Item 1.01 Entry into a Material Definitive Agreement.

MDU Resources Group, Inc. Term Loan Agreement

On September 26, 2008, MDU Resources Group, Inc. (the "Company") entered into a term loan agreement (the "Loan Agreement") with Wells Fargo Bank, National Association, as administrative agent, and the lenders thereunder, providing for a commitment amount of \$175 million to be used in connection with the financing of the Intermountain Gas Company ("Intermountain") acquisition discussed in Item 2.01 below. The Company borrowed \$170 million under the Loan Agreement on October 1, 2008, in connection with the closing of the Intermountain acquisition. The loan matures on March 24, 2009, and is subject to mandatory prepayment provisions upon (i) the incurrence of debt obligations by the Company, MDU Energy Capital, LLC, a subsidiary of the Company that indirectly owns Intermountain ("Energy Capital") or Prairie Intermountain Energy Holdings, LLC, a subsidiary of Energy Capital that directly owns Intermountain ("Prairie Intermountain") or (ii) the issuance of capital stock by the Company, Energy Capital or Prairie Intermountain.

The Loan Agreement contains customary covenants and default provisions, including covenants of the Company not to permit, as of the end of any fiscal quarter, (i) the ratio of funded debt to total capitalization (determined on a consolidated basis) to be greater than 65 percent or (ii) the ratio of funded debt to capitalization (determined with respect to the Company only, excluding its subsidiaries) to be greater than 65 percent. The Loan Agreement also includes a covenant that does not permit the ratio of the Company's earnings before interest, taxes, depreciation and amortization to interest expense (determined with respect to the Company alone, excluding its subsidiaries), for the twelve-month period ended each fiscal quarter, to be less than 2.5 to 1.

MDU Energy Capital, LLC Amendment to Master Shelf Agreement

On October 1, 2008, Energy Capital entered into an amendment (the "Amendment") to its Master Shelf Agreement, dated as of August 9, 2007, with Prudential Investment Management, Inc., The Prudential Insurance Company of America, and the holders of the notes issued thereunder (as amended, the "Agreement"). The Amendment increased the facility amount from \$125 million to \$175 million and includes a covenant by Energy Capital not to permit the ratio of Intermountain's total debt (determined on a consolidated basis) to total capitalization to be greater than 65 percent. On October 1, 2008, Energy Capital borrowed \$80 million under the Agreement. The indebtedness consists of \$30 million of senior notes due October 1, 2013 and \$50 million of senior notes due October 1, 2015. Energy Capital used the proceeds from the borrowing to pay a dividend to the Company which, in turn, used this dividend to partially fund the acquisition of Intermountain.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On October 1, 2008, the Company issued a press release announcing that its acquisition of all of the outstanding equity securities of Intermountain from Intermountain Industries, Inc. has been finalized. The enterprise value of the transaction, including outstanding Intermountain indebtedness, is approximately \$328 million. A copy of the press release is incorporated by reference herein and is attached as Exhibit 99.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The disclosure set forth above under Item 1.01 is hereby incorporated by reference in this Item 2.03.
