Convertible Preferred: NASDAQ Requirement

Because the Common Stock is traded on the Nasdaq Stock Market, the Company is subject to the Nasdaq Marketplace Rules. Rule 5635 sets forth the circumstances under which shareholder approval is required prior to an issuance of securities in connection with, among other things, non-public offerings. Rule 5635 effectively restricts the Company from issuing more than 1,198,372 shares of Common Stock (20% of the outstanding Common Stock), or securities convertible into or exercisable for such shares of Common Stock, in a non-public offering without first obtaining shareholder approval. The Company has issued 20,000 shares of Series B Preferred Stock, which are convertible into 1,878,992 shares of the Common Stock. Until such time as the approval is obtained, however, the convertibility feature is limited so as to comply with Rule 5635. The Board of Directors believes that approving the issuance of shares of Common Stock upon the conversion of the Series B Preferred Stock will enable the Company and its shareholders to fully realize the benefits of the private placement.

Consequences if the Proposal is Approved

Conversion of Series B Preferred Stock into Common Stock. Each share of the Series B Preferred Stock may be converted into 93.9496 shares of Common Stock following shareholder approval of this proposal with cash being paid in lieu of fractional shares.

Rights of Investors. If shareholder approval is received, the rights and privileges associated with the Common Stock issued upon the conversion of the Series B Preferred Stock will be identical to the rights and privileges associated with the common stock held by existing common shareholders.

Dilution. Upon full conversion of the Series B Preferred Stock, the Company would issue 1,878,992 shares of our Common Stock. As a result, the Company expects there to be a dilutive effect on both the earnings per share of the common stock and the book value per share of its Common Stock if the Series B Preferred Stock is converted. In addition, the Company's existing shareholders will own a smaller percentage of the Company's outstanding capital stock. The Company's existing shareholders will also incur a dilution to their voting interests in connection with conversion of the Series B Preferred Stock. Assuming all of the outstanding shares of Series B Preferred Stock were converted, existing shareholders of the Common Stock would represent approximately 76% of the Common Stock after conversion. See "Pro Forma Data" below.

Improved Balance Sheet and Regulatory Capital. Upon consummation of the private placement, the Company received aggregate gross proceeds of \$20.0 million, which strengthened the Company's balance sheet and regulatory capital levels. The conversion of the Series B Preferred Stock will also further strengthen certain of the Company's key capital measures related to common shareholders' equity.

Market Effects. Despite the existence of certain restrictions on transfer, the issuance of shares of common stock upon conversion of the Series B Preferred Stock may impact trading patterns and adversely affect the market price of the Company's common stock. If significant quantities of the Company's common stock that are issued upon conversion of the Series B Preferred Stock are sold (or if it is perceived that they may be sold) into the public market, the trading price of the Company's common stock could be adversely affected.

Consequences if the Proposal is Not Approved

Series B Preferred Stock Convert Would Be Limited. Unless shareholder approval is received or unless shareholders approve a similar proposal at a subsequent meeting, the Series B Preferred Stock cannot be converted into more than 19.9% of the outstanding shares of Common Stock.

Dividend Payments. For so long as the Series B Preferred Stock such remains outstanding, the Company will be required to pay dividends on the Series B Preferred Stock, on a non-cumulative basis, at an annual rate equal to 6%. In the event such dividends are not paid, the Company would be prohibited from paying any dividends on the Common Stock or repurchasing any shares of Common Stock.

Liquidation Preference. For as long as the Series B Preferred Stock remains outstanding, it will retain a senior liquidation preference over shares of the Company's Common Stock in connection with any liquidation of the Company and, accordingly, no payments will be made to holders of the Company's common stock upon any liquidation of the Company unless the full liquidation preference on the Series B Preferred Stock is paid.

Additional Shareholder Meetings. In the event this Proposal is not approved by shareholders at the Annual Meeting, the Company has agreed that it would hold another shareholders meeting every six months at which the Proposal will be presented until such time as approval is obtained. The Company would bear the costs of preparation, printing and mailing of proxy materials for each such subsequent meeting.

Description of Series B Preferred Stock

Authorized Shares and Liquidation Preference. The Company has designated 20,000 shares as "6.00% Non-Cumulative Perpetual Convertible Preferred Stock, Series B" which has a par value of \$0.10 per share and a liquidation preference of \$1,000 per share.

Ranking. The Series B Preferred Stock will rank, with respect to the payment of dividends and distributions upon liquidation, dissolution or winding-up, senior to our common stock and each other class or series of capital stock we may issue in the future the terms of which do not expressly provide that it ranks on a parity with or senior to the Series B Preferred Stock as to dividend rights and rights on liquidation, dissolution or winding-up of the Company. The Series B Preferred Stock will rank junior to the Series A Preferred Stock and any debt issued by the Company.

Dividend Rate. Dividends on the Series B Preferred Stock will be payable quarterly in arrears, if, as and when authorized and declared by our Board of Directors out of legally available funds at an annual rate of 6.00% on the liquidation preference of \$1,000.00 per share. Dividends on the Series B Preferred Stock will be non-cumulative. If for any reason our Board of Directors does not authorize and declare full cash dividends on the Series B Preferred Stock for a quarterly dividend period, we will have no obligation to pay any dividends for that period, whether or not our Board of Directors authorizes and declares dividends on the Series B Preferred Stock for any subsequent dividend period.

If, as and when authorized and declared by our Board of Directors, dividends will be paid on quarterly basis, in arrears, beginning on January 15, 2014. Each period from and including a dividend payment date (or the date of the issuance of the Series B Preferred Stock) to but excluding the following dividend payment date is referred to as a dividend period. Dividends payable for each dividend period will be computed on the basis of a 360-day year consisting of twelve 30-day months. If a scheduled dividend payment date falls on a day that is not a business day, the dividend will be paid on the next

business day as if it were paid on the scheduled dividend payment date, and no interest or other amount will accrue on the dividend so payable for the period from and after that dividend payment date to the date the dividend is paid.

Priority of Dividends. So long as the Series B Preferred Stock remains outstanding, provisions will be established limiting the ability to pay dividends on (other than dividends payable solely in shares) or redeem other securities that rank junior to the Series B Preferred Stock unless all dividends on the Series B Preferred Stock for the then-current dividend period have been paid or set aside. Currently, the only class of securities that ranks junior to the Series B Preferred Stock is the Common Stock.

Liquidation Rights. Upon our voluntary or involuntary liquidation, dissolution or winding-up, holders of the Series B Preferred Stock will be entitled to receive, out of our assets that are legally available for distribution to stockholders, before any distribution is made to holders of our common stock or other junior securities, a liquidating distribution in the amount of \$1,000.00 per share of the Series B Preferred Stock plus any declared and unpaid dividends, without accumulation of any undeclared dividends. Distributions will be made pro rata as to the Series B Preferred Stock and any other parity securities and only to the extent of our assets, if any, that are available after satisfaction of all liabilities to creditors.

For purposes of the liquidation rights of the Series B Preferred Stock, neither a merger nor a consolidation of the Company with another entity nor a sale, lease or exchange of all or substantially all of the Company's assets will constitute a liquidation, dissolution or winding up of the affairs of the Company.

No Redemptions. The Series B Preferred Stock is not redeemable by the Company.

Optional Conversion. Until the Company obtains the approval of its shareholders for the issuance of the shares of Common Stock, the Series B Preferred Stock cannot be converted into more than 19.9% of the total outstanding Common Stock of the Company or more than 19.9% of the total voting power of the Company's securities as of immediately prior to the completion of the private placement. No purchaser of the Series B Preferred Stock in the private placement is permitted to convert more than its pro rata amount of such total determined based upon such purchaser's percentage ownership of the aggregate principal amount of the Series B Preferred Stock issued in the private placement. Subject to the receipt of such approval, each share of the Series B Preferred Stock is convertible at the option of the holder into 93.9496 shares of Common Stock. The Conversion Rate has been calculated using a conversion price of \$10.6440. The Conversion Rate will be adjusted proportionately for stock dividends, stock splits and other corporate actions.

Subject to the limitation on conversion discussed above, holders may exercise conversion rights by (i) surrendering the certificates representing the shares of Series B Preferred Stock to be converted to the Company's conversion agent, (ii) submitting a properly completed letter of transmittal specifying the number of shares of Series B Preferred Stock that the holder wishes to convert and the names and addresses in which the shares of common stock are to be issued, and (iii) if required by the Company or applicable law, furnishing appropriate endorsements and transfer documents and paying applicable transfer or similar taxes.

Mandatory Conversion. Subject to the receipt of shareholder approval of the issuance of the Common Stock, on or after the fifth anniversary of the date of issue of the Series B Preferred Stock, we may, at our option and subject to the limitations described below, at any time or from time to time, cause some or all of the Series B Preferred Stock to be converted into shares of our common stock at the then-applicable conversion rate. We may exercise our conversion right if for 20 trading days within any period

of 30 consecutive trading days, including the last trading day of such period, ending on the trading day preceding the date we give notice of mandatory conversion, the closing price of our common stock exceeds 130% of the then-applicable conversion price of the Series B Preferred Stock. The initial conversion price of \$10.6440 will adjust for stock dividends, stock splits and other corporate actions. If we exercise our conversion right, each share of Series B Preferred Stock will be automatically converted into 93.9496 shares of Common Stock. This Conversion Rate will be adjusted proportionately for stock dividends, stock splits and other corporate actions. The Series B Preferred Stock will also mandatorily convert on the effective date of a sale or transfer of all or substantially all of the assets of the Company, as described further in the Certificate of Amendment to our Certificate of Incorporation attached hereto as Appendix A.

On any mandatory conversion date, the Company will provide notice of the mandatory conversion date to holders of the Series B Preferred Stock along with a statement of the number of shares of Common Stock to be issued upon the conversion and, if certificates are to be issued, the place which certificates for the Series B Preferred Stock may be surrendered. Effective on the mandatory conversion date, certificates for the Series B Preferred Stock will be treated for all purposes as representing only the number of shares of Common Stock into which the Series B Preferred Stock formerly represented by such certificate have been converted and cash for any fractional share.

Fractional Shares. No fractional shares of Common Stock shall be issued upon conversion of the Series B Preferred Stock. Upon any conversion, all fractional share interests to which a holder may be entitled shall be aggregated into whole shares of common stock with cash being paid for any fractional interest that may remain after such aggregation. The Company will pay cash for the fraction based on the closing stock price of the Common Stock on the trading date preceding conversion.

Adjustments to Conversion Rate and Conversion Price. The conversion rate and the conversion price will be proportionately adjusted from time to time for stock splits, stock dividends and other reclassifications of the common stock, as described in the Certificate of Amendment to our Certificate of Incorporation attached as Appendix A hereto. Whenever such an adjustment is made, the Company will mail a statement of the adjustment to each holder of Series B Preferred Stock.

Voting Rights. The holders of the Series B Preferred Stock do not have voting rights, except as specifically required by New Jersey law.

Pro Forma Data

The unaudited pro forma consolidated balance sheets as of September 30, 2013 and December 31, 2013 and the unaudited pro forma earnings per share and book value per share tables have been prepared by management to illustrate the impact of the private placement only in the case of the September 30, 2013 balance sheet and the private placement and conversion of all of the shares of Series B Preferred Stock that were outstanding as of December 31, 2013 into shares of Common Stock. In both instances, it is assumed that the Series A Preferred Stock is redeemed with the proceeds from the issuance of the Series B Preferred Stock. As the Series B Preferred Stock had already been issued as of December 31, 2013, the impact of the conversion at December 31, 2013 would be only on the equity portion of the balance sheet.

The pro forma consolidated balance sheet as of September 30, 2013 (without giving effect to any conversion of the Series B Preferred Stock into Common Stock) is as follows:

Earnings Per Share

The following tables present the Company's unaudited earnings per share adjusted for the pro forma impacts of the issuance of the Series B Preferred Stock only for the nine months ended September 30, 2013 and the private placement and subsequent conversion of the Series B Preferred Stock into Common Stock for the year ended December 31, 2013. Pro forma earnings per share calculations in the case of the nine months ended September 30, 2013 assume that the Series B Preferred Stock and the redemption of the Series A Preferred Stock both occurred on January 1, 2013 but that the Series B Preferred Stock has not been converted into Common Stock. Pro forma earnings per share calculations in the case of the year ended December 31, 2013 assume that the issuance of the Series B Preferred Stock, the redemption of the Series A Preferred Stock and the conversion of all of the shares of Series B Preferred Stock into 1,878,992 shares of Common Stock all occurred as of January 1, 2013. The pro forma earnings per share calculations assume that the impact to earnings for the nine months ended September 30, 2013 is a replacement of the dividend on the Series A Preferred Stock with the dividend on the Series B Preferred Stock. For the year ended December 31, 2013, the impact on earnings as a result of the conversion is assumed to be the absence of any dividend on either the Series A Preferred Stock or the Series B Preferred Stock and the issuance of the additional shares of Common Stock. During the year ended December 31, 2013, a total of \$1.1 million in dividends was paid on the Series A Preferred Stock.

Board Recommendation

The Board of Directors recommends that you vote “FOR” approval of the issuance of shares of Common Stock upon the conversion of the Series B Preferred Stock into Common Stock.

PROPOSAL VI – APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION

The Board has approved and recommends to the Company’s shareholders for their adoption at the Annual Meeting an amendment to the certificate of incorporation to increase the number of shares of Common Stock authorized for issuance thereunder from 10,000,000 shares to 15,000,000 shares.

As of the Record Date, there were 5,991,859 shares of Common Stock outstanding and an additional 148,181 shares reserved for issuance under the Company’s stock option plans. In addition, upon full conversion of the Series B Preferred Stock, an additional 1,878,992 shares of Common Stock would be outstanding, for a total of 8,019,032 shares of Common Stock issued and outstanding. Currently, the Company’s certificate of incorporation permits the issuance of up to 10,000,000 shares of Common Stock leaving only 1,980,968 shares available for issuance assuming full conversion of the Series B Preferred Stock.

While the Company has adequate shares to permit the conversion of the Series B Preferred Stock, the proposed amendment would give the Company greater flexibility in its financial affairs by making additional shares of Common Stock available for issuance in such transactions as the Board considers appropriate, including public or private offerings, stock splits or dividends or in connection with mergers and acquisitions or otherwise. The Company's shareholders may or may not be given the opportunity to vote on such a transaction, depending on the nature of the transaction, applicable law, the rules and policies of the NASDAQ Stock Market and the judgment of the Company Board regarding the submission of such transaction to a vote of the Company shareholders. Because shareholders do not have preemptive rights under the certificate of incorporation, the interests of existing shareholders may (depending on the particular circumstances in which additional capital stock is issued) be diluted by any such issuance.

It is possible that additional shares of the Common Stock could be issued for the purpose of making an acquisition by an unwanted suitor of a controlling interest in the Company more difficult, time-consuming or costly or to otherwise discourage an attempt to acquire control of the Common Stock. Under such circumstances, the availability of authorized and unissued shares may make it more difficult for shareholders of the Company to obtain a premium for their shares. Such authorized and unissued shares could be used to create voting or other impediments or to frustrate a person or other entity seeking to obtain control of the Company by means of merger, tender offer, proxy contest or other means. For instance, such shares could be privately placed with purchasers who might cooperate with the Board in opposing an attempt by a third party to gain control of the Company by voting such shares against the transaction with the third party or could be used to dilute the stock ownership or voting rights of a person or entity seeking to obtain control of the Company. Although the Board does not currently anticipate issuing additional shares of Common Stock for purposes of preventing a takeover of the Company, the Board reserves its right (consistent with its fiduciary responsibilities) to issue shares for such purpose.

If the amendment is adopted, the first sentence of Article VI of the Certificate would be amended to read as follows:

“The aggregate number of shares of all classes of capital stock which the Corporation has

26

authority to issue is 16,000,000 of which 15,000,000 are to be shares of common stock, \$.10 par value per share, and of which 1,000,000 are to be shares of serial preferred stock, \$.10 par value per share.”

Adoption of the proposed amendment requires the affirmative vote of a majority of the votes cast at the Annual Meeting. As soon as practicable after such affirmative vote has been taken, the amendment will be filed with the Department of Treasury Division of Revenue of the State of New Jersey and will thereupon become effective.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” ADOPTION OF THE AMENDMENT TO THE CERTIFICATE TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK.
